CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 32.

SATURDAY, JANUARY 6, 1940.

No. 1

MAYOR TOBIN, IN ANNUAL MESSAGE TO CITY COUNCIL, REVIEWS FIRST HALF OF HIS ADMINISTRATION — POINTS TO DIFFICULTIES FACED AT BEGINNING AND PROGRESS MADE IN THEIR SOLUTION — CALLS ATTENTION TO FACT THAT DUE TO ECONOMIES WITHOUT IMPAIRMENT OF OPERATING EFFICIENCY, THE CITY'S FINANCIAL CONDITION IS NOW SOUNDEST IN MANY YEARS — FEARS VOICED FOR BURDEN OF CARING FOR RELIEF PROBLEMS, BUT LOOKS AHEAD WITH OPTIMISM — NEW COUNCIL INDUCTED INTO OFFICE BY HIM AS PART OF NEW YEAR'S DAY PROCEEDINGS.

On January 1, 1940, Mayor Maurice J. Tobin, before many friends and members of the new City Government, administered the oath of office to the recently added members of the Council, then read his annual message. The message of his Honor the Mayor was as follows:

Today marks the start of the second half of my administration as Mayor of the City of Boston. In all modesty, I feel entitled to express the opinion that our city government is on a sounder and more secure footing today than at any time in recent years. It is my sincere ambition that the improvements we may institute in the coming two years will make further valuable contributions to the progress and the general well-being of our city and its citizens.

To discuss even briefly the multitude of activities and accomplishments of the city government over a twelve-month period would result in a much too lengthy compilation of facts and figures. Consequently, it is my intention to touch upon only those matters of outstanding importance which have a peculiar interest at this time, or which have a significant bearing on the present or future fortunes of our city.

The first and most important topic which suggests itself is the financial condition of the city.

Finances.

The financial condition of our city government, present and future, is of absorbing interest. Every function and every activity of our city government is dependent upon the state of our finances. Whatever may be claimed as progress or achievement unless accomplished in strict accordance with sound financial practice, and unless accomplished with due regard to our present and future financial resources, would result in progress and achievement in name, but certainly not in fact. In short, we may choose to pursue the perilous policy of large-scale expenditures beyond our means, or we may choose the safer policy of limited expenditures within our means. One choice leads to eventual financial destruction; the other to eventual financial security. We have chosen the latter policy. In choosing that policy we cannot hope to leave behind vast monuments of public works, but neither shall we leave behind a heritage of monumental debts for later administrations to meet, if they can.

When this administration took office two years ago I conceived it to be our first duty to so shape our course that any danger of collapse of the city's financial structure would be averted. This, I believe, we have accomplished. It is true that progress in this direction has not been rapid, but it is equally true that we have strengthened our financial structure to the point where there is no danger of financial collapse, and to the point where the credit standing of our city government is decidedly better than in recent years.

This administration, when it took office, was faced with the discouraging fact that our bond and temporary note issues were no longer attractive to potential purchasers. Many of the big financial houses of Boston and New York declined to participate in such issues. Financial experts and advisors to these financial houses were of the opinion that the credit of the City of Boston had been stretched to its limit. Just as credit is the lifeblood of the country, so is credit the lifeblood of our city government. Without such credit, the city could not meet its obligations and could not maintain its departments, nor could it dispense the welfare and relief so necessary in our community today.

(Continued on page 3.)

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by

NATHAN HASKEL DOLE.

CITY RECORD.

Published weekly in Boston by the Board of Trustees of the Statistics Department of the City of Boston, under the direction of the Mayor, in accordance with legislative act and city ordinance.

Editor, Room 40, City Hall.
JOSHUA H. JONES, JR., Associate Editor.
EDWARD F. O'DOWD, Business Agent, 73 City Hall, Boston.

Entered as second class matter at Boston Post Office.

By Subscription \$2.00 per year
Single Copies 10 cents

IN ADVANCE.

STREET AGENCIES.

Old South News Stand, Old South entrance to subway. Also News Stand first floor, City Hall Annex.

Advertising.

A rate of \$2 per inch of 12 lines (set solid) has been established for such advertisements as under the law must be printed in the *City Record*. Advertising and other copy must be in hand by Thursday of each week to insure its publication in the Saturday issue.

Copies for sale at the Statistics Department, 73 City Hall.

MUNICIPAL CALENDAR.

Meeting of the City Council, Monday, January 8, at 2 p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

To THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways, the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in

public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquis, bay windows, coal holes and vaults.

To THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

To THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

To Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

To THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables slaughter-houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

To THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, the Airport, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made

to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

To THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

To THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

To THE BOARD OF EXAMINERS, Room 907, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

To THE STATISTICS DEPARTMENT, 73 City Hall, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

To THE WIRE DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 103, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

To THE BOARD OF ZONING ADJUSTMENT, 43 City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

For the week ending December 30, 1939.

Population as of July, 1939, Massachusetts State Census, 817,713; population estimated, July, 1939, United States Census Bureau, 811,816; number of deaths (stillbirths excluded): Residents, 169; nonresidents, 47; total, 216.

Death rate per 1,000 of population: All deaths, 13.83; nonresidents deducted, 10.82.

Death rate per 1,000 of population:

Last week, 14.60; corresponding week last year, 13.96.

Deaths by age periods, sex, etc.: Under one year, 9; one year to four years, inclusive, 3; sixty years and over, 138. Total deaths: Male, 114; female, 102; deaths in hospitals and institutions, 129; deaths of colored, 7.

REPORTABLE DISEASES: CASES AND DEATHS.*

ADDRESS OF MAYOR TOBIN.

(Continued from page 1.)

Despite the fact that banks and financial houses had an overabundance of money available for loan, I am firmly of the opinion that the declared policies of this administration were the deciding factors which caused a reversal in our credit standing. No matter how glutted the money market might be, it is quite certain that credit would not be advanced to this, or any other city, unless there was every reason to have confidence in the eventual soundness of that city government.

Reference to a few figures will give a good idea of how our credit standing has improved in recent years. In 1930, temporary notes were floated at from 2.06 to 3.33. In 1933, notes called for between 4.25 and 5.75. The last issue in 1937 was at 1.75. The first issue under this administration in 1938 was at 1.58. A few days ago, a two and one-half million dollar temporary loan was made at .29, a new all-time low for our city. The same amount of money borrowed at the end of the last administration would have cost the city \$36,000 more in interest charges. It is gratifying to know that those who have money to risk, have confidence in our city government.

To maintain and improve our financial standing is still the primary goal of this administration. Deviation from this course, under present economic conditions, would be courting the very dangers we have averted. To deny, however, that there is great need and desirability for various public improvements would be a denial of a condition apparent to all. Nevertheless, it is my conviction that unless there is a decided change in economic conditions, or unless our city government is given substantial assistance by the state or national governments, it would be folly for us to pursue any other course.

Bond issues for capital improvements except of urgent necessity must, therefore, be deferred until such time as our credit and financial resources can withstand costly projects. It is not too difficult to visualize the great improvements that would follow the wise expenditure of large sums of money. An example of this would be the widening and construction of major highways in Boston proper, and large parking space areas somewhere near the heart of the city. But such a project involves a capital outlay of such a tremendous figure that it is possible of fruition only by assistance of other governmental agencies, and that assistance I hope will be given, for the reason that any project of this character will reflect its benefits on the whole Commonwealth.

During the past year our tax rate was decreased from \$41.30 to \$39.90, a drop of \$1.40 per thousand of valuation. At the beginning of the financial year 1939, it did not appear to be remotely possible that this could be accomplished. Every augury justified a prediction of a tax rate increase of four dollars. The chief factors which enter into our tax rate, and most of which are outside the control of city officials, made the tax rate outlook a discouraging picture.

It was incumbent, therefore, on city officials on matters under our own control, that we exhaust every possibility to keep the tax rate at its lowest possible figure. Our first concern was the maintenance and operating expenses of our city government—the so-called budget appropriations. After the most careful pruning, the budget appropriations, exclusive of relief department appropriations, were reduced over half a million dollars from the total of the previous year. Today, the City of Boston is operating, exclu-

sive of relief departments, at a figure over a million dollars less than when this administration took office, and at a figure less than at any time during the past ten years, with the exception of the year 1934 when salary reductions were in effect. In fact, the budget of last year was cut so closely, that the regular functions and activities of some departments were in danger of disruption. It is extremely unlikely that the budget for 1940 can be further reduced unless vital and necessary functions of the city are to be dispensed with.

To reduce our own budget was not sufficient, however, to change the prospect of an increased tax rate. Nothing could be done to reduce the additional burden of Boston Elevated Railway Company deficits on the city. The increased Elevated deficit of close to nine hundred thousand dollars had to be met and absorbed. The School Department could, and did, however, follow the example of the city government by a reduction in its budget. The county officials cooperated to some extent and the result was a lower county budget than was earlier estimated. The state officials, aware of the tremendous state burdens on cities and towns, passed appropriate legislation which made it possible to counterbalance the state assessments on our city. Our own policy of barring new capital outlays except for emergencies, showed its first results by a reduction of two million dollars for debt requirements, and this reduction is the chief reason a tax rate increase was avoided.

With the same measure of cooperation of all parties during the present year, it is my hope that our tax rate will be no higher than in 1939, and if at all possible, a trifle lower. In the absence of new revenues we shall be obliged to borrow to some extent for relief expenditures. Legislation of recent years permits this policy to be followed in order that the extraordinary burdens of the depression may not engulf the whole population, and in order that a prohibitive tax rate may not be assessed on the property owners of our city.

Compared to many cities in our Commonwealth, our financial house is in good order. We have shaped our course along the way of stable and sound government. I believe our success in this, our most important endeavor, is worthy of more than mere passing mention, and truly indicative of our constant purpose to protect and preserve the financial structure of our city.

Tax Appeals; Valuations; Collections.

The losses in the assessed valuations of the city for the past twelve months will be approximately forty millions of dollars. In terms of revenue to the city, that represents a loss of over a million and a half dollars in much needed income.

The downward trend in assessed valuations still continues. Like a mysterious well we have not yet reached bottom. No amount of economies practised can seem to equalize the losses which we annually must bear from this, our main source of revenue. In ten years, the total valuation of the city has dropped approximately half a billion dollars, or almost 25 per cent, and there is yet no definite sign to indicate that a turn for the better is about to take place.

Every large city in our country is faced with this same serious problem. To maintain high valuations on properties which have lost their earning capacity,

on properties that have lost their attractiveness through age or through changes in neighborhoods, on properties no longer fit for business, industry, or habitation, is unsound and unfair.

The stupendous loss in real property valuations in recent years seems to bear out the contention that real estate cannot continue to carry the present disproportionate share of the tax burden. The long-held principle that the major costs of local government are to be borne by real estate seems to have fallen of its own weight. If the burden of local taxation were more equitably distributed, the commercial ownership of real property would be a gainful pursuit, rather than a hazardous pursuit.

This subject of real property valuations cannot be fully discussed in a message of this kind. We, here in Boston, are meeting the situation to the best of our ability, attempting to be fair with petitioners, and yet keeping in mind that fairness to the whole city is the paramount consideration. We do not intend to allow owners of property to make the city pay for their mistakes of management, neither do we intend to make owners of real property pay high assessments when the value of that property has depreciated. We are meeting the situation that faces us with courage that a reversal in the present trend must soon come, or that some adequate substitution for loss of income from real property will be forthcoming. In the meantime, we must meet our many obligations as a city with shrinking revenues and with more or less constant expenses.

On the opposite side of the ledger from assessments is the problem of collections. Fortunately, the percentage of collections of 1939 taxes should be relatively the same as the collections for the year 1938. In other words, our collections of current year's taxes should be about seventy-seven or seventy-eight per cent. The collections for 1938 and 1939 were better than for any year since 1931. The record for 1939 collections is especially good in view of the fact that tax bills were sent sixty days later than in 1938, and in view of the fact that the New Haven Railroad is withholding a payment of three quarters of a million dollars, which, if received, would have increased the 1939 record of collections over that of 1938. Collections on motor vehicle excise taxes have increased about \$75,000 over the previous year.

In view of the fact that no tax sale has been held during 1939, with its consequent spurt in collections, I submit that the City Collector of Boston has performed his duties in a manner that deserves public commendation.

Legislation.

The Legislature continued its sympathetic cooperation with our city government during the past year. Most of the bills introduced by this administration were enacted into law by the General Court and approved by his Excellency the Governor. The most important, from the viewpoint of the city's finances, was the bill providing for the distribution of one third of the Highway Fund for local highway purposes, enacted as temporary legislation for 1939 and for 1940. The amount to be distributed each year will be \$9,600,000, of which Boston will receive over two million dollars in each of the two years. Boston's share of this distribution offset, in large measure, the extraordinarily large state tax assessed upon our city during the year. It is the kind of legislation which might well be permanent, rather than temporary.

The bill to provide for the regular audit of the accounts of the city by the Director of Accounts of the state government was enacted into law.

The bill to reduce the interest rate on tax refunds made by the city was enacted into law. This bill reduces the rate from 5 per cent to 4 per cent and will result in substantial savings to the city on tax refunds.

During the year there was considerable controversy on the method to be followed for the razing of the Atlantic avenue elevated structure. The Legislature was petitioned to consider the whole matter, and as a result of that consideration passed a law declaring the Atlantic avenue elevated structure to be a nuisance and authorizing its removal. Under the provisions of the act the Boston Elevated Railway Company has appealed to the Supreme Court. If the court decides in the affirmative—that the structure is a nuisance and rightfully should be removed—the Boston Elevated Railway Company will then be compelled to cause removal of the structure at its own expense. It is expected that final decision will not be made until some time during the spring. The removal of this structure will be of great and permanent benefit to the city. It will accelerate the flow of traffic; improve property values along its course; and will help reclaim a section of our city which has, unfortunately, lost much of the industry and business which at one time made this a thriving section.

A bill subjecting Suffolk County contracts to advertising and other contract limitations of the City Charter was enacted into law. This places county officials under the same conditions and limitations as city officials in the letting of contracts. It is a good piece of legislation and might well have been sooner on the statute books.

A bill permitting the Mayor and City Council, on recommendation of the Building Commissioner or the Board of Appeal, to alter or amend, by ordinance, the building code of the City of Boston was also enacted into law. This new law is a notable piece of home-rule legislation in that, for the first time, the Legislature is giving the city government the right to set up its own building code. At the present time the new building code as enacted in 1938 is being given profound study by the Building Commissioner of our city. As a result of his studies the code and an amending ordinance will be submitted simultaneously to the City Council. This procedure will be followed in order that the building code will not be put into effect until a perfecting ordinance is also passed.

Two bills introduced by others, but supported by the city administration, were also given favorable consideration by the Legislature. The first, a bill prohibiting lame duck appointments during the last two months of a mayor's term of office, was enacted into law. The second, a bill providing for the speedier adoption of the budget, was referred to a commission. The commission empowered to study this problem is now at work.

As a result of our initiative, a recess commission reported during the year recommending passage of a bill providing that the State Highway Fund shall assume the cost of maintenance and repair of all metropolitan boulevards. In 1938 a similar bill had failed of passage over the Governor's veto. The same bill, actively supported by the City of Boston, was passed and approved by the Governor last year. This action relieves the real estate taxpayers of the

City of Boston and surrounding cities and towns of the payment of approximately half a million dollars annually.

Another recess commission created in 1938 on petition of this administration, reported in favor of an annual payment of \$100,000 towards the upkeep of the Sumner Tunnel. The Legislature reduced the amount of the payment, in the enacted bill, to \$50,000 each year for the years 1939 and 1940. The enactment of this bill came only after persistent pressure by your city government upon the Legislature to recognize the justice of Boston's claim that the Sumner Tunnel is in fact part of the highway system of the state and that at least a part of its operating expenses should be borne by the state through the Highway Fund. This act establishes the city's claim that the Sumner Tunnel is, in reality, an integral part of the highway system of the state, and as such should be maintained, at least in part, by the state government. It is sincerely to be hoped that similar and perhaps more generous legislation will be enacted after 1940.

The two foregoing enactments—the maintenance of metropolitan boulevards and the partial maintenance of the Sumner Tunnel by the state government—are in line with the announced policies of this administration when it took office, namely, to require the state to assume its proper share of burdens for services of a metropolitan character. At the present time a recess commission, appointed in 1938 upon a petition of this administration, is continuing its studies of all metropolitan facilities, activities and costs. I trust and expect that the report of this commission will be as helpful to the City of Boston as the reports of the other recess commissions already mentioned.

Before concluding this review of legislative matters, let me publicly congratulate the Corporation Counsel, the Legislative Agent for the city, and all others who contributed in any way to the remarkable record of legislative achievement both in 1938 and 1939.

W. P. A. and Relief.

Welfare, relief, and W. P. A. requirements continue to absorb an increasing proportion of our receipts. In 1929 the various relief requirements of the city were about four million dollars. In 1939, relief of all kinds, including W. P. A., cost the city in excess of seventeen millions of dollars. Of this amount, four million nine hundred and five thousand dollars was raised by loan issues. This policy of borrowing to meet a portion of welfare expenses was adopted under legislative sanction in 1933 and has been continued ever since. In 1939, to meet the obligations resting on the city because of the borrowings of the six previous years, it was necessary to include in the tax levy for welfare debt purposes the sum of \$2,148,625. If it had not been necessary to provide this amount for debt obligations of the past, borrowings for current relief purposes would have been reduced by fifty per cent. As previously expressed, an attempt to raise all of the present and past relief costs from taxes would result in a prohibitively high tax rate.

The subject of relief is now an old one. The problem of how to meet its cost vexes every large industrial city in Massachusetts. It is a problem of growing severity. It is an expense which, under our law, every city and town must meet, but an expense of such magnitude that unless further assist-

ance is given by the Commonwealth many of our cities will be forced to abolish other essential municipal services.

A new source of revenue, the sole purpose of which is to reduce by one half or one third, the local relief obligation, should be provided. Large cities have been particularly hard hit by the prolonged depression. The ordinary sources of income have receded. How much longer real estate can carry the weight of the relief burden is problematical. Relief is a common problem. It is not good government, in my opinion, if one city with an extremely heavy relief load is making a lone and losing fight against relief costs, while surrounding cities and towns, with comparatively light relief loads, prosper and progress. There is no doubt in my mind that immediate steps should be taken by our Commonwealth which, first, recognize the permanency of this problem; second, recognize that local governments cannot meet its full costs; third, recognize that relief requirements are heavier where the depression has hit the hardest; and fourth, recognize that this is a common problem and no class or group should be excused from sharing in the costs of its solution. The assistance which is now given by the Federal Government in the form of W. P. A. may be withdrawn at any time. If it should be, and no adequate substitution is made, and no state-wide action is taken, it is certain that some of the larger cities in this Commonwealth will be threatened with most serious financial difficulties.

The cost of welfare relief in Boston has risen sharply from the cost of one year ago. Approximately 28,000 cases were being aided in 1938, while at this time the case load is over 32,000, an increase in only one year of over four thousand cases. Whatever may be the maximum number of cases for which our city must provide, and whether we shall ever receive substantial assistance to meet this cost, is still uncertain, but one fact is certain, and that is this, our city has been fair, even liberal, in the amount of aid furnished to those who are unemployed or unfortunate. Just so long as I am Mayor this policy will be continued. No matter what the requirements may be, every family requiring food, shelter and heat will not ask this city government in vain. No worthy person or family, no matter what the cost may eventually grow to be, will be refused the common necessities of life. Money spent for this purpose can be replaced by one means or another; but when health and strength is spent, and respect for government is lost, these attributes of good citizenship may never be replaced.

Welfare requirements during the year were increased somewhat because of the W. P. A. layoffs. The Congress of the United States reduced the amount available for Work Projects Administration, which resulted in a substantial decrease in the number of persons engaged in W. P. A. activities. At the beginning of the year about twenty-five thousand persons were on W. P. A. projects sponsored by the city. At the present time there are about eighteen thousand engaged in such projects. Many of those not re-engaged were forced to seek welfare relief.

In 1940, because of a new Federal law, the city will be required to make greater contributions toward W. P. A. projects. In compensation for this, however, it must be realized that W. P. A. affords employment to thousands of persons unable to obtain private employment; it relieves the welfare rolls of some of its burden; and it accomplishes, through worth-while projects, much constructive work of great permanent value to the city.

The outstanding W. P. A. project is the Huntington Avenue Subway Extension, which employs approximately 2,500 workers. This subway extension will relieve traffic congestion along Huntington avenue, and cut short the running time between Boston proper and Roxbury and Jamaica Plain by about ten minutes. It is the largest project of its kind under W. P. A. auspices. The work is progressing satisfactorily, and the new extension which will bring the subway beyond Massachusetts avenue will be ready for operation about one year from today.

In the year just passed forty-five miles of streets were constructed and paved; ten miles of bituminous concrete and artificial stone sidewalks were built; and thirty-two thousand linear feet of sewers were constructed. A similar program, without assistance from the Works Projects Administration, could not be attempted under the present state of city finances. It is most certain that without W. P. A. assistance many necessary improvements would be left undone.

Health and Hospital.

While it is most difficult to make just comparison, it is, nevertheless, an undeniable fact that the program for prevention maintained by the Health Department and the curative services of our City Hospital make for a quality of health protection enjoyed by our citizens second to no municipality in America.

It is pleasing to call attention to the fact that the figures for 1939 reveal the lowest infant mortality rate ever recorded in Boston. It is particularly gratifying to point out that the death of infants during the first year of life has been cut in two during the last fifteen years, and that we have been able, both in 1938 and 1939, to record in succession the lowest number of deaths among our young in the history of the city.

The number of deaths of expectant mothers was the lowest on record. Deaths from pneumonia and pulmonary tuberculosis were lowest on record. The record of only one death from diphtheria in our city during the last two years, and one death from scarlet fever during the past year, is the best performance of any large American city.

In the field of preventive medicine, our city is doing its duty, and showing splendid results. Any expenditures in this cause are expenditures made wisely and well.

Our City Hospital, after seventy-five years of service, is still recognized throughout the world as one of the finest municipal hospitals in existence. Despite expanded facilities, the City Hospital is usually filled to capacity, and during the winter months filled beyond capacity.

Every new discovery of medical science is provided for the public of Boston, and without any charge to those unable to pay. The medical staff of the City Hospital continues to be the peer of any similar staff in any similar hospital in our country.

No other city in our country, of comparable size, maintains a hospital superior in any respect to ours. The ill and the injured of our city find at our City Hospital every known facility for the treatment and cure of injury and disease. No expense is spared in order that human life may be preserved. During the year just passed, considerable progress was made by hospital officials in the treatment of fatal blood diseases, and considerable progress was made in the treatment of pneumonia, a dread disease, the fatality of which is being constantly reduced by hospital authorities.

In this wonderful group of buildings which comprise our City Hospital, life goes out; life is preserved; and

new life comes into the world. Individuals enter its gates broken in body and spirit, and come out through its gates whole in body, and with a new attitude toward life. Whatever we spend within our limits for hospital requirements is money that brings a far greater return than we can ever hope to estimate. Our hospital is a great institution. We must keep it great.

Housing.

The Boston Housing Authority has embarked on a program of construction of nine housing units in various sections of our city, the total cost of which will be approximately thirty-two millions of dollars, of which amount, during the next two years, fourteen million dollars will be spent directly for wages with the resultant stimulus to local business.

It is beyond controversy that today, in our city, there are areas in which are many buildings so outmoded and obsolete, and in such a state of dilapidation, that they are no longer fit for habitation — no matter how low is set the standard of decent living. Private capital has not indicated any willingness or ability to meet this challenge of the forces of decay, disease and disorder. That these areas are the breeding places of disease, crime and juvenile delinquency is proven by a multitude of assembled statistics.

Like every other great social experiment, public housing has its bitter enemies. On the basic question of public participation in housing development, there are strong arguments on both sides. In my opinion, however, the arguments which can be advanced in favor of public participation, the arguments which induced the Congress of the United States to give its approval, are superior to the arguments of the opposition.

The age of our city; the economic standing of thousands of our inhabitants; and the need for decent living quarters at low cost, are additional reasons why we should look favorably upon any program from which will flow multiple benefits impossible of measurement.

I shall be, indeed, keenly disappointed if the housing projects in process of construction, and contemplated, do not encourage a revival of private building, for, after all, private building is one of the most vital stones in the arch of economic stability.

It is my hope and expectancy that the Housing Authority will use every expedient to reduce costs of construction so that rental charges may be set at the very minimum; and it is also my hope and expectancy that the selection of tenants for the various housing projects will be made with extreme care, with no favoritism shown whatsoever, and with the purpose of accommodating only those persons in the greatest need.

Survey Committee.

The Municipal Survey Committee was organized by me for the main purposes of assisting departments in effecting sound economies; increasing revenues and income of the city wherever possible; installation of up-to-date business methods in departments; and avoidance of duplicate effort and work in various departments.

In my opinion, the Survey Committee has amply justified its existence, and by the results it has accomplished has given proof of the need for such a group to work under the direction of the chief executive.

The work of the committee has been diversified, so much so, that it is impossible for me to grant the space which would adequately sum up its accomplishments. However, I believe we should mention just a few of the activities of the committee, with a brief résumé of the results achieved.

After considerable study, the committee made recommendations for changes in the procedure of the Collecting and Assessing Departments, which were adopted and which have increased their operating efficiency.

In the Water Income Division of the Public Works Department practically an entire new system was evolved by the committee and that division is now operating on a business basis. The results of these changes speak for themselves. In the four years prior to 1938 that division operated at a deficit of over four hundred thousand dollars. In 1938 there was not only no deficit, but there was a surplus in excess of six hundred thousand dollars and this gain has not only been held but improved for 1939. The work of the Survey Committee in this department alone more than justifies its existence.

The studies made by the committee in the Hospital Department have resulted in increasing the general revenues of the hospital by over twenty-five thousand dollars annually; have resulted in a saving of over five thousand dollars in two years for telephone charges; and have resulted in a saving of over one hundred and fifty thousand dollars in food charges, with no loss in quantity or quality of food, and with less complaints.

In the various other institutions of the city, marked decreased food costs have resulted from the activities of the Survey Committee.

The studies made by the committee of telephone service in all city departments have resulted and will result in the saving of thousands of dollars each year.

At the present time the Survey Committee, acting in conjunction with the Advisory Committee of Certified Public Accountants, is conducting a study of office procedure in all departments producing revenue. This study, unquestionably, will result in substantial increases in the city's revenues.

The work of this committee conflicts in no way with the duties of department officials. In every corporation similar in size to the corporation of the City of Boston, improvements in methods and procedure are constantly being made. Competition demands that business corporations operate at the greatest efficiency and least cost. Unfortunately, in public corporations, everybody's business is likely to be nobody's business. Archaic methods of procedure are followed merely because it is the customary and time-worn way of operating. There is no good reason why the maximum efficiency possible should not be reached by a public corporation. The taxpayers are entitled to have their business run economically and efficiently.

The Survey Committee has been of incalculable aid to me. It has made studies and recommendations on matters to which, because of the lack of time, no chief executive can give adequate attention. It occupies a place in our city government which, in my opinion, should be permanent in character. The individuals composing the Survey Committee, and all those who have cooperated with them, are sincerely desirous of improving our city government. I believe they have done so. I believe the accomplishments

of the committee deserve the commendation of the entire body politic of our city.

Conventions.

During the year just passed our city put on its best dress on numerous occasions for the benefit of convention groups. The national convention of the Veterans of Foreign Wars was, of course, the largest of all our conventions, and one that we shall not soon forget. It was, I am informed, the finest convention held by that grand body of men and women.

During the coming year there is already scheduled for attendance in our city close to one hundred convention groups. The largest of these will be the American Legion convention in the latter part of September which will be attended by approximately one hundred thousand Legionnaires and delegates. Considerable work was entailed in obtaining this convention for our city, and to all those who assisted me, I extend my sincere gratitude.

The American Hospital Convention will also be held here during September, with four thousand delegates in attendance. Time does not permit a description of all groups to convene here during the year; it suffices to say that they will represent almost every business and every profession. It will be our best convention year since 1930.

Boston is an ideal convention city. There is no reason why we should not be the best convention city in the country, and we all should be self-appointed salesmen in this endeavor. Every large convention group that comes to our city adds to our prosperity. Convention business is today competitive business. We are getting our share. We should get more. We have the natural attractions and advantages which make Boston a desirable place to visit. The Chamber of Commerce and other interested groups are doing a remarkably good job in attracting this kind of business to our city. The losses we have sustained in industry and commerce, we can partially offset by obtaining an ever-increasing amount of conventions. I have spent considerable time in this pursuit. In my opinion, it is time and energy well spent. New England should be the vacation and resort paradise of America, and Boston should be the focal point within that paradise.

Finance Commission.

For the Mayor of Boston to praise the Finance Commission might be termed a sign of fear or weakness, or might be said to be the process of scratching the tiger's back.

However, when I praise the Finance Commission, I do so sincerely, and with an appreciation of the cooperative attitude that body has exhibited toward me and this administration. On numerous occasions the commission has made suggestions which have resulted in better and more economical procedure. The suggestions and recommendations of the commission will continue to be received in the spirit in which they are forwarded. The problems of the City of Boston are too numerous, some of them too acute, and all of them of such vital significance to our citizens, for any display of temperament or political consciousness between the city administration and the Finance Commission. I trust that during the two years to come our relations will continue to be cordial, realizing full well that the commission and this administration are both striving for the same thing — better municipal administration.

Various Departmental Activities.

BUILDING DEPARTMENT.

The expert knowledge and prompt action of the Building Commissioner of our city prevented the abandonment of construction plans for the New England Mutual Life Insurance Building. In view of the fact that this is one of the few large private buildings erected in recent years, I believe this action of the Building Commissioner, as well as his initiative in other directions, to be worthy of special notice in this message.

INSTITUTIONS DEPARTMENT.

During the year the city was ordered to vacate two buildings owned by the Federal Government and used by the city at Long Island as men's dormitories. The reason for this forced evacuation is that these buildings are on government-owned land which the government now desires to occupy for its own uses. The vacating of these buildings will require the construction of a new dormitory building by the city at a cost of about \$250,000, most of which will be obtained through balances in unexpended loans, and some of which will be obtained from taxes. No loan issue is proposed. The new dormitory when built will accommodate about four hundred and fifty patients and thirty employees. Small compartments, two individuals in each unit, will be constructed so that patients occupying this new building will have the benefit of some privacy. The expense for this new building is an example of an unexpected charge which cannot be avoided.

PARK DEPARTMENT.

Cooperation with W. P. A. permitted the Park Department to continue its improvements of the parkways and playgrounds in our city. The entire park system is in excellent condition. A wading pool for children was constructed at Harrison avenue and Plympton street in the South End. More of these wading pools should be built as our means permit.

The Park Department sports program is constantly expanding. The baseball league under Park Department guidance is the largest in the world. The football league attracts thousands each Sunday to its games. I know of no better outlets for the youth of our city than the sports programs of the Park Department. By providing opportunity for thousands of boys and young men to participate in the kind of sport which appeals to them, we are building up strong and healthy bodies for the citizens of tomorrow. Our Park Department is doing magnificent work at comparatively little expense to our taxpayers.

PUBLIC WORKS DEPARTMENT.

The accomplishments of this department in sidewalk, street and sewer construction have been discussed under the heading of W. P. A. The department is constantly constructing new center divisional safety islands for the protection of pedestrians and for the purpose of reducing the accident toll of motorists. This work will be continued until similar islands are constructed in all precarious locations. Similar to this work, is the program of installation of high curbs on all dangerous bridges in the city. Many fatalities would have occurred except for these installations. This work will also be continued.

During the year, the department installed a new forty-eight-inch water main from the intersection of Huntington avenue and the Jamaica way to the intersection of Longwood avenue and Parker street, a dis-

tance of about one mile. This new main replaces a main laid in 1848, almost a century ago. During 1940 the main will be extended as far as Castle square. It is interesting to note that for this project the Federal Government is paying the entire cost of the pipe, which is approximately fifteen dollars per foot.

In the Sanitary Division, for the first time, the collection of refuse and garbage in the Charlestown district was performed by contract labor. The Elm Hill district will be under contract for the first time during the present year. It is estimated that the cost is about one half of what it cost the city to make the same collections.

The activities of the Public Works Department are too numerous to discuss further in this message. Sufficient is it for me to say that, in my opinion, this department is well organized, efficiently administered and economically operated. It is giving praiseworthy service to the citizens of Boston.

PUBLIC BUILDINGS DEPARTMENT.

The chief activity of this department during the year was construction repairs to various public buildings throughout the city, and especially the repairs, under W. P. A. auspices, to the City Hall. Under a W. P. A. project, the danger of collapse of several floors in this old building has been removed. This old building from the second floor up has been more or less transformed. Your Chamber and my own offices have been improved; additional floor space has been provided; and this old building has been put in good condition again, to last for many more years. The total cost to our city for these improvements was approximately \$23,000. The work gave employment to two hundred men for a period of six months. The renovation of this building is an example of what can be done with W. P. A. assistance both in construction repairs and in saving of tremendous amounts of money. A new City Hall is very desirable. Naturally, I would like to leave a grand new building behind me when my term as Mayor is finished, but, under present conditions, it is wiser for us to recondition where we can rather than pile up debt beyond our capacity to meet.

Conclusion.

In conclusion, let me repeat my conviction that our city is in a more secure financial condition than it has been in recent years. The main problems of the city — shrinking real estate valuations, increasing relief expenditures, and high annual charges over which we have no control — remain practically unchanged. Despite, however, these obstacles to progress, I believe we have advanced along the road to stability far enough to justify the faith that is now reposed in your city government.

The net funded debt of the city at the close of 1939 is in excess of \$1,000,000 below the December 31, 1938, figure of \$132,990,717.41. Gross debt is \$3,000,000 below last year's figures. Tax title debt is reduced at least \$1,000,000 from the December 31, 1938, total of \$8,863,000. Temporary loans carried over into the new year are, roughly, \$1,500,000 less than in 1938. With reductions on all fronts the debt position of the city at the close of the current year is greatly improved over the position one year ago.

There is a crying need for new revenue for local government to meet the terrific social burdens imposed upon us. Of all the large cities in the country, Boston

stands almost alone in its lack of access to special sources of income, and we have almost reached our limit in expanding the limited sources of revenue available to us, and in improving collection of taxes. New York, Chicago, Philadelphia, Los Angeles, Detroit, Cleveland and St. Louis all have revenues which are not available to Boston, and in every instance these revenues have been provided since the start of the depression. In some of these cities, the state government even carries the entire relief load.

In my opinion, our Commonwealth cannot continue with its present tax structure, and yet meet and expect its subdivisions to meet the vast and growing costs of social changes and adjustments. These changes, reflecting in legislative policy the demands of our citizens, under the present system of taxation fall with overwhelming weight upon a limited class of local taxpayers, a situation recognized by the Legislature only to the extent of permitting so-called emergency borrowings from year to year to meet the current welfare load. Our City of Boston, in common with others, is today obliged to resort to this legislative sanction, and to borrow to meet some of its current expenses, rather than to grasp the other horn of the dilemma and to increase the tax rate to so high a figure that we would unquestionably run into the law of diminishing returns.

Our city may be termed a small large city. We are an old city. Few areas are left for further development. For several decades our population has been almost static. And from time to time we lose to other communities ambitious young men who leave our borders to make their homes elsewhere. A metropolitan Boston would bring the strength to all its parts that comes from unity, but that is a vision which destroys itself when it runs against the hard practicalities of local tradition and local politics.

Our city will be a greater city in the years to come than it is today. In the meantime, we must strive with all our might to preserve the best within our city for the generations to come.

This administration is doing the best it can with the tools at hand. We have not played politics with human misery; we have not played politics at the expense of those who will come after us; we have

not played politics to perpetuate our own political fortunes. We have done our best for the past two years. The people who have honored us with election expect no let-down. I do not propose to disappoint them. We will continue on the same course for the next two years.

I do not wish to close on any note of pessimism. On the contrary, I have high hopes for the future. The prospects for this country of ours are limitless. There have always been prophets of gloom and disaster in every similar period of our country's history and they have always been confounded. The pioneer spirit is still alive in our community and we stand ready to march forward in step with the rest of the nation once our vast resources in men and materials are again released. Even now there are signs of a business upturn. New industries have come to Massachusetts and we are beginning to get our share. Our own great natural asset, the Port of Boston, will benefit not only temporarily from war conditions, but permanently from the removal of arbitrary discriminations which, little by little, are being eliminated by the constant efforts of the Port Authority. The Airport has been improved and zoned to meet the most exacting requirements of present and future air flight and we should soon be able to capitalize on this asset, both in its use as a transportation facility and in the allied industries which we have reason to expect will grow up around it. With confidence in the future and with resolute purpose to place our city in position to make the most of it, I look forward to the New Year as one of great promise.

To the School Committee members present here today for the first time—let me congratulate you and let me hope that the same cooperation you have given me in the past will continue.

To the members of the City Council—my Board of Directors—let me say we must live and work together for the next two years. The problems of the city are as much yours as mine. You are essentially representatives of the whole people of the city and not of any particular ward or section. If we work unselfishly together, as I have every reason to believe we will, I am sure the results of our efforts will mean a better Boston for all.

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of the city employees have been made during the week ending Thursday, January 4:

HOSPITAL DEPARTMENT.

The following special nurses have been employed at \$4.50 a day:

Nora Bennett, 1 day; Ethel Branca, $\frac{1}{2}$ day; Alice Daugherty, Elizabeth Diamond, 7 days; Ann Kari, 1 day; Ann Lydon, 7 days; Isabel O'Brien, 1 day; Agnes O'Connor, 7 days; Mildred Pratt, Frances Slinger, 1 day; Alice Travers, 3 days; Agnes Wall, 4 days; Helen Paul, 2 days; Helen O'Brien, 1 day; Gladys Brown, 3 days; Lorinda McAuley, $1\frac{1}{2}$ days; Douglass Spencer, 1 day; Ruby Childs, 2 days; W. Graves Piper, Harry Plenty, Lillian Hahn, Mildred Wilkins, Veronica McLaughlin, Kathleen Carroll, Jessie Diaminano, Frances Harris, 1 day.

The following monthly nurses appear on the pay roll as no pay to \$10 a month:

Ethel Allsbury, Helen Berman, Mary Brawley, Ruth Byers, Isabel Barrile, Louise Caggiano, Ann Carroll, Mary Caulfield, Josephine Charland, Marion Cobb, Anna Comras, Mary Connolly, Catherine Costello, Margaret Cotter, Carolyn Crehan, Frances DeCoste, Estelle DeWater, Theresa Davies, Virginia Dawson, Lorraine Dionne, Mary Doherty, Mary Doughy, Jean Fitzgerald, Mary Fitzpatrick, Marie Flaherty, Rita Fleming, Hazel Flynn, Mary Gorcynski, Bernice Hill, Mildred Hodgkins, Kathleen Hurley, Mary Innocente, Ruth Johnson, Anastasia Kalukin, Rita Kelliher, Catherine Kelley, Margaret Cohane, Mary Kiley, Ann Klimas, Frances Krugel, Iris Lang, Rita MacDonald, Mary MacPhail, Blanche Mankiewicz, Edna Manning, Margaret Manning, Rose J. Masci, Eleanor Miller, Elsie Morrissey, Josephine Murphy, Evelyn Murray, Corrine Nolan, Dorothea Norton, Dorothy Nunes, Mary O'Leary, Mary O'Neil, Jeanne Peel, Elizabeth Pinas, Helen Pogodzinski, Helene Prevost, Jennie Pszenny, Loreta Ryan, Ann Ramey, Martha Ravlin, Ellen Roach, Goldie Rodman, Libby Ross, Gertrude Savage,

Mary Scott, Corrine Nolan, Helen Simpson, Helen Udich, Helen Usher, Josephine Uzdavinis, Pauline Watts, Marion Webber, Alice Whealen, Phyllis Wychunas, Anna MacDonald.

The following monthly nurses appear on the pay roll:

From \$12.50 to \$16.67 a month: Marie Flaherty, Lorraine Hill.

From \$10 to \$12.50 a month: Arlene Lyons, Helen Perrault, Martha Metter.

The following persons have ceased to be employed:

Wallace W. Bragg, supervisor, \$32 a week.

South Department: Dr. Hyman Shuman, assistant physician, \$1,500 a year; Nellie Hearn, cleaner, \$15 a week.

The Mayor has approved the following appointments:

COLLECTING DEPARTMENT.

Walter E. McKinnon, temporary bookkeeper, at \$4 a day.

FIRE DEPARTMENT.

Albert Lee O'Banion, Superintendent of Fire Alarm Division, at \$3,500 a year.

HOSPITAL DEPARTMENT.

Elizabeth Shaler Smith, technician for sulphanilamid work, at \$18 a week.

Helen F. Woods, laundress, at \$3 a shift.

Nora Conroy, maid, at \$15 a week.

Olga Raniello, floor duty nurse, at \$1,200 a year.

Samuel Odiorne, male nurse, at \$32 a week.

Dr. Frank G. Sheddan, resident surgeon for urology, at \$600 a year.

John J. Bardon, first-class fireman, at \$41.50 a week.

Elizabeth Lorden, floor duty nurse, at \$1,200 a year.

Marguerite Sullivan, floor duty nurse, at \$1,200 a year.

Mary T. Mullen, ward assistant, at \$15 a week with meals.

Marjorie Jewell, laboratory assistant, at \$1,300 a year.

Dr. Robert S. Evans, assistant physician (South Department), at \$1,500 a year.

James Thornton, first-class fireman, at \$41.50 a week.

Dominic Lombardi, assistant pharmacist, at \$25 a week.

HOSPITAL DEPARTMENT (Sanatorium Division).

John Podolski, permanent patient choreman (Social Service Department), at \$120 a year.

Joseph DiGiovanni, permanent patient male nurse, at \$480 a year.

Dr. Calvin M. Cerrato, interne, at \$1,000 a year.

Edward J. Slattery, permanent patient choreman (Social Service Department), \$120 a year.

Mrs. Gertrude Wilson, temporary telephone operator, at \$3 a shift.

Mrs. Gertrude Wilson, temporary telephone operator, at \$3 a shift.

Nellie Meaney, temporary cook, at \$12 a week and maintenance.

Michael Hojlo, kitchenman-waiter, permanent, at \$17.50 a week.

Rosemary Richards, permanent nurse, at \$1,020 a year and maintenance.

Anna Lennon, permanent cook, at \$12 a week and maintenance.

INSTITUTIONS DEPARTMENT.

Mary Priscilla Alden, staff nurse, at \$960 a year and maintenance.

Charles Bickford, watchman, temporary, at \$600 a year and maintenance, at Long Island Hospital.

Gladys Mical, staff nurse, temporary, at \$960 a year and maintenance, at Long Island Hospital.

Carmelo Pitralia, temporary intermittent fireman, three months, at \$33.50 a week and maintenance.

Alfred Gruhn, deckhand, temporary, \$1,700 a year.

Dr. Ira Richard Woodward, Jr., assistant resident physician, at \$1,200 a year.

James Slattery, deckhand, temporary, at \$1,700 a year.

Edmund O'Kecfe, deckhand, temporary, at \$1,700 a year.

Kathleen DiNatale, stenographer and clerk, at \$600 a year and maintenance, at Long Island Hospital.

Ernest E. Hayden, watchman, at \$600 a year and maintenance, at Long Island Hospital.

Richard Craven, temporary fireman, at \$33.50 a week.

Frank P. Engel, intermittent fireman, temporary, at \$1,800 a year.

Kathryn E. Maloney, assistant storekeeper, at \$1,000 a year.

Myles McDonough, fireman, temporary, at \$1,800 a year.

Thomas Barry, deckhand, temporary, at \$1,700 a year.

Gerald Lyons, fireman, at \$33.50 a week and maintenance.

Charles L. Bickford, intermittent deckhand, at \$1,700 a year.

Fulton P. Wesson, deckhand, temporary, at \$1,700 a year.

Thomas Barry, watchman, at \$600 a year and maintenance, at Long Island.

Frank M. Crosby, intermittent deckhand, at \$1,700 a year.

Harold Beaton, temporary deckhand, at \$1,700 a year.

Dr. Philip Sneid, assistant resident physician, at \$1,200 a year.

Robert A. Carew, fireman, at \$33.50 a week and maintenance.

Michael J. Manning, temporary intermittent fireman, three months at \$33.50 a week and maintenance.

Gerard S. Melia, watchman, at \$600 a year and maintenance, at Long Island Hospital.

Dr. Isaac H. Shleser, assistant resident physician, \$1,200 a year and maintenance.

Mary S. Norwood, helper in diet laboratory, at \$526 a year and maintenance.

OVERSEERS OF THE PUBLIC WELFARE.

Gladys Nathanson, clerk-typist, at \$900 a year.

PARK DEPARTMENT.

Thomas J. Wall, chauffeur, at \$5 a day.

John Freitas, chauffeur, at \$5 a day.

Harry P. Sheehan, chauffeur, at \$5 a day.

James P. Maney, chauffeur, at \$5 a day.

William P. McNulty, teamster-chauffeur, 1 day, \$5; John J. McEnrue, Edmund F. Greenhall, Alfred J. Buckley, John W. Costello, Jeremiah J. Keohane, teamster-laborers, 1 day, \$5 each. Total, \$30.

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

FIRE DEPARTMENT.

Upon December 30 the Mayor approved a contract with the Crane Construction Company for the erection and completion of fire station No. 3, Harrison avenue and Wareham street. Bids were received from the following-named firms:

Crane Construction Company, Chandler Construction Company, Incorporated, John Rugo & Son, Incorporated, Carilli Construction Company, R. R. Jacobucci, Incorporated, Joseph E. Bennett Company, Park Construction Company, Incorporated, M. Slotnick, J. J. Callahan, A. Singarella, The English Construction Company, Incorporated, Rich Brothers Company, Daniel Cunningham Construc-

tion Company, Incorporated, Grande & Volpe, Incorporated.

In accordance with the provisions of chapter 480 of the Acts of 1939, the certified checks deposited were returned to all of the foregoing except the three lowest responsible and eligible bidders. After applying the deductions for alternates selected as most suitable for this building and using in each case the figure submitted by the lowest eligible subcontractors, the bids appeared as follows:

Crane Construction Company, \$62,529; Chandler Construction Company, \$62,825; John Rugo & Sons, \$62,884.

MAYOR TOBIN REVIVES STEP-RATE INCREASES.

Upon December 28 the Mayor issued the following statement:

During 1938 and 1939 step-rate increases were withheld from the employees whose compensation was \$2,100 per annum or over and who were under the direct control of the Mayor. A far greater number of employees in this classification beyond the control of the Mayor, in the School and some County Departments, were granted their step-rate increases during both years.

In the group beyond the control of the Mayor there are 877 employees. In the group within the control of the Mayor there are a total of 148 employees.

Because there does not appear to be any existing arrangement by which a salary step-rate policy in excess of \$2,100 could have general application and because it appears that withholding of step-rate increments for two successive years has operated as a reasonable concession by these groups to the financial condition of the city, and because to continue the same policy in its limited application would eventually cause a basic maladjustment between conforming departments and non-conforming governmental divisions, the step-rate system for city and county employees, whose salary ranges run in excess of \$2,100 per annum, has been re-established.

MAURICE J. TOBIN, Mayor.

POLICE DEPARTMENT ORDERS.

General Order No. 423.

There is hereby established in this department a "Free Employment Bureau for Boys," which will be under the direction of the officer in charge of the Junior Police Corps.

The purpose of this bureau is to contribute toward the solution of the juvenile delinquency problem by furnishing employment free of charge to young men between the ages of fourteen and twenty-one who are residents of the City of Boston.

The bureau will operate under a Class 3 Intelligence Office License, issued by the Licensing Board for the City of Boston.

The bureau consists of one main supervising office at Police Headquarters and registration offices to be located in each station house of the department, except Division 8 and the Traffic Division.

Each of the registration offices located in the station houses will be under the supervision of the division commanders. The officer in charge of the Main Supervising office will act as supervisor of the entire bureau.

Young men furnished by the National Youth Administration Office will act as clerks in each of the registering offices. They will register applicants for employment and receive and fill requests for workers.

The bureau will receive applications from business men, home owners, housewives, etc., for workers for permanent or part-time employment as errand boys, automobile cleaners and polishers, cleaning of back yards and cellars, washing windows, cleaning paint and woodwork, care of homes, beating rugs, and odd jobs.

Chapter 149 of the General Laws (Ter. Ed.), sections 160 to 168, provides for the conduct and regulation of free employment offices.

Chapter 149 of the General Laws (Ter. Ed.), section 1, defines the use of certain words used in that chapter.

Sections 60 to 74, inclusive, and sections 86, 87 and 95 of said chapter 149, as amended, contain the principal laws relative to employment of children between the ages of fourteen and twenty-one.

For the guidance and instruction of members of the department and clerks of the bureau, copies of the statutes and rules and cards and forms to be used are forwarded.

All members of the department, especially officers on foot patrol, will co-operate with business men, home owners, etc., in regard to inquiries for employment, and information received by them will be given to their commanding officers.

This order will become effective Tuesday, January 2, 1940, at 7.45 a. m.

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

CINCINNATI'S NEW SPORTS FIELD.

Cincinnati's outstanding recreational event of the past year has been the opening of its 200-acre Airport Sports Field—an instantaneous success. Although far from completion and lacking in many necessary facilities, it is already paying its own way. *American City Magazine.*

LAND-TAKING IN DORCHESTER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for sewerage works to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following described lands, exclusive of any interest in trees, buildings or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city; trees, buildings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within sixty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works.

Said lands are in that part of Boston formerly Dorchester and are bounded as follows:

A parcel of land, owners unknown, being part of the private ways known as Currier street and Kennebec street, bounded:

Southeasterly by easement taken August 23, 1923, eight and 1-100 feet; northeasterly by part of Currier street, two hundred forty-two and 79-100 feet; northwesterly by part of Kennebec street, four hundred and ten feet; westerly by another part of Kennebec street, eight feet; southeasterly by another part of Kennebec street, three hundred eighty-two and 38-100 feet; southerly by part of Currier street, twenty-three and 83-100 feet; southwestwesterly by another part of Currier street, two hundred twenty-two and 78-100 feet, containing fifty-two hundred and eighty square feet, more or less.

The sewerage works to be constructed are as follows: In Currier street, two hundred and forty linear feet of 12-inch pipe sanitary sewer and two hundred and fifty-four linear feet of 12-inch pipe surface drain; in Kennebec street, four hundred linear feet of 12-inch pipe sanitary sewer and three hundred and seventy-two linear feet of 12-inch pipe surface drain.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on both sides of Currier and Kennebec streets will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered, said lots to the amounts hereinafter respectively set against them, said lots and the supposed owners thereof being shown on a plan marked, "City of Boston, Plan No. 1228, Sewerage Works, Currier Street, Kennebec Street, Dorchester, November 22, 1939, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

Voted, That this Board determines that no person sustains damages in his estate by the taking of an easement for sewerage purposes in Currier street and Kennebec street, Dorchester district, under the order of the Board of December 27, 1939, and awards no damages therefor.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, during the period of street construction, estimated to be thirty (30) days, vehicles are excluded from the following streets, effective December 23, 1939:

Belton Street, Dorchester.

From Gallivan Boulevard to Milton street.

Culbert Street, Dorchester.

From Woodhaven street to dead end.

CIVIL SERVICE EXAMINATIONS.
(STATE SERVICE.)

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who files his application first will be given precedence. The lists established as a result of these examinations will be used to fill all vacancies in these classifications in the various state departments.

AMENDED NOTICE.

(CHANGE IN DATE, ALSO STATEMENTS OF DUTIES.)

DIRECTOR OF COMMERCIAL MOTOR VEHICLES, ASSISTANT DIRECTOR OF COMMERCIAL MOTOR VEHICLES, DEPARTMENT OF PUBLIC UTILITIES, JANUARY 20, 1940.

Last date for filing applications, Saturday, January 6, 1940, at 12 noon.

These are the examinations originally scheduled to be held on January 6, 1940. These examinations are open to males only.

Applicants need file only one application for both positions.

The minimum salary for Director is \$5,000 a year. The minimum salary for Assistant Director is \$3,180 a year; the maximum salary for Assistant Director is \$3,720 a year.

Duties, Director of Commercial Motor Vehicles: General supervision of the work and employees of said Division; conduct hearings; make rulings and decisions under chapter 483 of the Acts of 1938, and issue permits, certificates and licenses and distinguishing plates under the provisions of said chapter. To administer the provisions of law stated in chapter 405 of the Acts of 1935, section 12F of chapter 25 of the General Laws as amended by chapter 335 of the Acts of 1939 relating to the Commercial Motor Vehicle Division of the Department of Public Utilities, and chapter 483 of the Acts of 1938, as amended by chapters 171, 306, 307 and 322 of the Acts of 1939 relating to the operation between points within the Commonwealth of Massachusetts of motor vehicles for the transportation of property for compensation.

Duties, Assistant Director of Commercial Motor Vehicles: To assist the Director in the administration of the Commercial Motor Vehicle Division of the Department of Public Utilities under the provisions of chapter 405 of the Acts of 1935 and chapter 483 of the Acts of 1938 as amended by chapters 171, 306, 307 and 322 of the Acts of 1939. Under the direction of the Director, to conduct hearings and have general supervision of the work of said division and its employees.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

One examination will be given to cover both positions.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

SUPERVISOR OF FISCAL MANAGEMENT, DEPARTMENT OF PUBLIC WELFARE, JANUARY 20, 1940.

Last date for filing applications, Saturday, January 6, 1940, at 12 noon.

Requisition is for a male, but the examination is open to both females and males.

The minimum salary is \$3,780 a year; the maximum salary is \$4,500 a year.

Duties: Under the direction of the Commissioner of Public Welfare and the Director of Aid and Relief, to supervise the accounting, auditing and certifying for payment of all departmental funds and of fiscal procedures, records and forms and their interpretation, installation and maintenance throughout the central and district offices, including preparation of budgets, allotment controls and financial reports of expenditures and reimbursement of local agencies in accordance with the laws relating to public assistance; to assist in the formulation of departmental policies involving fiscal operation; to supervise the purchase, storage and issuance of supplies for central and district offices; and to perform related work as required.

Entrance Requirements: Applicants must have *ten years*, within the last *five years*, of full-time paid, broad and varied accounting experience, of which *five years* must have been as an accounting executive in work requiring the formulation of methods and procedures, the coordination and supervision of all subordinate accounting functions, and the formulation, control and execution of fiscal policies in a large organization.

Substitution of Education: Education may be substituted for experience, year for year of graduate study, and *one year* of under-graduate college for *six months* of experience.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

SUPERINTENDENT OF THE FIRE ALARM DIVISION, BOSTON FIRE DEPARTMENT, JANUARY 27, 1940.

Last date for filing applications, Saturday, January 13, 1940, at 12 noon.

Salary: \$3,500 a year.

Duties: To have direct charge of the staff and facilities necessary for the reception and transmission of fire alarms by telegraph, telephone and radio. To have charge of the construction and maintenance of the fire alarm circuits and service. The daily duties of the Superintendent of Fire Alarm involve drafting work, supervision of fire alarm circuits, supervision of the operating staff, supervision of the construction force, placing overhead wires underground, and repairing damaged or broken fire alarm boxes and circuits.

Entrance Requirement: Applicants who have passed their fifty-fifth birthday will not be eligible to apply. A certificate of date of birth must be filed with the application *unless* one has been filed with a previous application.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

NOTE.—Information concerning the results of this examination will not be available until at least sixty days after the examination has been held. If the eligible list is established in the meantime, all applicants will be notified.

BOSTON'S POPULATION ON APRIL 1, 1930, BY WARDS.

Ward 1, 61,454; Ward 2, 31,663; Ward 3, 66,219; Ward 4, 31,010; Ward 5, 30,571; Ward 6, 34,689; Ward 7, 32,482; Ward 8, 31,943; Ward 9, 30,362; Ward 10, 29,694; Ward 11, 29,938; Ward 12, 36,123; Ward 13, 29,019; Ward 14, 55,914; Ward 15, 27,729; Ward 16, 31,329; Ward 17, 30,099; Ward 18, 41,152; Ward 19, 27,519; Ward 20, 31,540; Ward 21, 29,752; Ward 22, 30,987.

Total population by U. S. Census, 781,188.

FIVE PER CENT OF CITY BUDGET PAID FOR REFUSE DISPOSAL.

Nearly one million dollars, or about 5 per cent of the total cost of the general city government of Los Angeles, Cal., is spent every year for the collection and disposal of refuse, under the direction of the Bureau of Engineering of that city. The Refuse Collection Division operates six days a week, and enough men are provided to compensate for a five-day week for all the personnel employed.

CIVIL SERVICE EXAMINATIONS. (STATE.)

STATE EXAMINERS OF ELECTRICIANS, 1940.

Examinations will be held at the following points and on the following dates:

Boston, Wednesday, January 3.
Lowell, Thursday, January 4.
Boston, Wednesday, February 7.
Worcester, Thursday, February 8.
Boston, Wednesday, March 6.
Fall River, Thursday, March 7.
Fall River, Friday, March 8.
Boston, Wednesday, April 3.
Springfield, Thursday, April 4.
Boston, Wednesday, May 1.
Worcester, Thursday, May 2.
Boston, Wednesday, June 5.
Boston, Wednesday, September 11.
Worcester, Thursday, September 12.
Springfield, Wednesday, October 16.
Springfield, Thursday, October 17.
Boston, Wednesday, November 13.
Lowell, Thursday, November 14.
Boston, Wednesday, December 4.
New Bedford, Thursday, December 5.
New Bedford, Friday, December 6.

Rules for Examinations.

All examinations shall be given in English.

Applicants for Class B or journeyman's certificate must be at least eighteen years of age and have had at least two years' practical experience or the equivalent in the installation of wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Applicants for Class A or master's certificate must be at least twenty-one years of age and have had at least two years' experience in the business of installing wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes. Examination shall consist of applicant's knowledge of the National Electrical Code and practical electrical work.

All persons desiring to be examined, either for a master or journeyman certificate, shall have application on file at least ten days previous to the date of such examination.

Applicants for examination will be required to obtain at least 70 per cent in order to obtain a certificate.

Applicants who fail to obtain the required 70 per cent will not be entitled to re-examination until a period of three months has elapsed, and those who receive less than 50 per cent or who fail on the practical demonstration, will not be re-examined for a period of six months.

Any person found referring to notes or books, or misbehaving during an examination, will be debarred from that examination.

Notice will be sent to applicants for certificates when and where examination will be held and only those so notified will be examined on that day.

STEPHEN C. GARRITY,

The American City.

MAYORS' COMMITTEE ON FEDERAL LEGISLATION.

As President of the United States Conference of Mayors, Mayor F. H. LaGuardia of New York has appointed the Mayors of fourteen cities as an advisory board on Federal legislation affecting municipalities. The list comprises:

Watkins Overton, Memphis, Tenn., Chairman; Harold H. Burton, Cleveland, Ohio; Joseph K. Carson, Jr., Portland, Ore.; R. E. L. Clancy, Tampa, Fla.; Frank Couzens, Detroit, Mich.; Harry D. Durst, Springfield, Mo.; Meyer C. Ellenstein, Newark, N. J.; Thomas Gamble, Savannah, Ga.; Oscar F. Holcombe, Houston, Texas; Hilary E. Howse, Nashville, Tenn.; James R. Law, Madison, Wis.; J. Fred Manning, Lynn, Mass.; Roy N. Towl, Omaha, Neb.; George J. Zimmermann, Buffalo, N. Y.—*American City Magazine*.

INDUSTRIAL STRIFE; PEACE BOARDS.

Two large cities, Philadelphia and Toledo, have "peace boards" operating for conciliation between capital and labor in the local field, the magazine "Public Management," official organ of the International City Managers' Association, points out. Mayor Fiorello H. LaGuardia has just appointed such a board for New York City and Newark's Commission has just created by ordinance a Municipal Labor Relations Board.

Toledo's Peace Board has eighteen members; five named by the Central Labor Union, five by the Chamber of Commerce and eight selected at large. Representatives at large include two judges, two attorneys, a Catholic monsignor, a Jewish Rabbi, a merchant and the county relief director, all serving without pay.

FINANCING SEWAGE WORKS BY SPECIAL ASSESSMENT IN IOWA.

The cost of constructing sewage disposal plants in a number of states, and in Iowa in particular, may be levied against the various lots, parts of lots or parcels of ground draining to, or susceptible to drainage to, the site of the disposal plant. Such assessments must be in proportion to the benefits to each property and must not, in any case, exceed one-fourth of the air value of the property in question. These special assessments are payable in the same manner as other municipal improvement costs; that is, in ten annual equal installments, paid at the same time and place as the March 1 installment of ordinary taxes in Iowa. Any property owner may pay off the unpaid portion of such tax at any time. Interest on the deferred payment must not exceed 6 per cent.

POPULATION OF UNITED STATES, NEW ENGLAND AND MASSACHUSETTS.

Continental United States (i. e., 48 states and the District of Columbia) in 1930, 122,775,046; outlying possessions, 14,233,389; total, 137,008,435; New England, 8,166,341; Massachusetts, 4,249,614 or 52.04 per cent of New England and ranking eighth in the Union. In density of population Massachusetts ranks second, i. e., 528 per square mile of land, Rhode Island ranking first, with 644 per square mile of land.

Population of the other New England States in 1930, ranking from the highest total: Connecticut, 1,606,903; Maine, 797,423; Rhode Island, 687,497; New Hampshire, 465,293; Vermont, 359,611. Density for New England, 132 per sq. m.; for U. S. (48 states and the District of Columbia) 41 per sq. m.

The population of the United States increased 16.1 per cent since 1920; that of New England 10.3 per cent and that of Massachusetts 10.3 per cent.

RECEIPTS OF FRESH FISH IN BOSTON. STATISTICS FOR YEAR 1937.

Total pounds landed in year, 324,593,127, or 14,568,267 pounds less than in 1936 (the 1936 total has been revised, it having been 61,275 pounds too many), value of same, \$8,467,716 (wholesale), or \$1,115,456 less than in year before. Largest in amount, 129,921,435 pounds haddock (5,842,874 pounds less than in 1936); next in amount, 85,877,488 pounds cod (16,022,146 more than in 1936); third, 7,485,218 pounds of mackerel (13,527,488 less than in previous year).

Of the more expensive kinds, there were 1,937,638 pounds halibut (122,245 less than in 1936) and 1,090,618 pounds swordfish (104,902 less than in year before). Pollock, hake and cusk totaled 32,138,522 pounds (3,385,575 more than in 1936). Other fish, usually included in miscellaneous, were rosefish, 41,175,252 pounds (8,243,762 less than in 1936); flounders, 16,679,582 pounds (2,799,018 more than in 1936) and whiting, 6,213,064 pounds (8,689,289 less than in year before).

In addition to the fresh fish, 6,400 pounds of salted cod, valued at \$269, were received.

POLICE MOTOR BUSINESS IN JERSEY CITY.

The motor police of Jersey City, N. J., are concentrated in the Traffic Bureau and the Motor Patrol Bureau. The rolling equipment consists of thirty-three motorcycles, thirty-five automobiles, three emergency trucks, seven patrol wagons, an armored payroll car, two wreckers, and a touring car for distinguished visitors.

The Traffic Bureau has charge of the motorcycles, all Harley-Davidsons of 1928-33, which are attached to the eight precincts. Eighteen of these are on duty sixteen hours per day, 8 a. m. to midnight; two are on duty from midnight to 8 a. m. They patrol the heavy-duty highways and the Pulaski Skyway from the Holland vehicular tunnel under the North river.—*American City Magazine*.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING WIRE GUARDS, ETC., TO THE PARK DEPARTMENT.

The Supply Department of the City of Boston invites proposals for furnishing wire guards, etc., to the Park Department as per specifications contained in proposals which may be obtained at the office of the Supply Department, Room 1001, City Hall Annex. There will be a charge of twenty-five cents (\$0.25) for each blank proposal taken out. The bidder must leave his proposal with a certified check for \$100, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read Friday, January 12, 1940, at 12 m., at Room 1001, City Hall Annex. The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

JOHN A. BRIEN,
(Jan. 6.) Superintendent of Supplies.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING SOAP, SOAP POWDER AND SOAP CHIPS FOR CITY DEPARTMENTS.

Proposals on blanks obtained at the office of the Supply Department, 1001 City Hall Annex, for furnishing soap, soap powder and soap chips for city departments, signed by the bidder and left before 12 o'clock noon on Thursday, January 18, 1940, at the office of the Supply Department, with a certified check for \$100, payable to and to become the property of the city if the proposal is not carried out, will then and there be publicly opened and read. *There will be a charge of twenty-five cents (\$0.25) for each blank proposal taken out.* A duplicate proposal without check, must be deposited with the City Auditor previous to the time named for opening bids. The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

SUPPLY DEPARTMENT.

PROPOSALS FOR P. I. PERKINS, OR EQUAL, ELECTRIC-DRIVEN MARINE RAILWAY WINCH.

The Supply Department of the City of Boston invites proposals for furnishing P. I. Perkins, or equal, electric-driven marine railway winch to the Police Department. The bidder must use the form of proposal to be obtained at the office of the Superintendent of Supplies, Room 1001, City Hall Annex, and the successful bidder must furnish a bond for one half the total estimated amount of the bid with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. Bidders must submit with proposals a detailed plan showing exactly the equipment bid upon, also name of manufacturer. The bid, with a certified check for \$200, payable to and to become the property of the City of Boston if the proposal is not carried out, must be left at the office of the Superintendent of Supplies, before 12 m., Thursday, January 11, 1940, at which time and place they will be publicly opened and read. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

JOHN A. BREEN,
(Jan. 6.) Superintendent of Supplies.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING FLOUR FOR CITY DEPARTMENTS.

The Supply Department of the City of Boston invites proposals for furnishing flour for city departments according to specifications to be obtained from the office of the Supply Department, Room 1001, City Hall Annex. *There will be a charge of twenty-five cents (\$0.25) for each blank proposal taken out.* Bidder must use the form of proposal to be obtained at this office, and the successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. Bids, with a certified check for \$300, payable to and to become the property of the City of Boston if the proposal is not carried out, must be left at the office of the Superintendent of Supplies, Room 1001, City Hall Annex, before 12 m., Monday, January 15, 1940, at which time and place they will be publicly opened and read. A duplicate bid, without check, must be left with the City Auditor prior to the time named for opening bids. The Superintendent reserves the right to accept or reject any or all bids or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

JOHN A. BREEN,
(Jan. 6.) Superintendent of Supplies.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR LAYING, JOINTING AND RIVETING ABOUT 4,800 LINEAR FEET OF 48-INCH WELDED STEEL WATER PIPE IN TREMONT STREET, BETWEEN PRENTISS STREET AND WEST CONCORD STREET, ROXBURY AND CITY PROPER.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for laying, jointing and riveting about 4,800 linear feet of 48-inch welded steel water pipe in Tremont street, between Prentiss street and West Concord street, Roxbury and City Proper. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Laying, Jointing and Riveting About 4,800 Linear Feet of 48-Inch Welded Steel Water Pipe in Tremont Street, Between Prentiss Street and West Concord Street, Roxbury and City Proper," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Monday, January 15, 1940, with a certified check for six hundred (600) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. *There will be a charge of two dollars (\$2) for each set of plans and specifications taken out.* If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

GEORGE G. HYLAND,
(Jan. 6.) Commissioner of Public Works.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING AUTOMOBILE BATTERIES.

The Supply Department of the City of Boston invites proposals for automobile batteries for city departments as per specifications to be obtained at the office of the Superintendent of Supplies, Room 1001, City Hall Annex. *There will be a charge of twenty-five cents (\$0.25) for each blank proposal taken out.* The bidder must leave his proposal with a certified check for \$200, payable to and to become the property of the City of Boston, if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read Tuesday, January 16, 1940, at 12 m., at Room 1001, City Hall Annex. The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

JOHN A. BREEN,
(Jan. 6.) Superintendent of Supplies.

105 City Hall Annex, Boston.

Office hours, 9 to 5, except Saturdays, 9 to 12.
(Jan. 6.)

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING GASES (INDUSTRIAL AND MEDICAL).

The Supply Department of the City of Boston invites proposals for furnishing for city departments, gases (industrial and medical), according to specifications, a copy of which may be obtained at the office of the Superintendent of Supplies, Room 1001, City Hall Annex. *There will be a charge of twenty-five cents (\$0.25) for each blank proposal taken out.* The successful bidder must furnish a bond for one half the total estimated amount of the bid with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The bid with a certified check for \$100, payable to and to become the property of the City of Boston if the proposal is not carried out, must be left at the office of the Superintendent of Supplies, Room 1001, City Hall Annex, before Wednesday, January 17, 1940, at which time and place the bids will be publicly opened and read. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

JOHN A. BREEN,
(Jan. 6.) Superintendent of Supplies.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING ICE CREAM MIX.

The Supply Department of the City of Boston invites proposals for furnishing ice cream mix to the various city departments. The bidder must use the form of proposal to be obtained at the office of the Superintendent of Supplies, Room 1001, City Hall Annex, and the successful bidder must furnish a bond for one half the total estimated amount of the bid with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. *There will be a charge of twenty-five cents (\$0.25) for each blank proposal taken out.* The bid, with a certified check for \$100, payable to and to become the property of the City of Boston if the proposal is not carried out, must be left at the office of the Superintendent of Supplies, before 12 m., Monday, January 15, 1940, at which time and place they will be publicly opened and read. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

JOHN A. BREEN,
(Jan. 6.) Superintendent of Supplies.

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 32.

SATURDAY, JANUARY 13, 1940.

NO. 2

MAYOR TOBIN LAUDS ACHIEVEMENTS OF PRESIDENT ROOSEVELT AND DEMOCRATIC PARTY IN IMPROVING SOCIAL CONDITIONS OF COUNTRY AND THUS DESTROYING THE BOGIE OF COMMUNISM AND TOTALITARIANISM IN UNITED STATES — PREDICTS BRIGHT FUTURE FOR AMERICA WITH PRESERVATION OF SOCIAL ADVANCES ALREADY SECURED — IS ONE OF PRINCIPAL SPEAKERS AT ANNUAL JACKSON DAY DINNER — CALLS ON PARTY TO PROVIDE SAME TYPE OF LEADERSHIP AFTER 1941 THAT COUNTRY HAS ENJOYED IN PAST SEVEN YEARS.

The following is the address of the Hon. Maurice J. Tobin, Mayor of Boston, at the annual Andrew Jackson Dinner, Hotel Statler, on January 8, 1939:

Invited and Honored Guests, and Fellow Democrats.

We gather here tonight for a double purpose — to honor the memory of a strong, stalwart, sterling Democrat and to publicly assert our devotion and our loyalty to those democratic principles so ably and fearlessly demonstrated by Andrew Jackson.

Over a century ago the great mass of citizens of our country recognized in Andrew Jackson the qualities of leadership, courage and understanding which were to make him one of the great outstanding Presidents of this nation. Like another great American, the leader of our party, Franklin D. Roosevelt, Jackson was a man who had the common touch. Jackson realized that this far-flung country of ours could only grow strong, virile and united by permitting all elements of our population a voice and a hand in their government, a man who boldly stood his ground and defied the forces of aristocratic government, the forces which, if left unchallenged, would have made this infant democracy equivalent to a monarchy in disguise.

Thomas Jefferson gave to our land a philosophy of government which lives and breathes to this day. Andrew Jackson gave to this country a practical demonstration that this was truly a government of all the people, the high and the low, the rich and the poor, and that no single group or strata of our population inherited the benefits and blessings of a constitution won in the snows of Ticonderoga and Valley Forge, and the blood of Lexington and Bunker Hill.

Great Responsibility.

As Democrats, as members of the party of Andrew Jackson, we have a great responsibility. Ours is the party of the people. Ours is the party to which they look that their rights be guaranteed. Ours is the party that is twice blessed if we uphold those rights, and twice cursed if we violate those rights. Ours is the party which has survived the tides of passion and hate; lived through the storms of war and want, and, yet, has grown stronger and greater with the passage of the years.

I often like to picture what former Presidents would have done if they were confronted with the problems that greeted the leader of our party on March 4, 1933. As to what Jackson would have done there has been no doubt in my mind. Confronted with the problem of fifteen million people unemployed, with the whole north-eastern seaboard changed from agricultural communities to industrial centers, with many states and thousands of local governments unable to cope with the relief situation caused by unemployment, he, Jackson, in my opinion, would have followed the old fundamental principle of states rights, namely, that which can best be handled by the Federal Government to be so handled, and all other governmental functions to devolve upon the states.

When the question of human needs came into consideration he never would have stood behind the formal proposition, "Is this a problem of the State, or is it a problem of the Federal Government?" but would have done exactly what our great leader, Franklin Delano Roosevelt, did by stepping into the breach with the full power of the government of the United States, the only agency of government with the credit to stand the terrific financial strain that would be necessary — we have found it to be so — to keep millions of Americans from starvation and eviction.

Thought for Masses.

I know that Andrew Jackson, who was one of the most thoughtful men for the masses who ever served as President of the United States, would have extended to the victims of the period the corporal works of mercy. Jackson was a man of action — not a man solely of theory. He was a "doer," just the same as our own President of the present hour. Jackson in this day would have favored social security, unemployment compensation insurance, old age pensions, and all of the other social changes required in this highly industrialized and changed economic period.

(Continued on page 23.)

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"
From Boston Centennial Poem by

NATHAN HASKEL DOLE.

Single Copies 10 cents

IN ADVANCE.

STREET AGENCIES.

Old South News Stand, Old South entrance to subway. Also News Stand first floor, City Hall Annex.

Advertising.

A rate of \$2 per inch of 12 lines (set solid) has been established for such advertisements as under the law must be printed in the *City Record*. Advertising and other copy must be in hand by Thursday of each week to insure its publication in the Saturday issue.

Copies for sale at the Statistics Department, 73 City Hall.

MUNICIPAL CALENDAR.

Meeting of the City Council, Monday, January 15, at 2 p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways, the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in

public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquis, bay windows, coal holes and vaults.

TO THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

TO Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables slaughter-houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, the Airport, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made

to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

TO THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 907, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

TO THE STATISTICS DEPARTMENT, 73 City Hall, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

TO THE WIRE DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 103, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, 43 City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

For the week ending January 6, 1940.

Population as of July, 1939, Massachusetts State Census, 817,713; population estimated, July, 1940, United States Census Bureau, 815,128; number of deaths (stillbirths excluded): Residents, 187; nonresidents, 37; total, 224.

Death rate per 1,000 of population: All deaths, 14.29; nonresidents deducted, 11.93.

Death rate per 1,000 of population:

Last week, 13.83; corresponding week last year, 14.86.

Deaths by age periods, sex, etc.: Under one year, 12; one year to four years, inclusive, 5; sixty years and over, 124. Total deaths: Male, 122; female, 102; deaths in hospitals and institutions, 128; deaths of colored, 15.

REPORTABLE DISEASES: CASES AND DEATHS.*

ADDRESS OF MAYOR TOBIN.

(Continued from page 21.)

Jackson would have been a Roosevelt—not a Governor Bricker. Jackson would have believed, as Roosevelt did, in the balancing of the human budget, rather than the false theory of making paramount the balancing of a material budget. Jackson would have realized that sound, healthy human beings are greater American assets than Governor Bricker's mere cold statistics and black figures on paper. Jackson, in my opinion, would have done what our great President has done—carried this nation through seven years of great economic stress, retaining the confidence of the American people in the soundness of our governmental structure to the point where, of the 531 members of Congress, not one of these elected representatives is a member of the party of Stalin. That to me is the greatest indication that our party during these trying times has given to America a program that will guarantee the preservation of our government under the basic principles enunciated and handed down to us by the Fathers.

We have brought employment back to within three million of the 1929 levels. Industrial production for the last quarter is between 110 and 115 as compared with that so-called prosperous era. Truly great strides have been made.

The confidence of the American people has not been misplaced. By the very standards which are used as a yardstick by the President's most severe critics the last quarter of 1939 was better than any period in the twenty to thirty era. The fear of Communism and Totalitarianism has now disappeared from among the fears of the average American. In the hearts of the American public today is the hope that the progress and advances of recent years will not be lost.

I firmly believe that there is a desire on the part of the American people to perpetuate these great social advances and to see to it that the progress in the social order made under President Roosevelt will not be stultified by passing the government into the hands of those not in sympathy with this great humanitarian program.

It is our duty to see that the party of Jackson continues to render the same type of leadership after January 20 of 1941 that has been rendered to the American people for the past seven years.

REVISION OF ASSESSMENT.

The Mayor has approved the following order of the Board of Street Commissioners:

In the matter of the application for revision of assessment levied on account of the construction of sewerage works, the Board of Street Commissioners, acting under the provisions of chapter 359 of the Acts of the year 1896, and deeming it just and proper that such action should be taken on said application,

Ordered, That the amounts herein-after specified, being the annual apportionments of said assessment for the year specified below, be, and the same are hereby, abated.

Lavinia Zittell, Durant street, West Roxbury, assessed June 4, 1932, 1938 apportionment, lot 8, \$10.40; lot 9, \$10.40.

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of the city employees have been made during the week ending Thursday, January 11:

DEPARTMENT OF SCHOOL BUILDINGS.

William Lee has been chosen and re-appointed as a member of the Board of Commissioners of School Buildings for the three-year period ending December 1, 1942.

The Mayor has approved the following appointments:

COLLECTING DEPARTMENT.

Catherine Canny, Remington-Rand key punch operator, at 38 cents an hour.

Mary L. Driscoll, Remington-Rand key punch operator, at \$900 a year.

HOSPITAL DEPARTMENT.

Margaret O'Donnell Clancey, floor duty nurse, at \$1,200 a year.

Dorothy Ann McAndrew, floor duty nurse, at \$1,200 a year.

Jacob J. Boyagian, assistant pharmacist, at \$25 a week.

Dr. Israel Zeltzman, assistant resident anesthetist, at \$600 a year.

Dr. Albert Abriel, assistant resident anesthetist, at \$600 a year.

Samuel Odiome, male nurse, at \$32 a week.

Dr. Laurence B. Ellis, resident physician, Thorndike Memorial Laboratory, at \$1,500 a year.

Grace M. Dubrecka, Sunday and holiday laundress, at \$3 a day.

Helen G. Brennan, Sunday and holiday laundress, at \$3 a day.

Mary A. Murray, Sunday and holiday laundress, at \$3 a day.

Dorothy E. Travers, Sunday and holiday laundress, at \$3 a day.

Margaret M. Burge, Sunday and holiday laundress, at \$3 a day.

HOSPITAL DEPARTMENT (Sanatorium Division).

Gertrude Wilson, temporary telephone operator, at \$3 a shift.

Dr. Joseph Bornstein, permanent interne, at \$1,000 a year.

INSTITUTIONS DEPARTMENT.

Helen Thelma Barton, staff nurse, at \$960 a year and maintenance.

Joseph A. Sammon, attendant, at \$600 a year and maintenance.

Alfred Gruhn, watchman, temporary, at \$600 a year and maintenance.

George E. Winn, deckhand, temporary, at \$1,700 a year.

Fulton P. Wesson, deckhand, at \$1,700 a year.

Marguerite M. Leverone, diet laboratory maid, at \$526 a year and maintenance.

Helen Agnes Murphy, staff nurse, temporary, at \$960 a year and maintenance.

Francis R. Gallahue, helper in laundry, at \$526 a year and maintenance, at Long Island Hospital.

George R. Winn, temporary watchman, at \$600 a year and maintenance.

Lawrence S. Damatin, watchman, temporary, at \$600 a year and maintenance.

OVERSEERS OF THE PUBLIC WELFARE.

Dennis L. Horgan, temporary bookkeeper's assistant, at \$900 a year.

Patrick J. Barrett, assistant chief officer, from \$2,300 to \$2,400 a year.

Anthony Indrisano, officer, from \$2,100 to \$2,200 a year.

Joseph E. Kram, officer, from \$2,100 to \$2,200 a year.

Daniel E. Sullivan, officer, from \$2,100 to \$2,200 a year.

SUPREME JUDICIAL COURT.

Clerk's Office.

Frederick L. Quinlan, assistant clerk of court, from \$4,200 to \$4,500 a year.

Annie E. Murray, principal clerk, from \$2,100 to \$2,200 a year.

Alice G. Keenan, senior clerk, from \$2,100 to \$2,200 a year.

SUPERIOR COURT.

Clerk's Office.

James B. Gibbons, assistant clerk, from \$3,900 to \$4,200 a year.

Joseph G. Donahue, principal clerk, from \$2,500 to \$2,600 a year.

George A. Collins, principal clerk, from \$2,200 to \$2,300 a year.

John F. Bradley, senior clerk, from \$2,100 to \$2,200 a year.

Harry Ginsburg, senior clerk, from \$2,100 to \$2,200 a year.

Lawrence F. Tallant, cashier, from \$2,100 to \$2,200 a year.

George R. Keough, court stenographer, from \$3,000 to \$3,300 a year.

SUPERIOR COURT (CIVIL).

Clerk's Office.

Maurice J. Ahern, principal clerk, from \$2,400 to \$2,500 a year.

Francis P. Concannon, principal clerk, from \$2,100 to \$2,200 a year.

Genevieve E. Donovan, principal clerk, from \$2,300 to \$2,400 a year.

Alice E. Finnegan, principal clerk, from \$2,500 to \$2,600 a year.

Martha E. Friel, principal clerk, from \$2,500 to \$2,600 a year.

Agnes L. Gannon, principal clerk, from \$2,100 to \$2,200 a year.

Mary G. Kelly, principal clerk, from \$2,400 to \$2,500 a year.

Marguerite W. Kennedy, principal clerk, from \$2,300 to \$2,400 a year.

John E. Noonan, principal clerk, from \$2,300 to \$2,400 a year.

Marian A. Shea, principal clerk, from \$2,500 to \$2,600 a year.

Joseph E. Sullivan, principal clerk, from \$2,100 to \$2,200 a year.

May V. Brophy, senior clerk, from \$2,100 to \$2,200 a year.

Gertrude Cotter, senior clerk, from \$2,100 to \$2,200 a year.

Helen L. Dailey, senior clerk, from \$2,100 to \$2,200 a year.

John L. Maccubbin, first assistant clerk, from \$5,400 to \$5,500 a year.

Joseph R. Cleary, assistant clerk, from \$3,300 to \$3,600 a year.

Probation Office.

Anna V. Trainor, cashier, from \$2,100 to \$2,200 a year.

PROBATE COURT.

Sylvester B. Colbert, court officer, from \$2,600 to \$2,700 a year.

Robert J. Culbert, court officer, from \$2,500 to \$2,600 a year.

DISTRICT ATTORNEY'S OFFICE.

Leo F. Manning, secretary, from \$4,400 to \$4,500 a year.

John F. O'Flanagan, indictment clerk, from \$2,500 to \$2,600 a year.

George W. McGunigle, legal aide, from \$2,600 to \$2,700 a year.

Robert L. Bodfish, legal aide, from \$2,500 to \$2,600 a year.

Joseph Cunya, legal aide, from \$2,500 to \$2,600 a year.

George L. Stretch, legal aide, from \$2,500 to \$2,600 a year.

Gerald Miroldi, legal aide, from \$2,400 to \$2,500 a year.

Thomas Healy, principal clerk, from \$2,300 to \$2,400 a year.

Michael J. Coyne, principal clerk, from \$2,400 to \$2,500 a year.

Mary V. Brennan, senior clerk, from \$2,100 to \$2,200 a year.

INDEX COMMISSIONERS.

Sarah E. Brookings, principal clerk, from \$2,400 to \$2,500 a year.

Caro S. Ambrose, senior clerk, from \$2,100 to \$2,200 a year.

REGISTRY OF DEEDS.

Mary F. Brogan, senior clerk, from \$2,100 to \$2,200 a year.

Frank P. Butler, assistant register, from \$4,100 to \$4,400 a year.

Helen M. Cashman, senior clerk, from \$2,100 to \$2,200 a year.

Richard M. Cummings, senior clerk, from \$2,100 to \$2,200 a year.

Angela B. Curry, senior clerk, from \$2,100 to \$2,200 a year.

Nellie Donovan, senior clerk, from \$2,100 to \$2,200 a year.

Kathryn V. Feehan, senior clerk, from \$2,100 to \$2,200 a year.

Frank J. Glancy, senior clerk, from \$2,100 to \$2,200 a year.

Ida F. Hannerty, senior clerk, from \$2,100 to \$2,200 a year.

Helen G. Hurley, senior clerk, from \$2,100 to \$2,200 a year.

Margaret A. Landers, senior clerk, from \$2,100 to \$2,200 a year.

Mae E. MacKay, senior clerk, from \$2,100 to \$2,200 a year.

John J. Mahoney, chief clerk, from \$2,700 to \$2,800 a year.

Mabel E. Mansfield, principal clerk, from \$2,600 to \$2,700 a year.

Martha C. Pastorelli, senior clerk, from \$2,100 to \$2,200 a year.

Mary E. Rock, principal clerk, from \$2,300 to \$2,400 a year.

Mary B. Shanney, principal clerk, from \$2,600 to \$2,700 a year.

John P. Shepard, senior clerk, from \$2,100 to \$2,200 a year.

Elizabeth V. Sullivan, senior clerk, from \$2,100 to \$2,200 a year.

Helen G. Tiernay, senior clerk, from \$2,100 to \$2,200 a year.

John V. Troy, senior clerk, from \$2,100 to \$2,200 a year.

Elizabeth G. Woods, senior clerk, from \$2,100 to \$2,200 a year.

MUNICIPAL COURT (Brighton District).

James E. Desmond, court officer, from \$2,400 to \$2,500 a year.

MUNICIPAL COURT (Charlestown District).

James A. Cuniff, court officer, from \$2,400 to \$2,500 a year.

Daniel A. Gill, court officer, from \$2,400 to \$2,500 a year.

DISTRICT COURT OF CHELSEA.

Maurice R. Raddin, court officer, from \$2,100 to \$2,200 a year.

MUNICIPAL COURT (Dorchester District).

John F. Halligan, court officer, from \$2,400 to \$2,500 a year.

William R. Martin, court officer, from \$2,200 to \$2,300 a year.

EAST BOSTON DISTRICT COURT.

Thomas C. Carr, court officer, from \$2,400 to \$2,500 a year.

MUNICIPAL COURT (Roxbury District).

John H. Duffy, court officer, from \$2,400 to \$2,500 a year.

Roland W. Golden, court officer, from \$2,100 to \$2,200 a year.

George T. Little, court officer, from \$2,400 to \$2,500 a year.

Carl J. Turner, court officer, from \$2,400 to \$2,500 a year.

William E. Reilly, court officer, from \$2,100 to \$2,200 a year.

CONTRACTS AWARDED

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

HOSPITAL DEPARTMENT.

Upon December 30 the Mayor approved a contract with E. P. Robitaille Company for the purchase of trimmings, bones, suets, grease and cods from Main Department and South Department of the Boston City Hospital. Bids, opened at the hospital on Thursday, December 21, were as follows:

Trimmings, Per Pound.—James F. Morse & Co., 1½ cents; Independent Tallow Company, 1½ cents; E. P. Robitaille Company, 2 cents.

Bones, Per Pound.—James F. Morse & Co., ¾ cent; Independent Tallow Company, Incorporated, ¾ cent; E. P. Robitaille Company, 1 cent.

Suets, Per Pound.—James F. Morse & Co., 4½ cents; Independent Tallow Company, Incorporated, 4 cents; E. P. Robitaille Company, 5 cents.

Grease, Per Pound.—James F. Morse & Co., 4 cents; Independent Tallow Company, Incorporated, 4 cents; E. P. Robitaille Company, 4 cents.

Cods, Per Pound.—James F. Morse & Co., 3 cents; Independent Tallow Company, Incorporated, 4 cents; E. P. Robitaille Company, 4 cents.

Trap Grease, Per Pound.—James F. Morse & Co., ¼ cent; Independent Tallow Company, Incorporated, ¼ cent; E. P. Robitaille Company, ¼ cent.

PUBLIC WORKS DEPARTMENT.

Upon December 28 the Mayor approved a contract with R. Zoppo, the lowest bidder, for blasting rock for sewerage works in Dorchester and Hyde Park, at an estimated cost of \$8,000 (2,000 cubic yards at \$4 per cubic yard). The work to be done under this contract is to be completed December 31, 1940. The following bids were received Friday, December 22:

R. Zoppo, \$8,000; Domenick Zanni, \$8,500; Marinucci Brothers & Co., \$8,580; John Williams, \$9,000; A. D. Daddario, \$9,800; Baker & Co., \$9,900.

Upon December 28 the Mayor approved a contract with R. Zoppo, the lowest bidder, for blasting rock for sewerage works in West Roxbury and Brighton, at an estimated cost of \$8,800 (2,200 cubic yards at \$4 per cubic yard). The work to be done under this contract is to be completed December 31, 1940. The following bids were opened Friday, December 22:

R. Zoppo, \$8,800; Marinucci Brothers & Co., \$9,438; Domenick Zanni, \$9,900; Baker & Co., \$11,500; Keystone Engineering and Contracting Company, \$13,090.

Upon December 30 the Mayor approved a contract with Thomas E. Bryan, the second bidder, for collecting and removing garbage and refuse in the Hyde Park district at the rate of \$849 per month. The low bidder has had no experience in this line of work, whereas the second bidder has had the contract in this district in the past and has served the city in a very satisfactory manner. The work to be done under this contract will be completed December 31, 1940. The following bids were received December 18:

Leo A. Reardon, \$700 per month; Thomas E. Bryan, \$849 per month; Baker & Co., \$875 per month; Vincent J. Keris, \$1,500 per month.

Upon December 30 the Mayor approved a contract with Edward J. McHugh & Son, the lowest bidder, for collecting and removing garbage and refuse in the Charlestown district, at the rate of \$1,499 per month. The work to be done under this contract is to be completed December 31, 1940. The following bids were received December 18:

Edward J. McHugh & Son, \$1,499 per month; James Ryan, \$1,650 per month; Anthony J. Ryan, \$1,750 per month; Martin J. Kelly, \$1,850 per month; Joseph P. McCabe, Incorporated, \$1,850 per month; Vincent Zito, \$1,950 per month; David M. Biggs, \$1,998 per month; Ward General Contracting Company, \$2,281 per month; Marinucci Brothers & Co., \$2,400 per month.

Upon December 30 the Mayor approved a contract with Edward J. McHugh & Son, the third bidder, for collecting and removing garbage and refuse in the East Boston district, at the rate of \$2,899 per month. E. J. McHugh & Son is the third bidder in this district. He has had the contract for years and has performed the work to the satisfaction of the department. In addition, in awarding these contracts, one of the principal essentials to be considered is the locality where the disposal of the refuse takes place. McHugh is the only one of the three bidders in this district who has furnished adequate proof that he has dumping facilities. The others did not furnish such proof and under the McHugh contract the city is absolutely assured of dumping space. The work to be done under this contract is to be completed December 31, 1940. The following bids were received December 18:

National Engineering and Contracting Company, \$2,760 per month; Vincent Zito, \$2,800 per month; Edward J. McHugh & Son, \$2,899 per month.

Upon December 30 the Mayor approved a contract with John J. Moore Company, the second bidder, for collecting and removing garbage and refuse in the West Roxbury district, at the rate of \$4,825 per month. John J. Moore Company has had the contract for eight of the past ten years and his work has been very

MUNICIPAL EMPLOYMENT BUREAU FOUND TO BE DOING NOTABLE WORK IN AIDING CITIZENS TO OBTAIN GAINFUL EMPLOYMENT—REPORT OF DIRECTOR STEPHEN J. HUGHES TO MAYOR TOBIN SHOWS THAT 9,947 PERSONS REGISTERED WITH THE BUREAU WITH 3,416 PLACEMENTS OF A PERMANENT AND TEMPORARY NATURE—REGISTRATION FOR TWO YEARS WAS 20,665 AND 6,343 PLACEMENTS.

Despite all the adverse circumstances relating to employment during the year 1939 due to the continuance of the depression, the Municipal Employment Bureau has achieved an enviable record in the work of placing citizens in the way of gainful work. This has been shown in the report submitted to Mayor Tobin by Stephen J. Hughes, Director of the Bureau. In making his report Director Hughes made public the following information:

The purpose of the Bureau is to help relieve unemployment and give gainful work to applicants, male and female, who are resident citizens of Boston.

Every person placed by this Bureau helps keep down the terrific cost of welfare and relief, for there is no question many of the people placed would apply for welfare or relief of some kind if they had not received work at this Bureau.

We cater to all branches of business and industry with no fee charged to either employers or applicants. We have made placements for every known line of work in the world, both temporary and permanent, the temporary placements invariably turning into permanent employment.

We have placed accountants, civil engineers, radio technicians, stenographers, typists, bookkeepers, clerks, carpenters, plumbers, machinists, painters, domestics, all kinds of restaurant, factory and hospital help, as well as general laborers.

There is absolutely no favoritism shown regardless of race, color, creed or party line. We are here to help every resident

citizen of Boston that applies for work and give prompt, efficient service to employers that will satisfy.

Many thousands of dollars are saved yearly through the efforts of this Bureau by placing men and women at gainful work and helping them to pay taxes of all kinds, which helps immeasurably to keep down the present tax rate in our city, which our Mayor, Hon. Maurice J. Tobin, is vitally interested in doing.

The tabular figures on employment are as follows:

Total placements, 1938: 2,450; 477 snow workers—2,927.

Registrations, 1938, 10,718.

Total placements, 1939: 3,416. No snow workers in 1939.

Registrations, 1939, 9,947.

Increase in 1939 placements over 1938 is 966.

Grand total 1938 plus 1939: Placements: 5,866; 477 snow work; total, 6,343.

Registrations, total, 20,665.

NOTE.—Due to no snow work in 1939 the increase in placements over 1938 is 966.

Placements for 1939 were:

Male placements, 2,424; female placements, 992; total placements, 3,416.

Temporary, male, 1,938; permanent, male, 486.

Temporary, female, 524; permanent, female, 468.

Total temporary, 2,462; total permanent, 954.

Registrations, total, 9,947, with male, 5,531; female, 4,416.

December 31, 1940. The following bids were received December 18:

Anthony J. Ryan, \$12,995 per month; Coleman Brothers Corporation, \$13,000 per month; Marinucci Brothers & Co., \$13,200 per month; Joseph P. McCabe, Incorporated, \$13,875 per month; Martin J. Kelly, \$14,700 per month.

Upon December 30 the Mayor approved a contract with Anthony J. Ryan, the lowest bidder, for collecting and removing garbage and refuse in the Brighton district, at the rate of \$2,995 per month. The work to be done under this contract is to be completed December 31, 1940. The following bids were received December 18:

Anthony J. Ryan, \$2,995 per month; Moran Service, Incorporated, \$3,850 per month; Joseph P. McCabe, Incorporated, \$4,100 per month; Marinucci Brothers & Co., \$5,000 per month.

Upon December 30 the Mayor approved a contract with the Coleman Brothers Company, the lowest bidder, for collecting and removing garbage and refuse in the

satisfactory. In awarding this particular type of contract, certain vital facts enter into the consideration of the bids. First, the quality of work that the contractor has furnished in the past and also the fairness of the price to do the work well. Although the price of the Moore Company is higher, when all elements are taken into consideration, the community will be better served by Moore than by the low bidder. The work to be done under this contract is to be completed December 31, 1940. The following bids were received December 18:

Moran Service, Incorporated, \$4,660 per month; John J. Moore Company, \$4,825 per month; Marinucci Brothers & Co., \$5,100 per month; Martin J. Kelly, \$5,200 per month.

Upon December 30 the Mayor approved a contract with Coleman Brothers Corporation, the second bidder, for collecting and removing garbage and refuse in the Dorchester district, at the rate of \$13,000 per month. The work to be done under this contract is to be completed

Elm Hill district, at the rate of \$1,300 per month. The work to be done under this contract is to be completed December 31, 1940. The following bids were received December 18:

Coleman Brothers Corporation, \$1,300 per month; James Ryan, \$1,600 per month; Marinucci Brothers & Co., \$1,675 per month; Alvin J. Pieczkowski, \$1,680 per month; David M. Biggs & Co., \$1,698.12 per month; Anthony J. Ryan, \$1,700 per month; Joseph P. McCabe, Incorporated, \$1,735 per month; Ward General Contracting Company, \$2,178 per month; Martin J. Kelly, \$2,450 per month; Baker & Co., \$2,500 per month.

TRANSIT DEPARTMENT.

Upon January 2 the Mayor approved a contract with Robert F. Greene for terracotta blocks, Huntington Avenue Subway. Bids, opened on December 22, were as follows:

General Builders Supply Company, \$2,726; William S. Simpson, Incorporated, \$2,603.80; J. P. O'Connell Company, \$2,600; William C. Norcross Company, \$2,561.50; Robert F. Greene, \$2,466.40.

Upon January 2 the Mayor approved a contract with the Graybar Electric Company for round bore terra-cotta ducts, Huntington Avenue Subway. Bids, opened December 22, were as follows:

The Robinson Clay Product Company, \$4,032; Graybar Electric Company, \$2,758.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, during the period of water pipe construction, estimated to be sixty (60) days, vehicles are excluded from the following street, effective January 5, 1940:

Smith Street, Roxbury.

From St. Alphonsus street to Parker street.

Voted, That as urgently required by considerations of public safety and convenience, the following temporary amendments to the Revised Traffic Rules and Regulations of the City of Boston, which were adopted October 20, 1939, and were effective November 6, 1939, for a trial period of sixty (60) days, are hereby extended for a further trial period of sixty (60) days from January 5, 1940:

Section 8, Part 2, is amended by striking out the following:

Ashburton Place, Downtown Boston.
North side, from Somerset street to Bowdoin street, 7 a. m. to 6 p. m.
St. Cecilia Street, Downtown Boston.
Both sides, from Boylston street to Belvidere street, 7 a. m. to 6 p. m.

Section 8, Part 2, is amended by adding the following:

Arlington Street, Downtown Boston.
Southwest side, from Commonwealth avenue to Public Alley No. 422, 4 p. m. to 6 p. m.

Ashburton Place, Downtown Boston.
North side, from Somerset street to Bowdoin street, twenty-four hours.

Bulfinch Street, Downtown Boston.
East side, from Bulfinch place to Allston street, twenty-four hours.

Section 41 is amended by adding the following:

Harvard Street, Dorchester.
At Wales street.

SQUARE DEAL IN ASSESSMENTS FOR TAXATION.

Many cities are finding it greatly to their advantage to have their tax valuations periodically overhauled. The first criterion of any assessment is equity. For every citizen who wants through "pull" or however else to get off easy, there are twenty, nay a hundred who want a fair and square deal for all.

The appraisal of city real estate is a highly technical affair.

Few things are more important than the equalization of assessments. Particularly in cities that are cramped by an inflexible debt or tax limit, an honest, full value assessment may be a great boon. Without the slightest raise in the tax rate a substantially greater tax yield may be had.

FIRE DEPARTMENT ORDERS.

General Order No. 61.

I. CAPTAIN JOSEPH H. McLAUGHLIN.

It is with deep regret that the Fire Commissioner announces the death, on December 25, 1939, of Capt. Joseph H. McLaughlin of Ladder Company 11. Captain McLaughlin was appointed to the Fire Department on March 9, 1906. He was promoted to the rank of lieutenant on May 29, 1925, and to captain on December 18, 1933.

The funeral was held from his late residence, 36 Glendale terrace, Brighton, at 8 a. m., Thursday, December 28, 1939, followed by services at the Church of Our Lady of the Presentation, Washington street, Brighton, at 9 a. m.

The Chief of Department detailed the Military Drill Company to act as a funeral escort and the members of Ladder Company 11 were excused from duty in order to attend the services.

II. APPARATUS OPERATOR FRANCIS J. CAROLAN.

It is with deep regret that the Fire Commissioner announces the death, on December 26, 1939, of Apparatus Operator Francis J. Carolan of Engine Company 32. Apparatus Operator Carolan was appointed to the Fire Department on October 5, 1917.

The funeral was held from his late residence, 43 Cambridge street, Charlestown, at 9 a. m., Friday, December 29, 1939, followed by services at St. Francis de Sales Church, Bunker Hill street, Charlestown, at 10 a. m.

The Chief of Department detailed the Military Drill Company to act as a funeral escort and the members of Engine Company 32 were excused from duty in order to attend the services.

III. INVENTORY.

Form 1, Inventory Form, is being issued to the department today. These forms are to be filled out as of January 1, 1940, and returned to the office of the Fire Commissioner for his personal inspection on or before Monday, January 29, 1940. One form is to be given to each company commander and head of division.

In houses where more than one company is located the senior officers in command of the houses will include in their inventory all articles which are used in common by the various companies in the stations. They will note on the last page of inventory the fact that their inventory includes the house equipment.

IV. CHANGE OF STREET NAMES.

Notice has been received of the following changes in street names:

Carroll street, West Roxbury, has been extended over that part of Dent street from Lasell street to Brook Farm road.

That part of Gustine street, Dorchester, from Ashmont street for an approximate distance of 650 feet has been changed to Garner road, and renumbered from Ashmont street.

That part of Gustine street, Dorchester, from King to Rosslerin street has been changed to Daly street.

V. GENERAL ALARM CORPORATION SIGNALS.

The following signal numbers are to be added to running cards of the General Alarm Corporation in this department:

Signal 84—Jordan Marsh Company (Annex), 19-43 Avon street. Sprinkler.

Signal 85—Jordan Marsh Company (Francis Building), 43-53 Chauncy street. Sprinkler. Apparatus to respond to Signals 84 and 85: Engine 7, Ladder 17, District Chief 5. Nearest box is 13-1443.

Signal 86—Jordan Marsh Company (Shuman Building), 432-440 Washington street. Sprinkler.

Signal 87—Jordan Marsh Company (Summer street side) 15-25 Summer street. Sprinkler.

Signal 88—C. F. Hovey Company (Summer street side), 27-41 Summer street. Sprinkler.

Signal 89—C. F. Hovey Company (Chauncy street side), 9-19 Chauncy street. Sprinkler. Apparatus to respond to Signals 86, 87, 88 and 89: Engine 7, Ladder 17, District Chief 5. Nearest box is 1443.

Signal 91—Wm. Filene & Sons Company, 384-388 Washington street. Sprinkler.

Signal 92—Wm. Filene & Sons Company, 392-400 Washington street. Sprinkler.

Signal 93—Wm. Filene & Sons Company (Jones Building), Franklin and Hawley streets. Sprinkler.

Signal 94—Wm. Filene & Sons Company, 7-15 Franklin street. Sprinkler. Apparatus to respond to Signals 91, 92, 93 and 94: Engine 25, Ladder 8, District Chief 5. Nearest box is 1273.

Signal 95—Wm. Filene & Sons Company, 87 Hawley street. Manual fire alarm. Apparatus to respond: Engine 7, Ladder 17, District Chief 5. Nearest box is 1443.

Signal 96—Building, 480 Hanover street. Sprinkler-dry.

Signal 97—Building, 486 Hanover street. Sprinkler-dry. Apparatus to respond to Signals 96 and 97: Engines 8-31, Ladder 1, District Chief 4. Nearest box is 1235.

Signal 98—T. Noonan & Son, 38 Portland street. Sprinkler-wet.

Signal 99—T. Noonan & Son, 38 Portland street. Manual fire alarm. Apparatus to respond to Signals 98 and 99: Engine 4, Ladder 1, District Chief 4. Nearest box is 1223.

VI. BOSTON AUTOMATIC SIGNALS.

The following signals of the Boston Automatic Fire Alarm Company have been discontinued as of December 19, 1939:

Signal 312—Building, 480 Hanover street.

Signal 313—Building, 490 Hanover street.

VII. COMMENDATIONS.

Hoseman Charles F. Flynn of Engine Company 7 is hereby commended for volunteering and donating blood in transfusion to a patient at the Beth Israel Hospital on December 15, 1939.

Hoseman William G. Cole of Engine Company 24 is hereby commended for volunteering and donating blood in transfusion to a patient at the Beth Israel Hospital on December 15, 1939.

By order of Fire Commissioner
WILLIAM ARTHUR REILLY.

SAMUEL J. POPE,
Chief of Department.

POPULATION OF BOSTON, BY SEX, NATIVITY, ETC., 1930.

Total population, 781,188 (383,454 males and 397,734 females); ratio of males to females, 96.4 to 100 as against 97.2 to 100 in 1920. Native white, 529,400 (260,419 males and 268,981 females) or 67.77 per cent; sex ratio, 96.8 to 100. Of the 529,400 native whites, 200,130, or 37.80 per cent, are of native parentage; 248,653, or 46.97 per cent, are of foreign parentage and 80,617, or 15.23 per cent, are of mixed parentage (i. e., one half native). Foreign-born whites, 229,356 (111,261 males and 118,095 females) or 9.563 less than in 1920; sex ratio 94.2 to 100. The foreign-born whites are 29.36 per cent of total population. Negroes, 20,574 (10,223 males and 10,351 females) or 2.63 per cent of population; sex ratio, 98.8 to 100. The Negro population has increased 4,224 since 1920 and 4,993 since 1915. Other races, 1,858 (1,551 males and 307 females), or 0.24 per cent, comprise 1,595 Chinese, 69 Japanese, 43 Indian, 26 Mexican and 125 miscellaneous. Total foreign white stock, 478,009 (viz., 229,356 plus 248,653) which is 61.19 per cent of all inhabitants.

CIVIL SERVICE EXAMINATIONS.
(STATE SERVICE.)

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who files his application first will be given precedence. The lists established as a result of these examinations will be used to fill all vacancies in these classifications in the various state departments.

SUPERINTENDENT OF THE FIRE ALARM DIVISION, BOSTON FIRE DEPARTMENT,
JANUARY 27, 1940.

Last date for filing applications, Saturday, January 13, 1940, at 12 noon.

Salary: \$3,500 a year.

Duties: To have direct charge of the staff and facilities necessary for the reception and transmission of fire alarms by telegraph, telephone and radio. To have charge of the construction and maintenance of the fire alarm circuits and service. The daily duties of the Superintendent of Fire Alarm involve drafting work, supervision of fire alarm circuits, supervision of the operating staff, supervision of the construction force, placing overhead wires underground, and repairing damaged or broken fire alarm boxes and circuits.

Entrance Requirement: Applicants who have passed their fifty-fifth birthday will not be eligible to apply. A certificate of date of birth must be filed with the application unless one has been filed with a previous application.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

NOTE.—Information concerning the results of this examination will not be available until at least sixty days after the examination has been held. If the eligible list is established in the meantime, all applicants will be notified.

BUILDINGS RAZED.

The Mayor has approved the request of the Building Commissioner to raze the following structures as fire menaces or nuisances:

The buildings at 1, 2 and 3 Adams place, Ward 6.

The building at 263 Eustis street, Ward 8.

BUDGETARY CONTROL.

Prior to installing the present system of budgetary control, effective as of January 1, 1939, the city of Newark had no centralized accounting control over its budget commitments. The city's general ledger contained accounts for the various budget appropriations, and reflected disbursements out of the appropriations. However, commitments for work and material were not recorded in the city's accounts until after bills submitted by the vendors had been approved for payment by the Board of Commissioners. Consequently, financial reports could only show the amount of appropriated moneys that had not been disbursed out of any account. No recognition could be given in these reports to the unpaid purchase commitments, since the amount was not known. *The American City.*

PROCEEDINGS OF CITY COUNCIL.

Saturday, December 30, 1939.

Final meeting of the City Council of 1939 in the Council Chamber, City Hall, at eleven a. m., President MURRAY in the chair. Absent, Coun. Taylor.

RECREATIONAL BUILDING, CHARLESBANK PARK.

The following was received:

City of Boston,
Office of the Mayor, December 29, 1939.
To the City Council.

Gentlemen,—I transmit herewith letter from the Corporation Counsel relative to your order of October 30, 1939, concerning the appropriation of money being used from the income of the Parkman Fund for the construction of a building for recreational purposes on the Charlesbank Park.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Law Department, December 19, 1939.
To the Honorable the City Council.

Gentlemen,—By an order passed by your Honorable Body on October 30, 1939, you have asked my opinion as to "whether or not the appropriation of money from the income of the Parkman Fund for the construction of a building for recreational purposes on the Charlesbank Park comes within the terms of the will of George F. Parkman."

The governing portion of Mr. Parkman's will is contained in a codicil, executed January 12, 1887, which reads as follows:

"I devise said residue (of my estate) to the city of Boston to constitute a fund, the income of which is to be applied to the maintenance and improvement of the Common and the parks now existing and is not to be used for the purchase of additional land for park purposes. Any portion of said income which may not be required for the above purposes in any year is to be added to and invested as a part of said fund."

To comply with the provisions of the will an expenditure must meet two conditions, namely, it must be for the purpose of the maintenance and improvement of parks, and the park to which the expenditure is to be applied must be "now existing."

Whether the construction of a building for recreational purposes comes within the intent of the testator in using the words "maintenance and improvement" may, in my opinion, admit of some doubt. However, similar questions have, from time to time, been presented since 1909 when the bequest was accepted by the city, and the City Council in previous years, acting upon opinions of the then Corporation Counsel, has determined that in its judgment the construction of a music pavilion on Boston Common, the reconstruction of a men's locker house at the Charlesbank, and the building of a field house and bleachers at the Back Bay Fens were proper expenditures of the income of the Parkman Fund. Consequently, for the purposes of this opinion, I adhere to the position that the proposed construction of a building for recreational purposes would be proper within the meaning of the words "maintenance and improvement."

I pass now to a consideration of the meaning of the words "now existing" as affecting the question you ask me. Although the original Charlesbank Park, consisting of a strip of land about 200 feet wide paralleling Charles street and extending to the water's edge, was, in fact, in existence in 1887 as a park, it has been recently largely added to by fill, while at the same time some of the original area has been taken for the widening of Charles street. I am informed by the Park Commissioner that the only feasible location for the proposed bath house (which I understand is the building referred to in the Council order) would be near the water's edge and on the area recently added by fill. It has been ruled by former Corporation Counsel Samuel Silverman, in an opinion to the Park Commissioner dated March 10, 1930, with reference to Highland Park, part of which existed in 1887 but part of which was added by a taking in November, 1913, that the "income of the Parkman Fund may be expended on that portion of Highland Park which existed prior to 1887 but cannot be expended on that portion of the park which was acquired by the city in 1913." This opinion, with which I concur, was based, in part, upon the report of a special committee, transmitted to the City Council by former Mayor Andrew J. Peters under date of December 29, 1921, and printed as City Document No. 103 of the year 1921, reaching the conclusion that "parks now existing" meant parks existing on January 12, 1887, the date of the codicil, and not those in existence on September 16, 1908, the date of Mr. Parkman's death. Even if the latter date should apply, the fill upon which the building is proposed to be constructed is of such recent date that this condition of the will is not complied with.

If, therefore, the site of the proposed building is to be on the area of the Charlesbank existing in 1887, the building may properly be constructed from the income of the Parkman Fund. If, however, the site of such a building is to be upon

the area recently added by fill, the proposed expenditure would not be within the terms of Mr. Parkman's bequest.

Respectfully submitted,
HENRY PARKMAN, JR.,
Corporation Counsel.

Placed on file.

SIDEWALKS, FLORENCE STREET, WARD 19.

The following was received:

City of Boston,
Office of the Mayor, December 29, 1939.
To the City Council.

Gentlemen,—I transmit herewith letter from the Public Works Commissioner relative to your order of December 11, 1939, concerning the construction of new sidewalks along both sides of Florence street, Ward 19, under the W. P. A. type of construction.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department,
December 19, 1939.

Mr. William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Mr. Doyle,—I return herewith order in City Council that the Commissioner of Public Works construct new sidewalks along both sides of Florence street, Ward 19, under the W. P. A. type of construction.

Please be advised that this will be submitted for approval on a W. P. A. project during the coming year.

Very truly yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

CHANGE OF NAME OF ST. GREGORY'S COURT.

The following was received:

City of Boston,
Office of the Mayor, December 29, 1939.
To the City Council.

Gentlemen,—I transmit herewith letter from the Board of Street Commissioners' Chairman relative to your order of December 18, 1939, concerning the changing of the name of St. Gregory's court, Ward 17, to Monsignor Dolan court.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Street Laying-Out Department,
December 26, 1939.

Mr. William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Sir,—Replying to your communication of December 22, 1939, inclosing an order of the City Council that the name of St. Gregory's court, Ward 17, be changed to Monsignor Dolan court, I beg to advise you that Monsignor Dolan called at this office and expressed his opposition to the change as suggested.

I would also advise you that St. Gregory's court is a private way and the city would take no action regarding the name until such time as the street may be accepted as a public way.

Very truly yours,
JOHN A. DONOGHUE, Chairman.

Placed on file.

TURN AT ASTICOU ROAD AND WASHINGTON STREET.

The following was received:

City of Boston,
Office of the Mayor, December 29, 1939.
To the City Council.

Gentlemen,—I transmit herewith letter from the Boston Traffic Commissioner relative to your order of October 23, 1939, concerning the advisability of cutting away the excess portion of the sidewalk in the turn in Asticou road into Washington street, to relieve to some extent the traffic congestion at that point.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Boston Traffic Commission,
December 22, 1939.

Hon. Maurice J. Tobin,
Mayor of Boston.

Dear Mr. Mayor,—I have the honor to acknowledge receipt of Council order dated October 23, 1939, which reads as follows:

"Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to confer with the officials of the Boston Elevated Railway as to the advisability of cutting away the excess portion of the sidewalk in the turn in Asticou road into Washington street, to relieve to some extent the traffic congestion at that point."

A letter, dated December 19, 1939, signed by Edward Dana, President and Manager of the Boston Elevated Railway, in reference to this order stated that "we find that to relocate the elevated column at the corner of Asticou road and Washington street would require lengthen-

ing and strengthening a cross-girder, which would require shoring up in a manner which would interfere with outbound traffic. The cost would amount to approximately \$8,000, which, of course, would be added to the deficit assessment, and for that reason we would be reluctant to make the change."

It is our opinion that traffic is not interfered with to such an extent that this cost would be justified.

Respectfully yours,
WILLIAM P. HICKEY, Commissioner.
Placed on file.

VETO OF DRIVEWAY OPENING.

The following was received:

City of Boston,
Office of the Mayor, December 30, 1939.
To the City Council.

Gentlemen,—I return herewith without my signature and disapproved a permit for a driveway opening at 1871 Columbus avenue. At the present time at this location there are three (3) driveway openings of sufficient width, in my opinion, to accommodate the business conducted at the location.

The Public Works Commissioner does not approve any further widenings at this location and for this reason I veto the attached permit.

Respectfully,
MAURICE J. TOBIN, Mayor.

Placed on file.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz.:

Claims.

Sarah Bikofsky, for compensation for damage to car by fire engine.

Maurice F. Cavanaugh, for compensation for loss of clothing while a patient at City Hospital.

Colonial Real Estate Trust, for compensation for damage to property at Massachusetts avenue, caused by Public Works Department employees.

Bart J. Cronin, for compensation for injuries caused by an alleged defect in Tremont street.

Esther G. Croston, for compensation for damage to car by city truck.

Louis R. DeVoto *et al.*, for compensation for damage to property at 21 Unity square, caused by defective water pipe.

Austin Doherty, for compensation for loss of overcoat taken from City Hospital.

Mrs. Fillie Drinkwater, for compensation for injuries caused by fire apparatus.

Robert A. Ellis, for compensation for injuries and damage to car caused by an alleged defect in Charlestown Bridge.

Josephine M. Howe, administratrix, estate of D. Gertrude McDaniel, for compensation for damage to property at 1442 Tremont street, caused by digging by Water Department.

John C. Kelly Plumbing Company, for compensation for glass broken at 1246 Tremont street by Public Works Department.

Warren Kidd, for compensation for injuries caused by garbage truck.

Samuel A. Levine, for refund on second-hand license.

Sarah Rosenberg, for compensation for damage to property caused by an alleged defect in Euston road, Brighton.

Scott Furriers, Inc., for compensation for damage to truck by city truck.

Sidney Amusement Company, to be reimbursed for expenses incurred in repairing break in water main at 50 Scollay square.

Herbert T. Wadman, for compensation for damage to car by ash cart.

Harry B. Wilson, for compensation for damage to car by ash cart.

Committee on Ordinances.

Petition for driveway openings: Davis & O'Connor, at 272-273 Washington street, Ward 22.

APPROVAL OF TAX TITLE RENEWAL LOAN.

Notice was received from the Emergency Finance Board of vote passed December 22, 1939, approving passage of tax title renewal loan for City of Boston.

Placed on file.

REPORT OF SPECIAL COMMISSION TO DIVIDE SUFFOLK COUNTY.

A report dated December 20, 1939, was received from the Board of Special Commissioners to Divide Suffolk County into Representative Districts and to Assign Representatives Thereto. Placed on file.

CONSTABLE'S BOND.

Notice was received from the Acting City Treasurer of approval of surety on constable's bond of Louis Franzosa. Approved by the Council.

APPOINTMENT OF JOSEPH A. CAHALAN.

Notice was received from Health Commissioner H. F. R. Watts of appointment by him of Joseph A. Cahalan, Secretary of Health Department, to act as agent of Health Department until further notice.

Placed on file.

MINORS' LICENSES.

Applications for minors' licenses were received from twenty-six newsboys and seven bootblacks. Licenses granted on the usual conditions.

PRICE OF MILK TO WELFARE AND W. P. A. FAMILIES.

Coun. SULLIVAN offered the following:

Whereas, The action taken by the Massachusetts Milk Control Board, necessitating an increase in the price of milk to welfare and W. P. A. families, is obviously far-reaching and distressing in its effect; and

Whereas, The action of the Board will deprive Boston's, and the entire Commonwealth's neediest citizens of the privilege of obtaining this vital food necessity at a price within their means; and

Whereas, It will further hamper the possibility of municipal economies, in view of the fact that the welfare allowances of a goodly portion of 60,000 needy Massachusetts families must be increased; and

Whereas, 500 men, actively employed in the Surplus Commodities Division, who will be severed from the W. P. A. pay rolls, must ultimately turn to the Public Welfare Department for aid; and

Whereas, Both the Federal Relief Agencies and private enterprises have been unable to assimilate thousands of such white-collar workers as are engaged on these projects; and

Whereas, 20,000 farmer producers will suffer by the closing of the surplus commodities market to them; therefore, be it

Resolved, That his Excellency the Governor be requested, through his Honor the Mayor, to instruct the Massachusetts Milk Control Board to reconsider and rescind its distressing order at once.

The question came on the passage of the preambles and resolution.

Coun. SULLIVAN—Mr. President, I think it is a great pity, judging from what I saw in a Boston newspaper this morning, that the Massachusetts Milk Control Board should have taken the position that it is reported to have taken, which will result in increasing the price of milk to the neediest citizens of the Commonwealth, and practically depriving them of this vital food necessity. It seems very clear that no one will benefit by the action taken by the Board. As Mr. Stalker, director of the State Division of Surplus Commodities of the State Public Welfare Department, says, if the action proposed by the Massachusetts Milk Control Board goes into effect it will of necessity seriously interfere with and prevent the present distribution of this surplus commodity to our needy citizens, amounting to 55,000 quarts a day. Many of our neediest citizens are absolutely dependent upon this furnishing to them of a vital food commodity. To raise the price in the way proposed will be absolutely inhumane. Today those on welfare can get milk at five cents a quart, but the proposed action will mean a serious increase, to perhaps eight cents a quart. We read in the Boston papers this morning that the death rate in Boston has been lowered for several years, and I believe the mortality rate for 1939 is the lowest ever recorded here. That has been particularly true in tuberculosis. I feel that this result has been especially due to the humane activities that have been in evidence in the City of Boston in the matter of food supply, and the supply of milk has been particularly important in this respect. I know of many cases that have come to my attention where our very needy citizens have been able to obtain milk for their families, and the price at which it has been put has enabled them to obtain it for three or four years. But if the price is raised, as will be the result of this action taken by the Massachusetts Milk Control Board, a large proportion of our needy people will not be able to pay the price. The supply of milk has been one of the most valuable services of the Surplus Commodities Division. Our poor people must have milk, it is one of the main necessities of life. There is only one way of obtaining it; that is, to put the price within their reach. But the fact that it is an absolute necessity must be faced. If action such as is proposed here is put into effect, it will simply mean a reduction in the available supply of one of the vital necessities of life, and as a result we are going to see an increase in welfare costs throughout the city. The proposed action of the Massachusetts Milk Control Board is going to very seriously hamper and destroy the work of the Surplus Commodities Division. It is something that seriously affects the white collar man, as well as the others. I know what the Mayor of Boston will do in regard to this matter. I know that he, as a humanitarian, will immediately and gladly request his Excellency the Governor to instruct the Massachusetts Milk Control Board to reconsider and rescind its distressing order at once. Of course, I know of the activities of people in the milk

industry, who have been for the past few weeks over-running the State House and absolutely hampering and curtailing the welfare of the people of Massachusetts. The public has been absolutely disregarded, and is being disregarded today by the Massachusetts Milk Control Board. We must do something about it. I have every confidence in the humanitarian impulses of the Governor, as I have in the humanitarian impulses of our Mayor, and I feel that he will certainly instruct the Milk Control Board to rescind its action. I think that is certainly a present that we should receive from Beacon Hill for the New Year.

Coun. SHATTUCK—Mr. President, it appears to me that this subject is outside the jurisdiction of the City Council and, furthermore, the order as presented contains a recital of a long list of alleged facts dealing with matters not before us, and upon which we have heard no statement. We have not even asked the parties to come in and state their position before taking action. I do not think that we should adopt an important resolution based upon a long list of alleged facts concerning which we know nothing. I would, therefore, move reference of the matter to the Committee on Rules.

Coun. SULLIVAN—Mr. Chairman, this is simply a request, like hundreds of others that we have made during the year, and I do not believe the time has come when the Boston City Council cannot make a request in a matter of this kind that so deeply concerns our citizens. Certainly, we are not to be told that we cannot make a request of this kind in such a case, a matter that so deeply concerns our neediest citizens. I feel that we are here to represent the feelings of the people of Boston, and I feel, from what I have heard on the street and in gatherings of people of this city, that they are absolutely against the action that has been taken by the Massachusetts Milk Control Board. It is a matter that deeply concerns and affects our citizens, and I feel that we should at this time request the Mayor to ask his Excellency the Governor to have that order of the Massachusetts Milk Control Board rescinded. The motion to refer to the Committee on Rules was lost.

President MURRAY—This being the last meeting of the Council of 1939, the Chair feels that the matter should be referred to the Executive Committee.

The preambles and resolution were referred to the Executive Committee.

WATER BILLS, OLD HARBOR VILLAGE.

Coun. WILSON offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to advise the City Council:

1. Whether all water bills for the year 1938 have been paid for water furnished Old Harbor Village and if not, what amount remains unpaid.
2. Whether all water bills for the year 1939 have been paid for water furnished Old Harbor Village and if not, what amount remains unpaid.
3. Whether water bills have been regularly rendered to the Boston Housing Authority for water furnished Old Harbor Village during each quarter in 1938 and in 1939.
4. What rate is charged for water bills to the Boston Housing Authority for water furnished Old Harbor Village.

Passed under suspension of the rule.

PAYMENT FOR COPIES OF CITY RECORD.

Coun. WILSON and KELLY offered the following:

Ordered, That the publishers of the *City Record* be requested, through his Honor the Mayor, to advise the City Council whether the money of the taxpayers was directly or indirectly used in payment for copies of Volume 31, No. 47, of the *City Record* which were distributed at the Grover Cleveland School hall on the evening of December 18, 1939, and if not, then what person or organization paid the printing bill.

Coun. WILSON—Mr. President, with reference to that order, I wish to state that at a meeting held in the Dorchester district, at the Grover Cleveland School hall on the evening of December 18, on the question of housing, there were distributed at the door hundreds of copies of that part of the *City Record* setting forth the address of Mr. Breen at the Boston Housing Authority's meeting on December 13 at the Hotel Bradford. As a result it seems to me the question asked in this order is quite properly raised, by whose authority and at whose expense these copies of the *City Record*, in the effort to mould public opinion, were handed out to people at the door? Without rancor, but merely that it may be explained as a matter of record, I would also like to know why this mimeographed letter should have been folded in the copies of the *Record*. I will read it, paragraph by paragraph, commenting upon it as I go along:

"December 15, 1939.

Dorchester All-Together Movement,
317 Geneva Avenue, Dorchester, Mass.
Gentlemen,—I wish to publicly thank your organization for the publicity that you, through the columns of the *Dorchester Argus*, are so generously giving to me for the grand, humane stand that I

have taken to rid Boston of its thousands of cold, leaky, unsanitary, dingy pest holes, fire traps, shacks unfit in every way for human habitation, even though Councilor Robert Gardiner Wilson, chiefly because of partisan political reasons, does not agree."

In reference to that statement, I wish to say at the outset, as a matter of record, that, of course, my attitude on the question of Federal housing has not been because of any partisan viewpoint, but because of my opinion, however the purposes of the Housing Act may be expressed, that the net result has been of no benefit to the poor and destitute, for whom the housing act was supposed to be intended. The result has simply been competition with private interests, with the apparent inevitable result of ultimate bankruptcy to the City of Boston if its operations continue as they have started, finally getting in clear up to our necks. As a matter of fact, Mr. Breen referred on December 13 to 2,739 sub-standard units, principally three-family houses, which would mean the demolition of approximately nine hundred buildings, many of them brick, over the heated opposition of the owners, many of whom were residents of the buildings demolished. The second paragraph says:

"It is a vote proudly given in support of our kind humanitarian President, Franklin D. Roosevelt, our courageous, capable, businesslike and youthful Mayor of Boston, Maurice J. Tobin, and of our own loved and respected priest, whose interest is always with the children and the success of his people,—a man who believes that cleanliness, which is not possible to be had no matter how hard a discouraged mother may scour and scrub to obtain it in these hovels, is next to godliness. I refer to the pastor of St. Matthew's parish in Dorchester, the Reverend Father Thomas R. Reynolds."

I would say in response to that, that I, of course, have the highest admiration for the reverend gentleman referred to, largely because of the fact that his church is located in the ward I represent, and I have repeatedly carried the precincts in which the splendid churches out there are located. But I do feel that those reverend gentlemen and a very respectable number of their parishioners are not so strongly in favor of Federal housing as now operated in the City of Boston. I believe most of the reverend gentlemen would agree that the way the act is being carried out is disappointing, that it has not been a matter of slum clearance or in the interest of the poor of the City of Boston, but has simply resulted in the housing of self-supporting families, averaging at least \$25 a week. Then, the third paragraph:

"Were I not previously engaged, I would be present at your meeting, proudly giving my reasons more in detail for a vote that I could not conscientiously change. A vote primarily against the owners of these shelters which are not much better than broken-down hencoops or wind-blown tents, and whose selfish interest is to drive up in their luxurious cars, collect the rents, do no repairs, chase in town for abatements, and drive home to their palatial residences in Milton."

I say in response to that, that over 16 per cent of all the families who have been forced to vacate buildings in the City of Boston, which have been demolished, owned and lived in the buildings. They have not been people who drove about in luxurious cars, but they lived in good, decent houses which, however, have been demolished. Not less than 187 living in that part of the city known as Charlestown owned buildings which were demolished, and in the great majority of cases had to move out over their strong objection. If there were any hencoops or wind-blown tents, they must have been places into which those persons who were obliged to get out had to go. Undoubtedly, some of them may have had to get into hovels or wind-blown tents, or places just as bad, because certainly few, if any of them, would be able to get into the expensive housing projects although those projects under the Housing Act were supposed to be for tenants of that kind. The fourth paragraph:

"I am no better than the people who are forced to accept these conditions, and if I can live in cleanliness and in proper sanitary conditions, which is also true of Councilor Wilson, then, by heavens, if I have any say, they, too, shall enjoy the same."

But, I repeat, the most glaring weakness in these housing projects is that the occupants of the buildings being demolished have not been and are not eligible as tenants in the projects. As a matter of fact, they have been forced to migrate to other localities and have not been eligible as tenants in the projects in the sections where the buildings have been demolished. Then, the final paragraph:

"In conclusion, let me add that the residents in and around the Fields Corner section of Ward 15 have been needlessly alarmed and I can assure them that the rumor of having their houses purchased is without foundation. Maybe this will be disappointing news to the many who would like to find a purchaser."

Let me say in reference to that closing paragraph, that if that be so, then why do employees on the pay roll of the Boston Housing Authority want the taxpayers' money to make a survey of that particular section of the Dorchester district, including my ward and Ward 15, so ably represented by Councilor Kelly? I merely put this in the record because reference is made to my name, which should please me, because, in the face of the propaganda that would mark those

opposed to these housing projects as opposed to the poor. I am glad that my name is included among those who, even with the danger of being misunderstood by the public, can read between the lines of the Housing Act and see the purposes with which it is being carried out. Those of us who oppose it feel that if money is supposed to be spent for a worthy purpose it should be used for such a purpose and that in this case it should be spent for the benefit of those for whom it was intended. I have here also a letter which was sent out to every resident of Old Harbor Village, sounding the call for them to be sure to be at the meeting of the Boston Housing Authority at the Hotel Bradford on December 13, and saying that they should be there "with the highest degree of enthusiasm," and should "prevent the opponents of housing from securing the choice seats," and that "their presence in great numbers at this meeting will give deserved encouragement to the speakers." This letter was sent out and delivered to every one of the 1,016 apartments in Old Harbor Village, to pack the meeting with a one-sided applauding section. That accounted for the cheering section that did attend that meeting.

Coun. SHATTUCK—Mr. President, I would like to ask the gentleman from Dorchester if he recalls how many families from Dorchester, who were taken out from their homes, were put into this Old Harbor Village project?

Coun. WILSON—My recollection is about 300.

Coun. SHATTUCK—I think the number from Dorchester, the largest section of the city, ran up to about 350, but the larger number came from other sections, many from the ward I represent, where I insist that there are no slums.

Coun. CHASE—Mr. President, perhaps the gentleman from Dorchester (Coun. Wilson) can enlighten me. Where are the slums in Dorchester?

Coun. WILSON—Well, I have the honor and pleasure to represent the central Dorchester ward. It covers about one and one half miles from Geneva avenue to the Neponset river, and extends from Morton street to Peabody square, and there are certainly no slums. One family moved into the project from Algonquin street, Precinct 2, which, in my opinion, is as good a section as you will find in any district of the City of Boston, barring none.

The order was passed under suspension of the rule.

TAXES ON YOUNG'S HOTEL PROPERTY.

Coun. WILSON offered the following:

Ordered, That the Corporation Counsel, through his Honor the Mayor, be respectfully requested to respond to the City Council orders unanimously passed on November 13, 1939, as follows:

"Ordered, That the Corporation Counsel be requested, through his Honor the Mayor, to promptly advise the City Council:

1. The exact status of the tax title proceedings with reference to the so-called Young's Hotel property.
2. The amount of unpaid taxes, interest and costs, in detail, still outstanding against this property."

"Ordered, That the City Collector be requested, through his Honor the Mayor, to advise the City Council the amount due the City of Boston for each tax year from the owners of the so-called Young's Hotel property, including accrued unpaid taxes, interest and costs."

Coun. WILSON—Mr. President, I know that you and the other members of the Body will at least admit that I am very persistent, and I trust that the members of the Council who will be back next year will see to it that the information I have asked for is forthcoming. I am simply asking here that the Corporation Counsel, through the Mayor, be respectfully requested to respond to the order which was unanimously passed on November 13, requesting the Corporation Counsel, through the Mayor, to promptly advise as to the exact status of the tax title proceedings with reference to the so-called Young's Hotel property, the amount of unpaid taxes, interest and costs, in detail, still outstanding against the property, and that the City Collector advise the Council as to the amount due the city for each tax year from the owners of the Young's Hotel property, including accrued unpaid taxes, interest and costs. I certainly would like to ascertain for what particular reason this property has been so favorably considered through the years. It has now been abandoned, and from now on there can be no alibis, the courts having moved to their palatial quarters on Pemberton square. Therefore, I hope the members who come back here next year will bear this matter in mind, as I offer these final orders to the legislative body of 1939.

The orders were passed under suspension of the rule.

ERRONEOUS NEWSPAPER STATEMENT.

Coun. FITZGERALD—Mr. President, I ask unanimous consent to make a statement for the purpose of the record. At the last meeting of the

Council, in relation to the report of the Committee on Prisons on our semiannual inspections of the Suffolk County Jail on Charles street, an erroneous statement appeared in one of the Boston newspapers, namely, the Boston Herald, to the effect that I defended the action of former Sheriff Dowd. I wish to state that I made no such statement and do not approve of what took place under his administration if the evidence as presented by the Bar Association is correct, and I have every reason to believe that the charges will be substantiated.

FLOODING OF RONAN PARK AND CEYLON STREET PLAYGROUNDS.

Coun. KELLY offered the following:
Ordered, That the Park Commission be requested, through his Honor the Mayor, to flood Ronan Park and the Ceylon Street Playground for skating purposes and to keep open the locker buildings on same so that they may be available for persons desiring to use them.
Passed under suspension of the rule.

REPORT OF COMMITTEE ON CLAIMS.

Coun. LANGAN, for the Committee on Claims, submitted the following report:

ANNUAL REPORT OF THE COMMITTEE ON CLAIMS.

Claims pending January 1, 1939.....	1,395
Claims received during 1939.....	645
Claims disapproved during 1939.....	328
Claims approved during 1939.....	97
Amount paid out on approved claims.....	\$4,283 50
Reimbursements (suits against city employees).....	45
Amount paid out on reimbursements (suits).....	9,403 49
Reimbursements (cases against city employees, not suits).....	32
Amount paid out on reimbursements (not suits).....	773 85
Claims returned to Committee on Claims on which Statute of Limitations had expired....	108
Total amount paid out on claims during 1939.....	\$14,460 84
Claims pending December 31, 1939.....	1,430

The report was accepted.

INFORMATION FROM HOUSING AUTHORITY.

Coun. CHASE offered the following:

Ordered, That the Boston Housing Authority be advised, through his Honor the Mayor, that the City Council is patiently awaiting an answer from the Boston Housing Authority relative to the question of architect fees already paid and agreed to be paid to architects awarded contracts by the Boston Housing Authority.

Coun. CHASE—Mr. President, recently the City Council passed an order requesting the Housing Authority to inform this Body as to architects' fees paid or about to be paid under contract, on Federal housing in Boston. I sincerely trust and hope that the Housing Authority will comply with the order of the City Council. It has been commonly told, as a matter of common knowledge, that over a million dollars up to today has been contracted for out of housing funds, for architects. I would like to know, and I know that many other members of the Council would like to know, if these reports are true and I hope that the Housing Authority will give us that information.

The order was passed under suspension of the rule.

HOCKEY RINKS AT SAVIN HILL PLAYGROUND.

Coun. HUTCHINSON offered the following:

Ordered, That the Park Commission be requested, through his Honor the Mayor, to install hockey rinks at the Savin Hill Playground, Ward 13.

Passed under suspension of the rule.

ACCEPTANCE OF NEW WOODCLIFF STREET.

Coun. HUTCHINSON offered the following:

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out New Woodcliff street, Ward 13, as a public highway, under the W. P. A. plan of construction.

Passed under suspension of the rule.

RECESS.

On motion of Coun. ENGLERT the Council voted at 12.16 to go into executive session. The members reassembled in the Council Chamber and were called to order by President MURRAY at 1.18 p. m.

REPORT OF EXECUTIVE COMMITTEE.

Coun. WILSON, for the Executive Committee, submitted the following:

1. Report on resolution (referred today) regarding increase of price of milk to welfare and W. P. A. families—that same ought to pass.

Report accepted; said resolve passed.

2. Report on message of Mayor and order (referred December 18) transferring \$15,000 from Reserve Fund to Boston Housing Authority—that same ought to pass.

Report accepted and the question came on the passage of the order.

Coun. WILSON—Mr. President, as a matter of record, I want to have it appear clearly what this means. We are asked to provide \$15,000, to be expended by the Boston Housing Authority, which is not a city department, to all intents

and purposes not a part of the city government, and not answerable to it. On May 1 last year we passed an order appropriating to the Boston Housing Authority \$20,000. That appropriation was made on the distinct recommendation of the Mayor, based upon a letter to him from the Housing Authority, under date of February 24, 1938, stating the purpose of the desired appropriation, as a matter of record, as follows:

"This letter is to request that an appropriation of \$20,000 be made available for the Boston Housing Authority for its use during the remainder of the current year. The money will be used for the following purposes:

"1. The expenses in connection with taking over Old Harbor Village, particularly the expenses in connection with the investigation of tenant eligibility.

"2. Further study on projects already initiated.

"3. For development of new projects.

"4. General administration of the Housing Authority.

"Sums of money spent in connection with the Old Harbor Village project will be a first charge against revenues of the project, and any sum spent in that direction will be returned to the city treasury on or before December 31, 1938. It is also permissible for the Housing Authority to charge against the operation of any project a pro rata share of its own administrative expenses. Such sums of money as are collected from the projects in this manner will be reimbursed to the city treasury as they are received."

That vote was passed, as a matter of public record, following that letter, on February 28, 1938, to the tune of \$20,000, and no part of that money has ever been returned to the treasury of the city, from which it should never have been taken. We are now asked to appropriate more money in spite of the fact that that money which they promised to return has never been returned. I desire, as a matter of public record, to point out the ridiculousness of the thing, what a crazy idea it is. We were supposed to receive a service charge of \$15,000 a year from Old Harbor Village, while giving them twice as much as they were supposed to pay! When any body like the Housing Authority obtains such sums of money as that Authority has obtained from the City of Boston, on such a representation, which it has subsequently ignored, it is certainly ridiculous for this Body to pay out to them further sums of money. Even under W. P. A. specifications, the city is required to expend about 25 per cent of the amount for materials, but we have here appropriated \$20,000 and are now asked to appropriate an additional \$15,000, although there has been no return of the original amount appropriated, as promised. Why, under the circumstances, should an additional amount of \$15,000 be granted from the treasury of the City of Boston? I say that any member of the Council who votes for this \$15,000 is certainly voting with his eyes shut, so far as the interests of the taxpayers are concerned. Certainly it is not action that we should take in the closing hours of this branch of the city government for the year 1939.

Coun. CAREY—Mr. President, I recall no instance in which the Boston City Council has previously voted to appropriate money for W. P. A. projects except in connection with city departments, and it was brought out in executive session that the Boston Housing Authority is not a city department. Therefore, we have no right, in my opinion, to vote this money. Furthermore, we were told in print today that there is no W. P. A. provision for draftsmen, architects and engineers. This appropriation is for work of a technical nature, and it seems that men or women who have that kind of employment on such a project are to be paid by

the City of Boston. I want to know why they cannot have engineers, architects and draftsmen on W. P. A. Therefore, I will have to vote against the appropriation.

Coun. CHASE—Mr. President, I desire to second the remarks of the councilors from Wards 17 and 10 (Coun. Wilson and Carey). I cannot conceive of the Boston Housing Authority asking this \$15,000 for the purpose of sponsoring a W. P. A. project, and on the other hand telling the Boston City Council that they cannot encourage or sponsor on a W. P. A. project architects to be employed on Federal housing. Something obviously is radically wrong. The architects employed on Federal housing in Boston will receive over \$1,000,000 in fees. We were told originally that Federal housing would not only house the poor, but that it would put them at work and take care of the unemployed. How many of the unemployed have been engaged on Federal housing projects? What information does the Housing Authority give us in regard to the whole situation? Each and every member here is in the dark, and yet we go ahead and abide by the wishes of the Boston Housing Authority. We were elected by the people to represent the people and to ascertain the facts on every situation coming before us before giving our vote, and yet we have not obtained any facts on the architectural problem, have not obtained any information whatever to our satisfaction—at least, not to my satisfaction. I cannot subscribe to such hypocrisy. I don't see why we should "pass the buck," should grant to the Authority the \$15,000 which is to be used for a W. P. A. project, while on the other hand the Housing Authority says that they cannot employ unemployed architects, engineers or draftsmen. I certainly cannot as a reasonable man subscribe to any such thing, and I warn this Body, and inform the public, that later on a bombshell will break and many people will be injured.

Coun. NORTON—Mr. President, I am going to vote for the \$15,000, as I have voted for every order furthering Federal housing. This does not mean a looting of the treasury. The Mayor of Boston would not be a party to looting the treasury. Chairman Breen of the Housing Authority would not be a party to looting the treasury, nor would the other gentlemen making up the Housing Authority of the City of Boston. They are not looting the treasury, and you and I are not doing something wrong in voting for such an order. The gentleman has criticized the fact that the original \$20,000 was not enough. Well, while I have been in office I have seen many incorrect estimates. It is human to err. But this is an effort to carry on a humane work; no reasonable person can have any question about that. In years to come those who vote these sums for Federal housing will point with pride to the fact, and those who have opposed such humane work will not want to have their action referred to. It is not a disgrace to vote for this \$15,000; it is an honor. I can appreciate the hope that has come to many needy people living in my ward, in poor circumstances, the hope that is offered to children to be brought up under proper conditions of warmth and comfort. We have 2,200 children in Old Harbor. It is the children's paradise of New England. Johnnie Kerrigan can substantiate what I say, and I challenge anybody over there to question it. Ask the firemen, policemen and politicians living over there whether a new hope is not being offered to the people. And they are worthy and deserving families who have obtained quarters over there. If it were not so, if there was one undeserving family, you can rest assured that it would mean a headline in the papers. Somebody said to me, "Norton, there is a Boston fireman over there." "Are you sure?" "Positive." Well, I saw the record. I called upon John Breen, and he said, "We have one fireman. He does not live there, but is a fireman on the project and is getting \$30 a week." That shows how things are misrepresented. You have listened this morning to those who are constitutionally opposed to housing, the same as their forerunners were opposed to the hospital in 1860, just as they have opposed other great undertakings in the interest of the people. It was the attitude of the banks when the Federal Reserve Act went into effect. They said that the banks of America would be ruined. It was the same people who opposed the S. E. C., which remedied a situation where one man could upset the economic life by "rigging" the market. Still they said when the S. E. C. was proposed, "If you try to impose such restraints on us, you will ruin us." Such bankers, opponents of the City Hospital, opponents of other undertakings in the interests of the people have since admitted that they were wrong. I assure you gentlemen today that if you vote for this and for similar orders looking to the benefit of the people you will be proud of your vote in twenty years, and if you vote against such commendable action you will be ashamed of having opposed it.

Coun. SHATTUCK—Mr. President, in connection with the last appropriation of this kind that was made for the Housing Board, certain representations were given that were not fulfilled. The Board has not made good on those representations made when the \$20,000 was asked for and voted in 1939. The money was to be returned to the city treasury, and it was not returned. We have had no accounting of that money, and until we receive an accounting of the money we

have already appropriated I am totally unwilling to make another appropriation.

Coun. SULLIVAN—Mr. President, on its merits I have always favored Federal housing. When we are to have an expenditure of \$50,000,000 for housing, of course there must be a reasonable amount for maintenance. Therefore, I shall vote for this \$15,000 today. However, I am in somewhat of a dilemma, because under an appropriation of this kind, sponsored by W. P. A., 25 per cent must be furnished by the city for materials. So, having in mind the legislation, I cannot quite see how we can get around that.

Coun. AGNEW moved the previous question. The main question was ordered, and the order was passed, yeas 15, nays 6.

Yeas—Coun. Agnew, Englert, Fish, Fitzgerald, Galvin, Harris, Hutchinson, Irwin, Kerrigan, Langan, McMahon, Murray, Norton, Rosenberg, Sullivan—15.

Nays—Coun. Carey, Chase, Kelly, Lyons, Shattuck, Wilson—6.

3. Report on petitions for payment of annuities as follows:

The Executive Committee respectfully report that no further action is necessary on the following petitions for the payment of annuities on account of the deaths of members of the Police and Fire Departments, viz.:

Margaret Farley, referred December 31, 1937.
Mary A. Sreenan, referred January 10, 1938.
Alice M. Ralph, referred January 31, 1938.
Rose E. McCarthy, referred June 20, 1938.
Lulu F. Boucher, referred June 27, 1938.
Mrs. George E. Schiedel, referred June 27, 1938.
Edith M. Donnelly, referred August 8, 1938.
Mary M. Phelan, referred July 18, 1938.
Madeleine A. Groves, referred August 29, 1938.
Mary A. Kelley, referred September 12, 1938.
Helen M. Gormley, referred December 5, 1938.
Mary W. Boudreau, referred April 24, 1939.
Josephine L. Killian, referred April 24, 1939.
Theresa McLaughlin, referred May 15, 1939.
Marion E. Twigg, referred June 26, 1939.
Helen A. Shugrue, referred July 24, 1939.

On such petitions the statute requires the approval of the medical board, appointed thereunder, as a condition precedent before affirmative action by the City Council. In the cases listed the medical board has disapproved the petitions and further action by the City Council would be of no effect.

Accordingly, the committee makes this report for the purpose of completing the record, it being understood that the action recommended does not debar or prejudice the petitioners if their cases warrant further consideration.

The report was accepted.

REPORT OF COMMITTEE ON ORDINANCES.

Coun. SULLIVAN, for the Committee on Ordinances, submitted the following:

1. Report on message of Mayor (referred December 4) amending ordinance relative to distribution of handbills, etc.—that same ought not to pass, without prejudice.

The report was accepted and the ordinance rejected without prejudice.

2. Report on petition (referred today) of Davis & O'Connor Company for driveway opening at 272-278 Washington street, Ward 22—recommending that same be granted.

Report accepted; permit granted under usual conditions.

REFERENCE OF UNFINISHED BUSINESS.

Coun. ENGLERT offered the following:
Ordered, That all matters of business unfinished in their nature before committees of this City Council be referred to the City Council of 1940.
The order was passed under suspension of the rule.

PROTEST ON ELIMINATION OF LOW-COST MILK.

Coun. NORTON offered the following:
Ordered, That the Mayor of Boston consider the advisability of organizing a committee of welfare and charitable bureau officials who appreciate what low-cost milk means to Boston, to immediately protest to the Milk Control Board relative to the proposed elimination of low-cost milk.

Coun. NORTON—Mr. President, this order merely asks the Mayor, if possible, to appoint a committee of this kind. I was a leader in the fight for low-cost milk in Boston for four long years. Some of those opposing it thought that it smacked of paternalism. But certainly with 100,000 walking the streets it was clearly our duty to do what we could to relieve their distress. When people are hungry and are denied pure milk, the most valuable food, to my mind it is a catastrophe. Something should be done. There must be a way. Nothing is more important than this problem of milk.

The order was passed under suspension of the rule.

FINAL PROCEEDINGS.

Coun. KERRIGAN offered the following:
Resolved, That the thanks and appreciation

of the members of the City Council be extended to Coun. George A. Murray for the courtesy, the dignity and impartiality with which he has presided over the meetings of this Body during the present municipal year.

The resolution was read a second time, and the question came on its passage.

Coun. KERRIGAN—Mr. President, in introducing that resolution, I know that I express the sentiments of the whole Body in thanking you, Mr. President, for the admirable manner in which you have conducted yourself during the past year in the office of President of this Body. I move that when the vote is taken it be a rising vote.

Coun. AGNEW—Mr. President and members of the Council, I would like to say just a few words at this final meeting of the Council of the year 1939. It marks the conclusion of my service after six continuous years as a member of this Body. I was allowed to perform that service through the graciousness of the people of my district. Six years ago they elected me to this Body as their representative in the city government. I have tried during that period to give to the people of my district what, in my opinion, they expected from me, sincerity of purpose and conscientiousness in my acts as a member. I feel that I have given to my constituents faithful and sincere service, and I would feel that my term in this Body would not be happily concluded if I did not make these few remarks for the record, expressing in my humble words my feeling of appreciation not only to the people of my district, who have thus honored me, but to those with whom I have become acquainted and whose friendship I have formed during my term of office. There is much in my heart that I will not forget, even after I return to private life among the people of Ward 21, and I will merely add that, although elected from one particular district of Boston, I have never lost sight of the fact that I was here in the interests of all the citizens of this city. In all my acts I have tried to show the citizens that I had their welfare at heart, in dealing with matters in which they were interested. At times I have been antagonistic to certain matters that came before the Council, but in doing so I felt in my heart that my action was in the interest of all the people, and I acted accordingly. At the close of my service in the City Council I would be remiss if I did not take the opportunity to extend my thanks and appreciation to those who have helped make my service in the Body a success. The heads of the city departments have been most kind and generous to me, so far as my district is concerned. The Mayor of Boston, whom I have consulted upon various matters, has been most kind and charitable to me. To the attachés of the Body I express my profound and sincere thanks for their kindness and their generosity. I wish particularly to express my appreciation to our City Clerk and his assistant. Both of you gentlemen deserve thanks from me for the great assistance you have given me. Upon my entrance to the Body I was advised that it would be well for me to consult with either of you gentlemen if I wished to be properly guided in my action. I have never lost sight of that advice and have continually followed it. Throughout my six years I have continually availed myself of the services of the City Messenger, the Clerk of Committees and their assistants, and the wisdom and friendliness of all the attachés has guided me in channels that led to the welfare of the people of my district. I leave the Body with a feeling of friendship in my heart that will survive through the years, with memories I can never forget, and with a feeling, however successful my efforts have been, that I have tried to serve the people of my district well and to serve my city well.

Coun. WILSON—Mr. President, in this the closing hour of my twelve years of service in the City Council, I would like to say just a few words. There are two men in this room today—the battle-scarred and exceedingly able veteran from Ward 3 (Coun. Fitzgerald), who has served with such great credit to the City of Boston, and my quiet and amiable friend, Councilor Englert, from the Jamaica Plain district—who were with me in this Body when I came here on the first Monday in January, 1926, fourteen years ago. I am glad to say that at least three of those original twenty-two are in this room today. We three especially have seen many changes in the Council and in the government of the City of Boston, serving, as we have, under four successive Mayors. Looking back over the years, I remember Tim Donovan, from East Boston, Dick Glendon, from Roxbury, Peter Murray of Ward 19, Johnnie Heffernan of Ward 22, and "Snappy" Sullivan from the Dorchester district, all of whom are not only no longer with us but have passed on to a better land. So I have sadly in mind the passing of those five during the time of my membership in the Body, for twelve or fourteen years is a long time in the life of any man. Personally, I also have the gratification of seeing here today, and perhaps introducing to the other members of the Body, my father and mother, who were in the room fourteen years ago next Monday, my good wife, and my seven-year-old son, who will perhaps thereby be helped later on in making a decision as to whether he will or will not keep out of politics. In line with what Councilor Agnew has said, I, too, wish to express my gratitude to the attachés who have been so kind and helpful to us through the years. I have in mind lovable Johnnie Baldwin, whom I particularly remember on each seventeenth of March,

— probably as lovable a character as we have had in City Hall during our service. Also, with the grace of God, I trust that there may be preserved to the city for years the services of so many of our able department heads,—men of the type of Park Commissioner Long and Division Engineer Morrissey, men of a type who would be a credit to the community in either public or private life. I wish also to add a personal note of appreciation of the City Clerk and his assistant, whose advice I have frequently followed, and perhaps if I had followed it more frequently through the years I would have done better. I want to thank the great majority of the city employees, who I trust realize how fortunate they are in being in the public service in these hard times. They have all shown me every courtesy and kindness through the years, and I greet them as my friends. I wish also to express my deep appreciation to the representatives of the newspapers of Boston, not because the retiring councilor from Ward 17 is a publicity hound, in plain terms, but because as members of the Council we are deprived of almost all affirmative powers, have not the right to pass anything over the Mayor's veto, and were it not for the boys of the press at City Hall it would be impossible for any member of the City Council in these past years, who desired any reform, to make his presence felt beyond these doors. It has simply been newspaper publicity that has allowed us to have the causes in which we were interested carried outside of these doors to the people, and in that way focus public attention on any important issue. I say for that reason, with the present City Council in its present condition and with the charter of the city as it is, our most vital allies are the Boston newspapermen. As I retire here, I want to express my appreciation to the residents of that great district who have been so generous to me and so patient with me in the past fourteen years, and who have made possible a public service that, I trust, has been of some use and value to the City of Boston. I wish to thank them, first, for the opportunity they gave me to render that service and, second, for the opportunity they gave me to form and cement friendships that I believe are worth-while and which are the finest possessions which a man's memory can keep. I know that all the members of the Council, sitting in this Council Chamber for the last time today, will agree with me when I say:

"Life is sweet just because of the friends we have made,

And the things which in common we share;
And we want to live on, not because of ourselves,

But because of the people who care;
It's giving, and doing for somebody else;
On that, all of life's splendor depends;
And the joy of this world, when you've summed it all up,

Is found in the making of friends."

Coun. ROSENBERG—Mr. President and members of the Council, today marks four years of my service in the Boston City Council, and as I look back over the four years I have many pleasant memories. On entering this building I was presented to three gracious gentlemen. One has gone to his reward, the late lamented Johnnie Baldwin. The other two were our genial and venerable City Clerk, Wilfred Doyle, and that philosopher and gentleman, City Messenger Leary. They welcomed me into the city government, and during the years of my service I have attempted to follow the advice that these men gave me at that time. I am also reminded of a little poem, entitled "Make Life Better."

"This world is very fair to see,
Loaned for awhile to you and me,
And we must live from day to day
To make life better for our stay.

With busy brain and happy heart
Let us go forth and do our part,
To lift upon life's load of care
And carry sunshine everywhere.

For there are souls bowed down in grief
To whom we can bring sweet relief.
The helping hand and words of cheer
Will prove to them a friend is near.

What greater pleasure can we know
Than helping other souls to grow?
It is in life a gracious gift—
So let us labor—love and lift."

During my service in the Boston City Council I have attempted, in so far as it has been humanly possible, to give to the constituency of the district I have represented the best there was in me, for the welfare of the people of the district and to the citizens of Boston as a whole. I am grateful to the residents of my community for having given me the opportunity to serve four years, under two Mayors, former Mayor Mansfield, and our present chief executive, Maurice J. Tobin, an experience that cannot be valued in money but that will live in my mind, and that has made me understand the life problems of our citizens and the work of our city. Also, and not least, are the friendships and the associations that I have formed, that will be lasting. I feel that we have gone through during the past four years perhaps the most critical period in the history of economic conditions in this country. The members of the

Council in the past four years have been called to great tasks. We have been confronted with the troubles of a large number of the citizenry in our districts, seeking our advice and our help. Personally, I feel that I have tried to do everything humanly possible to meet difficulties that have confronted us and to make this city a good place to live in. In considering the friendships formed in a Body such as this, I cannot let a moment go by without mentioning the able councilor from Ward 18, Clem Norton, who disregarded party politics two years ago, coming into my district and assisting me in my campaign. Clem voluntarily came and did his bit. He made the statement then, as he has made it quite often, "I am doing a most unorthodox thing." He has been doing the unorthodox things all his life. He has a kindly soul, not only for the people of his community, but those throughout the city, always working to bring about better conditions and trying to overcome the handicaps of the times we are living through. I want to state to you, Clem, that I appreciate from the bottom of my heart what you did for me two years ago. I shall always appreciate your cooperation and friendship. And sitting next to the councilor from Ward 18 (Coun. Norton) is that able, sterling statesman, Gardiner Wilson. They are two men with opposite points of view, but both sincere in their endeavors to accomplish what is best for our citizens, perhaps two of the greatest leaders in our city today. Gardiner Wilson also came and spoke unselfishly in my behalf, and I want to state on the floor of the Council that I appreciate his kindly services and want him to remember that, as I go through life, as a public officer or a humble citizen, if there is anything I can do which will be of service to him, I shall be only too glad to assist him, as I am sure other members of the Body will be. During the last four years I have served under three Presidents of the Boston City Council. The first was that great leader from Ward 3, John I. Fitzgerald, a kindly, quiet, unassuming representative of the people, but if there is anyone who can sound the pulse and sentiment of the citizenry of Boston it is John I. Fitzgerald. That ability was born in him, and he served as President of the Body with the greatest impartiality and ability. He is now leaving the service of this city, and our best wishes go with him. Following him came that lovable, kindly son of South Boston, Johnnie Kerrigan, whom all the members of the Council have learned to love and respect. He has not had much to say at times, but what he has said has always shown his kindness and his good heart. Today we bid farewell to our President, George Murray, to whom a well deserved tribute of the members of the Council is being paid. He has been fair and impartial. I feel that the members who have served for the last four years have been fortunate in having such fine men as Presidents, men who have been a credit to the City of Boston and who have brought respect and honor to the city. In looking about the Council, I see a number of members who should be given special commendation for their services in this Body and to our city. Such a one is Henry L. Shattuck, the councilor from the Back Bay, who has given such earnest, sincere, able and devoted service. He has gained the respect not only of the citizenry of Boston but of the Commonwealth. His service has been truly independent and conscientious. I trust that Henry Shattuck will continue to serve in this Boston City Council for many years to come, because we need men of his type, men of courage, balance, power, men who cannot be swayed by oratory but only by reasoning and sound principles of honest government. None but the highest respect should be bestowed upon him. I know that other members of the Council have been very gracious and friendly toward me during my service in the Body. Never during my four years of such service have I uttered an unkind word against any of the members of the Council, because I have regarded each and every member as a sincere and devoted friend, ready to do anything at any time to assist any member of the Council when he needed aid. I am grateful to the press, who have been so fair and impartial in recording the events that have transpired in the City Council. The representatives of the Boston daily press have surely maintained their reputation for being truly public-spirited citizens, representing a democratic press. The attachés of the Council have given great aid to each and every member, and particularly am I grateful for their help and assistance in everything that confronted me in working for that large district that I have represented, Ward 14. We have had a great many problems that have befallen us, but we have always managed to meet the stormy conditions that arose. We have with us the modest Commissioner of Fisheries, always with his quiet, friendly way (Coun. Agnew). He has been a good representative of the people of his district, and it is encouraging to find men of his type going to greater and loftier positions. I would like to say a kindly word to each and every member. My colleagues from the Dorchester district have been very kind. I feel that I owe a word of credit and appreciation to the citizens of my district who gave me the opportunity to serve the past four years as their representative. I have endeavored to obtain everything possible for the best interests of the citizens of Boston. I trust that, as the years go on, the members of the Massachusetts Legislature may perhaps enact legislation which will make individuals and persons,

not only in Boston but throughout the Commonwealth, think twice before they publish any libelous literature against any candidate for public office in this Commonwealth. I certainly trust that such legislation will be enacted and that such offenders will not dare to stoop to the tricks that are so common in the present era. I feel that the future should hold in store greater happiness and joy for all the members of this Council, and that is certainly my most sincere wish. I look back upon the past four years as the greatest experience in my life. I go forth with respect, love and admiration for everyone connected in any official capacity with City Hall, and I hope for all connected with the Boston City Council, for the department heads of the city with whom I have come in contact and have learned to love and revere, that in the New Year and in all their future lives they may have the blessings of Almighty God, and peace and happiness.

Coun. IRWIN—Mr. President, although I have been a member of the Body for a period of only two years, it would be impossible for me to depart without saying that I am leaving the City Council with a feeling of regret. That feeling, however, is tempered with happiness because of the memories of my associations and friendships here which will endure for the rest of my life. The recollections of my associations with my colleagues will always remain dear to me. I wish also to thank our City Clerk and Johnnie Hynes and all the attachés of the Body for the kindness and courtesy they have extended to me at all times. I wish to thank the Mayor for the many things he has brought to my district during my service in the Council and particularly recently for the reopening of the East Boston Relief Station. Naturally, with a great feeling of regret I saw the hospital closed, but it is now reopened, and that reopening gives to me a great feeling of satisfaction. I am extremely grateful to the trustees and to the Mayor for the humane act. In closing, I wish to each and every one of my colleagues success and happiness, from the bottom of my heart, in whatever they may undertake in later life.

Coun. FITZGERALD—Mr. President, I realize that the hour is late, but I would like to say just a few words on leaving this Body. In retiring, I naturally have my regrets but I have the recollection of happy moments as well. When I entered the Body there were with me only two of the members who are here today, the able councilor from Ward 17 (Coun. Wilson) and Councilor Englehart from Ward 11. The Council has changed a great deal since I came here. The first years were marked with many harsh debates and personalities that, I am glad to say, have died down. Naturally, I was a stormy petrel and took a somewhat vigorous stand on one side against some of the distinguished councilors from other sections on the other. There were two factions here, and as a result there were bitter debates and personalities, and the atmosphere here at times was not too pleasant. I have, however, enjoyed my service here and regret leaving because along with the bitter side there are happy memories behind me. I also wish to thank the attachés of the Body,—our City Clerk and his assistant, the City Messenger and his assistants, the Clerk of Committees Department, for all the courtesies that have been extended to me. My connection with City Hall extends back farther than that of any other member of the Body, even to the time when, eight years of age, I carried newspapers to different departments in the Hall and made contacts with Mr. Doyle, our City Clerk, Mr. Leary, our City Messenger, and others. At that time I began a friendship, which has since been continued and extended, with department heads and others who have been active in the civic life of Boston. I know that there is one member of this Body (Coun. Wilson) who, I believe, is destined for great future honors in this city and state. I feel that he will have a brilliant future if he follows along the line that he has been pursuing. As for my own defeat, one with whom I had worked and whom I trusted, struck hands with my political enemies and compassed my defeat. He left me and joined hands with others. I told him when he did so that he had given me the kiss of death, and probably will do so to others before he is through. I simply want to add a friendly word for one of our members who is going higher, and who well deserves any honor that may be conferred upon him. I refer to the honorable Senator from South Boston, Councilor Kerrigan.

Coun. KERRIGAN—Mr. President, as my career in this Body is coming to an end, I want first to extend my thanks to the people who made it possible for me to serve here among you. I feel indebted to my constituents, and any accomplishment of mine in this Body was simply intended to bring to them and to the people of this city generally what they deserved. I appreciate, and always will appreciate, the honor they have bestowed upon me. I have tried individually to grant their every proper request, trying always to do what could be done for my ward and for the entire city. I want to take this opportunity to thank each and every member of the Body for the cooperation and help they have given me during my six years in this Body. Politics is a funny game, but a good game. I shall never forget the friendships I have made here. I would like to go along the line and extend to each and every one of you the hand of friendship this afternoon. To you, Mr. President, serving here with me from South Boston and coming from an adjoining ward, I wish to say that I appreciate your

courtesy, your team work, your integrity and honor, on every occasion where it was possible for us to do anything for our district. You certainly did everything that possibly could be done, and where I needed help you have given it to me. I shall always appreciate the many acts of kindness you have shown to me. As I have said, I would like to go along the line, but time is pressing. There is one good friend sitting by to whom I feel greatly indebted and for whom I have a keen feeling of friendship that will endure the rest of my life because of his kindness to me. Unsolicited, he did everything he could for me. I refer to my good friend Henry L. Shattuck. I want also at this time to thank Wilfred Doyle for what he has done for me. Wherever possible, I have followed his instructions. He is a gentleman and a student of municipal government, and that goes for his assistant, Johnnie Hynes, a man I first met when I came to this Body to serve among you. He is a fine fellow, one of the finest. I also look at Ned Leary, one of the old guard from South Boston, Bill Walsh and our genial Clerk of Committees, Roy Green, to my mind one of the grandest fellows God ever created. In closing, I wish to extend my thanks and feeling of appreciation to all the attachés, who have made it possible for me and for the other members to render our duty to our constituents in this great city in a fitting manner. I appreciate the action of the members of the Body in the past in making me President, and enabling me to act at times as Mayor of this great city. I appreciate your kindnesses, and I close wishing you the greatest happiness in the world, a happy New Year and every success in the future.

Coun. McMAHON—Mr. President, I wish on this occasion, as I am leaving the Body, to indorse the remarks of all the previous speakers and perhaps thereby convey to you the respect I have for the members, each and every one. Just an additional word, and I am through. Some of the members have indicated that they are leaving the public service. I trust that the people of this city will not lose the benefit of their services in one way or another in the future. I have particularly in mind John I. Fitzgerald, John Kerrigan, Gardiner Wilson, Clem Norton, Jimmie Agnew, valuable men, experienced in public affairs and who know how to render good public service. Like soldiers on the battlefield, I feel sure that they will be called back some day to continue to render public service in one form or another. As for myself, may I take this opportunity to send a verbal message to the voters of my district who stood behind me in every contest I ever made, and who stood behind me in my last contest, but because I was fighting money, because I was fighting power and because I was fighting certain underground interests in this city, I was defeated. But I am coming back, whether in 1942 or not I don't know. I am not counted out, by a long shot, and I will be back to fight those same interests that fought me. I will say, however, that I would rather have my arm severed from my body than to be the emissary of the whiskey ring over this country that would corrupt girls or boys fifteen years of age. Because I fought certain of those interests I was defeated. But I am coming back. In the short time I have been here I have learned to respect those men whose duty it is to carry on the functions of the Body. I pay personal tribute to Wilfred Doyle, our City Clerk, and to John Hynes, his assistant, to City Messenger Leary, to the reporters, to our able stenographer, and to Mr. Walsh and others, wishing for each and every one of you a very happy New Year. I trust that in 1940 those who are to carry on will do so in the same spirit with which we have always acted here, having the best interests of the City of Boston at heart.

Coun. HARRIS—Mr. President, being the only woman councillor in a membership of twenty-two is indeed a distinguished honor, and for that honor given to me by my constituents I shall always be grateful. I have found my colleagues to be the grandest gentlemen, and I am thankful to them for all the courtesies that have been extended to me. I wish them all success in their undertakings.

Coun. NORTON—Mr. President, I simply wish to indorse everything that has been said here today. This is my last year in the city government. For the last ten years I have served in this Body, and it seems now almost like a dream. Life travels as speedily as the wind. Public life for all of us is brief. I hope that I can take defeat when it comes, as it must come in the course of time, in the same spirit that many of you, my colleagues, have taken it. I want to thank my fellow members for their kindness through the years. I want to thank the attachés of the Council for their assistance. I wish also to extend to the representatives of the newspapers my thanks and appreciation of their kindness to me at all times. In leaving this Body and all the good friends I have made here, I feel very lonely. Departing from the friends I see around me here I feel like Tom Moore, that great Irish poet, when he said:

"I feel like one
Who treads alone
Some banquet hall deserted,
Whose lights are fled,
Whose garlands dead,
And all but me departed."

He was an emotional Irishman, but emotion affects most of us upon occasion and at this time,

when we are about to say "Goodbye," a tide of emotion sweeps over me. Here I am sitting alongside of my colleague from Dorchester (Coun. Wilson), with whom I have spent so many years. We are as far apart in our philosophy as the poles, but I believe we both understand and appreciate each other. It has given me great pleasure to sit here alongside of you, a cultivated and able man. We differ, but we are still friends. I want to thank you, Sidney (Coun. Rosenberg), for what you have meant to me. We must realize, we who have been in public life for any length of time, the importance of fighting not over personalities, not over little details, but only issues. We are dealing in this Council with the most wonderful thing in the world, human life, and working here together for human betterment we obtain a broader outlook on what life means. I want, too, to thank the Mayor of Boston. He has been the finest Mayor I ever served with, a Mayor representing the youthful generation. I am proud of him. If he goes further, all I ask is to be the tail on his kite. Somebody said that Clem Norton was a candidate for Mayor. No, I am not ambitious. If I can only stay where I am, trying to do something for the good of the community in my humble way, I am satisfied. Run against that young man down there? No. I couldn't lick him, anyway! (Laughter.) You know, as well as I, the human behavioristic character of those in the political game. But we are in it today and tomorrow it is over. The fun is now. And we are much luckier than some, and let us be thankful for the good fortune we have. When I have seen people under the age of forty, hardworking, able people, with cancer, when I saw a young man of thirty-six at Deer Island with cancer, I said to myself, "Norton, how lucky a fellow you are!" I have good health. I can enjoy a nice meal today, while others better than I go without. But today, gentlemen, it is hard to say "Goodbye." I recently read a Chinese poem of the fourteenth century, and I think this is a very appropriate time to repeat it:

"There is a word bejeweled with bright tears,
The saddest word fond lips have ever spoken,
A little word that breaks the chain of years.

The memories it crystals cannot die,
'Tis known in every land, on every ocean,
'Tis called 'Goodbye'."

That is a word that will never die in any land. Goodbye!

President MURRAY—Fellow members and friends, before the Council adjourns, the Chair would like to say that he appreciates the splendid gesture you have made here today, honoring my service in the past year. I have attempted to conduct the business of the Chair with impartiality and fairness, treating each member of the Body as I would have liked to have been treated had I been sitting in your places. Your election of me as President has been a distinct honor for me and for the district I have the honor to represent. I certainly appreciate the action of my colleagues in selecting me to preside over our meetings. I have made many, many friends as a member of the Body, friends whom I shall always cherish and hold dear. I shall miss your company in the City Council. I shall miss the association I have enjoyed during the past four years. I shall miss being constantly with my colleague from South Boston, John Kerrigan. I have known John since the time when we both went to high school together and in the four years I have been here we have cooperated on every measure that we thought was for the good of our district and for the good of the City of Boston as a whole. I shall miss Clem Norton, and I shall miss the wisdom of Bob Wilson. I shall miss my talks with that great statesman from Ward 21, Jim Agnew. I shall miss my association with the various attachés. But, as our friend Clem Norton has said, political life at best is short. Somebody else has to take our place. Our government is founded on the principle of rotation in office. It has to be so, if progress is to continue. I shall miss the talks with Will Doyle and with John Hynes, when I have asked their advice on different matters. The days I have spent here have been the happiest days of my life. I do not intend to seek the office of City Councillor again, but I do wish for my successor the same splendid cooperation and assistance that I have enjoyed and I wish to thank each of you for the kindness with which you have treated me in the past year, and in my whole membership in the Body. I wish you, one and all, success and prosperity, and a very happy New Year. (Applause.)

The resolution was passed by a unanimous rising vote.

Adjourned *sine die* at 2.30 p. m.

CINCINNATI'S NEW SPORTS FIELD.

Cincinnati's outstanding recreational event of the past year has been the opening of its 200-acre Airport Sports Field—an instantaneous success. Although far from completion and lacking in many necessary facilities, it is already paying its own way. *American City Magazine.*

REVENUE BOND ACTS.

The 1936 issue of the "Municipal Index" contains a detailed study of the revenue bond acts in the thirty-three states which have enabling acts, and reports of all forty-eight states, showing what advantage has been taken of these acts by cities to finance the construction, operation and maintenance of sewerage systems and sewage treatment plants by service charges.

The table shows the status of revenue bond acts and other enabling acts in the different states, the dates when the acts became effective, and whether or not cities have taken advantage of the opportunity offered for financing bonds by service charges. In the case of states with no enabling acts, the table shows whether cities are charging sewer rentals under some other authority.

POLICE DEPARTMENT (STATISTICS FOR YEAR 1937).

Number of police force, December 1, 1937, was 2,262 (152 more than in 1936), viz.: the superintendent, 4 deputy superintendents, 27 captains, 67 lieutenants, 6 lieutenant-inspectors, 187 sergeants, 1,965 patrolmen and 5 patrolwomen, distributed in eighteen divisions, including the Traffic Division. Signal servicemen, 18; clerks, janitors, etc., 160, making the grand total personnel 2,444.

The cost of maintenance for calendar year 1937 was \$6,042,355, or \$202,702 more than in 1936.

Total number of arrests in year ending November 30, 1937, 95,948 (88,185 males and 7,763 females), or 14,600 more than in 1936; persons arrested on warrants, 14,212; without warrants, 58,052; summoned by the courts, 23,684; persons prosecuted, 58,391; of those arrested, 35,374 were released by probation officers or discharged at station houses and 2,183 were delivered to outside authorities, all others being held for trial; foreign-born persons arrested, 14,185, or about 14.78 per cent of the total; boys under seventeen years of age, 2,522; women and girls, all ages, 7,763; non-residents, 24,790, or 25.83 per cent of all arrested; minors, 8,402.

Drunkenness was the cause of 45,734 arrests, an average of 125 per day, or 47.67 per cent of total. This is 5,061 more than the number of such arrests in 1936 and 12,430 more than the average for the past five years. The prosecutions by the Homicide Division numbered 201; arrests for refusing to support family, 992; violation of City ordinances, 280; violation of traffic regulations, 10,194, or 5,482 more than in 1936; suspected persons, 5,426.

Sick and injured persons assisted, 9,281; insane persons taken in charge, 488; lost children restored to homes, 1,620; persons imprisoned, 6,935; persons fined, 17,556, the fines amounting to \$184,801; stolen property recovered, \$512,559; licenses issued, 21,897 (including 12,521 for dogs and 5,358 for vehicles and drivers), for which \$69,954.75 was received. Of 2,597 applications for license to carry loaded revolvers, 2,433 were granted.

Accidents from all causes in the streets, parks and squares caused death of 123 persons and injury to 6,985, or 7 less killed and 40 more injured than in 1936. Automobile accidents killed 86 and injured 4,413 or 11 less killed and 89 more injured than in 1936. The automobile fatalities were 69.9 per cent of total.

BOSTON'S HEALTH CONDITIONS SHOWING IMPROVEMENT WITH SEVERAL NOTABLE RECORDS MADE, ACCORDING TO BULLETINS MADE PUBLIC BY HEALTH COMMISSIONER DR. H. F. R. WATTS—THE LOWEST INFANT MORTALITY RATE EVER RECORDED WITH SEVERAL OTHER RECORDS ACHIEVED IN PRESERVATION OF HEALTH OF CITIZENS—REPORT MADE TO MAYOR MAURICE J. TOBIN.

According to figures secured from the Boston Health Department, this city has made several outstanding records in the matter of maintenance of health during the past year. The year 1939 recorded the lowest infant mortality rate ever known since the city began keeping records. Another achievement was the lowest record rate for pulmonary tuberculosis deaths, as well as a new low death rate for diarrhea and enteritis under two years. The Health Department

also has established the lowest death rate from lobar pneumonia. There have been no deaths from infantile paralysis for two years and but a single death from scarlet fever during the year. Despite these records, however, there has been a slight increase in the general death rate for the city, due to degenerative diseases, such as heart, kidney and artery ailments. The figures as compiled and issued by Doctor Watts, the Health Commissioner, read as follows:

BOSTON HEALTH DEPARTMENT—DIVISION OF VITAL STATISTICS.
STATISTICAL ESTIMATES FOR CALENDAR YEAR 1939, WITH FINAL FIGURES FOR FIVE PRECEDING YEARS.

	ESTIMATES.	FINAL TOTALS.

- OUTSTANDING FEATURES.
Favorable.
1. The lowest infant mortality rate ever recorded in Boston.
 2. A new low record rate for pulmonary tuberculosis deaths.
 3. A new low rate for deaths due to diarrhea and enteritis under two years.
 4. A marked reduction in the number of deaths from lobar pneumonia, producing the lowest death rate on record.
 5. Diphtheria, with three deaths, only one of which was a resident of Boston, also continues in the low rate class.

6. No deaths from infantile paralysis for over two years.
 7. Only one death from scarlet fever during the year.
 8. A decrease as compared with 1938 in the total deaths due to cancer.
- Unfavorable.*
1. A slight increase in the death rate.
 2. An increase in the deaths due to degenerative diseases (heart, kidney, arteries, etc.).
 3. Increases were noted in deaths due to broncho-pneumonia, diabetes and influenza.
- H. F. R. WATTS, M. D.,
Commissioner.

TAUNTON'S ASPHALT PLANT.

One of the functions of a city public works or street department is to operate as effectively as possible in the construction and maintenance of its streets and sidewalks and to produce the necessary materials for paving at the lowest possible cost. In some cities this is effected by the purchase of all paving materials in either the raw or the mixed stage. Taunton has used a city-owned 100-ton asphalt plant for street paving and maintenance and for sidewalk construction for ten years. Located in the city yard with the equipment repair shop and garage, the plant is housed in a 60 by 90 foot building with a 30 by 100 foot wing, which was formerly used as a foundry. *The American City.*

RECEIPTS OF MILK IN BOSTON BY RAIL. STATISTICS FOR YEAR 1937.

Total, 201,115,222 quarts (including 21,533,437 quarts of cream) or 190,884,037 by the Boston & Maine Railroad; 9,304,589 by New York, New Haven & Hartford Railroad; 926,596 by Boston & Albany Railroad.

The said total exceeds that of 1936 by 2,233,863, but is 35,786,309 below the receipts in 1931 which was the highest on record.

The receipts in 1937 of the Boston & Albany Railroad are the lowest on record for that railroad.

The maximum receipts of milk and also of cream in 1937 were in August; the minimum in February.

BOSTON AS A TOWN.

From its foundation until 1755, or a period of 125 years, Boston was not only the most outstanding but the most populous town in the American colonies. In 1760, Philadelphia's population was ahead, viz., 18,756, Boston's then being 15,631 and New York's about 14,000. In the last year of town government, viz., 1821, Boston's population was about 45,000 and its public debt \$100,000, all incurred for new county buildings.

The history of Boston as a town during a period of nearly two centuries surpasses in civic interest that of Boston as a city because of the untiring zeal and successful efforts of its townsmen to realize more of true democracy than had ever been attained before. Their obligations were held as sacred as their liberties.

FELLOWSHIP STUDIES IN TRAFFIC CONTROL.

Fifteen graduate fellowships, each with a stipend of \$1,200-plus up to \$200 for travel and field investigation have been announced by the Bureau for Street Traffic Research of Harvard University. The regular annual tuition fee of \$400 will be deducted from the fellowships, which have been made available through a gift to the University by the Automobile Manufacturers' Association. The officers of instruction are Miller McClintock, Director of the Bureau, and Maxwell Halsey, Assistant Director. Each of two full courses in street and highway traffic control consists of three one-hour periods a week, and additional problems, assignments and field work.

TAX TITLE LOANS. (Chapter 49, Acts of 1933 as Amended.)

Loans outstanding December 31, 1938.....	\$8,814,500 00
Loans issued during 1939.....	3,500,000 00
	* \$12,314,500 00
Less payments to Treasurer of the Commonwealth.....	3,814,500 00
Balance outstanding November 30, 1939.....	\$8,500,000 00

* Under the provisions of Chapter 49, Acts of 1933, this amount will be liquidated by monthly payments to the Treasurer of the Commonwealth, of receipts from Tax Titles pledged to the redemption of the Loan.

LOANS IN ANTICIPATION OF TAXES.

MASSACHUSETTS BAY COLONY.

The first chartered colony in New England, charter granted by Charles I on March 4, 1629. About a year before, a patent had been granted to six prominent men of Dorchester, west of England, among whom was Capt. John Endicott. He sailed in June, 1628, with a party of fifty or sixty persons, arriving in September and settling at Naumkeag, afterward named Salem. In the spring of 1629, the Bay Company fitted out three ships conveying about four hundred persons and arriving at Salem in June. Endicott sent a small party to effect a settlement on the Bay in Mishawum, afterward named by the settlers Charlestown, the first town in New England to assume the town polity, Plymouth and Salem being governed by a governor and council. Endicott was appointed in London as the first resident governor on April 30, 1629. The Massachusetts Bay Company was reorganized in London on October 20, 1629, when John Winthrop was chosen as governor. He arrived at Salem on June 12, 1630, soon proceeded to Charlestown with a large following and finding that place unsuitable, finally settled in Boston. Winthrop served thirteen years as governor in four different periods ending in 1649 and Endicott fifteen years at various times ending in 1665. Other governors were Thomas Dudley, Richard Bellingham, John Haynes, Henry Vane, John Leverett and Simon Bradstreet, the latter serving twelve years until 1692 when the Bay Colony and the Plymouth Colony were merged, becoming the Royal Province of Massachusetts Bay, which existed eighty-two years to 1774, the governors being appointed by the King.

The name, Massachusetts, is Indian and signifies "near the big hills."

POPULATION OF CITIES OF OVER 300,000, 1930.

New York, 6,930,446, an increase of 1,310,398 or 23.3 per cent over 1920, divided thus: Brooklyn Borough 2,560,401; Manhattan 1,867,312; Bronx, 1,265,258; Queens, 1,079,129; Richmond, 158,346. Other cities, with increase over 1920: Chicago, 3,376,438 (increase 674,733 or 25.0 per cent); Philadelphia, 1,950,961 (increase 127,182 or 7.0 per cent); Detroit, 1,568,662 (inc. 574,984 or 57.9 per cent); Los Angeles 1,238,048 (inc. 661,375 or 114.7 per cent); Cleveland, 900,429 (inc. 103,588 or 13.0 per cent); St. Louis, 821,960 (inc. 49,063 or 6.3 per cent); Baltimore, 804,874 (inc. 71,048 or 9.7 per cent); Boston, 781,188 (inc. 33,128 or 4.4 per cent); Pittsburgh, 669,817 (inc. 81,474 or 13.8 per cent); San Francisco, 634,394 (inc. 127,718 or 25.2 per cent); Milwaukee, 578,249 (inc. 121,102 or 26.5 per cent); Buffalo, 573,076 (inc. 66,301 or 13.1 per cent); Washington, 486,869 (inc. 49,298 or 11.3 per cent); Minneapolis, 464,356 (inc. 83,774 or 22.0 per cent); New Orleans, 458,762 (inc. 71,543 or 18.5 per cent); Cincinnati, 451,160 (inc. 49,913 or 12.4 per cent); Newark, 442,337 (inc. 27,813 or 6.7 per cent); Kansas City, Mo., 399,746 (inc. 75,336 or 23.2 per cent); Seattle, 365,583 (inc. 50,271 or 15.9 per cent); Indianapolis, 364,161 (inc. 49,967 or 15.9 per cent); Rochester, N. Y., 328,132 (inc. 32,382 or 10.9 per cent); Jersey City, 316,715 (inc. 18,612 or 6.2 per cent); Louisville, 307,745 (inc. 72,854 or 31.0 per cent); Portland, Oregon, 301,815 (inc. 43,527 or 16.9 per cent).

PROCEEDINGS OF CITY COUNCIL.

Monday, January 1, 1940.

The members-elect of the City Council assembled in the Council Chamber, City Hall, at ten a. m.

Senior member-elect SHATTUCK took the chair and called the meeting to order.

On motion of Coun.-Elect WARD, it was voted that a committee of two be appointed by the Chair to escort his Honor Mayor Tobin to the Council Chamber. The Chair appointed Coun. Englert and Chase said committee, and they retired, accompanied by the City Messenger, and presently returned with the Mayor and Chaplain and suite.

Mayor TOBIN took the chair, rapped to order, and said:

The audience will now give their attention while the Chaplain leads us in prayer.

The Chaplain, Monsignor Richard J. Quinlan, led in prayer.

In the name of the Father, the Son and the Holy Ghost, Amen. Direct, O Lord, our Mayor and the members of the City Council in their work for the betterment and advancement of our city. May they in all the work they carry on have Thy assistance. We pray Thee that all their undertakings may begin and end with Christ our Lord. In the name of the Father, the Son and the Holy Ghost. Amen.

At the conclusion of the prayer, the City Clerk read the communication from the Election Commissioners certifying to the election of members of the City Council for a term of two years, as follows:

Ward 1, James S. Coffey, 451 Meridian street.
Ward 2, William J. Galvin, 49 Monument avenue.
Ward 3, Joseph Russo, 42A Green street.
Ward 4, Perlle Dyar Chase, 136 Huntington avenue.
Ward 5, Henry L. Shattuck, 15 River street.
Ward 6, Joseph M. Scannell, 272 West Third street.
Ward 7, Thomas E. Linehan, 770 Columbia road.
Ward 8, William F. Hurley, 61 Magazine street.
Ward 9, Daniel F. Sullivan, 9 Highland street.
Ward 10, William A. Carey, 139 St. Alphonsus street.
Ward 11, Edward L. Englert, 18 Ifley road.
Ward 12, Charles I. Taylor, 181 Ruthven street.
Ward 13, Edward A. Hutchinson, Jr., 69 Saxton street.
Ward 14, Joseph J. Gottlieb, 17 Wales street.
Ward 15, John B. Kelly, 16 Inwood street.
Ward 16, Philip Austin Fish, 2 Fairfax street.
Ward 17, John C. Wickes, 14 Rosedale street.
Ward 18, James J. Goode, Jr., 169 Metropolitan avenue.
Ward 19, James M. Langan, 10 Rockview street.
Ward 20, Theodore F. Lyons, 100 Ardale street.
Ward 21, Michael J. Ward, 51 Wallingford road.
Ward 22, Maurice H. Sullivan, 76 Antwerp street.

The roll was called and it appeared that all the members of the City Council elect were present but Councilor-Elect TAYLOR, who was absent because of illness.

At request of the Mayor, the councilors-elect then rose, held up their right hands, and repeated after the Mayor the oaths of office.

The City Clerk then read the certificate of election of members of the School Committee for a term of four years, as follows:

Daniel J. McDevitt, 238 South Huntington avenue.
Joseph C. White, 116 Mt. Vernon street.
Clement A. Norton, 34 Myopia road.

The Mayor then administered the oaths of office to the members-elect of the School Committee, and to Joseph Lee and Frederick R. Sullivan, the present members of the School Committee.

His Honor the Mayor then delivered his address, as follows:

MAYOR TOBIN'S ADDRESS.

Mayor TOBIN—Chairman Shattuck, members of the Boston City Council, members of the School Committee, and citizens of the city.

Today marks the start of the second half of my administration as Mayor of the City of Boston. In all modesty, I feel entitled to express the opinion that our city government is on a sounder and more secure footing today than at any time in recent years. It is my sincere ambition that the improvements we may institute in the coming two years will make further valuable contributions to the progress and the general well-being of our city and its citizens.

To discuss even briefly the multitude of activities and accomplishments of the city government over a twelve-month period would result in a much too lengthy compilation of facts and figures. Consequently, it is my intention to touch upon only those matters of outstanding importance which have a peculiar interest at this time, or which have a significant bearing on the present or future fortunes of our city.

The first and most important topic which suggests itself is the financial condition of the city.

Finances.

The financial condition of our city government, present and future is of absorbing interest. Every function and every activity of our city government is dependent upon the state of our finances. What-ever may be claimed as progress or achievement unless accomplished in strict accordance with sound financial practice, and unless accomplished with due regard to our present and future financial resources, would result in progress and achievement in name, but certainly not in fact. In short, we may choose to pursue the perilous policy of large-scale expenditures beyond our means, or we may choose the safer policy of limited expenditures within our means. One choice leads to eventual financial destruction; the other to eventual financial security. We have chosen the latter policy. In choosing that policy we cannot hope to leave behind vast monuments of public works, but neither shall we leave behind a heritage of monumental debts for later administrations to meet, if they can.

When this administration took office two years ago I conceived it to be our first duty to so shape our course that any danger of collapse of the city's financial structure would be averted. This, I believe, we have accomplished. It is true that progress in this direction has not been rapid, but it is equally true that we have strengthened our financial structure to the point where there is no danger of financial collapse, and to the point where the credit standing of our city government is decidedly better than in recent years.

This administration, when it took office, was faced with the discouraging fact that our bond and temporary note issues were no longer attractive to potential purchasers. Many of the big financial houses of Boston and New York declined to participate in such issues. Financial experts and advisors to these financial houses were of the opinion that the credit of the City of Boston had been stretched to its limit. Just as credit is the lifeblood of the country, so is credit the lifeblood of our city government. Without such credit, the city could not meet its obligations and could not maintain its departments, nor could it dispense the welfare and relief so necessary in our community today.

Despite the fact that banks and financial houses had an overabundance of money available for loan, I am firmly of the opinion that the declared policies of this administration were the deciding factors which caused a reversal in our credit standing. No matter how glutted the money market might be, it is quite certain that credit would not be advanced to this, or any other city, unless there was every reason to have confidence in the eventual soundness of that city government.

Reference to a few figures will give a good idea of how our credit standing has improved in recent years. In 1930, temporary notes were floated at from 2.06 to 3.33. In 1933, notes called for between 4.25 and 5.75. The last issue in 1937 was at 1.75. The first issue under this administration in 1938 was at 1.58. A few days ago, a two and one-half million dollar temporary loan was made at .29, a new all-time low for our city. The same amount of money borrowed at the end of the last administration would have cost the city \$36,000 more in interest charges. It is gratifying to know that those who have money to risk, have confidence in our city government.

To maintain and improve our financial standing is still the primary goal of this administration. Deviation from this course, under present economic conditions, would be courting the very dangers we have averted. To deny, however, that there is great need and desirability for various public improvements would be a denial of a condition apparent to all. Nevertheless, it is my conviction that unless there is a decided change in economic conditions, or unless our city government is given substantial assistance by the state or national governments, it would be folly for us to pursue any other course.

Bond issues for capital improvements except of urgent necessity must, therefore, be deferred until such time as our credit and financial resources can withstand costly projects. It is not too difficult to visualize the great improvements that would follow the wise expenditure of large sums of money. An example of this would be the widening and construction of major highways in Boston proper, and large parking space areas somewhere near the heart of the city. But such a project involves a capital outlay of such a tremendous figure that it is possible of fruition only by assistance of other governmental agencies, and that assistance I hope will be given, for the reason that any project of this character will reflect its benefits on the whole Commonwealth.

During the past year our tax rate was decreased from \$41.30 to \$39.90, a drop of \$1.40 per thousand of valuation. At the beginning of the financial year 1939, it did not appear to be remotely possible that this could be accomplished. Every augury justified a prediction of a tax rate increase of four dollars. The chief factors which enter into our tax rate, and most of which are outside the control of city officials, made the tax rate outlook a discouraging picture.

It was incumbent, therefore, on city officials on matters under our own control, that we exhaust every possibility to keep the tax rate at its lowest possible figure. Our first concern was the maintenance and operating expenses of our city government—the so-called budget appropriations. After the most careful pruning, the budget appropriations, exclusive of relief department appro-

priations, were reduced over half a million dollars from the total of the previous year. Today, the City of Boston is operating, exclusive of relief departments, at a figure over a million dollars less than when this administration took office, and at a figure less than at any time during the past ten years, with the exception of the year 1934 when salary reductions were in effect. In fact, the budget of last year was cut so closely, that the regular functions and activities of some departments were in danger of disruption. It is extremely unlikely that the budget for 1940 can be further reduced unless vital and necessary functions of the city are to be dispensed with.

To reduce our own budget was not sufficient, however, to change the prospect of an increased tax rate. Nothing could be done to reduce the additional burden of Boston Elevated Railway Company deficits on the city. The increased Elevated deficit of close to nine hundred thousand dollars had to be met and absorbed. The School Department could, and did, however, follow the example of the city government by a reduction in its budget. The county officials cooperated to some extent and the result was a lower county budget than was earlier estimated. The state officials, aware of the tremendous state burdens on cities and towns, passed appropriate legislation which made it possible to counterbalance the state assessments on our city. Our own policy of barring new capital outlays except for emergencies, showed its first results by a reduction of two million dollars for debt requirements, and this reduction is the chief reason a tax rate increase was avoided.

With the same measure of cooperation of all parties during the present year, it is my hope that our tax rate will be no higher than in 1939, and if at all possible, a trifle lower. In the absence of new revenues we shall be obliged to borrow to some extent for relief expenditures. Legislation of recent years permits this policy to be followed in order that the extraordinary burdens of the depression may not engulf the whole population, and in order that a prohibitive tax rate may not be assessed on the property owners of our city.

Compared to many cities in our Commonwealth, our financial house is in good order. We have shaped our course along the way of stable and sound government. I believe our success in this, our most important endeavor, is worthy of more than mere passing mention, and truly indicative of our constant purpose to protect and preserve the financial structure of our city.

Tax Appeals; Valuations; Collections.

The losses in the assessed valuations of the city for the past twelve months will be approximately forty millions of dollars. In terms of revenue to the city, that represents a loss of over a million and a half dollars in much needed income.

The downward trend in assessed valuations still continues. Like a mysterious well we have not yet reached bottom. No amount of economies practised can seem to equalize the losses which we annually must fear from this, our main source of revenue. In ten years, the total valuation of the city has dropped approximately half a billion dollars, or almost 25 per cent, and there is yet no definite sign to indicate that a turn for the better is about to take place.

Every large city in our country is faced with this same serious problem. To maintain high valuations on properties which have lost their earning capacity, on properties that have lost their attractiveness through age or through changes in neighborhoods, on properties no longer fit for business, industry, or habitation, is unsound and unfair.

The stupendous loss in real property valuations in recent years seems to bear out the contention that real estate cannot continue to carry the present disproportionate share of the tax burden. The long-held principle that the major costs of local government are to be borne by real estate seems to have fallen of its own weight. If the burden of local taxation were more equitably distributed, the commercial ownership of real property would be a gainful pursuit, rather than a hazardous pursuit.

This subject of real property valuations cannot be fully discussed in a message of this kind. We, here in Boston, are meeting the situation to the best of our ability, attempting to be fair with petitioners, and yet keeping in mind that fairness to the whole city is the paramount consideration. We do not intend to allow owners of property to make the city pay for their mistakes of management, neither do we intend to make owners of real property pay high assessments when the value of that property has depreciated. We are meeting the situation that faces us with courage that a reversal in the present trend must soon come, or that some adequate substitution for loss of income from real property will be forthcoming. In the meantime, we must meet our many obligations as a city with shrinking revenues and with more or less constant expenses.

On the opposite side of the ledger from assessments is the problem of collections. Fortunately, the percentage of collections of 1939 taxes should be relatively the same as the collections for the year 1938. In other words, our collections of current year's taxes should be about seventy-seven or seventy-eight per cent. The collections for 1938 and 1939 were better than for any year since 1931. The record for 1939 collections is especially good in view of the fact that tax bills were sent sixty days later than in 1938, and in view of the fact

that the New Haven Railroad is withholding a payment of three quarters of a million dollars, which, if received, would have increased the 1939 record of collections over that of 1938. Collections on motor vehicle excise taxes have increased about \$75,000 over the previous year.

In view of the fact that no tax sale has been held during 1939, with its consequent spurt in collections, I submit that the City Collector of Boston has performed his duties in a manner that deserves public commendation.

Legislation.

The Legislature continued its sympathetic cooperation with our city government during the past year. Most of the bills introduced by this administration were enacted into law by the General Court and approved by his Excellency the Governor. The most important, from the viewpoint of the city's finances, was the bill providing for the distribution of one third of the Highway Fund for local highway purposes, enacted as temporary legislation for 1939 and for 1940. The amount to be distributed each year will be \$9,600,000, of which Boston will receive over two million dollars in each of the two years. Boston's share of this distribution offset, in large measure, the extraordinarily large state tax assessed upon our city during the year. It is the kind of legislation which might well be permanent, rather than temporary.

The bill to provide for the regular audit of the accounts of the city by the Director of Accounts of the state government was enacted into law.

The bill to reduce the interest rate on tax refunds made by the city was enacted into law. This bill reduces the rate from 5 per cent to 4 per cent and will result in substantial savings to the city on tax refunds.

During the year there was considerable controversy on the method to be followed for the razing of the Atlantic avenue elevated structure. The Legislature was petitioned to consider the whole matter, and as a result of that consideration passed a law declaring the Atlantic avenue elevated structure to be a nuisance and authorizing its removal. Under the provisions of the act the Boston Elevated Railway Company has appealed to the Supreme Court. If the court decides in the affirmative—that the structure is a nuisance and rightfully should be removed—the Boston Elevated Railway Company will then be compelled to cause removal of the structure at its own expense. It is expected that final decision will not be made until some time during the spring. The removal of this structure will be of great and permanent benefit to the city. It will accelerate the flow of traffic; improve property values along its course; and will help reclaim a section of our city which has, unfortunately, lost much of the industry and business which at one time made this a thriving section.

A bill subjecting Suffolk County contracts to advertising and other contract limitations of the City Charter was enacted into law. This places county officials under the same conditions and limitations as city officials in the letting of contracts. It is a good piece of legislation and might well have been sooner on the statute books.

A bill permitting the Mayor and City Council, on recommendation of the Building Commissioner or the Board of Appeal, to alter or amend, by ordinance, the building code of the City of Boston was also enacted into law. This new law is a notable piece of home-rule legislation in that, for the first time, the Legislature is giving the city government the right to set up its own building code. At the present time the new building code as enacted in 1938 is being given profound study by the Building Commissioner of our city. As a result of his studies the code and an amending ordinance will be submitted simultaneously to the City Council. This procedure will be followed in order that the building code will not be put into effect until a perfecting ordinance is also passed.

Two bills introduced by others, but supported by the city administration, were also given favorable consideration by the Legislature. The first, a bill prohibiting lame duck appointments during the last two months of a mayor's term of office, was enacted into law. The second, a bill providing for the speedier adoption of the budget, was referred to a commission. The commission empowered to study this problem is now at work.

As a result of our initiative, a recess commission reported during the year recommending passage of a bill providing that the State Highway Fund shall assume the cost of maintenance and repair of all metropolitan boulevards. In 1938 a similar bill had failed of passage over the Governor's veto. The same bill, actively supported by the City of Boston, was passed and approved by the Governor last year. This action relieves the real estate taxpayers of the City of Boston and surrounding cities and towns of the payment of approximately half a million dollars annually.

Another recess commission created in 1938 on petition of this administration, reported in favor of an annual payment of \$100,000 towards the upkeep of the Sumner Tunnel. The Legislature reduced the amount of the payment, in the enacted bill, to \$50,000 each year for the years 1939 and 1940. The enactment of this bill came only after persistent pressure by your city government upon the Legislature to recognize the justice of Boston's claim that the Sumner Tunnel is in fact part of the highway system of the state and that at least a part of its operating expenses should be

borne by the state through the Highway Fund. This act establishes the city's claim that the Sumner Tunnel is, in reality, an integral part of the highway system of the state, and as such should be maintained, at least in part, by the state government. It is sincerely to be hoped that similar and perhaps more generous legislation will be enacted after 1940.

The two foregoing enactments—the maintenance of metropolitan boulevards and the partial maintenance of the Sumner Tunnel by the state government—are in line with the announced policies of this administration when it took office, namely, to require the state to assume its proper share of burdens for services of a metropolitan character. At the present time a recess commission, appointed in 1938 upon a petition of this administration, is continuing its studies of all metropolitan facilities, activities and costs. I trust and expect that the report of this commission will be as helpful to the City of Boston as the reports of the other recess commissions already mentioned.

Before concluding this review of legislative matters, let me publicly congratulate the Corporation Counsel, the Legislative Agent for the city, and all others who contributed in any way to the remarkable record of legislative achievement both in 1938 and 1939.

W. P. A. and Relief.

Welfare relief and W. P. A. requirements continue to absorb an increasing proportion of our receipts. In 1929 the various relief requirements of the city were about four million dollars. In 1939, relief of all kinds, including W. P. A., cost the city in excess of seventeen millions of dollars. Of this amount, four million nine hundred and five thousand dollars was raised by loan issues. This policy of borrowing to meet a portion of welfare expenses was adopted under legislative sanction in 1933 and has been continued ever since. In 1939, to meet the obligations resting on the city because of the borrowings of the six previous years, it was necessary to include in the tax levy for welfare debt purposes the sum of \$2,148,625. If it had not been necessary to provide this amount for debt obligations of the past, borrowings for current relief purposes would have been reduced by fifty per cent. As previously expressed, an attempt to raise all of the present and past relief costs from taxes would result in a prohibitively high tax rate.

The subject of relief is now an old one. The problem of how to meet its cost vexes every large industrial city in Massachusetts. It is a problem of growing severity. It is an expense which, under our law, every city and town must meet, but an expense of such magnitude that unless further assistance is given by the Commonwealth many of our cities will be forced to abolish other essential municipal services.

A new source of revenue, the sole purpose of which is to reduce by one half or one third the local relief obligation, should be provided. Large cities have been particularly hard hit by the prolonged depression. The ordinary sources of income have receded. How much longer real estate can carry the weight of the relief burden is problematical. Relief is a common problem. It is not good government, in my opinion, if one city with an extremely heavy relief load is making a lone and losing fight against relief costs, while surrounding cities and towns, with comparatively light relief loads, prosper and progress. There is no doubt in my mind that immediate steps should be taken by our Commonwealth which, first, recognize the permanency of this problem; second, recognize that local governments cannot meet its full costs; third, recognize that relief requirements are heavier where the depression has hit the hardest; and fourth, recognize that this is a common problem and no class or group should be excused from sharing in the costs of its solution. The assistance which is now given by the Federal Government in the form of W. P. A. may be withdrawn at any time. If it should be, and no adequate substitution is made, and no state-wide action is taken, it is certain that some of the larger cities in this Commonwealth will be threatened with most serious financial difficulties.

The cost of welfare relief in Boston has risen sharply from the cost of one year ago. Approximately 28,000 cases were being aided in 1938, while at this time the case load is over 32,000, an increase in only one year of over four thousand cases. Whatever may be the maximum number of cases for which our city must provide, and whether we shall ever receive substantial assistance to meet this cost, is still uncertain, but one fact is certain, and that is this, our city has been fair, even liberal, in the amount of aid furnished to those who are unemployed or unfortunate. Just so long as I am Mayor this policy will be continued. No matter what the requirements may be, every family requiring food, shelter and heat will not ask this city government in vain. No worthy person or family, no matter what the cost may eventually grow to be, will be refused the common necessities of life. Money spent for this purpose can be replaced by one means or another; but when health and strength is spent, and respect for government is lost, these attributes of good citizenship may never be replaced.

Welfare requirements during the year were increased somewhat because of the W. P. A. layoffs. The Congress of the United States reduced the amount available for Work Projects

Administration, which resulted in a substantial decrease in the number of persons engaged in W. P. A. activities. At the beginning of the year about twenty-five thousand persons were on W. P. A. projects sponsored by the city. At the present time there are about eighteen thousand engaged in such projects. Many of those not re-engaged were forced to seek welfare relief.

In 1940, because of a new Federal law, the city will be required to make greater contributions toward W. P. A. projects. In compensation for this, however, it must be realized that W. P. A. affords employment to thousands of persons unable to obtain private employment; it relieves the welfare rolls of some of its burden; and it accomplishes, through worth-while projects, much constructive work of great permanent value to the city.

The outstanding W. P. A. project is the Huntington Avenue Subway Extension, which employs approximately 2,500 workers. This subway extension will relieve traffic congestion along Huntington avenue, and cut short the running time between Boston proper and Roxbury and Jamaica Plain by about ten minutes. It is the largest project of its kind under W. P. A. auspices. The work is progressing satisfactorily, and the new extension which will bring the subway beyond Massachusetts avenue will be ready for operation about one year from today.

In the year just passed forty-five miles of streets were constructed and paved; ten miles of bituminous concrete and artificial stone sidewalks were built; and thirty-two thousand linear feet of sewers were constructed. A similar program, without assistance from the Work Projects Administration, could not be attempted under the present state of city finances. It is most certain that without W. P. A. assistance many necessary improvements would be left undone.

Health and Hospital.

While it is most difficult to make just comparison, it is, nevertheless, an undeniable fact that the program for prevention maintained by the Health Department and the curative services of our City Hospital make for a quality of health protection enjoyed by our citizens second to no municipality in America.

It is pleasing to call attention to the fact that the figures for 1939 reveal the lowest infant mortality rate ever recorded in Boston. It is particularly gratifying to point out that the death of infants during the first year of life has been cut in two during the last fifteen years, and that we have been able, both in 1938 and 1939, to record in succession the lowest number of deaths among our young in the history of the city.

The number of deaths of expectant mothers was the lowest on record. Deaths from pneumonia and pulmonary tuberculosis were lowest on record. The record of only one death from diphtheria in our city during the last two years, and one death from scarlet fever during the past year, is the best performance of any large American city.

In the field of preventive medicine, our city is doing its duty, and showing splendid results. Any expenditures in this cause are expenditures made wisely and well.

Our City Hospital, after seventy-five years of service, is still recognized throughout the world as one of the finest municipal hospitals in existence. Despite expanded facilities, the City Hospital is usually filled to capacity, and during the winter months filled beyond capacity.

Every new discovery of medical science is provided for the public of Boston, and without any charge to those unable to pay. The medical staff of the City Hospital continues to be the peer of any similar staff in any similar hospital in our country.

No other city in our country, of comparable size, maintains a hospital superior in any respect to ours. The ill and the injured of our city find at our City Hospital every known facility for the treatment and cure of injury and disease. No expense is spared in order that human life may be preserved. During the year just passed, considerable progress was made by hospital officials in the treatment of fatal blood diseases, and considerable progress was made in the treatment of pneumonia, a dread disease, the fatality of which is being constantly reduced by hospital authorities.

In this wonderful group of buildings which comprise our City Hospital, life goes on; life is preserved; and new life comes into the world. Individuals enter its gates broken in body and spirit, and come out through its gates whole in body, and with a new attitude toward life. Whatever we spend within our limits for hospital requirements is money that brings a far greater return than we can ever hope to estimate. Our hospital is a great institution. We must keep it great.

Housing.

The Boston Housing Authority has embarked on a program of construction of nine housing units in various sections of our city, the total cost of which will be approximately thirty-two millions of dollars, of which amount, during the next two years, fourteen million dollars will be spent directly for wages with the resultant stimulus to local business.

It is beyond controversy that today, in our city, there are areas in which many buildings so outmoded and obsolete, and in such a state of dilapidation, that they are no longer fit for habitation—no matter how low is set the standard

of decent living. Private capital has not indicated any willingness or ability to meet this challenge of the forces of decay, disease and disorder. That these areas are the breeding places of disease, crime and juvenile delinquency is proven by a multitude of assembled statistics.

Like every other great social experiment, public housing has its bitter enemies. On the basic question of public participation in housing development, there are strong arguments on both sides. In my opinion, however, the arguments which can be advanced in favor of public participation, the arguments which induced the Congress of the United States to give its approval, are superior to the arguments of the opposition.

The age of our city; the economic standing of thousands of our inhabitants; and the need for decent living quarters at low cost, are additional reasons why we should look favorably upon any program from which will flow multiple benefits impossible of measurement.

I shall be, indeed, keenly disappointed if the housing projects in process of construction, and contemplated, do not encourage a revival of private building, for, after all, private building is one of the most vital stones in the arch of economic stability.

It is my hope and expectancy that the Housing Authority will use every expedient to reduce costs of construction so that rental charges may be set at the very minimum; and it is also my hope and expectancy that the selection of tenants for the various housing projects will be made with extreme care, with no favoritism shown whatsoever, and with the purpose of accommodating only those persons in the greatest need.

Survey Committee.

The Municipal Survey Committee was organized by me for the main purposes of assisting departments in effecting sound economies; increasing revenues and income of the city wherever possible; installation of up-to-date business methods in departments; and avoidance of duplicate effort and work in various departments.

In my opinion, the Survey Committee has amply justified its existence, and by the results it has accomplished has given proof of the need for such a group to work under the direction of the chief executive.

The work of the committee has been diversified, so much so, that it is impossible for me to grant the space which would adequately sum up its accomplishments. However, I believe we should mention just a few of the activities of the committee, with a brief résumé of the results achieved.

After considerable study, the committee made recommendations for changes in the procedure of the Collecting and Assessing Departments, which were adopted and which have increased their operating efficiency.

In the Water Income Division of the Public Works Department practically an entire new system was evolved by the committee and that division is now operating on a business basis. The results of these changes speak for themselves. In the four years prior to 1938 that division operated at a deficit of over four hundred thousand dollars. In 1938 there was not only no deficit, but there was a surplus in excess of six hundred thousand dollars and this gain has not only been held but improved for 1939. The work of the Survey Committee in this department alone more than justifies its existence.

The studies made by the committee in the Hospital Department have resulted in increasing the general revenues of the hospital by over twenty-five thousand dollars annually; have resulted in a saving of over five thousand dollars in two years for telephone charges; and have resulted in a saving of over one hundred and fifty thousand dollars in food charges, with no loss in quantity or quality of food, and with less complaints.

In the various other institutions of the city, marked decreased food costs have resulted from the activities of the Survey Committee.

The studies made by the committee of telephone service in all city departments have resulted and will result in the saving of thousands of dollars each year.

At the present time the Survey Committee, acting in conjunction with the Advisory Committee of Certified Public Accountants, is conducting a study of office procedure in all departments producing revenue. This study, unquestionably, will result in substantial increases in the city's revenues.

The work of this committee conflicts in no way with the duties of department officials. In every corporation similar in size to the corporation of the City of Boston, improvements in methods and procedure are constantly being made. Competition demands that business corporations operate at the greatest efficiency and least cost. Unfortunately, in public corporations, everybody's business is likely to be nobody's business. Archaic methods of procedure are followed merely because it is the customary and time-worn way of operating. There is no good reason why the maximum efficiency possible should not be reached by a public corporation. The taxpayers are entitled to have their business run economically and efficiently.

The Survey Committee has been of incalculable aid to me. It has made studies and recommendations on matters to which, because of the lack of time, no chief executive can give adequate attention. It occupies a place in our city government which, in my opinion, should be permanent in character. The individuals composing the Survey Committee,

and all those who have cooperated with them, are sincerely desirous of improving our city government. I believe they have done so. I believe the accomplishments of the committee deserve the commendation of the entire body politic of our city.

Conventions.

During the year just passed our city put on its best dress on numerous occasions for the benefit of convention groups. The national convention of the Veterans of Foreign Wars was, of course, the largest of all our conventions, and one that we shall not soon forget. It was, I am informed, the finest convention held by that grand body of men and women.

During the coming year there is already scheduled for attendance in our city close to one hundred convention groups. The largest of these will be the American Legion convention in the latter part of September which will be attended by approximately one hundred thousand Legionnaires and delegates. Considerable work was entailed in obtaining this convention for our city, and to all those who assisted me, I extend my sincere gratitude.

The American Hospital Convention will also be held here during September, with four thousand delegates in attendance. Time does not permit a description of all groups to convene here during the year; it suffices to say that they will represent almost every business and every profession. It will be our best convention year since 1930.

Boston is an ideal convention city. There is no reason why we should not be the best convention city in the country, and we all should be self-appointed salesmen in this endeavor. Every large convention group that comes to our city adds to our prosperity. Convention business is today competitive business. We are getting our share. We should get more. We have the natural attractions and advantages which make Boston a desirable place to visit. The Chamber of Commerce and other interested groups are doing a remarkably good job in attracting this kind of business to our city. The losses we have sustained in industry and commerce, we can partially offset by obtaining an ever-increasing amount of conventions. I have spent considerable time in this pursuit. In my opinion, it is time and energy well spent. New England should be the vacation and resort paradise of America, and Boston should be the focal point within that paradise.

Finance Commission.

For the Mayor of Boston to praise the Finance Commission might be termed a sign of fear or weakness, or might be said to be the process of scratching the tiger's back.

However, when I praise the Finance Commission, I do so sincerely, and with an appreciation of the cooperative attitude that body has exhibited towards me and this administration. On numerous occasions the commission has made suggestions which have resulted in better and more economical procedure. The suggestions and recommendations of the commission will continue to be received in the spirit in which they are forwarded. The problems of the City of Boston are too numerous, some of them too acute, and all of them of such vital significance to our citizens, for any display of temperament or political consciousness between the city administration and the Finance Commission. I trust that during the two years to come our relations will continue to be cordial, realizing full well that the commission and this administration are both striving for the same thing—better municipal administration.

Various Departmental Activities.

Building Department.

The expert knowledge and prompt action of the Building Commissioner of our city prevented the abandonment of construction plans for the New England Mutual Life Insurance Building. In view of the fact that this is one of the few large private buildings erected in recent years, I believe this action of the Building Commissioner, as well as his initiative in other directions, to be worthy of special notice in this message.

Institutions Department.

During the year the city was ordered to vacate two buildings owned by the Federal Government and used by the city at Long Island as men's dormitories. The reason for this forced evacuation is that these buildings are on government-owned land which the government now desires to occupy for its own uses. The vacating of these buildings will require the construction of a new dormitory building by the city at a cost of about \$250,000, most of which will be obtained through balances in unexpended loans, and some of which will be obtained from taxes. No loan issue is proposed. The new dormitory when built will accommodate about four hundred and fifty patients and thirty employees. Small compartments, two individuals in each unit, will be constructed so that patients occupying this new building will have the benefit of some privacy. The expense for this new building is an example, of an unexpected charge which cannot be avoided.

Park Department.

Cooperation with W. P. A. permitted the Park Department to continue its improvements of the parkways and playgrounds in our city.

The entire park system is in excellent condition. A wading pool for children was constructed at Harrison avenue and Plympton street in the South End. More of these wading pools should be built as our means permit.

The Park Department sports program is constantly expanding. The baseball league under Park Department guidance is the largest in the world. The football league attracts thousands each Sunday to its games. I know of no better outlets for the youth of our city than the sports programs of the Park Department. By providing opportunity for thousands of boys and young men to participate in the kind of sport which appeals to them, we are building up strong and healthy bodies for the citizens of tomorrow. Our Park Department is doing magnificent work at comparatively little expense to our taxpayers.

Public Works Department.

The accomplishments of this department in sidewalk, street and sewer construction have been discussed under the heading of W. P. A. The department is constantly constructing new center divisional safety islands for the protection of pedestrians and for the purpose of reducing the accident toll of motorists. This work will be continued until similar islands are constructed in all precarious locations. Similar to this work is the program of installation of high curbs on all dangerous bridges in the city. Many fatalities would have occurred except for these installations. This work will also be continued.

During the year the department installed a new forty-eight-inch water main from the intersection of Huntington avenue and the Jamaica way to the intersection of Longwood avenue and Parker street, a distance of about one mile. This new main replaces a main laid in 1848, almost a century ago. During 1940 the main will be extended as far as Castle square. It is interesting to note that for this project the Federal Government is paying the entire cost of the pipe, which is approximately fifteen dollars per foot.

In the Sanitary Division, for the first time, the collection of refuse and garbage in the Charlestown district was performed by contract labor. The Elm Hill district will be under contract for the first time during the present year. It is estimated that the cost is about one half of what it cost the city to make the same collections.

The activities of the Public Works Department are too numerous to discuss further in this message. Sufficient is it for me to say that, in my opinion, this department is well organized, efficiently administered and economically operated. It is giving praiseworthy service to the citizens of Boston.

Public Buildings Department.

The chief activity of this department during the year was construction repairs to various public buildings throughout the city, and especially the repairs, under W. P. A. auspices, to the City Hall. Under a W. P. A. project, the danger of collapse of several floors in this old building has been removed. This old building from the second floor up has been more or less transformed. Your Chamber and my own offices have been improved; additional floor space has been provided; and this old building has been put in good condition again, to last for many more years. The total cost to our city for these improvements was approximately \$23,000. The work gave employment to two hundred men for a period of six months. The renovation of this building is an example of what can be done with W. P. A. assistance both in construction repairs and in saving of tremendous amounts of money. A new City Hall is very desirable. Naturally, I would like to leave a grand new building behind me when my term as Mayor is finished, but, under present conditions, it is wiser for us to recondition where we can rather than pile up debt beyond our capacity to meet.

Conclusion.

In conclusion, let me repeat my conviction that our city is in a more secure financial condition than it has been in recent years. The main problems of the city—shrinking real estate valuations, increasing relief expenditures, and high annual charges over which we have no control—remain practically unchanged. Despite, however, these obstacles to progress, I believe we have advanced along the road to stability far enough to justify the faith that is now reposed in your city government.

The net funded debt of the city at the close of 1939 is in excess of \$1,000,000 below the December 31, 1938, figure of \$132,990,717.41. Gross debt is \$3,000,000 below last year's figures. Tax title debt is reduced at least \$1,000,000 from the December 31, 1938, total of \$8,863,000. Temporary loans carried over into the new year are, roughly, \$1,500,000 less than in 1938. With reductions on all fronts the debt position of the city at the close of the current year is greatly improved over the position one year ago.

There is a crying need for new revenue for local government to meet the terrific social burdens imposed upon us. Of all the large cities in the country, Boston stands almost alone in its lack of access to special sources of income, and we have almost reached our limit in expanding the limited sources of revenue available to us, and in improving collection of taxes. New York, Chicago, Philadelphia, Los Angeles, Detroit, Cleveland and St. Louis, all have revenues which are not available

to Boston, and in every instance these revenues have been provided since the start of the depression. In some of these cities, the state government even carries the entire relief load.

In my opinion, our Commonwealth cannot continue with its present tax structure, and yet meet and expect its subdivisions to meet the vast and growing costs of social changes and adjustments. These changes, reflecting in legislative policy the demands of our citizens, under the present system of taxation fall with overwhelming weight upon a limited class of local taxpayers, a situation recognized by the Legislature only to the extent of permitting so-called emergency borrowings from year to year to meet the current welfare load. Our City of Boston, in common with others, is today obliged to resort to this legislative sanction, and to borrow to meet some of its current expenses, rather than to grasp the other horn of the dilemma and to increase the tax rate to so high a figure that we would unquestionably run into the law of diminishing returns.

Our city may be termed a small large city. We are an old city. Few areas are left for further development. For several decades our population has been almost static. And from time to time we lose to other communities ambitious young men who leave our borders to make their homes elsewhere. A metropolitan Boston would bring the strength to all its parts that comes from unity, but that is a vision which destroys itself when it runs against the hard practicalities of local tradition and local politics.

Our city will be a greater city in the years to come than it is today. In the meantime, we must strive with all our might to preserve the best within our city for the generations to come.

This administration is doing the best it can with the tools at hand. We have not played politics with human misery; we have not played politics at the expense of those who will come after us; we have not played politics to perpetuate our own political fortunes. We have done our best for the past two years. The people who have honored us with election expect no let-down. I do not propose to disappoint them. We will continue on the same course for the next two years.

I do not wish to close on any note of pessimism. On the contrary, I have high hopes for the future. The prospects for this country of ours are limitless. There have always been prophets of gloom and disaster in every similar period of our country's history and they have always been confounded. The pioneer spirit is still alive in our community and we stand ready to march forward in step with the rest of the nation once our vast resources in men and materials are again released. Even now there are signs of a business upturn. New industries have come to Massachusetts and we are beginning to get our share. Our own great natural asset, the Port of Boston, will benefit not only temporarily from war conditions, but permanently from the removal of arbitrary discriminations which, little by little, are being eliminated by the constant efforts of the Port Authority. The Airport has been improved and zoned to meet the most exacting requirements of present and future air flight and we should soon be able to capitalize on this asset, both in its use as a transportation facility and in the allied industries which we have reason to expect will grow up around it. With confidence in the future and with resolute purpose to place our city in position to make the most of it, I look forward to the New Year as one of great promise.

To the School Committee members present here today for the first time—let me congratulate you and let me hope that the same cooperation you have given me in the past will continue.

To the members of the City Council—my Board of Directors—let me say we must live and work together for the next two years. The problems of the city are as much yours as mine. You are essentially representatives of the whole people of the city and not of any particular ward or section. If we work unselfishly together, as I have every reason to believe we will, I am sure the results of our efforts will mean a better Boston for all. (Applause.)

The Mayor began at 10.38 a. m. and concluded at 11.30 a. m.

Chairman SHATTUCK rapped for the audience to rise while the Mayor and suite retired.

Chairman SHATTUCK—The purpose for which the meeting was called having been accomplished, the Chair declares the meeting dissolved. For the information of the members, I might state that the first meeting for transaction of business will be held tomorrow, Tuesday, at two o'clock p. m.

Adjourned at 11.40 a. m., to meet on Tuesday, January 2, 1940, at two p. m.

Tuesday, January 2, 1940.

Meeting of the City Council in the Council Chamber, City Hall, at two p. m., Coun. SHATTUCK, senior member, presiding. Absent, Coun. Englert and Taylor.

Chairman SHATTUCK—The time for the meeting having arrived, the Council will be in order. The clerk will call the roll for the purpose of ascertaining the presence of a quorum.

The clerk called the roll, and all the members were present, with the exception of Coun. Englert and Taylor.

The clerk read the call for the meeting, as follows:

City of Boston,
Office of the Mayor, January 1, 1940.
To the Members of the City Council.
Gentlemen,—You are requested to assemble in the City Council Chamber, City Hall, on Tuesday, January 2, 1940, at two o'clock p. m., for the purpose of organizing and to take action on such matters of city business as may be presented to your Honorable Body.

Respectfully,
MAURICE J. TOBIN, Mayor.

Placed on file.

APPOINTMENT OF HAROLD F. KELLOGG.

The following was received:

City of Boston,
Office of the Mayor, January 2, 1940.
To the Honorable the City Council.

Gentlemen,—Under the provisions of section 26M of the Housing Authority Law of the Commonwealth (as inserted in chapter 121 of the General Laws and as amended by section 1 of chapter 484 of the Acts of 1938), I hereby appoint Harold Field Kellogg, of 232 Commonwealth avenue, Boston, present member of the Boston Housing Authority, whose term expires on January 8, 1940, to be a member of the Boston Housing Authority for the term expiring January 8, 1945.

I recommend the confirmation and approval of this appointment by your Honorable Body in the form of order submitted herewith.

Respectfully,
MAURICE J. TOBIN, Mayor.

Ordered, That the appointment by his Honor the Mayor of Harold Field Kellogg to be a member of the Boston Housing Authority for the term expiring January 8, 1945, be, and the same hereby is, confirmed and approved.

Laid over for one week under the law.

APPOINTMENT OF CONSTABLE.

Subject to confirmation by the Council, the Mayor submitted the following:

Constable for term of one year, beginning with first day of May, 1939, without power to serve civil process and to serve without bond: Edward A. Burke, 68 Leonard street, Ward 15, vice Harry W. McNamara, resigned.

Laid over for one week under the law.

LOAN IN ANTICIPATION OF REVENUE.

The following was received:

City of Boston,
Office of the Mayor, January 3, 1940.
To the City Council.

Gentlemen,—I am in receipt of the attached communication from the City Auditor. In accordance with the recommendation contained therein, I submit an order providing for the issuance, in anticipation of the revenue receipts of the year 1940, of temporary notes in an amount not to exceed forty million dollars (\$40,000,000). I respectfully recommend consideration and adoption of this order by your Honorable Body.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Auditing Department, January 2, 1940.
Hon. Maurice J. Tobin,
Mayor of Boston.

Dear Sir,—It is customary to submit to the City Council at its first meeting in the New Year an order authorizing the issuance as needed during the year of temporary loans in anticipation of revenue receipts. Last year the Council authorized a maximum borrowing power of forty-five million dollars (\$45,000,000). During the year, thirty-four million, five hundred thousand dollars (\$34,500,000) was issued and, in view of this fact, I respectfully recommend that an order in the amount of forty million dollars (\$40,000,000) be submitted to the City Council for consideration and adoption in the current year.

Respectfully,
CHARLES J. FOX,
City Auditor.

Ordered, That to provide temporarily money to meet the appropriations for the financial year 1940, the City Treasurer be, and hereby is, authorized to issue and sell, at such times and in such amounts as he may deem best, notes or certificates of indebtedness of the City of Boston not exceeding \$40,000,000 in the total in anticipation of the revenue of the financial year; that all such notes or certificates of indebtedness be dated the day the money for the same is received, be made payable with the interest thereon within one year of their date and bear interest from their date until the same are made payable at such rate as the City Treasurer and the Mayor may determine. The said City Treasurer is hereby further authorized to renew or refund any such notes issued for a shorter period than one year, under the provisions of section 17 of chapter 44 of the General Laws.

Chairman SHATTUCK—The Chair would state that this is the usual order, which is necessary in order to permit the city to obtain money to function until the taxes are assessed and paid. Unless objection is made, the question will come on giving the order its first reading and passage, and the clerk will call the roll.

The order was given its first reading and passage, yeas 20, nays 0.

The order will take its second reading and passage at the next meeting.

MOSQUITO CONTROL WORK.

The following was received:

City of Boston,
Office of the Mayor, January 2, 1940.
To the City Council.

Gentlemen,—The State Reclamation Board has notified the city that, acting under the provisions of section 4 of chapter 112 of the Acts of 1931, it has estimated and certified that \$300 is the sum of money necessary to properly maintain during the ensuing year the Mosquito Control Works constructed by the City of Boston under the said act.

In order to provide for the payment of this amount by the city, I submit the attached order and respectfully recommend its adoption by your Honorable Body.

Respectfully,
MAURICE J. TOBIN, Mayor.

The Commonwealth of Massachusetts,
State Reclamation Board,
136 State House, Boston,

December 14, 1939.

Hon. Maurice J. Tobin,
Mayor of Boston.

Dear Mayor,—Under the provisions of chapter 112 of the Acts of 1931, an act relative to carrying out mosquito control measures, the State Reclamation Board is required by section 4 to certify the amounts to be raised and appropriated by each city and town for the maintenance of the mosquito control works constructed in each city or town. This section is as follows:

"On or before December fifteenth in each year, the sums of money necessary to properly maintain during the ensuing year the mosquito control works originally constructed in any city or town hereunder shall be estimated by said board and certified by it to such city or town. The amounts so certified shall be raised and appropriated by such city or town during said ensuing year and shall be paid into the state treasury and disbursed therefrom on warrants drawn by said board."

As directed by section 4 of chapter 112 of the Acts of 1931, the State Reclamation Board has made estimates of the necessary maintenance, and hereby certifies that \$300 is the sum of money necessary to properly maintain during the ensuing year the mosquito control works constructed in the City of Boston under the said act.

The Board calls attention to the provisions in the latter part of said section 4 relative to paying the said amount into the state treasury and urges that this be done as soon as possible after your appropriation is made.

Very truly yours,
STATE RECLAMATION BOARD,
GEORGE R. STRATTON,
Secretary.

Ordered, That the sum of \$300 be, and hereby is, appropriated, for the purpose of maintaining during the ensuing year the Mosquito Control Works as estimated and certified to by the State Reclamation Board, in accordance with the provisions of chapter 112 of the Acts of 1931, said sum to be charged to the Contingent Fund.

The order was passed, yeas 20, nays 0.

APPOINTMENT OF WILLIAM LEE.

Notice was received from the Board of Commissioners of School Buildings of appointment of William Lee of Boston as member of Board of Commissioners of School Buildings for three-year period ending December 1, 1942.

Placed on file.

FINANCE COMMISSION REPORT ON BUDGET PROCEDURE.

The following was received:

City of Boston,
Finance Commission, December 27, 1939.
To the Special Commission to Study Boston Budget and Appropriating Procedure.

Gentlemen,—The Finance Commission has been pleased to accept the invitation extended by the chairman of your committee to participate in discussion with you of matters relating to the budget of the City of Boston. The commission is mindful of the fact that several members of your committee are thoroughly conversant with the practices in budget making for the city in the past several years. Nevertheless, in this brief which is submitted, the commission believes it is desirable to include a review of those practices.

It is perhaps unnecessary to state that the Finance Commission has been interested in the budget situation in the whole thirty years of its

existence and has made many reports relating thereto. It might fairly be said that the adoption of the segregation idea in the budget in Boston was brought about by the insistence of the Finance Commission. In the years which have followed the adoption of that plan, the commission has continuously observed developments within it.

At the present time the commission believes there is room for further improvement and yet believes it is proper to record before you its opinion that great progress has been made by city officials of the past and present in the molding of a budget which eventually, it is hoped, will reach the scientific ideal without sacrifice of necessary practical considerations.

The most important of many duties imposed by the Commonwealth upon the city government of Boston is the task of determining the amount which the city should spend for the administration of municipal government in Boston. The importance of this duty may be appreciated when it is realized that in the adoption of the various appropriation orders the Mayor and Council, in effect, establish and limit the service which the municipality will provide for its people.

The consequence of this determination touches every resident of the city and everyone transacting business or dependent upon the transaction of business in the city. It is important, therefore, at the outset to understand what the so-called Boston budget really is and the limitations and restrictions which circumscribe city officials in preparing it.

Among many, hereabouts, who are interested in appropriations for and financing of public service the term "budget" has come to be applied to all orders which authorize expenditures for maintenance of any large number of branches of government. To the scientific in budget making, however, "a budget" is a much more comprehensive thing. It embodies a complete program of raising revenue and of appropriation of revenue for a given period. On the revenue side appears indication of all sources of funds available for expenditure. On the other side appears all items of proposed expenditure.

It often happens that the total appropriation for expenditure for public service in Boston in a year will be divided into several authorizations, some of which will be proposed months after the first of them are adopted. It has never been customary in Boston to consider the authorizations to be financed by direct taxation and the authorizations to be financed by the issues of bonds at the same time.

Until recently an appropriation by loan might be made at any time in the year. A statute adopted within a few years now requires that a percentage of an appropriation by loan must be taken from the current year's taxes. This fixes the time limit for loan consideration as the date of the determination of the tax rate. The time for appropriation from taxes always closed when the tax rate was determined.

It has not yet become the practice in Boston to attempt to make up a grouping of all the appropriations by loan into one act, nor has it become the practice to group all appropriations directly from taxes into one act. The custom of the budget officials of Boston, therefore, differs widely from the ideal. Authorization for expenditure and determination of sources of revenue are scattered through the first six months of the year.

However, for convenience, in this report the Finance Commission will refer to the major appropriation order for regular maintenance as "the budget," since that is the name given to it by custom.

Municipal officials must reach their totals with a view to the ability of the taxpayer to meet the costs. The amount which may be assessed upon the property of the taxpayers is not now restricted by law, but it is limited by the ability of the taxpayer to pay. Excessive taxation defeats its own end.

There are, however, three other sources from which the city may obtain funds to meet the cost of public service. A share may be borrowed by the issuance of notes or bonds for particular purposes. The amount is limited by legislative enactment. Another share is obtained from the earnings or receipts of the city departments. The amount of this share fluctuates as the city is called upon to give service for which fees are charged. The third share is the amount turned over by the state from its own tax receipts. The latter are made up largely of the income tax and the gasoline tax.

It is fairly obvious that an arrangement of the services rendered by the City of Boston to its citizens is susceptible of classification in relation to their relative necessity.

The elementary municipal services which the public-at-large requires for common well-being are well established. They consist of police regulation and fire protection, water distribution, sewer maintenance, and public way or street facilities, which include not only maintenance of public ways but the lighting, cleaning and regulation of use of them. All of the people of the city require these public services.

Services secondary in importance because not strictly necessary to all, yet of great importance to many, might be classified as institutional, welfare, recreational, school and health facilities. Certain amounts of each of these services are required in the common interest by acts of the Legislature.

Supplementary services are many and varied and include such as library maintenance, various

services known as public works, regulation of building construction, traffic regulation, zoning, park and recreational facilities, etc. To a large degree, many of these are also required by acts of the Legislature.

Incidental to all three classes are the so-called financial departments which assess the cost, collect the taxes; and pay the city bills, and the departments which aid or supplement the other departments in carrying on their assigned tasks.

The extent to which the city government should provide for the primary group is that each must be adequate to cover the requirements of the whole people in the protection of life, liberty and property. Those in the second group must be financed to the amount which is necessary to carry out the established public policy.

The expense of the third group can be contracted or expanded from year to year as the financial condition of the city makes necessary or permits; and the limitation of the fourth group is whatever good management finds necessary.

Furthermore, within the classifications above described there is an endless variety of items. It must not be assumed that the department estimates of the elementary municipal services do not contain items which are not necessary, or that the estimates of the supplementary services do not contain items for expenditures of a nature almost as vital as the expenditures for the enforcement of law and order.

To keep the character of public service to a standard of performance which guarantees protection to life and property, and to a limitation which will not endanger the stability of property subject to taxation, is the task which constantly confronts the Mayor and City Council of the City of Boston, and, in school administration, the School Committee.

This task cannot be satisfactorily performed unless all the public officers charged with the duty take and use every means possible to acquaint themselves with information as to methods of administration, as to the efficiency of administration, and as to the cost of administration.

There is no better means of acquiring all this necessary background than is furnished in a study of the make-up, in detail, of a city budget. Intelligent and conscientious application to the task will disclose details of method, cost, result and propriety of service.

Responsibility for Budget Adopted.

Under the Boston Charter the responsibility of keeping the budget to the figure which good judgment requires, except for school administration, is shared equally by the Mayor and the City Council. The Mayor only can initiate an appropriation, and the function of the City Council is limited so that it can only reduce an appropriation initiated by the Mayor.

To help the Mayor in arriving at his figures of the need for appropriation, the Mayor has been given by ordinance a Budget Department. This department works out the forms of estimate, collects and compiles the departmental requests, and makes tentative allotments of appropriations. The department begins this work in early fall and is not finished until the budget is passed.

The estimates of the department heads form the basis of the Budget Commissioner's work. Invariably, when the budget is placed before the Council, the department heads have already asked for and tried to defend a larger estimate of the needs of their departments than the Budget Commissioner has subsequently accepted.

The City Council having no facilities of its own for investigation of the budget, must depend for information in regard to actual needs on the Budget Commissioner and on the department heads. As stated above, the Budget Commissioner is mainly responsible for the appropriation order when it appears before the City Council and is answerable to the Mayor if some other agency discovers that he has been too generous in his allowance. It is fair to assume that the Budget Commissioner can have little information for the Council which would be of benefit to the Council in an effort to reduce the Mayor's allowances. Nor are the department heads likely to prove of any great assistance to the City Councilors in disclosure of information that might permit further curtailment, having already been forced—as stated above—to submit to curtailments of demands usually by the time the budget has reached the Council.

Therefore, since the Council has no power to increase the budget as submitted by the Mayor, it is obvious that it is under a handicap when it attempts to exercise the one alternative to blind acceptance of it provided by the Legislature, i. e., to reduce it.

To overcome this handicap, the councilors would be forced to spend a great amount of time in personal investigation of the detail of management of the various departments and the costs of management.

It is a fact which few will dispute that the majority of the members of the City Council from year to year elect to accept the figures as submitted by the Mayor and Budget Commissioner as the minimum of city requirements. Occasionally, individual members will reason that the authority given to the Council to reduce requires more than blind acceptance of the figures as they are placed before them. In such instances conscientious effort is made to obtain all possible information.

Time Spent on Budget Study.

Having already established, therefore, that it is necessary to give a large amount of study to construct and pass upon a comprehensive budget and that the responsibility of determining the total is shared equally by the Mayor and the Council, and—in the case of the school budget—by the School Committee with a veto power in the Mayor, it is important to consider the amount of time given to this study by all parties to the official responsibility.

The Budget Commissioner begins early in the fall to start the flow of budget estimates. Most of the small spending departments submit estimates promptly. Many of the large departments are compelled to take more time.

In many instances in the large and small departments expenditures of the current year are principally the guide to the next year's need. An additional obstacle, therefore, to early determination of need in many departments is the fact that the amount of work which is performed in one year affects the volume of the requirement for the next. A further factor is that the decisions as to whether some substantial expenditures will be charged against one year or the next are not made until very late in the year.

In recent years budget allowances for plant upkeep have been kept very low. W. P. A. expenditure to some extent has made up for the shortage of municipal appropriation, but W. P. A. funds are not intended to be used for regular maintenance. In some of these years, the department heads have been faced with the dilemma, "Shall I make this repair or purchase now which I have the money for, or shall I follow the usual October, November and December instructions from administrative heads and postpone it until next year?" Postponement will mean an unexpended share of the appropriation which will at the end serve as an offset to inability to collect all taxes levied.

As time has gone on, there has been a steady piling up of repair, renewal and renovation work and depreciation of equipment because, first, in order to keep the total appropriations within certain bounds, provision for many of them was not allowed, and later, in order to keep the cash deficit at the end of the year as low as possible, work intended originally to be done and, therefore, provided for in the budget has been deferred.

Hence, each new budget has become a greater problem. The number of urgent items increases as at each year's end there are additions to the number of deferred projects.

Although there is no limit by statute to the amount which the city can appropriate for ordinary maintenance, there is always the consideration, as previously stated, as to how much the taxpayers can pay. When, therefore, governmental costs which are beyond City Hall control appear to presage increase in taxation requirements, curtailment of the city expenditure becomes forced, if the administration heads believe that otherwise the burden will be too heavy for the taxpayers.

To determine what allowance to make, the Budget Commissioner, therefore, must have frequent conferences with the Mayor as department heads repeat old requests and suggest new items of expenditure, and as indications from other sources point to larger requirements. In smaller matters the Budget Commissioner can establish policy, but in the major instances the Mayor must be the guide.

The Budget Commissioner also needs much time to check departmental estimates of cost of proposed activities, as well as to attempt discovery of better means and less cost of accomplishment.

The time which the Budget Commissioner must take to establish regular maintenance requirements, therefore, runs into several months. More time elapses when the Mayor decides it is important to discover before the budget is submitted to the Council approximately what the tax rate result will be when any given amount for municipal maintenance is merged with the other annual financing problems. The latter consideration requires canvass of state revenues, matching of these with state appropriations, and estimate as to Boston's share of each with consequent net result.

Total state revenues are always dependent on action by the current Legislature. State appropriations are usually deferred until methods and means of meeting them are worked out. Often it happens that it is only in the closing days of the legislative session that means and methods become fixed, and the closing days are more often late June than earlier. It is plain, therefore, that to await the determination of these factors in order to gauge the ultimate requirements of the city means delay in submission of the budget.

Until fairly recently, the city was obliged to wait for the Legislature to act upon a taxation limit for Boston until April, and sometimes May. This taxation limit indirectly determined the city's spending limit. At the urging of city officials and some others, this statutory check on city expenditure was eliminated. (The Finance Commission opposed elimination.)

It was argued by those in favor of elimination, among other things, that elimination would permit earlier adoption of the city budget, but this has not followed. It was argued also that elimination of the necessity of waiting for the determination by the Legislature of the Boston taxing limit would give the City Council an opportunity, which the charter framers intended, to make a real study of the budget needs. This also has not followed.

Current Practice in Submission of the Budget.

A charter provision, still in force, requires submission of the "annual budget of the current expenses of the city and county" "within thirty days of the beginning of the fiscal year." The intention of this provision has been circumvented each year by submission of what is called "a dummy budget." This budget is never intended to be anything more than mere compliance with the letter of the law. It is never the intended "annual budget of the current expenses of the city and county." Later, and as indicated above, often many months later, it is replaced by an appropriation order which is called "the budget."

For many years the city departments have been allowed by statute to spend, pending the adoption of a budget, to an amount equal to one third of the previous year's total appropriation. In instances where the normal heavy expenditure of departments came late in the year, this provision has permitted some departments to come safely through a long delay in budget-making without danger of running short of funds. In other instances where heavy expenditure could not be deferred or where the amount spent was almost exclusively for regular pay roll, it has often happened that payless pay days arrived. Usually it is the imminence of a depleted right to spend that finally produces a budget before the Council.

Coincidentally with the filing of the budget have come, sometimes official, and sometimes unofficial, statements that unless the budget is immediately adopted such and such a department must suspend. If the amount allowed under the statute for expenditure without a budget has been utilized, it is questionable whether or not authority for continued operation exists. Right to spend must exist before obligation can begin. As a result, quick action by the Council on the offered budget has been necessary to avoid shutting down activities of some departments.

Usually, therefore, the Council—though given by statute a duty in the determination of the spending limit—is unable to do more than acquiesce to the limit which the Mayor has fixed.

Summary of Budget Responsibility and Exercise of It.

To summarize to this point, it has been shown that the making of a budget has a far-reaching effect on the extent of the municipal service, and on the amount which the taxpayers will be called upon to pay for it; that it requires a great amount of time and study to perform this task intelligently; that the Council responsibility for setting a limit to the budget is as great as is that of the Mayor; and yet that, however thoroughly the Mayor performs his part of the task, the Council usually is not permitted, through circumstances beyond its control, to be more than an echo to the Mayor's work.

Conclusions in Respect to Budget Responsibility.

The obvious conclusion is that either opportunity should be provided by mandate of the Legislature to enable the Council to exercise the extensive authority over the spending right of the city plainly intended by the Boston Charter, or the Charter should be changed so that in letter of the law as well as in effect the Mayor alone will be responsible for the spending limit.

The latter of these alternatives would mean elimination of the Council in the budget-making. This is contrary to the spirit of all legislation now in force in this Commonwealth respecting municipal government, and in the majority of the states in the Union as well.

Although many believe that under our Charter the Council has little authority in administration of city affairs, the fact is that the Council has great authority. The purpose of section 8 of chapter 486 of the Acts of 1909, the existing City Charter was to centralize administrative and executive authority in the Mayor. Members of the Council were specifically prohibited by that section from interference in the employment of labor, in the making of contracts (with the exception of participation in a few major situations), in city purchases, in construction work of any kind, etc. "except as otherwise provided in this act." The Charter fixes a penalty for violation of these injunctions.

Yet, in section 3 the Charter permits the members of the Council, through the authority to reject or reduce items of the Mayor's appropriation orders and to submit new projects through the medium of loan orders, to have a voice in determining whether employment shall be given, purchases made, contracts let, etc., etc. In the fullest exercise of this authority the members of the Council, in effect, legally participate in the administration of city business. Their participation only stops at the naming of employees and firms which will supply the city needs and obtain the contracts for construction, etc., etc.

It is plain, therefore, that under the present law the Council is given a great responsibility in the administration of city affairs. It is of distinct advantage to the taxpayers when the councilors perform their duty in the budget-making. In one recent year the Council caused reduction of more than \$1,000,000 from the Mayor's budget; and in another year the Council caused reduction of more than \$200,000.

The Finance Commission, therefore, believes that the opportunity provided by the present law to permit the Council to be a check upon the budget

is worth retaining in the Charter. However, to remove all obstacles to the exercise of this check in an intelligent manner, the Council should be assured of sufficient time within which to study the budget.

How Much Time Should Be Provided for Budget Study?

Any discussion of what to require in the matter of time for budget study must begin with consideration of this question, "Should the City, without regard to other requirements, set up a program of municipal service and provide for it by appropriation, or should the City first establish a taxation limit beyond which it will not go, await developments of legislation and indication of other financial requirements, and then reduce or expand the municipal activities accordingly?" The former course would be in accordance with the accepted scientific theory. The latter is the current governmental practice.

Since the law today merely fixes the time within which a budget must be submitted to the Council by the Mayor, and does not fix the limits of the period within which it must be adopted, and does not prohibit withdrawal of that budget and substitution of another later, it is permitted to defer ultimate adoption to any date until declaration of the tax rate.

The Finance Commission has often recommended that the appropriations for municipal service be adopted earlier in the year than has been the custom. The service programs cannot be fixed until the amount of money provided for each department has been fixed.

Many believe that the municipal spending program for the year should be established entirely apart from consideration of other elements in the tax rate. On the other hand, there are many who believe that the ultimate tax rate should be the first consideration in determination of the amount of service to be authorized. It is fair to state that the average taxpayer is willing to curtail city service, if keeping it up to a given standard will mean a higher rate than otherwise when the state requirements are added. Therefore, it may be assumed that the average taxpayer will be found on the side of those who want to know how much they will be called upon to pay before the obligation is incurred.

It is axiomatic that the most important consideration in this situation should be the guarantee of the adoption of a proper budget, not particularly the adoption on or before a given date.

Therefore, the commission believes that all the elements that enter into the determination of the tax rate should be approximately within sight when the budget is finally passed. However, the Mayor need not defer presentation of a budget for municipal maintenance until all these elements are before him.

The commission is of opinion that the Mayor should be required by legislation to submit a maximum budget fairly early in the year. The date now fixed—within thirty days of the beginning of the fiscal year—seems entirely reasonable, but, as previously shown, the precept of the law has been noted and then circumvented. The Council should be given at least two months for study of the budget, which also should be fixed by statute. If, before that period expires, it appears that the maximum services for which appropriation is asked by the Mayor will produce, when added to other requirements, a higher rate than is desirable, the Council should have the authority contained in the present law to reduce the Mayor's budget. The Mayor also should have the opportunity he now possesses to reduce his own budget if it appears advisable.

The net accomplishments by the adoption of these suggestions will be

1. A maximum budget before the Council by February 1.
2. A guarantee of at least two months for study by the Council.
3. The opportunity for both Mayor and Council to reduce the original budget as circumstances warrant.
4. No opportunity after February 1 to add to the program as provided for in the February 1 budget.

The Form of the Budget.

The form of the Boston budget is now determined by executive order of the Mayor. It can either be in the so-called lump sum form, or it may be in a form now generally known as the segregation budget. By the lump sum method, each department obtains its spending right in one amount. By the segregation method, the allowance for each department may be divided into as many classifications as the Mayor desires. The Council has no authority to determine the form.

The lump sum form was abandoned more than two decades ago because it was found to permit the concealment of political use of public money until after the money was gone. Under its operation department heads could obtain funds for one purpose and spend for entirely different purposes. It was claimed that mayors hid intentions to load up the pay roll with political favorites behind estimates for expenditure which would appear to have more justification.

It may be that the determination of the form should remain the prerogative of the Mayor. So long as it is, however, there is always the possibility that some mayor may adopt a form which will revive the old abuses.

When in Boston it was decided to adopt the budget in segregated form, the commission which worked out the details stressed the importance of control by appropriation. The commission had carefully studied the experience of New York City with a segregated budget. The function of the segregated budget is to limit the expenditure for any particular class of purchase or work to the exact amount appropriated for it.

The original New York form of segregated budget had proven unwieldy because segregation was carried to an extreme. As an illustration, it might almost be said that the purchase of an ordinary broom depended on whether or not a specific appropriation for a broom had been made. New York substantially modified its form of appropriation to make it more practical, yet clung to the idea of appropriation control.

Profiting by this experience, a wise segregation was adopted in Boston. It was used for many years and proved highly valuable to the City Council and to the public.

Each department was given its spending right by items collected into eight groups. Each item was appropriated by the Mayor and Council, and when the amount on a particular item was used up and more expenditure was forecast, it was necessary to have the Mayor and Council formally vote further spending right. There was always a provision that in the last few weeks of the year, the Mayor and auditor could transfer from one item to another and one department to another without Council sanction. This method gave the councilors substantial control if they had time and desired to exercise it.

The form of appropriation in Boston has changed materially from the original segregated form. In the present year the Budget Commissioner, with the Mayor's authority, used a form by which the appropriation is made for classified accounts established under several groups. It then becomes the auditor's duty to see to it that the total spent under all the items of a group does not exceed the total appropriated for the group. The allowances making up the group total are certified to the auditor by the Budget Commissioner. They are not individually ordered by the Council.

Thereafter it comes within the discretion of the auditor alone to say whether or not a particular bill is in excess of the amount intended by the Budget Commissioner for a particular item.

In effect, this method eliminates the Council control beyond the determination of how much may be spent by groups.

The new method may be a more practical form to employ than was the original. Certainly it gives more flexibility to the budget. However, a department head functioning under it can be held to the amount intended by the Council for a particular item only if the auditor requires it. When department heads realized that they had to defend before the Council a desire to spend, or, as often was the case, an expenditure already made beyond the amount appropriated, it had a salutary effect.

There is no doubt that strong argument can be made to support the present form. The commission calls attention to the change here only as another illustration of the impotency of the Council under present conditions in effective exercise of the control of city expenditure which is implied in the Charter. It bears on the question as to whether or not the Council by new legislation should be given more control, or should be eliminated from even the semblance of control.

Every loophole for poor budget-making, however, will not be closed so long as it is open to every administration to change the form of the budget. The Finance Commission, therefore, believes that the law should define a budget and particularly the form of the Boston budget.

The Fiscal Year.

Since January 1, 1926, the fiscal year in Boston has corresponded with the calendar year. Although periodically a new city government comes into office on the first Monday of January, the fiscal year begins January 1 and ends December 31.

Of late there has been discussion that it might aid better budget-making to change the date of the beginning of the fiscal year. Some have advanced the idea that it would be better to start the fiscal year on July 1. Others have suggested December 1 to correspond with the date of the beginning of the state's fiscal year. The adoption of either of these ideas would have some benefit. However, there would also be some disadvantages to either. The Finance Commission is not inclined to make extended argument on this matter. The thought uppermost in the minds of the members is that the gain either way is not of such proportion as to warrant a change.

For a great many years there was confusion among Massachusetts municipalities in regard to the fiscal year. They did not have a common date of beginning. As a result there was frequently a tangle in their relations with each other, and in their relations with the state.

After the City of Boston advanced the date of the beginning of its fiscal year to January 1 in 1926, all the other municipalities came into line. Now there is a common date fixed by statute for all cities and towns. To change the Boston date either backward or forward from this common date would tend to return to the old confusion. For that reason the Finance Commission advises against any change.

The commission, however, believes a change should be made in the law which permits expendi-

ture before a budget is adopted. The existing special statute on this point dates from 1889. It permits the expenditure in each department of a sum not to exceed one third the total amount appropriated for that department in the year previous.

Enforcement of this provision,—and there is no alternative to enforcement—has often resulted in adoption of the budget without suitable study. At times it serves to permit too generous expenditure. At other times it does not allow for regular necessary maintenance.

The municipal finance statute (chapter 44, section 34) permits expenditure in all municipalities, except Boston, until the budget is adopted, of a sum not to exceed the amount spent in any month of the previous year. The Finance Commission believes a more restricted right to spend would be advisable for Boston and, therefore, recommends the adoption of a special statute which would allow expenditure in any month of a sum not to exceed the average amount of the monthly drafts of the previous year.

It is the hope of the Finance Commission that the foregoing discussion of the budget situation in Boston will assist you in your task of determining what changes are necessary in the budget procedure relating to all appropriations exclusive of school appropriations.

The commission expects within a short time to send to you in a separate letter the benefit of its observations in regard to a budget for the school administration.

Respectfully submitted,

CHARLES M. STOREY, Chairman,
JAMES E. MAGUIRE,
DAVID LASKER,
JAMES H. FLANAGAN,
ELIAS F. SHAMON,
The Finance Commission.

Placed on file.

PETITION REFERRED.

A petition was received from Anna G. Danehy to be paid an annuity on account of death of her husband, Eugene M. Danehy, member of Police Department.

Referred to the Executive Committee when appointed.

COOPERATION WITH NEW MEMBERS.

Coun. LANGAN—Mr. President, I ask unanimous consent to make a statement. (There was no objection.) I think it is only fitting and proper at this time, the first real meeting of the City Council, that the older members should at least extend a cordial welcome to the newer members of the Body. They are now entering upon their work as City Councilors of the City of Boston, and I believe that we, the older members, should assure the newer members of our intention to cooperate with them in all work for the benefit of our city. I believe in thus speaking I am voicing the thoughts of my fellow councilors who are continuing their service in this Body. So I say to the newer members that they will have the cooperation of the older members of the Council, and I extend to them my personal congratulations and a welcome, trusting that they will have a very successful term in office.

VOTE FOR PRESIDENT.

Coun. MAURICE H. SULLIVAN—Mr. Chairman, I move that we now proceed to the election of a President of the City Council for the year 1940.

The motion was carried.

Coun. CHASE—Mr. Chairman.
Chairman SHATTUCK—For what purpose does the gentleman rise?

Coun. CHASE—I ask unanimous consent to make a statement.

Chairman SHATTUCK—The gentleman may proceed, if there is no objection.

Coun. CHASE—Mr. Chairman, the Council is about to ballot on the question of who shall be President of this Body for the year 1940. The office of President of the Council is a very important one, and because of this we should make every endeavor to select the proper person. In making this selection, we should consider the various candidates on the basis of their experience, ability and reputation. If we do this, I am sure that this Honorable Body will secure a proper person to preside, and one who will add dignity to this Honorable Body.

Chairman SHATTUCK—The clerk will call the roll, and each councilor as his name is called will rise in his place and announce the name of his choice for presidency of the Body.

The result of the ballot was as follows:

Coun. CAREY—Edward L. Englert.
Coun. CHASE—Henry L. Shattuck.
Coun. COFFEY—Joseph Scannell.
Coun. FISH—William J. Galvin.
Coun. GALVIN—William J. Galvin.
Coun. GOODE—William J. Galvin.
Coun. GOTTLIEB—Edward L. Hutchinson, Jr.
Coun. HURLEY—William J. Galvin.
Coun. HUTCHINSON—Edward L. Hutchinson, Jr.
Coun. KELLY—John B. Kelly.
Coun. LANGAN—William J. Galvin.

Coun. LINEHAN—Edward L. Hutchinson, Jr.
Coun. LYONS—William J. Galvin.
Coun. RUSSO—William J. Galvin.
Coun. SCANNELL—William J. Galvin.
Coun. SHATTUCK—Edward L. Hutchinson, Jr.
Coun. DANIEL F. SULLIVAN—John B. Kelly.

Coun. MAURICE H. SULLIVAN—William J. Galvin.

Coun. WARD—William J. Galvin.

Coun. WICKES—John B. Kelly.

Chairman SHATTUCK—Coun. Galvin has ten votes, Coun. Hutchinson four, Coun. Kelly three, Coun. Scannell one, Coun. Englert one, Coun. Shattuck one, and there is no choice.

Coun. LANGAN—Mr. President, I move that we proceed to a second ballot for president of the Council for 1940.

The motion was carried, and the clerk called the roll, with the following result:

Coun. CAREY—John B. Kelly.
Coun. CHASE—Henry L. Shattuck.
Coun. COFFEY—Joseph Scannell.
Coun. FISH—William J. Galvin.
Coun. GALVIN—William J. Galvin.
Coun. GOODE—William J. Galvin.
Coun. GOTTLIEB—Edward L. Hutchinson, Jr.
Coun. HURLEY—William J. Galvin.
Coun. HUTCHINSON—Edward L. Hutchinson, Jr.

Coun. KELLY—John B. Kelly.

Coun. LANGAN—William J. Galvin.

Coun. LINEHAN—Edward L. Hutchinson, Jr.

Coun. LYONS—William J. Galvin.

Coun. RUSSO—William J. Galvin.

Coun. SCANNELL—William J. Galvin.

Coun. SHATTUCK—Edward L. Hutchinson, Jr.

Coun. DANIEL F. SULLIVAN—John B. Kelly.

Coun. MAURICE H. SULLIVAN—William J. Galvin.

Coun. WARD—William J. Galvin.

Coun. WICKES—John B. Kelly.

Chairman SHATTUCK—The Chair will announce that there is no choice.

Coun. WARD—Mr. President, I move that we proceed to the election of a president.

The motion was carried, and the clerk called the roll, with the following result:

Coun. CAREY—Edward L. Hutchinson, Jr.
Coun. CHASE—Henry L. Shattuck.
Coun. COFFEY—Joseph Scannell.
Coun. FISH—William J. Galvin.
Coun. GALVIN—William J. Galvin.
Coun. GOODE—William J. Galvin.
Coun. GOTTLIEB—Edward L. Hutchinson, Jr.
Coun. HURLEY—William J. Galvin.
Coun. HUTCHINSON—Edward L. Hutchinson, Jr.

Coun. KELLY—John B. Kelly.

Coun. LANGAN—William J. Galvin.

Coun. LINEHAN—Edward L. Hutchinson, Jr.

Coun. LYONS—William J. Galvin.

Coun. RUSSO—William J. Galvin.

Coun. SCANNELL—William J. Galvin.

Coun. SHATTUCK—Edward L. Hutchinson, Jr.

Coun. DANIEL F. SULLIVAN—John B. Kelly.

Coun. MAURICE H. SULLIVAN—William J. Galvin.

Coun. WARD—William J. Galvin.

Coun. WICKES—John B. Kelly.

Chairman SHATTUCK—Coun. Galvin has ten votes, Coun. Hutchinson five, Coun. Kelly three, Coun. Scannell one, Coun. Shattuck one, and there is no choice.

DELIVERIES OF FUEL OIL AND COAL

Coun. CAREY offered the following:

Ordered, That the Director of Public Welfare be requested to make an immediate investigation into the deliveries of fuel oil and coal to recipients of old age assistance and welfare aid with a view to arranging a schedule whereby such recipients will not be made to suffer during the cold weather through failure to make prompt deliveries.

Coun. CAREY—Mr. President, I hesitate to introduce any order in this Council which might possibly be considered as reflecting on the humane treatment accorded recipients of welfare by the Director of Public Welfare, William G. O'Hare. There is no department head of the city who has the interest of the recipients of welfare by the poor and unfortunate more at heart than has Director O'Hare. I have, however, in my experience as a member of the Council, noted an apparent utter disregard of the interest and the comfort of these unfortunate by those whose business it is to make deliveries of fuel oil and coal to recipients of old age assistance and those dependent on public welfare. Probably every member of the Body knows what it means to be cold and hungry, perhaps only momentarily. And I feel that too much cannot be done to alleviate the sufferings of those who today are on old age assistance and public welfare, especially those there through no fault of their own. I have had many complaints in my own district and also from outside of Ward 10, especially during the severe weather of the last ten days, about the non-delivery of fuel oil and coal. I listened to the Mayor's inaugural address, especially that part where, with his humane heart, he told us that he would not stand for anything harmful being done to the less fortunate people in our community. I feel that the delay and neglect of those who make these deliveries of fuel oil and coal has been tolerated long enough. We have just been through the holiday season, a time when

those who are unfortunate are supposed to be the objects of our especial care, but there has been plenty of cold and suffering on Christmas and New Year's days because of the neglect of those charged with the delivery of fuel oil and coal. I ask, therefore, that this matter be directed to the attention of the Commissioner of Public Welfare, feeling certain that every step will be taken to remedy the situation at once.

The order was passed.

RECESS.

Chairman SHATTUCK—The Chair will now declare a recess of ten minutes. The Council recessed at 2.40 p. m. and were called to order by Chairman SHATTUCK at 2.50 p. m.

JURORS DRAWN.

Jurors were drawn under the law, Coun. LANGAN presiding at the box in the absence of the Mayor, as follows:

Five grand jurors, Superior Criminal Court, to appear January 4, 1940:

James C. Boynton, Ward 2; George F. Butler, Ward 5; Christian A. Enemark, Ward 7; John J. McCarthy, Ward 19; John J. Davis, Ward 20.

Eighty-four traverse jurors, Superior Criminal Court, to appear February 5, 1940:

Felix Arnone, Ward 1; Daniel A. Bruno, Ward 1; George M. Decker, Ward 1; Frank P. Lanzilli, Ward 1; Joseph Matarazza, Ward 1; Maurice L. Murphy, Ward 1; Frank Partridge, Ward 1; Arthur E. Pinkham, Ward 1; William J. Condon, Ward 2; James A. Driscoll, Jr., Ward 2; William F. Judge, Ward 2; Leo Goodman, Ward 3; Arthur J. Smith, Ward 3; Maurice J. Kiley, Ward 4; James P. Fay, Jr., Ward 4; Harold A. King, Ward 4; Walter E. Campbell, Ward 5; James O. Foss, Ward 5; Leo Liberman, Ward 5; Richard D. Row, Ward 5; Richard B. Salinger, Ward 5; Leonard G. Clements, Ward 6; Patrick H. Fitzgerald, Ward 6; Charles Kachinsky, Ward 6; Albert E. Lessie, Ward 6; Francis J. Roache, Ward 6; William H. Boutlier, Jr., Ward 7; James P. Burke, Ward 7; Edward F. H. Cahalane, Ward 7; George E. Frank, Ward 7; Joseph Geary, Ward 7; Thomas Gregory Gillis, Ward 7; Donald MacKay, Ward 7; George T. Luby, Ward 9; Paul A. Savage, Ward 9; William A. Glynn, Ward 10; Lester T. Doherty, Ward 11; James J. Inman, Ward 11; James F. Glynn, Jr., Ward 12; Thomas C. Lydon, Ward 12; Richard Raymond, Ward 12; William S. Stone, Ward 12; Edward J. Berran, Ward 13; Henry F. Brady, Ward 13; Frank Carrigan, Ward 13; John A. Doherty, Ward 13; Abraham M. Alpers, Ward 14; Sydney Dunn, Ward 14; Walter P. Jones, Ward 14; Joseph Kraner, Ward 14; Arnold Rottenberg, Ward 14; George E. Ward, Ward 14; Thomas O'Leary, Ward 15; Dennis Shuris, Ward 15; William E. Slattery, Ward 15; Lester J. Banks, Ward 16; John P. Gaffney, Ward 16; Timothy J. Hourihan, Ward 16; John F. Kennaley, Ward 16; Robert D. McCarthy, Ward 16; Charles P. Moore, Ward 16; Daniel H. Rogers, Ward 16; John James Walsh, Ward 16; Thomas J. Burke, Ward 17; Frank T. Haddock, Ward 17; George W. Rollins, Ward 17; Vernal E. Stone, Ward 17; Wilfred E. Barnard, Ward 18; Eugene F. Hayes, Ward 18; John W. Altmeyer, Ward 19; Cornelius Henry Meagher, Ward 19; John J. Peterson, Ward 19; William W. Burns, Ward 20; Herman Brenner, Ward 21; Jacob Brown, Ward 21; Milton W. Eastman, Ward 21; William R. Welch, Ward 21; Harry W. Maloney, Ward 22; Michael McCarthy, Ward 22; Joseph A. McGinn, Ward 22; Peter F. McGrath, Ward 22; George F. McNeil, Ward 22; John Sullivan, Ward 22.

One hundred forty-two jurors, Superior Civil Court, January Sitting, to appear February 5, 1940:

Galeano J. Capprini, Ward 1; Ennis W. Clarke, Ward 1; Matthew I. Gannon, Ward 1; Harold J. McWeeny, Ward 1; Martin J. Mealey, Ward 1; John H. Newman, Ward 1; Carl Waltman, Ward 1; Jeremiah E. Ahern, Ward 2; William H. Riordan, Ward 2; Walter A. Rothwell, Ward 2; Samuel Alperin, Ward 3; Jacob Chaletsky, Ward 3; Isadore B. Flicop, Ward 3; Ralph Herson, Ward 3; James E. Mahoney, Ward 3; William A. L. Moran, Ward 3; Edward E. Todtman, Ward 3; John R. Davis, Ward 4; Francis L. Duggan, Ward 4; George M. Hurley, Ward 4; John T. Peake, Ward 4; John J. Daly, Ward 5; Bronislaw Dixon, Ward 5; Lowell P. Gallagher, Ward 5; Thomas F. Markey, Ward 5; Ralph Sanborn, Ward 5; Francis A. Barrett, Ward 6; Frank P. Flaherty, Ward 6; Edward McGlone, Ward 6; Stanley I. Musgrave, Ward 6; Albert Smith, Ward 6; Bernard F. Doherty, Ward 7; James F. Donovan, Ward 7; William B. Driscoll, Jr., Ward 7; John J. Foley, Ward 7; George J. Frawley, Ward 7; Francis A. Jennings, Ward 7; Richard P. Kelly, Ward 7; John A. Mahoney, Ward 7; Edward P. Martin, Ward 7; James E. Murray, Jr., Ward 7; Thomas A. Shruhan, Ward 7; Albert H. Walsh, Ward 7; William L. Bond, Ward 8; William T. Duross, Ward 8; William J. Fitzpatrick, Ward 8; George L. Mudgett, Ward 8; William J. Neary, Ward 8; James P. Nettles, Ward 9; Joseph M. Ryan, Ward 9; Joseph A. Ehrhart, Ward 10; Frank

J. Maguire, Ward 10; William L. Murphy, Ward 10; John H. O'Neill, Ward 10; John H. Powers, Ward 10; William J. Baird, Ward 11; James J. Casey, Ward 11; Henry Gaffey, Ward 11; Charles A. Garrity, Ward 11; Howard A. Gilmore, Ward 11; James M. Hillcoat, Ward 11; Benjamin Martin, Ward 11; Harry P. Quigley, Ward 11; Chester N. Simpson, Ward 11; Henry F. Arnold, Ward 12; John A. Nelson, Ward 12; Fred L. O'Connor, Ward 12; Everett B. O'Neil, Ward 12; John L. Casey, Ward 13; James E. Connors, Ward 13; John A. Evans, Ward 13; Edward H. Harrington, Ward 13; Joseph J. Keegan, Ward 13; John J. McCarthy, Ward 13; Alfred McGillicuddy, Ward 13; Archibald R. Stewart, Ward 13; Samuel A. Baker, Ward 14; David Brooks, Ward 14; Henry A. Eichorn, Ward 14; Max Galitz, Ward 14; Bernard M. Hession, Ward 14; William Kingsberg, Ward 14; Robert C. Lehane, Ward 14; Henry Markow, Ward 14; Robert K. Plunkett, Ward 14; Thomas A. Butler, Ward 15; Kenneth Chisholm, Ward 15; Francis J. Hartin, Ward 15; James J. LaBollita, Ward 15; Vincent J. Leonard, Ward 15; Raymond D. McLaughlin, Ward 15; John J. Mooney, Ward 15; Donald E. Morrison, Ward 15; Francis E. Richards, Ward 15; George Spear, Ward 15; Edward L. Sullivan, Ward 15; Thomas J. Connelly, Ward 16; Charles E. Connor, Ward 16; Michael Gormley, Ward 16; Daniel J. Lynch, Ward 16; James F. Madden, Ward 16; Charles S. Malley, Ward 16; Harry F. Murphy, Ward 16; John J. O'Connell, Ward 16; John J. O'Connell, Ward 16; Walter M. Perry, Ward 16; John J. Rush, Ward 16; Alfred S. Stewart, Ward 16; Edwin F. Hennessy, Ward 17; Charles L. Samuel, Ward 17; Richard S. Albee, Ward 18; James E. T. Carrigan, Ward 18; John A. Johnson, Ward 18; Joseph W. Mathey, Ward 18; John D. Niver, Ward 18; George A. Otto, Ward 18; Robert A. Schwinn, Ward 18; Charles W. Sullivan, Ward 18; Frank A. Trecki, Ward 18; Francis A. Clausen, Ward 19; John J. Hartman, Ward 19; Daniel P. O'Connell, Ward 19; Clarence C. Brown, Ward 20; George H. Curtin, Ward 20; Charles J. Flynn, Ward 20; James S. Maguire, Ward 20; James McCabe, Ward 20; Melvin I. Nielsen, Ward 20; James A. Sutherland, Ward 20; Leo L. Davidson, Ward 21; Albert H. Holmes, Ward 21; John Q. McAndrew, Ward 21; Alfred F. McKenna, Ward 21; Bertram T. Rich, Ward 21; Edward H. Whitney, Ward 21; George C. Broadbent, Ward 22; Ernest P. Buxton, Ward 22; Harry H. Dolan, Ward 22; Michael J. Leahy, Ward 22; Joseph J. McAleen, Ward 22; Thomas F. O'Halloran, Ward 22; Joseph H. Tirrell, Ward 22.

ELECTION OF PRESIDENT.

Coun. MAURICE H. SULLIVAN—Mr. Chairman, I move that we proceed to another ballot for election of President for the year 1940.

The motion was carried, and the clerk called the roll, with the following result:

Coun. CAREY—John B. Kelly.
Coun. CHASE—Henry L. Shattuck.
Coun. COFFEY—William J. Galvin.
Coun. FISH—William J. Galvin.
Coun. GALVIN—William J. Galvin.
Coun. GOODE—William J. Galvin.
Coun. GOTTLIEB—William J. Galvin.
Coun. HURLEY—William J. Galvin.
Coun. HUTCHINSON (not voting).
Coun. KELLY—John B. Kelly.
Coun. LANGAN—William J. Galvin.
Coun. LINEHAN—Edward L. Hutchinson, Jr.
Coun. LYONS—William J. Galvin.
Coun. RUSSO—William J. Galvin.
Coun. SCANNELL—William J. Galvin.
Coun. SHATTUCK—John B. Kelly.
Coun. DANIEL F. SULLIVAN—John B. Kelly.
Coun. MAURICE H. SULLIVAN—William J. Galvin.

Coun. WARD—William J. Galvin.
Coun. WICKES—William J. Galvin.

Chairman SHATTUCK—Coun. Galvin has received thirteen votes, and is elected President of the City Council for the year 1940. (Applause.)

Chairman SHATTUCK appointed as a committee to escort President-Elect Galvin to the chair Coun. Hutchinson and Kelly, who performed that duty amidst applause.

President GALVIN—The Council will be in order. I wish to thank all members who voted for me and all the other members of the Council. I shall try throughout the entire year to give fair and impartial decisions on any questions that may be presented to the Chair. I thank you very much. (Applause.)

RULES OF CITY COUNCIL.

Coun. LANGAN offered the following:

Ordered, That the Rules of the City Council of 1939, except Rules 13, 24 and 35, be adopted as the rules of this Council until permanent rules are adopted.

Ordered, That a committee of five members be appointed by the President to prepare and report rules to govern the proceedings of the present City Council.

Severally passed.

REFERENCE OF UNFINISHED BUSINESS.

Coun. MAURICE H. SULLIVAN offered the following:

Ordered, That matters of unfinished business referred to this City Council from the committees of the City Council of 1939 be referred to the corresponding committees of this Body when appointed.

The order was passed.

SUPPORT OF PRESIDENT GALVIN.

Coun. KELLY—Mr. President, I ask unanimous consent to make a statement. (No objection.) Mr. President and members of the Body, although I was a candidate for the high honor of the Presidency of the Body, I wish to say, now that Councilor Galvin has been elected to that office, I am going to cooperate with him in every way. It is the privilege and right of every member to aspire to the Presidency of the Body, and the different members of the Council will in years to come have that same aspiration. But the question has now been decided for this year, and I want to tell President Galvin that I will be more than pleased to cooperate with him every day in the year, and I ask those who voted for me to also be cooperative, in order that our efforts on behalf of the city may be as successful as they have been in the past years.

Coun. HUTCHINSON—Mr. President, I too ask unanimous consent to make a statement. I wish to congratulate the President on being elected, and I want him to know that I shall cooperate with him during the year, and I am sure the members who voted for me will also cooperate with him.

PAYMENT OF ANNUITY TO THOMAS E. GOGGIN.

Coun. LINEHAN offered the following:

Resolved, That the City Council of Boston hereby favors the enactment of legislation authorizing the payment of an annuity of \$1,000 to Thomas E. Goggin, formerly an employee of the City of Boston and County of Suffolk, and an annuity of \$200 to minor child, because of injuries in the course of employment of the said Thomas E. Goggin, provided that such legislation includes a referendum to the Mayor and City Council.

The resolve was passed under suspension of the rule.

Adjourned at 3.20 p. m., on motion of Coun. HUTCHINSON, to meet on Monday, January 8, 1940, at 2 p. m.

CITY OF BOSTON.

REAL ESTATE DIVISION.

PUBLIC AUCTION.

The City of Boston will sell at public auction all its right, title and interest in and to about three thousand two hundred sixty (3,260) square feet of land on the southwesterly side of Wensley street, Roxbury, and the buildings thereon, numbered thirty-two (32) and thirty-four (34) in the present numbering of said street, and more fully described in tax deed recorded with Suffolk Deeds, Book 5363, page 152, on Thursday, January 25, 1940, at 12 o'clock noon, on the premises, at a minimum price of two thousand dollars (\$2,000).

A deposit required at the time and place of sale of two hundred dollars (\$200), in cash or certified check, balance to be paid in thirty (30) days. Further particulars from Custodian of Foreclosed Real Estate, 1008 City Hall Annex, Boston, Mass.

DANIEL M. DRISCOLL,

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING LUMBER TO THE PUBLIC WORKS DEPARTMENT, SEWER DIVISION.

The Supply Department of the City of Boston invites proposals for furnishing lumber to the Public Works Department, Sewer Division, as per specifications contained in proposals which may be obtained at the office of the Supply Department, Room 1001, City Hall Annex. *There will be a charge of twenty-five cents (\$0.25) for each blank proposal taken out.* The bidder must leave his proposal with a certified check for \$100, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read Friday, January 19, 1940, at 12 m., at Room 1001, City Hall Annex. The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR WEIGHING AND VENDING MACHINES IN FERRYHOUSES.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for the privilege of placing weighing and vending machines in the headhouses of the Ferry Division for a term of three years, beginning February 1, 1940, and giving a bond approved by the Commissioner. All information relative to proposals which the bidder himself will furnish can be obtained at Room 508, City Hall Annex. The bidder will submit a price for each machine and the number to be placed in each headhouse and leave the same at Room 508, fifth floor, City Hall Annex, before 12 o'clock m. of Friday, January 19, 1940, with a certified check for one hundred (100) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will at said hour and place be publicly opened and read. The proposals should be inclosed in an envelope, sealed, and marked "Proposals for Weighing and Vending Machines." Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the proposals. If the price bid appears to the Commissioner to be abnormally high or low it may lead to the rejection of the proposal containing such price. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Act so called) to all persons to be employed under this contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract. The undersigned reserves the right to reject any or all proposals or to accept any proposal should he deem it to be for the best interest of the city so to do.

GEORGE G. HYLAND,
(Jan. 13.) *Commissioner of Public Works.*

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING SURGICAL SUPPLIES AND NEEDLES (SURGICAL AND HYPODERMIC).

The Supply Department of the City of Boston invites proposals for furnishing surgical supplies and needles (surgical and hypodermic), as required, for city departments. The bidder must use the form of proposal to be obtained at the office of the Superintendent of Supplies, Room 1001, City Hall Annex, and the successful bidder must furnish a bond for one half the total estimated amount of the bid with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. *There will be a charge of twenty-five cents (\$0.25) for each blank proposal taken out.* The bid, with a certified check for \$300, payable to and to become the property of the City of Boston, if the proposal is not carried out, must be left at the office of the Superintendent of Supplies before 12 m., on Monday, February 5, 1940, at which time and place they will be publicly opened and read. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

JOHN A. BREEN,
(Jan. 13.) *Superintendent of Supplies.*

SUPPLY DEPARTMENT.

The City of Boston invites proposals for furnishing fruits, vegetables, meats, butter, eggs and cheese. Proposals for the above may be obtained in Room 1001, City Hall Annex.

Proposals for furnishing fruits and vegetables close at 12 noon daily at the above office. Proposals for furnishing meats and butter, eggs and cheese close every Thursday at 2 p. m.

JOHN A. BREEN,
Superintendent of Supplies.

CITY OF BOSTON.

REAL ESTATE DIVISION.

PUBLIC AUCTION.

The City of Boston will sell at public auction all its right, title and interest in and to about one thousand three hundred (1,300) square feet of land on the westerly side of Tyler street, Boston, numbered 113, 115 in the numbering of said street, and more fully described in a tax deed recorded with Suffolk Deeds, Book 5436, page 443, on Tuesday, January 23, 1940, at 11 a. m., on the premises, at a minimum price of one thousand dollars (\$1,000).

A deposit required at the time and place of sale of one hundred dollars (\$100), in cash or certified check, balance to be paid in thirty (30) days. Further particulars from Custodian of Foreclosed Real Estate, 1008 City Hall Annex, Boston, Mass.

THE SCHOOL COMMITTEE OF THE CITY OF BOSTON.

ADMINISTRATION BUILDING, 15 BEACON STREET,
OFFICE OF THE BUSINESS MANAGER.

PROPOSALS FOR FURNISHING INTERFOLDED TOILET PAPER AND TOILET PAPER IN ROLLS FOR THE BOSTON PUBLIC SCHOOLS.

The School Committee of the City of Boston invites bids for furnishing interfolded toilet paper and toilet paper in rolls for the Boston public schools. Proposal forms, for which a charge is made, are obtainable at the office of the Business Manager of the School Committee, 15 Beacon street, tenth floor. Envelopes containing proposals must be sealed and plainly marked "Proposal for Interfolded Toilet Paper and Toilet Paper in Rolls." The bid must be in duplicate. One copy signed by the bidder and accompanied by a certified check for \$50, payable to the City of Boston, must be left at the office of the Business Manager on or before 12 o'clock m. on Thursday, January 25, 1940. Copies filed with the Business Manager will be publicly opened and read at 12 o'clock m. of the day stated. The other copy, also signed by the bidder, must be filed with the City Auditor, City Hall, Boston, Mass., previous to the time named for the opening of the bids. The School Committee reserves the right to reject any or all bids and to accept the bid or bids which it deems best for the interests of the city. The successful bidder will be required to furnish a bond for not less than 50 per cent of the amount of the contract.

ALEXANDER M. SULLIVAN,
Business Manager of the School Committee.

POLICE DEPARTMENT ORDERS.

General Order No. 426.

For the information of the depart-
ment, the Hackney Carriage Rules and
Regulations have been amended as fol-
lows:

In accordance with the provisions of
section 1 of chapter 392 of the Acts of
1930, as amended, and in order to remedy
existing traffic conditions and reduce
the number of cruising taxicabs, and in
order to establish a system for the clean-
ing, inspection and repair of taxicabs,
the rules and regulations heretofore es-
tablished by the Police Commissioner
for the City of Boston are hereby
amended by adding at the end of section
2 of said rules and regulations, the fol-
lowing new heading and section, said
new section to take effect February 1,
1940, at 4 a. m.:

Limitation of Operation and Cleaning,
Inspection and Repair of Taxicabs.

Section 2A—Every licensed hackney
carriage operating as a taxicab shall bear
a medallion number assigned by the
Police Commissioner. The medallions
bearing such numbers shall be furnished
by the Police Commissioner and shall
be made of different colors according to
the following table:

1. All medallions bearing the num-
bers 1, 6, 11 and every other number
ascertained by adding 5 or a multiple
of 5 to the number 1 shall be colored
RED.

2. All medallions bearing the num-
bers 2, 7, 12 and every other num-
ber ascertained by adding 5 or a multiple
of 5 to the number 2 shall be colored
YELLOW.

3. All medallions bearing the num-
bers 3, 8, 13 and every other number
ascertained by adding 5 or a multiple
of 5 to the number 3 shall be colored
BLUE.

4. All medallions bearing the num-
bers 4, 9, 14 and every other number
ascertained by adding 5 or a multiple
of 5 to the number 4 shall be colored
GREEN.

5. All medallions bearing the num-
bers 5, 10 and 15 and every other num-
ber ascertained by adding 5 or a multiple
of 5 to the number 5 shall be colored
WHITE.

No taxicab bearing a RED medallion
shall be operated during the twenty-
four hours immediately following the
hour of 4 a. m. of any Monday in any
week during the license year. The owner
of each taxicab bearing a RED medal-
lion shall cause said taxicab to be
thoroughly cleaned, inspected and re-
paired on each such Monday.

No taxicab bearing a YELLOW medal-
lion shall be operated during the twenty-
four hours immediately following the
hour of 4 a. m. of any Tuesday in any
week during the license year. The
owner of each taxicab bearing a YELLOW
medallion shall cause said taxicab to
be thoroughly cleaned, inspected and re-
paired on each such Tuesday.

No taxicab bearing a BLUE medallion
shall be operated during the twenty-
four hours immediately following the
hour of 4 a. m. of any Wednesday in
any week during the license year. The
owner of each taxicab bearing a BLUE
medallion shall cause said taxicab to be
thoroughly cleaned, inspected and re-
paired on each such Wednesday.

No taxicab bearing a GREEN medallion
shall be operated during the twenty-four
hours immediately following the hour
of 4 a. m. of any Thursday in any week

during the license year. The owner of each taxicab bearing a GREEN medallion shall cause said taxicab to be thoroughly cleaned, inspected and repaired on each such Thursday.

No taxicab bearing a WHITE medallion shall be operated during the twenty-four hours immediately following the hour of 4 a. m. of any Friday in any week during the license year. The owner of each taxicab bearing a WHITE medallion shall cause said taxicab to be thoroughly cleaned, inspected and repaired on each such Friday.

On the first of each month the owner of each taxicab shall file with the Inspector of Carriages a report, on a form supplied by the said Inspector of Carriages, certifying under oath the fact that said taxicab was thoroughly cleaned, inspected and repaired on each of the days of the previous month on which the said taxicab was not operated under the provisions of this rule, and setting forth the results of said inspections and the repairs made.

The above provisions shall not apply on legal holidays, nor to the hours of midnight to 4 a. m. of days immediately following such holidays, and all taxicabs may be operated on said legal holidays and the aforementioned hours following such holidays, regardless of medallion color.

In so far as possible, the Police Commissioner shall assign consecutive medallion numbers to taxicabs owned by the same person.

The operation of section 2A may be suspended in whole or in part, for such period of time as may be designated by the Police Commissioner, by an order to that effect, issued by the said Police Commissioner, whenever, in his opinion, public convenience and necessity require the same, and the said Police Commissioner shall suspend the operation of section 2A whenever the number of licensed hackney carriages in operation on a particular day shall be less than nine hundred.

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

General Order No. 427.

For the information of the department, the following order decreasing the limit for the number of hackney carriage licenses in the City of Boston heretofore established becomes effective as of Saturday, January 6, 1940, at 7.45 o'clock a. m.:

Order Decreasing Limit for the Number of Hackney Licenses in the City of Boston Heretofore Established.

In accordance with section 4 of chapter 392 of the Acts of 1930, as amended by section 1 of chapter 280 of the Acts of 1934, the limit for the number of hackney licenses to be issued under said section is hereby decreased to twelve hundred; provided, however, that this order shall not affect, in any way, the rights of any existing licensee to any annual renewal of his license under the provisions of said section. Until further action by the Police Commissioner, licenses may be granted to the number heretofore established, except that no further original licenses shall be granted until the number of hackney licenses

POLICE DEPARTMENT ORDERS.

(Continued from page 47.)

outstanding shall have been reduced to less than twelve hundred by cancellation or revocation or the failure of holders of licenses to apply for renewals, and thereafter hackney licenses may be granted only up to a total not exceeding twelve hundred. This order is promulgated after reasonable notice published in the daily newspapers of the City of Boston, and a public hearing held on November 28, 1939, and shall be effective as of January 6, 1940, at 7.45 o'clock a. m.

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

General Order No. 424.

Commanding officers of all divisions and heads of units are hereby notified that under no circumstances will they authorize or permit work to be done or supplies to be received unless a formal purchase order has first been issued by the Property Clerk.

Requisitions for ordinary supplies and services will be made in the usual manner and at the same scheduled time as at present.

All so-called "Emergency Requisitions" will receive the prompt attention of the Property Clerk, but no service orders will be confirmed by the Property Clerk unless a requisition is first received by him.

Furthermore, no employee of this department is authorized to request services or supplies for the department from any business establishment without a formal purchase order and then only in an extreme emergency, or when requested to do so by the Property Clerk.

The term "Emergency" shall not apply to general repair work, nor to any other service that can be taken care of during the regular business hours.

Requisitions for supplies or services, whether normal or emergency, will first be sent to the Property Clerk and the order placed directly by him, before any supplies are received or services rendered. No telephone orders by any unit other than the Property Clerk's office will be permitted. The practice of issuing confirmatory purchase orders will be discontinued in so far as it is practicable to do so.

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

General Order No. 425.

The following-named persons are hereby appointed patrolmen, to take effect Wednesday, January 3, 1940, at 10 o'clock a. m., and they are assigned as follows:

Michael J. Bucelwicz, Edwin P. Cashman, Division 6.

Paul H. Skuse, John E. Norton, Division 7.

Edward J. McNabb, Stephen J. McDermott, John J. Murnane, Division 9.

Francis P. Mullen, Robert J. Allen, Stanley J. Jundzil, Paul W. Wolongiewicz, Division 10.

Matthew T. Connolly, Edward R. Skrickus, Michael F. O'Malley, George J. Lang, Thomas E. Donahue, Division 11.

Police Commissioner.

CIVIL SERVICE EXAMINATIONS.
(STATE.)

STATE EXAMINERS OF ELECTRICIANS, 1940.

Examinations will be held at the following points and on the following dates:

Boston, Wednesday, February 7.

Worcester, Thursday, February 8.

Boston, Wednesday, March 6.

Fall River, Thursday, March 7.

Fall River, Friday, March 8.

Boston, Wednesday, April 3.

Springfield, Thursday, April 4.

Boston, Wednesday, May 1.

Worcester, Thursday, May 2.

Boston, Wednesday, June 5.

Boston, Wednesday, September 11.

Worcester, Thursday, September 12.

Springfield, Wednesday, October 16.

Pittsfield, Thursday, October 17.

Boston, Wednesday, November 13.

Lowell, Thursday, November 14.

Boston, Wednesday, December 4.

New Bedford, Thursday, December 5.

New Bedford, Friday, December 6.

Rules for Examinations.

All examinations shall be given in English.

Applicants for Class B or journeyman's certificate must be at least eighteen years of age and have had at least two years'

practical experience or the equivalent in the installation of wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Applicants for Class A or master's certificate must be at least twenty-one years of age and have had at least two years' experience in the business of installing wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes. Examination shall consist of applicant's knowledge of the National Electrical Code and practical electrical work.

All persons desiring to be examined, either for a master or journeyman certificate, shall have application on file at least ten days previous to the date of such examination.

Applicants for examination will be required to obtain at least 70 per cent in order to obtain a certificate.

Applicants who fail to obtain the required 70 per cent will not be entitled to re-examination until a period of three months has elapsed, and those who receive less than 50 per cent or who fail on the practical demonstration, will not be re-examined for a period of six months.

Any person found referring to notes or books, or misbehaving during an examination, will be debarred from that examination.

Notice will be sent to applicants for certificates when and where examination will be held and only those so notified will be examined on that day.

STEPHEN C. GARRITY,
WALTER F. DOWNEY,
ULYSSES J. LUPIN,
ALBERT FRANK,
WALTER J. KENEFICK,

State Examiners of Electricians.

For application blanks or other information apply to State Examiners of Electricians, Room 303, 14 Beacon street, Boston, Mass.

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 32.

SATURDAY, JANUARY 20, 1940.

NO. 3

MAYOR TOBIN AND BOSTON HOUSING AUTHORITY PRAISED FOR ACHIEVEMENTS IN ELIMINATING CITY'S SUB-STANDARD AREAS — HON. NATHAN STRAUS, ADMINISTRATOR OF UNITED STATES HOUSING AUTHORITY, PAYS TRIBUTE TO MAYOR FOR KEEN AND SYMPATHETIC INTEREST SHOWN AND COOPERATIVE EFFORTS BEING MADE BY HIM TO CLEAR SLUM SECTIONS AND REPLACE DWELLINGS WITH COMFORTABLE AND BETTER CLASS HOMES FOR CITIZENS AND FAMILIES IN LOW-INCOME BRACKETS — PREDICTS INCREASE IN PRIVATE CONSTRUCTION OF SIMILAR TYPE, THUS ENHANCING CITY'S VALUES.

Hon. Nathan Straus, Administrator of the United States Housing Authority, speaking before the New England Conference of Housing Officials, held under the auspices of the National Association of Housing Officials, at the City Club, Boston, Wednesday evening, January 10, gave high praise to Mayor Tobin and the Housing officials for interest shown in and efforts being made to meet and solve the slum area problems. Administrator Straus's address was as follows:

Mr. Chairman.

It is a pleasure to be in the home city of Congressman McCormack and to be able to bear testimony in his own home to his unflinching loyalty to the public housing program. In a day when we are often prone to criticize public officials, it seems to me a duty, as well as a pleasure, to bear testimony to an outstanding public servant, such as the Congressman from this district.

I am glad to be here, too, to be able to inspect the work that has been done by the Housing Authority of Boston, of which I have heard so much. The especially fine work that has been done by the Boston Housing Authority under the chairmanship of John A. Breen and Executive Director Francis X. Lane has long been known to me, and there was added evidence in the inspection trip which I made today. With more than \$40,000,000 in funds committed for the State of Massachusetts of which more than \$23,000,000 is now under construction, Massachusetts is well in the forefront of the public housing movement.

Connecticut, with more than \$21,000,000 committed, and Rhode Island, with three and one half million, constitute the other two states in the New England march towards the re-housing of low-income families.

I had an opportunity today to see something of the blighted areas of this city, and of the problem that is confronting Mayor Tobin, Chairman Breen and the other members of the Boston Housing Authority. They spent the entire day, and various members of the Housing Authority, as well as Mr. Carroll and other members of the State Board, spent most of the day with me in studying the housing problem here.

Praise for Mayor Tobin.

I do not mean that we spent the time pouring over blueprints or in discussion. I mean that we visited no less than five different blighted areas of this city, climbed upstairs and went into the homes of the people and saw how they were living. I mean that we drove and trudged through the by-ways and alleys of the blighted areas of Boston. I don't think I have ever seen any housing conditions worse than those which we visited today.

Let me emphasize this point. In a few cities that I visit, the Mayor shows little interest or understanding of housing in his community. In most of the cities which I visit, the Mayor shows great interest in and an understanding of the housing conditions. But seldom have I visited a city where the Mayor has gone with us inspecting conditions in the homes, talking with families living in the blighted areas, endeavoring to understand their point of view and their needs, as Mayor Maurice J. Tobin did today. Mayor Tobin's knowledge of and understanding of the housing conditions is sound because it is based upon that kind of intimate, personal knowledge.

The United States Housing Authority is aiding local housing authorities in 155 cities, towns and counties from coast to coast, and from the Great Lakes to the Gulf, toward elimination of slums and better housing. There is much that is the same about the housing programs of these various communities. Yet each community offers something new, something unique. For instance, here in Boston the housing program was unique in that it was necessary to acquire an enormous number of separate parcels of land before demolition or construction could be begun.

Less than a year ago,—in fact, as early as last February,—first steps were taken toward the development of the four first sites in the Boston housing program. On the sites at that time there were 2,739 sub-standard hovels, of which more than 500 had no private toilets and nearly 1,500 had no private bathing facilities. By June first, title to all of the more than 1,100 separate parcels of land in the four areas had been acquired by the Boston Housing Authority. On November 15, less than ten months after the work had been started, the last family had been moved out of the last of these unfit dwellings.

(Continued on page 51.)

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by

NATHAN HASKEL DOLE.

CITY RECORD.

Old South News Stand, Old South entrance to subway. Also News Stand first floor, City Hall Annex.

Advertising.

A rate of \$2 per inch of 12 lines (set solid) has been established for such advertisements as under the law must be printed in the City Record. Advertising and other copy must be in hand by Thursday of each week to insure its publication in the Saturday issue.

Copies for sale at the Statistics Department, 73 City Hall.

MUNICIPAL CALENDAR.

Meeting of the City Council, Monday, January 29, at 2 p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways, the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in

public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquis, bay windows, coal holes and vaults.

TO THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

To Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables slaughterhouses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, the Airport, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made

to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

TO THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 907, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

TO THE STATISTICS DEPARTMENT, 73 City Hall, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

TO THE WIRE DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 103, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, 43 City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

For the week ending January 13, 1940.

Population as of July, 1939, Massachusetts State Census, 817,713; population estimated, July, 1940, United States Census Bureau, 815,128; number of deaths (stillbirths excluded): Residents, 229; nonresidents, 40; total, 269.

Death rate per 1,000 of population: All deaths, 17.16; nonresidents deducted, 14.61.

Death rate per 1,000 of population:

Last week, 14.29; corresponding week last year, 16.08.

Deaths by age periods, sex, etc.: Under one year, 12; one year to four years, inclusive, 3; sixty years and over, 165. Total deaths: Male, 137; female, 132; deaths in hospitals and institutions, 149; deaths of colored, 10.

ADDRESS OF HON. NATHAN STRAUS.

(Continued from page 49.)

That meant, let me emphasize, that 2,193 families, a total of more than 7,500 men, women and children, were moved out of four areas, acquired for housing projects, and placed in temporary homes. This was done without a serious mishap, without friction, and to the apparent satisfaction of every family. The evidence of this is that only in the case of one individual was it necessary for the local housing authority to have recourse to eviction by process of law.

MASS MIGRATION SUCCESS.

This mass migration, so successfully carried out, constitutes one of the most spectacular features of a public housing program, the spectacular and the sensational and the courageous, in which we have come to learn that spectacular and thrilling achievements are a part of the day's work. Had there not been this courage in attacking new and unknown problems, the public housing program in this country would not be here itself today.

I saw those four areas and I saw that construction going on today. On my tour today I was given an opportunity to examine personally the four areas from which these thousands of families had been removed. Today in the place of the miserable tenements and dilapidated dwelling quarters are rising four great public housing projects, into which before many months thousands of families of Boston's lowest income groups will be removed. Let me emphasize that, under the terms of the United States Housing Act, these new homes will be available only for families in the lowest income groups. The rentals will be such as to be within the means of families whose income is from about \$500 a year to \$900 a year. Only those families will be admitted to homes in these housing projects.

It was a source of satisfaction to see workmen busy on these sites and to realize that these men were being paid prevailing wages and were being employed by private building contractors engaged by the local housing authority to construct this public housing. It is a source and a satisfaction to realize that into the pay envelopes of these workmen more than \$80,000 is being paid every week. As construction of these projects goes forward the numbers of men employed and the weekly pay roll will steadily rise. Public housing means steady and increasing employment.

The workmen and the laborers employed in construction of this housing are employed by private building contractors. These building contractors, in turn, are selected on the basis of competitive bidding by the local housing authority. For the United States Housing Authority program is a decentralized program. Under it, public housing projects must be initiated by the city or town itself. The projects are designed by architects employed by the local housing authority. The projects are located where the local housing authority wants them located. They are built by contractors employed by the local housing authority and they are owned by the local housing authority. The selection of tenants and the management are also matters of local concern and local decision. The role of the United States Housing Authority is solely to act as banker, to make certain that

the money is wisely spent for the best possible design and construction. To achieve this result, the United States Housing Authority makes available to the local housing authorities the technical advice and assistance. The United States Housing Authority makes available to the local housing authority what it has learned from contacts with building and construction problems throughout the country.

PROGRAM A SUCCESS.

The public housing program is today a demonstrated success. Public housing has progressed in two years from a dream to an achievement. At this very moment more than 60,000 new homes are under construction in an even 100 cities throughout the country.

That the cost of construction in these projects is lower than the average of the private building industries is known to most of you. That rents are within the means of families in the lowest income groups, families now housed amid the worst conditions, perhaps also is a familiar fact. I may add that rents in the new projects are always as low and often lower than those charged in the blighted areas of the same city and town.

We usually think of public housing only in terms of its social benefits. We speak of it as something which will wipe out dirty, vermin-infested, overcrowded and unsanitary sections and tenements. We discuss public housing in terms of the incalculable benefit conferred on the family that will move out of those surroundings into clean, light and helpful homes. We speak of the benefits of public housing in terms of what it means to the city as a whole, in reducing fire hazards, in reducing the death rates from tuberculosis and other diseases, in better citizenship.

These proofs are all real. It is my belief that, as the public housing movement grows, we will come to learn that, if anything, we have under-estimated the proofs that a community by reason of wiping out its blighted areas and providing its low-income families with decent living conditions. Anyone of you who have seen Old Harbor Village as I did this afternoon or have seen similar projects will understand what I mean.

AFFECTS INDUSTRY AND COMMERCE.

But there is another aspect to public housing to which little attention has been given. Yet it is almost as important as any of those which we usually discuss. The well-being of a community depends not only on its living conditions, its social conditions. The well-being of a community is also dependent on and wrapped up with the degree of its economic and industrial program. We must be equally concerned with the social effects and the industrial and commercial effect of a public housing program. What is the effect of public housing on the private building industry in particular and on private enterprise in general? How far does the erection of these low-rent homes, built with government aid and let at low rentals, by reason of a government subsidy, affect private building?

In the past, figures from the countries of Europe, in which public housing has been going on for a generation or more, were quoted in answer to these questions. We have attempted to base a reasonable anticipation of the effects of public housing here on building here, using experience of generations in Great Britain as our guide. For public housing has been under way in Great Britain since

1918. The public housing program there is similar to our own. Local housing authorities build, own and operate the public housing projects, while the central government offers financial aid, technical assistance as under the United States Housing Act. In Great Britain, under that plan so similar to our own, since 1918, more than 1,200,000 new homes have been erected by local housing authorities. What effect has this great public subsidized low-rent building program had upon private construction? The answer is that private building construction has during that same period experienced the greatest prosperity of any period, probably, in the entire history of Great Britain. In fact, more than 2,200,000 new homes have been erected since 1918 by private builders. Year by year, since 1918, the subsidized public housing program has been expanded. At first people thought this might be an accident or a coincidence. Today they realize that it is cause and effect. Public housing stimulates private building.

In the past the facts and figures from Great Britain and other European countries were all we were able to quote. The public housing program in this country had not been under way long enough to make it possible to base any statements on fact available here.

SPEEDS PRIVATE CONSTRUCTION.

However, those facts are beginning now to emerge in this country. I have just returned from a trip through ten southern and southwestern states. In every community, among many questions that I asked, I always made inquiry as to the effect of the United States Housing Authority program on private building. On the basis of the information I so obtained, I can assure you tonight that British experience is being duplicated here in this country. Private building construction of homes and stores and motion picture theaters, as well as remodeling and renovations of unfit dwellings, is even now taking place in practically every community in which a project under the public housing program is being constructed. Within the next few weeks, I expect to have figures in detail as to the extent of this new private construction.

I can tell you tonight that in Milwaukee, since construction of a public housing project there was commenced about three years ago, more than one hundred private homes, in addition to new commercial construction, have arisen in the neighborhood of the public housing project. In Washington, D. C., the number of new homes that have been built by private enterprise in the last two years, in the neighborhood of the public housing project, is much greater than the number of homes in the public housing sufficient number—many more, I have seen sufficient with my own eyes in the last six weeks—to tell you that public housing which stimulated a great building boom in private construction in Great Britain will in all probability have the same effect in the decade ahead in the United States.

The reasons for this are not far to see. First of all, the spirited character of public housing projects and attractive appearance of the large areas devoted to playgrounds and recreation give these public housing projects the aspect of a park. The vicinity of a public park has always been accepted by the private building industry as a most desirable neighborhood for residential purposes. The park-like character of public housing

projects and the assurance that this character will be maintained over a period of at least sixty years encourages private builders to invest their own funds in a neighborhood the future of which is so insured.

Second, public housing stimulates private building construction by reason of the fact that the economies in construction achieved by the Government reflect themselves promptly in similar economies in private building. We must never forget the fact that it is psychological of the United States Housing Authority program as a public housing program, it is public only in the sense that it is partially financed by the Government and that it serves a public purpose—the clearance of slums. The building, however, is carried on wholly by private contractors and therefore the lessons learned in the design and construction of public housing reverts directly to the private building industry.

More economical designs, better materials, lower costs of construction, which first are achieved in public housing, are quickly reflected in private building. How important this is may be judged by the fact that economists are agreed that the greatest potent marker for new production in this country today is the market for homes for families with incomes from \$1,800 or less. The public housing program is confined, in general, to those families with incomes of less than \$1,000 or \$1,100.

In general, private building has been able to reach only families with incomes of \$1,800 or more. That great section of the population with incomes between \$1,000 and \$1,800 are the market that is a challenge to the private building industry. There are between ten and eleven million families whose income brings them into that group. By reason of the economies learned from the public housing program, private industry, private builders, financed by private funds are even now beginning to reach into that income group. Let me emphasize that the United States Housing Authority program must leave the families in those income groups as a challenge to the private building industry, as a market which the private building industry without government aid, will learn how to serve. Public housing must confine itself to the lowest income groups. That is the policy imbedded in the very wording of the United States Housing Act. It is a policy that is sound.

ECONOMIES ACHIEVED.

The economies achieved in connection with public housing are helping private industry to tap the upper edge of the great untapped market of families with incomes of more than \$1,000 or \$1,100. That is a most hopeful sign. It is impossible to exaggerate its importance. If private builders are, in fact, learning how to build to meet the needs, whether by sale or by rent, of those families with incomes of 15, 16 and \$1,700 a year, we are on the brink of a great building boom in this country. I do not know this to be the case, but I suspect it.

Last, but not least, public housing stimulates private building construction, because of a very subtle but important psychological factor. During the last ten or fifteen years, public interest has been focused on the pleasures of life away from home. The effective advertising of the automobile industry, the lure of the motion picture, the development of great new state highways and city and state parks have all contributed toward this result. People have

been encouraged to spend more money on things outside the home. Consequently they had less money to spend on the home itself.

I believe that many factors will tend in the decade ahead to reverse this tendency. Undoubtedly, the radio today and television in the years ahead will keep more people in the family living room or around the family fireside, but I believe that, among the factors tending toward this change, none will be so potent as the public housing movement. Discussion in the press, in the homes, in the halls of Congress, in Legislatures, by groups and associations of business men and labor groups and elsewhere, of slums and blighted areas and of housing good and bad must result in focusing attention on housing and the home.

When we think of bad housing, and discuss good housing, for families in the lowest income groups, our own attention is called to the opportunities for the use and enjoyment of home life by families in the upper income groups. When people think about home life—the contrast of life in the slums with life in well designed housing projects, with its clean kitchens, sunny living rooms and safe play spaces, the first step is taken. When the pictures of the designs and views of the public housing projects are published in the newspapers the second step is taken, and when citizens, passing on their way to work, see, in their own community, these public housing projects and actually have before them the better lives led by the people who live in the public housing projects, the final step is taken. I believe it is safe to predict that the whole attitude of that community toward home and its meaning will change.

If families living in the public housing projects can find so much health and happiness in their homes, why should we not do likewise? Is there not a possibility that we have been missing some of the good things of life by neglecting to spend more thought on our homes, more of our family budget on improving our homes, more of our leisure time in our homes?

Those stimulating and provocative questions are bound to be asked of themselves by thousands of citizens in every community in which a public housing program is underway. The effect of that kind of thinking on the building industry as a whole must be obvious.

Public housing will stimulate private building here as in Great Britain. It will do this because the neighborhood of public housing projects will attract private building enterprise, because the economies of public housing will teach private builders how to build for families of lower income at a profit, and because public thinking about and public discussion of better housing for the lowest income groups will kindle new interest in better housing for all income groups.

Public housing is here. Public housing is a success. The United States Housing Authority is an instrument of government and has demonstrated its ability to do the task for which it was created. Nearly 9,000 new homes will go into construction under this program every month. If the program is to be wholly successful in any community it must be part and parcel of a carefully considered city plan. Unless there is a sound city plan, into which every public housing project is fitted, the housing program can never do for a city of which it could do and which it should do. But public housing will do even

more than merely clear the slums and improve living conditions in the city as a whole. There is every indication that public housing will be the direct and indirect cause of an enormous expansion in private building to the economical and industrial benefit of every taxpayer and every citizen in the community.

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of the city employees have been made during the week ending Thursday, January 18:

HOSPITAL DEPARTMENT.

The following special nurses have been employed at \$4.50 a day:

Esther Bandlow, 4 days; Katherine McNamara, 5 days; Isabel O'Brien, 1½ days; Katherine Silva, Madeline Kelley, 1 day; Alice Daugherty, 3 days; Elizabeth Diamond, Agnes O'Connor, Margaret H. Sullivan, 2 days; Rachael St. Pierre, 5½ days; Frances Harris, 4 days; Helena McCabe, 1 day; Douglass Spencer, 2½ days; Ann Lydon, 7 days; Stella Senuk, 2 days; Mary Lee, Ann Ferraira, 1 day; Helen Barlow, 3 days; Harry Plenty, 1 day; Helen C. Sullivan, 2 days; Mary H. Doyle, 3½ days; Alice Lydon, 1 day; Thomas Nolan, 2 days; Stella Polofsky, Mary B. McAuley, Martha Costello, 1 day; Frances Slanger, 2 days; Helen Lavin, Anna Doyle, Gladys Goulet, Gene Tuxbury, Hector Noel, Margaret Fitzpatrick, 1 day.

The following special nurses have been employed at \$4.50 a day:

Helen Anderson, 2 days; Stacia Andrews, 2½ days; Esther Bandlow, 7 days; Ruth Belt, 1 day; Sara Bowers, 3 days; Martha Costello, 1½ days; Catherine Cunningham, 3 days; Alice Daugherty, 1 day; Patricia Doucette, 2 days; Mary H. Doyle, Frances Drivinsky, Margaret Fitzgibbon, 1 day; Margaret Fitzpatrick, 3 days; Ann Forman, Gladys Goulet, 2 days; Lillian Hahn, 6½ days; Flora Hamilton, Dorothy Hoyle, Margaret Huse, 1 day; Ann Lydon, 7 days; Lorinda McAuley, 4 days; Mary McSweeney, 3 days; Martha Mellish, Thomas Nolan, 1 day; Helen O'Brien, 2 days; Isabel O'Brien, 5 days; Agnes O'Connor, 6 days; Mae Owens, Rose Pelletier, Harry Plenty, 1 day; Jeanette Roussie, 6 days; Rachael St. Pierre, 3 days; Helen Seymour, 1 day; Frances Slanger, 2½ days; Douglass Spencer, 1 day; Helen C. Sullivan, 2½ days; Margaret H. Sullivan, 4 days; Anna Torf, 2½ days; Catherine Trombley, 2 days; Agnes Wall, 6 days; Marie Welsh, 1 day; Helena McCabe, ½ day.

The following persons have terminated their services in the Hospital Department:

Catherine Thorpe, cleaner, \$15 a week; James P. Rogers, orderly, \$16.50 a week; Daniel Sullivan, floor polisher, \$21 a week; Joseph Murray, orderly, \$16.50 a week; Katherine E. Connor, floor nurse, \$12.00 a year; Dr. Howard B. Mays, resident physician, \$600 a year.

Corrine Nolan, monthly nurse, was increased from no pay to \$10 a month on December 10, 1939.

The Mayor has approved the following appointments:

INSTITUTIONS DEPARTMENT.

Stanley M. Brackett, second-class fireman, \$33.50 a week and maintenance at Long Island Hospital.

Noyer Gerber, moving picture operator, \$13 for one performance each week.

OVERSEERS OF THE PUBLIC WELFARE.

Vincent J. Whalen, permanent intermittent junior social worker, \$1,600 a year.

Robert E. Burns, permanent intermittent junior social worker, \$1,400 a year.

PARK DEPARTMENT.

Daniel G. Brogna, carpenter-foreman, \$6 a day.

The Mayor has approved the following promotions or adjustments in compensation:

BOSTON TRAFFIC COMMISSION.

Joseph Galeota, signal engineer, from \$2,900 to \$3,000 a year.

William E. Flanagan, inspector, from \$2,100 to \$2,200 a year.

BUILDING DEPARTMENT.

Charles B. McMackin, building inspector, chief of Egress Division, from \$2,600 to \$2,700 a year.

Thomas L. Flynn, civil engineer, Grade III, from \$2,300 to \$2,400 a year.

George H. Lynch, building inspector, from \$2,600 to \$2,700 a year.

Edward M. O'Flaherty, building inspector, from \$2,600 to \$2,700 a year.

CITY PLANNING BOARD.

Frank H. Malley, civil engineer, Grade V, from \$3,200 to \$3,300 a year.

COLLECTING DEPARTMENT.

John W. Barry, teller, from \$2,800 to \$2,900 a year.

Francis J. O'Connell, teller, from \$2,100 to \$2,200 a year.

Daniel A. Grant, teller, from \$2,700 to \$2,800 a year.

ELECTION DEPARTMENT.

Charles F. Hener, assistant registrar, from \$2,100 to \$2,200 a year.

George R. Nichols, assistant registrar, from \$2,100 to \$2,200 a year.

John J. Flavin, Jr., assistant registrar, from \$2,100 to \$2,200 a year.

John J. McLaughlin, assistant registrar, from \$2,100 to \$2,200 a year.

John A. Mayr, assistant registrar, from \$2,100 to \$2,200 a year.

FIRE DEPARTMENT.

George E. Capelle, interior inspector, from \$2,400 to \$2,500 a year.

Walter P. Crowley, interior inspector, from \$2,200 to \$2,300 a year.

Frank H. Kelly, interior inspector, from \$2,300 to \$2,400 a year.

Francis G. Lynch, interior inspector, from \$2,100 to \$2,200 a year.

Peter A. Joyce, exterior inspector, from \$2,100 to \$2,200 a year.

Philip J. Reagan, exterior inspector, from \$2,100 to \$2,200 a year.

OVERSEERS OF THE PUBLIC WELFARE.

Margaret L. Hennessey, assistant supervisor, from \$2,300 to \$2,400 a year.

Thomas A. Walsh, assistant supervisor, from \$2,300 to \$2,400 a year.

PUBLIC WORKS DEPARTMENT (Highway Division).

John R. Power, foreman, from \$2,400 to \$2,500 a year.

PUBLIC WORKS DEPARTMENT (Bridge Service).

Edward G. A. Powers, assistant engineer, Grade 4, from \$3,000 to \$3,100 a year.

Patrick H. Boyle, assistant engineer, Grade 3, from \$2,600 to \$2,700 a year.

James J. Hart, assistant engineer, Grade 3, from \$2,200 to \$2,300 a year.

Charles C. Cassidy, assistant engineer, Grade 3, from \$2,200 to \$2,300 a year.

John M. Kenney, assistant engineer, Grade 3, from \$2,600 to \$2,700 a year.

PUBLIC WORKS DEPARTMENT (Sanitary Division).

Charles J. McCoy, district foreman, Street Cleaning Service, from \$2,400 to \$2,500 a year.

Henry J. Savage, district foreman, from \$2,400 to \$2,500 a year.

John F. Higgins, district foreman, from \$2,400 to \$2,500 a year.

David J. Cronin, district foreman, Street Cleaning Service, from \$2,400 to \$2,500 a year.

Edmund A. Connelly, district foreman, Street Cleaning Service, from \$2,400 to \$2,500 a year.

PUBLIC WORKS DEPARTMENT (Sewer Division).

Patrick McGann, inspector, from \$2,100 to \$2,200 a year.

Richard Doyle, inspector, from \$2,100 to \$2,200 a year.

John F. King, inspector, from \$2,100 to \$2,200 a year.

Joseph M. Buckley, inspector, from \$2,100 to \$2,200 a year.

David H. Wilson, senior mechanical engineering draftsman, from \$2,500 to \$2,600 a year.

John J. Denning, junior engineer, Grade 3, from \$2,300 to \$2,400 a year.

Ransom W. Stiles, engineer, Grade 3, from \$2,600 to \$2,700 a year.

Edward J. Logan, engineer, Grade 3, from \$2,600 to \$2,700 a year.

PUBLIC WORKS DEPARTMENT (Water Division).

Samuel I. Blum, draftsman, Grade 3, from \$2,600 to \$2,700 a year.

Edmond J. Miles, engineer, Grade 3, from \$2,300 to \$2,400 a year.

John Leo McGrath, engineer, Grade 3, from \$2,200 to \$2,300 a year.

Walter M. Campbell, district foreman, from \$2,300 to \$2,400 a year.

Joseph M. Glennon, foreman, from \$2,100 to \$2,200 a year.

John J. Barry, inspector, from \$2,200 to \$2,300 a year.

STREET LAYING-OUT DEPARTMENT.

Thomas E. Rafferty, junior engineer, from \$2,600 to \$2,700 a year.

TREASURY DEPARTMENT.

Edward A. Hoey, paymaster and pay roll clerk, from \$2,800 to \$2,900 a year.

WEIGHTS AND MEASURES DEPARTMENT.

Frederick J. Keeler, deputy sealer, from \$2,100 to \$2,200 a year.

John J. Campbell, deputy sealer, from \$2,100 to \$2,200 a year.

William P. J. Delaney, deputy sealer, from \$2,100 to \$2,200 a year.

John W. Bradley, deputy sealer, from \$2,100 to \$2,200 a year.

OVERTIME ALLOWED.

The heads of the various departments whose employees have received payment for overtime state in connection therewith that if any laborer has been allowed to work more than eight hours per day it has been only in case of emergency under the law.

Park Department.

For Saturday, December 30, and Sunday, December 31:

John Banks, laborer, $\frac{1}{4}$ day, \$1.25; John F. Barry, gardener-laborer, 1 day, \$5.50; Louis A. Bird, garage floorman, 2 days, \$12; Joseph Bradley, laborer, $\frac{1}{2}$ day, \$2.75; John Brennan, James Brennan, laborers, 1 day, \$5 each; Frank Brennan, gardener-laborer, 1 day, \$5.50; Patrick J. Burke, gardener, 1 day, \$5.50; Patrick Burns, laborer, $1\frac{1}{2}$ days, \$9.37; Neil P. Canney, tractorman, $1\frac{1}{2}$ days, \$7.56; James Carroll, laborer, $2\frac{1}{2}$ days, \$11.25; William E. Collins, battery and ignition man, $\frac{1}{2}$ day, \$3.75; James Connolly, laborer, 2 days, \$10; John J. Connolly, laborer, 3 days, \$15; John J. Connolly, 3d, Martin Connolly, Michael Connolly, laborers, 1 day, \$5 each; Thomas J. Costello, gardener, 1 day, \$5.50; Patrick Connington, laborer, 3 days, \$15; William Cullinan, Coleman Curran, laborers, 1 day, \$5 each; Elmer Delano, laborer, $1\frac{1}{2}$ days, \$6.25; Austin Devaney, John Dillon, laborers, 1 day, \$5 each; James T. Doherty, chauffeur, 1 day, \$5.50; Patrick Doherty, laborer, 1 day, \$5; William F. Donahue, machinist, $1\frac{1}{2}$ days, \$6.75; Jeremiah Donovan, John Elliott, laborers, $2\frac{1}{2}$ days, \$11.88 each; Raymond Farrell, Michael Fay, Laurence Fitzgerald, John Fitzpatrick, John Flynn, Joseph Ferulla, laborers, 1 day, \$5 each; William P. Graham, chauffeur, 1 day, \$5.50; Russell L. Grant, laborer, $1\frac{1}{2}$ days, \$7.50; Patrick Goode, Charles Guiney, John Hanscome, Henry Higgins, laborers, 1 day, \$5 each; Barnabas Jennings, gardener-laborer, 3 days, \$16.50; Edward J. Keane, John Keeley, Patrick Kelliher, Thomas J. Kelley, John Kernan, Luigi Lanzillo, laborers, 1 day, \$5 each; Patrick Lavin, laborer, 2 days, \$10; Michael Lynch, chauffeur, $4\frac{1}{2}$ days, \$23.38; Martin Mannion, laborer, $2\frac{1}{2}$ days, \$11.25; William P. Murray, laborer, $1\frac{1}{2}$ days, \$9.37; Arthur Mayo, laborer, $\frac{1}{2}$ day, \$3.13; James J. Murphy, gardener, 1 day, \$5.50; Patrick Mulvey, laborer, $2\frac{1}{2}$ days, \$11.88; John D. Murphy, laborer, 1 day, \$5; Thomas F. Mullen, machinist, $\frac{1}{2}$ day, \$3; James Maney, chauffeur, $\frac{1}{2}$ day, \$3.13; Francis Maxwell, laborer, $\frac{1}{2}$ day, \$3.13; Herbert Mathais, laborer, $\frac{1}{2}$ day, \$4.13; Coleman McDonough, laborer, 1 day, \$5; Daniel J. McCarthy, blacksmith, $\frac{1}{2}$ day, \$5.25; Patrick McCaffrey, Thomas McNulty, laborers, 1 day, \$5 each; Henry McCoy, gardener, $1\frac{1}{2}$ days, \$6.19; John McCart, laborer, $\frac{1}{2}$ day, \$3.75; Frank McGrath, gardener, $\frac{1}{2}$ day, \$3.44; Hubord McKiernan, laborer, $\frac{1}{2}$ day, \$1.25; John P. Nagle, chauffeur, $\frac{1}{2}$ day, \$1.31; James Norton, laborer, 1 day, \$5; Thomas H. Nicholson, scytheman, $\frac{1}{2}$ day, \$4.13; Luke Nicholson, laborer, $\frac{1}{2}$ day, \$3.75; Nicolo Pace, tractorman, $\frac{1}{2}$ day, \$1.88; John Prior, James J. Roche, Eugene Sweeney, Michael Sweeney, Walter Shaughnessy, laborers, 1 day, \$5 each; Hurry Sheehan, chauffeur, 1 day, \$5; James Sullivan, Frank Starinsky, laborers, 1 day, \$5 each; George Sullivan, machinist, $\frac{1}{2}$ day, \$4.13; Arthur Sullivan, laborer, $\frac{1}{2}$ day, \$1.25; John Toland, laborer, 1 day, \$5; Walter Varley, gasoline

engine operator, 1 day, \$5.50; Daniel Walraven, gardener, $\frac{1}{4}$ day, \$4.13; Thomas Wall, chauffeur, $1\frac{1}{2}$ days, \$8.13; Michael Walsh, gardener, 1 day, \$5.50; Martin F. Walsh, gardener, $1\frac{1}{2}$ days, \$6.75. Total, \$535.93.

CONTRACTS AWARDED

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

SUPPLY DEPARTMENT.

Upon January 13 the Mayor approved a contract with L. Grossman Sons, Incorporated, for furnishing lumber (merchantable spruce) to be delivered to the Sewer Division, Public Works Department, at a price of \$37.80 per M. square feet, less 2 per cent cash discount for payment in ten days. The approximate amount of the contract was \$2,835. Bids, opened December 20, were as follows:

All Lumber to be Merchantable Spruce. Cost of Delivery to be Included in Prices Quoted.

Requisition No. 2520, for Delivery at Woodbourne Road, West Roxbury.

10,000 Square Feet 2 Inches by 8 Inches by 12 Feet, Per M. Square Feet.—George McQuesten Company, Incorporated, \$39.50; Barney & Carey Company, \$41.70; L. Grossman Sons, Incorporated, \$37.80.*

2,000 Square Feet 4 Inches by 6 Inches by 16 Feet, Per M. Square Feet.—George McQuesten Company, Incorporated, \$39.50; Barney & Carey Company, \$41.70; L. Grossman Sons, Incorporated, \$37.80.*

Requisition No. 2522, for Delivery at Welton Road, West Roxbury.

2,000 Square Feet 2 Inches by 8 Inches by 12 Feet, Per M. Square Feet.—George McQuesten Company, Incorporated, \$39.50; Barney & Carey Company, \$41.70; L. Grossman Sons, Incorporated, \$37.80.*

1,000 Square Feet 4 Inches by 6 Inches by 16 Feet, Per M. Square Feet.—George McQuesten Company, Incorporated, \$39.50; Barney & Carey Company, \$41.70; L. Grossman Sons, Incorporated, \$37.80.*

Requisition No. 2524, for Delivery at Hillock Street, West Roxbury.

3,000 Square Feet 2 Inches by 8 Inches by 10 Feet, Per M. Square Feet.—George McQuesten Company, Incorporated, \$39.50; Barney & Carey Company, \$41.70; L. Grossman Sons, Incorporated, \$37.80.*

1,000 Square Feet 4 Inches by 6 Inches by 16 Feet, Per M. Square Feet.—George McQuesten Company, Incorporated, \$39.50; Barney & Carey Company, \$41.70; L. Grossman Sons, Incorporated, \$37.80.*

Requisition No. 2527, for Delivery at Highview Avenue, West Roxbury.

1,000 Square Feet 2 Inches by 8 Inches by 16 Feet, Per M. Square Feet.—George McQuesten Company, Incorporated, \$39.50; Barney & Carey Company, \$41.70; L. Grossman Sons, Incorporated, \$37.80.*

9,000 Square Feet 2 Inches by 8 Inches by 10 Feet, Per M. Square Feet.—George McQuesten Company, Incorporated,

* Contract awarded.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the widening of Bussey street, West Roxbury district, as a highway, from Walter street to South street, bounded and described as follows:

The highway named Bussey street is hereby widened and relocated from Walter street to South street.

For the making of the aforesaid improvement an easement for street purposes is hereby taken in the following-described land, exclusive of trees or structures standing upon or affixed thereto:

A parcel of land, supposed to belong to the City of Boston, bounded: Westerly by Walter street, forty-one and 85-100 feet on a curve of two hundred and forty-feet radius; northerly by the line of Bussey street, as hereby established, eighty-six and 78-100 feet on a curve of eighty-one and 81-100 feet radius; south-

erly by the line of Bussey street, as it existed previous to the passage of this order, by two measurements, forty and 23-100 feet and fourteen and 68-100 feet on a curve of twenty-eight and 4-100 feet radius, containing four hundred and thirty-four square feet, more or less.

A parcel of land, supposed to belong to the City of Boston, bounded: Northwesterly by the line of Bussey street as it existed previous to the passage of this order, thirteen and 68-100 feet on a curve of eight and 26-100 feet radius; northerly by said line of Bussey street, by fifteen measurements, seven hundred eighteen and 18-100 feet, forty and 1-100 feet, forty-nine and 23-100 feet, forty-six and 43-100 feet, fifty-one and 25-100 feet, one hundred thirty-one and 90-100 feet, one hundred fifty and 84-100 feet, thirty-six and 67-100 feet, thirty-eight and 20-100 feet, forty-four and 32-100 feet, one hundred eighteen and 48-100 feet, seventy-nine and 50-100 feet, fifty-six and 47-100 feet, twenty-two and 93-100 feet and two hundred eighty-nine and 25-100 feet; northeasterly by the line of Bussey street as it existed previous to the passage of this order, on a curved line, seventy-three and 28-100 feet; southwestly by the line of Bussey street as hereby established, thirty-three and 11-100 feet on a curve of sixteen and 87-100 feet radius; southerly by the line of Bussey street, as hereby established, by seven measurements, two hundred eighty-four and 90-100 feet, one hundred sixty-two and 60-100 feet, one hundred thirty-seven and 85-100 feet, one hundred eight and 7-100 feet, two hundred ninety-three and 39-100 feet, one hundred fifty-five and 71-100 feet and seven hundred twelve and 72-100 feet; southerly again by the line of Bussey street, as hereby established, sixty-three and 74-100 feet on a curve of thirty-nine and 5-100 feet radius and westerly by Walter street, by three measurements, thirty-seven and 57-100 feet on a curve of thirteen hundred and sixty feet radius, ten and 6-100 feet and twelve and 44-100 feet, containing fifty-three thousand five hundred and thirty-five square feet, more or less.

Said Bussey street as hereby widened and relocated is bounded and described as follows: Northerly by the line of Bussey street as hereby established, eighty-six and 75-100 feet on a curve of eighty-one and 81-100 feet radius; northerly again by said line, by eight measurements, seven hundred twelve and 72-100 feet, one hundred sixty-two and 76-100 feet, two hundred ninety-three and 39-100 feet, ninety-seven and 87-100 feet on a curve of four hundred and eighty feet radius, one hundred thirty-seven and 85-100 feet, one hundred sixty-eight and 41-100 feet, three hundred forty-one and 98-100 feet and forty-nine and 70-100 feet on a curve of one hundred twenty and 56-100 feet radius; southeasterly by South street, one hundred twenty-two and 57-100 feet; southwestly by the line of Bussey street as hereby established, thirty-three and 11-100 feet on a curve of sixteen and 87-100 feet radius; and southerly by the line of Bussey street as hereby established, by seven measurements, two hundred eighty-four and 90-100 feet, one hundred sixty-two and 60-100 feet on a curve of fourteen hundred feet radius, one hundred thirty-seven and 85-100 feet, one hundred eight and 7-100 feet on a curve of five hundred and thirty feet radius, two hundred ninety-three and 39-100 feet, one hundred fifty-five and 71-100 feet on a curve of eleven hundred

feet radius and seven hundred twelve and 72-100 feet; southeasterly by the line of Bussey street as hereby established, sixty-three and 74-100 feet on a curve of thirty-nine and 5-100 feet radius.

Trees or structures standing upon or affixed to the aforesaid land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

No betterments are to be assessed for the making of the aforesaid improvement.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement consisting of the widening and relocation of Bussey street, West Roxbury district, as a highway, from Walter street to South street, under the order of the Board of January 4, 1940, and awards no damages therefor.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the widening of Baker street, West Roxbury district, as a highway, at the northwesterly corner of Veterans of Foreign Wars Parkway, bounded and described as follows:

A highway named Baker street is hereby widened at the northwesterly corner of Veterans of Foreign Wars Parkway.

For the making of the aforesaid improvement an easement for street purposes is hereby taken in the following described land, exclusive of trees or structures standing upon or affixed thereto:

A parcel of land, supposed to belong to Ava M. Noone, bounded:

Easterly by the line of Baker street as it existed previous to the passage of this order, one hundred five and 85-100 feet; easterly again by Veterans of Foreign Wars Parkway, on a curve of one hundred and thirty-five feet radius, one hundred one and 83-100 feet; westerly by the line of Baker street as hereby established, by two measurements, seventy-four and 2-100 feet on a curve of ninety-eight and 13-100 feet radius and one hundred twenty-five and 53-100 feet; and northerly by land of owner or owners unknown, eleven and 44-100 feet, containing fourteen hundred and fifty-six square feet, more or less.

Trees or structures standing upon or affixed to the aforesaid land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

No betterments are to be assessed for the making of the aforesaid improvement.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement consisting of the widening of Baker street, West Roxbury district, as a highway, at the northwesterly corner of Veterans of Foreign Wars Parkway, under the order of the Board of December 26, 1939, and awards no damages therefor.

VOTE OF METROPOLITAN DISTRICT IN 1936.

In the election of 1936 for Governor, the 43 municipalities (including Boston) cast 371,481 Republican votes and 418,341 Democratic, showing a Democratic excess of 46,860. The eight cities, *i. e.*, Boston, Cambridge, Chelsea, Everett, Lynn, Revere, Somerville and Woburn, and the towns of Canton, Hull, Norwood and Watertown, showed a Democratic plurality of 125,064 while the six other cities and all but the four above-mentioned towns opposed with a Republican plurality of 78,204.

DEBTS AND ASSESSMENTS OF SPECIAL DISTRICTS. STATISTICS FOR YEAR 1937.

The gross Metropolitan debt (included in contingent debt of State) for water, parks, sewers and Charles River Basin improvements on July 1, 1937, amounted to \$87,494,640; sinking funds, \$38,059,240; net debt, \$49,435,400, or \$1,418,176 more than on July 1, 1936. The division of this net debt was: Water District, \$39,895,469; Sewer District, \$6,263,644; Park District, \$1,848,093; Charles River Basin, \$1,428,194. Of the latter \$228,503 is paid by Boston for Charles River Bridge. Besides the net Metropolitan debt shared by the forty-three cities and towns, a net debt of \$18,397 was shared by the counties of Norfolk and Plymouth and by the Bay State Street Railway Company. Total Metropolitan assessments in year 1937 for debt requirements and maintenance, \$9,155,444, of which Boston paid 51.90 per cent, the thirteen other cities paid 30.30 per cent, the towns 17.80 per cent. Boston paid 63.45 per cent of Metropolitan Water assessment; 43.74 per cent of Parks and Boulevards assessments; 26.92 per cent of Sewer (North and South Systems) assessments and 48.83 per cent of Charles River Basin assessment.

PUBLIC DEBT, JANUARY 1, 1938.

Gross funded debt, January 1, 1938, \$153,803,833.27 (including \$25,333.27 issued by State); sinking funds, \$23,647,516.77 (no other redemption means); net debt, \$130,156,316.50, or \$3,235,023.31 less than on January 1, 1937. Of said net debt, \$65,668,308.01, or 50.45 per cent, was City debt; \$43,145,191.76, or 33.15 per cent, Rapid Transit debt (representing 4½ per cent investment); \$1,542,333.27, or 1.18 per cent, County debt; \$852,000, or 0.65 per cent, Water debt; \$18,948,483.46, or 14.57 per cent, Traffic Tunnel debt.

The City debt includes \$6,055,000 for W. P. A. Projects; the County debt includes \$1,100,000 for W. P. A. Projects and the Water debt includes \$664,000 for W. P. A. Projects.

Debt paid in 1937 was \$13,579,166.67 and there was a decrease in total gross debt of \$6,372,166.67.

Net debt per capita, \$161.31 (approximate); net debt, exclusive of Rapid Transit debt, \$87,011,124.74, or \$107.84 per capita (approximate).

Per capita are based on United States Census Bureau's estimated population (806,848) on January 1, 1938.

Loans authorized but not issued (within debt limit), \$613,000; same outside of tax limit, \$1,399,963; total \$2,012,963.

PROCEEDINGS OF SCHOOL COMMITTEE.

Dec. 18, 1939

A regular meeting of the School Committee of the City of Boston was held in the Administration Building, 15 Beacon Street, at 7:20 o'clock P. M., the Chairman presiding.

Present: Messrs. Foley, Lee, Smith, and White.

Chairman: We have with us tonight Mr. McDevitt, one of the newly-elected members of the School Committee. I would like to ask him to sit in Mr. Sullivan's seat, as Mr. Sullivan is absent tonight.

APPROVAL OF MINUTES

The reading of the minutes of the previous meeting was omitted, the Committee approving them as printed.

DEATH

The Superintendent reported the death of the following-named teacher who had been retired on pension:

Michelangelo Intermediate District—Mary A. Mahoney, Dec. 2, 1939.

Department of Household Science and Arts—Kathryne Sasserno, teacher of sewing, Dec. 1, 1939 to Feb. 29, 1940, without pay.

On the report of the Superintendent, leaves of absence for military duty were granted as follows:

Department of Physical Education—Albert C. Dunphy, junior master, military drill, Jan. 8 to Jan. 12, 1940, five days.

Department of School Hygiene—Carlisle Reed, school physician, Nov. 20 to Nov. 23, 1939, four days.

APPRENTICESHIP AND JOURNEYMAN CLASSES FOR VARIOUS TRADES

A communication was received from the Superintendent, under date of Dec. 18, 1939, reporting that subject to the approval of the School Committee and in accordance with the orders passed at the meeting of July 17, 1939 (see p. 145), he has appointed the following-named persons to the apprenticeship and journeyman classes for various trades, to take effect on the dates stated:

Joseph H. Connors, Martin E. Keane, instructors, Dec. 9, 1939; Henry W. Konet, instructor, Dec. 13, 1939; Walter F. Perry, instructor, Dec. 16, 1939; Pasquale DeNinno, instructor, Dec. 20 and Dec. 22, 1939 (two evenings); James N. Samiotes, toolkeeper, Dec. 15, 1939; Thomas P. Gormley, toolkeeper, Dec. 16, 1939.

Approved.

DESIGNATION

A communication was received from the Superintendent, under date of Dec. 18, 1939, reporting that he has made the following designation of a teacher to serve in the position indicated until such time as it shall be filled otherwise in ac-

cordance with the rules and regulations, but not beyond Aug. 31, 1940:

Thomas N. Hart District—Charles O. Halloran, sub-master, as acting master (vice John F. Barnicle, absent on leave), Nov. 20, 1939.

Placed on file.

TERMINATION OF SERVICE IN AFTERNOON KINDERGARTEN

A communication was received from the Superintendent, under date of Dec. 18, 1939, reporting that subject to the approval of the School Committee and at the request of the teacher, he has terminated the service of Jenny M. Penta, assistant, kindergarten, Hancock District, in the afternoon sessions of that kindergarten, to take effect Dec. 31, 1939.

Placed on file and the termination of service approved.

COURSE OF STUDY IN PHYSICAL EDUCATION

On motion of the Superintendent, it was

ORDERED, That the accompanying Course in Physical Education for Boys and Girls in Grades IV, V, and VI, is hereby adopted, and that fifteen hundred (1,500) copies be printed as a school document.

SUSPENSION OF SESSIONS

The Superintendent offered the following:

ORDERED, That the sessions of all day schools are hereby suspended at 12 o'clock noon on Friday, Dec. 22, 1939.

The rules were suspended and the order passed.

CLOSING OF ADMINISTRATIVE OFFICES

The following was offered:

ORDERED, That the administrative offices and the supply room of the School Committee are hereby closed on Saturday, December 23, 1939, and Saturday, December 30, 1939.

The rules were suspended and the order passed.

ADVISORY COMMITTEE

A communication was received from the Superintendent, under date of Dec. 18, 1939, submitting the following appointments to an Advisory Committee for the term ending Aug. 31, 1942:

FOOD MERCHANDISING

Leo Horrigan, Horrigan's Market, Inc., 367 Washington street, Brighton.

George Monks, Uphams Corner Market, Dorchester.

Lester Oppenheim, United Service Stores, Inc., 486 Hanover street, Boston

Harold Rand, F. D. Rand & Co., 49 Poplar street, Roslindale.

Harry Woodward, Secretary, Massachusetts Retail Grocers and Provision Dealers Association, 131 State street, Boston.

The appointments were approved.

TRANSFER OF APPROPRIATION

A communication was received from the Business Manager, under date of Dec. 18, 1939, recommending the passage of an accompanying order transferring the sum of \$10,000 from the appropriation for "Supplies, Equipment and Incidentals" to the appropriation for "Salaries of Principals, Teachers, Members of the Supervising Staff and Others" and the transfer of \$10,000 from the appropriation for "Supplies, Equipment and Incidentals" to the appropriation for "Fuel and Light, including Electric Current for Power."

These transfers are recommended in anticipation of deficits at the end of the fiscal year in certain sub-items in the appropriations for "Salaries of Principals, Teachers, Members of the Supervising Staff and Others" and for "Fuel and Light, including Electric Current for Power."

Placed on file.

The following was offered:

ORDERED, That the following transfers are hereby made in the Budget and Annual Appropriation Order for the fiscal year 1939:

FROM

Supplies, Equipment and Incidentals, \$10,000.00*

TO

Salaries of Principals, Teachers, Members of the Supervising Staff and Others, \$10,000.00

FROM

Supplies, Equipment and Incidentals, \$10,000.00*

TO

Fuel and Light, including Electric Current for Power, \$10,000.00

*Made up of balances remaining in the various sub-items in the appropriation for "Supplies, Equipment and Incidentals."

Passed by the following vote:

YEAS—Messrs. Foley, Lee, Smith, and White—4.

NAYS—0.

ABSENT—Mr. Sullivan—1.

APPROPRIATIONS AND EXPENDITURES TO DEC. 1, 1939

A communication was received from the Business Manager, under date of Nov. 30, 1939, submitting a statement showing the appropriations, the expenditures, and the balances for general school purposes and special items for the first eleven drafts of the current fiscal year, the expenditures for the first eleven drafts of the fiscal year 1938, and the increases and decreases in the several items.

Placed on file.

DEATH

A communication was received from the Business Manager, under date of Dec. 18, 1939, reporting the death, on Dec. 16, 1939, of John L. Bowen, storekeeper in the Supply Room.

Placed on file.

LEAVES OF ABSENCE TO CUSTODIANS

A communication was received from the Schoolhouse Custodian, under date of Dec. 18, 1939, recommending that James J. Curran, custodian, Quincy E. Dickerman School-house, be granted leave of absence without loss of pay for the period Dec. 12 to 17, 1939, inclusive, because of personal injury sustained in the performance of his duties.

Placed on file and leave of absence without loss of pay granted for the period specified.

A communication was received from the Schoolhouse Custodian, under date of Dec. 18, 1939, recommending that Patrick J. O'Sullivan, custodian, Lawrence School-house, be granted leave of absence without pay for the period Dec. 18, 1939, to Dec. 17, 1940, inclusive, because of his appointment as chief engineer at the Court House, and in order to protect his Civil Service rating.

Placed on file and leave of absence without pay granted for the period specified.

TRANSFER OF CUSTODIAN

A communication was received from the Schoolhouse Custodian, under date of Dec. 18, 1939, recommending that Joseph J. Sheehan, custodian, Dearborn School-house, be transferred to the custodianship of the Oliver Wendell Holmes School-house, to take effect Dec. 12, 1939.

Placed on file and the transfer approved, to take effect on the date stated.

REPORT ON AUDIT OF BOOKS AND ACCOUNTS

A communication was received from Andrew W. Welch and Company, under date of Dec. 4, 1939, submitting report on their audit of the books and accounts of the Business Manager for the three months ended Sept. 30, 1939.

Placed on file.

UNFINISHED BUSINESS

The eight orders laid over at the meeting of Nov. 20, 1939 (see pp. 212-214), making changes in the Authorized List of Text Books, were taken up and passed collectively and unanimously.

The order laid over at the meeting of Dec. 4, 1939 (see p. 223), amending Section 336, paragraph 4 of the regulations, relative to the anniversary and salaries of teachers absent without pay, was taken up and passed.

COURSE IN PRACTICAL POLITICS

At the conclusion of the meeting Mr. Lee spoke as follows:

Mr. Lee: Mr. Chairman and gentlemen: In view of some statements made in the community since our last meeting, and again in view of my perpetual interest in this matter, I want to know if the Committee has come to its senses in regard to getting after

more concrete courses in how our political machinery works in Boston and in the state, or whether the Committee is acting as a sort of a guard of honor for every crook in town?

Chairman: I do not want to interrupt you, Mr. Lee, but you have taken the floor at the last two or three meetings and have discussed this same thing. You have asked the Committee to reconsider its decision in accepting the report of the Board of Superintendents on this thing and you had no second to your request.

I am the last one to shut off discussion of anything that is brought up for consideration, but we ought to have some sort of a gentleman's agreement that unless you have support from other members for bringing this up again, you will refrain from doing so. In fairness to the other members, I cannot allow you to keep bringing up this same subject meeting after meeting.

Mr. Lee: I think it is a good parliamentary procedure, as you suggest, to go through the regular formality of having a second. I think your point is well taken.

I did not move to reconsider action on the Board of Superintendents' report. I moved rather that the Board of Superintendents themselves go into the matter of courses having to do with our political situation, without reference to my paper on that subject which the Board of Superintendents disapproved of.

Dr. Foley: I would assume that probably Mr. Lee would like unanimous consent of the Committee to present a certain order of business. I do not believe this is an order of business. I believe it is making a statement, or trying to get some information. What value it is I do not understand.

I assume that Mr. Lee probably wants to get a ruling on something, and that is entirely within the Chairman's jurisdiction. I do not believe it needs a second.

Chairman: You are now talking on the same subject that you brought up at the last meeting, Mr. Lee, and I do not know how many meetings back?

Mr. Lee: There have been some statements made recently by people of importance in the community, very influential people, that seem to me to bear on this subject.

Chairman: I will permit you to read those statements.

Mr. Lee: I was not going to read them. I was going to comment on the statements.

Chairman: In fairness to you and in view of the fact that it may be considered as additional evidence, I will give you that permission.

Mr. Lee: I am inclined to agree with the necessity of having a second, and I will confine this to a statement not more than two or three minutes long, which I will make with the consent of the Committee.

What did seem to bear on the situation was a statement by Cardinal O'Connell in addressing a group, when he did in a way refer to some office holders who do not justify the public confidence, and he pointed out that in every case

the parties concerned have been given a thorough training in what we will call the Christian virtues, both in the schools and through the home, and yet it was obvious—and he drew that inference—nevertheless there had not been a realization of those virtues in the conduct of their public office.

That brings me to my point, which is the only point I want to make. I have always concurred with this Committee and the Superintendent that we must have an understanding of ethical principles and the value of them, and what we will call the standard virtues. But in order to apply those to the political life of the community, you have to understand the political life of that community.

Let me give two concrete examples:

A seven-year-old child with the most benevolent intentions might see a little fish wiggling in the water and, concluding that the little fish might drown, may grab or take out the fish, only to find that that act of benevolence was doing the fish the worst possible turn; or the same child might take a kitten and put its head under water to give it the benefit of breathing as the fish does. Unless you understand the nature of the animal you are dealing with, it is obvious that you cannot apply your best intentions to bringing good to that animal.

Al. I have tried to do here, is to attempt to have the student going through school see what the political animal looks like, how it lives, how it breathes, and where its eyes and nose are.

I think that is where we have slipped up, not because we have disagreed on the need of understanding the virtues. We have to apply this knowledge by understanding the nature of the animal we are dealing with.

Rather than the necessary steps that Mr. Dewey may take in New York—which I do not under-rate—I think the way to do is to give the child in school a chance to understand what is the response of the political animal, that is, of the body politic, or our political machinery regarded as an operating organism.

I thought it was very distressing to read in the newspapers that Miss Birmingham had been to both the District Attorney and the Attorney-General and found that as a citizen she could get nowhere.

Dr. Foley: Wouldn't you say that religious training in the schools would be sufficient for this?

Mr. Lee: I think, more than a religious training in the school, home or church, would be an understanding of the nature of your political machinery to get the results which you want.

Dr. Foley: I mean allocating probably an hour a week to the sort of religious training that most of our great educators have in mind, whether it be Protestant, Jew or Catholic, a training in the spiritual side of life.

Mr. Lee: I wouldn't take any stand on that at this moment. My mind is preoccupied with the thought of understanding the kind of creature we are dealing with, rather than the background of understanding principles of ethics.

I started to say that Miss Birmingham went both to the District Attorney and the Attorney-General and found that as a citizen she could get nowhere in making a complaint about a matter which later came out as the result of an investigation of the Bar Association. To my mind that shows that every child should be taught how to do things, how to bring about changes in his Government by understanding what stimuli Government responds to, and in particular what stimuli it responds to other than the particular cause which the individual is promoting.

I hope that these remarks will serve to focus the attention of this Committee on the fact that we have to get a better understanding of the parts and their relationships, as I tried to bring out in a sketch or outline of a course which was not approved of, a better understanding between the different elements in our public life. I do hope that we will heed these matters and notice that point which I bring out here.

The Committee adjourned.

Attest:

ELLEN M. CRONIN,
Secretary

Dec. 26, 1939.

A special meeting of the School Committee of the City of Boston was held in the Administration Building, 15 Beacon Street, at 10:40 o'clock P. M., the Chairman presiding.

Present: Messrs. Foley, Lee, Smith, Sullivan, and White.

APPROVAL OF MINUTES

The reading of the minutes of the previous meeting was omitted, the Committee approving them as printed.

APPROVAL OF APPOINTMENTS

The Chairman stated the question was on approving the appointments of teachers, as reported by the Superintendent and laid over at the previous meeting.

The appointments were approved.

RESIGNATIONS

The following resignations, reported by the Superintendent to take effect on the date stated, was presented:

Gaston District—Louise M. Healy, assistant, elementary, Nov. 24, 1939.

Accepted.

The following resignation, reported by the Superintendent to take effect on the date stated, was presented:

Department of School Hygiene—Dorothy E. Hooper, school nurse, Dec. 8, 1939.

Accepted.

LIST OF TEACHERS APPROVED FOR TEMPORARY SERVICE

The Superintendent submitted, under the provisions of section 265, paragraph 2 of the regulations, the

following additions to the list of teachers approved by him from which assignments may be made for temporary service:

Day High Schools—Katharine M. Hannigan, Mary J. Kenney.

Day Intermediate Schools—Helen J. Donovan, Elizabeth V. Grise.
Approved.

TEMPORARY TEACHERS

Dorchester High School for Boys—Howard R. Baumeister, instructor mechanic arts, Dec. 18, 1939.

Mechanic Arts High School—Paul V. Moloney, instructor, mechanic arts, Dec. 18, 1939.

Boston Trade School—Arthur P. Maher, shop instructor, Dec. 13, 1939.

Approved.

EMERGENCY EMPLOYMENT OF SUBSTITUTE TEACHERS

On motion of the Superintendent, it was

ORDERED, That the employment of the following-named persons is hereby authorized for emergency service on the dates indicated when no certificated person for the assignment was available:

Day Intermediate Schools—Alfred H. Rosen, Dec. 18, 1939.

Department of Household Science and Arts—Josephine A. Sullivan, teacher of cookery, Dec. 21, 1939.

Vocational High and Opportunity School—Alice M. Toomey, teacher of cookery, Dec. 18 to 22, 1939, inclusive.

DEPARTMENT OF EXTENDED USE OF THE PUBLIC SCHOOLS Term 1939-1940

A communication was received from the Superintendent, under date of Dec. 26, 1939, reporting that subject to the approval of the School Committee he has assigned the following-named persons to serve in the Department of the Extended Use of the Public Schools, for the term 1939-1940:

Leaders—Hilda I. Murphy, Nov. 1, 1939; Marguerite M. Minsky, Arthur L. Tuohy, Jan. 3, 1940.

General Helpers—Joseph F. Curran, Louis De Gregorio, Dec. 1, 1939.

Helpers—William E. Gibbons, John B. Martin, William J. O'Neil, Dec. 2, 1939.

Approved.

DESIGNATION

A communication was received from the Superintendent, under date of Dec. 26, 1939, reporting that he has made the following designation of a teacher to serve in the position indicated until such time as it shall be filled otherwise in accordance with the rules and regulations, but not beyond Aug. 31, 1940:

Hyde Park High School—John J. Buckley, junior master, as acting master, head of department, Sept. 1, 1939.

Placed on file.

AMENDMENT OF RULES

The following was offered:

ORDERED, That the Rules are hereby amended as follows:

Section 80, paragraph IV. High School: Insert the following paragraph to immediately follow the provision for the granting of the IV. High School certificate to teachers of certain ranks who obtain a college degree:

The provisions of the foregoing paragraph shall apply also to teachers permanently employed under certificate XXXI. Day and Evening Industrial Schools, who while so employed obtain the Master's degree from a college or university approved by the board of superintendents.

Laid over.

EXTENSION OF VALIDITY OF TEACHERS COLLEGE CERTIFICATES

The following was offered:

ORDERED, That the period of validity of Teachers College Elementary School, Class B Certificates, issued from June, 1927, to June, 1932, inclusive, under which permanent appointments have not been made, is hereby extended to June 30, 1944.

Laid over.

REINSTATEMENT OF EILEEN M. SHEA

A communication was received from the Secretary, under date of Dec. 26, 1939, reporting the reinstatement of Eileen M. Shea, assistant in the offices of the Superintendent-Secretary, absent on leave for service in the office of His Honor, the Mayor, for one day, Dec. 27, 1939, in order to protect her civil service status as assistant in this department.

Placed on file and the reinstatement approved for the date stated.

PAYMENT OF SALARY DUE AT DEATH

On motion, it was

ORDERED, That the salary due John L. Bowen, storekeeper in the Supply Room, be paid to his widow, Katharine Bowen.

LEAVE OF ABSENCE TO CUSTODIAN

A communication was received from the Schoolhouse Custodian, under date of Dec. 26, 1939, recommending that Edward F. O'Donnell, custodian, Dante Alighieri School-house, be granted leave of absence without pay for the period Dec. 19, 1939, to Dec. 18, 1940, because of personal disability which prevents him from performing his duties as custodian.

Placed on file and leave of absence without pay granted for the period specified.

TRIBUTE TO RETIRING MEMBERS

Mr. Lee: As the last minutes of the last meeting of this School Committee tick away, I should like to say something in behalf of my colleagues and myself. To all of us it has been stimulating and it has been pleasurable to work under a

Chairman who has brought to the proceedings of the School Committee a sensible balance of publicity and scrutiny by the public, who has re-enunciated for the Committee a reputation for integrity, who never retreated the breadth of a hair before public opinion or public pressure when he thought it was contrary to the right interests of the schools, who has divided his time between his family duties and his School Committee duties, trying to give in full measure to both, who has pruned the budget with a penetrating but considerate knife, who launched a reorganization and amalgamation of accessory education departments long ineffective by their division, and who as Chairman has been an experience to all of us which we are sorry to see come to an end.

Personally and in behalf of my colleagues I hope your retirement from this Committee, Mr. Smith, will not mean your permanent retirement or indefinite abstention from elective public service.

In behalf of the Committee I would like to present to you a memento of our esteem (presenting memento).

Chairman: Thank you, Mr. Lee and members of the Committee. I must see what is in this (opening package and reading inscription):

"This block and gavel are made from a segment of the historic Eliot oak, famed in the history of Boston.

Presented to Henry J. Smith, Chairman of the Boston School Committee, by his fellow members."

I am very grateful for this expression of confidence from you members and, referring to the words of Mr. Lee expressing that sentiment, whatever was accomplished in the past two years had to be accomplished and could only be accomplished by the united efforts of every one of us here.

I had the honor of heading up this Committee as its Chairman, for which I will always be very grateful. I say, as I have said on many occasions publicly, that this is undoubtedly the finest School Committee that Boston has had in many years. I feel that sincerely. I think that is proved by the sentiment upstairs tonight where, in a long, arduous conference, practically the entire docket was cleaned up. While we had many differences of opinion, it was a most pleasant meeting. Everybody was serious about the problems that we discussed but there was a feeling of friendliness that permeated the whole evening.

I want to take this occasion to thank you gentlemen for your very splendid co-operation for the past two years. I also want to thank the members of the school service, —the Board of Superintendents, the Secretary, the Business Manager, the teachers and members of the supervisory staff, the clerical force, the Schoolhouse Custodian and the custodians, and particularly I wish to thank one of the ablest and finest Superintendents the Boston School system has ever had, Mr. Arthur L. Gould.

Before I close I wish to pay tribute to the press of Boston. I feel rather personal about the press

because, with the co-operation of Mr. Frederick R. Sullivan and Dr. Lyons, it was at my instigation, nearly four years ago that for the first time in the history of the Boston School Department, the press were allowed into the conferences as well as the public meetings of the School Committee. Through the press, the public of Boston has known everything that has gone on in the school system in the past four years. Having the press in at these conferences has done more to re-establish public confidence in the School Committee than anything else that I can imagine could happen. I personally want to thank the members of the press for their fair and impartial handling of the news of the school system, and it is my hope and thought that in this new reorganization of departments which I am very glad to say is well on its way now, headed by a very able man in the school system, in that department we will establish for the first time a public relations individual who will see that the public of Boston are informed of the many splendid things that are being accomplished in the school system. Heretofore that side of it has been somewhat neglected, I think, through no fault of anyone.

With these few words I want to thank you all sincerely.

Dr. Foley: I know full well, Mr. Smith, that in every way you have proven a good Chairman of the Boston School Committee. You have given to the work your untiring efforts and by precept and example you have rendered the finest type of public service.

In leaving this Committee I feel that I leave behind members and friends, the finest that I have known on any Committee on which I have ever served. I feel that it has been a source of inspiration to me. The deliberations of this Committee have been on a high plane and I leave a school system that I feel is without a peer in the field of education.

Mr. Sullivan: I would just like to say that I echo the sentiments of my colleagues when I offer to you, Mr. Smith, and to you, Dr. Foley, my congratulations on the fine service you have given. I do not think that any of us enjoy sitting here and hearing ourselves praised, but I would like to have the people know that those of us who have had the opportunity of working with you have been impressed by your sincerity, by your loyalty to your work and, more than that, by the things that you have accomplished. I want to wish you both the best of good luck wherever you may go from here.

Mr. White: I could not let the evening go by without adding a few words of my own in supplement to what has been so well said by the other members of the Committee. I am wholeheartedly in agreement with Mr. Lee, Mr. Sullivan, and Dr. Foley.

In your retirement from the Boston School Committee, Mr. Smith, I want to wish you, Mrs. Smith and your family, the many hours of contentment that you and they have been deprived of by your service here.

As President Polk said on his retirement—that he was going to be no longer a servant, but a sovereign—we know, Mr. Smith, that you are going to be that, and we will listen to your dictates for many days to come.

On motion, all unfinished business was referred to the next Committee.

The Committee adjourned.

Attest:

ELLEN M. CRONIN,
Secretary.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, during the period of street construction, estimated to be thirty (30) days, vehicles are excluded from the following street, effective January 10, 1940:

Oliva Road, Brighton.

From Brooks street to Raneleigh road.

Voted, That as urgently required by considerations of public safety and convenience, during the period of the Huntington Avenue Subway construction, estimated to be one (1) year, parking of vehicles is prohibited in the following streets, effective January 12, 1940:

Falmouth Street, Downtown Boston.

East side, from Massachusetts avenue to St. Paul street.

Huntington Avenue, Downtown Boston and Roxbury.

Both sides, from Garrison street to Opera place.

Voted, That as urgently required by considerations of public safety and convenience, the following temporary amendments to the Revised Traffic Rules and Regulations of the City of Boston, which were adopted August 31, 1939, and were effective September 18, 1939, for a trial period of sixty (60) days, and which were extended for sixty (60) days from November 17, 1939, are hereby extended for a further trial period of sixty (60) days from January 16, 1940:

Section 8, Part 2, is amended by striking out the following:

Friend Street, Downtown Boston.

Southwest side, from Merrimac street to Washington street, 7 a. m. to 6 p. m.

Section 8, Part 2, is amended by adding the following:

Friend Street, Downtown Boston.

Southwest side, from Traverse street to Washington street, 7 a. m. to 6 p. m.

Section 24, Part 1, is amended by adding the following:

Mt. Hood Road, Brighton.

From Commonwealth avenue to Corey road.

Voted, That as urgently required by considerations of public safety and convenience, during the period of sewer construction, estimated to be thirty (30) days, vehicles are excluded from the following street, effective January 17, 1940:

Hillock Street, West Roxbury.

From Walworth street to Orange street.

PROCEEDINGS OF CITY COUNCIL.

Monday, January 8, 1940.

Regular meeting of the City Council in the Council Chamber, City Hall, at 2 p. m., President GALVIN in the chair. Absent, Coun. Scannell and Taylor.

RULES.

Coun. LANGAN, for the Committee on Rules, submitted the following:

The Committee on Rules submits herewith a draft of the Rules for the proceedings of the City Council for the years 1940 and 1941, being substantially the same rules that were in force for the City Council of 1939, and recommend their adoption.

RULES OF THE CITY COUNCIL, 1940-41.

Rule 1. Unless otherwise ordered from time to time the regular meeting of the city council shall be held on every Monday at two o'clock p. m. Special meetings may be called by the president at his discretion, and by the city clerk for the purpose only of drawing jurors. No special meeting of the city council, except to draw jurors, shall be called, except with the consent of all the members, upon less notice than twenty-four hours from the time the notices are mailed or dispatched by special messenger.

President.

Rule 2. The president of the council shall take the chair at the hour to which the council shall have adjourned and shall call the members to order, and a quorum being present, shall proceed with the regular order of business. In the absence of the president the senior member by age present shall preside as temporary president, or until a presiding officer is chosen.

Rule 3. The president shall preserve decorum and order, may speak to points of order in preference to other members and shall decide all questions of order, subject to an appeal. Any member may appeal from the decision of the chair, but no appeal shall be considered unless properly seconded. No other business, except a motion to adjourn or to lay on the table, shall be in order until the question on appeal has been decided. The question shall be put as follows:

"Shall the decision of the chair stand as the judgment of the council?" The vote shall be by a roll call, and it shall be decided in the affirmative unless a majority of the votes are to the contrary.

Rule 4. The president shall propound all motions in the order in which they are moved, unless the subsequent motion shall be previous in its nature, except that, in naming sums and fixing times, the largest sum and the longest time shall be put first.

Rule 5. The president shall, at the request of any member, make a division of a question when the sense will admit of it.

Rule 6. The president shall, without debate, decide all questions relating to priority of business to be acted upon.

Rule 7. The president shall declare all votes; but if any member doubts a vote, the president shall cause a rising vote to be taken, and, when any member so requests, shall cause the vote to be taken or verified by yeas and nays.

Rule 8. The president shall appoint all committees, fill all vacancies therein, and designate the rank of the members thereof.

Rule 9. When the president of the council or the president pro tempore shall desire to vacate the chair he may call any member to it; but such substitution shall not continue beyond an adjournment.

Motions.

Rule 10. Every motion shall be reduced to writing if the president shall so direct.

Rule 11. A motion to strike out and insert shall be deemed indivisible; but a motion to strike out being lost shall not preclude amendment, or a motion to strike out and insert.

Rule 12. No motion or proposition of a subject different from that under consideration shall be admitted under color of amendment.

Any motion, order or resolution which in the opinion of the presiding officer does not have a direct bearing on the business of the council shall be referred without debate to the committee on rules and shall not be further considered by the council except upon report by that committee. There shall be no appeal from the decision of the chair hereunder, and this rule shall not be subject to suspension.

The committee on rules may report that any motion, order or resolution so referred to it is out of order because not having a direct bearing on the business of the council, and its report shall be a final disposition of the matter, subject to an appeal which shall be governed by the same provisions as those governing appeals from rulings of the presiding officer.

Rule 13. When an order or resolution relates to a subject which may properly be examined and reported upon by an existing committee of the city council, such order or resolution shall, upon presentation, be referred to such committee. When a motion is made to refer any subject, and

different committees are proposed, the motions shall be put in the following order:

1. To a standing committee of the council.
2. To a special committee of the council.

Any member offering a motion, order or resolution, which is referred to a committee, shall be given a hearing on the same by the committee before a report is made thereon, provided he so requests at the time of offering the order or before final action by the committee.

Any matter referred to a committee may be recalled by a majority vote of all the members of the council, if such matter is not reported upon within one month from the date of reference.

Rule 14. After a motion has been put by the president it shall not be withdrawn except by unanimous consent.

Rule 15. When a question is under debate the following motions only shall be entertained, and shall have precedence in the order in which they stand arranged:

1. To adjourn.
2. To lay on the table.
3. The previous question.
4. To close debate at a specified time.
5. To postpone to a day certain.
6. To commit.
7. To amend.
8. To postpone indefinitely.

Rule 16. A motion to adjourn shall be in order at any time, except on an immediate repetition or pending a verification of a vote; and that motion, the motion to lay on the table, the motion to take from the table, and the motion for the previous question, shall be decided without debate.

Readings.

Rule 17. Every ordinance, order and resolution shall, unless rejected, have two several readings, both of which may take place at the same session unless objection is made, provided, however, that all orders for the expenditure of moneys, unless reported upon by a committee of the council, shall lie over for one week before final action thereon. Whenever the second reading immediately follows the first reading, the document may be read by its title only; provided, that all orders releasing rights or easements in or restrictions on land, all orders for the sale of land other than school lands, all appropriations for the purchase of land other than for school purposes, and all loans voted by the city council shall require a vote of two-thirds of all the members of the city council, and shall be passed only after two separate readings and by two separate votes, the second of said readings and votes to be had not less than fourteen days after the first, except in the case of temporary loans in anticipation of taxes.

Reconsideration.

Rule 18. When a vote has been taken any member may move a reconsideration thereof at the same meeting. No member shall speak for more than ten minutes on a motion to reconsider.

Rule 19. When a motion to reconsider has been decided, that decision shall not be reconsidered, and no question shall be twice reconsidered unless it has been amended after the reconsideration; nor shall any reconsideration be had upon the following motions:

- To adjourn.
- The previous question.
- To lay on the table.
- To take from the table.
- To close debate at a specified time.

A motion to reconsider may be laid on the table or postponed indefinitely, and the effect of such action in either case shall be to defeat the motion to reconsider.

Conduct of Members.

Rule 20. Every member when about to speak shall rise, address the chair, and wait until he is recognized, and, in speaking, shall refrain from mentioning any other member by name, shall confine himself to the question and avoid personalities. Any member who, in debate or otherwise, indulges in personalities or makes charges reflecting upon the character of another member, shall make an apology in open session at the meeting at which the offence is committed or at the next succeeding regular meeting, and, failing to do so, shall be named by the president or held in contempt and suspended from further participation in debate until said apology is made.

Rule 21. No member shall speak more than once on a question when another member who has not spoken claims the floor, and no member speaking shall, without his consent, be interrupted by another, except upon a point of order.

Rule 22. No member shall be permitted to vote on any question, or to serve on any committee, where his private right is immediately concerned, distinct from the public interest.

Rule 23. Every member who shall be present when a question is put, unless he is excluded by interest, shall give his vote, unless the council for special reason shall excuse him. Application to be so excused on any question must be made before the council is divided, or before the calling of the yeas and nays; and such application shall be accompanied by a brief statement of the reasons, and shall be decided without debate.

Standing Committees.

Rule 24. The following standing committees of the council, and all other committees, unless specially directed by the council, shall be appointed by the president:

1. A committee, to be known as the Executive Committee, to consist of all the members of the council.

2. A committee on Appropriations, to consist of seven members of the council, to whom shall be referred such appropriation orders as may be submitted to the council from time to time.

3. A committee on Claims, to consist of five members of the council, to whom shall be referred all claims against the city arising from the act or neglect of any of its departments. They shall report annually an account of the claims awarded or approved by them, and the amount of money awarded or paid in settlements thereof.

4. A committee on County Accounts, to consist of five members of the council.

5. A committee on Finance, to consist of seven members of the council, to whom shall be referred all applications for expenditure which involve a loan.

6. A committee on Inspection of Prisons, to consist of five members of the council.

7. A committee on Legislative Matters, to consist of five members of the council, who shall, unless otherwise ordered, appear before the committees of the General Court and represent the interest of the city; provided, said committee shall not appear unless authorized by vote of the city council and shall not, unless directed so to do by the city council, oppose any legislation petitioned for by the preceding city council.

8. A committee on Licenses, to consist of five members of the council.

9. A committee on Ordinances, to consist of seven members of the council, to whom shall be referred all ordinances or orders concerning ordinances.

10. A committee on Parkman Fund, to consist of five members of the council, to whom shall be referred all matters concerning the Parkman property, or the expenditure of the income from the Parkman Fund.

11. A committee on Printing, to consist of five members of the council, who shall have the charge of all printing, advertising, or publishing ordered by the city council as one of its contingent or incidental expenses, and the supply of all stationery or binding for the same purpose. The committee shall fix the number of copies to be printed of any document printed as above, the minimum, however, to be four hundred; and they shall have the right to make rules and regulations for the care, custody and distribution of all documents, books, pamphlets and maps by the city messenger.

12. A committee on Public Lands, to consist of five members of the council, to whom shall be referred all matters relating to public lands.

13. A committee on Rules, to consist of five members of the council, to consider all matters concerning the rules, and to whom shall be referred all resolutions expressing opinions, principles, facts or purposes.

14. A committee on Soldiers' Relief, to consist of five members of the council, who shall determine the amount of aid to be allowed to soldiers and sailors and their families and submit a schedule of the same to the city council monthly.

Order of Business.

Rule 25. At every regular meeting of the council the order of business shall be as follows:

1. Communications from his honor the mayor.
2. Presentation of petitions, memorials and remonstrances.
3. Reports of city officers, etc.
4. Unfinished business of preceding meetings.
5. Reports of committees.
6. Motions, orders and resolutions.

Spectators.

Rule 26. No person, except a member of the council, shall be permitted to occupy the seat of any member while the council is in session.

Rule 27. No person, excepting officials connected with the city council, and duly assigned reporters of the eight daily newspapers, shall be allowed in the anterooms or upon the floor of the council chamber while the council is in session. Spectators will be allowed in the gallery of the council chamber when the council is in session, and no one will be admitted to said gallery after the seats are occupied. No demonstrations of approval or disapproval from the spectators shall be permitted, and if such demonstrations are made the gallery will be cleared. The city messenger shall enforce this rule.

Burial Grounds.

Rule 28. No permission for the use of land for the purpose of burial shall be granted until a public hearing shall have been given by the executive committee of the city council on the application for such permission, after due notice has been given abutors.

Smoking in the Council Chamber.

Rule 29. No smoking shall be allowed in the council chamber when the council is in session.

Committee Meetings.

Rule 30. No meeting of any committee shall, without the consent of all the members thereof, be

called upon less notice than twenty-four hours from the time the clerk shall have mailed the notices or dispatched them by special messenger, provided, however, that meetings of the executive committee may be held in the recess period of any meeting of the council without such consent or notice. No committee, unless authorized by an order of the city council, shall incur any expense. No committee meetings shall be called later than one hour immediately preceding the time set for any regular meeting of the city council, nor shall any committee remain in session later than the hour named for any such regular meeting.

Form of Votes.

Rule 31. In all votes the form of expression shall be "Ordered" for everything by way of command, and the form shall be "Resolved" for everything expressing opinions, principles, facts or purposes.

Transfers.

Rule 32. Every application for an appropriation to be provided for by transfer shall be referred to the executive committee, unless otherwise ordered, and no such appropriation shall be made until the said committee has reported thereon.

Use of Committee Rooms.

Rule 33. No person except members and officers of the city council and regularly assigned city hall reporters shall be admitted at any time to the west anteroom, the locker room, or the president's room, except when invited on official business or accompanied by a member of the council.

Confirmation of Appointments.

Rule 34. The question of confirming appointments by the mayor shall be decided by a yes and no ballot, unless otherwise ordered.

Amendment and Suspension.

Rule 35. The foregoing rules shall not be altered, amended, suspended or repealed at any time, except by the votes of two-thirds of the members of the city council present and voting thereon.

The report was accepted and the rules as submitted were adopted. (Document 39.)

APPOINTMENT OF SPECIAL COMMITTEES.

Coun. LANGAN offered the following:

Ordered, That special committees be appointed by the President to consider the subjects indicated by their titles and such other matters as may be referred to them from time to time, viz.:

Building Code, five members.

APPOINTMENTS BY THE MAYOR.

Subject to confirmation by the Council the Mayor submitted the following appointments, viz.:

Weigher of Coal and Goods: Charles B. Murphy, 112 Shore avenue, Quincy, Mass.; David A. Shea, Jr., 2 Folsom street, Roslindale, Mass.
Weigher of Coal: Daniel L. Lothrop, 11 Quince street, Dorchester, Mass.

Severally laid over a week under the law.

PROVISION FOR NURSES.

The following was received:

City of Boston,
Office of the Mayor, December 29, 1939.
To the City Council.

Gentlemen,—I transmit herewith letter from the Superintendent of the Boston City Hospital relative to your order of December 4, 1939, concerning the making of adequate and fair provision for such nurses at the City Hospital and Sanatorium as may contract illness incident to the performance of their duties.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Hospital Department, December 18, 1939.
Hon. Maurice J. Tobin,
Mayor of Boston.

Dear Mr. Mayor,—At a meeting of the Board of Trustees held on December 15, 1939, an order of the City Council was presented, as follows:

"Ordered, That the trustees of the Boston City Hospital be respectfully requested, through his Honor the Mayor, to make adequate and fair provision for such nurses at the City Hospital and Sanatorium as may contract illness incident to the performance of their duties."

When a nurse at the Main Hospital or the Sanatorium Division becomes ill with tuberculosis, each individual case is referred to the trustees and is treated on its own merits.

Yours sincerely,

JAMES W. MANARY, M. D.,
Superintendent.

Placed on file.

APPROPRIATION FOR MUNICIPAL EMPLOYMENT BUREAU.

The following was received:

City of Boston,
Office of the Mayor, January 8, 1940.
To the City Council.

Gentlemen,—I submit herewith an order providing for the appropriation of \$19,500, the same to be charged to the Contingent Fund, to be used in connection with the activities of the Municipal Employment Bureau during the current year.

The Municipal Employment Bureau is doing a worthwhile work, and the value of this phase of municipal activities should recommend the adoption of this order by your Honorable Body.

Respectfully,
MAURICE J. TOBIN, Mayor.

Ordered, That the sum of \$19,500 be, and hereby is, appropriated for the activities of the Municipal Employment Bureau, said amount to be expended under the direction of his Honor the Mayor, and charged to the Contingent Fund, when made.
Referred to Executive Committee.

JURORS.

Jurors were drawn, Coun. SHATTUCK presiding at the box in the absence of the Mayor, as follows:

Four grand jurors (2d additional), Superior Criminal Court, to appear February 5, 1940:

Lawton A. Waters, Ward 7; James L. McStravick, Ward 12; Dennis J. Shugrue, Ward 20; Frank C. O'Keefe, Ward 22.

Thirty-five additional traverse jurors, Superior Civil Court, January Sitting, to appear January 11, 1940:

Edward Carroll, Ward 1; Arthur Ellis, Ward 1; Joseph Goggin, Ward 1; Reginald L. Haggett, Ward 1; John C. Smaldone, Ward 1; Nicholas Vertuccio, Ward 1; Frederick L. Loneragan, Ward 2; Henry J. Cohen, Ward 3; Robert L. Devlin, Ward 3; John W. Herbert, Ward 3; George A. Kuhn, Ward 3; Stanley W. Russell, Ward 3; Louis DeP. Cole, Ward 5; Harry True Harmon, Ward 5; Harry L. Clement, Ward 6; John J. Mulken, Ward 6; Arthur Chisam, Ward 7; Daniel C. MacGregor, Ward 7; Joseph F. Guinnessy, Ward 9; James E. Coffey, Ward 10; George H. Lambert, Ward 11; Howard A. Smith, Ward 11; Patrick H. Higgins, Ward 13; Gordon W. Shipp, Ward 15; Francis E. Chute, Ward 16; Charles Green, Ward 16; Robert F. Hyde, Jr., Ward 16; John S. Nolan, Ward 16; John G. Johnson, Ward 18; Richard L. Moran, Ward 18; Francis A. Cronin, Ward 19; William F. Sullivan, Ward 19; William J. McCarthy, Ward 20; Humbert F. Tosi, Ward 21; Francis A. King, Ward 22.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz.:

Claims.

Billie's Market, Inc., for compensation for damage to property at 605 Dorchester avenue, caused by break in water main.

Joseph G. DeLuca, to be reimbursed for accident which occurred while in performance of his duty as employee of Public Works Department.

Jacob G. Elz, for compensation for damage to car by fire engine.

James Gibbons, for compensation for loss of clothing at City Hospital.

Paul A. Green, for compensation for injuries caused by an alleged defect at 63 Kendall street.

Liudvika Luinate, for compensation for damage to property at 31 Story street, South Boston, caused by leak in water pipe.

Mary E. McDonough, for compensation for injuries caused by an alleged defect in Merchants Row.

Richmond H. Minton, for compensation for injuries caused by an alleged defect at 2965 Washington street.

James E. O'Reilly, for compensation for damage to car by city truck.

Carrie L. Smith, for compensation for injuries caused by an alleged defect at Blue Hill avenue and Fessenden street.

Lena C. Thibault, for compensation for injuries caused by an alleged defect in Huntington avenue.

Committee on Licenses.

Petition of Boston Elevated Railway for license to operate motor vehicles between junction of Commonwealth avenue and Brighton avenue and the junction of Franklin street and Aldie street, over Commonwealth avenue, Allston street, Glenville avenue, Harvard avenue, Cambridge street, Lincoln street, Franklin street, Holton street, Bagnal street and Aldie street; and between junction of Allston street and Glenville avenue and junction of Cambridge street and Harvard avenue, over Allston street, Brighton avenue, Union square and Cambridge street. (To be operated on Sunday mornings and at other times when church services may require such operation.)

Petitions for driveway openings, viz.: Socony-Vacuum Oil Company, Inc., at 1225 Centre street.

George L. Lincoln, at 1379-1385 Blue Hill avenue, Ward 18.

SOLDIERS' RELIEF.

Coun. ENGLERT, for the Committee on Soldiers' Relief, submitted report recommending passage of order for payment of aid to soldiers and sailors and their families in the City of Boston for the month of January.

Report accepted; said order passed.

LIGHTING SULLIVAN SQUARE PLAYGROUND.

President GALVIN submitted the following: Ordered, That the Park Commissioner be requested, through his Honor the Mayor, to arrange added lighting facilities for night hockey playing at the Sullivan Square Playground.
Passed under suspension of the rule.

LANDING FEE, MUNICIPAL AIRPORT.

Coun. CHASE offered the following:

Ordered, That the Park Commissioner be requested, through his Honor the Mayor, to consider the advisability of charging a landing fee for all private and commercial airplanes using the municipal airport; and be it further

Ordered, That the Park Commissioner be requested, through his Honor the Mayor, to submit to the City Council a list of the American cities that charge landing fees for the use of municipal airports and a complete report on his findings pertaining to this matter.

Coun. CHASE—Mr. President, it has been called to my attention that quite a number of the large American cities are charging landing fees for the use of their municipal airports, and I believe that they are justified in doing so, inasmuch as quite a number of the public are using these airports. I believe, inasmuch as Boston's municipal airport is not self-supporting, that this city should take every means to make it self-supporting. I think, therefore, that a fee, reasonable in amount, would be a reasonable thing to charge. As I understand it, there are approximately one hundred airplanes using our airport every day. If a reasonable fee—say \$2 for small planes and \$4 for large commercial planes—were charged, it would bring in in the vicinity of \$100,000 to the City of Boston annually. I feel, therefore, that this Body should heartily recommend to the Mayor and the Park Commissioner the charging of a landing fee for all airplanes using our municipal airport.

The order was passed under suspension of the rule.

LOAN IN ANTICIPATION OF TAXES.

President GALVIN called up, under unfinished business, No. 1 on the calendar, viz.:

1. Ordered, That to provide temporarily money to meet the appropriations for the financial year 1940, the City Treasurer be, and hereby is, authorized to issue and sell, at such time and in such amounts as he may deem best, notes or certificates of indebtedness of the City of Boston not exceeding \$40,000,000 in the total, in anticipation of the revenue of the financial year; that all such notes or certificates of indebtedness be dated the day the money for the same is received, be made payable with the interest thereon within one year of their date and bear interest from their date until the same are made payable at such rate as the City Treasurer and the Mayor may determine. The said City Treasurer is hereby authorized to renew or refund any such notes issued for a shorter period than one year, under the provisions of section 17 of chapter 44 of the General Laws.

On January 2, 1940, the foregoing order was read once and passed, yeas 20, nays 0.

The order was given its second and final reading and passage, yeas 20, nays 0.

MUNICIPAL STADIUM.

Coun. WARD and M. H. SULLIVAN offered the following:

Ordered, That his Honor the Mayor be requested to consider the advisability of erecting a municipal stadium in the City of Boston, the money to be allocated from the George Robert White Fund.

Passed under suspension of the rule.

FLOODING OF HEALEY PLAYGROUND.

Coun. LANGAN and LYONS offered the following:

Ordered, That the Park Commissioner be requested, through his Honor the Mayor, to have Healey Playground, Ward 19, flooded for skating purposes.

Passed under suspension of the rule.

RECESS.

The Council voted at 2.30 p. m., on motion of Coun. HURLEY, to take a recess subject to the call of the Chair. The members reassembled and were called to order by President GALVIN at 2.45 p. m.

HOUSING UNIT, WARD 8.

Coun. HURLEY offered the following:

Ordered, That his Honor the Mayor request the Boston Housing Authority to consider the advisability of the erection of a housing unit in the Ward 8 district of Boston.

Coun. HURLEY—Mr. President, in presenting this order requesting the cooperation of his Honor the Mayor and the Boston Housing Authority for the establishment of a Federal Housing unit in the district of Boston I represent in this Honorable Body, it is my desire to relieve as much as possible the hardships and lack of modern privileges endured by many families in my district over a long period of years. Possibly few of the members of this Council realize that a great number of families in my district have no modern bathroom at their command and it is necessary

for them to use the facilities of the showers at the local municipal building. A great many of these families would be made extremely happy and certainly would enjoy more healthful living conditions if given the opportunity of tenancy in one of these modern structures being erected with Federal funds. Under the present program, with South Boston, Charlestown, Mission Hill and Lenox street areas enjoying the proven benefits of Federal Housing, I sincerely hope and strongly urge that this Body will act favorably upon my order and that his Honor the Mayor and the Boston Housing Authority will exert every effort and influence to bring about the accomplishment of my suggestion presented today and the ultimate erection of a Federal Housing unit in the Ward 8 area of Boston.

The order was passed under suspension of the rule.

IMPROVEMENT OF WILLIAM EUSTIS PLAYGROUND.

Coun. HURLEY offered the following:

Ordered, That the Park Commissioner be requested, through his Honor the Mayor, to prepare and present for the approval of the W. P. A. authorities, a project for the complete improvement of the William Eustis Playground on Norfolk avenue, Roxbury, and to place it in modern and first-class condition for the enjoyment of the people of my district.

Passed under suspension of the rule.

Adjourned, on motion of Coun. WICKES, at 2.48 p. m., to meet on Monday, January 15, 1940, at 2 p. m.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR PORTLAND CEMENT FOR CONSTRUCTION.

The Supply Department of the City of Boston invites proposals for furnishing for city departments, Portland cement as per specifications, to be delivered as required. The bidder must use the form of proposal to be obtained at the office of the Supply Department, Room 1001, City Hall Annex, and leave his proposal with a certified check for \$200, payable to and to become the property of the City of Boston. If the proposal is not carried out, at the above-mentioned office. There will be a charge of twenty-five cents (\$0.25) for each blank proposal taken out. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. Bids will be publicly opened and read Tuesday, January 30, 1940, at 12 o'clock noon. The successful bidder must furnish a bond for one half the total estimated amount of the bid with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

(Jan. 20.) JOHN A. BREEN,
Superintendent of Supplies.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FLASHLIGHT EQUIPMENT.

The Supply Department of the City of Boston invites proposals for furnishing flashlight equipment for city departments. The bidder must use the form of proposal to be obtained at the office of the Superintendent of Supplies, Room 1001, City Hall Annex, and the successful bidder must furnish a bond for one half the total estimated amount of the bid with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. There will be a charge of twenty-five cents (\$0.25) for each blank proposal taken out. The bid, with a certified check for \$100, payable to and to become the property of the City of Boston if the proposal is not carried out, must be left at the office of the Superintendent of Supplies, before 12 m., Monday, January 29, 1940, at which time and place they will be publicly opened and read. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The Superintendent reserves the right to accept or reject any or all bids or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

(Jan. 20.) JOHN A. BREEN,
Superintendent of Supplies.

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR PLACING HIGH CURBS ON THE SUMMER STREET BRIDGE OVER FORT POINT CHANNEL, SUMMER STREET BRIDGE OVER RESERVED CHANNEL, AND THE MERIDIAN STREET BRIDGE OVER CHELSEA CREEK.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for placing high curbs on the Summer Street Bridge over Fort Point Channel, Summer Street Bridge over Reserved Channel, and the Meridian Street Bridge over Chelsea Creek, and giving bond therefor of a surety company approved by the Commissioner in the sum of 100 per cent of the contract to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Bid for Placing High Curbs on Three Bridges," and left at Room 508, fifth floor, City Hall Annex, before 12 o'clock m. on Friday, January 26, 1940, with a certified check for four hundred (400) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the bid containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Act so called) to all persons to be employed under this contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract. The undersigned reserves the right to reject any or all proposals should he deem it to be for the best interest of the city so to do.

GEORGE G. HYLAND,
(Jan. 20.) Commissioner of Public Works.

CITY OF BOSTON.

HOSPITAL DEPARTMENT.

PROPOSALS FOR REPAIR OF CHIMNEY STACK.

The Trustees of the Boston City Hospital invite bids for the repair of chimney stack from reputable chimney contractors. Specifications may be obtained at the office of the Plant Superintendent, 818 Harrison avenue, Boston.

PROPOSALS FOR FURNISHING SEWER PIPE.

The Supply Department of the City of Boston invites proposals for furnishing sewer pipe to the Sewer Division. Blank proposals may be obtained at the office of the Supply Department, Room 1001, City Hall Annex. *There will be a charge of twenty-five cents (\$0.25) for each blank proposal taken out.* The bidder must leave his proposal with a certified check for \$200, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read Tuesday, January 30, 1940, at 12 m., at Room 1001, City Hall Annex. The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

JOHN A. BREEN,
Superintendent of Supplies.

CITY OF BOSTON.

DEPARTMENT OF SCHOOL BUILDINGS.

To PLUMBING AND HEATING SUPPLY DEALERS.

The Superintendent of Construction of the Department of School Buildings of the City of Boston invites sealed proposals for furnishing plumbing and heating supplies, for the Department of School Buildings, for W. P. A. use, when, if and as ordered during 1940, of the kind and quality as per specifications and giving bond of a surety company, satisfactory to the Superintendent of Construction therefor, in the sum of \$1,000. Only proposals obtained at the office of the Superintendent of Construction, 26 Norman street, Boston, Mass., signed by the bidder and left before 2 o'clock p. m. of Friday, January 26, 1940, at said office, with a certified check for \$200, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The proposal shall be made in duplicate, the one with the check to be submitted as indicated above, the other to be deposited with the City Auditor, City Hall, previous to the time named for opening proposals. The Superintendent of Construction reserves the right to reject any or all proposals.

JAMES J. MAHAR,
(Jan. 20.) *Superintendent of Construction.*

POLICE DEPARTMENT ORDERS.

General Order No. 428.

Sergt. Francis V. Donovan and Patrolmen John J. Sullivan and John J. McDermott, all attached to Division 4, are commended for efficient police duty performed on December 8, 1939, in connection with the apprehension of a man who had committed an armed assault and robbery of a storekeeper in the South End on December 7, 1939.

The commissioner is pleased to recognize and commend these officers for their keen observation and initiative shown in performing this splendid police duty.

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

General Order No. 429.

A trial board consisting of Captains McKinnon, Tiernan and Fitzpatrick, having heard by reference a complaint made by John J. Mullen, captain, Division 1, against Martin J. O'Donnell, patrolman, Division 1, for alleged violation of the Rules and Regulations of the Police Department, charging him with neglect of duty and conduct unbecoming an officer, has reported to the commissioner a finding of guilty as charged.

The commissioner accepts the finding and the recommendation of the Trial Board and hereby orders that the said Patrolman Martin J. O'Donnell be suspended from duty for a period of ten days, effective as of December 29, 1939, at 5.45 o'clock p. m., and that at the expiration of the said period of suspension, the said Patrolman Martin J. O'Donnell perform 105 hours of punishment duty.

Section 46C of the Civil Service Law provides as follows:

"SECTION 46C. (St. 1933, c. 320, as amended by St. 1934, c. 84, St. 1936, c. 66, St. 1938, c. 297, and St. 1939, c. 238.)—An officer or employee of the commonwealth or of a city or town who has become separated from the classified civil service through fault or delinquency of his own shall, within thirty days after the filing of a written request by the appointing officer, be entitled to a hearing before the director. Upon good cause shown the director may, subject to section forty-six G, authorize his reinstatement in the same position or in a position in the same class and grade as that formerly held by him."

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

General Order No. 430.

The following letter is published for the information and guidance of members of the force:

"THE COMMONWEALTH OF
MASSACHUSETTS.
DEPARTMENT OF CIVIL SERVICE AND
REGISTRATION,
DIVISION OF CIVIL SERVICE,
STATE HOUSE, BOSTON,
January 3, 1940.

MR. JOSEPH F. TIMILTY,
Police Commissioner.

DEAR SIR,—Pursuant to our conference of January 2, 1940, the basis for conducting the examination for promotion to sergeant, Boston Police Department, will be as follows:

1. Subjects and Weights: Practical questions, 4; seniority, 1; total, 5.
2. Applicants must obtain a mark of at least 70 in each subject.

3. Applicant must have served as a regular patrolman at least five years to become eligible for the examination.

4. All applicants who pass the written questions and who meet the minimum requirements shall receive a seniority mark of 70 per cent, to which will be added additional points as follows: 6 to 10 years as a patrolman, inclusive, 3 points per year. 11 to 15 years, inclusive, 2 points per year. 16 to 20 years, inclusive, 1 point per year. No credit for seniority to be given beyond the twentieth year.

As a result of this examination the eligible list will be established and selections made from this list in accordance with the usual civil service procedure. Even though a choice of questions will be given to the applicants, no special qualifications will be recognized in making appointments.

Very truly yours,

ULYSSES J. LUPIN,
Director of Civil Service."

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

General Order No. 431.

A trial board consisting of Captains Mullen, McKinnon and Tiernan, having heard by reference a complaint made by John A. Dorsey, captain, Division 15, against George L. Huntton, patrolman, Division 15, charging him with conduct unbecoming an officer, neglect of duty and absence without leave, has reported to the commissioner a finding of guilty as charged. In accordance with which the said Patrolman George L. Huntton was on January 5, 1940, dismissed from the Police Department.

Due written notice of such dismissal with the reasons therefor was duly and specifically given in hand on January 8, 1940, to the said George L. Huntton.

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

General Order No. 432.

The Trial Board consisting of Captains Mullen, Tiernan, and John F. McCarthy, having heard by reference a complaint against Patrolman Edwin N. Saunders of Division 10, charging him with conduct unbecoming an officer, has reported to the commissioner a finding of guilty on Specification 2 of said charge and not guilty of Specification 1 of said charge. In accordance with which it is hereby ordered that the said Patrolman Edwin N. Saunders perform 105 hours of punishment duty.

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

General Order No. 433.

Sergts. Michael M. Heffernan, Arthur McK. Eunson and Patrolmen Edward J. McDonald, Lawrence J. McLaughlin and John C. McCarthy, all attached to Division 4, are commended for meritorious police duty performed in solving a murder which was committed in the South End on January 2, 1940.

The commissioner is pleased to recognize and commend these officers who, with but a meager description to work on, showed

POLICE DEPARTMENT ORDERS.

(Continued from page 69.)

splendid judgment, initiative and devotion to duty in accomplishing this important arrest.

In addition, it is hereby ordered that each officer be given three days' extra vacation.

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

General Order No. 434.

The official records show that but six children of school age have been killed by motor vehicles in this city during the past year, which is a decrease of 33½ per cent in the number of automobile fatalities to such children as compared with 1938.

This is an outstanding accomplishment, especially in view of the increased number of motor vehicles on the highways during the past year, and reflects very favorably upon the efficiency of members of the Force in the exercise of care and direction of school children in their daily routine.

Radio Station WORL has been of great assistance to the department for the past two years in making the facilities of its station available for daily morning broadcasts on Highway Safety by officers assigned to the M-1 Police Safety Education Car and through whose efforts twenty thousand school children have been enrolled in the M-1 Safety Squad.

I am pleased to commend Patrolmen Walter P. Owens and William F. Conley, Traffic Division, as well as those officers assigned to the various school crossings, for the efficient manner in which they carried out their assignments in safeguarding the lives of children on our highways.

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

General Order No. 435.

The police officers hereinafter named, having performed faithful service in the Police Department for the years stated, and the Medical Board, provided for by section 18 of chapter 521, Acts of 1922, having certified that they are incapacitated for useful service on the Police Force of the City of Boston, it is hereby

Ordered, His Honor the Mayor having approved the same, that they be retired from active service in the Police Department under the provisions of chapter 353, Acts of 1892, as amended by chapter 6, Acts of 1920, and chapter 387, Acts of 1930, and that their names be placed upon the department pension roll with pay at the annual rates stated (to be paid monthly), said sums being one half of the amount of compensation respectively received by them in the office from which they are retired, to take effect as of Saturday, January 13, 1940, at 7.45 o'clock a. m.:

Benjamin F. Poole, sergeant, Division 18, 20½/12 years, \$1,250.

Waldon D. Osier, patrolman, Division 3, 20½/12 years, \$1,050.

Selden P. Knight, patrolman, Division 9, 20½/12 years, \$1,050.

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

STATE VALUATIONS IN 1937.

Total assessed value of real estate on January 1, 1937, in the thirty-nine cities and 316 towns of Massachusetts, \$5,742,161,541 (\$18,194,654 less than on January 1, 1936), of which 65.62 per cent applied to buildings and 34.38 per cent to land; of personalty, \$525,039,493; aggregate valuation, \$6,267,201,034 (2.74 per cent decrease from 1936), on which the total tax was \$222,184,422. To raise this amount of taxes on the property assessed at a uniform rate throughout the State would have required a tax rate of \$35.45+ on \$1,000 valuation. Boston's valuation, \$1,590,544,700, equal to 25.38 per cent of total valuation in the State.

RECEIPTS OF MILK IN BOSTON BY RAIL. STATISTICS FOR YEAR 1937.

Total, 201,115,222 quarts (including 21,533,437 quarts of cream) or 190,884,037 by the Boston & Maine Railroad; 9,304,589 by New York, New Haven & Hartford Railroad; 926,596 by Boston & Albany Railroad.

The said total exceeds that of 1936 by 2,233,863, but is 35,786,309 below the receipts in 1931 which was the highest on record.

The receipts in 1937 of the Boston & Albany Railroad are the lowest on record for that railroad.

The maximum receipts of milk and also of cream in 1937 were in August; the minimum in February.

CIVIL SERVICE EXAMINATIONS. (STATE.)

STATE EXAMINERS OF ELECTRICIANS, 1940.

Examinations will be held at the following points and on the following dates:

Boston, Wednesday, February 7.
 Worcester, Thursday, February 8.
 Boston, Wednesday, March 6.
 Fall River, Thursday, March 7.
 Fall River, Friday, March 8.
 Boston, Wednesday, April 3.
 Springfield, Thursday, April 4.
 Boston, Wednesday, May 1.
 Worcester, Thursday, May 2.
 Boston, Wednesday, June 5.
 Boston, Wednesday, September 11.
 Worcester, Thursday, September 12.
 Springfield, Wednesday, October 16.
 Pittsfield, Thursday, October 17.
 Boston, Wednesday, November 13.
 Lowell, Thursday, November 14.
 Boston, Wednesday, December 4.
 New Bedford, Thursday, December 5.
 New Bedford, Friday, December 6.

Rules for Examinations.

All examinations shall be given in English.

Applicants for Class B or journeyman's certificate must be at least eighteen years of age and have had at least two years' practical experience or the equivalent in the installation of wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Applicants for Class A or master's certificate must be at least twenty-one years of age and have had at least two years' experience in the business of installing wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes. Examination shall consist of applicant's knowledge of the National Electrical Code and practical electrical work.

All persons desiring to be examined, either for a master or journeyman certificate, shall have application on file at least ten days previous to the date of such examination.

Applicants for examination will be required to obtain at least 70 per cent in order to obtain a certificate.

Applicants who fail to obtain the required 70 per cent will not be entitled to re-examination until a period of three months has elapsed, and those who receive less than 50 per cent or who fail on the practical demonstration, will not be re-examined for a period of six months.

Any person found referring to notes or books, or misbehaving during an examination, will be debarred from that examination.

Notice will be sent to applicants for certificates when and where examination will be held and only those so notified will be examined on that day.

SATURDAY, JANUARY 27, 1940.

No. 4

GIVES WARNING AGAINST EFFORTS OF REAL ESTATE OWNERS TO SECURE TAX ABATEMENT FAVORS—DANIEL M. DRISCOLL, CUSTODIAN OF FORECLOSED REAL ESTATE, DISCUSSES PROBLEMS OF CITY IN MATTERS OF TAX TITLE PROPERTY, IN LUNCHEON ADDRESS BEFORE MEMBERS OF THE BUILDING OWNERS AND MANAGERS ASSOCIATION OF THE BOSTON REAL ESTATE EXCHANGE—EXPLAINS PROCESSES BY WHICH CITY BECAME INVOLVED IN BUSINESS TO PRESENT EXTENT AND EFFORTS BEING MADE TOWARD LIQUIDATION OF SUCH PROPERTY.

Mr. Chairman, Members of the Building Owners and Managers Association of the Boston Real Estate Exchange.

I would like to express my appreciation for this opportunity to acquaint you gentlemen who are so intimately connected to real estate, with the latest acquisition to the real estate profession, namely, the City of Boston. Certainly, you gentlemen, if familiar with the city's problem, can lend great assistance to the city in the liquidation of this property.

During the last ten years there have been many acquisitions to the real estate profession. You have seen the banks and insurance companies participate in every phase of real estate, heretofore never contemplated. Our Federal Government is now in the real estate business as financier, builder and landlord. The closing of many banks throughout the state finds our state government conducting a flourishing real estate business. Since you have granted your indulgence and cooperation to these other intruders, I know you will once again demonstrate similar cooperation with the cities and towns throughout the state in the solution of their real estate problems. Often all the cities and towns have been more closely associated with real estate than any of these other agencies since the beginning of taxation, and certainly there are no two words more synonymous in the English language than "real estate" and "taxation."

City and Real Estate.

Among the average run of people, and even among some of those who are closely connected with real estate, there is a distorted picture as to the extent that the city is in the real estate business. By this I mean many think that the city is foreclosing real estate right and left in a wholesale manner. The reason for this impression is the misleading term "Tax Sale." Only a few months ago I read in the real estate section of one of our Sunday papers that the City of Boston had foreclosed 5,000 parcels each year for the last five years. This would mean that I have under my jurisdiction 25,000 parcels of real estate, when in reality we have 2,264 parcels, which is serious without enlarging upon.

A few weeks ago I heard a prominent real estate man in Massachusetts say that the cities and towns have taken over one billion and some odd-thousand dollars worth of real estate. This would mean, figuring Boston's proportionate share of real estate, that my division would have custody of over approximately \$200,000,000. Now this is not so; we have property valued at an assessment of \$4,135,000. It is true that there have been approximately 25,000 parcels involved in tax sales in the last five years, but the city does not take these properties over; they merely place a lien upon the property so that they will have the right to foreclose two years hence if the taxes continue to be delinquent. I mention these misstatements because such false propaganda will have a demoralizing influence on prospective purchasers and investors in real estate.

Changes in Law.

Previous to 1915 the laws governing foreclosures were rather harsh. Holders of tax titles could foreclose on the right of redemption upon the mere lapse of time, *i. e.*, without notifying former owners or interested parties. Consequently, properties were obtained for much less than their market values, because in those days taxes and assessments were very low. In 1915 new legislation was passed governing foreclosures, requiring them to be consummated in the Land Court. This law, though in effect since 1915, was never exercised until 1935. It requires the Land Court to notify all former owners and interested parties to allow them to plead their case and redeem their property.

Cities should have taken advantage of this law since its inception, because depression is not the only cause for properties becoming delinquent on our tax rolls. For example, heirs to properties are located in other parts of the country and sometimes owners leave the city never to return again. In such cases, properties become abandoned and ownerless, constantly depreciating itself and tending to devalue surrounding properties. Then again some of our industrial property, including waterfront real estate, where fortunes were made by the ancestors of the present owners who, because of the social environment and education, do not appreciate its real value and fail to use it to its best advantage. Such property, in my opinion, should have been foreclosed since 1915. Such foreclosures would have allowed the cities to resell these properties to those interested in its further development, to provide industry and employment.

(Continued on page 75.)

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"
From Boston Centennial Poem by
NATHAN HASKEL DOLE.

CITY RECORD.

Published weekly in Boston by the Board of Trustees of the Statistics Department of the City of Boston, under the direction of the Mayor, in accordance with legislative act and city ordinance.

Editor, Room 40, City Hall.
JOSHUA H. JONES, JR., Associate Editor.
EDWARD F. O'DOWD, Business Agent, 73 City Hall, Boston.

Entered as second class matter at Boston Post Office.

Single Copies 10 cents

IN ADVANCE.

STREET AGENCIES.

Old South News Stand, Old South entrance to subway. Also News Stand first floor, City Hall Annex.

Advertising.

A rate of \$2 per inch of 12 lines (set solid) has been established for such advertisements as under the law must be printed in the *City Record*. Advertising and other copy must be in hand by Thursday of each week to insure its publication in the Saturday issue.

Copies for sale at the Statistics Department, 73 City Hall.

MUNICIPAL CALENDAR.

Meeting of the City Council, Monday, January 29, at 2 p. m.
Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

To the BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways, the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in

public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marqueses, bay windows, coal holes and vaults.

To the BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

To the COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

To Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

To the HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables slaughter-houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

To the BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, the Airport, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made

to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

To the SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

To the DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

To the BOARD OF EXAMINERS, Room 907, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

To the STATISTICS DEPARTMENT, 73 City Hall, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

To the WIRE DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 103, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

To the BOARD OF ZONING ADJUSTMENT, 43 City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

For the week ending January 20, 1940.
Population as of July, 1939, Massachusetts State Census, 817,713; population estimated, July, 1940, United States Census Bureau, 815,128; number of deaths (stillbirths excluded): Residents, 194; nonresidents, 45; total, 239.
Death rate per 1,000 of population: All deaths, 15.25; nonresidents deducted, 12.37.

Death rate per 1,000 of population:

Last week, 17.16; corresponding week last year, 13.58.

Deaths by age periods, sex, etc.: Under one year, 12; one year to four years, inclusive, 3; sixty years and over, 136. Total deaths: Male, 120; female, 119; deaths in hospitals and institutions, 143; deaths of colored, 9.

REPORTABLE DISEASES: CASES AND DEATHS.*

PRAISES BOSTON AS HOST CITY TO THE NATIONAL CONVENTION OF THE AMERICAN LEGION THIS YEAR—SOLDIERS' RELIEF COMMISSIONER HERMAN L. BUSH, SUBSTITUTING FOR MAYOR TOBIN (UNABLE TO BE PRESENT IN PERSON), EXTENDS GREETINGS OF CITIZENS TO NATIONAL COMMANDER RAYMOND F. KELLY, DURING TESTIMONIAL DINNER TENDERED BY STATE DEPARTMENT OF LEGION, AT THE HOTEL STATLER—TELLS OF MAYOR'S INTEREST IN LEGION AND COMING CONVENTION.

The following are the remarks of Herman L. Bush, Soldiers' Relief Commissioner, representing Mayor Tobin, at the Testimonial Dinner tendered to National Commander Raymond F. Kelly, by the State Department of Massachusetts, American Legion, on Saturday evening, January 20, at the Hotel Statler:

Comrade Commander, Comrade National Commander Kelly, Distinguished Guests, Comrades and Sisters of the American Legion and Auxiliary, Ladies and Gentlemen.

By virtue of the gracious invitation extended to me by the Department Commander I attended this dinner as an humble guest and find myself pitchforked into the spotlight of prominence at this head table, in the place which can only be properly reflected by our keen, clean, alert, young Mayor. His Honor the Mayor apparently had every intention of appearing here in person, and it must have been some grave and unforeseen circumstance indeed that prevented his attendance.

I humbly submit that this great gathering deserves a handsomer substitute. However, it is a great privilege and an outstanding honor to be permitted to present the greetings of the Honorable Maurice J. Tobin, Mayor of Boston, and, in his name and behalf, the greetings of Boston's eight hundred thousand citizens to this great gathering, and particularly to our distinguished and honored guest of the evening.

I am deeply aware of the great esteem and admiration in which he is held by our Mayor, who, although ten years too young to be a World War veteran, has a sincere enthusiasm for the aims and ideals of the Legion. He has made an unsurpassed record in the administration of the affairs of our city, and although forced by stringent necessity into an administration of economy, has deprived not one jot or tittle from any veteran and, if anything, has been more generous to the veterans of this city than any of his predecessors.

In my conversation at the table here with our National Commander, who, by the way, is a brother member of the bar, I found that he was not only our illustrious leader but had also left his distinguished mark in civilian life, having served as Corporation Counsel of his native city under four different mayors.

A decade ago the American Legion held its convention in Boston, and I have been informed by veterans from various parts of the country that it was the finest and most enjoyable convention that the Legion had held up to that time, and the memory of that convention has lingered on through the years. The coming convention should surpass the previous one, and with the cooperation of our Mayor it should be the finest and greatest convention ever held, and will be cherished in the memory of those who attend it for the rest of their lives.

For in my opinion, and I have been in many large cities in the country, Boston is the finest convention city in the entire United States. Not only is it steeped in historic tradition as the Cradle of Liberty and its many points of historic interest both within its environs and immediately beyond them, but within a short ride on its beautiful harbor to historic Provincetown and Plymouth and within a few hours of the scenic Swiss Alps in the Berkshires.

Its climate also could hardly be considered monotonous, varying as it does from hour to hour. And if the weather should be too hot during the convention, the cooling sea breezes will afford relief. A dozen beaches on the north and south shores will enable the boys to cool off.

In fact, Boston has unexampled facilities for such a convention. And by virtue of the fact that our distinguished guest of the evening must travel over the length and breadth of the country, I should like to deputize him on behalf of our Mayor as salesman-extraordinary of the benefits, advantages and facilities to be enjoyed by the 1940 Convention visitors.

\$10,175,000 HOUSING AUTHORITY TEMPORARY LOANS AWARDED.

Bradbury F. Cushing, Treasurer of the Boston Housing Authority, announced on Friday that as a result of the public opening of bids today for six months' temporary loan notes of the Authority, in the principal sum of \$10,175,000, the Authority made an award to a group of banks headed by the Chemical Bank and Trust Company who bid the interest

rate of forty-five hundredths of one per cent (0.45%) per year with a premium to the Authority of \$242.06.

The proceeds of the loan will be used partly to repay the United States Housing Authority for advances made by the United States Housing Authority and the balance will be used in connection with the development of the first four projects of the Authority in Charlestown, South Boston, Lenox Street, Ward 9, and Mission Hill, Roxbury.

BOSTON'S REAL ESTATE PROBLEM.

(Continued from page 73.)

Then many property owners were educated to allow their taxes to accumulate for four and five years and then come in and make a wholesale settlement. Such a practice also explains the large number of parcels in the "Tax Sale" each year. These people, under this administration, are going to have a sad awakening, because no time is being wasted on the so-called "abatement sharks." On the other hand, every consideration is given to the worthy and needy property owners. Then again there are properties whose possibilities for development are slim because of their physical makeup (marshes, ledges, etc.) that people will not continue to pay taxes on. For the sake of balancing the books this type of property, if delinquent, should have been foreclosed right along since 1915.

So, if we consider such circumstances surrounding foreclosures, we cannot blame the depression entirely for the recent influx of properties to the Real Estate Division of the City of Boston.

From 1935 to 1938 the sale of foreclosed real estate was under the jurisdiction of the Superintendent of Public Buildings. All sales were subject to the approval of the City Council and the Mayor. In May of 1938, in the Laws of Massachusetts, chapter 358, the procedure was somewhat changed, whereby the care, custody and sale of these properties were placed under the charge of a Custodian of Foreclosed Real Estate, the position which I now hold. In accordance with this chapter, all sales must be made by public auction.

From 1937 to 1938, under the old procedure, 46 parcels were sold for \$35,260. In 1939, under the new procedure, 135 parcels were sold for \$126,484.

We have taken over since 1935 2,399 parcels. After sales are deducted, we now have 2,218 parcels in the department. Let us analyze these parcels: 2,057 consist of vacant land; 342 are so-called improved properties. Forty-eight per cent of all the land is located in West Roxbury, Hyde Park, Roslindale and Brighton, the majority of which will not be developed for years to come and much of which will never be developed. About 92 per cent of the improved properties are located in the poorer districts, such as, East Boston, South Boston, Charlestown, Roxbury, and North and South Ends of Boston.

If I took you on an inspection of these improved properties, I am sure you would agree with me that most of them have led a very full life. It would be almost too much to expect them to continue to provide shelter in the same degree that they have for the past one hundred years. At the present time we have 156 tenants plus 20 Welfare tenants with an average rental of about \$25 a month. In 1939 we demolished 51 buildings which were in our opinion beyond repair.

Upon inspection of the properties, if we can see some use by another department, bearing in mind the exorbitant prices the city has paid for real estate in the past, we immediately transfer such parcels to the department to which it is adapted. Last year we transferred parcels to the Fire Department, the Public Works Department, the Welfare Department and housed many W. P. A. projects for which the city would ordinarily pay rent.

This briefly sums up the scope and the procedure of this new Real Estate Divi-

sion. If any of you gentlemen feel you are interested, I would be glad to answer any questions about particular properties.

In closing, I would like to say that the fact that these properties are coming into the custody of the cities and towns throughout the state is going to bring the real estate situation much nearer to those who control the reins to taxation, and because of this I feel that in the very near future new sources of tax revenue will be provided to relieve the tax burden now being carried by real estate.

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of the city employees have been made during the week ending Thursday, January 25:

OVERSEERS OF THE PUBLIC WELFARE.

Approval has been given for the continued provisional temporary employment of the following aid and settlement agents from January 11, up to and including January 27, at \$1,000 a year:

Harold Druan, William Greene, Katherine Healy, Ruth Kramer, Jeremiah Melia, Mary Murphy, James Rowe, Marie Russell, Ann Smith, Ruth Trieber, Irwin Kopecky.

The Mayor has approved the following appointments:

HOSPITAL DEPARTMENT (Sanatorium Division).

Alice M. Marotta, permanent laboratory technician, \$1,000 a year.

Michael Murtagh, permanent patient male nurse, \$480 a year.

The Mayor has approved the following promotions or adjustments in compensation:

HEALTH DEPARTMENT.

Charles F. O'Connor, food inspector, from \$2,100 to \$2,200 a year.

Frederick A. Fitzgerald, inspector of housing and sanitation, from \$2,200 to \$2,300 a year.

James F. Winston, inspector of housing and sanitation, from \$2,100 to \$2,200 a year.

John J. Harrington, inspector of housing and sanitation, from \$2,200 to \$2,300 a year.

Francis Bergen, food inspector, from \$2,100 to \$2,200 a year.

George A. Quirk, inspector of housing and sanitation, from \$2,200 to \$2,300 a year.

Andrew B. Twomey, inspector of animals, from \$2,200 to \$2,300 a year.

Patrick E. Carr, food inspector, from \$2,200 to \$2,300 a year.

Thomas A. Harwood, inspector of animals, from \$2,200 to \$2,300 a year.

Adam Krauss, inspector of housing and sanitation, from \$2,200 to \$2,300 a year.

Ralph R. Martin, inspector of housing and sanitation, from \$2,200 to \$2,300 a year.

Joseph F. Jefferson, inspector of housing and sanitation, from \$2,200 to \$2,300 a year.

Joseph W. Morrill, food inspector, from \$2,200 to \$2,300 a year.

Edward C. Murphy, food inspector, from \$2,100 to \$2,200 a year.

John H. Morrissey, inspector of animals, from \$2,200 to \$2,300 a year.

Thomas H. J. Waldron, food inspector, from \$2,200 to \$2,300 a year.

Joseph D. Driscoll, inspector of housing and sanitation, from \$2,200 to \$2,300 a year.

John J. Sullivan, inspector of animals, from \$2,100 to \$2,200 a year.

HOSPITAL DEPARTMENT.

Ruth McGirr, from ward maid, Sanatorium Division, to ward maid, Main Hospital, from \$10.50 a week with full maintenance to \$15 a week with meals.

OVERSEERS OF THE PUBLIC WELFARE.

James S. Kiernan, real estate consultant, from \$1,600 to \$1,700 a year.

PARK DEPARTMENT.

William Hanrahan, gardening-laborer, from \$5 to \$5.50 a day.

Maurice J. Dineen, foreman, from \$2,300 to \$2,400 a year.

PUBLIC WORKS DEPARTMENT (Highway Division).

Ruthford J. Kelley, engineer, assistant, Grade IV, from \$2,800 to \$2,900 a year.

Bertram A. Williams, engineer, assistant, Grade IV, from \$2,800 to \$2,900 a year.

Richard C. Dwyer, engineer, assistant, Grade IV, from \$2,300 to \$2,400 a year.

Bernard J. Dunn, engineer, assistant, Grade IV, from \$2,300 to \$2,400 a year.

Arthur L. Gavin, engineer, junior, Grade III, from \$2,200 to \$2,300 a year.

Cornelius F. Collins, engineer, junior, Grade III, from \$2,200 to \$2,300 a year.

PUBLIC WORKS DEPARTMENT (Sewer Division).

John W. Ryan, inspector, from \$2,100 to \$2,200 a year.

Joseph W. Girtoir, foreman, from \$2,400 to \$2,500 a year.

Thomas McMorrow, foreman, from \$2,400 to \$2,500 a year.

Hilliard C. Donovan, junior engineer, Grade 3, from \$2,200 to \$2,300 a year.

James A. Ackland, engineer, Grade 3, from \$2,600 to \$2,700 a year.

John E. Brosnahan, engineer, Grade 3, from \$2,600 to \$2,700 a year.

George F. Haskell, engineer, Grade 4, from \$2,800 to \$2,900 a year.

Edmund L. Godvin, engineer, Grade 4, from \$2,900 to \$3,000 a year.

Richard A. Scannell, junior engineer, Grade 3, from \$2,200 to \$2,300 a year.

William J. O'Brien, junior engineer, Grade 3, from \$2,200 to \$2,300 a year.

PUBLIC WORKS DEPARTMENT (Tunnel Service).

Malcolm P. McClellan, electrical engineer inspector, from \$2,300 to \$2,400 a year.

Albert L. O'Brien, electrical engineer inspector, from \$2,300 to \$2,400 a year.

PUBLIC WORKS DEPARTMENT (Water Division).

Lawrence W. Carr, chief clerk, from \$2,300 to \$2,400 a year.

STREET LAYING-OUT DEPARTMENT.

John F. Sullivan, designing draughtsman, Grade III, from \$2,300 to \$2,400 a year.

George L. Philpott, senior engineer, from \$3,000 to \$3,100 a year.

Thomas F. McGovern, senior engineer, from \$3,200 to \$3,300 a year.

William G. Joy, senior engineer, from \$3,200 to \$3,300 a year.

Michael J. Driscoll, senior engineer, Grade IV, from \$2,700 to \$2,800 a year.

George L. Grainger, junior engineer, from \$2,100 to \$2,200 a year.

James W. Haley, junior engineer, from \$2,200 to \$2,300 a year.

Walter R. Luby, junior engineer, from \$2,600 to \$2,700 a year.

James J. Kelly, chief draughtsman, Grade IV, from \$2,900 to \$3,000 a year.

WEIGHTS AND MEASURES DEPARTMENT.

Thomas J. Duffley, deputy sealer, from \$2,100 to \$2,200 a year.

STEP-RATE INCREASES.

Probation Office (Municipal Court).

Approval has been given for step-rate increases as of December 27, 1939, for the following employees:

Eleanor F. Collins, principal clerk, from \$2,200 to \$2,300 a year.

J. Cecelia Godvin, secretary, from \$2,200 to \$2,300 a year.

Veronica L. McCormack, senior clerk, from \$2,100 to \$2,200 a year.

Florence G. Rice, secretary, from \$2,100 to \$2,200 a year.

C. Edouard Sandoz, medical director, from \$4,400 to \$4,500 a year.

OVERTIME ALLOWED.

The heads of the various departments whose employees have received payment for overtime state in connection therewith that if any laborer has been allowed to work more than eight hours per day it has been only in case of emergency under the law.

Assessing Department.

Approval has been given for the payment of extra compensation (provided for in the 1939 budget) to the following regular employees of the department for work performed outside of regular office hours in describing for tax sale the 1938 unpaid real estate taxes. This represents work done in 1939 only and is less than one half of the total number of descriptions:

M. A. Ahern, \$27.10; J. V. Andreoli, \$27.55; C. J. Browne, \$23.40; J. B. Buckley, \$30.25; J. H. Campbell, \$31; J. M. Devine, \$32.50; D. S. Donahue, \$28.70; J. R. Farrell, \$29.40; H. C. Fenlon, \$23.85; H. J. Gartland, \$30; J. V. Haggerty, \$32.50; H. P. Ireland, \$31; M. J. Kelley, \$28.40; S. Kostick, \$30.75; A. J. Leary, \$27.85; O. L. Lomasney, \$27.85; W. J. Lynch, \$30.10; M. A. Malley, \$23.85; P. W. A. Maxwell, \$50; J. M. McDowell, \$34.05; C. J. Mehegan, \$33.75; J. L. Murphy, \$29.40; C. S. O'Connell, \$30.10; J. C. Parsons, \$32.40; L. D. Riley, \$27.10; A. H. Fogarty, \$28.40; W. H. O'Brien, Jr., \$23.25; M. E. McCarron, \$25; C. W. Conley, \$30.75; J. A. DeMarco, \$28.70; J. B. Doherty, \$33.75; T. J. Callahan, \$34.05; M. J. Walsh, \$30.25. Total, \$1,067.

Park Department.

For Wednesday, January 3, and Friday, January 5:

James Carroll, laborer, $\frac{1}{2}$ day, \$2.50; Patrick Connington, John J. Connolly, laborers, $1\frac{1}{2}$ days, \$7.50 each; Charles Guiney, laborer, $\frac{1}{2}$ day, \$2.50; Barnabus Jennings, gardener-laborer, $1\frac{1}{2}$ days, \$8.25; Michael Lynch, chauffeur, $\frac{1}{2}$ day, \$2.75; Martin Mannion, laborer, $\frac{1}{2}$ day, \$2.50; James Murphy, gardener, $\frac{1}{2}$ day, \$2.75.

Public Works Department (Bridge Service).

For the week ending Tuesday, January 2:

E. Hayes, J. J. Gately, T. V. Sullivan, P. McGuire, J. Murphy, J. J. Shea, mechanics, 1½ days, \$11.25 each; J. P. Considine, chauffeur, 1½ days, \$7.56; P. Tully, chauffeur, 1½ days, \$10.31; J. Hennessey, laborer, 1 day, \$5; J. Murray, laborer, 1½ days, \$9.38. Total, \$99.75.

Public Works Department (Ferry Service).

For the week ending Tuesday, January 2:

Francis J. Norton, laborer, 2 days, \$10.

Public Works Department (Sanitary-C Service).

For Saturday, December 30, and Sunday, December 31, 1939:

James Hennessey, Daniel McCarthy, Patrick F. Scanlon, laborers, 1½ days, \$9.38 each; Richard S. Judge, chauffeur, 1½ days, \$10.31; Joseph Herbst, laborer, 1½ days, \$9.38; George Golden, chauffeur, 1½ days, \$10.31; Raymond Malloy, Patrick Costello, laborers, 1½ days, \$9.38 each; Frank Diaz, chauffeur, 1½ days, \$10.31; Edward C. Merchant, laborer, 1½ days, \$9.38; Samuel Rotondo, Edward J. Murphy, chauffeurs, 1½ days, \$10.31 each; James J. Shea, James W. Sheehan, Neil M. Murphy, Edward Batson, Charles J. Wood, laborers, 1½ days, \$9.38 each; John F. Doyle, chauffeur, 1½ days, \$10.31; Samuel R. Puleo, laborer, 1½ days, \$9.38; Melvin J. Melanson, chauffeur, 1½ days, \$10.31; Harry J. Kane, laborer, 1½ days, \$8.75; Edward Skane, chauffeur, 1½ days, \$9.63; James H. McGough, laborer, 1½ days, \$8.75; John J. McDonald, chauffeur, 1½ days, \$9.63; William A. White, chauffeur, 2½ days, \$15.13; August P. Charbonnier, Julius P. Charbonnier, Henry F. Collett, Joseph L. Gould, James F. Sweeney, Daniel Kelley, Dennis J. Dempsey, laborers, 1½ days, \$8.75 each; David C. Kelleher, George E. Mason, laborers, 1½ days, \$9.38 each; George Fletcher, laborer, 7½ day, \$4.38; Warren Eastman, laborer, 1½ days, \$9.38; William J. Kelly, Walter Bliven, chauffeurs, 1½ days, \$10.31 each; Walter J. Rose, chauffeur, 1 day, \$5.50; Edward J. Sweeney, chauffeur, 1½ days, \$10.31; John P. Barnes, laborer, 1 day, \$5; John Clancy, James W. Collins, laborers, 1½ days, \$9.38 each; Paul F. Daley, laborer, 7½ day, \$4.38; Michael F. Doherty, laborer, 1 day, \$5; Daniel J. Murphy, laborer, 1½ days, \$9.38; William D. Watson, chauffeur, 1½ days, \$10.31; Thomas F. Smith, William T. Gillen, laborers, 1½ days, \$9.38 each; Joseph H. Monahan, laborer, 1 day, \$5; Edward McLaughlin, chauffeur, 1½ days, \$9.63; William F. Hinchey, John J. Monohan, Patrick Walsh, laborers, 1½ days, \$8.75 each; Thomas Langdon, chauffeur, 1½ days, \$9.63; Hugh Barry, chauffeur, 2½ days, \$13.06; Frank M. Kelley, Edward F. Noonan, laborer, 2½ days, \$11.88 each; Peter McGinley, laborer, 1 day, \$5; John Marley, Charles Donners, Louis Kilduff, George Brookfield, Daniel J. Dolan, chauffeurs, 1½ days, \$9.63 each; John J. Hillen, laborer, 2½ days, \$11.88; Edward A. Keefe, laborer, 1 day, \$5; George M. Turner, chauffeur, 1½ days, \$10.31; John R. Martin, chauffeur, 2 days, \$11; Angelo Foppiano, chauffeur, 1½ days, \$10.31; Francis Archilles, John J. Carey, Charles Daley, laborers, 1½ days, \$9.38 each; James M. Igoe, laborer, 7½ day, \$4.38; Charles F. McCarthy, laborer, 1 day,

\$5; Francis McLaughlin, laborer, 1½ days, \$9.38; Frank H. Williams, chauffeur, 1½ days, \$10.31; Joseph Mudge, Andrew Morrissey, Patrick J. Ryan, Patrick J. Sullivan, Joseph Engano, laborers, 1½ days, \$9.38 each; Joseph P. Bragg, William McDuff, laborers, 1 day, \$5 each; George Freeman, chauffeur, 1½ days, \$10.31; John J. Kenzie, laborer, \$1½ days, \$9.38; Walter G. Glenon, John J. Carter, Gordon H. Morrill, Walter Donovan, Frederick Harnden, chauffeurs, 1½ days, \$10.31 each; Roger Dennehy, Thomas F. Hession, Michael J. Kennedy, John J. Maguire, John F. O'Toole, Cornelius Sullivan, John Sullivan, laborers, 1½ days, \$9.38 each; Patrick Costello, chauffeur, 1 day, \$5.50; Joseph R. Lucacio, laborer, 1 day, \$5; Gregorio Campo, chauffeur, 1 day, \$5.50; Nicholas Cesso, Giuseppe DeFillippo, James J. Glancy, Humphrey J. McCarron, Daniel P. Minihan, Giuseppe Salemi, Charles Connors, James Kearney, Peter Potenza, laborers, 1 day, \$5 each; James E. Coyle, chauffeur, 1 day, \$5.50; Louis Pace, laborer, 1 day, \$5; Michael Leahy, Charles A. Calderara, chauffeurs, 1½ days, \$9.63 each; John A. Carr, John J. Daley, William P. Donnelly, Timothy J. Donovan, Coleman F. Flaherty, Thomas Glynn, Archilleas Gouleas, laborers, 1½ days, \$8.75 each; James L. Hanley, laborer, 1 day, \$5; Bernard Maraghy, laborer, 1½ days, \$8.75; James M. O'Rourke, chauffeur, 1½ days, \$9.63; Thomas C. Ryan, laborer, 1½ days, \$8.75; John P. Tuohy, laborer, ¾ day, \$3.75; Patrick G. Kelley, laborer, 1½ days, \$8.75; James B. Gately, chauffeur, 1½ days, \$9.63; James H. Madden, John J. Riley, laborers, 1½ days, \$8.75 each; John W. McLean, Francis Walsh, chauffeurs, 1½ days, \$9.63 each; Maurice Cashman, laborer, 1½ days, \$8.75; Domenico Pattinello, laborer, 1 day, \$5; Hugh Foley, chauffeur, 1½ days, \$10.31; James C. Owens, James A. Doherty, Frank Forte, Robert E. Kelley, laborers, 1½ days, \$8.75 each; Hugh P. Doherty, Mortimer Coakley, chauffeurs, 1½ days, \$9.63 each; Martin J. Giovanelli, chauffeur, ¾ day, \$4.13; John P. Harnett, Joseph P. Kolf, James McCabe, William T. Courtney, chauffeurs, 1½ days, \$9.63 each; Anthony Corrado, chauffeur, 2½ days, \$13.06; John Mack, John G. Pender, Matthew Muliero, chauffeurs, 1½ days, \$10.31 each; John J. Feeley, laborer, 1½ hours, \$9.38; James J. Cox, chauffeur, 1½ days, \$10.31. Total, \$1,315.46.

Public Works Department (Sanitary-S Service).

From Saturday, December 30, 1939, to Monday, January 1, 1940:

John Carroll, Frank Donlon, John Fulford, Michael Kaczka, James Ross, John Ryan, chauffeurs, 1 day, \$5.50 each; William H. Bennett, chauffeur, ¾ day, \$4.12; Robert L. Cass, chauffeur, 1½ days, \$9.62; Thomas F. Conlon, chauffeur, 1 day, \$5.50; Neil P. Coyle, chauffeur, 1 day, \$5; Martin J. Davern, James B. Donoghue, chauffeurs, 1 day, \$5.50 each; John B. Driscoll, chauffeur, ¾ day, \$4.12; Charles Haid, William H. Haugh, Michael Herrity, Joseph Hohn, Thomas L. Kelley, William J. Lyons, chauffeurs, 1 day, \$5.50 each; Patrick R. Manning, Andrew J. Murphy, chauffeurs, ¾ day, \$4.12 each; Michael F. McGinley, Parker McKinnon, chauffeurs, 1 day, \$5.50 each; John J. Kelley, laborer, ¾ day, \$3.75; Patrick J. Ryan, chauffeur, 3½ days, \$18.56; Redmond Watson, chauff-

feur, ¾ day, \$4.12; Joseph P. Donnelly, John F. Gallagher, chauffeurs, 1 day, \$5.50 each; Joseph A. Murphy, chauffeur, ¾ day, \$4.12; John F. Brewster, laborer, ¾ day, \$3.75; Alfred J. Buckley, laborer, 2½ days, \$11.87; William H. Cadigan, Edward T. Cass, laborers, ¾ day, \$3.75 each; John W. Costello, laborer, 2½ days, \$11.87; James J. Coughlin, Timothy J. Cronin, laborers, 1 day, \$5 each; Eugene J. Dailey, Jr., laborer, ¾ day, \$3.75; Bernard J. Doherty, laborer, 1½ days, \$8.75; John F. Donoghue, laborer, 1 day, \$5; Henry Fallon, laborer, ¾ day, \$3.75; Arthur D. Fitzpatrick, laborer, 3½ days, \$16.87; David F. Foley, laborer, 1 day, \$5; John F. Gately, laborer, ¾ day, \$3.75; John F. Hendren, laborer, 5½ day, \$3.12; John F. Houlton, laborer, ¾ day, \$3.75; Jeremiah J. Keohane, laborer, 2½ days, \$11.87; William E. Finn, chauffeur-laborer, 24 days, \$9. Total, \$188.63.

CONTRACT AWARDED WITHOUT ADVERTISING.

Upon January 8 the Mayor approved the following request of Leo H. Leary, Justice, South Boston Municipal Court:

MUNICIPAL COURT, SOUTH BOSTON,
December 18, 1939.

HON. MAURICE J. TOBIN,
Mayor of Boston.

MY DEAR MR. MAYOR,—In accordance with chapter 156 of the Acts of 1939, I write to ask if you will grant me the written authority to dispense with advertising in the *City Record* proposals for bids for the transportation of prisoners to and from the South Boston Municipal Court for the year 1940. The proposed charges for transportation are as follows:

One prisoner to or from boat or jail, \$2.00; two prisoners to or from boat or jail, \$3.50; three prisoners to or from boat or jail, \$3.50; four prisoners to or from boat or jail, \$4.00; five prisoners to or from boat or jail, \$4.50. One trip can accommodate five prisoners.

I inclose a signed statement which may be published in the *City Record*, giving in detail the reasons for not inviting bids by advertisement.

Yours respectfully,

LEO H. LEARY, Justice.

MUNICIPAL COURT, SOUTH BOSTON,
December 18, 1939.

HON. MAURICE J. TOBIN,
Mayor of Boston.

MY DEAR MR. MAYOR,—In accordance with chapter 156 of the Acts of 1939, I herewith furnish you with signed statements giving in detail the reasons for not inviting bids by advertisement for the transportation of prisoners to and from the South Boston Municipal Court for the year 1940:

1. The physical condition of some prisoners, both men and women, demand responsibility of operator as well as immediate transportation.

2. This work has been done satisfactorily for several years by present operator, who is available for the year 1940.

3. Prices charged and to be charged are reasonable.

4. Although impossible to estimate exactly, average cost per year is about \$1,300.

Respectfully submitted,

LEO H. LEARY, Justice,

EXTENSION OF CONTRACTS.

PUBLIC WORKS DEPARTMENT.

The Mayor has approved the extension of contracts as follows:

Under the date of August 25, 1939, the City of Boston entered into a contract with C. I. Brink, Incorporated, for the erection and maintenance of two billboard signs, so called, and four directional signs for use in connection with Sumner Tunnel advertising. The four directional signs are to become the property of the City of Boston upon the payment in full by the city of the agreed cost of the signs. The two billboard signs remain the property of the company and the use thereof by the city is authorized upon the basis of the payment by the city of the sum of \$116.67 a month. The contract provides in part as follows:

"Article 4. The Company agrees that the contract shall start the day after the two billboards and four directional signs have been completely erected in place to the satisfaction of the Commissioner who shall notify the Company of his approval in writing and shall end on December 31, 1939, provided, however, that the City of Boston may, at its election, by written notification so to do, signed by the Commissioner, extend the term of the contract to and including any date not later than one year from the date of the start of the contract, said starting date having been determined as aforesaid."

The starting date referred to in the above Article 4 has been determined as December 28, 1939.

The Ward General Contracting Company have been granted an extension of the time of completion of the contract for removing snow and ice in snow area No. 5, from December 31, 1939, to May 1, 1940. This extension is requested in order that the contractor may be available for snow and ice removal during the balance of the winter.

Edward M. Matz, Incorporated, have been granted an extension of the time of completion of the contract for removing snow and ice in snow area No. 6, from December 31, 1939, to May 1, 1940. This extension is requested in order that the contractor may be available for snow and ice removal during the balance of the winter.

The Walter Reed Corporation have been granted an extension of the time of completion of the contract for removing snow and ice in snow area No. 7, from December 31, 1939, to May 1, 1940. This extension is requested in order that the contractor may be available for snow and ice removal during the balance of the winter.

J. J. Callahan has been granted an extension of the time of completion of the contract for removing snow and ice in snow area No. 8, from December 31, 1939, to May 1, 1940. This extension is requested in order that the contractor may be available for snow and ice removal during the balance of the winter.

John Deveney & Co., Incorporated, have been granted an extension of the time of completion of the contract for removing snow and ice in snow area No. 4, from December 31, 1939, to May 1, 1940. This extension is requested in order that the contractor may be available for snow and ice removal during the balance of the winter.

J. J. Callahan has been granted an extension of the time of completion of the contract for removing snow and ice in snow area No. 3, from December 31, 1939, to May 1, 1940. This extension is requested in order that the contractor may be available for snow and ice removal during the balance of the winter.

Frank J. Jacobs Company have been granted an extension of the time of completion of the contract for removing snow and ice in snow area No. 2, from December 31, 1939, to May 1, 1940. This extension is requested in order that the contractor may be available for snow and ice removal during the balance of the winter.

Baker & Co. have been granted an extension of the time of completion of the contract for removing snow and ice in snow area No. 1, from December 31, 1939, to May 1, 1940. This extension is requested in order that the contractor may be available for snow and ice removal during the balance of the winter.

MAYOR TOBIN APPEALS FOR PRESIDENT'S BALL SUCCESS.

BOSTON, January 18, 1940.

To All Department Heads.

Once again I seek to enlist your cooperation in a most worthy cause—the endless battle against the dread scourge of childhood, Infantile Paralysis.

To you personally, and through you to the members of your department, I express my gratitude for the good work of previous years.

I urge you to do your utmost to secure 100 per cent representation of the members of your department at the President's Birthday Ball to be held in the Boston Garden on Monday evening, January 29.

The nationally known band of Isham Jones, the crack Newton Post, A. L. Drill Team, scores of other attractions and the usual handsome awards will make up the program.

Enjoy Yourself — Spend a Dollar — Help Save a Life.

Sincerely,

MAURICE J. TOBIN, Mayor.

POLICE DEPARTMENT ORDERS.

General Order No. 436.

Sergt. Francis V. Donovan and Patrolmen John J. Sullivan, John M. Kelly and John J. McDermott, all attached to Division 4, are commended for efficient police duty performed on December 26 and 27, 1939, in connection with the arrest and subsequent conviction of three persons who had entered the office of a lunch room in the South End by forcing a door and removed a safe containing a large sum of money, a large part of which was recovered by the officers.

The commissioner is pleased to recognize and commend these officers for their initiative, splendid judgment and devotion to duty shown in accomplishing the arrest and successful prosecution of these offenders, which reflects credit on the department.

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

MANY TYPES OF W. P. A. PROJECTS.

The Works Progress Administration has placed in operation a total of more than 300,000 projects. Except for the more pretentious types of construction, these projects have covered almost the whole field of American endeavor in meeting the primary objective of relieving unemployment. *The American City.*

CINCINNATI'S NEW SPORTS FIELD.

Cincinnati's outstanding recreational event of the past year has been the opening of its 200-acre Airport Sports Field—an instantaneous success. Although far from completion and lacking in many necessary facilities, it is already paying its own way. *American City Magazine.*

CIVIL SERVICE EXAMINATIONS.
(STATE.)

STATE EXAMINERS OF ELECTRICIANS, 1940.

Examinations will be held at the following points and on the following dates:

Boston, Wednesday, February 7.
Worcester, Thursday, February 8.
Boston, Wednesday, March 6.
Fall River, Thursday, March 7.
Fall River, Friday, March 8.
Boston, Wednesday, April 3.
Springfield, Thursday, April 4.
Boston, Wednesday, May 1.
Worcester, Thursday, May 2.
Boston, Wednesday, June 5.
Boston, Wednesday, September 11.
Worcester, Thursday, September 12.
Springfield, Wednesday, October 16.
Pittsfield, Thursday, October 17.
Boston, Wednesday, November 13.
Lowell, Thursday, November 14.
Boston, Wednesday, December 4.
New Bedford, Thursday, December 5.
New Bedford, Friday, December 6.

Rules for Examinations.

All examinations shall be given in English.

Applicants for Class B or journeyman's certificate must be at least eighteen years of age and have had at least two years' practical experience or the equivalent in the installation of wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Applicants for Class A or master's certificate must be at least twenty-one years of age and have had at least two years' experience in the business of installing wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes. Examination shall consist of applicant's knowledge of the National Electrical Code and practical electrical work.

All persons desiring to be examined, either for a master or journeyman certificate, shall have application on file at least ten days previous to the date of such examination.

Applicants for examination will be required to obtain at least 70 per cent in order to obtain a certificate.

Applicants who fail to obtain the required 70 per cent will not be entitled to re-examination until a period of three months has elapsed, and those who receive less than 50 per cent or who fail on the practical demonstration, will not be re-examined for a period of six months.

Any person found referring to notes or books, or misbehaving during an examination, will be debarred from that examination.

Notice will be sent to applicants for certificates when and where examination will be held and only those so notified will be examined on that day.

CIVIL SERVICE EXAMINATIONS.
(STATE AND CITY SERVICE.)

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence.

INSPECTOR OF ANIMALS, WOBURN HEALTH AND CHARITIES DEPARTMENT, MARCH 9, 1940.

Last date for filing applications, Saturday, February 24, 1940, at 12 noon.

This examination is open to residents of the state.

The salary is \$250 a year.

Duties: To inspect all barns where animals are housed, to see that animals found to have contagious and infectious diseases are quarantined, and to have general oversight of all animals within the limits of the city of Woburn.

Entrance Requirement: Applicants must be registered veterinarians.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

STENOGRAPHIC SERVICE.

FOR STATE AND CITIES AND TOWNS OUTSIDE OF BOSTON AND VICINITY, MARCH 23, 1940.

Last date for filing applications, Saturday, March 9, 1940, at 12 noon.

FOR STATE, BOSTON, CITIES AND TOWNS IN THE VICINITY OF BOSTON, APRIL 6, 1940.

Last date for filing applications, Saturday, March 23, 1940, at 12 noon.

This is the regular examination for the stenographic service of the State and of all cities and of such towns in the State as are classified under civil service. On March 23 the examination will be held in various centrally located cities. On April 6 the examination will be held in Boston, and all persons who reside within commuting distance will be notified for examination on this day.

Persons qualifying in the examination may have their names placed on the State list as well as the list for the city or town in which they reside.

The entrance salary for State service is \$900 a year; the maximum salary for State service is \$1,260 a year. The salaries for Boston and other cities and towns varies from \$12 to \$20 a week.

Subjects and Weights: Training and experience, 2; spelling, 2; arithmetic, 1; following written directions, 3; filing, 1; word knowledge, 1; stenography, 10; total, 20.

The dictation is given at the following rates of speed: 80, 100 and 120, the dictation at each rate of speed consisting of a letter of about 300 words in length. Each applicant may select any two of the three speed tests for transcription. The transcription is marked for both speed and accuracy. Applicants are required to obtain at least 70 per cent in accuracy of transcription of one speed test.

Applicants who have not reached their sixteenth birthday will not be eligible to apply.

Passing Requirements: Applicants must obtain at least 70 per cent in general average in order to become eligible.

Physical fitness to be determined by physical examination.

PROCEEDINGS OF CITY COUNCIL.

Monday, January 15, 1940.

Regular meeting of the City Council in the Council Chamber at 2 p. m., President GALVIN in the chair, and all the members present.

QUALIFICATION OF COUNCILOR TAYLOR.

Notice was received from the Mayor of qualification of Charles I. Taylor, City Councilor from Ward 12, on January 9, 1940.

Placed on file.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz.:

Claims.

Boston Cash Register Company, Inc., for compensation for damages to property at 28 Merchants row, caused by bursting water main.

John A. Downing, for compensation for damage to car caused by an alleged defect at 9 Bradlee street.

Charles F. Hardy, for compensation for injuries caused by an alleged defect at Columbus avenue and Rutland square.

Inocentia F. Maguire, for compensation for injuries caused by an alleged defect in Brighton High School.

William Metzger, for compensation for damage to taxicab caused by an alleged defect at 2985 Washington street.

Joseph M. Pitts, for daughter Mary, for compensation for injuries caused by an alleged defect in schoolyard, Chestnut avenue.

Mary J. Sheerin, for compensation for damage to property at 3 Sheridan street, caused by city hospital ambulance.

Mrs. Bernard Smith, for compensation for loss of shoes at Fenway Skating Field, taken from locker.

Stephanie Smoot, for compensation for injuries caused by an alleged defect in Irving street.

George Taylor, for refund on sign permit.

William H. Winn, for son Marty, for compensation for injuries caused by an alleged defect in William Lloyd Garrison School.

William H. Winn, for compensation for injuries caused by an alleged defect in William Lloyd Garrison School.

Edward Pelrine, for compensation for injuries caused by an alleged defect in ferryboat.

John M. Flynn, for compensation for damage to car caused by negligence of city employees.

Mark A. Foley, to be reimbursed for judgment issued against him.

Charles Gaubenstein, to be reimbursed for judgment issued against him.

Walter C. Mackie, to be reimbursed for judgment issued against him.

Thomas M. Ranahan, to be reimbursed for judgment issued against him.

Committee on Licenses.

Petition of Boston Elevated Railway Company for license to operate motor vehicles between junction of Commonwealth avenue and Brighton avenue and St. Anthony's Church on Holton street, over Commonwealth avenue, Allston street, Glenville avenue, Harvard avenue, Cambridge street, North Harvard street, Spurr street, Western avenue, Everett street, Brentwood street, Athol street and Holton street; return over Holton street, Everett street and reverse route; and between junction of Allston street and Glenville avenue and junction of Cambridge street and Harvard avenue, over Allston street, Brighton avenue, Union square and Cambridge street (to be operated only on Sunday mornings and at other times when church services may require such operation.)

Petitions for driveway openings, viz.:

E. D. Codman, Jr., at 1891 Columbus avenue, Ward 11.

Myrtle J. Case, at 27-31 Brighton avenue, Allston.

Thomas McGrath, at 79 Portland street, Ward 3.

INCREASE OF PROBATION OFFICERS' SALARIES.

A communication was received from F. Delano Putnam, Chief Justice of the Municipal Court, of increase of salaries of certain probation officers. Placed on file.

CONFIRMATION OF EXECUTIVE APPOINTMENTS.

President GALVIN called up, under unfinished business, Nos. 1 and 2 on the calendar, viz.:

1. Action on appointment submitted by the Mayor January 2, 1940, of Edward A. Burke, to be a Constable, without authority to serve civil process and to serve without bond.

2. Action on appointments submitted by the Mayor January 8, 1940, of Charles B. Murphy, David A. Shea, Jr., and Daniel L. Lothrop, to be

Weighers of Coal; and Charles B. Murphy and David A. Shea, Jr., to be Weighers of Goods.

The question came on confirmation. Committee, Coun. Ward and Russo. Whole number of ballots 20, yes 19, no 1, and the appointments were confirmed.

CONFIRMATION OF HAROLD FIELD KELLOGG.

President GALVIN called up, under unfinished business, No. 3 on the calendar, viz.:

3. Ordered, That the appointment by his Honor the Mayor of Harold Field Kellogg to be a member of the Boston Housing Authority for the term expiring January 8, 1945, be, and hereby is, confirmed and approved.

On motion of President GALVIN, it was voted that confirmation be by roll call. The clerk called the roll on confirmation, with the following result:

Yeas—Coun. Carey, Chase, Coffey, Englert, Fish, Galvin, Goode, Gottlieb, Hurley, Hutchinson, Langan, Linehan, Lyons, Russo, Scannell, Shattuck, D. F. Sullivan, M. H. Sullivan, Taylor, Ward, Wickes—21.

Nays—Coun. Kelly—1.

CHANGES IN COUNCIL COMMITTEES.

President GALVIN submitted the following: Councilor Fish having resigned from the Committee on Appropriations I hereby appoint Councilor Wickes.

Councilor Ward having resigned from the Public Welfare Committee I hereby appoint Councilor Daniel F. Sullivan.

I hereby appoint the following members to service on the Committee on Parks and Playgrounds: Chairman,—Goode, Russo, Scannell, Gottlieb, Hurley.

Placed on file.

INTERVIEWING ROOMS FOR COUNCILORS.

Coun. CAREY offered the following:

Ordered, That the Superintendent of Public Buildings be requested to erect partitions in the west anteroom on the fourth floor at City Hall in order to provide for from at least five to seven interviewing rooms wherein members of the City Council may converse privately with constituents, and be it further

Ordered, That these private rooms be equipped with a desk or table, at least two chairs, and also with telephone service.

Referred to Committee on Rules.

AMENDMENT OF RULE 33.

Coun. CAREY offered the following: Ordered, That Rule 33 of the City Council be amended to provide that no person, except members and officers of the City Council and regularly assigned City Hall reporters, shall be admitted at any time to any of the Council rooms on the fourth floor, with the exception of Room 40, except when accompanied by a member of the City Council or when invited on official business.

Coun. CAREY—Mr. President, the duties of a City Councilor, as every member of this Body knows, involve a large amount of work that is confidential between himself and his constituent. It may be assistance in seeking welfare aid, Mothers' Aid, or Old Age Assistance. It may be assistance in tax matters, or various other matters that should be treated privately in order to save embarrassment to the constituent. As conditions exist in the City Council Chambers today there is no such thing as privacy for a constituent. Conditions are such that one often has to wonder just who are councilors and who are not. Every room on the fourth floor, with the exception of this Chamber alone, looks like the South Station waiting room, but I dare say that one could even converse more privately with a constituent in the South Station waiting room. Furthermore, the use, or I should say the abuse, of the few telephones that we now have in the Council rooms is outrageous. Naturally, as we all know, every councilor has to do considerable telephoning in connection with his official duties, yet not a day passes, that for several minutes at a time it is impossible for a councilor to use a telephone, due to the fact that he has to give way to some outsider. Not only is this unfair to the councilor but it is permitting a wilful waste of taxpayers' money to allow persons to walk in off the street and have free use of telephone service. During the past week a typewriter was stolen from one of the Council rooms. A few weeks ago a new mirror was taken from the wall in the recently completed men's lavatory. It might be argued that these thefts were made after regular office hours. That should make no difference, however, because it is the result of nothing but the altogether too careless, indifferent, and lax methods that are allowed in the Council chambers that will permit thefts, wanton destruction of property, and general abuse of the taxpayers' money. I sincerely trust that these orders will be given the attention that they deserve, and that through this City Council some

consideration will be given to the taxpayers of the city. I therefore respectfully request their passage in the usual way.

Referred to Committee on Rules.

SNOW SLIDES, WARD 10 PLAYGROUNDS.

Coun. CAREY offered the following: Ordered, That the Park Commissioner be immediately requested by his Honor the Mayor to consider the advisability of devising some plan suitable whereby snow slides may be provided for children in the Parker Hill and Jefferson Playgrounds and in the so-called Daisy Field in the Jamaica way, Ward 10.

Coun. CAREY—Mr. President, just a few words on that order. We are daily reading in the newspapers of accidents to children using our streets for coasting purposes. In my district, unfortunately, we have few streets which can be so used, giving the youngsters a little bit of pleasure at this time of year. I trust, therefore, that the Park Commissioner will consider this matter seriously and that favorable action will be taken by him.

The order was passed under suspension of the rule.

ADDITIONAL TRUCKS FOR SANITARY DIVISION.

Coun. CAREY offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to include in the budget for the Sanitary Division sufficient funds to allow for the purchase of at least four additional trucks for use by the Sanitary Division in District No. 7, in order that a more regular and better collection of ashes and garbage may be possible in that district.

Coun. CAREY—Mr. President, for some time past ashes and garbage have gone uncollected throughout the entire Ward 10 area. I want to say with emphasis that I do not attribute this neglect to the district foreman. Work cannot be done without equipment. This last week—for the entire week, I understand, according to the complaints sent in to me—collections were omitted for two or three days, and on taking the matter up with the district foreman he told me that the collections were behind because of the fact that the equipment was being used on snow removal. I think the taxpayers of Boston deserve more consideration. If we are to have a healthy and clean city and are to give the taxpayers some return on their money, we should at least properly remove their ashes and garbage. I certainly trust that they will be given more consideration in the future, that the collections may be made in better time. Therefore, I have introduced this order asking that sufficient funds be provided to allow for the purchase of at least four additional trucks for use by the Sanitary Division in District 7.

The order was passed under suspension of the rule.

SKATING ON MUDDY RIVER.

Coun. CAREY offered the following: Ordered, That the Park Commissioner be requested to install "Danger—No Skating" signs in the Muddy river, and to arrange to keep these signs there while the ice in the river is of questionable thickness; and be it further

Ordered, That the Park Commissioner be requested to immediately supply and install a number of life belts on the banks of Muddy river.

Passed under suspension of the rule.

COLORED PROBATION OFFICER, ROXBURY COURT.

Coun. TAYLOR offered the following: Ordered, That his Honor the Mayor be requested to include in his 1940 budget a sufficient appropriation to provide for a colored probation officer in the Roxbury Municipal Court.

Coun. TAYLOR—Mr. President, I rise at this moment to speak on behalf of a race of people who, in my opinion, have not received their fair share of representation in the district courts of Boston. There is no question of that, on the basis of the figures. In the Roxbury district we have 94 per cent of the colored people in the City of Boston, and consequently, if any of the young colored boys or girls get into trouble, their problems must be solved in the Roxbury District Court. There are only 15,000 colored people in Boston, and during the past year 17 per cent of the juvenile delinquency was that of the colored boys and girls of the city, and still they have no representation either in the Central Court of Boston or the Roxbury Municipal Court, in the matter of probation officers who will take an interest in those colored children. I spoke to Judge Miles in reference to the situation, and he informed me that there is no doubt that there is absolute necessity for such an appointment. He informed me that in the City of Boston there is a case load on each probation officer of 59 cases, while in the Roxbury Municipal Court the case load is 222, and the authorities on this matter tell us that

there should not be a case load of more than 80 for each probation officer. They are absolutely overloaded. There is no doubt that the colored children should be given a probation officer of their own race, one who can speak more intelligently with the parents of the children, with the result that a colored boy or girl will receive a better opportunity to go straight in the future. Such action will certainly improve the future chances of the colored boys and girls who are brought in to our courts for juvenile delinquency.

Coun. CHASE—Mr. President, I am very much in accord with the statement of the gentleman from Ward 12. I see no reason why the colored people should not be given recognition in the probation service, and I sincerely trust that his Honor the Mayor will give those people due representation.

The order was passed under suspension of the rule.

CIVIL SERVICE LAWS.

Coun. TAYLOR offered the following:

Resolved, That his Excellency the Governor request the Director of Civil Service to carry out the law as interpreted by the chief law officer of the Commonwealth, the Attorney-General, pertaining to the eligibility of employees who are paid out of W. P. A. funds.

Whereas, The present civil service laws were drawn up in haste; and

Whereas, Very few members of the Legislature who voted in favor of these laws knew anything about these laws prior to voting for them; and

Whereas, The present civil service laws have deprived civil service employees of the protection which they formerly had; and

Whereas, Under the present civil service laws the Director of Civil Service is given dictatorial powers detrimental to the interests of the civil service employee; and

Whereas, Under the present laws the Director of Civil Service is attempting to prevent the mayors of the cities and towns from hiring employees necessary to render to the public the service to which they are entitled; and

Whereas, The present laws and system have proven a dismal failure; be it

Resolved, That his Excellency the Governor call a special session of the Legislature for the purpose of changing the civil service laws and restoring to the civil service employees and to the public the protection they formerly had; and be it further

Resolved, That his Excellency the Governor request the Civil Service Director to refrain from interfering with the mayors of cities and towns in the hiring of necessary employees to enable them to carry out public service.

Coun. TAYLOR—Mr. President, when our present Governor took office on Beacon Hill he was so intent on removing all the Democratic heads of departments in control that he did not care what procedure he used to accomplish his purpose. When he finally got around to the Civil Service Commission, he knew that that department was efficiently run, that Tom Green ran it fairly and efficiently, that he did a good job, was fair to everyone, Democrats and Republicans alike, who came before the department. He knew that any charges of inefficiency that might be brought against that department would have very little effect, even upon the Governor's Council. So, in order to accomplish his end, in order that Tom Green might lose his job as Civil Service Commissioner, the Governor had the Republican Legislature snap the whip to abolish that particular commission so that a new one could be established where Green would be left off; and the whole thing was done so quickly that members of the Legislature themselves did not know what had happened. I have spoken even to many Republican legislators and they have informed me that prior to the time when the thing came up and the new law was passed, they did not know what it was all about. They just obeyed the lash of the whip and, as I say, even the Republican legislators hardly knew what it was all about. Even the Republicans now admit that the new arrangement is very poor. It has dislocated the entire civil service, and it has resulted in many employees being fired from their jobs. The new civil service head who has been appointed, Lupien, is even more important than the Governor. He has become an iron-clad dictator, who has out-Hitlered Hitler and out-Stalined Stalin. His word is law. He refuses to apply the law as interpreted by the chief law officer of the Commonwealth, the Attorney-General. He is attempting to play politics with human misery. He has been applying the same sort of efficiency rules and treatment that he applied in the mills of Lowell and Lawrence. It seems to be his job to do everything possible to remove a large number of employees of the state, for political reasons. His word apparently is law. He is now even attempting to interfere with and disregard duly elected officials of cities and towns in their hiring of necessary employees. He has assumed dictatorial powers. Chapter 72 of the Acts of 1939 specifically states that any man receiving W. P. A. funds does not come under the civil service law. The Attorney-General has so interpreted it. There are many employees of this city and of other cities and towns that come under that ruling. But, no, this civil service dictator says that that is not so. He says, "I don't care what the chief law officer

of the Commonwealth says. I am the dictator here, and they have to come under my supervision." What is the result? These men are fired, and their families have to go on welfare. This man has gone further, telling the authorities of the different cities and towns whether they need any help. Just think of that! He is not only passing, as Civil Service Commissioner, on permanent employment but on provisional employment, and he says that he has the right under the law to say whether a mayor of a city or the selectmen of a town have the right to put anyone at work. Our Mayor of Boston, who is attempting to run the city as honestly and efficiently as anyone can, and who knows the needs of the city, cannot employ assistance to carry on the work of the departments. Our Mayor would not say that a certain department was overburdened and needed assistance, if he did not think so. But this great man, this dictator, until recently unknown, says, "No, you do not need any help, Mr. Mayor." What does he know about it? What does he know about the needs of the different cities and towns? And why should he in any such arbitrary way, dealing with matters of which he knows nothing, interfere with such employment where it is necessary and deprive poor families of their means of sustenance? He simply says, "I say no. To hell with the poor!" I say, Mr. President, that this dictator is carrying things too far. We have already seen the action of this administration against the poor, in the matter of cigarette taxes and gas and electric rates, and this civil service dictator is now trying to prevent people from going to work, in addition to firing employees by the wholesale, including scrubwomen. I think it is about time that a halt was put to this sort of thing, that this dictator was told that he has gone altogether too far. So I ask the Council to go on record as trying to put a stop to the efforts of this man, so that he will refrain from interfering with the mayors of cities and the selectmen of towns in the proper performance of their duties, when they are trying in their various departments to furnish proper help so that the public service may be efficiently carried on. Mr. Governor, what I ask for in this order is solely within your power, and I know that the members of this Council agree with me wholeheartedly.

Coun. WARD—Mr. President, I don't like to take the floor on an order of this kind, but I do feel that the City Council is not the proper place to attack any man in this way, whoever he may be. There have been times when I had no opportunity to defend myself from attacks which were made here, recorded in the minutes, and sent to the district where I live. The City Council is no place to wash dirty linen. I say, if you have any complaint to make of Mr. Lupien, you should go to the man who appointed him, the Governor. He has the sole responsibility for appointing the Civil Service Commissioner, and I am not willing to vote for any such order as this. This is a matter in which we have no power.

Coun. TAYLOR—Mr. President, while this City Council may have no power, so far as action by the State Legislature is concerned, it is nevertheless a body where public opinion can be rendered. Mr. Ward knows how much power this Council would have, so far as personal application to the Governor on this matter is concerned. We all know what conditions are at the State House. But we all know that the civil service laws are being violated, and I believe that this is a perfectly proper place to express our opinion in the matter.

Coun. WARD—Mr. President, I would like to ask the gentleman a question. Does he believe that the passage of this order would result in the removal of Mr. Lupien?

Coun. TAYLOR—I do not believe that it would result in such removal, but I do believe that this is one way of making the Governor aware of what he is trying to do, and that it may perhaps result in his instructing Mr. Lupien to carry out the law in a proper and more efficient manner.

The resolutions were referred to the Executive Committee.

GIVING OF BUTTONS BY COUNCIL.

Coun. SHATTUCK offered the following: Ordered, That the Corporation Counsel, through his Honor the Mayor, be requested to give an opinion as to whether the giving out to the members of the City Council of buttons entitling the persons to whom they are distributed to employment by the Department of Public Works as snow shovelers is consistent with the provisions of section 8 of the City Charter.

Coun. SHATTUCK—Mr. President, this order simply asks for an opinion from the Corporation Counsel upon the present method of giving out snow buttons. Section 8 of the City Charter, Acts of 1909, chapter 486, reads as follows:

"Section 8. Neither the city council, nor any member or committee, officer or employee thereof shall, except as otherwise provided in this act, directly or indirectly on behalf of the city or of the county of Suffolk take part in the employment of labor, nor in the conduct of the executive or administrative business of the city or county; nor in the appointment or removal of any municipal or county employee; nor in the expenditure of public money except such as may be necessary for the contingent and incidental expenses of the city council."

That is the section to which I refer in the order, and I am, therefore, asking for an opinion of the Corporation Counsel in regard to this matter.

The order was passed under suspension of the rule.

SAFETY CURBS ON BRIDGES.

Coun. LINEHAN and SCANNELL offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to increase the height of the safety curbs on both sides of the L Street Bridge, and other bridges leading to South Boston, to 18 inches.

Coun. LINEHAN—Mr. President, I don't think it is necessary for me to talk upon this order at great length, but I would simply like to call the attention of the Council to what occurred this past week on L Street Bridge, when a motorist had his car skid, leading to a serious accident. About a year ago I was in hopes that all the bridges around Boston would have the height of the curbing increased, but unfortunately money was lacking, and such work could not be done. I trust that the result this year will be better. With such a small sum of money needed to fix up the different bridges, I do feel, in a matter that so vitally concerns the safety of the public, that the Mayor and the Commissioner of Public Works will see to it that the height of these safety curbs is increased. I trust that the order will pass.

The order was passed under suspension of the rule.

ABATEMENT OF DUMP NUISANCE.

Coun. HUTCHINSON offered the following:

Ordered, That the Health Commissioner be requested, through his Honor the Mayor, to take immediate steps to abate the nauseating stench emanating from the dump bounded by Gallivan Boulevard, Dorchester bay and Sydney street, Dorchester.

Coun. HUTCHINSON—Mr. President, the dump referred to in this order has been a source of worry to the people of Savin Hill for years. They have continually tried to have this nuisance abated. It has sometimes been abated for awhile, but it is now worse than it has been for a couple of years. I fear that the people will have to go to court for abatement of the nuisance if something is not done immediately.

The order was passed under suspension of the rule.

INSTALLATION OF ELECTRIC LIGHTS, WARD 13.

Coun. HUTCHINSON offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to replace all gas street lamps in Ward 13 with modern electric lights.

Passed under suspension of the rule.

AWARDING OF ARCHITECTURAL CONTRACTS.

Coun. CHASE offered the following:

Ordered, That the Boston Housing Authority be requested, through his Honor the Mayor, to adopt a policy whereby all future architectural contracts will be awarded to the lowest competitive bidders, in view of the fact that rentals in housing projects are to some extent detrimental not only by operating expenses but also cost of construction.

Coun. CHASE—Mr. President, some few weeks ago I sponsored an order requesting the Boston Housing Authority to sponsor a W. P. A. project whereby architects would be employed on a competitive basis on W. P. A. projects. The Council was told a few days later that the Boston Housing Authority did not have that authority. Then the Council went further and asked the Boston Housing Authority on what basis they selected their architects, whether it was on a competitive basis. The chairman of the Housing Board said that there was no competitive bidding, that he selected architects on a basis within his own discretion, that if he liked the color of their eyes or hair they were all right. I understand that other Government agencies today are making selections on a competitive basis, the same as would be done, following the same practice that is observed in private employment. I believe it is admitted that the Boston Housing Authority have awarded over a million dollars to private architects, and they have stated to the newspapers that they have cut the fees to around 3 per cent. But the members here will well remember that when the Council questioned the Housing Authority relative to the fees, they acknowledged that they paid anywhere up to 4½ per cent. Now, in view of the fact that architects on private work involving millions of dollars are subject to competitive bidding, I see no reason why the Boston Housing Authority should not adopt the same policy. The lower the cost on Federal housing, naturally, the lower the rates will be. Only last week, the Dean of the Massachusetts Institute of Technology's architectural department contended that any idea of getting better housing would be foolish

unless politicians stayed out, and unless favoritism in Federal housing was abolished Federal housing was doomed to failure. I contend that favoritism is going on in this Federal housing in Boston. I contend that the costs of Federal housing would be considerably lower if there were competitive bidding on architectural work, and that that would be reflected in the rents that would have to be paid. I trust, Mr. President, that the Council will pass the order.

The order was passed under suspension of the rule.

EXPENSES OF BOSTON HOUSING PROJECTS.

Coun. CHASE offered the following:

Ordered, That the Boston Finance Commission, through his Honor the Mayor, be requested to investigate costs and operating income and expenses of Boston Housing projects.

Coun. CHASE—Mr. President, I have been a member of this Body for two years. During that time I have honestly endeavored to find out the facts pertaining to the operating expenses of Federal housing construction, and am still in the dark. It has never been explained to my satisfaction. I contend, Mr. President, that the Boston Finance Commission, under the City Charter, has power to investigate Federal housing in Boston, due to the fact that the City of Boston has a contract with the Boston Housing Authority; that the City of Boston, therefore, has a vested interest in Federal housing. The Finance Commission has that power because of the contract that the Boston Housing Authority has with the city, and I am sure that the Finance Commission would give us a nonpartisan investigation and would enlighten the members of the Council as to what is going on in Federal housing. Some time ago I urged the Boston Housing Authority to file its report and its accounts in the City Auditor's office, but nothing was done. When I want information about what is going on there I cannot get it or if information is volunteered it is ambiguous and hard to understand. Therefore, inasmuch as this Body saw fit to enter into a contract with the Housing Authority, I believe we have a right to more information about Federal housing. I hope, therefore, that the Council will pass the order.

Referred to the Executive Committee.

REMOVAL OF COBBLESTONES, MASSACHUSETTS AVENUE.

Coun. CHASE and SHATTUCK offered the following:

Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to arrange for the removal of the cobblestones on Massachusetts avenue, from the New York, New Haven and Hartford Railroad Bridge, south of Huntington avenue, to Beacon street, and to have same resurfaced with smooth type asphalt pavement, said work to be done under the W. P. A. plan of construction; and be it further

Ordered, That this construction work be performed during hours which will not interfere with the normal course of business.

Passed under suspension of the rule.

OPERATION OF BOSTON, REVERE BEACH AND LYNN RAILROAD.

Coun. KELLY offered the following:

Whereas, The Department of Public Utilities of Massachusetts, by a decision dated December 11, 1939, refused to permit the Boston, Revere Beach and Lynn Railroad Company, a railroad lying wholly within the Commonwealth of Massachusetts, and entirely under the jurisdiction of said department, to cease operating; and

Whereas, Said Railroad Company thereafter secured a decree, on January 5, 1940, in the District Court of the United States for the District of Massachusetts, permitting said Railroad Company to cease operating on January 27, 1940, thereby depriving 6,000,000 passengers yearly in Boston, Revere, Lynn and Winthrop from transportation; and

Whereas, Said District Court of the United States does not possess jurisdiction over said railroad, since it is wholly intrastate; but that officials of said Railroad Company have posted notices of their intention, under said decree, to cease operating said railroad on January 27, 1940; and

Whereas, The Supreme Judicial Court of Massachusetts has jurisdiction under General Laws of Massachusetts, chapter 160, sections 128 and 252, to enjoin officials of said Railroad Company from ceasing to operate said railroad; now, therefore, be it

Ordered, That the Corporation Counsel of the City of Boston be requested, through his Honor the Mayor, to take immediate action, in conjunction with the legal representatives of the cities of Revere and Lynn, and the Town of Winthrop, by petitions before the Supreme Judicial Court of Massachusetts, to enjoin the officials of said Railroad Company from ceasing to operate said railroad on January 27, 1940, or at any time thereafter.

Coun. KELLY—Mr. President, the Narrow Gauge began operation in 1874 with steam engines and was successful. In 1928, the former owner died and the road was taken over by a group of bankers, including Charles A. Collins, president of the Lynn Institution for Savings, and Joseph H. Soliday, president of the Franklin Savings Bank of Boston. The road was electrified and bonded debts were increased from \$1,000,000 to \$2,000,000. An electrical engineer was employed to operate the road, who did not know the railroad business, and the road began to lose money. The owners then caused a bill to be enacted in the General Court for the Elevated to take over part of the Narrow Gauge and pay the management \$250,000; and to expend \$1,360,000 to cover the territory of Winthrop. This bill provided that Winthrop should have the right to accept or reject said bill, and Winthrop has rejected same at a meeting held January 8, 1940. Then the management of the Narrow Gauge filed a petition before the Department of Public Utilities to be permitted to cease operating said railroad, but said department refused such permission and suggested that with certain economies the road would be able to operate at a profit. But the bankers wished to unload and get out of the deal, and secured a decree from the United States District Court to cease operating the road, and have posted notices on the road that they will cease operating on January 27, 1940. It would be a disaster for Boston to lose this railroad system, since it supplies rapid transit in an area which is not supplied by any other railroad. The Town of Winthrop alone sends 2,500,000 people over the road yearly and does not have any other means of transportation. There are 6,000,000 passengers from Boston, Revere, Lynn and Winthrop traveling over said road each year, and the loss of this road would be greater than the Old Colony, which carries only 2,000,000 passengers. Now, the only method to save the road from ceasing to operate is for this Council to order the Corporation Counsel of the City of Boston to file a petition in the Supreme Judicial Court of Massachusetts to compel the management of the Narrow Gauge to continue to operate the road. Winthrop and Revere have already taken action for such purpose. I ask a suspension of the rule for the passage of the order.

Coun. SHATTUCK—Mr. President, this order is preceded by a number of preambles containing some recitals of supposed facts and some conclusions of law, and this Council has investigated neither the facts nor the law. In spite of that we are now asked to pass under suspension of the rule an order which we have not heard until about five minutes ago, and which we have not considered. If we should adopt such an order at this time, under the circumstances, accompanied by such a recital of facts and conclusions of law, it might naturally be assumed that we had thoroughly examined the question and arrived at some definite findings of fact based on investigation. Certainly no such order should be considered by us without first being sent to the Executive Committee. We certainly should not adopt such recitals unless they are based upon a thorough investigation on our part.

Coun. M. H. SULLIVAN—Mr. President, I am inclined to go along with Councilor Kelly, because I believe the City of Boston stands to lose plenty in the event of the discontinuance of the Narrow Gauge Road, which now affords transportation between Boston and a number of the cities and towns lying to the north, between here and Lynn. The discontinuance of that road certainly means a great detriment to Boston's business. I feel certain that the City of Boston owes very definite obligations to its citizens because of their vital interest in the continuance of the road. Feeling, as I do, that this Council has very definite obligations in the matter, because of the fact that it should do all that is possible to protect the rights of our people, who are deeply concerned in the transportation facilities afforded by the road between Boston, Lynn, Revere, Winthrop and other towns, I shall vote for the order.

The preambles and order were referred to the Executive Committee.

MUNICIPAL BUILDING, WARD 17.

Coun. WICKES offered the following:

Ordered, That his Honor the Mayor be requested to arrange for the erection of a municipal building centrally located in Ward 17, to provide gymnasium facilities, auditorium and such other necessary municipal activities as might seem appropriate.

Coun. WICKES—Mr. President, I respectfully request this Honorable Body to pass this order. It is something that is unanimously desired by the citizens of my ward, many of whom have requested me to submit the order to the Body. It has been presented after due consideration and very careful thought, realizing the fact that Ward 17 at the present time lacks a municipal building where gymnasium facilities might be afforded, and where there might be an auditorium where the people could gather to express their views on matters in which they are vitally interested. We now have no gymnasium building and we have no auditorium where the people can gather to talk over their community affairs. Consequently, I trust that the order will pass.

The order was passed under suspension of the rule.

REPORT OF COMMITTEE ON CLAIMS.

Coun. GOTTLIB, for the Committee on Claims, submitted report, as follows:

Report on petition of James J. Farrell (referred December 18, 1939) to be reimbursed for amount of judgment issued against him on account of his acts as operator of motor vehicle belonging to Sanitary Division, Public Works Department—recommending passage of accompanying order, viz.:

Ordered, That the sum of ninety dollars (\$90) be allowed and paid to James J. Farrell in reimbursement for amount of judgment issued against him on account of his acts as operator of a motor vehicle belonging to the Sanitary Division, Public Works Department, said sum to be charged to the Contingent Fund.

Report accepted; said order passed.

TRAFFIC LIGHTS, CUMMINS HIGHWAY AND HYDE PARK AVENUE.

Coun. GOODE and LANGAN offered the following:

Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to make a study of the advisability of installing traffic lights at Cummins Highway and Hyde Park avenue, an intersection where several serious accidents have occurred in recent months.

Passed under suspension of the rule.

LOCKERS AT HYDE PARK MUNICIPAL BUILDING.

Coun. GOODE offered the following:

Ordered, That the Superintendent of Public Buildings be requested, through his Honor the Mayor, to repair and reconstruct, and provide with suitable locks, all lockers at the Hyde Park Municipal Building, and to provide sufficient help to keep said building clean and attractive at all times.

Passed under suspension of the rule.

ACCEPTANCE OF STOWE ROAD, WARD 18.

Coun. GOODE offered the following:

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out as a public highway, Stowe road, Ward 18, under the W. P. A. plan of construction.

Passed under suspension of the rule.

BOSTON RESIDENCE OF CITY EMPLOYEES.

Coun. COFFEY offered the following:

Ordered, That each department head be requested, through his Honor the Mayor, to make a check on his employees to find out if said employees live in Boston, and if any department head finds any employee working in his department living outside of Boston, he, the department head, shall give said employee sixty days in which to move back to Boston or resign from his job.

Coun. COFFEY—Mr. President, there is very little I can add to this order other than the fact that for the past fifteen years that I have been in politics I have had a number of city employees registered in my ward who live in Winthrop, Revere, Everett, Melrose, Billerica and Lowell, who own homes in those places, and when you talk with some of them they admit that they would resign and leave Boston entirely if they were required to live here. A short time ago Fire Commissioner Reilly took action in regard to the employees of the Fire Department living within the city limits. I trust that this order will be passed by the Council today and that it may result in some of the councilors being able to do something for those in their districts who are looking for city employment, because of the fact that a number of these employees who now live outside of the city will resign and leave Boston rather than live here. I know of at least four in my ward who would leave Boston entirely if this order were enforced, leaving their jobs open for Boston residents.

Coun. M. H. SULLIVAN—Mr. President, I heartily approve this order, and I believe it should also be applied to the Boston school system. There is \$5,500,000 paid in salaries to school teachers, a great many of whom live outside of Boston, in such places as Orangeville, Ballardvale, Sterling Junction, and a number of other places that we never heard of. I think our Boston people, who pay large taxes on their little homes, do not want to pay the salaries of teachers who do not even live in Boston or contribute to the tax receipts of the city, and who should be compelled to move back to the city. I think in any matter of this kind we should think first of the welfare of the people of our city. Of course, we should have the best teachers possible for the children in our schools, but I don't think there is any reason why teachers who are earning good salaries and who live in Orangeville, Ballardvale

Tewksbury, Sterling Junction and other such places could not obtain good homes, where they would be just as happy in Dorchester, East Boston or other parts of our city. While we should maintain high standards, there certainly seems to me to be no good reason, financial or otherwise, why teachers who are receiving from \$3,300 to \$5,500 a year from the city treasury should refuse to move to Boston and bear their share of the burdens of this city. If they will not do so, I believe action should be taken which would compel them to do so.

The order was passed under suspension of the rule.

SOLDIERS' RELIEF.

Coun. ENGLERT, for the Committee on Soldiers' Relief, submitted report recommending passage of order for payment of aid to soldiers and sailors and their families in the City of Boston for the month of January.

Report accepted; said order passed.

PRINTING OF MUNICIPAL REGISTER.

Coun. LYONS, for Coun. LANGAN, offered the following:

Ordered, That the Statistics Department be authorized, under the direction of the Committee on Rules, to prepare and have printed the Municipal Register for the current year; and that the Clerk of Committees be authorized to prepare and have printed a pocket edition of the organization of the City Government; the expense of said register and organization to be charged to the appropriation for City Documents.

Passed under suspension of the rule.

NEW BOILERS, NORTH BENNET STREET BUILDING.

Coun. RUSSO offered the following:

Ordered, That the Park Commissioner be requested, through his Honor the Mayor, to immediately arrange for the installation of new boilers at the Field House, or Locker Building, on the North Bennet Street Playground in order that persons using this bath house may have the use of hot water for showers.

Coun. RUSSO—Mr. President, for several years there have been many complaints because the boilers at the Field House or Locker Building of the North Bennet Street Playground have needed repairs from time to time, and while those repairs have been going on the people of that part of the district have not had the proper facilities at home for taking shower baths. A considerable percentage of the residents in that district, through no fault of their own, have no bathrooms in their houses, and therefore have to depend on the North Bennet Street Bath House. In all these years repairs have been going on from time to time, and while they have been in progress the people have been deprived of this proper facility. So I ask the Council to pass this order so that new boilers may be installed there. It will mean a saving of the money of the taxpayers and proper facilities in this line for the people of that district.

The order was passed under suspension of the rule.

TRAFFIC LIGHTS, GALLIVAN BOULEVARD AND WASHINGTON STREET.

Coun. WICKES offered the following:

Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to conduct a survey with reference to installing traffic lights at the junction of Gallivan Boulevard and Washington street, Dorchester.

Passed under suspension of the rule.

CONTINUANCE OF P. W. A. APPROPRIATIONS.

Coun. FISH offered the following:

Resolved, That the City Council of Boston hereby petitions the Congress of the United States to continue for the year 1940 appropriations for P. W. A. purposes, such as public buildings, bridges, highways, sewer and water systems, etc., in order by such grants that municipalities may make permanent improvements at reduced expense to the taxpayers, and in order that employment be given to thousands of citizens of this Commonwealth.

Passed under suspension of the rule.

RECESS.

A recess was taken at 3.22 p. m., on motion of Coun. WARD. The members reassembled at 5.08 p. m., President GALVIN in the chair.

EXECUTIVE COMMITTEE REPORTS.

Coun. LANGAN, for the Executive Committee, submitted the following:

1. Report on message of Mayor and order (referred January 8) appropriating \$19,500 for Municipal Employment Bureau—that same ought to pass.

Report accepted; order passed, yeas 22, nays 0.

2. Report on resolve (referred today) that Governor call a special session for purpose of changing civil service laws and restoring to civil service employees protection they formerly had, and that Governor request Civil Service Director to refrain from interfering with mayors of cities and towns in hiring of necessary employees to enable them to carry out public service—that same ought to pass.

Report accepted; resolve passed.

Coun. SHATTUCK doubted the vote, and asked for the yeas and nays.

The resolve was passed, yeas 15, nays 5.

Yeas—Coun. Coffey, Englert, Fish, Galvin, Goode, Hurley, Hutchinson, Kelly, Langan, Lyons, Russo, Scannell, D. F. Sullivan, Taylor, Wickes—15.

Nays—Coun. Carey, Chase, Gottlieb, Linehan, Shattuck—5.

3. Report on resolve (referred today) that the Governor request Director of Civil Service to carry out law as interpreted by Attorney-General pertaining to eligibility of employees who are paid out of W. P. A. funds—that same ought to pass, in following new draft, viz:

Ordered, That his Excellency the Governor be requested to direct the Civil Service Commissioner not to discharge employees of the City of Boston, temporarily employed as cement inspectors and supervisors, until the legality of the opinion of the Attorney-General, in reference thereto, is finally determined by the Superior Court.

The report was accepted, and the resolution in new draft was adopted.

4. Report on order (referred today) that city take immediate action, in conjunction with Revere and Lynn and Winthrop, by petition before Supreme Judicial Court, to enjoin officials of Boston, Revere Beach and Lynn Railroad from ceasing operation of said railroad on January 27, or at any time thereafter—recommending passage of order, as follows:

Whereas, The Department of Public Utilities of Massachusetts, by a decision dated December 11, 1939, refused to permit the Boston, Revere Beach and Lynn Railroad Company, a railroad lying wholly within the Commonwealth of Massachusetts, and entirely under the jurisdiction of said Department, to cease operating and

Whereas, Said Railroad Company thereafter secured a decree, on January 5, 1940, in the District Court of the United States for the District of Massachusetts, permitting said Railroad Company to cease operating on January 27, 1940, thereby depriving 6,000,000 passengers yearly in Boston, Revere, Lynn and Winthrop from transportation and

Whereas, The Supreme Judicial Court of Massachusetts has jurisdiction under General Laws of Massachusetts, chapter 160, sections 128 and 252, to enjoin officials of said Railroad Company from ceasing to operate said railroad; now, therefore, be it

Ordered, That the Corporation Counsel of the City of Boston be requested, through his Honor the Mayor, to take immediate action, in conjunction with the legal representatives of the cities of Revere and Lynn, and the Town of Winthrop, by petitions before the Supreme Judicial Court of Massachusetts, to enjoin the officials of said Railroad Company from ceasing to operate said railroad on January 27, 1940, or at any time thereafter.

The report was accepted, and the order as reported was passed.

REPORT OF COMMITTEE ON LICENSES.

Coun. FISH, for the Committee on Licenses, submitted the following:

1. Report on petition (referred January 8) of Socony Vacuum Oil Company, Inc., for driveway opening at 1225 Centre street—that leave be granted.

Report accepted; leave granted on usual conditions.

2. Report on petitions of Boston Elevated Railway Company (referred today) for license to operate motor vehicles between junction of Commonwealth avenue and Brighton avenue and Holton street, and between junction of Allston street and Glenville avenue to Union square and Cambridge street—recommending that leave be granted under usual conditions.

Report accepted; leave granted under usual conditions.

REDUCTION IN NUMBER OF TAXICABS.

Coun. GOTTLIEB offered the following:

Whereas, The recently promulgated order of the Police Commissioner which will reduce the number of taxicabs in the City of Boston is not based upon the number of cabs in actual operation, but will reduce these cabs in proportion to the number of medallions which have been issued by the Police Commissioner; and

Whereas, The voters of Boston overwhelmingly indicated their desire to establish open stands for all taxis in the City of Boston in order that all taxicab owners may be treated equally and fairly; therefore, be it

Resolved, That the Boston City Council request that the Police Commissioner reconsider his order and also increase the number of open stands in the City of Boston.

Coun. GOTTLIEB—Mr. President, there are approximately 1,261 taxicabs now in operation in the City of Boston, and this number is composed of those belonging to various independent taxicab drivers and also some large taxicab companies. The order promulgated by the Police Commissioner of the City of Boston is based on the number of medallions or permits issued to the various taxicab companies and owners. The Checker Taxicab Company operates on the average about two hundred taxicabs daily in the City of Boston, but that company has, in addition to the 200 cabs in daily operation, seventy-five cabs which are either in their garage or not in use, and also in addition to these seventy-five cabs they have seventy-seven unused medallions. If the Police Commissioner for the City of Boston, in his efforts to reduce traffic congestion and further relieve traffic in the city, honestly desires to reduce the number of cabs in operation in proportion to the actual number of cabs in use, I maintain that a reduction on the basis of permits or medallions will not serve to take off the roads or highways of the city any Checker cabs or Town Taxi Company cabs, because these companies will have these excess medallions, and the taxicabs of these companies in operation in our streets will not be reduced in number. But there will be a reduction in the number of the independent taxicabs, those owned by individual owners, and the bulk of those come from my district. Those drivers have struggled for years in an heroic effort to keep off the W. P. A. and welfare rolls, and if this order that has been promulgated by the commissioner stays in effect they will be compelled to keep their cabs off the road one day a week, in accordance with the commissioner's ruling. I feel that an order of that kind does not come properly within the province of the Police Commissioner of the City of Boston. I feel that it will not relieve congestion, but that the solution lies with more open stands for operators in this city. I would like also to point out the fact that the Checker Company has a so-called blanket policy of insurance and that it is not necessary for them to insure each cab. But the independent owners pay premiums of \$50,000 a year on their cabs, and if they are not permitted to run on one day in the week, the burden will be such that they will be deprived of the opportunity to make a decent living. Therefore, I ask this body to pass the resolution I have offered.

Coun. TAYLOR—Mr. President, this is a very important order, attempting to dictate to the Police Commissioner, and before doing so I believe the order should be referred to the Executive Committee and that the Police Commissioner should be invited to our committee meeting to explain his order.

Coun. SHATTUCK—Mr. President, is it understood that the Police Commissioner will be asked to appear at the next meeting of the Executive Committee, to explain?

President GALVIN—Yes.

The resolution was referred to the Executive Committee, with the understanding that the Police Commissioner will be invited to attend the meeting of the committee.

PATROLLING OF SOUTH BOSTON BEACHES.

Coun. SCANNELL and LINEHAN offered the following:

Ordered, That the Police Commissioner be requested, through his Honor the Mayor, to assign a detail of policemen in a cruising car to patrol the South Boston beaches, between the hours of 12 and 1 and after school to prevent children from risking their lives on ice floes.

Passed under suspension of the rule.

BRANCH LIBRARY GROVE STREET SECTION, WARD 20.

Coun. LYONS offered the following:

Ordered, That the trustees of the Public Library be requested, through his Honor the Mayor, to include in their 1940 budget a sum sufficient to provide for the establishment of a branch library in the Grove street section of Ward 20, preferably in the abandoned school at the corner of Washington and Stimson streets.

Passed under suspension of the rule.

TRAFFIC SIGNALS, WARD 20.

Coun. LYONS offered the following:

Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to install automatic traffic signals at the following locations in Ward 20: Centre street, in front of Holy Name Church; Centre and La Grange streets.

Passed under suspension of the rule.

W. P. A. SIDEWALK PROJECT, WARD 20.

Coun. LYONS offered the following:
Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to submit for approval a W. P. A. project which will provide for the covering of all gravel sidewalks in Ward 20, with a bituminous material.
Passed under suspension of the rule.

THE NEXT MEETING.

On motion of Coun. TAYLOR, it was voted that when the Council adjourn it be to meet on Monday, January 29, at 2 p. m.

Adjourned, on motion of Coun. GOODE, at 5.27 p. m., to meet on Monday, January 29, 1940, at 2 p. m.

CORRECTION.

In the meeting of December 30, 1939, page 499, second column, 22 lines from bottom, the following appears in the Minutes:

"Coun. SHATTUCK—Mr. President, I would like to ask the gentleman from Dorchester if he recalls how many families from Dorchester, who were taken out from their homes, were put into this Old Harbor Village project?"

Coun. WILSON—My recollection is about 300.
Coun. SHATTUCK—I think the number from Dorchester," etc.

"Coun. SHATTUCK," here, should come out, this latter remark having been made by Coun. Wilson.

STREETS FOR COASTING.

The Mayor has approved the following vote of the Board of Street Commissioners:

Voted, That the order of the Board of Street Commissioners of December 12, 1939, approved by the Mayor December 21, 1939, designating coasting streets in the different sections of the city, be, and the same hereby is, amended, as follows:

Police Division 11.

So as to add to said paragraph the words: "Oakton avenue, down grade, in the direction of Plain street"; intending thereby to authorize coasting on said street.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, the following temporary amendments to the Revised Traffic Rules and Regulations of the City of Boston, which were adopted November 9, 1939, and were effective November 20, 1939, for a trial period of sixty (60) days, are hereby extended for a further trial period of sixty (60) days from January 19, 1940:

Section 8, Part 2, is amended by adding the following:

Cushing Avenue, Dorchester.

Southwest side, from Jerome street to Windermere road, twenty-four hours.

East First Street, South Boston.

South side, from Summer street to Farragut road, twenty-four hours.

Essex Place, Downtown Boston.

Both sides, from Essex street to Tufts street, twenty-four hours.

Henley Street, Charlestown.

South side, from Park street to Main street, twenty-four hours.

Main Street, Charlestown.

West side, from City square to Henley street, twenty-four hours.

Wapping Street, Charlestown.

Both sides, from Chelsea street to Water street, 7 a. m. to 6 p. m.

Section 24, Part 1, is amended by adding the following:

Henley Street, Charlestown.

From Warren street to Main street.

Park Street, Charlestown.

From City square to Henley street.

PROCEEDINGS OF SCHOOL COMMITTEE.

Jan. 3, 1940

The meeting for organization of the School Committee of the City of Boston for the current municipal year was held in the Administration Building, 15 Beacon Street, at 8 o'clock P. M.

Present: Messrs. Lee, McDevitt, Norton, Sullivan, and White.

The meeting was called to order by Mr. Frederick R. Sullivan, the senior member.

Chairman pro tempore: The first meeting of the year of the School Committee is held for the purpose of organization of the body. I am presiding as Chairman pro tempore, being the member whose original election is of the earliest date.

MEMBERS-ELECT OF SCHOOL COMMITTEE

The following communication was received:

City of Boston

Board of Election Commissioners
16 November 1939

Miss Ellen M. Cronin
Secretary, School Committee
15 Beacon Street, Boston

Dear Madam:

We certify that at the City Election held in the City of Boston on November 7th, 1939, for the choice of three members of the School Committee for the term of four years the following were duly elected to said office:

Daniel J. McDevitt, 238 South Huntington Avenue

Joseph C. White, 116 Mount Vernon Street

Clement A. Norton, 34 Myopia Road.

Respectfully yours,
William A. Motley, Jr.
Frederic E. Dowling
Francis B. McKinney
Hilda Hedstrom Quirk

Board of Election Commissioners.
Placed on file.

The following communication was received:

City of Boston

Office of the City Clerk

City Hall, January 3, 1940.

Miss Ellen M. Cronin,
Secretary, Boston School Committee,

15 Beacon Street.

My dear Miss Cronin:

You are hereby notified that on January 1, 1940, at a meeting assembled for the purpose in the City Council Chamber, City Hall, Boston, the oaths of office prescribed by law were administered by Mayor Maurice J. Tobin, in my presence, to

Daniel J. McDevitt, 238 South Huntington Avenue

Joseph C. White, 116 Mt. Vernon Street

Clement A. Norton, 34 Myopia Road,

who were elected November 7, 1939, to be members of the school committee for the term of four years beginning with the first Monday in January, 1940; and also to Joseph Lee, 43 South Russell Street

Frederick R. Sullivan, 6 Adams street, who were elected November 2, 1937, to be members of the school committee for the term of four years beginning with the first Monday in January, 1938.

Attest:

(Signed) W. J. Doyle,
City Clerk.

Placed on file.

ELECTION OF CHAIRMAN

The Committee proceeded to the election of a Chairman, and the Secretary was directed to call the roll.

The members, as their names were called, respectively voted as follows:

For JOSEPH C. WHITE—Messrs. Lee, McDevitt, Norton, and Sullivan—4.

NOT VOTING—Mr. White—1.
The Chair declared Joseph C. White elected Chairman.

Mr. White assumed the Chair.

Chairman White: My first thought on assuming the office of Chairman of the Boston School Committee is to express my deep sense of gratitude to my colleagues for the high honor they have conferred upon me. I desire at this time to assure the members of the School Committee and to convey through them to the school service and to the citizens of Boston the assurance that I sincerely appreciate the responsibility devolving upon me as Chairman. I pledge my best efforts to fulfill the obligations of my office faithfully and in such wise as will reflect credit upon the School Committee and the School Department I am privileged to serve.

I take this occasion also to welcome to the Committee the two newly elected members, Mr. McDevitt and Mr. Norton, and to express to them the hope that their service on the Committee, though it is of necessity a service of serious importance and grave responsibility, may at the same time prove as great a source of pleasure and satisfaction as it has been to me during the past two years.

The responsibility of the School Committee for the conduct of the school system, viewed only from the material or physical standpoint, or regarded solely in its financial aspects, is certainly no sinecure. Control of the annual expenditure of approximately \$16,000,000, with administrative oversight of approximately 6,000 employees and approximately 300 school buildings valued at over \$70,000,000 will demand much time and energy.

Naturally one of the major problems confronting the Committee this year is the matter of economy. In this connection it is well to remember that for nearly a decade successive School Committees in Boston have engaged in a program of retrenchment. During the two years I served as a member of this Committee the amount of money certified by the School Committee as necessary to be raised by taxation was each year less than the preceding year, and in 1939 over \$800,000 less than in 1937. It goes without saying that the program of economy must continue to receive

PROCEEDINGS OF SCHOOL COMMITTEE.

(Continued from page 91.)

the utmost consideration. Every dollar appropriated and expended must be justified, and must bring a full dollar's return. On the other hand, it should not be forgotten that the schools exist for the benefit of the pupils. Care must be exercised lest zeal for economy be carried to the point where the law of diminishing returns begins to operate. The good of the system as a whole should be paramount and the welfare of the pupils should supersede all other considerations. For example, in any future building program it would appear that the City can no longer expect a grant from the Federal government through the Public Works Administration, and consequently any new construction such as the replacement of obsolete wooden buildings, or completion of an intermediate school building program will necessarily require an appropriation from the tax levy.

This is perhaps an opportune time to mention the fundamental question as to whether public school expenditures should be separate and distinct from the finances for other municipal purposes which are directly under the control of the Mayor. Various groups and individuals have from time to time suggested that school appropriations and expenditures should be subjected to the control of the chief executive of the city and that the authority of the School Committee in this regard should be subordinate to his authority. This opinion I believe to be contrary to sound public policy as well as to the express mandate of the Legislature. Any such change would not, in my opinion, prove satisfactory or to the advantage of the public schools. Despite the appropriating powers with which the School Committee has been invested by the Legislature, it has not been unmindful of the demands for other municipal purposes. On the contrary, it has cooperated with the Mayor of the City and has refrained from appropriating large amounts which might legally have been appropriated for school purposes. It has endeavored to maintain the school system in a manner acceptable to the people of Boston and has exercised every possible economy that could be effected without unduly curtailing the important public service over which it has been placed in control.

In addition to the material, physical, and financial aspects of school administration for which the School Committee is responsible, far more important are the purely educational curricula. The Committee is prepared to assume the trust placed upon it for the proper conduct of all functions of the system.

Casting about for a concise statement of the purpose of public schools, I came across the following paragraph in the 1922 report of Dr. Jeremiah E. Burke, former Superintendent of Schools in Boston, which expresses admirably what might be a text for each new School Committee to ponder as it begins its work:

"It is the right of children and youth to grow and develop; to ac-

quire correct habits, physical, intellectual and spiritual; and under the most competent guidance to be educated to the highest possible extent compatible with their capacities and endowments; to the end that as individuals and as members of society they may occupy those stations in life for which they are best qualified by nature and by training, and that therein they may discharge duties, perform services, and enjoy the blessings of liberty, more abundantly than they could in any other place or sphere in life."

Training for citizenship, as so well epitomized by Dr. Burke, is the ultimate aim and the sole justification of the expenditure for public education of the money raised by taxation of all the people.

I wish to refer briefly to two factors in the training for worthy citizenship in a democracy, which the Boston Public Schools have especially emphasized in recent years, namely, moral training and occupational training.

Boston has long been in the vanguard of educational systems in recognizing the imperative need of moral training. For fifteen years a course of study in citizenship training through character development has been prescribed for use in Boston schools. Intellectual training of itself does not necessarily make for good citizenship; knowledge alone may neither kindle an aspiration for virtuous living nor exemplify it. Training of the emotions and of the will is indispensable. Of supreme importance is spiritual development. Although most of our citizens believe as George Washington believed, that religion is the basis of morality, the public schools as non-sectarian institutions cannot teach creed or religion. They do, however, seek to impart to every child sound ethical judgment and a wholesome philosophy of life in keeping with the ancient statutory mandate of the Commonwealth, that,

"Instructors of youth shall exert their best endeavors to impress on the minds of children and youth committed to their care and instruction the principles of piety and justice and a sacred regard for truth, love of their country, humanity and universal benevolence, sobriety, industry and frugality, chastity, moderation and temperance, and those other virtues which are the ornament of human society and the basis upon which a republican constitution is founded."

While schools have co-operated with the home and the Church in developing moral character, it required the experience of recent years to show that moral training is inextricably woven into the fabric of economic independence, which includes the means of livelihood and the ability to maintain a home, rear a family, and participate happily in community activities. Perhaps the saddest picture in the present unemployment situation is the plight of youth. Statistics show that among young men of 18, 19, and 20 years of age, many of whom have completed their school life, an extremely large proportion, more than one-quarter, are either totally unemployed and in search of employment, or are working in the C. C. C., on N. Y. A. projects, or in

other emergency work. "In general," states the Biggers' Report on Unemployment, "the problem of the unemployment of youth is not one of income alone. Instead, it is one of saving or building morale, of utilizing and developing potential abilities." It is not without significance that the frequency of crime corresponds very closely with the struggle for economic independence. Following is a quotation from a speech delivered on November 2, 1939, by Ex-President Herbert Hoover:

"At no point is free government more on trial today than in the opportunity and faith in the future that it offers to youth. And it is the frustrated and disappointed youth who cannot get a chance who has the greatest right to complain of our civilization. Until that is solved we have not demonstrated that our system is the best in the world."

It is a pleasure to note that Boston has accomplished much in occupational training. The day and evening classes of the Trade Schools, and the cooperative courses in the various high schools have contributed greatly to the training of persons who seek instruction in what are known as the unit trades. Of like value are the recently established courses for apprentices and journeymen.

One of the fields hitherto unexplored has been that of training for those destined to serve in the semi-skilled and unskilled occupations. The newly established Vocational High and Opportunity School is one of the first institutions to offer what promises to be a fertile field for such training. The new survey of occupational opportunities and the recent reorganization of various departments to establish a Bureau of Child Accounting seem to offer unprecedented opportunities for help in the solution of the unemployment problem. In this connection the Bureau should furnish an answer to the greatly increased demand for vocational guidance. It is not too much to expect that with the Bureau completely organized provision will be made for at least one full time teacher of guidance in each high school. The central employment and statistics office should function effectively in surveys, statistics, publicity and curriculum revision, looking towards better occupational training for the youth of Boston.

The changing social and economic order offers a constant challenge to the schools to make continuing and progressive adjustments in educational objectives, methods, and courses of study. The schools that you and I attended would be hopelessly inadequate to provide for the needs of the children of today. The schools of today are prepared to accept the challenge of the changing social order. Even now they are making the necessary re-examinations and readjustments in their program for citizenship training to ensure a better social order in the days to come when every pupil of today, after the fullest possible development of his ability and personality, will find his proper place in the world.

In conclusion I desire to express again to the members of the Com-

mittee my grateful appreciation of the confidence they have reposed in me. My every effort shall be to justify this confidence by conscientious, painstaking, whole-hearted service. The year that faces us is not without its problems. The solution of these problems will require united effort upon the part of all. Confident of the unfailing support of my associates on the School Committee, I would appeal at this time for the utmost cooperation on the part of the Officers of the Board, Directors, Supervisors, Principals and Teachers to the end that Boston schools may continue to maintain their leadership in the march of educational progress.

IDEAL SCHOOL SYSTEM

Mr. Lee: May I compliment you, Mr. Chairman, on your very thorough statement. You have put your shoulder to the wheel of the school system and you have also, I might say, made a vow of service.

I wonder if I may ask your indulgence and that of my colleagues in order that I may make a similar brief effort along somewhat the same lines.

Chairman: Mr. Lee has the floor.

Mr. Lee: One thing which we have had before us and which may have been lost sight of, although it came up at a recent meeting, was that the Superintendent or the Board of Superintendents should give us a report on their ideal of the way our school system ought to work, that is, that they should put together their suggestions of the grand picture that our school system ought to be, with this in mind, that while we may be a slow team of horses, so far as we members of the Committee pulling the school system along are concerned, we can try to go as fast as the Board of Superintendents would have us.

We have not had that report which would show how the Board of Superintendents would like to see the system shape up.

The question has always come up in Mr. Gould's mind that if he had enough money, if money was no consideration, innumerable fine things could be done, but where we are confined to our budget not so much can be done.

If we could get the Board of Superintendents to report on how the school system would look if they had unlimited money, and then let them close their eyes to the school system which we have now, they might imagine a limited budget and a glorified school system brought down to what our budget is; in other words, pared down to the presumable amount of money and at the same time, perhaps, containing all kinds of advantages and courses which we do not have in our present system. It might contain changes in the salary schedules and it might contain various changes in curricula and uses of school buildings. Then we would have an excellent working basis for our work in what I might describe as Mr. Gould's ideals and the ideals of the Board of Superintendents.

I wonder if the School Committee, by a formal vote or otherwise, would be willing to request the

Superintendent to start us off this new year by laying before us a report on how he and the Board of Superintendents think the school system might be run.

Chairman: I would like to ask the Superintendent to speak to that.

Superintendent: As you may know from the start that is a pretty large-sized order, to ask the Board of Superintendents to prepare an outline of an ideal school system based on the theory that we have unlimited funds at our disposal.

It is something that would require the most searching investigation of new procedures and practices that have proved successful in other parts of the country. It would require a detailed analysis of all the procedures and practices that are in effect now. The question of salary that Mr. Lee raises would be one of extreme difficulty.

If we are to picture an ideal system I think we ought to be given sufficient time to make a report on the subject, at least a time commensurate with the size of the job which at the present time is almost inconceivable. I think it is a matter that might be referred first to the Board of Superintendents for consideration to see whether it is feasible or not.

Mr. Lee: I am convinced that Mr. Gould and the other members of the Board right now, without much if any further study, do have excellent ideas in their minds which have not come into my mind, as to how they would like to see our school system shape up. I am not asking or suggesting that they get every factor down to the last detail. In fact, you cannot suddenly make changes over night anyway. There is no particular point in the Board of Superintendents figuring out precisely how each detail of a possibly modified school system would fit together. I think if we just had the ideas that they now have about obvious changes looking toward an ideal school system, we might benefit very much from them.

After the lapse of a due amount of time, say one month, I would ask the Board of Superintendents to try to give us the best thought in their minds as a general sketch; that is, to report back within one month.

Mr. Sullivan: I think it might be advisable to have the Board of Superintendents bring in to us their recommendations of all the things or all the respects in which they would improve the system. I think that should go on at any time.

Anything that they do bring in I would like brought in with some estimate of the cost at the same time. I think there is no sense in our wasting their time and wasting our time on things as to which we cannot provide a change. I think the Board of Superintendents should feel free to bring to this Board the best that they can get or anyone else can get in the way of education.

Mr. Lee: In part, the Board of Superintendents do that anyway. My thought is to have them divorce themselves from the routine and details of this system and set forth an imaginary school system operat-

ing on the amount of money that we presumably spend in this city.

Superintendent: I understood you to say regardless of the amount of money.

Mr. Lee: I tried to get this thought; first, as a mental process, to project the ideal school system, irrespective of money, that is, using unlimited money, and then, realizing that we are dealing with realities, get that down to a budget of a size equal to the one that we are now functioning on.

First, having conceived everything you would like to have, still holding to your ideal, and then having brought it down to the amount of money available, we would have the picture of a model school system functioning on this amount of money but without having to entertain the question of how changes would be made. I wouldn't want the Board of Superintendents to consider what changes they would have to make in this system.

I am looking for a direction finder, to get something to shoot at. I do not know that I make myself clear.

I may be driving my old Ford but I want somebody to put beside me a car that costs the same amount and that is right up to date. I know I can't make the Ford over into a new car, but I would like to know what the new car looks like as I use my monkey wrench and apply my paint brush.

Chairman: Is it agreeable to you to have the Board of Superintendents within a week determine whether they can within a reasonable time bring in the sketch you are talking about?

Mr. Lee: When I discussed this last year I think the Board of Superintendents seemed ready to give us the benefit of the ideas they had at that date. I had hoped that much was covered. I would then set a longer time and get the benefit of what the Board of Superintendents could give us in a month.

Superintendent: Do you want the Board of Superintendents to give you what it would like to add to the present school structure if it had the money?

We do not admit that we are wasting any money on the educational system we have now. You are asking us to discard parts of this present system of education and outline another plan which would cost the same amount of money.

Mr. Lee: Take this system and wipe it out with a stroke of your hand, and then outline the kind of an ideal school system you would like to see in a city of this size, with a comparable budget. I think it would show quite a few changes which are not being incorporated in our system because of the fact that you cannot suddenly overturn and replace machinery over night. Yet it would give us a picture of what an ideal school system, built up from the ground, made up out of a whole cloth, in a city the size of this city, operating on the same amount of money, would look like. And that would be of tremendous value to us.

Superintendent: It would be a tremendous piece of work. You have to consider every phase of the present school system and

weigh that against what theoretically might be an advantage. I do not know what good that is going to accomplish commensurate with the amount of work it would take to prepare it.

Mr. Lee: I would be willing to ask the Board of Superintendents to consider the amount of work involved in doing that.

I cannot help but feel that there is a great deal in the minds of the Board of Superintendents which could be set down on paper for the benefit of myself and other members of the Committee, which would show an ideal school system of this size and on which, if the slate were clean, we could, with this amount of money, write a new school system.

Superintendent: I think the original proposition that I suggested was to have the Board of Superintendents consider, first the feasibility of Mr. Lee's proposition.

Mr. Sullivan: I would like to move that the Board of Superintendents be instructed to consider the feasibility of bringing in such plan as has been suggested.

Mr. Lee: If that seems to be the easy way to do, I would be glad to go along with that. Last year the Board of Superintendents did bring in this idea of a Bureau of Child Accounting. I feel sure there are many such changes or modifications of our school system which probably have been lying in the backs of the minds of the Board of Superintendents for a long time. Unless they are brought in piecemeal at one moment or another we do not get them, and in shaping our ideas and policies we do not have the benefit of the leadership or the ideals of the expert educational forces in the system.

Mr. Sullivan's motion passed unanimously.

Chairman: I think we should designate a length of time on that reference and give the Board of Superintendents as much time as is necessary.

Mr. Lee: I thought the motion called for a week.

Chairman: Did you stipulate a week?

Mr. Sullivan: I do not know that I did. I would say a reasonable length of time.

ADOPTION OF RULES AND REGULATIONS

On motion, it was

ORDERED, That the rules of the School Committee and the regulations of the Public Schools of last year which involve the expenditure of money, are hereby adopted for the present year until otherwise ordered.

On motion, it was

ORDERED, That the rules of the School Committee and the regulations of the Public Schools of last year, which do not involve the expenditure of money, are hereby adopted for the present year until otherwise ordered.

ELECTION OF TREASURER

The Committee proceeded to the election of a Treasurer of the Corporation.

The Secretary was directed to call the roll, and the members as their names were called respectively voted as follows:

For JOSEPH C. LEE—Messrs. Sullivan and White—2.

For DANIEL J. McDEVITT—Messrs. Lee and Norton—2.

For CLEMENT A. NORTON—Mr. McDevitt—1.

The Chair declared there was no choice.

A second ballot was ordered with the following result:

For JOSEPH LEE—Messrs. Sullivan and White—2.

For DANIEL J. McDEVITT—Mr. Norton—1.

For CLEMENT A. NORTON—Mr. McDevitt—1.

Not Voting—Mr. Lee—1.

On motion of Mr. McDevitt, the election of Mr. Lee as Treasurer of the Corporation was made unanimous.

TUITION OF NON-RESIDENT PUPILS

A communication was received from R. O. Small, Director, Division of Vocational Education, Department of Education, under date of Dec. 21, 1939, reporting that on the basis of information on file in that office, a tuition rate of \$42 per year is approved and effective for non-resident pupils in attendance upon the Boston Part-time Co-operative Distributive Occupations School, to date from Sept. 1, 1939.

Placed on file.

DEATH

The Superintendent reported the death of the following-named master emeritus who had been retired under the provisions of the Boston Retirement System:

Robert Gould Shaw District—Gardner P. Balch, master emeritus, Dec. 26, 1939.

Placed on file.

RESIGNATIONS

The following resignations, reported by the Superintendent to take effect on the dates stated, were presented:

Girls High School—Lillian C. Gorman, assistant, Dec. 22, 1939.

Roslindale High School—Louise L. Howe, assistant, Dec. 22, 1939.

Charles Sumner District—Emma V. Thomas, first assistant, kindergarten, two sessions, Dec. 22, 1939.

Lowell District—Mary C. Norton, assistant, elementary, Dec. 22, 1939.

Thomas A. Edison Intermediate District—Mary G. Diaz, assistant, intermediate, Dec. 22, 1939.

Department of Vocational Guidance—Laura M. Sweet, vocational assistant, Dec. 22, 1939.

Accepted.

TRANSFERS

A communication was received from the Superintendent, under date of Jan. 3, 1940, reporting that subject to the approval of the School Committee, he has made the following transfers of teachers:

Katherine C. Hanley, assistant, elementary, Francis Parkman Dis-

trict, to the same position in the Agassiz District, Jan. 2, 1940.

Mary G. McCaffrey, first assistant, kindergarten, two sessions, Martin District, to the same position in the Charles Sumner District, Jan. 2, 1940.

Ellen J. McGowan, assistant, elementary, Agassiz District, to the same position in the Lowell District, Jan. 2, 1940.

Approved.

TEMPORARY ASSISTANCE

On motion, it was

ORDERED, That during the current financial year the Superintendent is hereby authorized to employ such temporary and emergency secretaries, clerical assistants, and librarians in the schools as he may deem advisable.

On motion, it was

ORDERED, That during the current financial year the Secretary is hereby authorized to employ such temporary assistance in the offices of the Superintendent-Secretary, and at such compensation as she may deem advisable.

EXTENSION OF CONTRACTS, APPROVAL OF SUMMARIZED REQUISITION ON CITY AUDITOR, AND OTHER ITEMS

A communication was received from the Business Manager, under date of Jan. 3, 1940, recommending the passage of the accompanying twelve orders, as follows:

1. ORDERED, That the contracts for semi-bituminous coal between the School Committee and the Metropolitan Coal Company, the Staples Coal Company d/b/a City Fuel Company and the White Fuel Corporation, under date of June 22, 1939 and providing for the delivery of semi-bituminous coal from June 16, 1939 to December 31, 1939, are hereby continued to June 15, 1940, as provided for in Section 1 of the contracts.

2. ORDERED, That the contract for anthracite coal between the School Committee and the Staples Coal Company d/b/a City Fuel Company, under date of June 22, 1939, and providing for the delivery of anthracite coal from June 16, 1939, to Dec. 31, 1939, is hereby continued to June 15, 1940, as provided for in Section 1 of the contract.

3. ORDERED, That the contracts for nut and slack coal between the School Committee and the Staples Coal Company d/b/a City Fuel Company and the White Fuel Corporation, under date of June 22, 1939, and providing for the delivery of nut and slack coal from June 16, 1939, to Dec. 31, 1939, are hereby continued to June 15, 1940, as provided for in Section 1 of the contract.

4. ORDERED, That the contracts for heavy fuel oil between the School Committee and the Metropolitan Coal Company, the Pennsylvania Oil Company, the Petroleum Heat and Power Company and the White Fuel Corporation, under dates of July 28, August 7, July 28 and August 7, 1939 respectively, and providing for the delivery of oil from June 16, 1939 to December 31,

1939, are hereby continued to June 15, 1940, as provided for in Section 1 of the contract.

5. ORDERED. That the contract for medium fuel oil between the School Committee and the Metropolitan Coal Company, under date of July 28, 1939, and providing for the delivery of oil from June 16, 1939 to December 31, 1939, is hereby continued to June 15, 1940, as provided for in Section 1 of the contract.

6. ORDERED. That the contract for light fuel oil between the School Committee and the White Fuel Corporation, under date of August 7, 1939, and providing for the delivery of oil from June 16, 1939, to December 31, 1939, is hereby continued to June 15, 1940, as provided for in Section 1 of the contract.

7. ORDERED. That the School Committee hereby acknowledges, the valuable assistance rendered by the Sealer of Weights and Measures in checking the weights of coal delivered by contractors in the several school buildings during the past year.

8. ORDERED. That the School Committee hereby requests the Sealer of Weights and Measures to check the weights of coal to be delivered to the several school buildings during the current year.

9. ORDERED. That during the current fiscal year the Business Manager is hereby authorized to employ such temporary assistance as may be required in his office and at the Supply Room, and at such compensation as he may deem advisable.

10. ORDERED. That during the fiscal year 1940 the Chairman of the School Committee is hereby authorized to accept, enter into and execute on behalf of the School Committee, contracts for equipment, supplies and other items, each contract having been prepared by the Business Manager and previously approved by him in writing as required under the provisions of Chapter 231 of the Acts of 1932.

11. ORDERED. That during the fiscal year 1940 any member of the School Committee is hereby authorized to approve summarized requisitions and special drafts on the City Auditor prepared by the Business Manager and which cover all pay rolls, vouchers and other documents calling for the expenditure of money, each of which has been previously approved in writing by the Business Manager as required under the provisions of Chapter 231 of the Acts of 1932.

12. ORDERED. That under the provisions of Chapter 231 of the Acts of 1932, J. George Herlihy, Assistant Business Manager, shall act as Business Manager, during the current fiscal year, only during the time that the Business Manager is absent or otherwise unable to act, and shall, during such time, exercise all the powers and perform all the duties of said Business Manager.

The communication was placed on file and the twelve orders passed.

On question as to the purpose of the foregoing orders authorizing the extension of contracts for fuel, the Business Manager stated that there is a section in each of those

contracts which gives the School Committee authority to extend the contracts from one fiscal year into another. The awards are made with that understanding, but action by the School Committee authorizing the extension to the close of the school year is necessary in each case.

The Committee adjourned.

Attest:

ELLEN M. CRONIN,
Secretary.

NO COST CONTROL FOR REFUSE DISPOSAL.

American cities on the whole may be clean housekeepers, but they don't know how much it is costing them to be clean or whether they are spending too much. Only a few cities are able to report accurately the unit cost of removing garbage and other refuse and of cleaning streets, according to the Public Administration Service of Chicago, Ill., which further reports that at least 90 per cent of the cities in this country have no cost control over this service.

CITY OF BOSTON.

DEPARTMENT OF SCHOOL BUILDINGS.

TO HARDWARE DEALERS.

The Superintendent of Construction of the Department of School Buildings of the City of Boston invites sealed proposals for furnishing and delivering, for the year 1940, various kinds of nails, for the Department of School Buildings, for W. HOSPITAL DEPARTMENT.

PROPOSALS FOR REPAIR OF CHIMNEY STACK.

The Trustees of the Boston City Hospital invite sealed proposals for repairing chimney stack of Power House, Boston City Hospital, in accordance with the specifications. A bond in the sum of 45 per cent of entire contract price will be required for the faithful performance of the contract. Proposals may be obtained at the office of the Superintendent of the Boston City Hospital, 818 Harrison avenue, Boston, Mass., on or after Tuesday, January 30, 1940. Said proposals are to be addressed "Proposal for Repair of Chimney Stack, Boston City Hospital," and must be signed by the bidder and left at the office of the Superintendent, at above address, before 12 o'clock noon of Wednesday, February 7, 1940, at which time and place said proposals will be publicly opened and read. Each proposal shall be accompanied by cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of three hundred dollars (\$300), to become and be the property of the City of Boston as liquidated damages if, after an award is made to him, the bidder shall fail to enter into the contract therefor, within ten days after notice of said award has been mailed to him. Bid bonds will not be accepted. The bids must be made in duplicate, the one with the cash, certified check or certificate of deposit to be left as above, the other to be deposited with the City Auditor, City Hall, Boston, previous to the time named for opening the bids. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under this contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained without cost upon application to the Superintendent of the Boston City Hospital. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract, and sufficient proof of compliance with the foregoing stipulation will be required before the award of said contract. The Trustees reserve the right to reject any or all bids if it be in the public interest so to do.

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 32.

SATURDAY, FEBRUARY 3, 1940.

No. 5

MAYOR TOBIN PARES BUDGET ESTIMATES TO IRREDUCIBLE MINIMUM FOR 1940 CONSISTENT WITH PUBLIC INTERESTS, THUS BRINGING FIGURES TO \$357,196 BELOW THOSE OF 1939—IN BUDGET RECOMMENDATIONS TO CITY COUNCIL HE AGAIN KEEPS PLEDGE TO CITIZENS TO CONDUCT AFFAIRS WITH GREATEST ECONOMY CONSISTENT WITH EFFICIENT SERVICE—SAVINGS EFFECTED ESTABLISH RECORD LOWEST IN YEARS.

Mayor Tobin has effected even greater economies in the estimates of the budget for the year 1940 than he was able to in 1939, according to the figures submitted to the City Council in a message on Monday, January 22, thus again keeping to his campaign pledge for economy in his administration. The budget, as presented, shows itself to be \$319,697 below that of last year for city departments, and for Suffolk County a reduction of \$37,499 over the 1939 total.

The Mayor's estimates for the city for 1940 total \$39,625,651. A year ago the total was \$39,945,349. The county budget totals \$3,638,000. A year ago it was \$3,676,000.

The budget message of the Mayor to the Council reads as follows:

CITY OF BOSTON,
OFFICE OF THE MAYOR, January 29, 1940.

To the City Council.

GENTLEMEN,—I submit herewith in segregated form my budget recommendations for the year 1940, in compliance with section 3 of the amended City Charter. In my opinion they represent irreducible minimum allowances consistent with the public interest. In view of the submission of a budget smaller in amount than its preceding budget for three successive years, it is highly questionable whether any further reductions can be made without seriously impairing some of the many services which the municipality is required to render. Cognizant, however, of the prerogatives of your Honorable Body with reference to study and review, I have for the first time in the budgetary history of the city placed Boston upon a twelve-month budget basis through the establishment of allotment controls pending passage of the budget itself.

City Departments.

	1939 Appropriations.	1940 Allowances.	Increase.	Decrease.
A. Personal Service.....	\$19,771,961 32	\$19,741,050 00	—	\$30,911 32
B. Contractual Services.....	3,173,736 33	3,101,043 23	—	72,693 10
C. Equipment.....	484,200 38	565,510 74	\$81,310 36	—
D. Supplies.....	2,107,341 90	2,236,676 27	129,334 37	—

H. Relief Projects.....	1,637,400 00	1,418,739 02	—	218,660 98
Special Appropriations *.....	957,825 00	762,305 00*	—	195,520 00
	\$39,945,349 16	\$39,625,651 26	\$214,280 50	\$553,978 40

* Net decrease, \$339,697.90.

Personal Service.

From records at the office of the Budget Commissioner it is to be noted that the allowance for Personal Service is the lowest appropriation on a full year salary basis, excepting pay cut years of 1933 and 1934, for city departments since 1928. There is no specific allowance for an increase of quota of patrolmen in the Police Department at the present time. In the event, however, that further consideration of the matter indicates its necessity, I feel certain that the budget in its present form should obviate the necessity of an additional appropriation. It was necessary, because of more actual working days in 1940 than in 1939, to provide \$30,000 more than last year to cover the compensation of per diem employees. Because of the State and Presidential elections, the Election Department will conduct three elections this year as against one last year. A consequent, but unavoidable increase in pay roll of \$50,000 because of this has been offset by pay roll savings in other departments.

(Continued on page 99.)

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"
From Boston Centennial Poem by
NATHAN HASKEL DOLE.

Advertising.

A rate of \$2 per inch of 12 lines (set solid) has been established for such advertisements as under the law must be printed in the *City Record*. Advertising and other copy must be in hand by Thursday of each week to insure its publication in the Saturday issue.

Copies for sale at the Statistics Department, 73 City Hall.

MUNICIPAL CALENDAR.

Meeting of the City Council, Monday, February 5, at 2 p. m.
Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

To THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways, the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in

public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marqueses, bay windows, coal holes and vaults.

To THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

To THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

To Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

To THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables slaughterhouses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

To THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, the Airport, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made

to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

To THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

To THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

To THE BOARD OF EXAMINERS, Room 907, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

To THE STATISTICS DEPARTMENT, 73 City Hall, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

To THE WIRE DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 103, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

To THE BOARD OF ZONING ADJUSTMENT, 43 City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 483 of the Acts of 1924, and amendments thereto.

MORTALITY REPORT.

For the week ending January 27, 1940.
Population as of July, 1940, Massachusetts State Census, 817,713; population estimated, July, 1940, United States Census Bureau, 815,128; number of deaths (stillbirths excluded): Residents, 179; nonresidents, 43; total, 222.
Death rate per 1,000 of population: All deaths, 14.16; nonresidents deducted, 11.42.

Death rate per 1,000 of population:

Last week, 15.25; corresponding week last year, 15.88.

Deaths by age periods, sex, etc.: Under one year, 8; one year to four years, inclusive, 4; sixty years and over, 134. Total deaths: Male, 114; female, 108; deaths in hospitals and institutions, 120; deaths of colored, 8.

REPORTABLE DISEASES: CASES AND DEATHS.*

APPROPRIATIONS AND TAX ORDERS.

(Continued from page 97.)

Contractual Services.

The reduction of \$72,693.10 in this item is distributed over fourteen departments. It is the lowest appropriation request for this item in nineteen years.

Equipment.

In 1939 the Equipment appropriation was the smallest in the history of the segregated budget. Equipment replacement has been deferred to the point where it is now imperative in certain classes. The major portion of the increase allowed is to cover the purchase of an aerial ladder, two other fire-fighting units, and fire hose. The remainder of the increase is to cover ordinary replacements, long deferred.

Supplies.

The allowance of 1939 for Supplies was the lowest of nine years out of the last eleven. Because of increased prices of fuel, medical and surgical supplies, and for food necessary for the feeding of some 6,500 patients, inmates, and employees in our hospital, sanatorium, and institutions, provision has been made for a margin of safety beyond last year's appropriation in the supply item of this year's budget. The increased allowance is \$129,334.37.

Materials.

The allowance for Materials, \$230,857, is the lowest amount recommended for city departments in the last twenty-odd years.

Special Items.

The allowance for Special Items, which consists primarily of the city appropriation for Aid to Dependent Children, Dependent Aid, and Old Age Assistance, is \$11,538,000. This is \$3,600 more than last year's allowance.

Relief Projects.

The allowance for Relief Projects for the purpose of defraying Boston's share of W. P. A. projects is \$218,660.98 less than

last year. Boston averaged 26,000 people employed on W. P. A. projects for the first six months of last year, and, based on present quotas, it is not expected that Boston will average more than 19,000 for the same period in 1940. With optimism for a building boom and a resulting shortage of unemployed skilled labor, it is doubtful if as many and as extensive W. P. A. projects will be necessary this year.

Special Appropriations.

The aggregate of the various allowances under this group reflects a net decrease of \$195,520. No allowance has been made for Snow Removal — its need or extent cannot accurately be predetermined. If it becomes necessary I shall request such an appropriation. An allowance of \$25,000 has been made covering the city's share of the cost of the American Legion National Convention which Boston is privileged to have as its guest this year. The many benefits inuring to our city and its people in themselves recommend this allowance. An allowance of \$70,000 has been made for the partial reconstruction of the roof of the Central Library, Copley square. The progressive deterioration of this tile roof has reached such a stage that it would be uneconomical to postpone this necessary reconstruction. In this connection permit me to quote from the estimates of the trustees of the Public Library on this subject. "The protection of the invaluable book collections of the Boston Public Library, the preservation of the splendid library building itself, the comfort of the public using the facilities of the library, and the measure of economy in the upkeep of the building, all are factors calling for serious consideration in relation to this request".

An allowance of \$165,000 has been made to supplement the appropriation of \$87,555.05 in 1939, for the construction of the men's dormitory at Long Island, made necessary by the re-possession by the War Department of the National Government of its property which had been used as a male inmates' dormitory.

County Departments.

	1939 Appropriations.	1940 Allowances.	Increase.	Decrease.
A. Personal Service.....	\$2,566,054 96	\$2,591,811 46	\$25,756 50	—
B. Contractual Services.....	598,032 50	620,847 10	22,814 60	—
C. Equipment.....	74,004 00	42,448 00	—	\$31,556 00
D. Supplies.....	285,230 00	273,836 00	—	11,394 00
E. Materials.....	23,730 00	20,250 00	—	3,480 00
F. Special Items.....	53,760 10	64,169 76	10,409 66	—
H. Relief Projects.....	26,500 00	24,500 00	—	2,000 00
Special Appropriations *.....	49,000 00	1,000 00*	—	48,000 00
	\$3,676,311 56	\$3,638,862 32	\$58,980 76	\$96,430 00

* Net decrease, \$37,449.24.

Allowances for County Maintenance show a decrease of \$37,449.24 from 1939 appropriations. The above table indicates in comparative form the various factors contributing to this net decrease.

Personal Service.

The increase in Personal Service is due primarily to overlay on increment adjustments.

Contractual Services.

The increase of \$22,814.60 in Contractual Services is due to increased allowances for fees for jurors and witnesses for the Suffolk Superior Court (the allowances of 1939 were insufficient for that purpose), and to an allowance of \$9,500 for binding of the consolidated indexes of the Probate Court under the provisions of General Laws, chapter 217, section 15.

Equipment.

The decrease in this item is practically all due to reduced equipment allowances for the Suffolk County Court House. The appropriation of 1939 was larger than normal because of the requests for purchasing additional equipment incidental to the opening of the new Court House.

Special Items.

The increase in Special Items is due to the necessity of providing overlay for the pension of the Chief Justice of the Municipal Court and also for overlay for the pension of the Chief Probation Officer of the same court. The sum of \$5,000 has been appropriated as working capital for the House of Correction "Industries Account."

(Continued on page 100.)

MANY TYPES OF W. P. A. PROJECTS.

The Works Progress Administration has placed in operation a total of more than 300,000 projects. Except for the more pretentious types of construction, these projects have covered almost the whole field of American endeavor in meeting the primary objective of relieving unemployment. *The American City.*

INTERSTATE MUNICIPAL COOPERATION.

At a recent meeting in New York City a new type of interstate municipal cooperation was launched by officials of cities in New York, New Jersey, and Pennsylvania. The plan is based on direct cooperation among officials of a region on pressing problems of local government.

CINCINNATI'S NEW SPORTS FIELD.

Cincinnati's outstanding recreational event of the past year has been the opening of its 200-acre Airport Sports Field — an instantaneous success. Although far from completion and lacking in many necessary facilities, it is already paying its own way. *American City Magazine.*

APPROPRIATIONS AND TAX ORDERS.

(Continued from page 99.)

Revenue Departments.

	1939 Appropriations.	1940 Allowances.	Increase.	Decrease.
A. Personal Service.....	\$1,256,086 08	\$1,239,800 00	—	\$16,286 08
B. Contractual Services.....	228,071 00	210,965 80	—	17,105 20
C. Equipment.....	43,547 90	49,084 00	\$5,536 10	—
D. Supplies.....	39,630 90	42,864 00	3,233 10	—
E. Materials.....	180,245 00	154,365 00	—	25,880 00
F. Special Items.....	16,144 05	16,625 28	481 23	—
H. Relief Projects.....	100,000 00	94,000 00	—	6,000 00
Special Appropriations *.....	129,000 00	128,000 00	19,000 00	—
	\$1,992,724 93	\$1,935,704 08	\$28,250 43	\$65,271 28

*Net decrease, \$37,020.85.

Although the revenue departments of the city are self-sustaining and are not provided for from tax collections, but from fees charged for their services, there is given above for your information a comparative statement of allowances for these groups.

Respectfully,

MAURICE J. TOBIN, Mayor.

DEPARTMENT CHANGES.

The Mayor has approved the following appointments:

ASSESSING DEPARTMENT.

Parker B. Robinson, temporary clerk, \$4 a day.
 Francis F. Martin, temporary clerk, \$4 a day.
 Albert J. Chamrin, temporary clerk, \$4 a day.
 Abraham Greenberg, temporary clerk, \$4 a day.
 Henry S. Ryan, temporary clerk, \$4 a day.
 George L. Brennen, temporary clerk, \$4 a day.
 Joseph G. Power, temporary clerk, \$4 a day.
 Hyman Indorff, temporary clerk, \$4 a day.
 Maurice M. Dubin, temporary clerk, \$4 a day.
 Joseph D. Miller, temporary clerk, \$4 a day.
 Samuel R. Palzbaum, temporary clerk, \$4 a day.
 Francis P. Earle, temporary clerk, \$4 a day.
 Francis J. Tominey, temporary clerk, \$4 a day.
 William F. Dinn, temporary clerk, \$4 a day.
 Fred H. Frankel, temporary clerk, \$4 a day.
 George E. Killion, Jr., temporary clerk, \$4 a day.
 Eustis R. Buffum, temporary clerk, \$4 a day.
 Frank J. Lang, temporary clerk, \$4 a day.
 Arthur C. Reeves, temporary clerk, \$4 a day.

HOSPITAL DEPARTMENT.

Walter H. Thornton, elevator operator, \$16 a week.

INSTITUTIONS DEPARTMENT.

Fulton P. Wesson, deckhand, temporary, \$1,700 a year.

The Mayor has approved the following promotions or adjustments in compensation:

ASSESSING DEPARTMENT.

John A. Sharkey, civil engineer, Grade 3, from \$2,300 to \$2,400 a year.

HOSPITAL DEPARTMENT.

James Russell Lowell, from orderly at \$16.50 a week to orthopedic assistant at \$21 a week.

PUBLIC WORKS DEPARTMENT (Water Division).

Timothy F. Murphy, supervising clerk, from \$2,200 to \$2,300 a year.

CONTRACTS AWARDED

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

PUBLIC WORKS DEPARTMENT.

Upon January 26 the Mayor approved a contract with Edward J. Lang for supervising the laying of and jointing and riveting 48-inch welded steel water pipe in Tremont street, between Prentiss and West Concord streets, at an estimated cost of \$8,640. The following bids were received January 15:

Edward J. Lang, \$8,640; Baker & Co., \$9,072; A. Orlando, Incorporated, \$10,080; M. DeMatteo Construction Company, \$11,232.

Upon January 26 the Mayor approved a contract with Baker & Co., the lowest bidder, for placing high curbs on the Summer Street Bridge, over Fort Point Channel; Summer Street Bridge, over Reserved Channel, and Meridian Street Bridge, over Chelsea Creek, at an estimated cost of \$9,176. The following bids were received January 26:

Baker & Co., \$9,176; Marinucci Brothers & Co., \$9,387.50; J. J. Callahan, \$9,482.70; John F. Shea & Co., \$10,171.55; A. Orlando, Incorporated, \$10,651.50; Austin McDonald, \$11,010.45; W. H. Ellis & Son Company, \$11,891.85; Chandler Construction Company, Incorporated, \$12,183.35; Frankini Construction Company, \$14,254.25.

SCHOOL COMMITTEE.

The School Committee has approved proposals for furnishing candy for Boston public school cafeterias. Bids, opened Monday, November 27, 1939, were received from the following concerns:

Edward J. Lynch, J. L. Sullivan Company,

Contract was awarded to J. L. Sullivan Company under date of January 3, 1940, in the sum of \$2,450, less 3 per cent. Tabulation follows:

3,500 Boxes Candy, 5-Cent Pieces, 24 Count.—Edward J. Lynch, unit price, 68 cents; total, \$2,380; J. L. Sullivan Company, unit price, 70 cents; total, \$2,450; 3 per cent, ten days.

The School Committee has approved proposals for furnishing bread and rolls for Boston public school cafeterias. Bids, opened Monday, November 27, 1939, were received from the following concerns:

General Baking Company, Ward Baking Company.

Award was made to the lowest responsible bidder in accordance with specifications and contract awarded to the Ward Baking Company, under date of December 28, 1939, in the sum of \$1,146.

The School Committee has approved proposals for furnishing groundwood-sulfite writing paper in packages and blocks for Boston public schools. Bids, opened Wednesday, January 3, were received from the following concerns:

E. E. Babl & Co., Incorporated, Milton Bradley Company, Gledhill Brothers, Incorporated, J. L. Hammett Company, H. S. Wolkins Company.

Award was made to the lowest responsible bidder in accordance with specifications and contract executed as follows: January 15, 1940, J. L. Hammett Company, \$7,457.50.

The School Committee has approved proposals for rebinding books. Bids were opened Tuesday, December 28, 1939. One bid only was received, as follows:

George Coleman Company, 35 cents per book; discount 2 per cent, ten days.

Contract was awarded to George Coleman Company under date of January 15, 1940.

POLICE DEPARTMENT ORDERS.

General Order No. 437.

The police officers hereinafter listed, having arrived at the age of sixty-five years and more, and having performed faithful service in the Police Department for the number of years stated, it is hereby

Ordered, His Honor the Mayor having approved the same, that they be retired from active service and their names placed upon the department pension roll with pay, payable monthly, at the rate in each case respectively set out; said sum being one half of the amount of compensation received by each in the office from which he is retired; effective at 7.45 o'clock a. m., Thursday, February 1, 1940:

Norman S. Ramsay, lieutenant, Division 11, age, 66 and 2-12 years; length of service, 34 and 10-12 years, \$1,350 a year.

Henry M. Pierce, lieutenant-inspector, Bureau of Criminal Investigation, age, 65 and 10-12 years; length of service, 39 and 3-12 years, \$1,350 a year.

Andrew W. Ryan, sergeant, Division 10, age 66 and 3-12 years; length of service, 33 and 9-12 years, \$1,250 a year.

Thomas L. Maxom, sergeant, Division 13, age, 66 and 5-12 years; length of service, 38 and 2-12 years, \$1,250 a year.

Patrick J. Morrissey, sergeant, City Prison, age, 67 and 4-12 years; length of service, 39 and 5-12 years, \$1,250 a year.

Frederick G. Brauer, sergeant, City Prison, age, 66 and 2-12 years; length of service, 39 and 10-12 years, \$1,250 a year.

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

General Order No. 438.

Sergt. Arthur McK. Eunson and Patrolmen Edward Fallon, Bernard W. Fay, John J. Dunne and James E. Wightman, all attached to Division 4, are commended for efficient police duty performed on January 10, 1940, in connection with the arrest of two juveniles responsible for a large number of breaks and malicious injury to valuable school property which was destroyed or stolen in the South End and Roxbury districts.

The commissioner is pleased to recognize and commend these officers for their initiative and splendid judgment shown in performing this important police duty.

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

General Order No. 439.

Patrolman John F. Hourihan of Division 4 and Denis J. Riordan and Joseph G. Hudson attached to the Bureau of Criminal Investigation are commended for efficient police duty performed on the night of December 15, 1939, in connection with the pursuit and capture of a man who had broken and entered a large clothing store in downtown Boston and was about to carry away valuable merchandise.

The commissioner is pleased to commend these officers for their prompt response to a radio message and devotion to duty shown in the pursuit and apprehension of this culprit.

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

COASTING STREETS AMENDED.

The Mayor has approved the following vote of the Board of Street Commissioners:

Voted, That the order of the Board of Street Commissioners of December 12, 1939, approved by the Mayor December 21, 1939, designating coasting streets in the different sections of the city, be, and the same hereby is, amended, as follows:

Police Division 17.

So as to add to said paragraph the words: "Tennyson street, between La-Grange and Bellevue streets," intending thereby to authorize coasting on said street.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, during the period of street construction, estimated to be six (6) months, vehicles are excluded from the following street, effective January 25, 1940:

Bussey Street, West Roxbury.
From South street to Walter street.

CLAIMS DISAPPROVED.

The following eighty-four claims have been disapproved by the Law Department:

Building Department, two claims; Collecting Department, one claim; Fire Department, three claims; Health Department, one claim; Hospital Department, two claims; Institutions Department, one claim; Park Department, six claims; Public Buildings Department, one claim; Police Department, ten claims; Public Works Department, fifty-three claims; School Buildings Department, two claims; School Committee, one claim; Weights and Measures Department, one claim.

RESTORATION OF SALARIES.

The Portland City Council has granted full restoration of salaries to all city employees, at an estimated cost (for the remaining six months of the year) of \$162,430. This will put the city in the red at the end of the year unless additional revenue is obtained. Increases and adjustments of salaries for individuals will be considered as soon as finances permit.

FIRE DEPARTMENT ORDERS.

General Order No. 1.

I. RESIGNATIONS.

The following resignation, which took effect at 8 a.m., Tuesday, January 2, 1940, is hereby announced:

Ladderman Herbert L. Schlimper of Ladder Company 8.

The following resignation, which took effect at 8 a.m., Wednesday, January 3, 1940, is hereby announced:

Ladderman Edward J. McNabb of Ladder Company 18.

Ladderman Schlimper was appointed to the department on July 16, 1937, and Ladderman McNabb was appointed to the department on May 31, 1929.

II. CHANGE IN BOX 2695.

As the Germantown School has been discontinued, Box 2695, Washington and Stimson streets, has been replaced by a box with the same number, without the auxiliary attachment.

Company commanders will make the necessary correction on the assignment card for Box 2695 by dropping the words "Aux. Germantown School."

III. FEDERAL INCOME TAX.

Report slips on Federal Income Taxes for the year 1939 are being distributed today. These slips are to be filled out in triplicate by members who come under the following classifications:

Members who were single as of January 1, 1939, and whose annual salary amounted to \$1,000 or more during 1939; members who were married as of January 1, 1939, and whose annual salary amounted to \$2,500 or more during 1939.

On each of the three copies made out by a member coming under the foregoing classifications there should be written

or typed, on the top line, the name and home address of the member. The company to which the signer was attached on December 31, 1939, is to be placed in the upper right-hand corner of the sheets. A member filling out these forms shall place a cross in one of the boxes in the left-hand column to signify whether or not he was married or single in 1939.

If a member has received his entire basic salary during 1939 without any deductions for suspension, sickness and other cause (contributions to the Boston Retirement Fund are not classed as deductions), or has received no overtime, sliding scale increase or other addition in pay, he should place the amount of his basic salary in the left-hand column above the boxes in this column.

For example: A deputy chief who has suffered no loss or received no increase in salary during 1939 would write the amount of \$4,500 in the left-hand column; a district chief would write \$4,000; a captain, \$2,700; a lieutenant, \$2,500; a single private, \$2,100, etc.

Members who have suffered loss of salary, received overtime or an increase in salary during 1939 shall not place any salary amount in the left-hand column. This will be done at Headquarters.

The cards are to be returned to Headquarters in triplicate on or before Tuesday, January 16, 1940. When making returns each company's forms shall be kept separate either by clips or elastic bands.

Instruction sheets concerning the Federal Income Tax are being issued with this General Order.

In addition to filling out Form 1099 as directed in this order, it will be necessary for members who do so to file an Income Tax blank with the Internal Revenue Service of the Treasury Department in Boston. This return must be filed on

or before March 15, 1940. A supply of these forms may be available through City Hall at a later date. However, it might be well for those concerned to get a blank at the Internal Revenue Office.

Extra slips have been sent to each district in the event that more are needed by companies.

IV. A. D. T. SIGNALS.

The following signal number is to be added to running cards of the A. D. T. Company in this department:

Signal 45, H. J. Winde Company, 295 Medford street, Charlestown, Mass. Apparatus to respond: Engines 31-36, Ladder 22, District Chief 2. Nearest Box is 4164.

The following signal numbers of the A. D. T. Company have been discontinued:

Page 3, signal 78, 2285 Washington street, Timothy Smith Company.

Page 11, signal 344, Blackstone and North streets, Batchelder-Snyder Company.

Page 13, signal 374, 220 Northern avenue, Boston Fish Market Corporation.

Page 14, signal 395, rear 245 Northern avenue, Boston Fish Market Corporation.

Page 14, signal 399, 270 Northern avenue, Boston Fish Market Corporation.

Page 17, signal 485, 1-59 St. James avenue, Park Square Building.

V. BOSTON AUTOMATIC FIRE ALARM COMPANY.

The following signal number of the Boston Automatic Fire Alarm Company has been discontinued as of January 1, 1940:

Signal 337, building, 130 and 132 Washington Street North.

A new page, No. 8, dated January 3, 1940, for the Boston Automatic Fire Alarm Book, is being issued to the department today. This page will replace old page No. 8, dated August 1, 1938, which will be returned to Headquarters, in the envelopes provided, on or before Tuesday, January 16, 1940.

VI. CHRISTMAS SIGNS.

The signs which were hung on the outside of all fire stations during the Christmas Season of 1939 are to be stored away by company commanders of the various houses, so that they can be used again in 1940.

VII. COMMENDATIONS.

Ladderman Charles D. Travis of Ladder Company 30 is hereby commended for volunteering and donating blood in transfusion to a patient at the Boston City Hospital on January 5, 1940.

Superintendent of Maintenance Walter C. Glynn is hereby commended for extinguishing a fire at 54 Broadway, Boston, on January 5, 1940, while off duty.

By order of Fire Commissioner WILLIAM ARTHUR REILLY.

SAMUEL J. POPE,
Chief of Department.

General Order No. 2.

I. PRESIDENT'S BIRTHDAY BALL.

The cooperation of all city employees has been requested by his Honor, Mayor Maurice J. Tobin, in the sale of tickets for the President's Birthday Ball. This year the ball will be held on Monday evening, January 29, at the Boston Garden, and the proceeds will be used to combat the scourge of infantile paraly-

sis. The program for the evening will be explained through the press and radio.

On the evening of January 29 similar balls will be conducted throughout the nation. Famous orchestras will provide music for dancing and performers of the stage and radio will participate in the entertainment program. Mayor Tobin is expected to attend the ball in company with many distinguished guests.

All tickets have been priced at only \$1.00, so that all those who desire to attend the ball can do so. Many valuable prizes, including a 1940 model automobile, will be awarded to holders of lucky tickets.

In order that members of the Fire Department may give their cooperation and assistance to this cause, tickets have been placed in the hands of each district chief and division head today, who will immediately interview every member under his command as to their wishes in purchasing a ticket. District chiefs and division heads will be held personally responsible for all tickets issued to them. The tickets are all face value and those not sold must be returned to Headquarters. All returns must be made to Miss Mary C. Kelley, in the Fire Commissioner's office, during the forenoon of January 22, 23, 24 or 25. No returns should be made later than Thursday, January 25. Members purchasing tickets will fill out the stubs on the tickets, give them to the district chief or division head, who will see that the stubs are returned to the Fire Commissioner's office not later than Thursday, January 25, so that the purchaser may participate in the drawing to be held on the evening of the ball.

The Fire Commissioner feels certain that all members of the department will support this worthy cause. Only a few days are allowed in which to purchase tickets and members of the department are urged to show an interest in this charity ball and to arouse similar interest among their friends. If additional tickets are desired they may be obtained at Headquarters.

II. COMMENDATIONS.

Ladderman Daniel G. Ford of Ladder Company 12 is hereby commended for volunteering and donating blood in transfusion to a patient at the Boston City Hospital on Sunday, January 7, 1940.

III. SERVICE BUTTONS.

Those men who will have served in the Fire Department for twenty-five (25) years or more by February 5, 1940, and who have not received 25-year service buttons are requested to send their names and company numbers to Headquarters on Form 5 on or before Wednesday, January 17, 1940.

Members who will have served in the department for forty years or more by February 5, 1940, are also requested to forward their names to Headquarters as outlined above, if they have not already received 40-year service buttons.

By order of Fire Commissioner WILLIAM ARTHUR REILLY.

SAMUEL J. POPE,
Chief of Department.

(The last General Order number of the 1939 Series was No. 61.)

General Order No. 4.

I. 1940 COMMUNITY FUND CAMPAIGN.

His Honor, Mayor Maurice J. Tobin, has requested that all city employees

FIRE DEPARTMENT ORDERS.

(Continued from page 103.)

participate in the 1940 Community Fund Campaign. In order to raise the funds necessary to support the 175 agencies which benefit by the campaign it is suggested that employees receiving under \$2,500 per year pledge two days' pay and that employees receiving \$2,500 or over pledge two-thirds of one per cent of their annual salaries to the 1940 Community Fund.

The quota for the Fire Department has been set at \$17,000, based on the above schedule of contributions.

Members are at liberty to assign their donations to any of the 175 agencies listed in the booklets issued with this order; otherwise donations will be distributed equally among these agencies by the Budgetary Committee of the Community Fund. If members specify an agency not listed among the 175 in the Community Federation, their pledge cards will not be accepted as contributions to the Community Fund.

Contributions of the Fire Department to the Community Fund during the past five years have been as follows:

1935.....	\$35,026 19
1936.....	32,906 00
1937.....	18,286 72
1938.....	9,595 04
1939.....	11,077 66

Due to the better than usual response among other city departments last year it is the hope of the Fire Commissioner that the members of this department will equal, if not exceed, the quota of \$17,000 assigned to them.

In order that the sacrifice will not impose a hardship upon contributors it has been arranged that the total sum contributed by each individual may be divided into thirty equal payments for thirty weeks, beginning Monday, January 29, 1940.

The following table is submitted as a guide in making payments.

ANNUAL SALARY.	Total Pledge Based on Two Days' Pay, Seven-Day Week.	Amount of Weekly Installments for Thirty Weeks.
\$1,200.....	\$6 58	\$0 20
1,400.....	7 67	25
1,600.....	8 77	30
1,700.....	9 32	30
1,800.....	9 86	30
2,000.....	10 96	35
2,100.....	11 51	40
2,200.....	12 05	40

ANNUAL SALARY.	Total Pledge Based on Two-thirds of 1 Per Cent of Annual Salary.	Amount of Weekly Installments for Thirty Weeks.
\$2,500.....	\$16 66	\$0 55
2,700.....	18 00	60
4,000.....	26 66	90
4,500.....	30 00	1 00

WEEKLY WAGE.	Based on Two Days' Pay.	Amount of Weekly Installments for Thirty Weeks.
\$33 00.....	\$9 44	\$0 30
36 00.....	10 28	35
39 00.....	11 14	35

NOTE.—If thirty payments in accordance with the foregoing schedule of

installments (third column) do not equal the amount pledged (second column), or amount to more, adjustments can be made on the final payment.

Pledge cards are being distributed to the department today. Company commanders and heads of divisions will personally interview each member under their command, including men on sick and injured leave, and ask them to make a contribution. All cards are to be made out in duplicate, segregated by companies, and are to be returned to the Fire Commissioner on or before Monday, January 22, 1940. In no cases are deductions to be made on the pay roll. Company commanders and heads of divisions, for their own information, will make a list of all who contribute to the Community Fund. Each week on the regular pay day the money donated will be collected from the contributors and company commanders and heads of divisions will forward the receipts to Headquarters, once each week. Miss Mary C. Kelley has been assigned by the commissioner to accept the money and give a receipt for it. Delivery of money at Headquarters should be made on any week day and must be made between the hours of 9 and 11 a. m.

As the agencies included in the Community Federation are rendering a service which Governmental Agencies cannot render in alleviating suffering and want in Greater Boston, all members of the department should do their utmost to support the 1940 campaign.

II. GENERAL ALARM CORPORATION.

New pages, Nos. 4 and 5, dated 12-39, for the General Alarm Corporation assignment book, are being issued to the department today.

Company commanders will return old page No. 4 to Headquarters, in the envelopes provided, on or before Friday, January 19, 1940.

III. BOSTON AUTOMATIC SIGNALS DISCONTINUED.

The following signals of the Boston Automatic Fire Alarm Company have been discontinued as of January 10, 1940:

Signal 651, building, 91 South street, rear basement, engine room.

Signal 652, building, 181, 183, 185 Essex street, 79 South street.

Signal 653, building, 83 and 85 South street.

Signal 654, building, 85 and 87 South street.

Signal 655, building, 91, 93, 95 South street.

Signal 656, building, 95, 97, 99 South street.

IV. APPRECIATION.

The Fire Commissioner is pleased to acknowledge receipt of a check in the amount of \$2,000 from Mr. Arthur S. Johnson, treasurer of the Summer Street Firemen's Fund, as a contribution to the Boston Firemen's Relief Fund.

V. COMMENDATION.

Hoseman Ronald F. Collins of Engine Company 22 is hereby commended for volunteering and donating blood in transfusion to a patient at St. Elizabeth's Hospital on January 11, 1940.

By order of Fire Commissioner WILLIAM ARTHUR REILLY.

SAMUEL J. POPE,
Chief of Department.

General Order No. 5.

I. JOHN MCARDLE.

It is with deep regret that the Fire Commissioner announces the death, on January 17, 1940, of Machinist John McArdle of the Maintenance Division. Machinist McArdle was appointed to the department on January 5, 1923.

The funeral was held from his late residence, 6 Druid street, Dorchester, at 8.30 a. m., Saturday, January 20, 1940, followed by services at St. Gregory's Church, Dorchester avenue, Dorchester, at 9 a. m.

A detail of men from the Maintenance Division acted as a funeral escort and members of that division were excused from duty in order to attend the services.

II. FRANK P. WALSH.

It is with deep regret that the Fire Commissioner announces the death, on January 26, 1940, of Hoseman Frank P. Walsh of Engine Company 30. Hoseman Walsh was appointed to the department on September 7, 1906.

The funeral was held from his late residence, 62 Summer street, West Roxbury, at 9.30 a. m., Monday, January 29, 1940, followed by services at St. Theresa's Church, Centre street, West Roxbury, at 10 a. m.

The Chief of Department detailed the Military Drill Company to act as a funeral escort and the members of Engine Company 30 were excused from duty in order to attend the services.

III. FEDERAL INCOME TAX RETURNS.

There are available at the City Treasurer's office for distribution a supply of Federal Income Tax return blanks. These blanks can also be had at the Internal Revenue Department, Federal Building.

For the purpose of assisting employees in the filing of their returns, Mr. Thomas B. Hassett, Collector of Internal Revenue for this district, has provided the services of two deputies for one week. These deputies will be in Room 56, City Hall, the week of February 4 to February 10, inclusive. They will be available from 9 a. m. to 5 p. m. on week days and until noon on Saturday, February 10.

IV. COMMENDATIONS.

At 11.29 a. m. January 11, 1940, the department responded to an alarm from Box 315 for a fire at 171 and 173 Winthrop street, Roxbury. On arrival, the members of Engine Company 12 ran a booster line to the third floor and after forcing the door leading to the kitchen, Hosemen Edward J. Clarke and Harold J. Goff of Engine Company 12 crawled through the kitchen, which was heavily charged with smoke, and located four small children in a smoke-filled rear bedroom. One child was passed to Lieut. Thomas M. Manning and the other three were carried out by the two hosemen. Two of the children were unconscious and the quick action of Hosemen Clarke and Goff undoubtedly saved the lives of all four children. Because of the great risk involved in making these rescues, the Fire Commissioner highly commends Hoseman Clarke and Goff and the case is referred to the Board of Merit for further consideration.

Hoseman Edward F. Doyle of Engine Company 11 is hereby commended for volunteering and donating blood in transfusion to a patient at the Boston City Hospital on September 2, 1939.

Ladderman Kerin L. Shaughnessey of Ladder Company 29 is hereby commended for volunteering and donating blood to a patient at the Boston City Hospital on January 8, 1940.

Hoseman Edward F. Leonard of Rescue Company 2 is hereby commended for volunteering and donating blood in transfusion to a patient at St. Elizabeth's Hospital on January 13, 1940.

Hoseman John J. Neville of Engine Company 41 is hereby commended for volunteering and donating blood in transfusion to a patient at St. Elizabeth's Hospital on January 16, 1940.

Hoseman Henry M. Welch of Engine Company 2 is hereby commended for volunteering and donating blood in transfusion to a patient at the City Hospital on January 17, 1940, and again on January 22, 1940.

Hoseman Joseph B. Dougan of Engine Company 14 is hereby commended for volunteering and donating blood in transfusion to Engineer Joseph F. Coleman of the High Pressure Service at the City Hospital on January 17, 1940.

Ladderman James J. Conway of Ladder Company 19 is hereby commended for volunteering and donating blood in transfusion to a patient at the City Hospital on January 18, 1940, and again on January 23, 1940.

Ladderman William F. McNulty of Ladder Company 11 is hereby commended for volunteering and donating blood in transfusion to a patient at St. Elizabeth's Hospital on January 18, 1940.

Ladderman William S. Trautvetter of Ladder Company 13 is hereby commended for volunteering and donating blood in transfusion to a patient at the City Hospital on January 18, 1940.

Ladderman Michael F. Fleming of Ladder Company 9 is hereby commended for volunteering and donating blood in transfusion to a patient at the Pratt Diagnostic Hospital on January 19, 1940.

Hoseman Edmund J. Sheehan of Engine Company 22 is hereby commended for volunteering and donating blood in transfusion to a patient at the City Hospital on January 20, 1940.

Hoseman John J. Tretter of Engine Company 41 is hereby commended for responding to and working at fire, Box 5292, January 22, 1940, while off duty.

By order of Fire Commissioner WILLIAM ARTHUR REILLY.

WILLIAM F. QUIGLEY,
Acting Chief of Department.

CITY TREASURER OFFICE NOTICE.

January 25, 1940.

To All Heads of Departments.

Subject: Federal Income Tax.

There is available at this office for distribution to employees a supply of the Federal Income Tax returns.

For the purpose of assisting employees in the filing of their returns, Mr. Thomas B. Hassett, Collector of Internal Revenue for this district, has kindly provided the services of two deputies for one week.

These deputies will be in Room 56, City Hall, the week of February 4 to February 10, inclusive. They will be available from 9 a. m. to 5 p. m. on week days, and until noon on Saturday, February 10.

Kindly inform your employees of the above services.

Very truly yours,

JAMES J. MCCARTHY,
City Treasurer.

ADULT RECREATION PROJECT.

At the meeting of the Board of Overseers held on Tuesday, December 26, 1939, it was voted, subject to the Mayor's approval, to underwrite the continuation of the W. P. A. Adult Recreation Project for a period of three months from January 1, 1940.

Federal funds to be provided amount to \$42,765.60. Sponsor's funds amount to \$14,408.31, of which this department is requested to contribute \$8,789.29 (actual contribution, \$4,289.29), and the Community Service, Incorporated, as co-sponsor is requested to contribute \$5,619.02 (actual cash contribution \$65).

EXTRA AND DEDUCTION WORK UNDER CONTRACT.

V. J. Grande Company have been directed to perform the following extra work under the contract for rebuilding the Albany Street Bridge, over the Boston & Albany Railroad, Massachusetts Project 1584-F-8, dated May 20, 1939. Items ordered: To provide for additional bridge expansion joint, \$111.16; temporary fence for provisional bridge opening, \$41.36—\$152.52. Rebate for use of re-rolled steel in place of billet steel reinforcing, 14,664 tons at \$10, \$146.64—\$5.88. These changes have been approved by the Federal Works Administration. Cost of extra work, \$5.88.

TRANSFER OF POLES.

The Mayor has approved the order of the Board of Street Commissioners:

Ordered, That permission be granted to the New England Telephone and Telegraph Company and the Boston Edison Company to transfer to the Boston Edison Company four poles on Princeton street, Ward 1; one pole approximately 50.5 feet southwesterly from Putnam street and three poles beginning at a point approximately 124.8 feet northeasterly from Putnam street, all substantially as shown on plan No. 66D-15-17-8, dated October 9, 1939, and filed in the office of the Commissioner of Public Works. And the said location as shown on said plan is hereby granted to the said Boston Edison Company.

WATER-SUPPLY DEVELOPMENT IN THE UNITED STATES.

In 1652 Boston introduced the first American public water supply. The first mechanical pumps were used in 1761 at Bethlehem, Pa., where Hans Christiansen, an American pioneer water-supply engineer, made his pumps work "after severe struggles." In 1850 there were only 100 water plants in the United States, and as late as 1875 only 243. In 1933 there were more than 11,000 public water supplies, some serving more than one community.

THE NOISE NUISANCE.

That city officials are serious about eliminating noise is noted from studies of new anti-noise ordinances enacted by a growing number of municipalities listed in the "United States Municipal News," bulletin of the American Municipal Association and the United States Conference of Mayors. Among the more important of these cities are Philadelphia, Gary, Ind., Louisville, New York and Boston.

VOTE OF METROPOLITAN DISTRICT IN 1936.

In the election of 1936 for Governor, the 43 municipalities (including Boston) cast 371,481 Republican votes and 418,341 Democratic, showing a Democratic excess of 46,860. The eight cities, i. e., Boston, Cambridge, Chelsea, Everett, Lynn, Revere, Somerville and Woburn, and the towns of Canton, Hull, Norwood and Watertown, showed a Democratic plurality of 125,064 while the six other cities and all but the four above-mentioned towns opposed with a Republican plurality of 78,204.

DEBTS AND ASSESSMENTS OF SPECIAL DISTRICTS. STATISTICS FOR YEAR 1937.

The gross Metropolitan debt (included in contingent debt of State) for water, parks, sewers and Charles River Basin improvements on July 1, 1937, amounted to \$87,494,640; sinking funds, \$38,059,240; net debt, \$49,435,400, or \$1,418,176 more than on July 1, 1936. The division of this net debt was: Water District, \$39,895,469; Sewer District, \$6,263,644; Park District, \$1,848,093; Charles River Basin, \$1,428,194. Of the latter \$228,503 is paid by Boston for Charles River Bridge. Besides the net Metropolitan debt shared by the forty-three cities and towns, a net debt of \$18,397 was shared by the counties of Norfolk and Plymouth and by the Bay State Street Railway Company. Total Metropolitan assessments in year 1937 for debt requirements and maintenance, \$9,155,444, of which Boston paid 51.90 per cent, the thirteen other cities paid 30.30 per cent, the towns 17.80 per cent.

Boston paid 63.45 per cent of Metropolitan Water assessment; 43.74 per cent of Parks and Boulevards assessments; 26.92 per cent of Sewer (North and South Systems) assessments and 48.83 per cent of Charles River Basin assessment.

PUBLIC DEBT, JANUARY 1, 1938.

Gross funded debt, January 1, 1938, \$153,803,833.27 (including \$25,333.27 issued by State); sinking funds, \$23,647,516.77 (no other redemption means); net debt, \$130,156,316.50, or \$3,235,023.31 less than on January 1, 1937. Of said net debt, \$65,668,308.01, or 50.45 per cent, was City debt; \$43,145,191.76, or 33.15 per cent, Rapid Transit debt (representing 4½ per cent investment); \$1,542,333.27, or 1.18 per cent, County debt; \$852,000, or 0.65 per cent, Water debt; \$18,948,483.46, or 14.57 per cent, Traffic Tunnel debt.

The City debt includes \$6,055,000 for W. P. A. Projects; the County debt includes \$1,100,000 for W. P. A. Projects and the Water debt includes \$664,000 for W. P. A. Projects.

Debt paid in 1937 was \$13,579,166.67 and there was a decrease in total gross debt of \$6,372,166.67.

Net debt per capita, \$161.31 (approximate); net debt, exclusive of Rapid Transit debt, \$87,011,124.74, or \$107.84 per capita (approximate).

Per capita are based on United States Census Bureau's estimated population (806,848) on January 1, 1938.

Loans authorized but not issued (within debt limit), \$613,000; same outside of tax limit, \$1,399,963; total \$2,012,963.

CIVIL SERVICE EXAMINATIONS.
(STATE AND CITY SERVICE.)

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence.

INSPECTOR OF ANIMALS, WOBURN HEALTH AND CHARITIES DEPARTMENT, MARCH 9, 1940.

Last date for filing applications, Saturday, February 24, 1940, at 12 noon.

This examination is open to residents of the state.

The salary is \$250 a year.

Duties: To inspect all barns where animals are housed, to see that animals found to have contagious and infectious diseases are quarantined, and to have general oversight of all animals within the limits of the city of Woburn.

Entrance Requirement: Applicants must be registered veterinarians.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

STENOGRAPHIC SERVICE.

FOR STATE AND CITIES AND TOWNS OUTSIDE OF BOSTON AND VICINITY, MARCH 23, 1940.

Last date for filing applications, Saturday, March 9, 1940, at 12 noon.

FOR STATE, BOSTON, CITIES AND TOWNS IN THE VICINITY OF BOSTON, APRIL 6, 1940.

Last date for filing applications, Saturday, March 23, 1940, at 12 noon.

This is the regular examination for the stenographic service of the State and of all cities and of such towns in the State as are classified under civil service. On March 23 the examination will be held in various centrally located cities. On April 6 the examination will be held in Boston, and all persons who reside within commuting distance will be notified for examination on this day.

Persons qualifying in the examination may have their names placed on the State list as well as the list for the city or town in which they reside.

The entrance salary for State service is \$900 a year; the maximum salary for State service is \$1,260 a year. The salaries for Boston and other cities and towns varies from \$12 to \$20 a week.

Subjects and Weights: Training and experience, 2; spelling, 2; arithmetic, 1; following written directions, 3; filing, 1; word knowledge, 1; stenography, 10; total, 20.

The dictation is given at the following rates of speed: 80, 100 and 120, the dictation at each rate of speed consisting of a letter of about 300 words in length. Each applicant may select any two of the three speed tests for transcription. The transcription is marked for both speed and accuracy. Applicants are required to obtain at least 70 per cent in accuracy of transcription of one speed test.

Applicants who have not reached their sixteenth birthday will not be eligible to apply.

Passing Requirements: Applicants must obtain at least 70 per cent in general average in order to become eligible.

Physical fitness to be determined by physical examination.

CIVIL SERVICE EXAMINATIONS. (STATE AND CITY SERVICE.)

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence. Applicants may take one or both examinations. Separate applications must be filed for each examination.

INVESTIGATOR, BOARDS OF PUBLIC WELFARE, MARCH 2, 1940.

Last date for filing applications, Satur-
day, February 17, 1940, at 12 noon.

This examination is for the service of all cities and such towns as are classified under civil service.

This examination is open to both males and females.

Persons qualifying in this examination will have their names placed *only* on the list for the city or town in which they reside. *No State list will be established as a result of this examination.*

From the lists established as a result of this examination, the positions of junior social worker, investigator, visitor and other similar positions will be filled in the various cities and towns of the State.

At the present time the following vacancies exist: Male investigator, Newburyport Public Welfare Department, \$25 a week; male investigator, Taunton Public Welfare Department, \$18 a week; female visitor, Chicopee Board of Public Welfare, \$20 a week; visitor-clerk (female), Westfield Board of Public Welfare, \$15 a week; male visitor, Fitchburg Public Welfare Department, \$20 a week; female assistant social worker, Quincy City Hospital, \$75 a month.

There are no other vacancies listed at the present time. The entrance salary for the above position in the cities and towns throughout the Commonwealth ranges from \$15 to \$25 a week. Salary limits in cities and towns are not fixed by law or at the present time by any classification plan or pay schedule, and may, therefore, be changed by appointing authorities without notice. All cities of the Commonwealth and all towns that have accepted the Civil Service Law and Rules who employ persons engaged in the above-described work are classified under the provisions of the Civil Service Law and Rules.

Duties: Under immediate supervision, to carry on case work service in connection with unemployment, old age assistance, problems of family welfare, care of children, and other social problems; and to perform related work as required.

Entrance Requirements: Applicants who have not reached their twenty-first birthday or have passed their fiftieth birthday on the date of examination will not be eligible to apply. A certificate of date of birth must be filed with the application, *unless* one has been filed with a previous application.

Applicants must have (a) the equivalent of one year of satisfactory paid experience in a social case work agency, or (b) at least two years of satisfactory paid experience in an occupation dealing with families or individuals in problems of health, education or social welfare.

Substitution of Education: Education may be substituted for experience, year for year of training in a school of social work. Graduation from college may be substituted as the equivalent of one year's paid experience.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

SOCIAL WORKER, STATE DEPARTMENT OF PUBLIC WELFARE, MARCH 2, 1940.

Last date for filing applications, Saturday, February 17, 1940, at 12 noon.

This examination is open to both males and females.

Persons qualifying in this examination will have their names placed on eligible list for employment in this department only.

The entrance salary is \$1,440 a year; the maximum salary for the position is \$2,160 a year.

Duties: Under immediate supervision to supervise the administration of relief in cities and towns; to make investigations of applications for relief; and to perform related work as required.

Entrance Requirements: Applicants who have not reached their twenty-fifth birthday or have passed their fiftieth birthday on the date of examination will not be eligible to apply. A certificate of date of birth must be filed with the application, unless one has been filed with a previous application.

Applicants must have had the equivalent of at least three years, within the last seven, of paid experience in a public or private social service agency, adhering to acceptable standards.

Substitution of Education: Attendance at a school of social work may be substituted year for year, up to a total of two years, for the experience stated above.

Therefore, all applicants must have not less than one year, within the last seven, of satisfactory paid experience in a public or private social service agency adhering to acceptable standards for which no substitution will be acceptable.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

POPULATION OF BOSTON, BY SEX, NATIVITY, ETC., 1930.

Total population, 781,188 (383,454 males and 397,734 females); ratio of males to females, 96.4 to 100 as against 97.2 to 100 in 1920. Native white, 529,400 (260,419 males and 268,981 females) or 67.77 per cent; sex ratio, 96.8 to 100. Of the 529,400 native whites, 200,130, or 37.80 per cent, are of native parentage; 248,653, or 46.97 per cent, are of foreign parentage and 80,617, or 15.23 per cent, are of mixed parentage (i. e., one half native). Foreign-born whites, 229,356 (111,261 males and 118,095 females) or 9.563 less than in 1920; sex ratio 94.2 to 100. The foreign-born whites are 29.36 per cent of total population. Negroes, 20,574 (10,223 males and 10,351 females) or 2.63 per cent of population; sex ratio, 98.8 to 100. The Negro population has increased 4,224 since 1920 and 4,993 since 1915. Other races, 1,858 (1,551 males and 307 females), or 0.24 per cent, comprise 1,595 Chinese, 69 Japanese, 43 Indian, 26 Mexican and 125 miscellaneous. Total foreign white stock, 478,009 (viz., 229,356 plus 248,653) which is 61.19 per cent of all inhabitants.

CIVIL SERVICE EXAMINATIONS. (STATE.)

STATE EXAMINERS OF ELECTRICIANS, 1940.

Examinations will be held at the following points and on the following dates:

Boston, Wednesday, February 7.
Worcester, Thursday, February 8.
Boston, Wednesday, March 6.
Fall River, Thursday, March 7.
Fall River, Friday, March 8.
Boston, Wednesday, April 3.
Springfield, Thursday, April 4.
Boston, Wednesday, May 1.
Worcester, Thursday, May 2.
Boston, Wednesday, June 5.
Boston, Wednesday, September 11.
Worcester, Thursday, September 12.
Springfield, Wednesday, October 16.
Pittsfield, Thursday, October 17.
Boston, Wednesday, November 13.
Lowell, Thursday, November 14.
Boston, Wednesday, December 4.
New Bedford, Thursday, December 5.
New Bedford, Friday, December 6.

Rules for Examinations.

All examinations shall be given in English.

Applicants for Class B or journeyman's certificate must be at least eighteen years of age and have had at least two years' practical experience or the equivalent in the installation of wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Applicants for Class A or master's certificate must be at least twenty-one years of age and have had at least two years' experience in the business of installing wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes. Examination shall consist of applicant's knowledge of the National Electrical Code and practical electrical work.

All persons desiring to be examined, either for a master or journeyman certificate, shall have application on file at least ten days previous to the date of such examination.

Applicants for examination will be required to obtain at least 70 per cent in order to obtain a certificate.

Applicants who fail to obtain the required 70 per cent will not be entitled to re-examination until a period of three months has elapsed, and those who receive less than 50 per cent or who fail on the practical demonstration, will not be re-examined for a period of six months.

Any person found referring to notes or books, or misbehaving during an examination, will be debarred from that examination.

Notice will be sent to applicants for certificates when and where examination will be held and only those so notified will be examined on that day.

CLAIMS APPROVED.

The Mayor upon recommendation of the Corporation Counsel has approved the following claims:

Mary Esther Gallagher, 82 Fulda street, Roxbury, in the sum of \$50, as compensation for personal injuries caused by depression in cross-walk on Tremont street, at the junction of Beacon street, February 24, 1939.

Samuel Alperin, 39 North Russell street, Boston, in the sum of \$16.05, as refund on junk shop license at 615 Albany street, Boston, which was issued on April 29, 1939, and canceled by the Police Commissioner on September 8, 1939.

Rita E. Drady, 80 Peterborough street, Boston, in the sum of \$40, as compensation for personal injuries caused by hole in highway in front of 15 Edgerly road, April 19, 1939.

Mary B. Conlon, 40 Quint avenue, Allston, in the sum of \$35, as compensation for personal injuries caused by hole in sidewalk in front of 146 Boylston street, May 9, 1939.

Joseph Boucher, 5 Mercer street, Hyde Park, in the sum of \$21.30, as compensation for damage caused by defective highway on Tileston street, at the junction of Linden and Rosemont streets, September 2, 1939.

Benjamin F. McEachern, 555 Beech street, Roslindale, in the sum of \$91, as reimbursement for damage to property caused by raising grade of street, May, June, 1939.

Winifred McNamara, 30 Tremont street, Charlestown, in the sum of \$98.53, as compensation for personal injuries caused by hole in sidewalk in front of 26 Tremont street, Charlestown, November 18, 1938.

Eva Picardi, 61 Trenton street, East Boston, in the sum of \$43.25, as compensation for damage to automobile caused by defect in highway on Brookline avenue, between Park Drive and the Jamaica way, December 27, 1938.

FOR AIDING BOYS.

In an effort to lend a helping hand to misfit and underprivileged boys and to stem the alarming flow of young men into penal institutions and lives of crime, Big Brother Bureaus are being organized by the police departments of various cities. The International Association of Chiefs of Police urges all police jurisdictions to join the Big Brother League.

FIVE PER CENT OF CITY BUDGET PAID FOR REFUSE DISPOSAL.

Nearly one million dollars, or about 5 per cent of the total cost of the general city government of Los Angeles, Cal., is spent every year for the collection and disposal of refuse, under the direction of the Bureau of Engineering of that city. The Refuse Collection Division operates six days a week, and enough men are provided to compensate for a five-day week for all the personnel employed.

PROCEEDINGS OF SCHOOL COMMITTEE.

Jan. 15, 1940

A regular meeting of the School Committee of the City of Boston was held in the Administration Building, 15 Beacon Street, at 7.40 o'clock P. M., the Chairman presiding.

Present: Messrs. Lee, McDevitt, Norton and White.

APPROVAL OF MINUTES

The reading of the minutes of Dec. 26, 1939, and Jan. 4, 1940, was omitted, the Committee approving them as printed.

DEATHS

The Superintendent reported the deaths of the following-named teachers:

Charlestown High School—Harrie S. Goodwin, cooperative instructor. Jan. 12, 1940.

Roslindale High School—Helen M. McCormick, assistant, Jan. 3, 1940. Placed on file.

RESIGNATIONS

The following resignations, reported by the Superintendent to take effect on the dates stated, were presented:

Joseph H. Barnes Intermediate District—Charlotte G. Long, assistant, intermediate, Jan. 9, 1940.

Mary Hemenway District—Christine I. Brash, assistant, kindergarten, two sessions, Dec. 22, 1939.

Disciplinary Day School—Grace M. Curry, assistant, Jan. 5, 1940. Accepted.

RETIREMENT ON PENSION

The Superintendent offered the following:

ORDERED, That the following-named teacher is hereby retired on pension in accordance with the provisions of Chapter 589 of the Acts of 1908, as amended by Chapter 617 of the Acts of 1910, Chapter 569 of the Acts of 1912, and Chapter 304 of the Special Acts of 1915, the date of retirement and rate of pension to be as hereinafter specified:

Harvard District—Harriet E. Gage, assistant, special class, Jan. 31, 1940, \$600.

Passed, the four members voting in the affirmative.

LIST OF TEACHERS APPROVED FOR TEMPORARY SERVICE

The Superintendent submitted, under the provisions of Section 265, paragraph 2 of the regulations, the following additions to the list of teachers approved by him from which assignments may be made for temporary service:

Day High Schools—Gertrude M. Ahearn, Helen E. Amrhein, Charles B. Cohn, Samuel Goldring, Herbert Kopins, Marguerite M. Leary, Barbara A. McGrath, Helen C. Tague, Mary A. Tonougar.

Day Intermediate Schools—Claire Dolby, Liliann Epstein, Robert B. Russell, Marion E. Steinberg, Dorothy Weiner.

Boston Clerical School—Mary V. Carty

Department of Physical Education—John B. Gibbons, Jr.

Vocational High and Opportunity School—Mary M. Devenny.

Horace Mann School for the Deaf—Agnes G. Kilduff.

Disciplinary Day School—Simon L. Weker.

Special Classes—Anna Andler, M. Beatrice Goldberg, Ruth L. Gruenewald, Ethel Hurwitz.

Department of Household Science and Arts—Ruth V. Smith, teacher of sewing.

Approved.

Teaching Assistant

Day Elementary Schools—Kathleen L. Ryan.

Approved.

TEMPORARY TEACHERS

Department of Manual Arts—Philip E. Wollock, shop instructor, Dec. 7, 1939.

Roxbury Memorial High School (Boys)—George T. Horigan, co-operative instructor, Jan. 2, 1940.

Boston Trade School—Felix J. Consilvio, shop instructor, Jan. 2, 1940; Forrest L. Regan, shop instructor, Jan. 3, 1940; George T. Horigan, shop instructor, Jan. 9, 1940.

Approved.

TEMPORARY SCHOOL NURSE

Department of School Hygiene—Mary M. Burris, temporary school nurse, Jan. 9, 1940.

Approved.

EMERGENCY EMPLOYMENT OF TEMPORARY TEACHERS

On motion of the Superintendent, it was

ORDERED, That the employment of the following-named persons is hereby authorized for emergency service on the dates indicated, when no certificated person for the assignment was available:

Day High Schools—Evelyn D. Griffin, Lucille M. Guaragna, Jan. 3, 1940; John W. Corbett, Jr., Jan. 8, 1940.

Day Intermediate Schools—Martin Cohen, Jan. 12, 1940.

Day Elementary Schools—Kathleen R. Lyons, Jan. 2, 3, 1940; Mary B. Conaty, Jan. 4, 5, 1940; Eugenie L. Kean, Jan. 10, 1940 (one-half day); Rose M. Fodale, Jan. 12, 1940.

Vocational High and Opportunity School—Anita D. Zepf, teacher of cookery, Jan. 11, 12, 1940.

Horace Mann School—Esther M. Rask, Jan. 2, 3, 1940; Claire Dolby, Jan. 4, 5, 1940.

Classes for Conservation of Eye-sight—Phyllis M. Harvie, Rose Perez, Jan. 9, 10, 11, 12, 1940.

Lip Reading Classes—Yvonne A. Habert, Jan. 2, 3, 4, 5, 1940.

Speech Improvement Classes—Claire Dolby, Frances Epstein, Jan. 12, 1940.

Department of Household Science and Arts—Ella E. Bryant, teacher of sewing, Jan. 3, 1940 (one-half day); Lucille M. Guaragna, teacher of sewing, Jan. 4, 1940; Hilda E. S. Stenberg, teacher of cookery, Jan. 5 and 9 to 12, 1940; Anita D. Zepf, teacher of cookery, Jan. 9, 1940.

EVENING SCHOOLS

Term 1939-1940

Joseph H. Barnes Evening School—L. Josephine Reid, assistant, Jan. 2, 1940.

Michelangelo Evening School—Arlene D. A'Hearn, assistant, Jan. 2, 1940 (one evening); John J. Fiumaro, assistant, Jan. 4 to Jan. 9, 1940 (three evenings); Josephine A. Finocchiaro, assistant, Jan. 11, 1940.

Patrick F. Gavin Evening School—Sara M. Curran, assistant, Jan. 9, 1940; Hilda E. S. Stenberg, assistant, Jan. 11, 1940 (one evening).

Patrick T. Campbell Evening School—Arlene D. A'Hearn, assistant, Jan. 11, 1940 (one evening).

Roger Wolcott Evening School—Arlene D. A'Hearn, assistant, Jan. 8 and Jan. 9, 1940 (two evenings); Mary J. Larkin, assistant, Jan. 9, 1940 (one evening).

William Blackstone Evening School—Helen M. Murphy, assistant, Jan. 2, 1940.

Approved.

David G. Dillon, Jan. 8, 1940; Imelda S. Clarkson, Jan. 10, 1940.

Approved.

CLOSING OF TERM, BOSTON TRADE SCHOOL, EVENING CLASSES

The Superintendent offered the following:

ORDERED, That the current term of the Boston Trade School (Evening Classes) shall close on Thursday evening, Mar. 28, 1940.

The rules were suspended and the order passed.

ATTENDANCE AT CONVENTION

On motion of the Superintendent, it was

ORDERED, That John P. Sullivan, Director of Health Education and Safety Education, is hereby authorized to attend the annual meeting of the American Association of School Administrators of the National Education Association, to be held at St. Louis, Mo., Feb. 26 to Mar. 1, 1940, at an expense to the city not to exceed one hundred and twenty-five dollars (\$125).

On motion of the Superintendent, it was

ORDERED, That Thomas J. Sheahan, Master, Bigelow District, is hereby authorized to attend the annual meeting of the American Association of School Administrators of the National Education Association, to be held at St. Louis, Mo., Feb. 26 to Mar. 1, 1940, at an expense to the city not to exceed one hundred and twenty-five dollars (\$125).

On the motion of the Superintendent, it was

ORDERED, That the following-named persons are hereby granted leave of absence without loss of pay for the period Feb. 26 to Mar. 1, 1940, inclusive, to attend the annual meeting of the American Association of School Administrators of the National Education Association, to be held at St. Louis, Mo.:

The Teachers College—Caroline J. Trimmer, assistant professor.

Bigelow District—Joanna Z. Connell, master's assistant.

Department of Penmanship — Julia E. Sullivan, assistant director.

LEAVE OF ABSENCE

A communication was received from the Head Supervisor of Attendance, under date of Jan. 4, 1940, recommending that Henry F. Barry, supervisor of attendance, be granted leave of absence for military duty for the period Jan. 8 to 13, 1940, inclusive.

Placed on file and leave of absence for military duty granted for the period specified.

CHARLESTOWN FREE SCHOOL FUND

A statement of the receipts and expenditures of the Charlestown Free School Fund for the year ending Dec. 31, 1939, as submitted by the Treasurer of the Corporation for that year, Mr. Joseph C. White, was presented, the balance to new account being \$10,508.82.

Placed on file and the Chairman authorized to approve the same and to certify the sums and securities belonging to said Fund and in the possession of the Treasurer.

On motion, it was ORDERED, That the Chairman of this Committee, as President of the Corporation, is hereby authorized to certify to the transfer of the custody of the several bonds, bank books, and cash belonging to the Charlestown Free School Fund, amounting to \$10,508.82, from the former Treasurer, Mr. Joseph C. White, to the present Treasurer, Mr. Joseph Lee.

On motion, it was ORDERED, That Mr. Joseph Lee, Treasurer of the School Committee of the City of Boston, shall have the right of access to Safe No. 6238 in the vaults of the Security Safe Deposit Company, standing in the name of The School Committee of the City of Boston.

MABEL E. ADAMS-HANNAH T. OSGOOD BEQUEST

A statement of the Mabel E. Adams-Hannah T. Osgood Bequest for the year ending Dec. 31, 1939, as submitted by the Treasurer of the Corporation for that year, Mr. Joseph C. White, was presented, the balance to new account being \$10,730.22.

Placed on file and the Chairman authorized to approve the same and to certify the sums and securities belonging to said Bequest in the possession of the Treasurer.

LAURA FISHER TAUSSIG MEMORIAL FUND

A statement of the receipts and expenditures of the Laura Fisher Taussig Memorial Fund for the year ending Dec. 31, 1939, as submitted by the Treasurer for that year, Mr. Joseph C. White, was presented, the balance to new account being \$2661.10.

Placed on file and the Chairman authorized to approve the same and to certify the sums belonging to said Fund and in the possession of the Treasurer.

A statement of the receipts and expenditures of the Boston Free Milk Fund for Babies for the year ending Dec. 31, 1939, as submitted by the Treasurer for that year, Mr. Joseph C. White, was presented, the balance to new account being \$37.

Placed on file and the Chairman authorized to approve the same and to certify the sum belonging to said Fund and in the possession of the Treasurer.

ELECTIONS TO BOARD OF TRUSTEES, TEACHERS RE- TIREMENT FUND.

A communication was received from the Secretary Boston Public School Teachers' Retirement Fund, under date of Jan. 9, 1940, reporting that at a meeting of the Board of Trustees of that Fund, Mr. Daniel J. McDevitt and Mr. Clement A. Norton were elected to complete the unexpired terms of Dr. Patrick J. Foley and Mr. Henry J. Smith.

Placed on file.

LEAVE OF ABSENCE TO CUSTODIAN

A communication was received from the Schoolhouse Custodian, under date of Jan. 15, 1940, recommending that Dennis J. Hurley, custodian, James A. Garfield School-house, be granted leave of absence without loss of pay for the period Jan. 7 to 19, 1940, inclusive, because of personal illness sustained in the performance of his duty.

Placed on file and leave of absence without loss of pay granted for the period specified.

TRANSFERS OF CUSTODIANS

A communication was received from the Schoolhouse Custodian, under date of Jan. 15, 1940, recommending that the following-named custodians, who stand at the head of their respective lists, be appointed as indicated, to take effect Jan. 21, 1940:

Dominic S. Cannatta from the Audubon to the custodianship of the Champlain School-house.

Philip D. Doherty from the Sherwin to the custodianship of the Robert Treat Paine School-house.

James P. Doyle from the Hyde to the custodianship of the Lowell School-house.

Edward F. Golden from regular substitute custodian to the custodianship of the Aaron Davis School-house.

James E. Johnson from the Grover Cleveland to the custodianship of the Patrick T. Campbell School-house.

James S. Laughlin from the Roger Wolcott to the custodianship of the Dearborn School-house.

Eugene A. Leonard from the Hugh Roe O'Donnell to the custodianship of the Samuel W. Mason School-house.

John J. Sullivan, 2nd from the Cudworth to the custodianship of the Peter Faneuil School-house.

Placed on file and the transfers approved, to take effect on the date stated.

UNFINISHED BUSINESS

The order laid over at the meeting of Dec. 26, 1939 (see p. 238) which provides for the granting of the certificate IV. High School, to holders of certificate XXXI, upon obtaining a master's degree, was taken up and passed.

The order laid over at the meeting of Dec. 26, 1939 (see p. 238), extending the validity of certain Teachers College certificates, was taken up and passed.

Mr. Lee: It is customary to have the items left over from the previous conference placed at the top of the next week's conference docket. Because there were other items on the docket I was willing to let the other items come first, but the items that I was interested in on that docket were not reached last week and have not been reached yet.

Chairman: Last week we took off two of them. It is agreeable to me to resume our conference. It is up to the Committee, if you want to go back to the conference.

Mr. Norton: What are the subjects?

Chairman: These items of Mr. Lee [indicating items 13 (a) to 13 (cc) of conference docket]. I thought we would have to allocate these to different times. Some will come up in discussion of the budget and some under the discussion regarding Teachers College.

Mr. Lee: I think we ought to go ahead. It is a part of the job of the Boston School Committee and it ought to be done as soon as possible.

Mr. Norton: Suppose we spend a certain amount of time at the next meeting on these items?

Chairman: That is agreeable to me.

Mr. Lee: I will take them up here, if you wish.

Mr. McDevitt: Put them at the head of the calendar.

UNDERNOURISHED CHILDREN

Mr. Norton: How do we go about finding out, in the school system, the number of school children who are supposedly suffering from malnutrition?

Superintendent: You leave that to the Director of School Hygiene, the Supervising Nurse, and the corps of school physicians and school nurses.

Mr. Norton: I would like those officials here at the next conference. I would like to go into that with them.

Mr. Lee: I would like to say that two years ago when I came on the Committee I asked the School Committee to authorize such a study and we did get together about 11,000 children who were undernourished and more than half of whom needed care. With some it was a malady which was not owing to a shortage of family income. As I recall, in about 6000 cases it was due to lack of means, and we had those children supplied

with milk through the Surplus Commodities Division.

We have always had a certain amount of success in getting funds from private sources with which to do that, because our authority does not allow the schools themselves to do a job which is primarily the job of the Welfare Department.

Mr. Norton: What I am interested in is having the proper officials at a stated meeting, who can tell us how many children there are now in our Boston schools suffering from malnutrition.

Secondly, how are we going to ascertain how many children are coming to school who are not properly clothed? How many children are coming to school with wet feet, children coming to school with improper shoes and sitting there all day?

What do we know about the economic conditions in the homes of the children in our school system and whether or not the father is on welfare?

What I am heading into is how much more free milk should be had, how many more free lunches should we have? In order to do anything with that problem we would have to know how many are suffering from malnutrition. I would like to know how many children there are in the Boston schools who are not getting enough to eat, who are improperly clothed, and who have not proper shoes. I am interested to find out how many children are coming to school who need glasses and are without glasses. We find that many children fail because of their eye condition, and oftentimes that is an economic problem. We find that the child cannot afford glasses.

I would like to have those factors considered in an orderly way at a coming meeting and have the officials concerned there so that we may discuss it with them.

As to the discussions of the problems that you mentioned tonight, Mr. Lee, we can get at them but they must come piecemeal. We must crawl before we can run.

Mr. Lee: I would like to ask you a question on another problem.

Since I have been on the Committee, on one occasion at least, an investigator has been hired to sample the state of public opinion in our teaching force or amongst our students, or their activities along certain political lines. Do you intend to employ such an investigator to investigate the extent of the Christian Front in our schools?

Chairman: I didn't employ anybody.

Mr. Lee: Who did employ the last man who investigated? I ask if the Superintendent intends to employ anybody to investigate the Christian Front in our schools?

Mr. Norton: We can discuss this at the next meeting.

The Committee adjourned.

Attest:

ELLEN M. CRONIN,

Secretary.

RETIREMENT BOARD REPORT.

To the Auditor.

At meetings of the Boston Retirement Board held on the following dates, January 15, January 17, January 19, the retirement from active service of the following-named employees and members of the Boston Retirement System was approved, to become effective at the close of business January 31, 1940:

HOSPITAL DEPARTMENT.

Mary Burke, cleaner, salary at time of retirement \$1,014 a year.

PARK DEPARTMENT.

Thomas F. O'Brien, gardener, salary at time of retirement \$1,872 a year.

Thomas F. Stokes, laborer, salary at time of retirement \$1,560 a year.

PUBLIC BUILDINGS DEPARTMENT.

Edward L. Coady, janitor, salary at time of retirement \$1,560 a year.

PUBLIC WORKS DEPARTMENT.

Thomas McCarthy, laborer, salary at time of retirement \$1,560 a year.

Celestino Pastore, laborer, salary at time of retirement \$1,560 a year.

SUPERIOR COURT.

Helen J. McGrath, clerk, salary at time of retirement \$2,200 a year.

COURT HOUSE.

Elizabeth T. Sheehan, forewoman, salary at time of retirement \$1,560 a year.

Attest:

W. J. DOYLE, *Chairman.*

POLICE DEPARTMENT ORDERS.

General Order No. 440.

The Department of Civil Service and Registration will hold an examination for promotion to the grade of sergeant in the Boston Police Department, according to the following notice received by this office:

"MASSACHUSETTS CIVIL SERVICE.

Examination for Promotion to Sergeant, Boston Police Department, March 9, 1940.

1. Salary: \$2,500 a year.

2. This examination is open to the regular patrolmen in the Boston Police Department who have served as such, in accordance with Civil Service Law and Rules, for at least five years immediately preceding the date of examination. Applicants who have been off duty for over three months during the period prescribed can be admitted to the examination only by permission of the Director of Civil Service.

3. Subjects and Weights of Examination: Seniority, 1; practical questions, 4; total, 5.

The examination will be divided into two parts, as follows: The first part to consist of five questions on basic police procedure and practice. The second part to consist of thirty questions, any five of which may be selected by the applicant for answer.

There will be a fifteen-minute recess between Part I and Part II.

Additional detailed information will be given to the applicants at the examination.

4. Applicants must obtain at least 70 per cent in practical questions and in general average in order to become eligible.

5. Application blanks may be obtained from the Division of Civil Service, Rooms 143-152, State House, Boston. The vouchers on these blanks need not be filled out. When completed, applications should be returned to the Division of Civil Service. Applications must be placed on file not later than Saturday, February 24, 1940, at 12 noon.

6. Applicants will be notified of the time and place of examination.

ULYSSES J. LUPIN,
Director of Civil Service."

Persons concerned will notice particularly that applications when filled out are to be returned to the office of the Civil Service Commission, State House, Boston, not later than Saturday, February 24, 1940, at 12 noon.

Commanding officers will promulgate this order not only by reading it at all roll calls, but by posting a copy thereof in a conspicuous and accessible place in each station house, where it may be easily read and it shall remain posted until after the date of the examination.

Commanding officers will secure a fresh copy from the superintendent, if the posted copy becomes mutilated or destroyed.

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

CONSTRUCTION WORK.

The Mayor has approved the request of the Public Works Department for the following construction work:

A sanitary sewer of 18-inch by 15-inch concrete and a surface drain of 24-inch by 18-inch concrete, W. P. A. Project 665-14-2-1167, Work Project 20303, in Newbury street, southeasterly side, between Berkeley street and 442 feet southwesterly, in the city proper district, at an estimated cost of \$29,861.

A surface drain of 12-inch pipe, seven catch-basins and six track inlets, W. P. A. Project 665-14-2-1167, Work Project 20303, in Blue Hill avenue, westerly side, between American Legion Highway and Charlotte street, in the Dorchester district, at an estimated cost of \$17,326.

CITY OF BOSTON.

PENAL INSTITUTIONS DEPARTMENT.

PROPOSALS FOR REPAIRING PILING AT WHARF AT DEER ISLAND, BOSTON HARBOR.

The Commissioner of Penal Institutions of the City of Boston invites proposals for repairing piling at the wharf, Deer Island, Boston Harbor. A bond will be required for doing the work, of a surety company approved by the Commissioner, in the sum of one hundred (100) per cent of the contract price, to secure the faithful performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 805, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Repairing Piling at Wharf, Deer Island, Boston Harbor," and left at Room 805, City Hall Annex, before 12 m. of February 9, 1940, with a certified check for three hundred (300) dollars, payable to and to become the property of the city if the proposal, after acceptance, is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate without check to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. The Commissioner reserves the right to reject any or all proposals or to award the contract as he deems for the best interests of the city.

JOHN J. SHIELDS,
Acting Commissioner.
(Feb. 3.)

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING LUMBER (LONG-LEAF YELLOW PINE) TO THE PARK DEPARTMENT.

The Supply Department of the City of Boston invites proposals for furnishing lumber (long-leaf yellow pine) to the Park Department, as per specifications contained in proposals which may be obtained at the office of the Supply Department, Room 1001, City Hall Annex. There will be a charge of twenty-five cents (\$0.25) for each blank proposal taken out. The bidder must leave his proposal with a certified check for \$100, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read Friday, February 9, 1940, at 12 m., at Room 1001, City Hall Annex. The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

JOHN A. BREEN,
Superintendent of Supplies.
(Feb. 3.)

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR WHITE AND RED LEAD.

The Supply Department of the City of Boston invites proposals for furnishing white and red lead, as required, to the various city departments. The bidder must use the form of proposal to be obtained at the office of the Superintendent of Supplies, Room 1001, City Hall Annex, and the successful bidder must furnish a bond for one half the total estimated amount of the bid with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. There will be a charge of twenty-five cents (\$0.25) for each blank proposal taken out. The bid, with a certified check for \$200, payable to and to become the property of the City of Boston if the proposal is not carried out, must be left at the office of the Superintendent of Supplies before 12 m., Monday, February 12, 1940, at which time and place they will be publicly opened and read. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

(Feb. 3.)

CITY OF BOSTON.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR BLASTING ROCK FOR HIGHWAY WORK IN SAVANNAH AVENUE, DORCHESTER, AND BUSSEY STREET, WEST ROXBURY.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for blasting rock for highway work in Savannah avenue, Dorchester, and Bussey street, West Roxbury. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Blasting Rock for Highway Work in Savannah Avenue, Dorchester, and Bussey Street, West Roxbury," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of Friday, February 9, 1940, with a certified check for three hundred (\$300) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. *There will be a charge of two dollars (\$2) for each set of plans and specifications taken out.* If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

GEORGE G. HYLAND,
(Feb. 3.) *Commissioner of Public Works.*

PROPOSALS FOR FURNISHING LEAD PIPE.

The Supply Department of the City of Boston invites proposals for furnishing to the various city departments, lead pipe, as per specifications, to be delivered in such quantities as required. The bidder must use the form of proposal to be obtained at the office of the Superintendent of Supplies, Room 1001, City Hall Annex, and the successful bidder must furnish a bond for one half the total estimated amount of the bid with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. *There will be a charge of twenty-five cents (\$0.25) for each blank proposal taken out.* Bids, with a certified check for \$200, payable to and to become the property of the City of Boston if the proposal is not carried out, must be left at the office of the Superintendent of Supplies, Room 1001, City Hall Annex, before 12 m., Tuesday, February 13, 1940, at which time and place they will be publicly opened and read. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The Superintendent of Supplies reserves the right to accept or reject any or all proposals, or any part of a proposal, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

JOHN A. BREEN,
(Feb. 3.) *Superintendent of Supplies.*

CITY OF BOSTON.

DEPARTMENT OF SCHOOL BUILDINGS.

TO FURNITURE DEALERS.

The Superintendent of Construction of the Department of School Buildings of the City of Boston invites sealed proposals for furnishing and delivering and setting up furniture for year 1940, for departmental use, for the Department of School Buildings, at various schools, of the kind and quality as per specifications and samples on exhibition at the Department of School Buildings storehouse, 26 Norman street, Boston, and giving bond of a surety company, satisfactory to the Superintendent of Construction therefor, in the sum of \$1,000. Only proposals obtained at the office of the Superintendent of Construction, 26 Norman street, Boston, Mass., signed by the bidder and left before 12 o'clock noon of Monday, February 12, 1940, at said office, with a certified check for \$200, payable to the city if the proposal is not carried out, will then and there be publicly opened and read. The proposal shall be made in duplicate, the one with the check to be submitted as indicated above, the other to be deposited with the City Auditor, City Hall, previous to the time named for opening proposals. The Superintendent of Construction reserves the right to reject any or all proposals.

JAMES J. MAHAR,
(Feb. 3.) *Superintendent of Construction.*

STREET LAYING-OUT DEPARTMENT.

NOTICE OF LAND-TAKING.

IN BOARD OF STREET COMMISSIONERS OF THE CITY OF BOSTON, January 25, 1940.

Ordered, That due notice be given that this Board is of the opinion that public necessity requires the taking of land in the West Roxbury district, bounded and described as follows:

A parcel of land, supposed to belong to John L. Brandegee and Martina L. Lawrence, bounded and described as follows: Southeasterly by land of owner or owners unknown, about 430 feet; southwesterly by land of said John L. Brandegee and Martina L. Lawrence, about 230 feet to a proposed private way; northwesterly by said proposed private way about 235 feet; northeasterly by a proposed continuation of Louder's lane, about 300 feet, to the point of beginning, containing about 75,500 square feet, be all said measurements more or less, for school purposes, substantially as shown on a plan on file in the office of this Board; that it intends to pass an order for making said taking, and that it appoints 11 o'clock a. m., of February 13, 1940, and the office of this Board, 401 City Hall Annex, as the time and place for a public hearing in the matter.

A true copy of an order passed by said Board on said day.

JOHN A. DONOGHUE,
THOMAS A. FITZGERALD,
WILLIAM F. HIGGINS,
Street Commissioners.

Attest:
(Jan. 27-Feb. 3.) CORNELIUS A. REARDON,
Secretary.

THE SCHOOL COMMITTEE OF THE CITY OF BOSTON.

ADMINISTRATION BUILDING, 15 BEACON STREET,
OFFICE OF THE BUSINESS MANAGER.

PROPOSALS FOR FURNISHING PAPER, BLANK BOOKS, NOTEBOOKS AND ENVELOPES FOR THE BOSTON PUBLIC SCHOOLS.

The School Committee of the City of Boston invites bids for furnishing and delivering at the Supply Room of the School Committee, 440 Brookline avenue, Boston, paper, blank books, notebooks and envelopes as per schedule. Proposal forms, for which a charge is made, are obtainable at the office of the Business Manager of the School Committee, tenth floor, 15 Beacon street. Envelopes containing proposals must be sealed and plainly marked "Proposal for Paper, Blank Books, Notebooks and Envelopes." The bid must be in duplicate. One copy signed by the bidder and accompanied by a certified check for \$50, payable to the City of Boston, must be left at the office of the Business Manager on or before 12 o'clock m., on Tuesday, February 20, 1940. Copies filed with the Business Manager will be publicly opened and read at 12 o'clock m., of the day stated. The other copy, also signed by the bidder, must be filed with the City Auditor, City Hall, Boston, Mass., previous to the time named for the opening of the bids. The School Committee reserves the right to reject any or all bids and to accept such bid or part of bid as it deems best for the interests of the city. The successful bidder will be required to furnish a bond for not less than 50 per cent of the amount of the contract.

ALEXANDER M. SULLIVAN,
Business Manager of the School Committee.

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 32.

SATURDAY, FEBRUARY 10, 1940.

NO. 6

MAYOR TOBIN EFFECTS SALE OF OUT-MODED CITY PROPERTY ON NORTH GROVE STREET TO MASSACHUSETTS GENERAL HOSPITAL FOR SUM OF \$64,389 AND ANOTHER PIECE OF PROPERTY MORE SUITABLE TO CITY'S NEEDS—CONDITIONS OF SALE AND TRANSFER ANNOUNCED AFTER TRANSACTIONS AND EXCHANGES WERE COMPLETED—NORTHERN MORTUARY SITE PART OF PROPERTY INVOLVED.

Through the efforts of Mayor Tobin after a series of private conferences and negotiations the City of Boston has been able to sell to the Massachusetts General Hospital a parcel of land on North Grove street at a decided advantage to the city. The property disposed of has been of less value to the city than it would be to the hospital, which desired it to round out its holdings in the vicinity of North Grove street. The city, also, in addition to a sum of money, obtained from the hospital a parcel of land more suitable to the city's needs.

Explanation of the transactions as carried out and completed are contained in the following resolution passed by the City Council:

Whereas, The City of Boston is the present owner of a certain parcel of land together with the buildings thereon, situated on the northwesterly side of North Grove street in the City of Boston and more fully described and shown as "Parcel C" on a plan hereinafter referred to; and

Whereas, The said premises, "Parcel C," are no longer needed for public purposes; and

Whereas, The Massachusetts General Hospital, a corporation duly organized under the laws of the Commonwealth of Massachusetts and having a usual place of business in the City of Boston, is the owner of a certain parcel of land situated on the northerly side of Cambridge street and on the northwesterly side of North Grove street in the City of Boston and more fully described and shown as "Parcel A" on a plan hereinafter referred to; and

Whereas, The said Massachusetts General Hospital desires to purchase for hospital purposes said "Parcel C" and has offered to the City of Boston as consideration therefor the sum of sixty-four thousand three hundred eighty nine (64,389) dollars and to grant to the City of Boston said "Parcel A"; now, therefore, it is hereby

Ordered, That his Honor the Mayor be, and he hereby is, authorized to sell at private sale to the said Massachusetts General Hospital all the city's right, title and interest in and to said "Parcel C," together with the buildings thereon, for the sum of sixty-four thousand three hundred eighty-nine (64,389) dollars and the grant to the City of Boston of said "Parcel A"; and it is hereby further

Ordered, That his Honor the Mayor be, and he hereby is, authorized to execute and deliver, in the name and behalf of the City of Boston, an instrument in writing satisfactory in form to the Law Department of said City of Boston wherein the said City of Boston conveys to the said Massachusetts General Hospital all the city's right, title and interest in and to said "Parcel C," together with the buildings thereon, excepting therefrom and reserving to the said City of Boston the right to continue to maintain, use and occupy the building known as the Northern District Mortuary, and shown on the plan hereinafter referred to as "Morgue," for the period ending with the thirtieth day of September, 1942, bounded and described as follows:

Northerly by land of the Massachusetts General Hospital, one hundred forty-seven and 20-100 (147.20) feet; easterly by North Grove street by two measurements, twenty-five (25) feet and ninety-six and 81-100 (96.81) feet; southerly by other land of the Massachusetts General Hospital, fifty-one (51) feet; easterly again by other land of the Massachusetts General Hospital, twenty-eight and 27-100 (28.27) feet; southerly again by other land of the Massachusetts General Hospital, forty-six and 20-100 (46.20) feet; easterly again by other land of the Massachusetts General Hospital, twenty-nine and 75-100 (29.75) feet; southerly again by land of the City of Boston, fifty-four and 99-100 (54.99) feet; and westerly by other land of the City of Boston, one hundred seventy-six and 44-100 (176.44) feet, containing twenty-two thousand four hundred eighty-nine (22,489) square feet of land, more or less.

All of said measurements are shown on a plan marked "Plan of Land in Boston, Mass., scale 20 feet to an inch, January 31, 1940, William T. Morrissey, Division Engineer, George G. Hyland, Commissioner of Public Works," and designated as "Parcel C" thereon.

(Continued on page 119.)

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"
From Boston Centennial Poem by
NATHAN HASKEL DOLE.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

To THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways, the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in

public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquis, bay windows, coal holes and vaults.

To THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

To THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

To Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

To THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables slaughter-houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

To THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, the Airport, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made

to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

To THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

To THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

To THE BOARD OF EXAMINERS, Room 907, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

To THE STATISTICS DEPARTMENT, 73 City Hall, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

To THE WIRE DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 103, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

To THE BOARD OF ZONING ADJUSTMENT, 43 City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

SALE OF OUT-MODED CITY PROPERTY.

(Continued from page 117.)

Upon the payment by the said Massachusetts General Hospital to City of Boston the sum of sixty-four thousand three hundred eighty-nine (64,389) dollars, and the delivery to the City of Boston by the Massachusetts General Hospital of a deed satisfactory in form to the Law Department of the City of Boston wherein the said Massachusetts General Hospital conveys to the City of Boston all the said hospital's right, title and interest in and to said "Parcel A," bounded and described as follows:

Northerly by land of the Massachusetts General Hospital, thirteen and 2-100 (13.02) feet; easterly by other land of the Massachusetts General Hospital, seventy-five (75) feet; southerly by Cambridge street, fourteen and 11-100 (14.11) feet; westerly by Cambridge Street avenue, forty-seven and 25-100 (47.25) feet; northerly again by land of the City of Boston, one and 23-100 (1.23) feet; westerly again by other land of the City of Boston, thirty and 25-100 (30.25) feet, containing one thousand and twenty-six (1,026) square feet of land, more or less.

All of said measurements are shown on a plan marked "Plan of Land in Boston, Mass., scale 20 feet to an inch, January 31, 1940, William T. Morrissey, Division Engineer, George G. Hyland, Commissioner of Public Works," and designated as "Parcel A" thereon.

The Mayor has approved the following promotions or adjustments in compensation:

PENAL INSTITUTIONS DEPARTMENT.

Estelle A. Sweeney, principal clerk, from \$2,400 to \$2,500 a year.

Daniel J. Harrington, parole agent, from \$2,100 to \$2,200 a year.

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

SCHOOL COMMITTEE.

The School Committee has approved the award of proposals for furnishing groceries for Boston public school cafeterias. Bids, opened Wednesday, December 13, were received from the following concerns:

S. S. Pierce Company, Webster-Thomas Company.

Contract was made with Webster-Thomas Company, lowest responsible bidder, under date of January 17, 1940, in the sum of \$2,625.36.

SUPPLY DEPARTMENT.

Upon February 3 the Mayor approved a contract with the Truscon Steel Company for furnishing $\frac{3}{4}$ -inch round steel

reinforcing rods to be delivered to Mercer street, South Boston, Sewer Division, Public Works Department.

The Commissioner of Public Works has recommended that new billet steel rods be purchased as best suited for the requirements of the Sewer Division. Permission was given to award the contract to the Truscon Steel Company, a low bidder on new billet steel rods, at a price of \$2.61 per hundredweight, less one half of 1 per cent cash discount for payment in ten days. The approximate amount of the contract was \$1,756.27. Bids were as follows:

W. P. A. Requisition No. 2443, "H" 20303.

Seven Eighths Inch Round Steel Reinforcing Rods, 300 Pieces Each 22 Feet Long, 400 Pieces Each 7 Feet 2 Inches Long, 480 Pieces Each 6 Feet 4 Inches Long, 1,550 Pieces Each 7 Feet Long, 1,850 Pieces Each 5 Feet 2 Inches Long, Per Cwt.—Truscon Steel Company, \$2.61; Avery & Saul Company, \$2.51; Northern Steel Company, \$2.61; Bethlehem Steel Company, \$2.61; New England Bolt Company, Incorporated, \$2.6107.

Cash Discount, Ten Days.—Truscon Steel Company, one half of 1 per cent; Avery & Saul Company, one half of 1 per cent; Northern Steel Company, one half of 1 per cent; Bethlehem Steel Company, one half of 1 per cent; New England Bolt Company, Incorporated, one half of 1 per cent.

Type of Steel Upon Which Bid is Based.—Truscon Steel Company, new billet; Avery & Saul Company, rail; Bethlehem Steel Company, new billet or rail; New England Bolt Company, Incorporated, new billet.

WITHOUT ADVERTISING.

The Mayor has approved the following request from the Justice of the West Roxbury Municipal Court:

MUNICIPAL COURT,
WEST ROXBURY DISTRICT,
December 28, 1939.

HON. MAURICE J. TOBIN,
Mayor of Boston.

DEAR SIR,—It is requested that advertising in the *City Record* be dispensed with in the matter of transportation of prisoners in this court, as the number and extent of the various items of charges under this heading are varying, and depend upon the nature of crimes and forms of commitments. The present incumbent furnishing this service has acted as such for over ten years and is very familiar with the requirements.

Yours respectfully,

DANIEL W. CASEY,
Justice.

CLAIMS ALLOWED.

The Mayor upon recommendation of the Corporation Counsel, has approved the following claim:

James Coyle, 64 Radcliffe street, Dorchester, to be reimbursed, in the sum of \$18, as the result of an accident which occurred on February 6, 1939, when the motor vehicle which he was operating as an employee of the Sanitary Division, Public Works Department, collided with a car owned by one John B. Monahan, on Warren Bridge.

TRANSFERS IN APPROPRIATIONS.

City Auditor Charles J. Fox announces the following transfers in appropriations in departments of the City of Boston and County of Suffolk approved by his Honor the Mayor:

ASSESSING DEPARTMENT.

BOSTON, December 30, 1939.

CHARLES J. FOX,
City Auditor.

DEAR SIR,—For the reasons as below explained, will you kindly approve and forward to the Mayor the following request for transfer to the appropriations of the Assessing Department:

From the appropriation for Available Source (Reserve Fund), \$1,200, to the appropriation for D-1, Office Supplies, \$1,200.

This transfer is necessary on account of additional cost due to abatement forms and personal tax statements being made in triplicate form instead of single form as heretofore and additional cost of postage on account of personal tax statements being mailed to the taxpayers.

Respectfully,

JOHN C. L. DOWLING,
Principal Assessor.

The above transfer was made by the City Auditor with the approval of the Mayor January 16, 1940.

AUDITING DEPARTMENT.

BOSTON, December 30, 1939.

HON. MAURICE J. TOBIN,
Mayor of Boston.

DEAR SIR,—In order to expedite the closing of accounts for 1939, I propose,

with your approval, to transfer, under the provisions of section 3, chapter 486, of the Acts of 1909, the amounts listed below. These transfers are required in order to balance the accounts of the Superior Criminal Court.

From the appropriation for A-2, Temporary, \$589.83; C-9, Office, \$10.52; C-16, Wearing Apparel, \$1.50; D-2, Food and Ice, \$1,405.38; F-7, Pensions and Annuities, \$153.41; Hospital Department, A-1, Permanent Employees, \$13,339.22, to the appropriation for B-4, Transportation of Persons, \$936.58; B-13, Communication, \$2,304.80; B-28, Expert, \$821.70; B-29, Stenographic and Copying, \$1,302.25; B-34, Jurors, \$3,500.80; B-35, Fees, etc., \$6,329.96; B-37, Photographic and Blueprinting, \$220.80; B-39, General Repairs, \$52.77; D-13, Chemicals and Disinfectants, \$2.20; D-16, Miscellaneous, \$28.

Respectfully,

CHARLES J. FOX,
City Auditor.

The above transfers were made by the City Auditor with the approval of the Mayor January 30, 1940.

CITY CLERK DEPARTMENT.

BOSTON, December 31, 1939.

CHARLES J. FOX,
City Auditor.

DEAR SIR,—For the reasons as below explained, will you kindly approve and forward to the Mayor the following request for transfer within the appropriations of the City Clerk Department:

From the appropriation for B-1, \$46.55, to the appropriation for D-1, \$46.55.

Insufficient funds appropriated for office supplies.

Respectfully,

W. J. DOYLE,
City Clerk.

The above transfer was made by the City Auditor with the approval of the Mayor January 13, 1940.

CITY COUNCIL.

BOSTON, December 30, 1939.

CHARLES J. FOX,
City Auditor.

DEAR SIR,—For the reasons as below explained, will you kindly approve and forward to the Mayor the following request for transfer within the appropriations of the City Council:

From the appropriation for C-13, Tools and Instruments, \$2; C-13, Tools and Instruments, \$5.97, to the appropriation for A-1, Permanent Employees, \$2; C-17, Miscellaneous, \$5.97.

To adjust deficit in salary schedule, and to pay for city flag.

Respectfully,

EDWARD J. LEARY,
City Messenger.

The above transfers were made by the City Auditor with the approval of the Mayor January 26, 1940.

PUBLIC WORKS DEPARTMENT.

BOSTON, December 30, 1939.

CHARLES J. FOX,
City Auditor.

DEAR SIR,—For the reasons as below explained, will you kindly approve and forward to the Mayor the following request for transfer within the appropriations of the Public Works Department, Summer Traffic Tunnel:

From the appropriation for B-3, Advertising and Posting, \$800, to the appropriation for C-3, Electrical, \$75; C-9, Office, \$360; C-13, Tools and Instruments, \$30; D-3, Fuel, \$100; D-16, Miscellaneous Supplies, \$25; E-10, Electrical, \$180; E-13, Miscellaneous Materials, \$30.

C-3, telephone equipment.

C-9, counting machine.

C-13, brushes.

D-3, fuel oil.

D-16, medium oil.

E-10, electrical materials.

E-13, miscellaneous materials.

These items have all been ordered and are being held in the auditor's office for lack of funds.

Respectfully,

GEORGE G. HYLAND,
Commissioner.

The above transfers were made by the City Auditor with the approval of the Mayor January 13, 1940.

SUPPLY DEPARTMENT.

BOSTON, December 30, 1939.

CHARLES J. FOX,
City Auditor.

DEAR SIR,—For the reasons as below explained, will you kindly approve and forward to the Mayor the following request for transfer within the appropriations of the Supply Department:

From the appropriation for B-3, \$235.70; B-4, \$82; D-16, \$51; C-10, \$7.98, to the appropriation for B-28, \$235.70; B-1, \$82; C-9, \$56.52; B-13, \$2.46.

The transfer to B-28 is necessary owing to contractual obligations.

The transfer to B-1 and C-9 is necessary owing to the fact that these items were originally charged to D-1 instead of B-1 and C-9.

The transfer to B-13 is necessary owing to the fact that information regarding the shipping of a contract was of importance to this department, necessitating this expenditure.

Respectfully,

JOHN A. BREEN,
Superintendent.

The above transfers were made by the City Auditor with the approval of the Mayor January 16, 1940.

TRAFFIC COMMISSION.

BOSTON, December 30, 1939.

CHARLES J. FOX,
City Auditor.

DEAR SIR,—For the reasons as below explained, will you kindly approve and forward to the Mayor the following request for transfer within the appropriations of the Boston Traffic Commission:

From the appropriation for D-11, Gasoline, \$212, to the appropriation for B-1, Printing, \$17; B-14, Motor Vehicle Repairs, \$145; E-13, Miscellaneous Materials, \$50.

The above transfer of funds is necessary in order to make final adjustments to the 1939 budget allowances.

Respectfully,

WILLIAM P. HICKEY,
Commissioner.

The above transfer was made by the City Auditor with the approval of the Mayor January 22, 1940.

SUFFOLK COUNTY.

SUPERIOR COURT, CIVIL SESSION.

BOSTON, December 28, 1939.

CHARLES J. FOX,
City Auditor.

DEAR SIR,—For the reasons as below explained, will you kindly approve and forward to the Mayor the following request for transfer within the appropriations of the Superior Court, Civil Session, General Expenses:

From the appropriation for Available Sources, Penal Institutions Department, Central Office, A-1, Commissioner, \$953.60, to the appropriation for B-12, Bond and Insurance Premiums, \$53.60; D-2, Food and Ice, \$900.

To provide for payment of bond and insurance premiums and meals for jurors.

Respectfully,

JAMES F. McDERMOTT,
Clerk.

The above transfer was made by the City Auditor with the approval of the Mayor December 30, 1939.

SUPERIOR COURT, CRIMINAL SESSION.

BOSTON, December 30, 1939.

CHARLES J. FOX,
City Auditor.

DEAR SIR,—For the reasons as below explained, will you kindly approve and forward to the Mayor the following request for transfer within the appropriations of the Superior Court, Criminal Session:

From the appropriation for F-7, Pensions and Annuities, \$542.36, to the appropriation for B-1, Printing and Binding, \$110.50; B-12, Surety Bond Insurance, \$96; B-37, Photographic Copies, \$24.59; B-39, Repairing, \$72.36; C-9, Office, Typewriters, \$84.56; C-10, Library, \$124.50; C-17, General Plant, \$19; D-13, Chemicals, \$7.50; D-16, Miscellaneous Supplies, \$3.35.

These transfers are necessary as the original appropriation was insufficient because of the increase in business.

Respectfully,

WILLIAM M. PRENDIBLE,
Clerk.

The above transfers were made by the City Auditor with the approval of the Mayor January 22, 1940.

MUNICIPAL COURT, SOUTH BOSTON.

BOSTON, December 30, 1939.

CHARLES J. FOX,
City Auditor.

DEAR SIR,—For the reasons as below explained, will you kindly approve and forward to the Mayor the following request for transfer within the appropriations of the Municipal Court, South Boston District:

From the appropriation for A-2, Temporary Employees, \$72.19; B-12, Bond and Insurance Premiums, \$2; B-17, Care of Persons, \$17.50; B-39, General Repairs, \$11.50; C-10, Library, \$16; C-17, Miscellaneous Equipment, \$9; Available Sources, Insanity Cases, B-35, Fees, Services of Venires, etc., \$52.15, to the appropriation for B-4, Carrying of Persons, \$10.30; B-13, Communication, \$44.87; D-1, Printing, \$109.65; A-1, Court Officers, \$2.22; B-1, Printing and Binding, \$13.30.

This condition was not foreseen at the time of filing the budget and consequently the amount appropriated was insufficient.

Respectfully,

WILLIAM G. LYNCH,
Clerk.

The above transfers were made by the City Auditor with the approval of the Mayor January 22, 1940.

SUFFOLK COUNTY JAIL.

BOSTON, December 23, 1939.

CHARLES J. FOX,
City Auditor.

DEAR SIR,—For the reasons as below explained, will you kindly approve and forward to the Mayor the following request for transfer within the appropriations of the Jail:

From the appropriation for B-14, Motor Vehicle Repairs, \$6, to the appropriation for B-10, Rent, Taxes, etc., \$6.

From B-42, Miscellaneous, \$10, to B-22, Medical, \$10.

From C-13, Tools and Instruments, \$80, to B-12, Premiums on Bonds, \$80.

From C-16, Clothing, \$124, to F-12, Gratuities, \$124.

From C-17, Miscellaneous, \$50, to B-37, Photographic, \$50.

From D-13, Chemicals and Disinfectants, \$150; D-15, Tobacco, \$75, to B-13, Telephone, \$225.

From E-10, Electrical, \$250; E-13, Miscellaneous, \$111, to F-7, Pensions, \$361.

From E-13, Miscellaneous, \$600, to B-39, Repairs, \$600.

From C-12, Medical, Surgical and Laboratory, \$90; C-16, Clothing, \$100; D-8, Laundry, Cleaning, \$100; D-11, Gasoline, Oil, etc., \$50; E-13, Miscellaneous, \$100, to B-8, Light, Heat and Power, \$440.

From C-12, Medical, Surgical and Laboratory, \$4, to C-9, Office, \$4.

From C-17, Miscellaneous, \$10, to C-15, Tires, Tubes, etc., \$10.

From C-13, Tools and Instruments, \$50; D-1, Office, \$50; D-8, Soap and Laundry, \$40; D-13, Chemicals and Disinfectants, \$50; B-1, Building, \$50; B-10, Electrical, \$35; E-13, Miscellaneous, \$125, to D-2, \$400.

The transfer from B-14 to B-10 is for the purpose of providing funds to cover the cost of storing the rugs of the Sheriff's House last summer.

The transfer from B-42 to B-22 is to provide funds to cover the cost of an operation performed upon an inmate of this institution who is now confined in the Prison Colony Hospital at Norfolk.

The transfer from C-13 to B-12 is to cover the cost of the premiums on the bonds of Sheriff Sullivan and Acting Sheriff Whelton as Jailer.

The transfer from C-16 to F-12 is to cover the cost of furnishing aid to discharged prisoners, the total cost of which could not be anticipated at the beginning of the year.

The transfer from C-17 to B-37 is to cover the cost of taking photographs of inmates as required by law.

The transfer from D-13 and D-15 to B-13 is to provide funds which, it is estimated, will be needed for telephone service.

The transfers from E-10 and E-13 to F-7 are necessary in order to provide sufficient funds for the pension pay roll. The shortage in this item is due to the pensioning of an employee last June, for which no provision was made in the budget.

The transfers from E-13, C-12, C-16, D-8 and D-11 to B-39 are necessary in order to clear up all repair bills for the year. Included in this group of repairs is a bill for \$140, the cost of installing radiators in the sun room of the Sheriff's House, an expenditure incurred prior to my assuming the office of Sheriff. Another bill for \$220 for cleaning the flues, setting grates and doing all necessary brickwork in the ovens in the kitchen, was also incurred prior to my assuming the duties of Sheriff. Also included in the group are bills for repair work on locks throughout the Jail and for emergency repairs to the laundry machinery.

The transfer from E-13 to B-8 is needed to provide funds to cover the cost of electricity for the latter portion of the year.

The transfer from C-12 to C-9 is for the purpose of purchasing brief cases for the carrying of official documents by the Sheriff.

The transfer from C-17 to C-15 is to cover the cost of a tire and tube which were purchased for the Jail Beverly Wagon in an emergency.

The transfers from C-13, D-1, D-8, D-13, E-1, E-10 and E-13 to D-2 are for the purpose of providing funds sufficient to cover the cost of food for the balance of the year.

Respectfully,

FREDERICK R. SULLIVAN,
Sheriff.

The above transfers were made by the City Auditor with the approval of the Mayor December 30, 1939.

BOSTON, December 30, 1939.

CHARLES J. FOX,
City Auditor.

DEAR SIR,—For the reasons as below explained, will you kindly approve and forward to the Mayor the following request for transfer within the appropriations of the Suffolk County Jail:

From the appropriation for A-1, Permanent Employees, \$333.51; A-2, Temporary Employees, \$19.28; B-37, Photographic and Blueprinting, \$20.25; B-39, General Repairs, \$52.20, to the appropriation for D-2, Food and Ice, \$425.24.

The above transfers from A-1, A-2, B-37, B-39, to D-2 are to provide funds to clear up food bills for the year.

Respectfully,

FREDERICK R. SULLIVAN,
Sheriff.

The above transfers were made by the City Auditor with the approval of the Mayor December 30, 1939.

CHELSEA DISTRICT COURT.

CHELSEA, December 30, 1939.

CHARLES J. FOX,
City Auditor.

DEAR SIR,—For the reasons as below explained, will you kindly approve and forward to the Mayor the following request for transfer within the appropriations of the District Court of Chelsea:

From the appropriation for Some Available Source, Insanity Cases, B-35, Fees, etc., \$87.07, to the appropriation for A-2, Temporary Employees, \$38.95; B-13, Communication, \$48.12.

The above transfers are necessary to cover bills outstanding for 1939 in these items.

Respectfully,

EDWARD F. CANAVAN,
Clerk.

The above transfers were made by the City Auditor with the approval of the Mayor January 13, 1940.

CIVIL SERVICE EXAMINATIONS. (STATE AND CITY SERVICE.)

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence. Applicants may take one or both examinations. Separate applications must be filed for each examination.

INVESTIGATOR, BOARDS OF PUBLIC WELFARE, MARCH 2, 1940.

Last date for filing applications, Saturday, February 17, 1940, at 12 noon.

This examination is for the service of all cities and such towns as are classified under civil service.

This examination is open to both males and females.

Persons qualifying in this examination will have their names placed *only* on the list for the city or town in which they reside. *No State list will be established as a result of this examination.*

From the lists established as a result of this examination, the positions of junior social worker, investigator, visitor and other similar positions will be filled in the various cities and towns of the State.

At the present time the following vacancies exist: Male investigator, Newburyport Public Welfare Department, \$25 a week; male investigator, Taunton Public Welfare Department, \$18 a week; female visitor, Chicopee Board of Public Welfare, \$20 a week; visitor-clerk (female), Westfield Board of Public Welfare, \$15 a week; male visitor, Fitchburg Public Welfare Department, \$20 a week; female assistant social worker, Quincy City Hospital, \$75 a month.

There are no other vacancies listed at the present time. The entrance salary for the above position in the cities and towns throughout the Commonwealth ranges from \$15 to \$25 a week. Salary limits in cities and towns are not fixed by law or at the present time by any classification plan or pay schedule, and may, therefore, be changed by appointing authorities without notice. All cities of the Commonwealth and all towns that have accepted the Civil Service Law and Rules who employ persons engaged in the above-described work are classified under the provisions of the Civil Service Law and Rules.

Duties: Under immediate supervision, to carry on case work service in connection with unemployment, old age assistance, problems of family welfare, care of children, and other social problems; and to perform related work as required.

Entrance Requirements: Applicants who have not reached their twenty-first birthday or have passed their fiftieth birthday on the date of examination will not be eligible to apply. A certificate of date of birth must be filed with the application, *unless* one has been filed with a previous application.

Applicants must have (a) the equivalent of one year of satisfactory paid experience in a social case work agency, or, (b), at least two years of satisfactory paid experience in an occupation dealing with families or individuals in problems of health, education or social welfare.

Substitution of Education: Education may be substituted for experience, year for year of training in a school of social work. Graduation from college may be substituted as the equivalent of one year's paid experience.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

SOCIAL WORKER, STATE DEPARTMENT OF PUBLIC WELFARE, MARCH 2, 1940.

Last date for filing applications, Saturday, February 17, 1940, at 12 noon.

This examination is open to both males and females.

Persons qualifying in this examination will have their names placed on eligible list for employment in this department only.

The entrance salary is \$1,440 a year; the maximum salary for the position is \$2,160 a year.

Duties: Under immediate supervision to supervise the administration of relief in cities and towns; to make investigations of applications for relief; and to perform related work as required.

Entrance Requirements: Applicants who have not reached their twenty-fifth birthday or have passed their fiftieth birthday on the date of examination will not be eligible to apply. A certificate of date of birth must be filed with the application, unless one has been filed with a previous application.

Applicants must have had the equivalent of at least three years, within the last seven, of paid experience in a public or private social service agency, adhering to acceptable standards.

Substitution of Education: Attendance at a school of social work may be substituted year for year, up to a total of two years, for the experience stated above.

Therefore, all applicants must have not less than one year, within the last seven, of satisfactory paid experience in a public or private social service agency adhering to acceptable standards for which no substitution will be acceptable.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

TRAFFIC COMMISSION RULING.

Voted, That as urgently required by considerations of public safety and convenience, the following temporary rule which was adopted and was effective December 15, 1939, for a trial period of sixty (60) days, is hereby extended for a further trial period of sixty (60) days from February 13, 1940:

Parking of vehicles is prohibited in the following street:

Dexter Street, South Boston.

South side, from Dorchester avenue to Ellery street, twenty-four hours.

CIVIL SERVICE EXAMINATIONS. (STATE.)

STATE EXAMINERS OF ELECTRICIANS, 1940.

Examinations will be held at the following points and on the following dates:

Boston, Wednesday, March 6.
Fall River, Thursday, March 7.
Fall River, Friday, March 8.
Boston, Wednesday, April 3.
Springfield, Thursday, April 4.
Boston, Wednesday, May 1.
Worcester, Thursday, May 2.
Boston, Wednesday, June 5.
Boston, Wednesday, September 11.
Worcester, Thursday, September 12.
Springfield, Wednesday, October 16.
Pittsfield, Thursday, October 17.
Boston, Wednesday, November 13.
Lowell, Thursday, November 14.
Boston, Wednesday, December 4.
New Bedford, Thursday, December 5.
New Bedford, Friday, December 6.

Rules for Examinations.

All examinations shall be given in English.

Applicants for Class B or journeyman's certificate must be at least eighteen years of age and have had at least two years' practical experience or the equivalent in the installation of wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Applicants for Class A or master's certificate must be at least twenty-one years of age and have had at least two years' experience in the business of installing wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes. Examination shall consist of applicant's knowledge of the National Electrical Code and practical electrical work.

All persons desiring to be examined, either for a master or journeyman certificate, shall have application on file at least ten days previous to the date of such examination.

Applicants for examination will be required to obtain at least 70 per cent in order to obtain a certificate.

Applicants who fail to obtain the required 70 per cent will not be entitled to re-examination until a period of three months has elapsed, and those who receive less than 50 per cent or who fail on the practical demonstration, will not be re-examined for a period of six months.

Any person found referring to notes or books, or misbehaving during an examination, will be debarred from that examination.

Notice will be sent to applicants for certificates when and where examination will be held and only those so notified will be examined on that day.

STEPHEN C. GARRITY,
WALTER F. DOWNEY,
ULYSSES J. LUPIEN,
ALBERT FRANK,
WALTER J. KENEFICK,

State Examiners of Electricians.

For application blanks or other information apply to State Examiners of Electricians, Room 303, 14 Beacon street, Boston, Mass.

WEATHER IN BOSTON. STATISTICS FOR YEAR 1937.

The precipitation, amounting to 43.67 inches, was 3.53 inches above normal. Snowfall was 8.8 inches, or 34.7 inches below normal, 8.5 inches falling in January, March and December.

Maximum monthly precipitation was in April, or 5.34 inches; maximum rainfall in twenty-four consecutive hours, 3.36 inches on December 6-7; thunder storms on nineteen days, seventeen of these days being in May to August, inclusive; the first thunder shower came on May 7 and the last one on September 4. Snow fell on thirteen days, twelve being in January, March and December. Greatest snowfall in twenty-four hours, 2.2 inches on December 28. The last snow in spring occurred on April 23 and the first snow in autumn came on November 19. The first killing frost in autumn came on October 15. The longest period without precipitation was eleven days, February 23-March 5, the longest period with precipitation, seven days, March 15-21.

Sunshine, highest per cent for month in September, 69 per cent; lowest in January, 41 per cent. Number of clear days, 103; cloudy days, 152; partly cloudy, 110; days showing precipitation, 123; dense fog on 22 days, mostly in January, February, May, June and August; highest temperature, 99° on July 8; lowest, 10° on February 2; mean for winter months, 34°; for summer months, 71°; number of days 90° or above, 16; freezing, 32° or below, 105; zero or below, none; greatest monthly range of temperature, 51° in May; least monthly range, 34° in December; the highest mean temperature of three consecutive days was 82°, July 7-9; lowest mean temperature of three consecutive days, 21°, February 1-4.

Wind, highest velocity 48 miles per hour on October 20 from the south; average hourly velocity, 10.4; prevailing direction in summer months, southwest; in winter months, west; gales (i. e., 32 miles per hour or over), 11, distributed over 7 months.

Barometric pressure (reduced to sea level): Mean, 30. inches; highest, 30.87 inches, January 25; lowest, 29.11 inches, February 14.

Humidity, highest per cent in August, 74 per cent; lowest, March, 58 per cent; mean for year, 67 per cent.

36,400 MOTOR DEATHS IN 1935.

According to the findings of the National Safety Council motor traffic deaths in 1935 totaled 36,400, compared with 1934's record of 36,000.

The only decrease was among school children up to fifteen years of age. Motor vehicle accidents to children have increased much less than those of adults since 1922, when safety education began on a national scale. October, November and December were the reddest months. Two-thirds of the accidents were in places under 10,000 population; more than 40 per cent of the victims pedestrians.

Thirteen states decreased traffic deaths 7 per cent or more: Delaware, Illinois, Kentucky, Massachusetts, Minnesota, Montana, North Dakota, Oregon, Rhode Island, Utah, Vermont, Wyoming and Washington.

PROCEEDINGS OF CITY COUNCIL.

Monday, January 29, 1940.

Regular meeting of the City Council in the Council Chamber, City Hall, at two p. m., President GALVIN in the chair and all the members present.

APPOINTMENTS BY THE MAYOR.

Subject to confirmation by the Council, the Mayor submitted the following appointments, viz.: Constables for term of one year, beginning with first day of May, 1939, with authority to serve civil process upon the filing of the necessary bonds: John F. Goff, 294 Bunker Hill street, Ward 2; Charles Keane, 24 Upland road, Ward 22; Harry K. Feinstein, 143 Chambers street, Ward 3.

Weighers of Coal: Shirley Bloom, 562 Blue Hill avenue, Dorchester, Mass.; Harold Brewer, 40 Norman road, Melrose, Mass.; David Haseltine, 8 Harrison street, Melrose, Mass.; William Mullin, 26 Granite street, Somerville, Mass.; Richard J. Welch, 3 Woodville park, Roxbury, Mass.

Weighers of Goods: Richard J. Welch, 3 Woodville park, Roxbury, Mass.; Paul Edwards, 94 Toplift street, Dorchester, Mass.; Howard Wells, 402 High street, Whitman, Mass.; Thomas Maloney, 13 Newhall street, Boston, Mass.; Albert J. Lacroix, 172 Minot street, Dorchester, Mass.

Laid over for one week under the law.

HEIGHT OF SAFETY CURBS ON BRIDGES.

The following was received:

City of Boston,

Office of the Mayor, January 26, 1940.

To the City Council.

Gentlemen,—I transmit herewith letter from the Public Works Commissioner relative to your order of January 15, 1940, concerning the increasing height of the safety curbs on both sides of the L Street Bridge, and other bridges leading to South Boston, to 18 inches.

Respectfully,

MAURICE J. TOBIN, Mayor.

City of Boston,

Public Works Department,
January 23, 1940.

Mr. William T. Doyle,

Chief Clerk, Mayor's Office.

Dear Sir,—I am in receipt of a City Council order, of January 15, 1940, requesting, through his Honor the Mayor, that the height of the safety curbs on both sides of the L Street Bridge, and other bridges leading to South Boston, be increased to 18 inches.

At the present time the height of curbs recommended have already been installed on the Dover Street and Dorchester Avenue Bridges, over Fort Point Channel, and on January 26, 1940, bids will be received for installing high curbs on Summer Street Bridge, over Fort Point Channel; Summer Street Bridge (formerly called L Street Bridge), over Reserved Channel, and Meridian Street Bridge, over Chelsea Creek, East Boston.

In addition to the bridges already named, which lead to South Boston, over Fort Point Channel, the Northern Avenue, Congress Street and Broadway Bridges are unprovided for. Two of these bridges, Northern Avenue and Congress Street, by construction only require partial changes to provide adequate protection. The third bridge, Broadway, needs extensive repairs and if sufficient funds are made available in this year's budget the high curbs will be installed on these bridges.

Very truly yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file;

BUDGET FOR 1940.

The following was received:

City of Boston,

Office of the Mayor, January 29, 1940.

To the City Council.

Gentlemen,—I submit herewith in segregated form my budget recommendations for the year 1940, in compliance with section 3 of the amended City Charter. In my opinion they represent irreducible minimum allowances consistent with the public interest. In view of the submission of a budget smaller in amount than its preceding budget for three successive years, it is highly questionable whether any further reductions can be made without seriously impairing some of the many services which the municipality is required to render. Cognizant, however, of the prerogatives of your Honorable Body with reference to study and review, I have for the first time in the budgetary history of the city placed Boston upon a twelve-month budget basis through the establishment of allotment controls pending passage of the budget itself.

CITY DEPARTMENTS.

	1939. Appropriations.	1940. Allowances.	Increase.	Decrease.
A. Personal Service.....	\$19,771,961 32	\$19,741,050 00	—	\$30,911 32
B. Contractual Services.....	3,173,736 33	3,101,043 23	—	72,693 10
C. Equipment.....	484,200 38	565,510 74	\$81,310 36	—
D. Supplies.....	2,107,341 90	2,236,676 27	129,334 37	—
E. Materials.....	244,750 00	230,857 00	—	13,893 00
F. Special Items.....	11,534,364 23	11,538,000 00	3,635 77	—
G. Incidentals.....	33,770 00	31,470 00	—	2,300 00
H. Relief Projects.....	1,637,400 00	1,418,739 02	—	218,660 98
Special Appropriations*.....	977,825 00	*782,305 00	—	195,520 00
	\$39,965,349 16	\$39,645,651 26	\$214,280 50	\$533,978 40

Net Decrease, \$319,697.90.

*Special Appropriations include: Real Estate Division, \$20,000; Bridges, repairs, etc., \$20,000; Reconstruction of Library Roof, \$235,000; Conventions, \$43,305; Public Celebrations, \$39,000; Contingent Fund, \$300,000; Reserve Fund, \$125,000; Total, \$782,305

Personal Service.

From records at the office of the Budget Commissioner it is to be noted that the allowance for Personal Service is the lowest appropriation on a full year salary basis, excepting pay cut years of 1933 and 1934, for city departments since 1928. There is no specific allowance for an increase of quota of patrolmen in the Police Department at the present time. In the event, however, that further consideration of the matter indicates its necessity, I feel certain that the budget in its present form should obviate the necessity of an additional appropriation. It was necessary, because of more actual working days in 1940 than in 1939, to provide \$30,000 more than last year to cover the compensation of per diem employees. Because of the State and Presidential elections, the Election Department will conduct three elections this year as against one last year. A consequent, but unavoidable, increase in pay roll of \$50,000 because of this, has been offset by pay roll savings in other departments.

Contractual Services.

The reduction of \$72,693.10 in this item is distributed over fourteen departments. It is the lowest appropriation request for this item in nineteen years.

Equipment.

In 1939 the Equipment appropriation was the smallest in the history of the segregated budget. Equipment replacement has been deferred to the point where it is now imperative in certain classes. The major portion of the increase allowed is to cover the purchase of an aerial ladder, two other fire-fighting units, and fire hose. The remainder of the increase is to cover ordinary replacements, long deferred.

Supplies.

The allowance of 1939 for Supplies was the lowest of nine years out of the last eleven. Because of increased prices of fuel, medical and surgical supplies, and for food necessary for the feeding of some 6,500 patients, inmates, and employees in our hospitals, sanatorium, and institutions, provision has been made for a margin of safety beyond last year's appropriation in the supply item of this year's budget. The increased allowance is \$129,334.37.

Materials.

The allowance for Materials, \$230,857, is the lowest amount recommended for city departments in the last twenty-odd years.

Special Items.

The allowance for Special Items, which consists primarily of the city appropriation for Aid to Dependent Children, Dependent Aid, and Old Age Assistance, is \$11,538,000. This is \$3,600 more than last year's allowance.

Relief Projects.

The allowance for Relief Projects for the purpose of defraying Boston's share of W. P. A. projects is \$218,660.98 less than last year. Boston averaged 26,000 people employed on W. P. A. projects for the first six months of last year, and, based on present quotas, it is not expected that Boston will average more than 19,000 for the same period in 1940. With optimism for a building boom and a resulting shortage of unemployed skilled labor, it is doubtful if as many and as extensive W. P. A. projects will be necessary this year.

Special Appropriations.

The aggregate of the various allowances under this group reflects a net decrease of \$195,520. No allowance has been made for Snow Removal—its need or extent cannot accurately be predetermined. If it becomes necessary I shall request such an appropriation. An allowance of \$25,000 has been made covering the city's share of the cost of the American Legion National Convention which Boston is privileged to have as its guest this year. The many benefits inuring to our city and its people in themselves recommend this allowance. An allowance of \$70,000 has been made for the partial reconstruction of the roof of the Central Library, Copley square. The progressive deterioration of this tile roof has reached such a stage that it would be uneconomical to postpone this necessary reconstruction. In this connection, permit me to quote from the estimates of the trustees of the Public Library on this subject: "The protection of the invaluable book collections of the Boston Public Library, the preservation of the splendid library building itself, the comfort of the public using the facilities of the library, and the measure of economy in the upkeep of the building, all are factors calling for serious consideration in relation to this request." An allowance of \$165,000 has been made to supplement the appropriation of \$87,555.05 in 1939, for the construction of the men's dormitory at Long Island, made necessary by the re-possession by the War Department of the National Government of its property which had been used as a male inmates' dormitory.

COUNTY DEPARTMENTS.

	1939. Appropriations.	1940. Allowances.	Increase.	Decrease.
A. Personal Service.....	\$2,566,054 96	\$2,591,811 46	\$25,756 50	—
B. Contractual Services.....	598,032 50	620,847 10	22,814 60	—
C. Equipment.....	74,004 00	42,448 00	—	\$31,556 00
D. Supplies.....	285,230 00	273,836 00	—	11,394 00
E. Materials.....	23,730 00	20,250 00	—	3,480 00
F. Special Items.....	53,760 10	64,169 76	10,409 66	—
H. Relief Projects.....	26,500 00	24,500 00	—	2,000 00
Special Appropriations*.....	49,000 00	*1,000 00	—	48,000 00
	\$3,676,311 56	\$3,638,862 32	\$58,980 76	\$96,430 00

Net decrease, \$37,449.24.

*Includes Social Law Library, \$1,000.

Allowances for County Maintenance show a decrease of \$37,449.24 from 1939 appropriations. The above table indicates in comparative form the various factors contributing to this net decrease.

Personal Service.

The increase in Personal Service is due primarily to overlay on increment adjustments.

Contractual Services.

The increase of \$22,814.60 in Contractual Services is due to increased allowances for fees for jurors and witnesses for the Suffolk Superior Court (the allowances of 1939 were insufficient for that purpose), and to an allowance of \$9,500 for binding of the consolidated indexes of the Probate Court under the provisions of General Laws, chapter 217, section 15.

REVENUE DEPARTMENTS.

	1939. Appropriations.	1940. Allowances.	Increase.	Decrease.
A. Personal Service.....	\$1,256,086 08	\$1,239,800 00	—	\$16,286 08
B. Contractual Services.....	228,071 00	210,965 80	—	17,105 20
C. Equipment.....	43,547 90	49,084 00	\$5,536 10	—
D. Supplies.....	39,630 90	42,864 00	3,233 10	—
E. Materials.....	180,245 00	154,365 00	—	25,880 00
F. Special Items.....	16,144 05	16,625 28	481 23	—
H. Relief Projects.....	100,000 00	94,000 00	—	6,000 00
Special Appropriations.....	109,000 00	108,000 00	—	1,000 00
	\$1,972,724 93	\$1,915,704 08	\$9,250 43	\$66,271 28

Net Decrease, \$57,020 85.

Although the revenue departments of the city are self-sustaining and are not provided for from tax collections, but from fees charged for their services, there is given above for your information a comparative statement of allowances for these groups.

Respectfully,
MAURICE J. TOBIN, Mayor.

Appropriations and Tax Orders For the Financial Year 1940.

Ordered, That to meet the current expenses payable during the financial year beginning with the first day of January, 1940, for performing the duties and exercising the powers devolved by statute or ordinance, or by vote of the City Council during the year, upon the City of Boston, or County of Suffolk, or the departments or officers thereof, the respective sums of money specified in the tables and schedules hereinafter set out be, and the same are, hereby appropriated for the several departments and for the objects and purposes hereinafter stated.

Ordered, That the appropriation for Water Service, current expenses, and the payment of the State, under the provisions of chapter 488 of the Acts of 1895 and acts in addition or amendment thereto, and for the interest and debt requirements or for loans issued for water purposes be met by the income of said works and any excess over income from taxes; that the appropriation for Printing Department be met by the department income and any excess over income from taxes; and the appropriation for the City Record be met by the income of said publication and any excess over income from taxes; and the appropriation for the Traffic Tunnel be met by the income from tolls and any excess over income from taxes, in accordance with the provisions of section 11, chapter 297, of the Acts of 1929, as amended by chapter 74 of the Acts of 1935; and the appropriation for the Real Estate Division be met by the income of said division, exclusive of proceeds from the sale of foreclosed property, and any excess over income from taxes; that the other appropriations hereinafter specified be met out of the money remaining in the treasury at the close of business on December 31, 1939, exclusive of the money raised by loan or needed to carry out the requirements of any statute, gift, trust or special appropriation by the income of the financial year beginning January 1, 1940, and by taxes on the polls and estates in the City of Boston, and by the proceeds of any duly authorized loans.

Ordered, That all sums of money which form no part of the income of the city, but shall be paid for services rendered or work done by any department or division for any other department or division, or for any person or corporation other than the City of Boston be paid into the general treasury, and that all contributions made to any appropriation be expended for the objects and purposes directed by the several contributors thereof.

Ordered, That all taxes raised to meet the appropriations of the city and all taxes assessed for meeting the city's proportion of the State tax for the year 1940, or for any other taxes or assessments payable to the Commonwealth shall be

Equipment.

The decrease in this item is practically all due to reduced equipment allowances for the Suffolk County Court House. The appropriation of 1939 was larger than normal because of the requests for purchasing additional equipment incidental to the opening of the new court house.

Special Items.

The increase in Special Items is due to the necessity of providing overlay for the pension of the Chief Justice of the Municipal Court and also for overlay for the pension of the Chief Probation Officer of the same court. The sum of \$5,000 has been appropriated as working capital for the House of Correction "Industries Account",

FLOODING OF WARD 19 PLAYGROUND.

The following was received:

City of Boston,
Office of the Mayor, January 26, 1940.
To the City Council.
Gentlemen,—I transmit herewith letter from the Park Department Chairman relative to your order of January 8, 1940, concerning the flooding for skating purposes, Healey Playground, Ward 19.
Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Park Department, January 17, 1940.
William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Sir,—I have your memorandum of January 15 with inclosure, order of the City Council concerning the flooding of Healey Playground for skating purposes.

Healey Playground is one of the largest in the city, but it is not graded for skating. At the lower end of the playground is Stony Brook and the entire playing area is graded toward this brook for the purpose of draining the field so that it is usable as soon as possible after rain storms. Incidentally, the ground is very porous. In former years dikes have been built in an attempt to provide a skating area, without any success.

It would entail a large expenditure of money to comply with this request, that is, to provide an adequate skating area. Fallon Field is less than a quarter mile distant and has been used by the Mount Hope and Roslindale districts for many years for a skating area.

Very truly yours,
WILLIAM P. LONG, Chairman.
Placed on file.

IMPROVEMENT OF WILLIAM EUSTIS PLAYGROUND.

The following was received:

City of Boston,
Office of the Mayor, January 26, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the Park Department Chairman relative to your order of January 8, 1940, concerning the preparing and presenting for the approval of the W. P. A. authorities, a project for the complete improvement of the William Eustis Playground on Norfolk avenue, Roxbury, and to place it in modern and first-class condition for the enjoyment of the people of the district.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Park Department, January 17, 1940.
William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Sir,—I have your memorandum of January 15 with inclosure, order of the City Council that this department prepare and present to the W. P. A. authorities a project for the complete improvement of the William Eustis Playground, Roxbury.

Please be informed it is a pleasure to comply with the request and a project will be started immediately to regrade the playground, repair settees, provide additional fences, improve the field, etc.

Very truly yours,
WILLIAM P. LONG, Chairman.
Placed on file.

HOCKEY RINK, SAVIN HILL PLAYGROUND.

The following was received:

City of Boston,
Office of the Mayor, January 26, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the Park Department Chairman relative to your order of December 30, 1939, concerning the installation of a hockey rink at the Savin Hill Playground, Ward 13.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Park Department, January 11, 1940.
William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Sir,—I have your memorandum of January 9 with inclosure, order from the City Council concerning the installation of hockey rinks at the Savin Hill Playground.

Please be informed that as soon as the carpenters are available, I will have them build a rink in Savin Hill Playground. The work is piling up to such an extent with the building of rafts, runways, etc., there will be some little delay, but we will get to it as soon as we possibly can.

Very truly yours,
WILLIAM P. LONG, Chairman.
Placed on file.

RESURFACING OF ST. GREGORY'S COURT.

The following was received:

City of Boston,
Office of the Mayor, January 26, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the Public Works Commissioner relative to your order of December 18, 1939, concerning the resurfacing of St. Gregory's court, from Dorchester avenue to Avondale place, Ward 17.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department, January 8, 1940.
William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Mr. Doyle,—This is in reference to the following order that was passed in the City Council on December 18:

"Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to resurface St. Gregory's court, from Dorchester avenue to Avondale place, Ward 17."

St. Gregory's court is a private way and, under the provisions of statute law, this department has no right to enter such a street for the purpose of effecting street improvements.

It will be necessary for the Board of Street Commissioners to accept this street as a public highway, in order that this department may have the necessary authorization to comply with the provisions of this order.

Respectfully yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

RESURFACING OF DORCHESTER AVENUE.

The following was received:

City of Boston,
Office of the Mayor, January 26, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the Public Works Commissioner relative to your order of December 4, 1939, concerning the resurfacing with smooth paving, as a W. P. A. project, Dorchester avenue, Ward 16, from the Rapid Transit Bridge to Gallivan Boulevard.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department,
January 6, 1940.

William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Mr. Doyle,—This is in reference to the following order that was passed in the City Council on December 4, 1939:

"Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to resurface with smooth paving, as a W. P. A. project, Dorchester avenue, Ward 16, from the Rapid Transit Bridge to Gallivan Boulevard."

Dorchester avenue, from the Rapid Transit Bridge to Gallivan Boulevard, is now surfaced with granite block, with the exception of that part from Dix to Mather streets, and from King to Rosedale streets, which sections are surfaced with a sheet asphalt pavement. The general condition of the surface is satisfactory, except that section in the vicinity of Fields Corner.

While it unquestionably would be beneficial to resurface the section of Dorchester avenue between the limits specified in the Council order, with bituminous concrete pavement, the result obtained would not be entirely satisfactory, unless the street car tracks were removed. I have taken up the removal of the street car tracks with the officials of the Boston Elevated Railway, and they are opposed to such a proposal, as they use the tracks for the purpose of transferring cars from the Ashmont Station to the car barn at Fields Corner.

The resurfacing, in its entirety, of the section of Dorchester avenue, as called for in the order, would not, in my opinion, be justified at this time.

The department will, however, submit a project to the W. P. A. authorities for the resurfacing of that section from the Rapid Transit Bridge to Gibson street. It is contemplated that a start will be made on this project early this spring.

I do not feel that there is any necessity of resurfacing the section from Gibson street to the Ashmont Station, before 1941 or 1942. The section from Ashmont Station to Gallivan Boulevard is in an excellent condition, and should not require resurfacing for at least five years.

Respectfully yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

VETO OF DRIVEWAY PERMIT.

The following was received

City of Boston,
Office of the Mayor, January 29, 1940.
To the City Council.

Gentlemen,—I return herewith disapproved and without my signature permit for a driveway opening at 27-31 Brighton avenue, Allston, Mass.

The opening in question appears to exceed normal requirements, and the Commissioner of Public Works has disapproved the granting of the permit.

For these reasons, I feel it incumbent upon me to veto the attached permit.

Respectfully,
MAURICE J. TOBIN, Mayor.

Placed on file.

CITY EMPLOYEES LIVING OUTSIDE BOSTON.

The following was received:

City of Boston,
Office of the Mayor, January 26, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the Corporation Counsel relative to your order of January 15, 1940, concerning the making a check on his employees to find out if said employees live in Boston, and if any department head finds any employee working in his department living outside of Boston, he, the department head, shall give said employee sixty days in which to move back to Boston or resign from his job.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Law Department, January 22, 1940.
Hon. Maurice J. Tobin,
Mayor of Boston.

Dear Mr. Mayor,—You have sent me for consideration and report the following order of the City Council passed on January 15, 1940:

"Ordered, That all department heads be requested, through his Honor the Mayor, to make a check on his employees to find out if said employees live in Boston, and if any department head finds any employee working in his department living outside of Boston, he, the department head, shall give said employee sixty days in which to move back to Boston or resign from his job."

This order seems to me to be so far beyond the powers of the Council and in so many respects that it is unnecessary to go into the subject matter of it at great length. Brief mention of only two aspects of the order should suffice.

In the first place, the order clearly violates the prohibition contained in section 8 of the City Charter (Acts of 1909, chapter 486) against the City Council taking part in the "conduct of the executive or administrative business of the city", if for no other reason than that it purports to direct your Honor to require your department heads to adopt a specific course of action.

In the second place, the effect of the order would be to require, as a result of Council action, the removal of employees for reasons not contemplated by the civil service laws of the Commonwealth. As pointed out by former Corporation Counsel Frank S. Deland on February 23, 1927, in an opinion to the Clerk of Committees of the City Council,—"The Legislature has spoken on the subject of the employment of persons in the city government and has failed to restrict employment to residents only" and, therefore, "the City Council has no right to pass an ordinance which is inconsistent with legislative policy as indicated by the civil service laws of this Commonwealth."

Respectfully yours,

HENRY PARKMAN, JR.,
Corporation Counsel.

Placed on file.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz.:

Claims.

Baker & Co., for reimbursement for repairs to concrete mixer lent to Park Department.

Mary H. Cardoza, for compensation for damage to car caused by an alleged defect in Summer Tunnel.

Hazel Doucette, for compensation for damage to coat caused by an alleged defect in Summer street.

Henry J. Duemmling, for compensation for damage to car by city truck.

Francis M. Fonseca, to be reimbursed for services rendered to Board of Assessors.

John F. Gallagher, to be reimbursed for judgment issued against him.

Samuel Gordon, for compensation for damage to car by city truck.

Mona M. Grant, for compensation for damage to car caused by an alleged defect in Savin Hill avenue.

Mrs. E. W. Hanson, for compensation for damage to property at 44 Rockwell street, caused by city employees.

Anthony Houtenbrink, for compensation for damage to car by city truck.

Myer Kasoff, for compensation for injuries caused by an alleged defect in Crawford street, Roxbury.

Ralph Massa, for compensation for damage to property caused by city motor vehicle.

Hugh A. McLellan, for daughter Dorothy McLellan, for compensation for injuries caused by an alleged defect in Tileston School.

Mary C. O'Keefe, for compensation for damage to car caused by an alleged defect at 311 Meridian street.

Primus Hat Company, for compensation for damage to property at 39 Kingston street, caused by defective water pipes.

Helen Rose, for compensation for damage to property by city car.

Josephine Sanford, for compensation for damage to property at 53 Rockwell street, caused by city employees.

Edgar Shaw, for compensation for damage to car by city wagon.

James Speranza, for compensation for damage to car caused by an alleged defect in Augustus avenue, Roslindale.

Elroy S. Stover, for injuries caused by an alleged defect at Quincy Market.

Maria E. Wahlstrom, for compensation for damage to property at 47 Rockwell street, caused by city employees.

Whiting Milk Company, for compensation for damage to horse and wagon caused by an alleged defect in Meridian street.

Joseph E. Ziniti, for compensation for damage to car by city truck.

Executive.

Petition for children under fifteen years of age to appear at places of public amusement, viz.:

Mrs. J. A. Winchus, South Boston Municipal Building, January 28.

Committee on Licenses.

Petitions for driveway openings:
City of Boston, at 30 Alford street, Ward 2.

Henry C. Brookings, Beverly and Causeway streets, Ward 3.

APPOINTMENTS BY THE GOVERNOR.

Notices were received from the Secretary of State of appointments by the Governor as follows:

On August 12, 1939, Arno I. Drew, as member of Suffolk County Court House Commission, for term of five years ending August 12, 1944.

On December 20, 1939, Elias F. Shamon, as member of Finance Commission, for remainder of term of five years ending August 18, 1940.

Severally placed on file.

APPOINTMENT OF THOMAS F. KELLY.

Notice was received from the Mayor of appointment of Thomas F. Kelly of 203 Boylston street, Jamaica Plain, as member of Board of Zoning Adjustment, for term ending April 30, 1944.

Placed on file.

ELECTION OF PUBLIC WELFARE DEPARTMENT SECRETARY.

Notice was received from the Board of Overseers of the Public Welfare of election on January 15, 1940, of William G. O'Hare as secretary of the Board.

Placed on file.

REPORT OF FINANCE COMMISSION RE BUDGET PROCEDURE.

The following was received:

City of Boston,
Finance Commission,
January 17, 1940.
To the Special Commission to Study Boston Budget and Appropriating Procedure.

Gentlemen,—The Finance Commission submits herewith this additional contribution to the discussions before your commission on budgets and budget procedure in the City of Boston. In this communication the commission offers its views in regard to the appropriation practices within the organization of the School Committee.

The right of the School Committee to appropriate for the maintenance of the school system is now established by the application of a number of statutes adopted originally at widely different periods of the last four or five decades. Until 1936 the appropriating power was based on tax limits for various purposes plus the right to add unexpended balances of previous years' appropriations and the excess in actual receipt of income over the original estimate of income.

The build-up of the school tax limits began in 1889 and continued over a long period in piecemeal fashion. In 1935 there were nine separate limits authorizing appropriation for school purposes, plus the above-mentioned balances and excess income.

As a result of general dissatisfaction with this method of determining the School Committee's right of appropriation, the Legislature in 1936 made an attempt to simplify the procedure and at the same time to give to the Mayor and City Council a measure of control over school appropriations. Chapter 224 of 1936 eliminated tax limit appropriating power based on average valuation for three years for all items except (1) for the construction and furnishing of new buildings, etc. (2) for the alteration and repair of school buildings and for furniture, etc. The authority given by previous statutes to appropriate a sum not to exceed 50 cents per \$1,000 of the average valuations for the one and 85 cents per \$1,000 for the other was continued in this 1936 statute.

In addition to these two tax limits for construction and physical maintenance of the school plant, the 1936 statute gave the School Committee the right to appropriate "for all other school purposes, the sum of fifteen million one hundred and sixty thousand dollars." The statute added that "unexpended appropriation balances may be re-appropriated for their respective purposes; and an amount equal to the money that may be given, and the income collected for school pur-

poses, as estimated by said committee, may be appropriated" for all other school purposes.

Then, having given to the School Committee a strictly limited right to appropriate, the Legislature left the door open for the procurement of more funds for school purposes by insertion of the sentence "Nothing in this section shall prevent the Mayor, on request of the School Committee, from recommending and the City Council from passing additional appropriations for school purposes." In no other section of this statute and in no other statute in force in the last half century has authority in school affairs been delegated to the City Council in Boston.

The remainder of chapter 224 of 1936 merely restated the provision already in existence requiring mayoral approval of appropriation orders of the School Committee and requiring a four-fifths vote of the School Committee to pass them over the Mayor's veto.

As a result, this complicated method of determining the School Committee's right of appropriation as it stands today ends up by giving to the Mayor and City Council the right to determine the maximum limit of expenditure for the schools.

In practical result the 1936 statute did not greatly alter the previous situation. The earlier statutes had already provided a generous appropriation right for the School Committee. It is only when the Committee will desire to exceed its generous right and request the Mayor to make additional appropriation that the new authority will come into play. Such a contingency appears remote.

Form of School Budget.

The routine work of preparation of the budget of the School Committee has been delegated by a rule of the Committee to the Business Manager. Under this authority the Business Manager has worked out a form of estimate which divides the total budgetary need into the requirements by functions of the school system and subdivides the main functional estimates into the requirements by school units.

The appropriations are finally adopted by the School Committee in an order which divides the total of the estimates into fifteen sums, each of which provides for a definite objective activity of the school system. The order of appropriation plainly states that the lump sums thus voted are based on the detailed estimates. Separate appropriation is made for the physical maintenance of the plant and for new buildings in accordance with the tax limits stated in the statutes.

This form of appropriation order preserves complete control of expenditure in the School Committee. It is worked out in great detail, and contains no loophole by which the intention of the appropriating body can be circumvented in expenditures.

Preparation of School Budget.

The Business Manager occupies a position in budget making in the School Committee similar to that of the Budget Commissioner in respect to other city departments. He obtains estimates of needs from the various branches of the school system and molds the expression in figures of these needs into so-called "Preliminary Estimates."

The date of the submission of these estimates to the Committee depends in large part on the date of the final determination by the Superintendent of Schools of the requirements for teachers for the coming year. Inasmuch as the rules of the Committee prescribe that the number of teachers shall bear a particular ratio to the number of pupils, the superintendent must forecast the school population for the entire calendar year separated into grades before he can give an estimate of the number of teachers required.

When the yearly increase or decrease in educational requirements is only a normal change, the superintendent's task is merely a matter of arithmetic.

The situation has, however, been out of balance for several years. In the early 30's, the general business depression seemed to cause an abnormal increase in school population. Application of the old rules relating to ratio of teachers to pupils and relating to supplies per pupil tended to increase school costs. Public demand for reduction of school costs despite increased school population brought about discussion of rule changes increasing the number of pupils per teacher and reducing allowances for supplies, etc.

Subsequently a new complication developed when the school population suddenly began a downward trend. Increasing demand for reduction of school expenditures harassed school officials. The School Committee has been forced to spend more than the normal amount of time in consideration of rules, since a large part of the school expenditure depends on the rules in operation.

The superintendent must take cognizance of rule changes already made, as well as those in prospect or under discussion, in making up the requirement of employees of the system. The Business Manager must await the superintendent's determination of the result. The Business Manager, in addition, must take cognizance of rules relating to supplies. After the rules are made by the Committee, they must be translated first by the superintendent into numbers of employees and later by the Business Manager into dollars and cents.

Delay in Adoption of Budget.

There are some peculiarities about the work of the Committee in its budget making which have provoked criticisms. The most important is the delay of the Committee in completion of the budget work.

In 1939 the budget was not adopted until June 26. At that date there remained only four months of that calendar year when the schools would be in session. Criticism of the policy of the Committee in this respect followed.

In fairness it should be stated that the date of adoption in 1939 was unusual. Furthermore, there were good reasons which accounted for the tardiness. There was a possibility until approximately that date that a pay roll cut might be forced upon the Committee.

However, it does happen frequently that the School Committee as an organization is dilatory in its budget study.

In normal times it would seem that there are no great obstacles to determining school needs and to the early adoption of a budget. It is merely a matter of organization and of proper planning. For the time being, however, because of the sudden decline in school population in the late 30's, which is in contrast to the steady increase in the early 30's, conditions are to that extent abnormal. However, all signs now point to a continued decline in school population. Therefore, a decline in requirements of appropriation would appear to be the normal condition henceforth.

The school organization, having been expanded in past years so as to provide the prescribed education for the greater number, must now be contracted to meet the changed conditions. This must be accomplished, of course, gradually and is going to require more of the Committee's time in study, and greater effort on the part of those permanent officials in the organization who work out the educational and administrative plans for the Committee. What and where and how to reduce ordinarily requires more study than what and where and how to expand.

Unless the School Committee executives and the Committee greatly increase their efficiency in production of a budget for study, and compress the time spent in study into a shorter interval than in past years, delay in the adoption of a budget is likely to continue to be a point of criticism.

It is fair to state that there was an advantage in 1939 in the late adoption of the budget. The decline in school population, if expected, had not inspired the School Committee to advance the time when it should take into account the effect of the changed conditions on school financial needs; and the Committee was not ready to take full advantage of it until late in the year. Hence, the appropriation order was approximately \$300,000 less eventually than it would have been had the budget been adopted early in the year. The \$300,000 saving, therefore, was really more of a correction of an error than might have resulted from a failure to anticipate seasonably the new condition.

As a general policy, therefore, the Finance Commission believes the School Committee should aim regularly at earlier adoption of the budget. The Finance Commission does not believe it advisable to recommend change in the fiscal year, though it recognizes that difficult complications result from the fact that the fiscal year begins January 1 while the school year begins September 1, and contracts for employment run with the school year rather than with the fiscal year. The Commission believes that these difficulties can be minimized by gradual improvement in procedure, and that a too radical change often defeats its own purpose.

The Finance Commission believes that much of the present criticism of the School Committee budget practices will disappear if the budget procedure is speeded. Having in mind, therefore, as stated in another report to your Committee, that the quality of the product is more important than the time of production, and not unmindful that the production should be in good season, the Finance Commission recommends a requirement by statute that the budget procedure be based on the following time limits:

1. That the Business Manager present "Preliminary Estimates," so-called (which shall be open for public inspection), to the Committee not later than February 1, and that these preliminary estimates constitute a maximum limit of appropriations for the year.

2. That the School Committee complete its study of the "Estimates" and finally adopt a budget on April 1, or the next business day after April 1.

3. That the "Preliminary Estimates" be subject to reduction but not increase by the Business Manager or the Committee.

Participation of the Mayor in School Budgeting.

The present law gives to the Mayor an uncertain responsibility in the school budget making. The Mayor may veto a school appropriation order, and it then requires a four-fifths vote of the Committee to pass it over the veto.

It requires a four-fifths original vote of the Committee to pass an appropriation measure. It was an old adage in the School Committee that if four members out of five could be gotten to vote for an appropriation measure, the same four would stand together against a Mayor's veto. It has not happened often that the Mayor has

vetoed a School Committee appropriation order and, therefore, the adage has not been frequently tested.

In 1939, however, the Mayor did veto the original school budget, and subsequently two members voted to sustain the veto. This effectively blocked adoption of the budget in its original form. Some believe that this one occasion on which the Mayor's veto resulted in a change of mind in the School Committee is only an exception that proves the rule, and that the necessary second vote to uphold the Mayor was obtained in this particular instance only because the specific item involved related to an issue which has been widely discussed and on which there is much difference of opinion.

The Finance Commission is inclined to believe that the aforementioned test was not a good criterion of the workability of the authority of the Mayor; in other words, that though on this particular issue the Mayor's veto was sustained, ordinarily the Mayor's veto will lack sufficient support in the Committee to be effective. The commission believes, therefore, that the Mayor's participation in school budget making should be strengthened by giving to the Mayor greater authority in the situation.

There are two simple steps to be taken to this end. One is to prescribe by law that the Mayor must participate in the original adoption of an appropriation order. The other is to prescribe that the Mayor's veto of any portion of a School Committee appropriation order may have the effect of defeating it just as the City Council's refusal to approve adoption of an appropriation measure initiated by the Mayor defeats it.

Participation by the Mayor in the budget discussions is of great importance. Today a Mayor must accept or disapprove a School Committee budget more or less blindly. The School Committee spends months in passing upon a budget prepared by its Business Manager; but, ordinarily, a Mayor must accept or reject that budget on information that he hurriedly picks up within a few days, or on prejudices that he has formed against practices. To pass intelligently on a budget, the Mayor must know in detail what it contains. This knowledge can only be obtained by a study of it.

It seems obvious, therefore, that a Mayor should be provided with better opportunity to pass upon a budget than is contained in the present procedure. To accomplish this, the Finance Commission recommends that the statute require that the Mayor or his representative must attend all budget meetings or hearings by the School Committee held within the period in which the budget is under discussion by the Committee. In this way, the Mayor can acquire the knowledge that he needs to act intelligently when the budget is before him.

Giving the Mayor an opportunity only to limit school appropriation is not interfering with the present control of school affairs by a majority of the School Committee. The authority, except for saying how much the Committee can spend for administration, remains just where it now is.

It is reasonable to expect that a Mayor's participation in the discussions of the School Committee on their budget will have an influence on the members. That being so, the next consideration is what will be the result of that influence.

Under the present distribution of authority and under the distribution suggested in this report the Mayor will have no authority in the administration of school affairs. His authority will not go beyond reduction of the budget, or approval of it as submitted.

No Mayor enjoys having a high tax rate charged up to him. He usually labors, in providing funds for the departments which he controls, to find means of keeping tax requirements down to the lowest possible level. It is illogical, therefore, to expect that his effort, if given this greater authority in school affairs, will be other than to keep the tax requirements on account of schools down to the lowest possible level.

The Finance Commission believes, therefore, that to give the Mayor the right to strike out portions of the school appropriation bill as he deems advisable after careful study can react only to the benefit of the taxpayers. It may be argued that the taxpayers' gain will be the pupils' loss and that to give to the Mayor the final power to reduce the amount expended on education may unduly curtail the quality and quantity of the educational opportunities offered to the young people of the city. It seems to the commission that this fear is insubstantial. The Mayor, Committee and Council are all elected. The electorate is identical in all cases. There is no fear that the Council, in the exercise of its control of appropriations, will improperly restrict the city's activities either by undue parsimony or by exaggerated solicitude for its taxpayers. It seems to the commission that the Mayor can be equally trusted to protect the educational opportunities furnished by the Boston school system. The commission, therefore, recommends a change in the law so as to permit nullification of any portion of the school budget by a Mayor's veto.

The Present Limit.

In the statute under which the School Committee now operates in appropriation for school activity—chapter 224, Acts of 1936—there is a definite limit in dollars and cents to the amount (except as before mentioned) which the Com-

mittee can appropriate without special permission of the Mayor and Council. It was fixed in 1936 at \$15,160,000.

This specific amount was based on a situation existing in that particular year. The purpose of putting that figure into the statute was to force the Committee to reduce to an extent that it had shown indication previously of being unwilling to reduce. It has been found subsequently that it is not now necessary to appropriate to the full extent of that figure.

Since that figure resulted from consideration of a distinctly temporary condition, it has no relation at the present time, four years after the adoption of the 1936 Act, to the present school situation. Undoubtedly it served a good purpose in 1936, but requirements based on population are declining since that year and now that limit amounts to an over-generous right of appropriation.

Unless the figure is to be revised every year in accordance with conditions, it would seem to be better to eliminate it and to leave the determination of the appropriation right, as previously suggested, to a combination of the Mayor and School Committee, with the Mayor—as previously recommended—exercising the final authority. A tax limit for the School Committee is out of line with recent legislative action abolishing a tax limit for the city. If the abolition of the one is sound, it is difficult to find acceptable reason for the retention of the other.

Use of Balances of School Appropriation.

The use of the unexpended balance of the appropriation for one year as an addition to the taxing limit in the build-up of an appropriation right for school purposes has always provoked criticism. In those years of pleasant memory, when the total tax collections in a fiscal year exceeded the total expenditures and, therefore, started the city off on a new year with a free cash item in the treasury, the criticism amounted merely to a characterization of the proceeding as unsound.

Now, however, when—instead of free cash at the end of a year—the city's heritage in the new year is a cash deficit measured in tens of millions, due to inability to collect a total tax equal to the total of expenditures, the criticism is more intensified.

The commission offers this illustration to explain the practice. In those years when a limit was fixed on the amount which the School Committee could raise by taxation for physical education, the School Committee appropriated the maximum allowable. At the end of the year, usually it was found that some thousands of the appropriation remained unexpended. For the next year, therefore, the School Committee had the right to add that amount of unexpended balance for physical education to the amount allowable under the tax limit.

Many of the tax limits have been replaced by the new general limit of \$15,160,000 as presented in the 1936 statute already referred to, and the limit for physical education is one of them; but the allotment under the general tax limit of \$15,160,000 for general school purposes which is available for physical education may be extended by the unexpended balance of the previous year's appropriation for physical education.

This procedure permits an expansion of physical education if the School Committee desires.

The right to add the excess of actual receipts over estimate of income, or gifts, is a different matter. Much of this item is really a grant by the state for a specific purpose, and if the purpose is not accomplished in one year it might be considered as keeping faith with the state to add the unexpended portion to the allotment of the next year's limit for the same specific purpose. There is nothing, however, which would appear as an obstacle to separation of ear-marked income from general income and the carry-over only of the ear-marked income to specific items.

It would remove all differences of opinion on the propriety of the present usage of balances, however, if the limit of school appropriations were left simply to the joint judgment of the Mayor and School Committee. It would seem, as previously stated, that the Mayor's influence would always be directed toward keeping the whole bill down because otherwise his tax rate computations will lead to an unwanted conclusion.

The Finance Commission, therefore, recommends that all reference to limitation for general school purposes contained in the present statute be eliminated. The grant of the right to the Mayor to block by veto specific appropriation will constitute a satisfactory limit.

Respectfully submitted,

CHARLES M. STOREY, Chairman,
JAMES E. MAGUIRE,
DAVID LASKER,
JAMES H. FLANAGAN,
ELIAS F. SHAMON,

The Finance Commission.

BRANCH LIBRARY, EGLESTON SQUARE.

Coun. ENGLERT offered the following:
Ordered, That the trustees of the Boston Public Library be requested, through his Honor the Mayor, to consider the advisability of establishing a branch library in the Eggleston Square section of Ward 11.
Passed under suspension of the rule.

REPORT OF COMMITTEE ON LICENSES.

Coun. FISH, for the Committee on Licenses, submitted the following report on petitions for driveway openings, viz.:

Petition of George L. Lincoln (referred January 8), at Blue Hill avenue and Walk Hill street, Ward 18—that leave be granted.

Petition of E. D. Codman, Jr., at 1891 Columbus avenue—that leave be granted.

Report accepted; leave granted under usual conditions.

UNDERPASS, BRIGHAM CIRCLE, WARD 10.

Coun. CAREY offered the following:
Ordered, That the Commissioner of Public Works and Transit Commission be requested, through his Honor the Mayor, to consider the advisability of constructing an underpass for vehicular traffic at Brigham Circle, Ward 10, from a point opposite Smith street to a point opposite Wait street.

Coun. CAREY—Mr. President, again I am appealing to his Honor the Mayor to provide protection for pedestrian traffic in the Brigham Circle area, one of the most dangerous intersections—and this on the word of the Traffic Commission itself—in the entire City of Boston. With the completion of the Worcester turnpike a few years ago, traffic through Brigham Circle has increased tremendously. Practically all of the vehicles that formerly went to and came from points south and west of Boston, via the old Boston Post road, now enter and leave the city via the Worcester pike. With the completion within the near future of the Huntington Avenue Subway, as far as the Boston

Opera House, street cars will be taken off Boylston street and Huntington avenue as far as the Opera House and there will then be available a vehicular highway on this abandoned street car route that will attract hundreds, yes, perhaps thousands, of additional vehicles daily. A little over a year ago the City Council approved of the issuance of bonds in the amount of \$300,000, the money to be used as the city's contribution toward a W. P. A. project to provide for the construction of an underpass at the intersection of Huntington and Massachusetts avenues. Better than ninety-five per cent of the vehicular traffic that passes through Huntington avenue, at the intersection of Massachusetts avenue, both intown and out of town, also passes through Brigham Circle. I realize that there is a little heavier cross-traffic at the Huntington-Massachusetts intersection, but, on the other hand, a very considerable amount of traffic enters into Brigham Circle from Tremont street. Hundreds of school children are forced to cross Huntington avenue daily at the peril of their lives in going to and coming from the Farragut and Martin Schools. Other hundreds of pedestrians have to cross Huntington avenue in visiting at the Peter Bent Brigham Hospital and in attending the many services at the Mission Church. What is good enough for the Huntington-Massachusetts intersection is none too good for Brigham Circle. And it will not cost anything like \$300,000 to construct an underpass at Brigham Circle. While up to this time traffic lights, which I have struggled hard to get for nearly five years during the administration of former Mayor Mansfield and, more recently, as a member of this Honorable Body, would have afforded some pedestrian protection, I sincerely believe that the time has now come when, with constantly increasing traffic hazards in the Brigham Circle area, and more especially what will unquestionably come a little later on with the attractive Huntington avenue vehicular highway and underpass at Huntington and Massachusetts avenues, something permanently protective to pedestrians must be done in this area, and I therefore respectfully request passage of my order in the usual way.

The order was passed under suspension of the rule.

Coun. M. H. SULLIVAN in the chair.

RESURFACING OF WARD 12 STREETS.

Coun. TAYLOR offered the following:
Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to resurface the following streets in Ward 12 under the W. P. A. plan of construction:

Alpine street, Glenwood street, Sherman street, Whiting street, Holland street, Gaston street, Park View street, Devon street, Georgia street.
Passed under suspension of the rule.

RECREATIONAL CENTRE, SOUTH BOSTON.

Coun. LINEHAN and SCANNELL offered the following:

Ordered, That the trustees of the George Robert White Fund be requested, through his Honor the Mayor, to consider the advisability of erecting a municipal gymnasium or recreational buildings in the South Boston district.

Ordered, That the Corporation Counsel be requested, through his Honor the Mayor, to inform the City Council as to whether the income from the George Robert White Fund can be used for the construction of a recreational center or gymnasium in the South Boston district.

Coun. LINEHAN—Mr. President, my colleague from South Boston and I have filed these orders in the hope that the trustees of the George Robert White Fund, through the Mayor, may consider this year the advisability of erecting in the South Boston district a municipal gymnasium or recreational center. I realize, of course, that each member of the Body is going to look for something for his particular district, but I also realize that South Boston for twenty years has been going without a gymnasium or recreational center facilities, and that its need demands particular attention. Twenty years ago I remember when we did have a small gymnasium down on D street. Some of the other members of the Body undoubtedly will remember that gymnasium. At about that time the building was torn down, and people of the district were promised that something better would be constructed in its place. But, lo and behold! Up to this day nothing has been done. In the order I have stressed "gymnasium," but under the terms of the George Robert White will I have been informed that it might be possible to use the fund for what would be called a recreational center. So in the order requesting the Corporation Counsel to render an opinion I have asked that he inform the Council whether the income from the fund can be used for the construction of a recreational center or a gymnasium in the district. We simply desire to know specifically whether the fund can be used for either of these purposes. I might say that a report I have here for 1938 shows that there is approximately \$800,000 unexpended income in this particular fund. I have no idea how much was spent last year, but the manager of the fund tells me that the amount

was not large, so the amount now in the fund is probably approximately what it was a year ago. I feel that to simply allow this money to accumulate is defeating the purpose of the will, when there are objects for which money might well be spent, within the purposes of the will, from year to year. I could list all the organizations in our district as in favor of this proposition, but I would simply like at this time to record the South Boston Citizens' Association and the South Boston Women's Democratic Club in favor. I could mention fifteen or more organizations that would like to see this idea carried out in our district. If we can get this particular project through, perhaps others will also be able to do something for their districts. But let us first see if we can get the fund for such purposes. Certainly if used in this way it will benefit the citizens of Boston. We have today thousands of children on the streets, as they will be found in other districts, simply because there is no other place for them to go. They might well and profitably employ their spare time in a gymnasium. If such an opportunity had been afforded them, we might not have seen such an awful accident as you gentlemen read about in the papers some days ago, where children lost their lives on floating ice. I sincerely trust, also, as is suggested in another order I am introducing, that if this effort is not successful this year, an opportunity be allowed to the children and some of the older people of the district to use on evenings and on Saturday afternoons the South Boston High School gymnasium, the idea merely being to allow such use at times when it is not being used by the children of the school. This, of course, would have to be accomplished through the Boston School Committee, and I have prepared an order which I am about to introduce, making such a request of the School Committee. I certainly trust that the School Committee will do something about it, because certainly small expense would be involved in keeping it open at least three or four nights in the week, merely the cost of light and supervision. Certainly there would not be a large amount required for upkeep or for janitor's service. The same idea might also be carried out in other districts where there are school gymnasiums and where proper facilities are not afforded otherwise. Certainly our people are entitled to any proper facilities of this sort that can be afforded in the schools without interfering with the school work. There is no need, of course, for me to elaborate upon the occurrence a few days ago in South Boston, to which I have already referred. If such facilities as are here suggested had been available to our young people we might not have had that awful tragedy. I trust that something in this line will be done this year, and I shall await with interest the opinion of the Corporation Counsel as to whether the erection of a municipal gymnasium or a recreational center in the district would come properly within the terms of the George Robert White will. I trust that the order will be approved.

Coun. SCANNELL—Mr. President, I would like to say just a word upon this matter. Councilor Linehan has covered the question, and what I say will simply be in the line of supporting his remarks. Some twenty-two years ago the gymnasium that then existed in South Boston was taken from the people, and at that time they were promised a bigger and better gymnasium. But during all these years that promise has not been carried out. There is the land at the corner of C street and Broadway, which cost the City of Boston \$265,000, which, under present conditions, is an eyesore in the district. I certainly hope this Honorable Body will pass the orders, because the children of the district need something such as is proposed over there. There is not a place over there where they can go for reasonable and proper recreation. You may say that there are the beaches, but aside from them there is no place. In the meantime, money of the taxpayers of Boston is being spent in large amounts to handle juvenile delinquency in the courts. If we give the children of our district something which will train their minds and their bodies, there will be fewer cases of juvenile delinquency. Every priest and pastor over there, every organization in South Boston, is in an uproar. Councilor Linehan and myself are up against the wall, because of the demand of the district that something of this kind be done. We are being put on the spot because of the legitimate demand of the people for action. We have introduced these orders, and we both serve notice that from now on, on the floor of this Council, we will be fighting for the people of our district, endeavoring to get for them what they should rightfully have.

The orders were passed under suspension of the rule.

USE BY PUBLIC OF SOUTH BOSTON HIGH SCHOOL GYMNASIUM.

Coun. LINEHAN and SCANNELL offered the following:

Ordered, That the Boston School Committee be requested, through his Honor the Mayor, to consider the advisability of keeping the South Boston High School gymnasium open for the use of the public on evenings, except Sunday, and on Saturday afternoons throughout the year.

Passed under suspension of the rule.

LIFE-SAVING APPARATUS AT BATH HOUSES.

Coun. LINEHAN and SCANNELL offered the following:

Ordered, That the Park Commission be requested, through his Honor the Mayor, to include in their budget for this year a sum sufficient to purchase an inhalator for use at the L Street Bath House and also one for the Carson Beach Bath House, to be kept available for use the year round.

Ordered, That the Park Commission be requested, through his Honor the Mayor, to keep at least one rowboat, with oars, ready for use the year round at the Carson Beach Bath House with a duplicate set of keys to be furnished to Police Station 6, South Boston.

Ordered, That the Park Commission be requested, through his Honor the Mayor, to purchase an outboard motor boat for the L Street Bath House and also one for the Carson Beach Bath House, the same to be kept available for use the year round.

Coun. LINEHAN—Mr. President, the three orders I have introduced in the line of furnishing additional safety along the South Boston waterfront, are orders which I would have introduced had the Council met last week. The terrible accident that occurred over there a short time ago has already been referred to in this meeting, and you have read about it in the papers, where the boys, riding on cakes of ice, were carried out to their deaths. I do not say that the deaths might not have occurred, anyway, but I do say that if we had these safeguards readily available they might not have occurred. I do not believe that an expenditure of more than \$700 will be involved in carrying out these proposed provisions, just a small expenditure looking to added safety for our people, where both here and in the Legislature large amounts are being continually expended in other ways that are not so immediately important. I am not recommending, and shall not recommend at any time, the indiscriminate spending of all kinds of money for sundry things that may come before us for consideration. But I do believe in spending proper amounts when the expenditure is necessary for the welfare and safety of the people of our districts, particularly in cases where large expenditures are necessary later because we did not make the proper safety expenditures in the first place. Let us get down to the money situation here. I suppose the city treasury has spent at least \$2,000 in trying to recover the bodies of these children, for divers and for the work that has been done all over the beach and in the adjoining water. The expenditure must be at least \$2,000. These orders that we have introduced will cause an expenditure of, say, \$700, and what is here proposed will be not only useful in the wintertime but in the summertime, in preventing drowning. If you say that the Fire Department can be called in, well, we all know that with the delay involved a person would be pretty apt to drown before he could be saved. This at least looks to proper precautions to prevent such tragedies through immediate or prompt action. Under present conditions it would take at least an hour to get a boat and go out to save boys on the ice, and by the time they were reached it would probably be too late. A rowboat would suffice in many cases, and an outboard motor could probably reach the scene in ten or fifteen minutes. If such provisions had been available, undoubtedly the lives of those poor children could have been saved. So I say that this involves a very small expenditure, and in this very case, if such means had been available, so that these youngsters could have been saved, even looking at it from the money point of view, the expenditure of \$700 would have saved the later expenditure of \$1,300 in this one case alone. I do not say that we are going to have another such tragedy this year or next year, but we might have a recurrence of it at any time, as long as boys are boys and are tempted, as we were in our younger days, to "run tiddies." There will always be the temptation to youngsters to take a chance and go out on these ice cakes. I feel sure that the Council will approve of these orders.

The orders were passed under suspension of the rule.

ISSUANCE OF PERMITS TO CHILDREN.

Coun. LANGAN offered the following:

Ordered, That until otherwise ordered, the City Clerk be authorized to issue, in the intervals between City Council meetings, permits for children under fifteen years of age to appear at concerts, entertainments and exhibitions authorized by law, provided that the applications for such permits bear the approval of the Mayor and three members of the Committee on Rules.

Passed under suspension of the rule.

MUNICIPAL STADIUM, JAMAICA PLAIN.

Coun. LANGAN offered the following:

Ordered, That his Honor the Mayor be requested to authorize a survey of the Jamaica

Plain-Roslindale district for the purpose of selecting a site for a municipal stadium in that district. Passed under suspension of the rule.

TRANSPORTING OF PASSENGERS BY SAUGUS TRANSPORTATION COMPANY.

Coun. COFFEY offered the following:

Ordered, That the trustees of the Boston Elevated Railway Company be requested, through his Honor the Mayor, to grant the necessary permission for the Saugus Transportation Company to transport passengers on their buses from Winthrop through the East Boston Traffic Tunnel to the city proper and return.

Coun. COFFEY—Mr. President, the reason why I have introduced this order is because of the situation that developed yesterday. The Saugus Transportation Company has been running buses from Winthrop through to East Boston to the Summer Tunnel, once in every two minutes, meaning thirty buses per hour. We have over 70,000 people in East Boston, and the reason why I file this order is because I saw that yesterday the Mayor refused to allow these buses to run through the tunnel to the city proper. The result is that they dump people in East Boston instead of in the heart of the city, and we have too much traffic congestion over there already. The purpose of this order is to relieve traffic congestion at that point over in East Boston by allowing these buses to go through the tunnel to the city proper and return.

The order was passed under suspension of the rule.

PROTECTION OF STREET CROSSINGS, ORIENT HEIGHTS.

Coun. COFFEY offered the following:

Ordered, That the Police Commissioner be requested, through his Honor the Mayor, to furnish adequate traffic officers for crossings on Saratoga street, at the junction of St. Andrew road, in the Orient Heights section of East Boston, to protect school children while going to and coming from schools in that vicinity.

Coun. COFFEY—Mr. President, the purpose of this order is the protection of children going and coming from school in crossing Saratoga street at the junction of St. Andrew road, in the Orient Heights section of East Boston. They have to cross Saratoga street in going to and from the schools in that vicinity, and the purpose of the order is to have adequate protection for them while they are doing so through traffic officers. That is the reason why I file the order.

The order was passed under suspension of the rule.

LIGHTING FACILITIES, BENNINGTON STREET.

Coun. COFFEY offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to make a survey of the lighting facilities on Bennington street, East Boston, with a view to installing such additional lights as may be required to eliminate the hazards to pedestrians from vehicular traffic.

Coun. COFFEY—Mr. President, I suppose I need hardly mention the fact that Bennington street is the main artery of East Boston. I think every member of the Council knows about the heavy traffic we have there, both ways, both horse-drawn vehicles and trucks. Last year, on this street, within six blocks, there were seven people killed and fifty injured, and when the cases came up in court the drivers all made the same statement—"I did not see the person until he was directly in front of me," or "I did not see him at all. All I knew was that there was a noise on the road, and I found that I had hit somebody." That state of affairs shows the need for additional lighting facilities on the street.

The order was passed under suspension of the rule.

REINSTATEMENT OF JAMES GRAY.

Coun. WARD, for Coun. M. H. Sullivan, offered the following:

Resolved, That the City Council of Boston hereby favors the enactment of legislation authorizing the reinstatement of James Gray as a member of the Boston Police Department, provided that such legislation includes a referendum to the Mayor and City Council.

Passed under suspension of the rule.

SIDEWALK, TRAIN STREET, WARD 16.

Coun. FISH offered the following:

Ordered, That the Commissioner of Public Works make a sidewalk along Train street, in front of No. 50, Ward 16, in front of the estates bordering thereon; said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Passed under suspension of the rule.

STATEMENT BY COUNCILOR TAYLOR.

Coun. TAYLOR—Mr. President, I ask unanimous consent to make a statement.

Chairman M. H. SULLIVAN—If there is no objection, the gentleman may proceed.

Coun. TAYLOR—Mr. President, two weeks ago I stood on the floor of this Council and made a statement that some members of the Council thought was an unjust exhortation of the Commissioner of Civil Service. I wish now to say that since that time something has been called to my attention which, to my mind, substantiates and corroborates everything I had to say in regard to the commissioner. I said then that the Commissioner of Civil Service was running his office in dictatorial fashion, that he adopted a cold-blooded attitude toward people who were out of work and had no feeling of human sympathy for the people with whom he came in contact in his department. I would like now, Mr. Chairman, to call the attention of the Council to a particular case of which I have been recently informed. There was a young lady who formerly worked in the office of the School Department, who married a school teacher and, in accordance with the rules of the department, resigned the job to take over her job as a married woman. Subsequently she had two children, and later on her husband had the misfortune of becoming afflicted with tuberculosis, being today in the Rutland sanatorium for treatment of the disease, of course leaving his wife to assume the support of herself and the two children. The young lady, with this burden imposed upon her, appealed to the members of the School Committee, to be reinstated, to get back her old position, so that she would be able to provide for the two children and herself without attempting to seek welfare or other relief, and without being obliged to live on friends and relatives. The School Committee were very charitable in the matter and agreed to give her her job back. They sent a requisition to the Civil Service Commissioner about two months ago, and the commissioner, a former efficiency expert in the Lawrence mills, apparently actuated simply by cold-blooded principles of business efficiency, said, "No; this young lady shall not receive her job back," despite the fact that the members of the School Committee of the City of Boston felt that she should have it, under the circumstances, that she was capable of filling the position in a satisfactory manner, and that she would thus be able to provide for herself and her two children in such a way that she would not have to resort to welfare agencies of the City of Boston or depend upon friends and relatives. This great leader of the civil service of the Commonwealth, a man without humane blood flowing in his veins, is acting in that manner in similar cases towards countless individuals and families in this state. He seems to feel that the sole function of his job is to prevent people from going to work. I simply wish to offer this in substantiation of the remarks I made two weeks ago.

"SLOW" SIGNS, WASHINGTON STREET, WARD 17.

Coun. WICKES offered the following:

Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to arrange for the erection of "Slow" signs on Washington street, Ward 17, between Codman square and Harvard street.

Passed under suspension of the rule.

"STOP" SIGN, EVANS STREET, WARD 17.

Coun. WICKES, offered the following:

Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to install a "Stop" sign on Milton avenue, at the intersection of Evans street, Dorchester, Ward 17.

Passed under suspension of the rule.

RECONSTRUCTION OF DILAPIDATED WHARVES.

Coun. M. H. SULLIVAN and SCANNELL offered the following:

Ordered, That the Boston Port Authority be requested, through his Honor the Mayor, to formulate and present plans to the authorities of W. P. A. for the reconstruction of such dilapidated docks and wharves on the Boston waterfront as belong to the City of Boston, and to suggest to private owners the possibility of obtaining R. F. C. funds for that purpose.

Passed under suspension of the rule.

FATAL ACCIDENTS, BLUE HILL AVENUE.

Coun. GOTTLIEB offered the following:

Whereas, The number of fatal accidents on Blue Hill avenue, in Ward 14, has reached alarming proportions during the last four years, with no active measures having been taken towards a solution of these dangerous traffic conditions; therefore, be it

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to change the name of that part of Blue Hill avenue which is in Ward 14 to "Death Highway."

Coun. GOTTLIEB—Mr. President, this order may appear on its face to be frivolous, but when we realize that there have been more than 300 accidents, many of them fatal, in this area during the past four years, with no action taken to limit or control the speed of autos through the installation of automatic traffic signals, I think the least we can do is to change the name of this dangerous highway to a name consistent with the peril to pedestrian travel, so that men, women and children crossing this section of Blue Hill avenue may at least receive due warning from the name proposed in the order. Of course, my colleagues know that the change of name which I propose is not the real objective of my order. I am optimistic in my belief that an order of this nature, predicated as it is upon a background of more than 300 accidents in the past four years will make all of us fully appreciate that this menace to human life is our responsibility. As I have looked into the matter and have consulted the records of the Body, it has become more and more impressed upon my mind that the responsibility for these traffic conditions rests squarely on the shoulders of the Boston City Council. I know, of course, that it is sometimes hard for us to appreciate and realize that fact. I know that the people of my district, as well as my colleagues in the Council, fail to appreciate that responsibility. I realize that once these orders are passed in the Body we are up against a stone wall, that we are unable to obtain the necessary money to install these automatic control signals. That, of course, is a practical difficulty with which we have to contend. The people do not understand the situation, and there is a reflection upon us. But I say the time has come when something must be done to modify those conditions and that some greater measure of consideration should be given to the members of the Boston City Council so that such obviously improper conditions in the various districts may be remedied. I have discovered from an examination of the Council minutes of previous years that the need for traffic control devices in this area has been a matter of much discussion by my predecessors in this Body; that the Traffic Commission has approved the need for automatic signal lights on Blue Hill avenue, in Ward 14, at dangerous intersections, in past years, but that unfortunately for the safety and lives of pedestrians, no money was ever provided so that the necessary work could be done. And so the unfortunate condition has continued to exist. Millions of dollars are spent annually for welfare institutions and for hospital upkeep. Is it more important to first clothe and feed the needy of Boston and then subject them to death or injury because of insufficient control of auto traffic? I say that there is something decidedly wrong when we feed and clothe the needy of Boston and then turn them out on dangerous highways where they are subject to death or injury because of insufficient control of auto traffic. I know of no section of Boston, outside of the downtown area, where there is so much dangerous auto traffic as on Blue Hill avenue, because of the travel to and from the South Shore by way of Blue Hill avenue through Mattapan square and Milton. Automobiles come down Blue Hill avenue at a terrific rate of speed. I can recall times in the past two years when I have had to wait ten minutes or more after alighting from a car before I could cross the avenue safely, because of the automobile and heavily loaded bus traffic, which seems to make a point of speeding through that area. I want to point out, incidentally, that we have two elementary schools and other institutions there, where children and older people are continually going and coming across the avenue, and that the whole thing presents an extremely dangerous situation, which should be remedied as soon as possible.

Chairman M. H. SULLIVAN—The Chair sympathizes with the purpose of the order, but must rule it out of order.

Later in the session Coun. GOTTLIEB said: Mr. Chairman, I wonder if that order might not be referred to the Committee on Rules?

Chairman SULLIVAN—As the order has been ruled out of order, the Chair would simply suggest that the councilor may present another order, if he so wishes.

TRAFFIC SIGNALS, WARD 14.

Coun. GOTTLIEB offered the following:
Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to provide for the installation of automatic traffic signals at the following intersections in Ward 14:

Blue Hill avenue and Glenway street.
Blue Hill avenue and American Legion Highway.
Blue Hill avenue and Talbot avenue.

Coun. GOTTLIEB—Mr. President, I want to point out to this Honorable Body that the intersection of Blue Hill avenue and Glenway street is an extremely dangerous traffic point. You have there the Endicott School and other buildings that are frequented by children and older people going back and forth, making it one of the danger spots of the city for children as well as for adults. Still, there is no traffic control for traffic from Franklin

Park down to Morton street, a distance of perhaps one and a half miles. I think many members of the Body realize what a speed highway Blue Hill avenue is at that and other points. For example, there is a similar situation, demanding the installation of automatic traffic signals, at Blue Hill avenue and American Legion Highway. That is near my home, and on many occasions it is necessary for me to wait ten or fifteen minutes before being able to cross to the other side, at the corner of Wales street. We also need a traffic control signal at the intersection of Blue Hill avenue and Talbot avenue. That is a very dangerous intersection. There are four streets there and proper traffic control is necessary if we are to protect the rights of pedestrians, giving them a chance to cross. All of these points are extremely dangerous, and automatic traffic signals are necessary and should be installed. I ask the passage of the order, Mr. President.

The order was passed under suspension of the rule.

TRAFFIC CONTROL, BLUE HILL AVENUE.

Coun. GOTTLIEB offered the following:

Ordered, That the Traffic Commissioner and Commissioner of Public Works be requested, through his Honor the Mayor, to provide for the installation of automatic traffic control devices in conjunction with the proposed widening of Blue Hill avenue, from Seaver street to American Legion Highway, Ward 14.

Coun. GOTTLIEB—Mr. President, it is proposed to widen Blue Hill avenue from Seaver street to American Legion Highway, Ward 14, and it will be extremely important in connection with such widening to install automatic traffic control devices. The single highway will be made a double-barreled highway, so that traffic will be one way on each part, going in either direction. The widening will be a very worthy and commendable one, and will relieve traffic congestion, a safety zone being maintained in the center of the highway. I contend, however, that with the construction of this double-barreled highway proper traffic control demands these control devices and lights at the proper points. Without proper traffic control devices there will be a great menace to the pedestrians in that area. I hope, therefore, that the Council will pass the order.

The order was passed under suspension of the rule.

DEPARTMENTAL TELEPHONE DIRECTORY.

Coun. COFFEY offered the following:

Ordered, That his Honor the Mayor be requested to consider the advisability of printing and issuing a telephone directory of various city departments and department heads.

Passed under suspension of the rule.

PRICE OF MILK.

Coun. M. H. SULLIVAN and COFFEY offered the following:

Ordered, That his Honor the Mayor be requested to consider the advisability of asking the Governor of the Commonwealth to order the Milk Control Board to desist from its publicized plan to increase the price of milk in metropolitan Boston.

Passed under suspension of the rule.

ACCEPTANCE OF WARD 20 STREETS.

Coun. LYONS offered the following:

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out the following streets in Ward 20 as public highways, under the W. P. A. plan of construction: Montgomery street, Dunwell street.

Passed under suspension of the rule.

SHELTERS FOR ELEVATED PASSENGERS, WARD 20

Coun. LYONS offered the following:

Ordered, That the trustees of the Boston Elevated Railway Company be requested, through his Honor the Mayor, to erect shelters for the comfort and convenience of persons waiting for street cars at the corner of La Grange and Centre streets and La Grange and Washington streets, and also for patrons waiting for buses at Weld and Centre streets, Ward 20.

Passed under suspension of the rule.

PLAYGROUND, WARD 20.

Coun. LYONS offered the following:

Ordered, That the Park Commission be requested, through his Honor the Mayor, to arrange for the construction of a playground in the Weld street section of Ward 20, the work to be done by W. P. A. labor.

Passed under suspension of the rule.

TOBOGGAN AND COASTING SLIDES, WARD 20.

Coun. LYONS offered the following:

Ordered, That the Park Commission be requested, through his Honor the Mayor, to arrange for the installation of toboggan and coasting slides on the various playgrounds in Ward 20.

Passed under suspension of the rule.

RECESS.

On motion of Coun. ENGLERT, the Council voted, at 3.13 p. m., to take a recess, subject to the call of the Chair. The Council reassembled and were called to order by Chairman M. H. SULLIVAN at 5.30 p. m.

REPORT OF COMMITTEE ON CLAIMS.

Coun. GOTTLIEB, for the Committee on Claims, submitted the following:

Report on petition of Walter C. Mackie (referred January 15), 8 Douglas street, South Boston, to be reimbursed for amount of execution issued against him on account of his acts as operator of motor vehicle belonging to Sanitary Division, Public Works Department—recommending passage of accompanying order, viz.:

Ordered, That the sum of sixty dollars (\$60) be allowed and paid to Walter C. Mackie in reimbursement for amount of judgment issued against him on account of his acts as operator of a motor vehicle belonging to the Sanitary Division, Public Works Department, said sum to be charged to the Contingent Fund.

Report accepted; order passed.

PREFERENCE TO BOSTON RESIDENTS ON HOUSING PROJECTS.

Coun. CHASE offered the following:

Ordered, That the Director of Public Welfare and the Soldiers' Relief Commissioner be requested, through his Honor the Mayor, to submit a list of the numbers of able-bodied unemployed laborers and skilled tradesmen receiving welfare and soldier's relief assistance to the City Council; and be it further

Ordered, In justice to Boston's needy unemployed and to the taxpayers, that the Boston Housing Authority be requested, through his Honor the Mayor, to arrange with the Federal Housing contractors to give preference in the employment of men to Boston residents, Boston Welfare and soldiers' relief recipients and Boston W. P. A. workers.

Coun. CHASE—Mr. Chairman, my purpose in introducing that order is the fact that it has recently been called to my attention that the Housing Authority on the several housing projects here is employing outsiders. It is not necessary for me to call to your attention once more the fact that we were told that Boston's needy unemployed would be given the benefit of work on these projects. What do we now find? We find that unemployed laborers and skilled tradesmen receiving welfare and soldiers' relief in this city are not given consideration on these projects. We find that men are brought in from Arlington, Brookline, and even from points as far as Texas and Alabama, being given preference to Boston citizens. I say it is time that the Boston Housing Authority should do something besides promising to give the citizens of Boston work on jobs, when they ask us to accept these so-called better housing projects in Boston. We have scores and scores of unemployed skilled workmen and others in Boston, Boston residents, who are denied the opportunity that they have a right to expect. I trust that the Council will pass this order, and that the Mayor will use his good offices to see that it is put into effect.

The order was passed under suspension of the rule.

REPORT OF EXECUTIVE COMMITTEE.

Coun. LANGAN, for the Executive Committee, submitted the following:

1. Report on petition (referred today) for children under fifteen years of age to appear at places of public amusement, viz.:

Mrs. J. A. Winchus, South Boston Municipal Building, January 28—recommending that leave be granted under usual conditions.

Report accepted; leave granted under usual conditions

REPAVING WARD 13 STREETS.

Coun. HUTCHINSON offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to repave with smooth pavement the following streets in Ward 13, under the W. P. A. plan of construction:

Denny street, Romsey street, Spring Garden street, Davitt street.

Passed under suspension of the rule.

THE TAXICAB SITUATION.

Coun. COFFEY—Mr. President, I desire unanimous consent to make a statement.

Chairman SULLIVAN—If there is no objection, the gentleman may proceed.

Coun. COFFEY—Mr. President, when we went into executive session I was willing to abide by the decision of the Police Commissioner, but after hearing the Police Commissioner make his statement about the Checker Company and Sawyer brothers, that smart pair, I thought I would repeat in this Council at this time a statement prepared about ten days ago in regard to this matter. The story goes like this. Here we are, the old taxicab question back with us again. It seems that this fight between Checker, Town and Independents will go on forever or until the office holders in this city get wise to themselves and stop it. You know, all this has been caused by a couple of smart politicians, two clever brothers. I am referring to the Sawyer brothers. This fight first started back in 1929, when I was a member of the Legislature. At that time, the Checker had the city pretty well bottled up, and the Independents had a bill there to give them the right to pick up fares outside the hotels, the railroad terminals, night clubs and theaters. We passed that bill, but it did not do the Independents very much good, as the Sawyer brothers wield a lot of influence in this city. The hotels and railroads continued to use the Checker taxis. Then we had a referendum, and the people of Boston voted three to one for open stands, which, of course, was a victory for the Independents. That was a terrible blow for the Sawyer brothers, but they weren't licked yet. You gentlemen must remember the story in the Boston newspapers last year when members of the General Court had free passes that entitled them to ride around in Checker taxis, which proved that the Sawyer brothers know their politics. Well, you know how far we got. It never got out of the committee, and you heard something about the names of those who obtained those free tickets issued by the Checker Taxi Company. Last year the Sawyer brothers had a bill in the Legislature which, if passed, would allow the hotel managers the privilege of using any cab they chose. You remember in the Legislature Commissioner Timilty talking to Representative Linehan of South Boston and saying that he had no control over the private stands, and that the Sawyer brothers established a private stand across the street from the Statler. They had a representative in the hotel, who would ask a patron if he wanted a taxicab, and if he said, "Yes," word was sent to the man across the street, at the private Checker stand, and the Checker got the business there. We, the members of the Legislature, received letters from almost every hotel manager in Boston urging us to vote in favor of this bill. The Sawyer brothers were lobbying openly, in the State House, so openly—I don't like them, anyway, and I don't mind mentioning that I went to the Sergeant-at-Arms in the Legislature and asked to have them put out of the State House. Well, you gentlemen know what happened. We licked the bill in the House, and now we are faced with another master stroke by the Sawyer brothers. This time the Police Commissioner sees fit to take so many cabs off the street one day each week, and, no matter what the Police Commissioner, Mr. Miller, the Sawyer brothers or anybody else may say, we know in our hearts that this is what the Sawyer brothers wanted. And whom do we find as the clever manipulator behind this master stroke? None other than the famous legal adviser, who was adviser to the Police Commissioner when Eugene Hultman was Police Commissioner, Leo Schwartz. All the time that Leo Schwartz was legal adviser to the Police Commissioner, the Checker Taxi had all the choice stands in Boston. And now Schwartz not only gets a chance to do a favor for the Sawyer brothers, having the privilege of giving out stands and getting a nice fat fee for giving the business to Sawyer brothers, but he gets paid from city funds to do it. Now, we have the power right here in this Council Chamber to settle this feud once and for all. Even if we have to change a few city ordinances to do it, let us change them, let us make it even for all taxi companies, and get them out of our hair. They do that sort of thing up at the Legislature, and there is no reason why we can't do it right here. Take the matter off the table and change a few city ordinances. They do that up there on the hill. A man introduces a bill, and the Republican majority kill it, get one of their members to re-write it, and then pass it. I think that thing should be brought right out here into the Council, not letting it lie on the table. Bring it out, and then act as we should act.

Coun. GOTTLIEB—Mr. President, I would like a chance to make a brief statement.

Chairman SULLIVAN—The Chair will rule that debate on the merits of the taxicab situation at this time is out of order.

Coun. GOTTLIEB—I would like to debate the constitutionality of the thing, in a way that I think would be of interest to the Body, and for that purpose would like to make a statement.

Chairman SULLIVAN—The question is on giving unanimous consent.

(Unanimous consent was granted.)

Coun. GOTTLIEB—Mr. President, you will remember that during the time when we were in executive session, I asked the Police Commissioner of the City of Boston what his prime reason was for

promulgating this new order relating to the taxicab situation in the City of Boston.

Coun. LINEHAN—Mr. President, I rise to a point of order. Is it proper for the gentlemen to divulge in this Council what takes place in the Executive Committee?

Chairman SULLIVAN—I am informed that there is no rule to the contrary.

Coun. GOTTLIEB—The Police Commissioner stated in reply that his action was taken as a result of his conferences with representatives of labor, the Chamber of Commerce and others, and that the establishment of this order would tend to benefit the taxi operators of the City of Boston and thereby help employment. I asked the commissioner at that time if he would incorporate the statement in the records, but there was no such incorporation. I want this to go into the record, that I strongly believe that the Police Commissioner of the City of Boston has no right to pass any order relating to taxicab cabs or anything else which will tend to regulate employment of residents of the City of Boston. I feel strongly that such an order, affecting the employment situation, should have its inception in this Body and that the Police Commissioner should confine himself to regulation of traffic congestion in the City of Boston.

REPAVING WARD 15 STREETS.

Coun. KELLY offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to repave with smooth pavement the following streets in Ward 15, under the W. P. A. plan of construction:

Inwood street, Olney street, Blakeville street, Longfellow street, Homes avenue.

Passed under suspension of the rule.

ACCEPTANCE OF WARD 18 STREETS.

Coun. GOODE offered the following:

Ordered, That the Board of Street Commissioners and the Commissioner of Public Works be requested, through his Honor the Mayor, to make a complete survey of the streets in the "Belnel Village" section of Ward 18, and formulate plans to have these streets accepted as public highways and laid out under the W. P. A. plan of construction.

Passed under suspension of the rule.

FIELD HOUSE, WOOD AVENUE PLAYGROUND.

Coun. GOODE offered the following:

Ordered, That the Park Commissioner be requested, through his Honor the Mayor, to formulate and present plans to the authorities of W. P. A. for the construction of a permanent brick field house, with every modern facility for showers, etc., on Wood Avenue Playground, Ward 18.

Passed under suspension of the rule.

TRAFFIC SIGNS, WARD 18.

Coun. GOODE offered the following:

Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to consider the advisability of erecting "Stop" and "Enter" signs at the intersection of Reservation road and Business street, Ward 18, the scene of many recent accidents.

Passed under suspension of the rule.

Adjourned, on motion of Coun. ENGLERT, at 5.44 p. m., to meet on Monday, February 5, 1940, at 2 p. m.

CITY OF BOSTON.

REAL ESTATE DIVISION.

PUBLIC AUCTION.

The City of Boston will sell at public auction all its right, title and interest in and to about eight hundred fifty-five (855) square feet of land with buildings thereon, on the north-easterly side of Mead Street court, Charlestown, numbered three (3) in the present numbering of said street, and more fully described in a tax deed recorded with Suffolk Deeds, Book 5437, page 44, on Wednesday, February 21, 1940, at 10.30 a. m., on the premises, at a minimum price of four hundred dollars (\$400).

A deposit required at the time and place of sale of fifty dollars (\$50), in cash or certified check, balance to be paid in thirty (30) days. Further particulars from Custodian of Foreclosed Real Estate, 1008 City Hall Annex, Boston, Mass.

DANIEL M. DRISCOLL,
Custodian of Foreclosed Real Estate.
(Feb. 10-17.)

CIVIL SERVICE EXAMINATIONS.
(STATE AND CITY SERVICE.)

SCHOOL MATRON, BOSTON SCHOOL DEPARTMENT, MARCH 30, 1940.

Last date for filing applications, Saturday, March 16, 1940, at 12 noon.

Salary: \$22 a week.

Duties: To have charge of the health rooms. To assist the school physicians in the annual physical examinations of pupils and at such other times as may be required. To annually weigh and measure pupils, and oftener for undernourished children. To render first aid treatment when necessary and care for ill pupils who go to the health room. To attend the physicians in daily clinics. To supervise locker and lunchrooms daily. To keep records of health room cases and of dismissals of pupils because of illness, and perform such other clerical work in connection with the health room as the head masters may request.

Entrance Requirements: Applicants who have not reached their thirtieth birthday or have passed their fiftieth birthday will not be eligible to apply. A certificate of date of birth must be filed with the application unless one has been filed with a previous application.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

NOTE.—Information concerning the results of this examination will not be available until at least sixty days after the examination has been held. If the eligible list is established in the meantime, all applicants will be notified.

CITY CEMETERIES.

The Park Department has charge of twenty cemeteries, containing 212 acres, that are owned by the city. Mount Hope Cemetery is the largest. A number of these cemeteries are no longer available to the public for interments. In 1937 there were 2,075 interments in these cemeteries, or 77 more than in 1936. The interments in Mount Hope Cemetery in 1937 were 71.08 per cent of the total interments as against 74.57 per cent in 1936.

CITY OF BOSTON.

POLICE DEPARTMENT.

PROPOSALS FOR MAKING AND DELIVERING POLICE UNIFORM GARMENTS.

The Police Department of the City of Boston invites proposals for making and delivering uniform garments. The bidder must use the form of proposal to be obtained at the office of the Property clerk, 154 Berkeley street, Boston, and deposit with his bid at the office of the Police Commissioner a properly certified check for \$1,000, payable to and to become the property of the Police Commissioner for the City of Boston if the proposal is not carried out. Proposals will be publicly opened and read on Friday, February 16, 1940, at 12 o'clock noon, at the office of the Police Commissioner, 154 Berkeley street, Boston. The Police Commissioner reserves the right to accept or reject any or all proposals or any part of a proposal, and to award the contract as he deems for the best interests of the Police Department of the City of Boston. Surety bond will be required from the successful bidder in an amount equivalent to 50 per cent of the estimated contract amount.

(Feb. 10.)

JOSEPH F. TIMILTY,
Police Commissioner.

CITY OF BOSTON.

HOSPITAL DEPARTMENT (SANATORIUM DIVISION).

PROPOSALS FOR THE PURCHASE AND REMOVAL OF GARBAGE FROM THE SANATORIUM DIVISION OF THE BOSTON CITY HOSPITAL.

The Trustees of the Boston City Hospital invite sealed proposals for the purchase and removal of garbage from the Sanatorium Division, 249 River street, Mattapan, for a period beginning March 1, 1940, to December 31, 1940. A bond in the sum of 45 per cent of the entire contract price will be required for the faithful performance of the contract. Only proposals obtained at the office of the Assistant Superintendent, 249 River street, Mattapan, and left before 12 o'clock noon of Tuesday, February 20, 1940, with a certified check for \$50, payable to the City of Boston if the proposal is not carried out, will then and there be publicly opened and read. The bids must be made in duplicate, the one with the check to be left at the Sanatorium, the other one to be filed with the City Auditor, City Hall, before 12 o'clock noon on the date given above for receiving proposals. The garbage is to be removed every day before 8 a. m., including Sundays and holidays, from the garbage room of the kitchen of said Sanatorium Division. The contractor is to use his own barrels and trucks. In their proposals, contractors must quote rate per month. Proposals are to be addressed "The Boston City Hospital, Sanatorium Division, Proposals for Garbage." The Trustees reserve the right to reject any and all proposals.

CIVIL SERVICE EXAMINATIONS. (STATE AND CITY SERVICE.)

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence.

INSPECTOR OF ANIMALS, WOBURN HEALTH AND CHARITIES DEPARTMENT, MARCH 9, 1940.

Last date for filing applications, Saturday, February 24, 1940, at 12 noon.

This examination is open to residents of the state.

The salary is \$250 a year.

Duties: To inspect all barns where animals are housed, to see that animals found to have contagious and infectious diseases are quarantined, and to have general oversight of all animals within the limits of the city of Woburn.

Entrance Requirement: Applicants must be registered veterinarians.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

STENOGRAPHIC SERVICE.

FOR STATE AND CITIES AND TOWNS OUTSIDE OF BOSTON AND VICINITY, MARCH 23, 1940.

Last date for filing applications, Saturday, March 9, 1940, at 12 noon.

FOR STATE, BOSTON, CITIES AND TOWNS IN THE VICINITY OF BOSTON, APRIL 6, 1940.

Last date for filing applications, Saturday, March 23, 1940, at 12 noon.

This is the regular examination for the stenographic service of the State and of all cities and of such towns in the State as are classified under civil service. On March 23 the examination will be held in various centrally located cities. On April 6 the examination will be held in Boston, and all persons who reside within commuting distance will be notified for examination on this day.

Persons qualifying in the examination may have their names placed on the State list as well as the list for the city or town in which they reside.

The entrance salary for State service is \$900 a year; the maximum salary for State service is \$1,260 a year. The salaries for Boston and other cities and towns varies from \$12 to \$20 a week.

Subjects and Weights: Training and experience, 2; spelling, 2; arithmetic, 1; following written directions, 3; filing, 1; word knowledge, 1; stenography, 10; total, 20.

The dictation is given at the following rates of speed: 80, 100 and 120, the dictation at each rate of speed consisting of a letter of about 300 words in length. Each applicant may select any two of the three speed tests for transcription. The transcription is marked for both speed and accuracy. Applicants are required to obtain at least 70 per cent in accuracy of transcription of one speed test.

Applicants who have not reached their sixteenth birthday will not be eligible to apply.

Passing Requirements: Applicants must obtain at least 70 per cent in general average in order to become eligible.

Physical fitness to be determined by physical examination.

POLICE DEPARTMENT ORDERS.

General Order No. 441.

The following transfer is hereby ordered to take effect Thursday, February 1, 1940, at 7.45 o'clock a. m.:

Patrolman Francis J. Murphy, from Division 10 to Traffic Division.

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

General Order No. 442.

A trial board consisting of Captains Mullen, Tiernan and Egan, having heard by reference a complaint made by Capt. Edward J. Keating, Division 4, against Frank N. Reynolds, patrolman, Division 4, for alleged violation of the Rules and Regulations of the Police Department, charging him with conduct unbecoming an officer, has reported to the commissioner a finding of guilty as charged.

The commissioner accepts the finding and the recommendation of the Trial Board and hereby orders that the said Patrolman Frank N. Reynolds be suspended from duty for a period of thirty days, effective as of 7.45 a. m., January 26, 1940, and at the expiration of said suspension he perform 315 hours' punishment duty.

General Laws, chapter 31, section 46C, requires approval of the Director of Civil Service before reinstatement.

Chapter 31.

"Section 46C. An officer or employee of the commonwealth or of a city or town who has become separated from the classified civil service through fault or delinquency of his own shall, within thirty days after the filing of a written request by the appointing officer, be entitled to a hearing before the director. Upon good cause shown the director may, subject to section forty-six G, authorize his reinstatement in the same position or in a position in the same class and grade as that formerly held by him."

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

General Order No. 443.

A trial board consisting of Captains Mullen, Tiernan and Egan, having heard by reference a complaint made by Capt. Thomas F. Mulvey, Division 7, against Lawrence A. Bradley, patrolman, Division 7, for alleged violation of the Rules and Regulations of the Police Department, charging him with conduct unbecoming an officer, has reported to the commissioner a finding of guilty as charged.

The commissioner accepts the finding and the recommendation of the Trial Board and hereby orders that the said Patrolman Lawrence A. Bradley be suspended from duty for a period of thirty days, effective as of 7.45 a. m., January 30, 1940, and at the expiration of said suspension he perform 315 hours' punishment duty.

General Laws, chapter 31, section 46C, requires approval of the Director of Civil Service before reinstatement.

Chapter 31.

"Section 46C. An officer or employee of the commonwealth or of a city or

town who has become separated from the classified civil service through fault or delinquency of his own shall, within thirty days after the filing of a written request by the appointing officer, be entitled to a hearing before the director. Upon good cause shown the director may, subject to section forty-six G, authorize his reinstatement in the same position or in a position in the same class and grade as that formerly held by him."

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

FIRE DEPARTMENT ORDERS.

General Order No. 6.

I. ANNUAL BALL.

The Sixty-first Annual Ball of the Boston Fire and Protective Departments will be held on Monday evening, February 5, 1940, at the Boston Garden.

It is the desire of the commissioner that all members of the department who are off duty participate in the Grand March. He would be pleased to have every officer who is off duty, as well as privates, appear in uniform and take part in the march.

Following is a brief outline of the program scheduled for the Annual Ball:

8.05 p. m., Entrance of Band, Military Drill Company, Commissioner, Chief of Department, former Commissioners, former Chiefs of Department.

8.09 p. m., Memorial to departed members of the department.

8.10 p. m., Exhibition by Military Drill Company.

8.20 p. m., Presentation of special awards: (a) Buttons in recognition of twenty-five and forty years' active service in the department. (b) Board of Merit Award.

8.30 p. m., Selections by Boston Fire Department Band.

9.00 p. m., Grand March.

The Floor Marshal is Lieut. Fred J. Dobbratz of Ladder Company 18. The Chief of Aides is Capt. John H. Leary of Ladder Company 12. Members of the department detailed to the ball will report to the Chief of Aides at the Boston Garden at 7 p. m., Monday, February 5, 1940, unless otherwise ordered.

Trustees, aides and members detailed to the ball will be granted detailed leave from 4 p. m. February 5 to 8 a. m. February 6.

Members detailed will attend strictly to the duties assigned to them.

Members of the Band and Military Drill Company who are on the day tour of duty will be excused at 11 a. m., members of these organizations who are on the night tour of duty will be excused from roll call and will report back to duty at 2 a. m., Tuesday, February 6, 1940; members on the twenty-four-hour tour of duty will be excused from 11 a. m. February 5 until 2 a. m. February 6. Members of the Band and Military Drill Company will report to the Garden promptly at 7 p. m. and enter from Nashua street, directly opposite the Post Office. A special room will be reserved in the Garden for the checking of clothes and instruments.

For officers, regulation uniform, sack coat and white gloves will be worn. For privates, regulation uniform, blue shirt, black tie and white gloves will be worn

FIRE DEPARTMENT ORDERS.

(Continued from page 141.)

on this occasion. This applies to all privates in uniform, whether acting as aides or not.

II. COMMENDATIONS.

Hoseman Harley C. Thomas of Engine Company 48 is hereby commended for volunteering and donating blood in transfusion to a patient at St. Elizabeth's Hospital on January 27, 1940.

Ladderman Francis J. Goggin of Ladder Company 20 is hereby commended for volunteering and donating blood in transfusion to a patient, Engineer Joseph H. Coleman of the High Pressure Service, at the Boston City Hospital on January 17, 1940.

By order of Fire Commissioner
WILLIAM ARTHUR REILLY.

SAMUEL J. POPE,
Chief of Department.

General Order No. 7.

I. BOARD OF MERIT.

The Board of Merit of the Boston Fire Department, consisting of the Chief of Department and Deputy Chiefs, has considered all meritorious acts referred to it for the year 1939. After careful consideration and study the Board submitted the following recommendations which are hereby approved by the Fire Commissioner:

Case of Ladderman Thomas F. Maloney of Ladder Company 14, at location off Soldiers Field road, 10.21 a. m., April 20, 1939:

At about 10.21 a. m., April 20, 1939, the department responded to the scene of an accident off Soldiers Field road, where an automobile containing one occupant was submerged in the Charles river. When the department arrived the car had been submerged for approximately twenty minutes. Ladderman Thomas F. Maloney of Ladder Company 14 removed his outer clothing and dove into the water. Without assistance and after some difficulty, he removed an unconscious man from the car, brought him to the surface, and thence to the shore. Later on that same day Ladderman Maloney was obliged to go off duty suffering from the effects of a severe

wetting and exposure incurred in the performance of this rescue.

This heroic act of Ladderman Maloney undoubtedly saved the man's life and he was highly commended by the Fire Commissioner in General Orders No. 17, Series of 1939.

Because of the great personal risk to which Ladderman Maloney exposed himself in rescuing the drowning man, the Board recommends that his name be placed on the Roll of Merit of the department.

After carefully reviewing the following cases the Board is of the opinion that the members concerned have already received sufficient commendation for the services rendered and has no further recommendations to make regarding the same:

Rescue work performed by Capt. John L. Glynn of Engine Company 22 and Ladderman Jeremiah J. Cronin of Ladder Company 13, at fire, Box 1545, 11.44 p. m., April 10, 1939. (See General Orders No. 17, 1939, wherein both members were highly commended.)

Rescue work performed by Ladderman Michael J. Foley of Ladder Company 19 at fire, Box 7433, 4.26 p. m., August 3, 1939. (See General Orders No. 38, 1939, wherein Ladderman Foley was highly commended.)

II. GENERAL ALARM CORPORATION ASSIGNMENTS.

The following signal numbers are to be added to running cards of the General Alarm Corporation in this department:

Signal 112, Jordan Marsh Company, 35 Bedford street. (Wet System.) Apparatus to respond: Engine 7, Ladder 17, District Chief 5. Nearest box, 1463.

Signal 113, building, 99 South street. (Wet System.)

Signal 114, building, 91 South street. (Wet System.)

Signal 115, building, 79 South street. (Wet System.)

Apparatus to respond to Signals 113, 114, 115; Engine 7, Ladder 17, District Chief 5. Nearest box, 1434.

Signal 116, Metropolitan Coal Company, 3651 Washington street. (Manual Fire Alarm.) Apparatus to respond: Engine 53, Ladder 10, District Chief 12. Nearest box, 2463.

Signal 117, Park Square Building, 1-59 St. James street. (Wet System.) Appa-

tus to respond: Engine 22, Ladder 13, District Chief 7. Nearest box, 1538.

Signal 118, New England Newspaper Publishing Company, 5 Winthrop square. (Wet System.) Apparatus to respond: Engine 25, Ladder 8, District Chief 5. Nearest box, 1425.

Signal 119, Batchelder & Snyder, 47-81 Blackstone street. (Manual Fire Alarm.) Apparatus to respond: Engine 8, Ladder 1, District Chief 4. Nearest box, 1252.

Signal 121, Boston Fish Market, 220 Northern avenue. (Manual Fire Alarm.) Apparatus to respond: Engine 39, Engine 44, Ladder 18, District Chief 6. Nearest box, 7128.

Signal 122, Boston Fish Market, rear 245 Northern avenue. (Manual Fire Alarm.)

Signal 123, Boston Fish Market, 270 Northern avenue. (Manual Fire Alarm.)

Apparatus to respond to Signals 122, 123: Engine 39, Engine 44, Ladder 18, District Chief 6. Nearest box is 7127.

III. COMMENDATIONS.

Ladderman Walter J. Doyle of Ladder Company 30 is hereby commended for volunteering and donating blood in transfusion to the wife of Ladderman Daniel F. O'Connell on January 31, 1940.

Ladderman Charles G. Shannon of Ladder Company 6 is hereby commended for volunteering and donating blood in transfusion to the wife of Ladderman Daniel F. O'Connell on February 3, 1940.

Ladderman James F. Mackey of Ladder Company 30 is hereby commended for responding to and working at fire, Box 2356, February 3, 1940, while off duty.

By order of Fire Commissioner WILLIAM ARTHUR REILLY.

SAMUEL J. POPE,
Chief of Department.

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, the following temporary rules which were adopted and were effective December 7, 1939, for a trial period of sixty (60) days, are hereby extended for a further trial period of sixty (60) days from February 5, 1940:

Parking of vehicles is prohibited in the following streets:

Columbus Avenue, Downtown Boston.

Southeast side, from a point two

hundred and eighty (280) feet

southwest of Arlington street to

Arlington street, twenty-four hours.

Columbus Square, Downtown Boston.

Southwest side, northeasterly arm,

from Columbus avenue to War-

ren avenue, twenty-four hours.

The following street is one way in the direction indicated:

Columbus Square, Downtown Boston.

Southerly arm, from Columbus ave-

nue to Pembroke street.

Voted, That as urgently required by considerations of public safety and convenience, the following temporary rule which was adopted December 11, 1939, and was effective December 12, 1939, for a trial period of sixty (60) days, is hereby extended for a further trial period of sixty (60) days from February 10, 1940:

The following street is one way in the direction indicated:

Bremen Street, East Boston.

From Curtis street to Beck street.

METROPOLITAN WATER WORKS. STATISTICS FOR YEAR 1936.

The Metropolitan Water Works, controlled and operated by the State and costing, since inception in 1895, about \$45,100,000 for construction and about \$1,100,000 for maintenance, supply ten cities and ten towns of the Metropolitan District (including Boston), covering an area of 174 square miles, the distribution pipe lines being 175 miles in length. Total gallons of water in the nine storage reservoirs on January 1, 1937, 57,681,274,000, or 8,141,174,000 more than on January 1, 1936; total capacity of same 82,544,600,000 gallons. Of all used, about 80 per cent comes from Wachusett reservoir in Clinton. There are also twelve distribution reservoirs with capacity of 2,400,680,000 gallons and five distribution pumping-stations in which 23,392,071,229 gallons of water were pumped during the year 1936, an increase of 249,491,815 gallons over 1935.

Daily average amount of water used in Boston during 1936, 90,112,100 gallons, or about 109 per capita. Net water debt on December 31, 1936, \$943,000, which includes \$705,000 on W. P. A. Projects. The Hyde Park Water debt was decreased by \$16,000 during the year.

RECEIPTS OF FRESH FISH IN BOSTON. STATISTICS FOR YEAR 1937.

Total pounds landed in year, 324,593,127, or 14,568,267 pounds less than in 1936 (the 1936 total has been revised, it having been 61,275 pounds too many), value of same, \$8,467,716 (wholesale), or \$1,115,456 less than in year before. Largest in amount, 129,921,435 pounds haddock (5,842,874 pounds less than in 1936); next in amount, 85,877,488 pounds cod (16,022,146 more than in 1936); third, 7,485,218 pounds of mackerel (13,527,488 less than in previous year).

Of the more expensive kinds, there were 1,937,638 pounds halibut (122,245 less than in 1936) and 1,090,618 pounds swordfish (104,902 less than in year before). Pollock, hake and cusk totaled 32,138,522 pounds (3,385,575 more than in 1936). Other fish, usually included in miscellaneous, were rosefish, 41,175,252 pounds (8,243,762 less than in 1936); flounders, 16,679,582 pounds (2,799,018 more than in 1936) and whiting, 6,213,064 pounds (8,689,289 less than in year before).

In addition to the fresh fish, 6,400 pounds of salted cod, valued at \$269, were received.

POLICE MOTOR BUSINESS IN JERSEY CITY.

The motor police of Jersey City, N. J., are concentrated in the Traffic Bureau and the Motor Patrol Bureau. The rolling equipment consists of thirty-three motorcycles, thirty-five automobiles, three emergency trucks, seven patrol wagons, an armored payroll car, two wreckers, and a touring car for distinguished visitors.

The Traffic Bureau has charge of the motorcycles, all Harley-Davidsons of 1928-33, which are attached to the eight precincts. Eighteen of these are on duty sixteen hours per day, 8 a. m. to midnight; two are on duty from midnight to 8 a. m. They patrol the heavy-duty highways and the Pulaski Skyway from the Holland vehicular tunnel under the North river.—*American City Magazine*.

The American City.

MAYORS' COMMITTEE ON FEDERAL LEGISLATION.

As President of the United States Conference of Mayors, Mayor F. H. LaGuardia of New York has appointed the Mayors of fourteen cities as an advisory board on Federal legislation affecting municipalities. The list comprises:

Watkins Overton, Memphis, Tenn., Chairman; Harold H. Burton, Cleveland, Ohio; Joseph K. Carson, Jr., Portland, Ore.; R. E. L. Clancy, Tampa, Fla.; Frank Couzens, Detroit, Mich.; Harry D. Durst, Springfield, Mo.; Meyer C. Ellenstein, Newark, N. J.; Thomas Gamble, Savannah, Ga.; Oscar F. Holcombe, Houston, Texas; Hilary E. Howse, Nashville, Tenn.; James R. Law, Madison, Wis.; J. Fred Manning, Lynn, Mass.; Roy N. Towl, Omaha, Neb.; George J. Zimmermann, Buffalo, N. Y.—*American City Magazine*.

INDUSTRIAL STRIFE; PEACE BOARDS.

Two large cities, Philadelphia and Toledo, have "peace boards" operating for conciliation between capital and labor in the local field, the magazine "Public Management," official organ of the International City Managers' Association, points out. Mayor Fiorello H. LaGuardia has just appointed such a board for New York City and Newark's Commission has just created by ordinance a Municipal Labor Relations Board.

Toledo's Peace Board has eighteen members; five named by the Central Labor Union, five by the Chamber of Commerce and eight selected at large. Representatives at large include two judges, two attorneys, a Catholic monsignor, a Jewish Rabbi, a merchant and the county relief director, all serving without pay.

FINANCING SEWAGE WORKS BY SPECIAL ASSESSMENT IN IOWA.

The cost of constructing sewage disposal plants in a number of states, and in Iowa in particular, may be levied against the various lots, parts of lots or parcels of ground draining to, or susceptible to drainage to, the site of the disposal plant. Such assessments must be in proportion to the benefits to each property and must not, in any case, exceed one-fourth of the air value of the property in question. These special assessments are payable in the same manner as other municipal improvement costs; that is, in ten annual equal installments, paid at the same time and place as the March 1 installment of ordinary taxes in Iowa. Any property owner may pay off the unpaid portion of such tax at any time. Interest on the deferred payment must not exceed 6 per cent.

POPULATION OF UNITED STATES, NEW ENGLAND AND MASSACHUSETTS.

Continental United States (i. e., 48 states and the District of Columbia) in 1930, 122,775,046; outlying possessions, 14,233,389; total, 137,008,435; New England, 8,166,341; Massachusetts, 2,429,614 or 52.04 per cent of New England and ranking eighth in the Union. In density of population Massachusetts ranks second, i. e., 528 per square mile of land, Rhode Island ranking first, with 644 per square mile of land.

Population of the other New England States in 1930, ranking from the highest total: Connecticut, 1,606,903; Maine, 797,423; Rhode Island, 687,497; New Hampshire, 465,293; Vermont, 359,611. Density for New England, 132 per sq. m.; for U. S. (48 states and the District of Columbia) 41 per sq. m.

The population of the United States increased 16.1 per cent since 1920; that of New England 10.3 per cent and that of Massachusetts 10.3 per cent.

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 32.

SATURDAY, FEBRUARY 17, 1940.

No. 7

ECONOMIES EFFECTED BY MAYOR TOBIN IN 1939 GIVES CITY A CASH BALANCE IN CITY TREASURY AT END OF YEAR OF \$6,128,622.33 AS AGAINST A BALANCE OF \$4,602,207.68 AT END OF FIRST YEAR OF HIS ADMINISTRATION — TAXES COLLECTED IN 1938 AMOUNTED TO \$61,574,336.05 AS AGAINST \$57,738,999.36 IN 1939 — INCREASE IN CASH BALANCE DUE LARGELY TO ECONOMIES PUT INTO EFFECT BY THE MAYOR AND HIS ADMINISTRATION.

According to a tabular analysis of cash receipts, disbursements and balances for the year 1939, Boston is in far better financial condition at the end of 1939 than the city was at the end of 1938. This announcement is based on a comparison of the figures furnished, after tabulation, by the City Auditor and his department, for Mayor Tobin.

On January 1, 1938, according to the figures, the cash balance remaining in the city treasury for all purposes was \$4,602,207.68. At the end of 1939 this balance amounted to \$6,128,622.33. These figures are all the more significant when it is realized that during 1938 the collection of taxes for the year and all previous years amounted to \$61,574,336.05 and for the year 1939 they were \$57,738,999.36. Analysis of the tables shows the results of Mayor Tobin's successful efforts in effecting economies.

The tables as presented by the City Auditor, Charles J. Fox, are as follows:

ANALYSIS OF CASH RECEIPTS, DISBURSEMENTS, AND BALANCES FOR YEAR ENDED DECEMBER 31, 1939.

1. On January 1, 1939, Cash Balances Remained in the City Treasury for All Purposes		\$6,128,622 33

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"
From Boston Centennial Poem by
NATHAN HASKEL DOLE.

CITY RECORD.

MUNICIPAL CALENDAR.

Meeting of the City Council, Monday, February 19, at 2 p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

To the BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways, the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in

public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquis, bay windows, coal holes and vaults.

To the BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

To the COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

To Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

To the HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables slaughter-houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

To the BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, the Airport, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made

to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

To the SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

To the DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

To the BOARD OF EXAMINERS, Room 907, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

To the STATISTICS DEPARTMENT, 73 City Hall, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

To the WIRE DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 103, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

To the BOARD OF ZONING ADJUSTMENT, 43 City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

CIVIL SERVICE EXAMINATIONS. (STATE AND CITY SERVICE.)

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence.

INSPECTOR OF ANIMALS, WOBURN HEALTH AND CHARITIES DEPARTMENT, MARCH 9, 1940.

Last date for filing applications, Saturday, February 24, 1940, at 12 noon.

This examination is open to residents of the state.

The salary is \$250 a year.

Duties: To inspect all barns where animals are housed, to see that animals found to have contagious and infectious diseases are quarantined, and to have general oversight of all animals within the limits of the city of Woburn.

Entrance Requirement: Applicants must be registered veterinarians.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

STENOGRAPHIC SERVICE.

FOR STATE AND CITIES AND TOWNS OUTSIDE OF BOSTON AND VICINITY, MARCH 23, 1940.

Last date for filing applications, Saturday, March 9, 1940, at 12 noon.

FOR STATE, BOSTON, CITIES AND TOWNS IN THE VICINITY OF BOSTON, APRIL 6, 1940.

Last date for filing applications, Saturday, March 23, 1940, at 12 noon.

This is the regular examination for the stenographic service of the State and of all cities and of such towns in the State as are classified under civil service. On March 23 the examination will be held in various centrally located cities. On April 6 the examination will be held in Boston, and all persons who reside within commuting distance will be notified for examination on this day.

Persons qualifying in the examination may have their names placed on the State list as well as the list for the city or town in which they reside.

The entrance salary for State service is \$900 a year; the maximum salary for State service is \$1,260 a year. The salaries for Boston and other cities and towns varies from \$12 to \$20 a week.

Subjects and Weights: Training and experience, 2; spelling, 2; arithmetic, 1; following written directions, 3; filing, 1; word knowledge, 1; stenography, 10; total, 20.

The dictation is given at the following rates of speed: 80, 100 and 120, the dictation at each rate of speed consisting of a letter of about 300 words in length. Each applicant may select any two of the three speed tests for transcription. The transcription is marked for both speed and accuracy. Applicants are required to obtain at least 70 per cent in accuracy of transcription of one speed test.

Applicants who have not reached their sixteenth birthday will not be eligible to apply.

Passing Requirements: Applicants must obtain at least 70 per cent in general average in order to become eligible.

Physical fitness to be determined by physical examination.

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

FIRE DEPARTMENT.

Upon February 10 the Acting Mayor approved a contract as indicated for doing the laundry work of the Fire Department for the year 1940. Only one proposal was received as follows:

Merchants Towel Supply and Laundry Company: Sheets, 3 cents each; pillow slips, $1\frac{1}{2}$ cents each; towels, $\frac{3}{4}$ cent each; bedspreads, 3 cents each; single blankets, 12 cents each; double blankets, 15 cents each.

Based on the estimated work for the year the approximate total of the foregoing bid is as follows: Merchants Towel Supply and Laundry Company, \$3,280.95.

The estimated work to be done for the Fire Department is as follows:

Sheets, 5,580 per month; pillow slips, 5,145 per month; towels, 1,917 per month; bedspreads, 107 per month; blankets, 1,000 annually.

SCHOOL COMMITTEE.

The School Committee has approved proposals for furnishing large incandescent electric lamps for Boston public schools. Bids, opened Tuesday, November 28, 1939, were received from the following concerns:

G. R. Armstrong Manufacturers Supplies, Incorporated, Capitol Theatre Supply Company, Chase Parker Company, Incorporated, Cooper Electric Supply Company, Incorporated, Eagle Electric Supply Company, Incorporated, Graybar Electric Company, Incorporated, Hardy Electric Supply Company, Incorporated, Loman Electric Supply Company, Marshall & Co., Incorporated, Massachusetts Gas and Electric Light Supply Company, Sager Electrical Supply Company, Voye Electric Supply Company, Thompson Water Cooler Company, Wetmore-Savage Division Westinghouse Electric Company.

Contract was awarded to the Hardy Electric Supply Company, Incorporated, under date of December 21, 1939.

Description and Price of Lamp.—10-watt S.14 clear, 15 cents; 15-watt A.17 I. F., 15 cents; 25-watt A.19 I. F., 15 cents; 40-watt A.19 I. F., 15 cents; 50-watt, A.21 I. F., 15 cents; 60-watt A.21 I. F., 15 cents; 75-watt A.21 I. F., 15 cents; 100-watt A.23 I. F., 15 cents; 150-watt P.S.25 clear, 20 cents; 200-watt P.S.30 clear, 30 cents; 300-watt P.S.35 clear, medium, 50 cents; Mogul, 70 cents; 500-watt P.S.40 clear, \$1.20; 750-watt P.S.52, clear, \$3.75; 1,000-watt P.S.52 clear, \$4.

All dealers quote above list prices with exceptions noted below.

(1) Bidding on 50-watt and 60-watt A.19 I.F. Bidding on 150-watt A.25 clear. Bidding on 300-watt P.S.35 clear Mogul.

(2) Bidding on 150-watt A.25 clear at 20 cents each.

(3) Bidding on both medium and Mogul on Item 300 P.S.35 clear.

(4) Bidding on 300-watt P.S.35 clear as follows: Medium, 50 cents; skirted medium, 70 cents; Mogul, 70 cents.

(5) Bidding on 50 and 60 watt A.19 I.F.

* This bid is based on net purchases of \$5,000. If the combined estimated total yearly purchases for the Boston public schools and other city departments will be \$20,000, the discount on this basis would be 34 per cent in standard package quantities and 29 per cent in broken package quantities, providing Form E contracts are signed with all departments that are to be included to make up total estimate purchases of \$20,000.

† Estimating that the total net large lamp requirements of the Boston public schools for the calendar year 1940 will amount to approximately \$8,000. Terms and discounts quoted with the understanding that the combined lamp requirements for the public schools and the other city departments will equal or exceed \$20,000.

‡ This bid is based on the net purchases of \$8,000. If the combined estimated yearly purchases for the Boston public schools and other city departments will be \$20,000, the discount on this basis would be 34 per cent in standard

package quantities and 29 per cent in broken package quantities, providing Form E contracts are signed with all departments that are to be included to make up total estimate of purchases of \$20,000.

Contract awarded to Hardy Electric Supply Company on notation basis.

The School Committee has approved proposals for furnishing oxygen, acetylene and calcium carbide for Boston public schools. Bids, opened Tuesday, December 26, 1939, were received from the following concerns:

Air Reduction Sales Company, Linde Air Products Company, National Carbide Corporation, New England Gas Products, Incorporated.

Awards were made to the lowest responsible bidders as follows:

January 15, 1940, National Carbide Corporation, calcium carbide, \$637; January 10, 1940, New England Gas Products, Incorporated, oxygen and acetylene, \$2,368.

Tabulation follows:

Approximately 177,000 Cubic Feet Oxygen, Delivered in Cylinders, Per C. Feet.—Air Reduction Sales Company, \$1.15; Linde Air Products Company, \$1.10; National Carbide Corporation, no bid; New England Gas Products, Incorporated, \$1*; 2 per cent discount, ten days.

Demurrage Charge After Free-Loan Period of Thirty Days.—Air Reduction Sales Company, not to exceed 2 cents per cylinder per day; Linde Air Products Company, not to exceed 2 cents per cylinder per day; cylinders to be returned by the School Committee to the station from which shipped; New England Gas Products, Incorporated, not to exceed 2 cents per cylinder per day.

Approximately 26,000 Cubic Feet Acetylene, Delivered in Cylinders, Per C. Feet.—Air Reduction Sales Company, \$2.40; Linde Air Products Company, \$2.40; National Carbide Corporation, no bid; New England Gas Products, Incorporated, \$2.30*; discount, 2 per cent, ten days.

Demurrage Charge After Free-Loan Period of Thirty Days.—Air Reduction Sales Company, 2 cents per cylinder per day; Linde Air Products Company, 2 cents per cylinder per day; cylinders to be returned by the School Committee to the station from which shipped; New England Gas Products, Incorporated, 2 cents per cylinder per day.

Approximately 14,000 Pounds Calcium Carbide, Delivered in Drums, Per C. Pounds.—Air Reduction Sales Company, no bid; Linde Air Products Company, \$4.75; National Carbide Corporation, \$1.55*; New England Gas Products, Incorporated, \$4.80; discount, 2 per cent, ten days.

* Contract awarded.

SUPPLY DEPARTMENT.

Upon February 10 the Mayor approved a contract with Marshall & Co., Incorporated, for furnishing large incandescent lamps for the city departments, as required, until December 31. The approximate amount of the contract was \$12,000. Bids, opened December 20, were as follows:

Standard Packages, Discount from List.

—United Electric Supply Corporation, 43 per cent; Republic Pipe and Supply Corporation, 43 per cent; Massachusetts Gas and Electric Light Supply Company, 38 per cent; Marshall & Co., Incorporated, 38 per cent*; Sager Electrical Supply Company, 38 per cent; Chase, Parker & Co., Incorporated, 38 per cent; Cooper Electric Supply Company, Incorporated, 38 per cent; Eagle Electric Supply Company, Incorporated, 38 per

cent; Graybar Electric Company, Incorporated, 33 per cent.

Broken Packages, Discount from List.—United Electric Supply Corporation, 40 per cent; Republic Pipe and Supply Corporation, 40 per cent; Massachusetts Gas and Electric Light Supply Company, 33 per cent; Marshall & Co., Incorporated, 33 per cent*; Sager Electric Supply Company, 33 per cent; Chase, Parker & Co., Incorporated, 33 per cent; Cooper Electric Supply Company, Incorporated, 33 per cent; Eagle Electric Supply Company, Incorporated, 33 per cent; Graybar Electric Company, Incorporated, 28 per cent.

Cash Discount, Ten Days.—United Electric Supply Corporation, 2 per cent, 10th proximo; Republic Pipe and Supply Corporation, 2 per cent; Massachusetts Gas and Electric Light Supply Company, 2 per cent, ten or thirty days; Marshall & Co., Incorporated, 2 per cent, ten or thirty days; Sager Electric Supply Company, 2 per cent, ten or thirty days; Chase, Parker & Co., Incorporated, 2 per cent, ten or thirty days; Cooper Electric Supply Company, Incorporated, 2 per cent, ten or thirty days; Eagle Electric Supply Company, Incorporated, 2 per cent, ten or thirty days; Graybar Electric Company, Incorporated, 2 per cent.

Lamp Bid Upon.—United Electric Supply Corporation, Save; Republic Pipe and Supply Corporation, Save; bid irregular, no copy of bid filed at auditor's office; Massachusetts Gas and Electric Light Supply Company, Champion; Marshall & Co., Incorporated, Champion; Sager Electrical Supply Company, Hygrade; discounts quoted to apply if Supply Department and School Department requirements of lamps amount to \$20,000; see tax clause; Chase, Parker & Co., Incorporated, Hygrade; discounts quoted to apply if Supply Department and School Department requirements of lamps amount to \$20,000; see tax clause; Cooper Electric Supply Company, Incorporated, Champion; Eagle Electric Supply Company, Incorporated, Hygrade; Graybar Electric Company, Incorporated, Mazda; standard package discounts will apply on fractional quantities if one or more standard packages are included in a single order.

In general, the lamps to be supplied will comply with the requirements of the Federal Specifications.

* Contract awarded.

Upon February 10 the Acting Mayor approved a contract with the Whiting Milk Company for furnishing approximately 14,200 gallons Ice Cream Mix to be delivered to the city departments, as required, from February 2, 1940, to December 31, 1940, with the privilege of purchasing on the same terms and conditions extended to February 1, 1941, at a price of 78 cents per gallon, less 2 per cent cash discount for payment in ten days. The approximate amount of the contract was \$11,076. Bids, opened January 15, were as follows:

The approximate amount of the contract was \$1,659. Bids, opened December 29, were as follows:

W. P. A. Requisition No. 76, W. P. No. 18483.

300 Cubic Yards Ready Mix Concrete, 1-2-4, as Per Specifications, Per Cubic Yard.—Crystal Concrete Company, \$6.29; total, \$1,887; J. P. O'Connell Company, \$6; total, \$1,800; The Whittemore Company, \$6.28; total, \$1,884; Watertown Builders Supply Company, \$5.53; total, \$1,659; Boston Sand and Gravel Company, \$6.30; total, \$1,890.

Cash Discount, Ten Days.—Crystal Concrete Company, 50 cents per cubic yard; J. P. O'Connell Company, 2 per cent; The Whittemore Company, 50 cents per cubic yard; Watertown Builders Supply

Company, 2 per cent; Boston Sand and Gravel Company, 50 cents per cubic yard.

Net Total.—Crystal Concrete Company, \$1,737; J. P. O'Connell Company, \$1,764; The Whittemore Company, \$1,734; Watertown Builders Supply Company, \$1,625.82; Boston Sand and Gravel Company, \$1,740.

CIVIL SERVICE EXAMINATIONS. (STATE AND CITY SERVICE.)

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence. Applicants may take one or both examinations. Separate applications must be filed for each examination.

INVESTIGATOR, BOARDS OF PUBLIC WELFARE, MARCH 2, 1940.

Last date for filing applications, Saturday, February 17, 1940, at 12 noon.

This examination is for the service of all cities and such towns as are classified under civil service.

This examination is open to both males and females.

Persons qualifying in this examination will have their names placed *only* on the list for the city or town in which they reside. *No State list will be established as a result of this examination.*

From the lists established as a result of this examination, the positions of junior social worker, investigator, visitor and other similar positions will be filled in the various cities and towns of the State.

At the present time the following vacancies exist: Male investigator, Newburyport Public Welfare Department, \$25 a week; male investigator, Taunton Public Welfare Department, \$18 a week; female visitor, Chicopee Board of Public Welfare, \$20 a week; visitor-clerk (female), Westfield Board of Public Welfare, \$15 a week; male visitor, Fitchburg Public Welfare Department, \$20 a week; female assistant social worker, Quincy City Hospital, \$75 a month.

There are no other vacancies listed at the present time. The entrance salary for the above position in the cities and towns throughout the Commonwealth ranges from \$15 to \$25 a week. Salary limits in cities and towns are not fixed by law or at the present time by any classification plan or pay schedule, and may, therefore, be changed by appointing authorities without notice. All cities of the Commonwealth and all towns that have accepted the Civil Service Law and Rules who employ persons engaged in the above-described work are classified under the provisions of the Civil Service Law and Rules.

Duties: Under immediate supervision, to carry on case work service in connection with unemployment, old age assistance, problems of family welfare, care of children, and other social problems; and to perform related work as required.

Entrance Requirements: Applicants who have not reached their twenty-first birthday or have passed their fiftieth birthday on the date of examination will not be eligible to apply. A certificate of date of birth must be filed with the application, *unless* one has been filed with a previous application.

Applicants must have (a) the equivalent of one year of satisfactory paid experience in a social case work agency, or (b) at least two years of satisfactory paid experience in an occupation dealing with families or individuals in problems of health, education or social welfare.

Substitution of Education: Education may be substituted for experience, year for year of training in a school of social work. Graduation from college may be substituted as the equivalent of one year's paid experience.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

SOCIAL WORKER, STATE DEPARTMENT OF PUBLIC WELFARE, MARCH 2, 1940.

Last date for filing applications, Saturday, February 17, 1940, at 12 noon.

This examination is open to both males and females.

Persons qualifying in this examination will have their names placed on eligible list for employment in this department *only*.

The entrance salary is \$1,440 a year; the maximum salary for the position is \$2,160 a year.

Duties: Under immediate supervision to supervise the administration of relief in cities and towns; to make investigations of applications for relief; and to perform related work as required.

Entrance Requirements: Applicants who have not reached their twenty-fifth birthday or have passed their fiftieth birthday on the date of examination will not be eligible to apply. A certificate of date of birth must be filed with the application, *unless* one has been filed with a previous application.

Applicants must have had the equivalent of at least three years, within the last seven, of paid experience in a public or private social service agency, adhering to acceptable standards.

Substitution of Education: Attendance at a school of social work may be substituted year for year, up to a total of two years, for the experience stated above.

Therefore, all applicants must have not less than one year, within the last seven, of satisfactory paid experience in a public or private social service agency adhering to acceptable standards for which no substitution will be acceptable.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

BUDGETARY CONTROL.

Prior to installing the present system of budgetary control, effective as of January 1, 1939, the city of Newark had no centralized accounting control over its budget commitments. The city's general ledger contained accounts for the various budget appropriations, and reflected disbursements out of the appropriations. However, commitments for work and material were not recorded in the city's accounts until after bills submitted by the vendors had been approved for payment by the Board of Commissioners. Consequently, financial reports could only show the amount of appropriated moneys that had not been disbursed out of any account. No recognition could be given in these reports to the unpaid purchase commitments, since the amount was not known. *The American City.*

CONTRACTS AWARDED WITHOUT ADVERTISING.

Upon varying dates as indicated in communications the Mayor and the Acting Mayor approved contracts with firms and organizations for furnishing supplies and commodities. Communications from the departments interested were as follows:

SUPPLY DEPARTMENT.

BOSTON, February 2, 1940.

HON. MAURICE J. TOBIN,
Mayor of Boston.

DEAR MR. MAYOR,—On February 1, 1940, quotations were received from the various bidders on meats to be delivered to the city departments, as required, from February 5, 1940, to February 11, 1940, inclusive.

As the items that the Wald-Baram Company are low on amount to approximately \$2,314.93, I respectfully ask permission to award a contract to this concern, without publicly advertising, for the following:

Approximate Amounts on All Items.

	Per Cwt.
Beef hinds.....	3,250 pounds at \$17 46
Beef rounds with flank, but cod out.....	1,400 pounds at 14 38
Beef rumps and loins.....	800 pounds at 20 54
Beef undercuts, rolled and tied.....	675 pounds at 17 29
Lamb carcasses, 40 to 50 pounds.....	2,250 pounds at 15 27
Lamb chops, 15 to 17 pounds.....	1,200 pounds at 15 74
Lamb hind saddles.....	1,650 pounds at 17 52
Pork loins, 8 to 10 pounds.....	3,000 pounds at 11 66
Calf's liver, frozen.....	7 pounds at 32 64
Turkeys, Northwestern, frozen.....	400 pounds at 20 84
Lamb fores, 8 pounds average, good.....	20 pounds at 8 16
Frozen beef liver.....	40 pounds at 16 32

Approximate amount of contract, \$2,314.93, 2 per cent, ten days.

Respectfully yours,

JOHN A. BREEN, Superintendent of Supplies.

SUPERIOR COURT, CIVIL BUSINESS.
CLERK'S OFFICE,

BOSTON, December 20, 1939.

HON. MAURICE J. TOBIN,
Mayor of Boston.

YOUR HONOR,—In accordance with the provisions of chapter 156 of the Acts of 1939, I respectfully request your authority to dispense with advertising of any purchase necessary to conduct the business of this office for the following reasons:

The only items in my budget which may come within the provisions of the act are, the printing of the lists of jurors under Item B-1 and the purchase of printed blank forms for the use of the Court and the Clerk in the conduct of the court business under D-1.

The jurors' list is a fluctuating and changing list from month to month during the calendar year. Juries do not sit during August and seldom do they sit in July. In my opinion it would be most unwise to attempt to contract for a year's supply of such lists. It is obvious that it is impossible to now forecast how many will serve as jurors during the coming year. The list must be prepared

and ordered monthly and at such other times as the Court shall require.

More than 250 different printed forms are in use by the Court. The supply of a given form is replenished from time to time as required. I believe that the best interest of the Court requires the continuation of this method of purchase. Any attempt to anticipate our needs by a group purchase of a year's supply would almost certainly result in over-stocking in certain cases and a shortage in others. Even greater harm would result from inability to anticipate changes in form such as are effected from time to time by rule of court or statute.

I have recently installed in this office a mimeographing machine. I hope, subject to the approval of the Court, to dispense with the necessity of printing such lists otherwise than by the use of the mimeograph.

Copies of this letter have been forwarded to Mr. Charles J. Fox, City Auditor, and to Mr. Francis X. Lang, Budget Commissioner.

Respectfully,

JAMES F. McDERMOTT, Clerk.

CIVIL SERVICE EXAMINATIONS.
(STATE AND CITY SERVICE.)

SCHOOL MATRON, BOSTON SCHOOL
DEPARTMENT, MARCH 30, 1940.

Last date for filing applications, Saturday, March 16, 1940, at 12 noon.

Salary: \$22 a week.

Duties: To have charge of the health rooms. To assist the school physicians in the annual physical examinations of pupils and at such other times as may be required. To annually weigh and measure pupils, and oftener for undernourished children. To render first aid treatment when necessary and care for ill pupils who go to the health room. To attend the physicians in daily clinics. To supervise locker and lunchrooms daily. To keep records of health room cases and of dismissals of pupils because of illness, and perform such other clerical work in connection with the health room as the head masters may request.

Entrance Requirements: Applicants who have not reached their thirtieth birthday or have passed their fiftieth birthday will not be eligible to apply. A certificate of date of birth must be filed with the application unless one has been filed with a previous application.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

NOTE.—Information concerning the results of this examination will not be available until at least sixty days after the examination has been held. If the eligible list is established in the meantime, all applicants will be notified.

CIRCULAR LETTER.

CITY OF BOSTON,

MAYOR'S OFFICE, February 8, 1940.

To All Department Heads.

Your attention is specifically called to Bulletin No. 6291, from the office of the State Administrator, Works Progress Administration, dated January 18, 1940, regarding W. P. A. Form 704A, Sponsor's Expenditure Register.

In order that the city may receive due credit for every allowable contribution, it is extremely important that a competent person in your office be assigned to check the items listed on W. P. A. Form 704A, showing the actual amounts of contributions each month, which have been officially accepted and placed to the credit of the city in the register of the Division of Finance. In the event that the entries on this form are not satisfactory to the sponsor, the matter should be immediately taken up with the Area Office, at 18 Oliver street, for adjustment.

Failure to comply promptly with these instructions can only result in the loss to the city of available funds for the relief program and an increase in city expenditures.

MAURICE J. TOBIN, Mayor.

AMENDED DAMAGES.

The Mayor has approved the following votes of the Board of Street Commissioners:

Voted, That the order of the Street Commissioners and Mayor of May 22, 1933, determining damages caused by the making of the public improvement, consisting of the taking of an easement for sewerage purposes in Royen road, Lila road, Rambler road, be, and the same hereby is, amended, by striking from said order the amount Nothing awarded to Catherine M. LaGreze in said order and inserting in place thereof the amount \$100; that the amount \$100 be, and the same hereby is, awarded to Catherine M. LaGreze for the damages so sustained.

Voted, That the order of the Street Commissioners and Mayor of October 9, 1935, determining that no person sustains damages by the making of the public improvement, consisting of the extension of Carroll street, be, and the same hereby is, amended, by striking out in the first and second lines of said order the words: "that no person sustains in his estate," and by striking out in the last line of said order the word "no." That said order be further amended by adding thereto Benjamin F. Folsom and Dora B. Folsom, tenants by the Entirety, \$400. That the amount \$400 be, and the same hereby is, awarded to Benjamin F. Folsom and Dora B. Folsom, Tenants by the Entirety, for the damages sustained by the making of the said improvement.

VOTE FOR PRESIDENT IN BOSTON,
NOVEMBER 3, 1936.

Vote in Boston for President: 199,504 for Roosevelt (Dem.); 85,789 for Landon (Rep.); 25,924 for Lemke (Union); 783 for Browder (Comm.); 637 for Thomas (Soc.); 220 for Aiken (Soc. Lab.); 133 for Colvin (Proh.); all others, 5; total vote for President, 312,995, or 2,572 more than total for Governor. Plurality for Roosevelt, 113,715.

CLAIMS ALLOWED.

The Acting Mayor, upon recommendation of the Corporation Counsel, has approved the following claims:

Harold L. Segel, 105 Bellingham street, Chelsea, in the sum of \$15, as compensation for damage to automobile caused by hole in highway in front of 55 Decatur street, Charlestown, October 31, 1939.

Leo McSweeney, 54 Fuller street, Dorchester, in the sum of \$21, as compensation for damage to automobile caused by unguarded hole in highway on Bailey street, about fifty feet from Dorchester avenue, August 21, 1939.

Bibiana McLellan, 25 Cortes street, Boston, in the sum of \$60 as compensation for personal injuries caused by defect in sidewalk in front of 101 Ardale street, Roslindale, September 24 1939.

Anne W. McCormack, 401 K street, South Boston, in the sum of \$50, as compensation for personal injuries caused by hole in sidewalk in front of 604 Broadway, South Boston, June 7, 1939.

Louella O'Connell, 283 Edge Hill road, Milton, in the sum of \$75, as compensation for personal injuries caused by depression in sidewalk in front of 119 Minot street, Dorchester, September 6, 1939.

Rachel Chappelle, 13 Haviland street, Boston, in the sum of \$35, as compensation for personal injuries caused by raised block of granolithic in front of 30 St. Stephen street, April 30, 1939.

J. S. Rosenbloom, 167 Cambridge street, Boston, in the sum of \$200, as compensation for damage to property in basement of above premises caused by backing up of sewer, November 9, 1938.

William J. Lyons, 22 Logan street, Roxbury, in the sum of \$85, for reimbursement as a result of accident which occurred on August 13, 1937, when the truck which he was operating for the Sanitary Division, Public Works Department, backed into car owned by one Joseph C. Walsh.

Joseph G. DeLuca, 299 Wood avenue, Hyde Park, in the sum of \$5, for reimbursement as a result of accident which occurred on September 19, 1939, when he was operating a truck belonging to the Paving Division, Public Works Department, which collided with car owned by one Louis E. Falk.

Alfred T. Cunningham, Jr., 24 Avalon road, West Roxbury, in the sum of \$6, as compensation for damage to automobile caused by hole in highway on Weld street, at Maple street, incident to work done by the Telephone Company, October 21, 1939.

LAND-TAKING IN DORCHESTER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of Cook terrace, Dorchester district, as a highway, from Babson street easterly, with the name of Cookson terrace or some other distinctive name, bounded and described as follows:

The highway named Cookson terrace is hereby laid out, from Babson street easterly, and ordered constructed.

For the making of the aforesaid improvement an easement for street purposes is hereby taken in the following described land, exclusive of trees or structures standing upon or affixed thereto:

A parcel of land, supposed to belong to William J. Barry, bounded:

Northwesterly by Babson street, fifteen and 53-100 feet; northeasterly by other land of said William J. Barry, twenty-nine and 63-100 feet on a curve of thirty-nine and 98-100 feet radius, and southerly by the line of Cookson terrace as it existed previous to the passage of this order, fifteen and 53-100 feet, containing twenty-nine square feet, more or less.

A parcel of land, supposed to belong to Laurence R. Connor, bounded:

Northwesterly by Babson street, fifteen and 43-100 feet; southeasterly by other land of said Laurence R. Connor, nineteen and 91-100 feet on a curve of ten feet radius; and northerly by the line of Cookson terrace as it existed previous to the passage of this order, fifteen and 43-100 feet; containing fifty-five square feet, more or less.

Said highway as hereby widened and relocated is bounded and described as follows:

Northwesterly by Babson street, by three measurements, fifteen and 43-100 feet, twenty-three and 45-100 feet and fifteen and 53-100 feet; northeasterly by the line of Cookson terrace, as hereby laid-out, twenty-nine and 63-100 feet on a curve of thirty-nine and 98-100 feet radius; northerly by the line of Cookson terrace as hereby laid out, by two measurements, three hundred twenty-four and 45-100 feet and sixteen and 8-100 feet; easterly by the line of Cookson terrace as hereby laid out, seventeen and 57-100 feet; southerly by the line of Cookson terrace as hereby laid out, three hundred twenty-six and 87-100 feet and southeasterly by the line of Cookson terrace as hereby laid out, nineteen and 91-100 feet on a curve of ten feet radius.

Trees or structures standing upon or affixed to the aforescribed land shall be removed therefrom within sixty days, following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on both sides of Cookson terrace will receive benefit or advantage beyond the general advantage to all real estate in said city from the improvement herein ordered; each of said lots to the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Cookson Terrace, Dorchester, Assessment Plan, November 29, 1939, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in office of said department.

Lot.	Amount.
1. William J. Barry.....	\$369 60
2. William J. Barry.....	774 00
3. Laurence R. Connor.....	116 88
4. Jennie E. Higgins.....	177 78
5. Aeneas R. McDonald, Elizabeth J. McDonald.....	120 00
6. Chesar Aspesi, trustee.....	150 00
7. Thomas E. Barron, Marie J. Barron.....	89 70
8. John F. H. Fox, Theresa C. Fox.....	94 50
Total.....	\$1,892 46

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement consisting of the laying out and construction of Cookson terrace, formerly Cook terrace, Dorchester district, as a highway, from Babson street easterly, under the order of the Board of February 5, 1940, and awards no damages therefor.

CIVIL SERVICE EXAMINATIONS.
(STATE.)

STATE EXAMINERS OF ELECTRICIANS, 1940.

Examinations will be held at the following points and on the following dates:

Boston, Wednesday, March 6.
Fall River, Thursday, March 7.
Fall River, Friday, March 8.
Boston, Wednesday, April 3.
Springfield, Thursday, April 4.
Boston, Wednesday, May 1.
Worcester, Thursday, May 2.
Boston, Wednesday, June 5.
Boston, Wednesday, September 11.
Worcester, Thursday, September 12.
Springfield, Wednesday, October 16.
Pittsfield, Thursday, October 17.
Boston, Wednesday, November 13.
Lowell, Thursday, November 14.
Boston, Wednesday, December 4.
New Bedford, Thursday, December 5.
New Bedford, Friday, December 6.

Rules for Examinations.

All examinations shall be given in English.

Applicants for Class B or journeyman's certificate must be at least eighteen years of age and have had at least two years' practical experience or the equivalent in the installation of wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes.

Applicants for Class A or master's certificate must be at least twenty-one years of age and have had at least two years' experience in the business of installing wires, conduits, apparatus, fixtures and other appliances for carrying or using electricity for light, heat or power purposes. Examination shall consist of applicant's knowledge of the National Electrical Code and practical electrical work.

All persons desiring to be examined, either for a master or journeyman certificate, shall have application on file at least ten days previous to the date of such examination.

Applicants for examination will be required to obtain at least 70 per cent in order to obtain a certificate.

Applicants who fail to obtain the required 70 per cent will not be entitled to re-examination until a period of three months has elapsed, and those who receive less than 50 per cent or who fail on the practical demonstration, will not be re-examined for a period of six months.

Any person found referring to notes or books, or misbehaving during an examination, will be debarred from that examination.

Notice will be sent to applicants for certificates when and where examination will be held and only those so notified will be examined on that day.

POLICE DEPARTMENT ORDERS.

General Order No. 444.

A trial board consisting of Captains Mullen, Tiernan and Egan, having heard by reference a complaint made by Capt. Francis J. Murphy, Division 19, against John Sullivan, patrolman, Division 19, for alleged violation of the Rules and Regulations of the Police Department, charging him with neglect of duty, and disobedience of orders, has reported to the commissioner a finding of guilty as charged on Charge 1 and not guilty of Charge 2.

The commissioner accepts the finding and the recommendation of the Trial Board and hereby orders that the said Patrolman John Sullivan be suspended from duty for a period of thirty days, effective as of 12.30 a. m., January 15, 1940.

General Laws, chapter 31, section 46C, requires approval of the Director of Civil Service before reinstatement.

Chapter 31.

"Section 46C. An officer or employee of the commonwealth or of a city or town who has become separated from the classified civil service through fault or delinquency of his own shall, within thirty days after the filing of a written request by the appointing officer, be entitled to a hearing before the director. Upon good cause shown the director may, subject to section forty-six G, authorize his reinstatement in the same position or in a position in the same class and grade as that formerly held by him."

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

General Order No. 445.

A trial board consisting of Captains Mullen, Tiernan and Egan, having heard by reference a complaint made by Capt. Francis J. Murphy, Division 19, against William A. J. Usher, patrolman, Division 19, for alleged violation of the Rules and Regulations of the Police Department, charging him with conduct unbecoming an officer, has reported to the commissioner a finding of guilty as charged.

The commissioner accepts the finding and the recommendation of the Trial Board and hereby orders that the said Patrolman William A. J. Usher be suspended from duty for a period of thirty days, effective as of 5.45 p. m., January 30, 1940, and at the expiration of said suspension he perform 315 hours' punishment duty.

General Laws, chapter 31, section 46C, requires approval of the Director of Civil Service before reinstatement.

Chapter 31.

"Section 46C. An officer or employee of the commonwealth or of a city or town who has become separated from the classified civil service through fault or delinquency of his own shall, within thirty days after the filing of a written request by the appointing officer, be entitled to a hearing before the director. Upon good cause shown the director may, subject to section forty-six G, authorize his reinstatement in the same position or in a position in the same class and grade as that formerly held by him."

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

General Order No. 446.

A trial board consisting of Captains Mullen, Tiernan and Egan, having heard by reference a complaint against Patrolman George H. Haskell of Division 6, charging him with conduct unbecoming an officer, has reported to the commissioner a finding of guilty as charged. In accordance with which, the said Patrolman George H. Haskell was on February 6, 1940, at 5.45 o'clock p. m., dismissed from the Police Department.

Due written notice of such dismissal with the reasons therefor, was duly and specifically given in hand on February 6, 1940, to the said George H. Haskell.

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

General Order No. 447.

A trial board consisting of Captains Mullen, McKinnon and Fitzpatrick, having heard by reference a complaint made by Capt. William D. Donovan, Division 3, against Frederick V. Kippenhan, patrolman, Division 3, for alleged violation of the Rules and Regulations of the Police Department, charging him with conduct unbecoming an officer, has reported to the commissioner a finding of guilty as charged.

The commissioner accepts the finding and the recommendation of the Trial Board and hereby orders that the said Patrolman Frederick V. Kippenhan be suspended from duty for a period of thirty days, effective as of 7.45 a. m., February 6, 1940, and at the expiration of said suspension he perform 315 hours' punishment duty.

General Laws, chapter 31, section 46C, requires approval of the Director of Civil Service before reinstatement.

Chapter 31.

"Section 46C. An officer or employee of the commonwealth or of a city or town who has become separated from the classified civil service through fault or delinquency of his own shall, within thirty days after the filing of a written request by the appointing officer, be entitled to a hearing before the director. Upon good cause shown the director may, subject to section forty-six G, authorize his reinstatement in the same position or in a position in the same class and grade as that formerly held by him."

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

General Order No. 448.

The commissioner desires at this time to express his sincere appreciation and commendation to Capt. Lawrence H. Dunn, commanding Division 8, and to all the members of Division 8, including civilian employees on the boats, who participated with him (also Sergt. Edward J. Seibolt of the Superintendent's Office), for their untiring efforts and devotion to duty shown on the occasion of the sad and unfortunate drowning accidents which befell the boys in Dorchester Bay, January 15, 1940.

The commissioner is cognizant of the many sacrifices and hardships endured during extremely cold weather and the fortitude displayed during the many days and nights that the search for the bodies

POLICE DEPARTMENT ORDERS.

(Continued from page 155.)

of the boys was being carried on. The commissioner also recognizes the splendid spirit of cooperation shown by all those who were engaged in the search, giving generously of their own time in order to speed the work of recovery.

In recognition thereof, it is hereby ordered that each member of Division 8, including civilian employees (and Sergeant Seibolt of the Superintendent's Office), who were engaged in this arduous duty be given two days' additional vacation, to be arranged at the discretion of the commanding officer.

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

DENIES CHARGES MADE BEFORE MILK CONTROL BOARD.

After a conference with Mr. Frank E. Mott, Chief of the Milk Inspection Service of the Boston Health Department, Acting Mayor Galvin issued the following statement on February 10:

"The remarks of Mr. Henry T. Broderick, counsel for a small group of milk producers, made yesterday before the Milk Control Board, in which he charged that the increased cost of milk is attributable to unreasonable regulations set up by the Health Department of the City of Boston and Mayor Tobin, is simply a red herring drawn across the trail.

"Mr. Broderick, in his capacity as an attorney representing milk producers, should well know that the twelve per cent standard of solids—which he claims is a standard set by the Health Department of Boston—is contained in the statute law of this Commonwealth, and is a mandatory regulation throughout the whole Commonwealth, including Boston.

"In view of this, the attempt by Mr. Broderick to becloud the issue before the Milk Control Board is abortive to say the least. The Health Department of Boston follows the law of the Commonwealth and the requirements of that law were being met long before the present issue was under discussion.

"The charges of Mr. Broderick against Mayor Tobin and the Boston Health Department are false, misleading, and contrary to his own knowledge. He should immediately publicly retract such charges."

WILLIAM J. GALVIN,
Acting Mayor of Boston.

RECEIPTS OF MILK IN BOSTON BY RAIL. STATISTICS FOR YEAR 1937.

Total, 201,115,222 quarts (including 21,533,437 quarts of cream) or 190,884,037 by the Boston & Maine Railroad; 9,304,589 by New York, New Haven & Hartford Railroad; 926,596 by Boston & Albany Railroad.

The said total exceeds that of 1936 by 2,233,863, but is 35,786,309 below the receipts in 1931 which was the highest on record.

The receipts in 1937 of the Boston & Albany Railroad are the lowest on record for that railroad.

The maximum receipts of milk and also of cream in 1937 were in August; the minimum in February.

PROCEEDINGS OF CITY COUNCIL.

Monday, February 5, 1940.

Regular meeting of the City Council in the Council Chamber, City Hall, at 2 p. m., President GALVIN in the chair and all the members present.

Coun. LANGAN in the chair.

JURORS DRAWN.

Jurors were drawn, Coun. TAYLOR presiding at the box in the absence of the Mayor, as follows:

APPROPRIATION FOR BOARD OF ZONING ADJUSTMENT.

The following was received:

City of Boston,

Office of the Mayor, February 1, 1940.

To the City Council.

Gentlemen,—I am in receipt of the attached communication from the Board of Zoning Adjustment requesting an appropriation of \$1,500 for the operating expenses of this Board for the year 1940.

In compliance with this request, I submit the attached order providing for the appropriation of the required amount from the Contingent Fund, and recommend adoption by your Honorable Body.

Respectfully,

MAURICE J. TOBIN, Mayor.

City of Boston,

Board of Zoning Adjustment,

January 13, 1940.

Hon. Maurice J. Tobin,

Mayor of Boston.

Dear Sir,—The Board of Zoning Adjustment, constituted under section 20, chapter 488, of the Acts of 1924, voted at its meeting January 12, 1940, to respectfully request an appropriation of \$1,500 from the Contingent Fund to cover operating expenses for the year 1940.

The money is expended for verbatim records of public hearings, blueprints, postage, automobile hire for inspection trips, personal services, including engineering, drafting, secretarial and clerical work and miscellaneous expenses. There is a balance on hand as of January, 1940, of \$351.74.

It is the Board's opinion that the sum requested, namely, \$1,500, will be reasonably adequate to carry on its work for the ensuing year.

Respectfully yours,

FREDERICK H. FAX, Chairman,
Board of Zoning Adjustment.

Ordered, That the sum of fifteen hundred dollars (\$1,500) be, and hereby is, appropriated, to be expended under the direction of the Board of Zoning Adjustment, for the operating expenses of this Board for the year 1940, said sum to be charged to the Contingent Fund, when made.

Referred to Executive Committee.

SALE OF LAND, OLD CENTRE STREET.

The following was received:

City of Boston,

Office of the Mayor, February 2, 1940.

To the Honorable the City Council.

Gentlemen,—I submit herewith an order for transfer to Lillian Layden of Dedham, a certain parcel of land comprising forty-five hundred and sixty-eight (4,568) square feet, which is contiguous to and formerly the northerly and southerly boundaries of land now owned by the said Lillian Layden and situated on said Old Centre street, West Roxbury.

The Board of Street Commissioners have discontinued this parcel of land as a public highway and the Public Works Commissioner informs me that this parcel of land is no longer needed for

public purposes. The Custodian of Foreclosed Real Estate has appraised this parcel of land and has placed a valuation thereon of one hundred and fifty (150) dollars.

The purpose of this transfer is to permit the said Lillian Layden to go forward with a home-building project upon this and adjoining land. As this property is no longer needed for public purposes, and the land will be used for the purposes of home construction, I am of the opinion that this transfer of the land should be made for the sum of one hundred and fifty (150) dollars. I therefore recommend the passage of the accompanying order.

Respectfully,

MAURICE J. TOBIN, Mayor.

City of Boston,

Law Department, February 1, 1940.

Hon. Maurice J. Tobin,

Mayor of Boston.

Dear Mr. Mayor,—By an order of the Board of Street Commissioners of the City of Boston, approved by the Mayor of Boston on May 5, 1939, a portion of the highway named Old Centre street, West Roxbury, consisting of forty-five hundred and sixty-eight (4,568) square feet, was discontinued. This discontinuance is shown on a plan marked "City of Boston, Old Centre Street, West Roxbury, September 1, 1938, William J. Sullivan, Chief Engineer, Street Laying-Out Department." This discontinued portion of Old Centre street is contiguous to the property of one Lillian Layden of Dedham. Lillian Layden desires to obtain the ownership of this discontinued portion of Old Centre street. A copy of this plan is inclosed herewith.

In accordance with the request contained in letter from your office dated January 29, 1940, I inclose herewith an order to be introduced in, together with a letter of transmittal to, the City Council, if the same meets with your Honor's approval, authorizing the conveyance of all the city's right, title and interest in the said parcel of land to Lillian Layden.

Very truly yours,

HENRY PARKMAN, JR.,
Corporation Counsel.

Whereas, The Board of Street Commissioners of the City of Boston by a resolve and order approved by his Honor the Mayor of Boston, May 5, 1939, discontinued a part of the highway named Old Centre street, containing forty-five hundred and sixty-eight square feet, more or less, and situated near the Dedham boundary line, and contiguous to the premises of Lillian Layden; and

Whereas, Lillian Layden of Dedham is desirous of obtaining the ownership of said forty-five hundred and sixty-eight feet; and

Whereas, The said forty-five hundred and sixty-eight square feet of land are no longer needed for public purposes; now, therefore, it is hereby

Ordered, That his Honor the Mayor be, and he hereby is, authorized to convey to the said Lillian Layden, by an instrument in writing, satisfactory in form to the Law Department of the City of Boston, and in consideration of the sum of one hundred fifty (150) dollars paid to the City of Boston by the said Lillian Layden, all the City of Boston's right, title and interest in the said forty-five hundred and sixty-eight square feet discontinued as aforesaid, and bounded and described as follows:

Northerly by land of Lillian Layden by four measurements, seventy-two and 41-100 (72.41) feet; fourteen and 92-100 (14.92) feet; twenty-one (21) feet, and fifteen and 83-100 (15.83) feet; easterly by the westerly line of Old Centre street by two measurements, twelve and 76-100 (12.76) feet and sixty-seven and 91-100 (67.91) feet; southerly by other land of Lillian Layden by two measurements, thirty-four and 14-100 (34.14) feet and fifty-eight and 23-100 (58.23) feet; and westerly by the boundary line between the City of Boston and the town of Dedham, thirty-eight and 82-100 (38.82) feet, containing forty-five hundred and sixty-eight (4,568) square feet and shown on a plan showing the discontinuance of a part of Old Centre street, West Roxbury, near the boundary line between Boston and Dedham and marked "City of Boston, Old Centre Street, West Roxbury, September 1, 1938, William J. Sullivan, Chief Engineer, Street Laying-Out Department," deposited in the office of the Street Laying-Out Department, City Hall Annex, Boston.

Referred to Committee on Public Lands.

SALE OF LAND, NORTH GROVE STREET.

The following was received:

City of Boston,

Office of the Mayor, February 5, 1940.

To the Honorable the City Council.

Gentlemen,—The City of Boston is the owner of a certain parcel of land containing 22,489 square feet situated on the northwesterly side of North Grove street upon which the Northern District Mortuary and wooden buildings in use by the Health Department as a garage are located.

The Massachusetts General Hospital, the owner of certain parcels of land situated on the northwesterly side of North Grove street and bounding the land of the City of Boston, is desirous of obtaining for hospital purposes the land of the City of Boston, and has made an offer of sixty-four thousand three hundred eighty-nine (64,389)

dollars, together with a grant of 1,026 square feet of land situated on the northerly side of Cambridge street. This latter parcel of land upon conveyance thereof to the City of Boston is to be utilized by the Sheriff of Suffolk County as a driveway and rear entrance to the jail.

I am informed that the parcel of land of the City of Boston together with the buildings thereon are no longer needed for public purposes, with the exception of the building known as the "Morgue," and for which an express reservation has been made in the accompanying order to the effect that the City of Boston will be allowed to continue to maintain, use and occupy the said Morgue until September 30, 1942, which date is subsequent to the expiration of the commission of the present Medical Examiner for the Northern District of Suffolk County.

I am further informed that this land will in great measure help the Massachusetts General Hospital in carrying on its hospital work.

I therefore recommend the passage of the inclosed order.

Respectfully,
MAURICE J. TOBIN, Mayor.

Whereas, The City of Boston is the present owner of a certain parcel of land together with the buildings thereon, situated on the northwesterly side of North Grove street in the City of Boston and more fully described and shown as "Parcel C" on a plan hereinafter referred to; and

Whereas, The said premises, "Parcel C," are no longer needed for public purposes; and

Whereas, The Massachusetts General Hospital, a corporation duly organized under the laws of the Commonwealth of Massachusetts and having a usual place of business in the City of Boston, is the owner of a certain parcel of land situated on the northerly side of Cambridge street and on the northwesterly side of North Grove street in the City of Boston and more fully described and shown as "Parcel A" on a plan hereinafter referred to; and

Whereas, The said Massachusetts General Hospital desires to purchase for hospital purposes said "Parcel C" and has offered to the City of Boston as consideration therefor the sum of sixty-four thousand three hundred eighty-nine (64,389) dollars and to grant to the City of Boston said "Parcel A"; now, therefore, it is hereby

Ordered, That his Honor the Mayor be, and he hereby is, authorized to sell at private sale to the said Massachusetts General Hospital all the city's right, title and interest in and to said "Parcel C," together with the buildings thereon, for the sum of sixty-four thousand three hundred eighty-nine (64,389) dollars, and the grant to the City of Boston of said "Parcel A"; and it is hereby further

Ordered, That his Honor the Mayor be, and he hereby is, authorized to execute and deliver, in the name and behalf of the City of Boston, an instrument in writing satisfactory in form to the Law Department of said City of Boston wherein the said City of Boston conveys to the said Massachusetts General Hospital all the city's right, title and interest in and to said "Parcel C," together with the buildings thereon, excepting therefrom and reserving to the said City of Boston the right to continue to maintain, use and occupy the building known as the Northern District Mortuary, and shown on the plan hereinafter referred to as "Morgue," for the period ending with the thirtieth day of September, 1942, bounded and described as follows:

Northerly by land of the Massachusetts General Hospital, one hundred forty-seven and 20-100 (147.20) feet; easterly by North Grove street by two measurements, twenty-five (25) feet and ninety-six and 81-100 (96.81) feet; southerly by other land of the Massachusetts General Hospital, fifty-one (51) feet; easterly again by other land of the Massachusetts General Hospital, twenty-eight and 27-100 (28.27) feet; southerly again by other land of the Massachusetts General Hospital, forty-six and 20-100 (46.20) feet; easterly again by other land of the Massachusetts General Hospital, twenty-nine and 75-100 (29.75) feet; southerly again by land of the City of Boston, fifty-four and 99-100 (54.99) feet; and easterly by other land of the City of Boston, one hundred seventy-six and 44-100 (176.44) feet, containing twenty-two thousand four hundred eighty-nine (22,489) square feet of land, more or less. All of said measurements are shown on a plan marked "Plan of Land in Boston, Mass., Scale 20 feet to an inch, January 31, 1940, William T. Morrissey, Division Engineer, George G. Hyland, Commissioner of Public Works," and designated as "Parcel C" thereon.

Upon the payment by the said Massachusetts General Hospital to City of Boston the sum of sixty-four thousand three hundred eighty-nine (64,389) dollars, and the delivery to the City of Boston by the Massachusetts General Hospital of a deed satisfactory in form to the Law Department of the City of Boston wherein the said Massachusetts General Hospital conveys to the City of Boston all the said hospital's right, title and interest in and to said "Parcel A," bounded and described as follows:

Northerly by land of the Massachusetts General Hospital thirteen and 2-100 (13.02) feet; easterly by other land of the Massachusetts General Hospital, seventy-five (75) feet; southerly by Cambridge street, fourteen and 11-100 (14.11) feet; westerly by Cambridge Street avenue, forty-seven and 25-100 (47.25) feet; northerly again by land of the City of Boston, one and 23-100 (1.23) feet; westerly again by other land

of the City of Boston, thirty and 25-100 (30.25) feet, containing one thousand and twenty-six (1,026) square feet of land, more or less. All of said measurements are shown on a plan marked "Plan of Land in Boston, Mass., Scale 20 feet to an inch, January 31, 1940, William T. Morrissey, Division Engineer, George G. Hyland, Commissioner of Public Works," and designated as "Parcel A" thereon.

Referred to Committee on Public Lands.

PETITIONS REFERRED.

The following petitions were received and referred to the committees named, viz.:

Claims.

Andrew Square Hardware Company, for compensation for damage to property at 611 Dorchester avenue, caused by bursting water main.

Paul Digiovanna, for compensation for damage to car by city truck.

Ellen F. Duggan, for compensation for injuries caused by an alleged defect at Burbank and Hemenway streets.

Cecil G. Harris, for compensation for damage to property at 45 Rockwell street, caused by break in water main.

E. Wendell Hoffman, for compensation for injuries caused by an alleged defect at Montebello road and Marmion street.

Clarence D. Horrigan, to be reimbursed for expenses incurred in repairing sewer at 10 Fawndale road.

Mary A. Joubert, for compensation for damage to car caused by an alleged defect in La Grange street.

Joseph J. Kolbiski, for compensation for damage to car by city cart.

John F. Madden, for refund on street sign.

John J. Marshall, to be reimbursed for judgment issued against him.

Mohican Company, for rebate on permit for arc lamps.

Peter Morello, for compensation for damage to property caused by horse and wagon.

Ida O'Rourke, for compensation for damage to car caused by an alleged defect in Beech street.

Ethel M. Perry, for compensation for damage to property at 31 Rockwell street, caused by broken water pipes.

Ellen M. O'Shea, for compensation for injuries caused by fire hose.

James T. Saunders, for compensation for damage to car by garbage truck.

John A. Tarbell, for refund on ferry tickets.

James A. Woodman, for compensation for injuries caused by alleged defect in Arlington street.

Executive.

Petition of Theresa McLaughlin, to be paid annuity on account of death of her husband, Bernard P. McLaughlin, a member of Fire Department.

Committee on Licenses.

Petition of Kenmore Realty Corporation, for driveway openings on Ipswich street.

Petition of Esther Rubin, for driveway openings at 655-665 Commonwealth avenue and 5 Granby street, Ward 5.

APPOINTMENT OF WILLIAM E. CARNEY.

Notice was received from the Health Department of appointment of William E. Carney of 86 Market street, Brighton, as inspector of animals intended for slaughter for food purposes.

Placed on file.

SIDEWALK ASSESSMENTS.

Communications were received from the Commissioner of Public Works with orders assessing half cost for constructing sidewalks, as follows:

	Half Cost.
Laban Pratt road, Ward 16.....	\$538 78
Arbroth street, Ward 16.....	606 61

The orders were passed under suspension of the rule.

RIGHT TO CLAIM EXEMPTIONS.

Coun. CHASE offered the following:

Ordered, That the Board of Assessors and Commissioner of Corporations and Taxation be requested, through his Honor the Mayor, to adopt a system of notifying the taxpayers of the rights given to them under the General Laws to claim exemptions, by causing an abstract of the General Laws allowing exemptions to be conspicuously printed on all forms for listings of property and on all tax bills.

Coun. CHASE—Mr. President, I fully appreciate the financial condition of the City of Boston. I realize that it will be only through the most rigid economy and the finding of new sources of revenue that the city may possibly be able to continue without going into bankruptcy. I readily appreciate the problem that his Honor the Mayor is confronted with of providing money, for example, to meet the unemployment problem, as is well shown in the budget item that provides over \$10,000,000 for public welfare. But I do feel that in taxing the citizens of Boston, the city fathers and the various department

heads should show some spirit of humanitarianism. Not long ago we heard the proposal to tax wire-haired terriers and other dogs as property. To my way of thinking, the revenue derived from such a source would be very small, in fact picayune. Only recently it has been called to my attention by a citizen of my district, a lady who rents a lodging house, that she has received a tax bill in the amount of \$39.09 for personal property. The total income of this good lady is derived from renting rooms in this lodging house. After paying for rent, gas, electricity, fuel, the poor lady has not money enough for the bare necessities of life, and yet the City of Boston is calling upon her to pay \$39.09 in taxes on personal property, upon which, under the law, she could properly claim exemption. This noon another lady called on me and stated that she had received a tax bill of \$20 as a personal property tax, assessment on household furniture in the rooms she rents. This poor lady is supporting an invalid husband and an aged mother, and she is now called upon to pay this tax, on which, under the law, she is undoubtedly entitled to an exemption. I contend that in the majority of cases these poor people could properly, under the law, claim personal exemption if they knew the provisions of the law, but these bills are sent to them from the assessors' office and there is nothing on their face to show to them their legal rights in the matter, rights to which they are entitled under the general law allowing them to claim exemptions. There is nobody around them to inform them of such rights under the general laws, they are not financially able to consult a lawyer so as to be advised on their rights, and they simply go ahead and pay the bill as presented, although they can ill afford to do so. As a matter of fact, these poor souls receive a demand and are frightened, afraid that they are going to be put under arrest unless they pay the bill. I say that this system of collecting taxes is the most inhumane thing I know of. So I say that when the City of Boston taxes the furniture of these poor lodging house keepers, it should at least inform them of their rights under the law, and I say that we should impress upon his Honor the Mayor the importance, through the assessors and the Commissioner of Corporations and Taxation, of notifying the taxpayers of their right to claim exemption under the law, by causing an abstract of the General Laws allowing exemption to be conspicuously printed on all forms for listings of property and on all tax bills. Also, speaking on this general tax question, and taking, for example, our municipal airport, why should lodging house keepers be forced to pay their proportion of the burden of keeping that airport going? Why shouldn't a landing charge be made for the commercial planes that are landing there? Why shouldn't the City of Boston establish and enforce a landing fee which would help to maintain the airport, without soaking these poor ladies for a part of it through a tax upon them? I would like to know the reason. Of course, we all realize that reasonable taxes must be levied in order to carry on our municipal activities, but certainly the principles of common sense and justice should be applied in levying them. Our taxation is not only hitting the rich, but the poor, and we as members of the City Council should endeavor to do something to relieve the present situation. The City Charter says that we can cut the budget, and I believe we should do so as far as is reasonable, making as light as possible the assessment on our residents and home owners, while realizing, of course, that sufficient money must be raised to meet the proper needs of our municipal departments. I certainly do trust, however, that the Mayor will take steps, in so far as is possible, to see that these poor people are at least notified of their right to tax exemptions under the law.

Coun. WARD—Mr. President, I want to join with the Republican whip of the Council in endeavoring to seek a proper solution of the question he has raised. Certainly, residents in the various districts should be notified of their rights under the law in connection with these tax bills. I have in mind a case, although not a lodging house, where a poor person has been taxed on \$400 personal property. I have always been led to believe that under the law there is an exemption up to \$1,000, but it now seems that the assessors are going into small homes and making these assessments. I don't believe the situation can be remedied by cutting the budget, but I do think that this is a matter that should be called to the attention of the assessors so that when they enter homes the owners should be notified of their right to an exemption up to \$1,000.

Coun. TAYLOR—While I agree with the gentlemen from the Back Bay (Coun. Chase) and from Brighton (Coun. Ward) that something should be done in this matter, I don't think that the fault lies with the assessors in carrying out their duty. Nine times out of ten they do not tax personal property that does not amount to over \$1,000, but in the wealthy Back Bay district and in parts of the district that the gentleman from Brighton comes from, there are magnificent homes occupied by people well capable of paying, who have furniture and equipment valued in many cases from \$25,000 up to hundreds of thousands of dollars, and I think those people certainly should pay a proper tax. I certainly sympathize with the individual cases that the gentleman from the Back Bay has referred to, but I certainly feel that when such cases are called to the attention of the Assessing Department

the assessments will be abated without further trouble.

Coun. CHASE—Mr. President, speaking in behalf of my order I neglected to state the whole case. I not only represent a part of the Back Bay, but a good part of the South End, and I claim that the property owners there should be given full information of their rights in the matter of exemption. I know of cases in the South End where good, law-abiding citizens, who work hard to acquire the necessities of life, have been deprived of those necessities in the way of food and clothing because of the tax bills they have had to pay. Had they known of the exemptions under the law, they could have availed themselves of them, but, not knowing, they did not claim them. Therefore, they did deprive themselves of food, clothing and other things that they needed, I say, therefore, that everybody should be given information as to his rights under the general laws. The order was passed under suspension of the rule.

SIDEWALK ON BELVIDERE STREET.

Coun. CHASE offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to reconstruct the sidewalk on Belvidere street which begins in front of St. Cecilia's Church and ends at Dalton street, with artificial stone, said work to be done under a W. P. A. plan of construction.

Passed under suspension of the rule.

PAYMENT OF WATER BILLS, PAROCHIAL SCHOOLS.

Coun. SCANNELL offered the following

Whereas, The Parochial School System in the City of Boston has resulted in a saving of between ten and eleven million dollars to the city in the construction of buildings, heat, light, teachers, textbooks, stationery, etc., therefore be it

Ordered, That the Commissioner of Public Works be instructed, through his Honor the Mayor, to exempt all Parochial Schools in the City of Boston from any charge for water consumption in the future.

Referred to Executive Committee.

FILING CABINETS, COUNCIL MEMBERS.

Coun. CAREY offered the following

Ordered, That the Superintendent of Public Buildings be requested, through his Honor the Mayor, to immediately furnish the members of the City Council with suitable cabinets for the proper filing of correspondence in the City Council chambers.

Coun. CAREY—Mr. President, I don't think it is necessary to say more than a word or two on this order, and I believe every member of the Council realizes the necessity of something of the sort being done. We all have letters sent to us from our constituents asking that certain matters be attended to, and there is at present no proper place here for the filing of such correspondence. In my own case I have had occasion to try to look up some correspondence I have received, and the secretary of the Council has at times spent hours trying to find a letter, frequently without success. That is because there is no proper place here for the filing of correspondence of members of the Body. The result is that in many cases we find letters torn up and strewn about the floor. I don't think that situation should be allowed to continue in this Council. In connection with our duties here we at times receive very important letters, which should be properly filed. I feel, therefore, that action such as is suggested in the order should be taken.

The order was passed under suspension of the rule.

CONFIRMATION OF EXECUTIVE APPOINTMENTS.

On motion of Coun. M. H. SULLIVAN, the Council took up, under unfinished business, Nos. 1 and 2 on the calendar, viz.:

1. Action on appointment submitted by the Mayor January 29, 1940, of John F. Goff, Charles Keane and Harry P. Finstein, to be Constables, with authority to serve civil process upon filing bonds.

2. Action on appointments submitted by the Mayor January 29, 1940, of Shirley Bloom, Harold Brewer, David Haseltine, William Mullin, Richard J. Welch, to be Weighers of Coal; and Richard J. Welch, Paul Edwards, Howard Wells, Thomas Maloney, Albert J. Lacroix, to be Weighers of Goods.

The question came on confirmation. Committee, Coun. Ward and Coffey. Whole number of ballots 20, yes 18, no 2, and the appointments were confirmed.

PARKING ON PART OF WASHINGTON STREET.

Coun. D. F. SULLIVAN offered the following:

Ordered, That the Traffic Commission be requested, through his Honor the Mayor, to allow

angle parking on the northwest side of Washington street, from Northampton to Camden streets. Passed under suspension of the rule.

EAST BOSTON RELIEF STATION.

Coun. COFFEY offered the following:

Ordered, That the trustees of the Boston City Hospital be requested, through his Honor the Mayor, to immediately arrange for the reopening of the entire East Boston Relief Station on a full time basis, as formerly.

Coun. COFFEY—Mr. President, this is an old story with the people of East Boston. This relief station was closed on March 9, 1938, after serving the people of East Boston since 1904. Since it was closed, we have had an average of one hundred accident cases every month. Last year I filed a bill in the Legislature asking the state to take over the hospital and maintain it. After going through the House and taking its last reading, on the final enactment it was lost by one vote,—which showed that the members of the Legislature realized that the people of East Boston needed that relief station. Last year, at the Columbus Day banquet, with a large number present, the Mayor said that he had made a mistake in closing our hospital and that he intended to reopen it. The first of this year the Mayor reopened it as a clinic from ten a. m. to six p. m., the hospital also being closed on Sundays and holidays. The result is that the hospital at the present time is of practically no value to the 70,000 residents of East Boston. I just wish to recite a few instances showing why we in East Boston need our hospital. Last Friday we had a two-alarm fire. Two firemen were injured seriously in an explosion and were taken to the City Hospital. It took exactly forty-one minutes to get those men to the City Hospital. Incidentally, this fire took place two doors from the Relief Station, so that the men could have been carried there immediately on stretchers if the place were available. There was another case of a young girl who was almost burned to death and was taken to the City Hospital. Due to an accident in the Summer Tunnel the ambulance was kept in the tunnel for over one hour, while waiting for the traffic to be cleared. I believe there is no need of my going into the matter further. I think the Mayor in his wisdom is going to open the hospital as it was in 1904. There is no need of telling you the delays we suffer in getting cases to the City Hospital, because of traffic disturbances in the tunnel. Sometimes, with the extra traffic that we have in the horse and dog racing season, there will be accidents to vehicles that will tie the tunnel up for over two hours. In many cases a minor accident will stop traffic both ways, until an emergency truck goes in and takes the car that has caused the trouble out of the tunnel. There are 70,000 people over there in East Boston, and in the rush hours, even when there is no accident, it frequently takes twenty-five minutes to get through the tunnel. And, of course, you know what the traffic to and from East Boston is during the racing season. I hope that the Mayor in his wisdom will see fit to take the action suggested in this order immediately.

The order was passed under suspension of the rule.

SAFETY ISLANDS, BENNINGTON STREET.

Coun. COFFEY offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to erect safety islands at every intersection along Bennington street, Ward 1, from Neptune road to Orient Heights.

Coun. COFFEY—Mr. President, I don't want to take up too much time on this order, but I have talked with the Mayor, and I believe he will do what he can to relieve the existing situation. A number of members of the Body realize the traffic conditions along Bennington street. With the thirty buses an hour coming along there at the present time, it can readily be seen what a congested area this is. I believe that the Mayor is favorable to the idea of having these safety islands at each intersection along Bennington street, from Neptune road to Orient Heights, and I hope the order will go through.

The order was passed under suspension of the rule.

PLAYING FIELD, COLUMBUS STADIUM.

Coun. LINEHAN offered the following:

Ordered, That the Park Commission be requested, through his Honor the Mayor, to sod and seed the playing field at Columbus Stadium, South Boston, just as soon as weather conditions permit same.

Coun. LINEHAN—Mr. President, I have a copy of the Boston *Traveler* here and am reminded by the writer, Arthur Siegel, that many young people, not only from our own district, South Boston, but from Roxbury, Dorchester, East Boston and other sections of the city, need to have playing fields sodded and seeded, so as to avoid many of the troubles that are being suffered at the present time. This paper says, for instance, referring to different playing grounds, "At neither place has there been any concerted effort to develop a grass playfield. The absence

of grass and the abundance of gravel can be noted immediately. The athletes are fairly safe in football until they take a fall. And then they come up with bruises and scratches and cuts. In baseball, they wonder just when a ball will scatter gravel into their faces or the ball itself take a tricky bounce." I do not need to refer to the paper, however, to remind you that there are certain parks and playgrounds which need grass. I only need to look at my own body for scars, received at a time when I was playing in the football teams. I have seen the time, in East Boston, South Boston, Charlestown and other parts of the city, when the boys played football and received many injuries, most of them as a result of getting crashed to the ground and receiving scratches and cuts of all kinds. All that is needed to remedy such a condition is to plant grass seed and get a covering of sod and grass. Certainly it will not cost much to sod and seed the playing field at Columbus Stadium in South Boston, as soon as weather conditions permit. It has not been done yet, however, and the same condition prevails in many of the Boston playgrounds. I trust, therefore, that the Mayor of Boston will recommend that grass seed be planted in the Columbus Stadium, and I hope it will be done in all such places in the City of Boston. It is certainly important that it should be done in the Columbus Stadium as soon as possible.

The order was passed under suspension of the rule.

ACCEPTANCE OF WARD 11 STREETS.

Coun. ENGLERT offered the following:

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out as public highways the following named streets in Ward 11: Amory avenue and Verona street.

Passed under suspension of the rule.

CONSTRUCTION OF PLAYGROUND, WARD 13.

Coun. HUTCHINSON offered the following:

Ordered, That the Park Commission be requested, through his Honor the Mayor, to construct a playground on the vacant lot bounded by Dudley, Folsom and Harlow streets and Howard avenue, as a W. P. A. project.

Passed under suspension of the rule.

REPAVING OF WARD 13 STREETS.

Coun. HUTCHINSON offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to repave with smooth pavement, under the W. P. A. plan of construction, the following streets in Ward 13: Dewey street and Downer avenue.

Passed under suspension of the rule.

STREET LIGHTING BY GAS.

Coun. GOTTLIEB, D. F. SULLIVAN and WICKES offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to submit to the City Council a report of the number of gas lamp outages in the City of Boston during the past three weeks.

Whereas, Gas lighting is greatly inferior both in cost and efficiency to electric lighting; and

Whereas, Gas lighting is subject to failure in cold weather; and

Whereas, Many streets in the City of Boston have been in darkness during the past three weeks; therefore be it

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to provide for the immediate installation of electric lights on all poles now available in the City of Boston.

Whereas, The City of Boston has a contract with the Boston Consolidated Gas Company providing for the lighting of approximately 9,300 gas lamps; and

Whereas, A substantial number of gas lamps throughout the City of Boston have been unlighted during the past three weeks; therefore be it

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to request a rebate from the Boston Consolidated Gas Company.

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to make a survey of lighting conditions in Ward 14.

Coun. GOTTLIEB—Mr. President, during the past three weeks I have received many, many complaints from residents of my ward that the gas lamps in the streets have been out. There are many streets in Ward 14 where there have been no lights at all during this period of time. As a result, there are these numerous complaints. I have personally visited many streets in Ward 14 to verify the complaints, and have discovered, to my amazement, that it is impossible in places to

see more than two or three feet ahead, as you walk along the street. I can quote from my own street, the street where I live, and where there are probably four or five gas lamps, that at least three, if not more of the gas lamps, have not been lighted in the past three weeks. As I have stated in the order, there are approximately 9,300 gas lamps in the City of Boston. I know that these gas lamps were installed originally because the great invention of the electric light had not at that time materialized. For that reason much of the lighting of the City of Boston has been through gas lamps. I feel, however, that those lamps have been for many years antiquated and outmoded, and have long outlived their usefulness. They do not offer such light that people can see for any distance along the street or so that there will be any protection to young girls and women who must travel home in the evening. I feel that the situation is not confined to Ward 14 but is prevalent throughout the city. I have discussed the matter with my colleagues who agree with me that this is a general complaint. I have also discussed the matter with the Commissioner of Public Works, to see what can be done in the matter, and he states, as I think we will all agree, that electric lamps offer far more light in proportion to the money expended than the gas lamps, and that the city would save in a year a substantial sum of money if electric lamps were installed throughout the city. The only question in my mind is the cost of constructing new poles to hold the lights, and I understand that the expense of such construction is \$54 per pole. I realize that the city today is in no shape to construct a large number of poles at \$54 each, but I maintain that there is an urgent need at this time of using every pole we have in the City of Boston today, which can be used, for electric lights. If we did that, we would at least be taking a proper step in the direction of a good lighting system. In view of the large number of gas lamps that have been out in the past three weeks, I contacted the Boston Consolidated Gas Company, who promptly referred me to the Welsbach Company, who, in turn, referred to the Department of Maintenance, asking why so many lamps had been out in the past few weeks—and I have no doubt that there have been many thousands. The answer I received was this,—due to the cold weather these gas lamps are frozen. Well, I don't see that we have had any unusually cold weather in the past few weeks, and I maintain that if this condition has been prevalent with the weather we have had, there is no assurance that in the winter at any time we will have adequate lighting. It is quite evident to my mind that the system is no good, that it has outlived itself. So I hope the Commissioner of Public Works in his wisdom will provide for the substitution of as many electric lights as possible for gas lamps, so that at least we will not have a continuation next winter of as much trouble as we have had this winter. I trust that the orders will pass.

The orders were passed under suspension of the rule.

SALE OF PROPERTIES FOR UNPAID 1938 TAXES.

Coun. KELLY offered the following:
Ordered, That the City Collector be instructed, through his Honor the Mayor, to indefinitely postpone the proposed sale of properties for unpaid 1938 taxes.

Coun. KELLY—Mr. President, my reason for introducing the order at this time is because I understand that the City Collector is going to send out about February 15 notices of sale of property on which the 1938 taxes have not been paid. I realize, of course, that it is within the collector's power to advertise such properties at any time this year, but I also realize that our City Collector should take into consideration the fact that in the last few years the people have been up against it and have lacked ready money. I understand also that he would have until next October to advertise these 1938 delinquent homes. I am, therefore, asking his Honor the Mayor to instruct the City Collector to indefinitely postpone the proposed sale of properties for 1938 taxes.

The order was passed under suspension of the rule.

WARNING SIGNS, NORFOLK STREET.

Coun. WICKES offered the following:
Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to make a survey of Norfolk street, Dorchester, to determine the advisability of placing "Slow" signs, "School" signs and "Curve" signs along Norfolk street, particularly at Stanton and Crowell streets, for the purpose of eliminating, if possible, accidents such as recently caused a death in this vicinity.

Passed under suspension of the rule.

CONSTRUCTION OF SIDEWALK, WARD 18.

Coun. GOODE offered the following:
Ordered, That the Commissioner of Public Works make a sidewalk along West Milton street (both sides), from Sprague street to Dedham line, Ward 18, in front of the estates bordering thereon;

said sidewalk to be from 3 to 10 inches above the gutter adjoining, to be from 5 to 12 feet in width, and to be built of artificial stone, with granite edgestones, under the provisions of chapter 196 of the Special Acts of 1917.

Passed under suspension of the rule.

REPAIRS TO RAILROAD UNDERPASS, WARD 18.

Coun. GOODE offered the following:

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to make suitable repairs to the underpass at the foot of Greenfield road and Rector road, Ward 18, running under the New York, New Haven & Hartford Railroad, and also make repairs to the stairs leading from the street to the underpass.

Passed under suspension of the rule.

TRANSFER OF SCHOOL PROPERTY TO PARK DEPARTMENT.

Coun. WARD offered the following:

Ordered, That the Corporation Counsel, through his Honor the Mayor, be directed to advise the Council of the procedure of transferring school property to the Park Department for playground facilities.

Coun. WARD—Mr. President, this order directly concerns Ward 21, particularly the Back Bay section, which decidedly lacks playground facilities. In the building up of the section, buildings were built closely together, in blocks, leaving no vacant space, and, therefore, no chance for children to play on vacant lots and no playground facilities have been afforded. There is now an opportunity to take a piece of property owned by the School Department, which is not being used for school purposes, and transfer it to the Park Department, thereby furnishing a playground for that section, something which is very much needed there and in the surrounding wards. I hope that the order will pass.

The order was passed under suspension of the rule.

YELLOW SIGNAL LIGHT, PARK DRIVE.

Coun. WARD offered the following:

Ordered, That the Traffic Commissioner, through his Honor the Mayor, be directed to place a yellow signal light at the corner of Beacon street and Park Drive.

Passed under suspension of the rule.

EXTENSION OF WILTSHIRE ROAD.

Coun. WARD and M. H. SULLIVAN submitted the following:

Ordered, That his Honor the Mayor study the advisability of an extension of Wiltshire road, Brighton, from Portina road to Foster street.

Passed under suspension of the rule.

REQUESTED RESCISSION OF MILK ORDER.

Coun. M. H. SULLIVAN and LYONS offered the following:

Ordered, That the Governor of the Commonwealth be requested, through his Honor the Mayor, to instruct the Milk Control Board to rescind its order increasing the price of milk until public hearings have been held on the matter.

Coun. M. H. SULLIVAN—Mr. President, I have always been of the impression that hearings are conducted by public bodies for the purpose of formulating their decision. Accordingly, I was astonished to learn that the Massachusetts Milk Control Board will hold a hearing relative to the increase of the retail price of this life-sustaining commodity on Friday, February 9, while the increase becomes effective on Wednesday, February 7. In this instance, there will be two strikes on the public when they go into the hearing room. This procedure amounts to an invitation to come and look at the corpse. Once in effect, there will be no rescission of the price increase. This hearing will prove less effective than the time-worn procedure of "locking the barn door after the horse is stolen." I do not question the good faith of the Milk Control Board, but I do know that if the gentlemen of that Board did realize that if the decision were to be made at the conclusion of such hearings, the offices of the Board would be filled with hundreds of protesting citizens of Metropolitan Boston. I feel that the Board has been inconsistent in raising the price of milk and giving a subsequent hearing. I trust, therefore, that the Mayor will request the Governor to instruct the Milk Control Board to rescind its order increasing the price of milk until public hearings have been held on the matter.

The order was passed under suspension of the rule.

REPORT OF COMMITTEE ON RULES.

Coun. FISH, for the Committee on Rules, submitted the following:

1. Report on order (referred January 15) that partitions be erected in west anteroom on fourth floor as a W. P. A. project to provide interviewing rooms for members of Council, and to be equipped with desk, two chairs and telephone service—recommending reference to the Executive Committee.

Report accepted; said reference ordered.

REPORT OF COMMITTEE ON CLAIMS.

Coun. GOTTLIEB, for the Committee on Claims, submitted the following:

1. Report on petition of Charles Laubenstein (referred January 15) to be reimbursed for amount of judgment issued against him on account of his acts as operator of motor apparatus belonging to Fire Department—recommending passage of accompanying order, viz.:

Ordered, That the sum of two hundred fifty dollars (\$250) be allowed and paid to Charles Laubenstein in reimbursement for amount of judgment issued against him on account of his acts as operator of motor apparatus belonging to the Fire Department, said sum to be charged to the Contingent Fund.

Report accepted; said order passed.

PROPOSED ABROGATION OF UNION FREIGHT RAILROAD FRANCHISE.

Coun. RUSSO offered the following:

Ordered, That the Corporation Counsel of the City of Boston be requested, through his Honor the Mayor, to advise the City Council as to the best method of abrogating the rights of the Union Freight Railroad to cross Atlantic avenue and Commercial street with freight cars, such movement of freight resulting in serious congestion of traffic and having only recently prevented the Boston Fire Department from having access to a fire.

Passed under suspension of the rule.

RECESS.

By direction of Chairman LANGAN, the Council at 3.35 p. m., took a recess subject to the call of the Chair. The members reassembled and were called to order by Chairman LANGAN at 4.25 p. m.

EXECUTIVE COMMITTEE REPORTS.

Coun. LANGAN, for the Executive Committee submitted the following:

1. Report on message of Mayor and order (referred today) appropriating \$1,500 for Board of Zoning Adjustment—that same ought to pass.

Report accepted; said order passed, yeas 20, nays 0.

2. Report on order (referred today from Committee on Rules) that partitions be erected in west anteroom on fourth floor as a W. P. A. project to provide interviewing rooms for members of Council, and to be equipped with desk, two chairs and telephone service—that same ought to pass.

Report accepted; said order passed.

3. Report on order (referred today) that Parochial Schools in Boston be exempted from payment of water bills—recommending passage of order in accompanying new draft, viz.:

Ordered, That the Corporation Counsel be requested, through his Honor the Mayor, to advise the City Council as to the constitutionality of exempting Parochial Schools from charges for water consumption.

Report accepted; said order passed in new draft.

THE NEXT MEETING.

On motion of Coun. COFFEY it was moved that when the Council adjourn it be to meet on Monday, February 19, 1940, at two p. m.

YOUTH CENTER, WARD 13.

Coun. HUTCHINSON offered the following:

Ordered, That the trustees of the George Robert White Fund be requested, through his Honor the Mayor, to consider the advisability of erecting a Youth Center in Ward 13.

Passed under suspension of the rule.

CHAIR'S RULING ON FEDERAL HOUSING.

Coun. CHASE offered the following:

Ordered, That the members of the City Council go into immediate executive session for the purpose of considering Coun. Chase's motion to take from the table his order requesting that the Boston

Finance Commission investigate Federal Housing and which was erroneously ruled as out of order.

Coun. TAYLOR—Mr. Chairman, I rise to a point of order, that the order is out of order.

Chairman LANGAN—The Chair will rule the order out of order.

Coun. CHASE—Mr. Chairman, I appeal from the Chairman's ruling and ask for a roll call.

Coun. LYONS seconded the appeal.

Coun. CHASE—Mr. Chairman, may I say on behalf of my order that the Chairman in Executive Committee erroneously ruled that my motion to take from the table my order that the Boston Finance Commission investigate the Federal Housing was out of order, on the ground that there has been one reconsideration and could not be another. There was no motion to reconsider the matter last week. If the members of the Body are familiar with parliamentary procedure, they cannot do otherwise than support my order at this time.

Chairman LANGAN—The question is on sustaining the ruling of the Chair, that the order is out of order. Those in favor of sustaining the Chair will vote "Yes," those opposed "No," and the clerk will call the roll.

The CLERK—Coun. Carey.

Coun. Carey voted "No."

Coun. CHASE—Mr. Chairman.

Chairman LANGAN—For what purpose does the gentleman rise?

Coun. CHASE—I just want to know where I stand. It is my impression that there was no motion to reconsider last week.

Chairman LANGAN—The question is on sustaining the Chair in ruling the councilor's order out of order. The clerk will continue the roll call.

The clerk continued to call the roll until he reached Coun. Shattuck's name. Coun. Shattuck had just entered the chamber.

Coun. SHATTUCK—Mr. Chairman, what is the question?

Chairman LANGAN—The question is on sustaining the ruling of the Chair.

Coun. SHATTUCK—Not having been present, I would ask to be excused.

The completed roll call resulted as follows:

Yes—Coun. Coffey, Englert, Fish, Galvin,

Goode, Langan, Linehan, Taylor, Ward—9.

No—Coun. Carey, Chase, Kelly, Lyons, Scannell, D. F. Sullivan, Wickes—7.

Chairman LANGAN—And the Chair's ruling is sustained.

Adjourned, on motion of Coun. TAYLOR, at 4.39 p. m., to meet on Monday, February 19, 1940, at 2 p. m.

SPECIAL MEETING.

Friday, February 9, 1940.

Special meeting of the City Council in the City Council Chamber, City Hall, at three o'clock p. m., for the purpose of drawing jurors, President GALVIN in the chair and a quorum present.

Jurors were drawn, the Mayor absent, Coun. TAYLOR making the drawings, as follows:

Thirty-five additional traverse jurors, Superior Civil Court, to appear February 12, 1940:

John Barry, Ward 1; Arthur Giordano, Ward 1; William A. Odell, Ward 1; James T. Healy, Ward 2; Ernest E. Larrabee, Ward 4; Abraham M. Borenstein, Ward 5; Edward F. Farrell, Ward 6; Frank Hamilton, Ward 6; Martin J. McDonough, Ward 6; Henry J. Berlo, Ward 7; Frank E. Horton, Ward 7; Richard Leonard, Ward 7; Herbert Wallace, Ward 9; Robert A. Perry, Ward 11; Peter E. Baril, Ward 12; Thomas O'Neil, Ward 12; Joseph Phillips, Ward 12; Daniel P. Murray, Ward 13; Max Miller, Ward 14; Nathaniel E. Rozen, Ward 14; Edwin S. Cowee, Ward 15; John J. Daly, Ward 15; John Francis Gill, Ward 15; George O. Daly, Ward 16; Warren D. Dickson, Ward 17; Charles H. Richardson, Ward 18; Russell J. Strang, Ward 18; John F. Kelly, Jr., Ward 19; George A. Allen, Ward 20; C. John Hedges, Ward 20; Dickran Topjian, Ward 20; J. Francis Goode, Ward 21; Herbert F. Johnson, Ward 21; William F. McCarthy, Ward 21; William J. Clifford, Ward 22.

Twenty additional traverse jurors, Superior Civil Court, to appear March 4, 1940:

Albert E. Dorgan, Ward 1; Neil J. Gill, Ward 2; Timothy J. Murphy, Ward 2; Frederick O. Andrews, Ward 4; Bernard R. Mortenson, Ward 6; William H. O'Sullivan, Ward 6; George E. Carter, Ward 7; Thomas Desmond, Ward 7; Martin F. Earle, Ward 12; Edward J. Hogan, Ward 12; James L. Bain, Ward 16; Richard A. Francis, Ward 17; William Clark, Ward 18; Edward F. Powers, Ward 18; Thomas F. Walsh, Ward 18; Fred Karl Tolken, Ward 19; Charles V. Mitchell, Ward 20; Frank M. Keefe, Ward 21; Joseph C. Eaton, Jr., Ward 22; David Ovans, Ward 22.

Adjourned at 3.15 p. m.

SEWAGE TREATMENT PLANT CONSTRUCTION ON THE INCREASE.

Owing to the economic conditions prevailing during the past year, there was but a relatively small volume of sewage treatment plant construction. Within recent months, however, there has been a decided impetus to new construction of this type growing out of the Public Works Administration allotments. Nearly 700 cities have received allotments of funds from the P. W. A. for sewerage or sewage treatment, involving an aggregate expenditure of well over \$200,000,000.

BOSTON'S POPULATION ON APRIL 1, 1930, BY WARDS.

Ward 1, 61,454; Ward 2, 31,663; Ward 3, 66,219; Ward 4, 31,010; Ward 5, 30,571; Ward 6, 34,689; Ward 7, 32,482; Ward 8, 31,943; Ward 9, 30,362; Ward 10, 29,694; Ward 11, 29,938; Ward 12, 36,123; Ward 13, 29,019; Ward 14, 55,914; Ward 15, 27,729; Ward 16, 31,329; Ward 17, 30,099; Ward 18, 41,152; Ward 19, 27,519; Ward 20, 31,540; Ward 21, 29,752; Ward 22, 30,987.

Total population by U. S. Census, 781,188.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of Sherwood road, West Roxbury district, as a highway, from Russett road to Bonad road, with the name of Bangor road or some other distinctive name, bounded and described as follows:

A highway named Bangor road is hereby laid out, from Russett road to Bonad road, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Westerly by Russett road, eighty and 20-100 feet; northeasterly by a line of Bangor road, as hereby established, thirty-two and 80-100 feet on a curve of twenty feet radius; northerly by the line of Bangor road as hereby established, two hundred ninety-six and 70-100 feet; northwesterly by the line of Bangor road as hereby established, thirty-six and 25-100 feet on a curve of twenty feet radius; northeasterly by Bonad road, eighty-two and 40-100 feet; southwest-erly by the line of Bangor road as hereby established, twenty-six and 58-100 feet on a curve of twenty feet radius; south-erly by the line of Bangor road as hereby established, three hundred twenty-one and 93-100 feet; and southeasterly by the line of Bangor road as hereby established, thirty and 3-100 feet on a curve of twenty feet radius.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on both sides of Bangor road will receive benefit or advantage beyond the general advantage to all real estate in said city from the improvement herein ordered; each of said lots to the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Bangor Road, West Roxbury, November 15, 1939, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

Lot.	Amount.

Total.....\$1,514 49

Trees or structures standing upon or affixed to the aforescribed land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Voted, That this Board determines that no person sustains damages in his estate by the making of the public improvement consisting of the laying out and construction of Bangor road, formerly Sherwood road, West Roxbury district, as a highway, from Russett road to Bonad road, under the order of the Board of January 30, 1940, and awards no damages therefor.

CLAIMS ALLOWED.

The Acting Mayor, upon recommendation of the Corporation Counsel, has approved the following claims:

Teresa M. Hennessy, 36 Rosewood street, Mattapan, in the sum of \$50, as compensation for personal injuries caused by raised concrete block in sidewalk in front of 1563 Blue Hill avenue, April 3, 1938.

William Hamilton, 402 Savin Hill avenue, Dorchester, in the sum of \$177, as compensation for overtime work while employed as a temporary fireman at the City Hospital between October 14, 1936, and August 8, 1937.

Colonial Real Estate Trust, by B. F. Shefforen, 49 Federal street, Boston, in the sum of \$143.19, as reimbursement for damage to property by employees of Water Division, Public Works Department, which made it necessary for him to replace concrete sidewalk over bowling alleys at the Fenway Theatre on Massachusetts avenue, November 26, 1939.

Mary Sweeney, 239 Webster street, East Boston, in the sum of \$50, as compensation for personal injuries caused by hole in roadway in front of 239 Webster street, East Boston, September 14, 1939.

CITY OF BOSTON.

REAL ESTATE DIVISION.

PUBLIC AUCTION.

The City of Boston will sell at public auction all its right, title and interest in and to about eight hundred fifty-five (855) square feet of land with buildings thereon, on the north-easterly side of Mead Street court, Charlestown, numbered three (3) in the present numbering of said street, and more fully described in a tax deed recorded with Suffolk Deeds, Book 5437, page 44, on Wednesday, February 21, 1940, at 10.30 a. m., on the premises, at a minimum price of four hundred dollars (\$400).

A deposit required at the time and place of sale of fifty dollars (\$50), in cash or certified check, balance to be paid in thirty (30) days. Further particulars from Custodian of Foreclosed Real Estate, 1008 City Hall Annex, Boston, Mass.

DANIEL M. DRISCOLL,
Custodian of Foreclosed Real Estate.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING ELECTRICAL SUPPLIES TO THE BOSTON CITY HOSPITAL.

The Supply Department of the City of Boston invites proposals for furnishing electrical supplies to the Boston City Hospital as per specifications contained in proposals which may be obtained at the office of the Supply Department, Room 1001, City Hall Annex. There will be a charge of twenty-five cents (\$0.25) for each blank proposal taken out. The bidder must leave his proposal with a certified check for \$100, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. The bids will be publicly opened and read Friday, February 23, 1940, at Room 1001, City Hall Annex. The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

JOHN A. BREEN,
Superintendent of Supplies.
(Feb. 17.)

TO PROTECT MINORS.

Buffalo is considering an ordinance, similar to the one in effect in New York City, for the protection of minors in theaters. It permits children, unaccompanied by adults, only in theaters licensed as to adequate sanitary and safety provisions, sets aside a certain section for them and requires the presence of a licensed matron.

CITY OF BOSTON.

BOSTON TRAFFIC COMMISSION.

CHANGES IN TRAFFIC REGULATIONS.

Voted, That the Revised Traffic Rules and Regulations of the City of Boston are amended as follows, effective February 26, 1940:

CITY OF BOSTON.

HOSPITAL DEPARTMENT, SANATORIUM DIVISION.

PROPOSALS FOR WINDOW CLEANING.

The Trustees of the Boston City Hospital invite sealed proposals for window cleaning of the Sanatorium Division, 249 River street, Mattapan, for the year 1940, and giving bond of a surety company therefor in the sum of 45 per cent of the estimate. Only proposals obtained at the office of the Assistant Superintendent, 249 River street, Mattapan, and left before 12 o'clock noon of Tuesday, February 27, 1940, with a certified check for \$50, payable to the City of Boston if the proposal is not carried out, will then and there be publicly opened and read. The bids must be made in duplicate, the one with the check to be left at the Sanatorium, the other one to be filed with the City Auditor, City Hall, before 12 o'clock noon on the date given above for receiving proposals. The proposals are to be addressed "The Boston City Hospital, Sanatorium Division, Proposals for Window Cleaning." The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under the contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract. The Trustees reserve the right to reject any and all proposals.

JAMES W. MANARY, M. D.,
Superintendent.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR THE SALE OF CAST-IRON PIPE JUNK BY THE WATER DIVISION IN TREMONT STREET, BETWEEN KENDALL STREET AND ARLINGTON SQUARE, CITY PROPER.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for the sale of about 3,500 linear feet of 36-inch and about 3,500 linear feet of 30-inch cast-iron pipe junk by the Water Division in Tremont street, between Kendall street and Arlington square, City Proper, and giving bond therefor of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Sale of Cast-Iron Pipe Junk in Tremont Street," and left at Room 508, fifth floor, City Hall Annex, Boston, before 12 m. on Friday, February 23, 1940, with a certified check for three hundred (\$300) dollars, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the proposals. *There will be a minimum charge of two dollars (\$2) for each set of specifications taken out.* If the price bid appears to the Commissioner to be abnormally high or low, it may lead to the rejection of the proposal containing such price. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract. The undersigned reserves the right to reject any or all proposals or to accept any proposal should he deem it to be for the best interests of the city so to do.

THE SCHOOL COMMITTEE OF THE CITY OF BOSTON.

ADMINISTRATION BUILDING, 15 BEACON STREET, OFFICE OF THE BUSINESS MANAGER.

PROPOSALS FOR FURNISHING ART EDUCATION AND MANUAL TRAINING SUPPLIES (INCLUDING CRAYONS FOR KINDERGARTENS) FOR THE BOSTON PUBLIC SCHOOLS.

The School Committee of the City of Boston invites bids for furnishing and delivering at the several schools and to the Supply Room of the School Committee, as directed by the Business Manager, art education and manual training supplies (including crayons for use in kindergartens) as per schedule. Proposal forms, for which a charge is made, are obtainable at the office of the Business Manager of the School Committee, tenth floor, 15 Beacon street. Envelopes containing proposals must be sealed and plainly marked "Proposal for Art Education and Manual Training Supplies, Including Crayons for Kindergartens." The bid must be in duplicate. One copy signed by the bidder and accompanied by a certified check for \$50, payable to the City of Boston, must be left at the office of the Business Manager on or before 12 o'clock m. on Monday, March 4, 1940. Copies filed with the Business Manager will be publicly opened and read at 12 o'clock m. of the day stated. The other copy, also signed by the bidder, must be filed with the City Auditor, City Hall, Boston, Mass., previous to the time named for the opening of the bids. The School Committee reserves the right to reject any or all bids and to accept the bid or bids which it deems best for the interests of the city. The successful bidder will be required to furnish a bond for not less than 50 per cent of the amount of the contract.

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 32.

SATURDAY, FEBRUARY 24, 1940.

No. 8

CALLS ATTENTION TO DISADVANTAGES UNDER WHICH BOSTON LABORS IN FACING TAX PROBLEMS AS COMPARED WITH ADJACENT CITIES AND TOWNS—FORMER CONGRESSMAN JOSEPH F. O'CONNELL, OF THE GEORGE R. WHITE FUND, REPRESENTS MAYOR TOBIN AT FIFTY-FIRST ANNUAL DINNER OF THE BOSTON REAL ESTATE EXCHANGE—POINTS TO CHARTER LIMITS WHICH HAMPER CITY AND MAKE NEARBY CITIES AND TOWNS GREAT BENEFACTORS AT BOSTON'S EXPENSE AND TERMS THEM "DORMITORIES" FOR CITIZENS WHO USE CITY TO GAIN LIVELIHOOD.

The following is the address of Hon. Joseph F. O'Connell, Manager of the George Robert White Fund, representing Mayor Tobin, at the annual dinner of the Boston Real Estate Exchange. The dinner was held at the Hotel Statler on Thursday, February 15. Mr. O'Connell spoke, in part, as follows:

Mr. Chairman, Distinguished Guests, Ladies and Gentlemen.

I consider myself more than fortunate in that I have been nominated to represent Mayor Tobin at this gathering tonight and to bear from him to you and my good friend Murray Seasongood, of Cincinnati, the greetings of the citizens of Boston.

Our guest of the evening and I have been good friends for so long a period that to have him with us is to me of sincerest delight. Of course, in any gathering of real estate men the topic of conversation is bound to be matters pertaining to property, and whenever real estate men talk property the subject invariably veers to that of taxation.

I wish his Honor the Mayor might be here in person to discuss such matters as they pertain to the City of Boston, as he knows them. He would, I am sure, call attention to what he has already done in an effort to relieve real estate of the burden it has been and still is bearing. He would also have outlined to you gentlemen some of the things he plans to do to further relieve real property.

Boston's Problems.

Some of those problems on which he would have touched, I, as Manager of the George White Fund, and from long experience in municipal and governmental affairs,— have been somewhat familiar with. I believe it is pertinent to call attention to the fact that the real estate situation as related to Boston is different from that of other and outlying districts. Boston's development is restricted and hampered by laws and nature. The charter under which the city has carried on since 1909 has restricted building as it has been restricted in almost no other large population area.

This has made it possible for the outlying and adjoining districts to enjoy comfort and tax ease to which they should not in reality be entitled. All the adjacent cities and towns point to their landscape beauty, their fine dwellings and their low tax rates and then point the finger of criticism at Boston. They, and their citizenship ignore the fact that were it not for Boston's bearing much of their burdens their tax rates would be fully as high comparatively and, in some cases, higher. They feed from the hand of Boston, enjoy all the sustenance Boston has to offer without contributing their fair share toward the tax burdens. The adjacent districts are mere dormitories for those who reside there, while they work in and obtain their sustenance from Boston, using all her facilities and giving in return comparatively nothing.

As proof of this I have only to cite the fact of the thousands that commute into and out of Boston daily, earn their livelihood, use Boston's thoroughfares and contribute but little toward the repair and upkeep of the city and its streets. Of course, they can point with pride to their residential wealth and their beautiful homes and their comparatively low tax rate. The time ought to come, and will sometime come, when all of Metropolitan Boston will be a united whole and the excessive burdens which Boston bears will be more equitably distributed.

The storm of last night, which has kept those who live in these dormitories, called towns and cities, from reaching Boston today is rather timely proof of the strength of my statement. Boston schools were open today but the papers tell the story that all the schools in the neighboring towns are closed.

Mayor Tobin Trying to Lift Tax Burden.

However, I do not aim to dwell longer on those facts which might have an unpleasant ring in some ears. Mayor Tobin is doing and has done all possible to find other sources of revenue that will help to ease the burden real estate bears. Already he has lowered the tax rate and hopes to lower it still more. He has put into activity many economies which are having a salutary effect.

Boston's finances have experienced a decade of strain. Despite various measures, adverse trends continued through 1937. During the last two years a measure of fiscal recovery has been achieved. Evidences of strength include the city's improved credit position, a halt in the rise in debt, curtailed expenses, and better revenue collections.

(Continued on page 167.)

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"
From Boston Centennial Poem by
NATHAN HASKEL DOLE.

CITY RECORD.

Published weekly in Boston by the Board of Trustees of the Statistics Department of the City of Boston, under the direction of the Mayor, in accordance with legislative act and city ordinance.

Editor, Room 40, City Hall.

Copies for sale at the Statistics Department, 73 City Hall.

MUNICIPAL CALENDAR.

Meeting of the City Council, Monday, March 4, at 2 p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways, the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in

public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquis, bay windows, coal holes and vaults.

TO THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

TO ROOM 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables slaughter-houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, the Airport, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made

to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

TO THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 907, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

TO THE STATISTICS DEPARTMENT, 73 City Hall, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

TO THE WIRE DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 103, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, 43 City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

BOSTON'S TAX PROBLEMS.

(Continued from page 165.)

I believe I voice the firm conviction of Mayor Tobin when I say that we face a more prosperous year in real estate this year than last. I believe that construction will continue to grow in value of investment. I believe that money for construction will be more and more increasingly available. The housing market will show increasing gains. The trend is definitely toward more new home construction, and if real estate men will throw off the cloak of pessimism and get under the mantle of optimism, Boston is going to grow, home owners and realty men will be happy, and the rising sun of prosperity will shine on us all gloriously once more.

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of the city employees have been made during the week ending Thursday, February 22:

HOSPITAL DEPARTMENT.

The following special nurses have been employed at \$4.50 a day:

Eva Aisenberg, 1 day; Ann Barry, 4 days; Ruth Belt, 2 days; Dora Barretto, Mary K. Burke, 1 day; Alice Chamberlain, 2 days; Catherine Cunningham, 3 days; Edith DeLoffi, 1 day; Mary Doherty, 7 days; Julia J. Driscoll, 2 days; Madeline Finnegan, Mary Flaherty, Judith Gorman, Mary Haskell, Elizabeth Healey, 1 day; Madeline Kelley, Etha Liberty, 2 days; Ann Lydon, 5 days; Eleanor McCarthy, 7 days; Mary Malloney, 1 day; Alma Nobile, 5 days; Isabel O'Brien, 1 day; Helen Paul, 7 days; Esther Pennington, 1 day; Harry Plenty, 2 days; Winfield Piper, 4 days; Grace Powers, 2 days; Stella Senuk, 1 day; Verna H. Snow, 7 days; Frances Sullivan, 1 day; Doris Sutherland, 7 days; Alice Travers, 1½ days; Catherine Twombly, 7 days; Florence Wenham, 1 day; Mildred Wilkins, 2 days; Mary McSweeney, 1 day.

OVERSEERS OF THE PUBLIC WELFARE.

Approval has been given for the continued temporary employment of the following clerk-typists, for a period of three months from February 15, at \$900 a year:

Alfred B. Schaff, Joseph F. Amrhein, Natal J. Casella, John J. Connolly, Edward R. Donovan, Frank J. Galvin, Frederick T. Hurley, John J. Lysaght, Jr., Charles J. McGahey, James P. Ryan, Anthony Santino, Francis J. Solari, William J. Barry, Clarence L. Marcy.

The Mayor has approved the following appointments:

ASSESSING DEPARTMENT.

Edward D. McCullough, temporary clerk, \$4 a day.

* Contract awarded.

Upon February 10 the Acting Mayor approved a contract with lowest bidders as indicated for furnishing surgical dressings to the various city departments for a period from January 1 of three or six months as indicated. Regarding Items 23 and 24, adhesive plaster, permission to award these two items to the second lowest bidder was given, as the sample submitted by the lowest bidder did not meet the requirements of the department. Bids were as follows:

Amounts stated are approximate and for a period of six months. One half of the stated quantity for each item will be required for three months.

Item 1, 39 Dozen Bandage, Ace, or Equal, 3 Inches Wide.

3 Months, Per Dozen.—Johnson & Johnson, \$5.15, J. & J. Adaptive; Thomas W. Reed Company, \$5.15, J. & J. Adaptive; \$7.60; E. F. Mahady Company, \$5, E. F. M. Green Cross; \$7.60, Ace; Crowley & Gardner, \$5.15, J. & J.

6 Months, Per Dozen.—Johnson & Johnson, \$5.15, J. & J. Adaptive; Thomas W. Reed Company, \$5.15, J. & J. Adaptive; \$7.60; E. F. Mahady Company, \$5,* E. F. M. Green Cross; \$7.60, Ace; Crowley & Gardner, \$5.15, J. & J.; J. G. Bowden & Son, Incorporated, \$5.40, Flex.

Item 2, 4,000 Yards Bandage Flannel, to be in 1-Yard Flat Fold and to be Full 36 Inches Wide, Same Weight as Sample.

3 Months, Per Yard.—Sparrow-Chisholm Company, 8.5 cents; Taylor, Symmonds Company, 9.75 cents.

6 Months, Per Yard.—Sparrow-Chisholm Company, 8.5 cents*; Taylor, Symmonds Company, 9.75 cents.

Item 3, 100 Rolls Bandage, Crinoline, Red Cross, or Equal, to be in 10-Yard Rolls, Cut 3, 4 and 6 Inch Widths as Needed, 32 by 28 Mesh.

3 Months, Per Roll.—Johnson & Johnson, 58.5 cents; Parke, Davis & Co., 53.5 cents,* net; Thomas W. Reed Company, 58.5 cents; Lewis Manufacturing Company Division of The Kendall Company, 60.5 cents, Curity No. 1; E. F. Mahady Company, 58.5 cents; Crowley & Gardner, 58.5 cents, J. & J.

6 Months, Per Roll.—Johnson & Johnson, 58.5 cents; Thomas W. Reed Company, 58.5 cents; Lewis Manufacturing Company Division of The Kendall Company, 60.5 cents, Curity No. 1; E. F. Mahady Company, 58.5 cents; Crowley & Gardner, 58.5 cents, J. & J.

Item 4, 75 Rolls Bandage, Crinoline, Red Cross, or Equal, to be in 100-Yard Rolls, Cut 3, 4 and 6 Inch Widths, as Needed, 32 by 28 Mesh.

It is understood that the city will deduct 2 per cent cash discount for payment in ten days from prices quoted.

* Contract awarded

Upon February 12 the Acting Mayor approved contracts as indicated for furnishing toilet paper, paper towels, etc., for delivery to city departments, as required. Permission was granted to award to the low bidder on each item as indicated,

with the exception of Items 6 and 8. On Item 6, calling for 300 bales of sputum napkins, the city would secure better prices through the medium of a readvertisement. On Item 8, calling for 275 M. souffle cups, it was recommended that the award be made to the Massachusetts Envelope Company as the cup submitted by the low bidder is not satisfactory. Bids, opened January 11, were as follows:

Amounts indicated are approximate requirements for one year; one half the estimated amounts will be for a six-month period. Prices to be exclusive of all taxes.

Item 1, 1,100 Cases Oval Toilet Paper, 100 Rolls to Case, As Per Specifications.

CIVIL SERVICE EXAMINATIONS. (STATE SERVICE.)

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence. The list established as a result of these examinations will be used to fill all vacancies in these classifications in the various State departments.

INDUSTRIAL THERAPIST, DEPARTMENT OF MENTAL HEALTH, MARCH 30, 1940

Last date for filing applications, Saturday, March 16, 1940, at 12 noon.

The entrance salary, with maintenance, is \$840 a year; the maximum salary, with maintenance, is \$1,140 a year.

The present vacancy is at the Westboro State Hospital.

Duties: Under supervision to teach patients in a State Hospital furniture making, repairing and finishing, and other related work as required.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

PHYSIOTHERAPIST, DEPARTMENT OF MENTAL HEALTH, MARCH 30, 1940.

Last date for filing applications, Saturday, March 16, 1940, at 12 noon.

The entrance salary, with maintenance, is \$1,080 a year; the maximum salary, with maintenance, is \$1,320 a year.

At the present time, there are two vacancies—one at the Taunton State Hospital and one at the Worcester State Hospital.

Duties: Under immediate supervision, to administer treatment in one or more or all the various branches of physiotherapy, including remedial exercise, massage, hydrotherapy, electrotherapy and mechanotherapy, X-ray or other heat or light producing apparatus; to note and report upon the condition of patients under treatment and to perform related work as required.

Entrance Requirement: Applicants must have one year of full-time, paid, satisfactory experience as a physiotherapist.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

SUPERVISOR OF MACHINERY, METRO- POLITAN DISTRICT COMMISSION, MARCH 30, 1940.

Last date for filing applications, Saturday, March 16, 1940, at 12 noon.

The entrance salary is \$2,940 a year; the maximum salary is \$3,480 a year.

Duties: General supervision over the operation, repair, maintenance, assignments and transfers of all internal commission equipment and apparatus in all divisions of the commission. General supervision over such stationary equipment as laundry machinery, heating and plumbing, garage equipment, pumps, compressors, irrigation systems, electrical apparatus, etc. The preparation of specifications for procurement of automotive

equipment of all classifications, the study of the relative desirability of equipment on which bids are submitted and the writing of recommendations on the award of contracts for the purchase of such equipment. Supervision over a system of cost accounting and performance records for all pleasure cars, trucks, tractors, road rollers, power shovels, power lawn mowers, spraying machines, air compressors, power graders and other road machinery, golf course equipment, motor sweepers, patrol wagons, ambulances, catch-basin cleaners, etc. Supervision over the selection, procurement and operation of snow-removal equipment, inspection of privately owned snow-removal equipment to determine suitability, and preparation and negotiation of contracts for the rental of such equipment. Supervision over all inspections required by state or local laws and ordinances for motor-driven equipment boiler inspections, air-receiver inspection, etc., and the responsibility for a strict compliance to all such regulations. Assignment to other miscellaneous duties of a related nature to the foregoing as they may arise from time to time.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

RECEIPTS OF MILK IN BOSTON BY RAIL. STATISTICS FOR YEAR 1937.

Total, 201,115,222 quarts (including 21,533,437 quarts of cream) or 190,884,037 by the Boston & Maine Railroad; 9,304,589 by New York, New Haven & Hartford Railroad; 926,596 by Boston & Albany Railroad.

The said total exceeds that of 1936 by 2,233,863, but is 35,786,309 below the receipts in 1931 which was the highest on record.

The receipts in 1937 of the Boston & Albany Railroad are the lowest on record for that railroad.

The maximum receipts of milk and also of cream in 1937 were in August; the minimum in February.

POPULATION OF BOSTON, BY SEX, NATIONALITY, ETC., 1930.

Total population, 781,188 (383,454 males and 397,734 females); ratio of males to females, 96.4 to 100 as against 97.2 to 100 in 1920. Native white, 529,400 (260,419 males and 268,981 females) or 67.77 per cent; sex ratio, 96.8 to 100. Of the 529,400 native whites, 200,130, or 37.80 per cent, are of native parentage; 248,653, or 46.97 per cent, are of foreign parentage and 80,617, or 15.23 per cent, are of mixed parentage (i. e., one half native). Foreign-born whites, 229,356 (111,261 males and 118,095 females) or 9.563 less than in 1920; sex ratio 94.2 to 100. The foreign-born whites are 29.36 per cent of total population. Negroes, 20,574 (10,223 males and 10,351 females) or 2.63 per cent of population; sex ratio, 98.8 to 100. The Negro population has increased 4,224 since 1920 and 4,993 since 1915. Other races, 1,858 (1,551 males and 307 females), or 0.24 per cent, comprise 1,595 Chinese, 69 Japanese, 43 Indian, 26 Mexican and 125 miscellaneous. Total foreign white stock, 478,009 (viz., 229,356 plus 248,653) which is 61.19 per cent of all inhabitants.

LAND-TAKING IN DORCHESTER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of Fifield street, Dorchester district, as a highway, from Church street to Winter street, bounded and described as follows:

A highway named Fifield street is hereby laid out, from Church street to Winter street, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Southerly by Church street, twenty-eight and 70-100 feet; westerly by the line of Fifield street as hereby laid out, by three measurements, sixty-six and 33-100 feet, two hundred sixty-seven and 67-100 feet and twenty-four and 30-100 feet; northerly by the line of Fifield street as hereby laid out, by three measurements, fifty-two and 48-100 feet, sixty-eight and 2-100 feet and sixty-one feet; easterly by Winter street, twenty-five and 35-100 feet; southerly by the line of Fifield street as hereby laid out, one hundred fifty-three and 35-100 feet; easterly again by the line of Fifield street as hereby laid out, by four measurements, two hundred sixty-six and 80-100 feet, twenty-one and 34-100 feet, eighteen and 96-100 feet and twenty-six and 80-100 feet.

Trees or structures standing upon or affixed to the aforescribed land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on both sides of Fifield street will receive benefit or advantage beyond the general advantage to all real estate in said city from the improvement therein ordered; each of said lots to the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Fifield Street, Dorchester, Assessment Plan, December 11, 1939, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

LAND-TAKING IN DORCHESTER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement, consisting of the laying out and construction of an extension of Magnolia street, Dorchester district, as a highway, from Lawrence avenue to Intervale street, bounded and described as follows:

An extension of the highway named Magnolia street is hereby laid out from Lawrence avenue to Intervale street and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Southwesterly by Intervale street, forty and 4-100 feet; northwesterly by the line of Magnolia street, as hereby laid out, three hundred fifty-one and 76-100 feet; northeasterly by Lawrence avenue, forty and 34-100 feet; and southeasterly by the line of Magnolia street, as hereby laid out, three hundred forty-four and 76-100 feet.

Trees or structures standing upon or affixed to the aforesaid land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on both sides of Magnolia street will receive benefit or advantage beyond the general advantage to all real estate in said city from the improvement herein ordered; each of said lots to the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Magnolia Street, Dorchester, Assessment Plan, December 23, 1939, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

Ordered, That this Board determines that no person sustains damages in his estate by the making of the public improvement consisting of the laying out and construction of an extension of Magnolia street, Dorchester district, as a highway, from Lawrence avenue to Intervale street, under the order of the Board of February 1, 1940, and awards no damages therefor.

PITTSBURGH'S TRAFFIC SAFETY RECORD.

Pittsburgh has been adjudged the safest city in the United States in 1932, and the second safest in 1933 and 1934 among cities with populations over 500,000. Registrations in the city increased 4.4 per cent, gasoline consumption 7.7 per cent. In 1935, despite a 2.4 per cent decrease in traffic volume, adult fatalities increased 30 per cent, total fatalities 24 per cent, as compared with 1934.

TRANSFERS IN APPROPRIATIONS.

City Auditor Charles J. Fox announces the following transfers in appropriations in departments of the City of Boston and County of Suffolk approved by his Honor the Mayor:

AUDITING DEPARTMENT.

BOSTON, December 30, 1939.

HON. MAURICE J. TOBIN,
Mayor of Boston.

DEAR SIR,—Under authority of section 3 of chapter 486 of the Acts of 1909, and amendments thereto, I will, with your approval, make the transfers listed below:

Auditing Department.

From the appropriation for D-2, Food and Ice, \$32.75, to the appropriation for C-9, Office, \$32.75.

County of Suffolk, Miscellaneous Expenses, Auditing Department.

From the appropriation for A-2, Temporary, \$12, to the appropriation for C-9, Office, \$12.

Sinking Funds Department.

From the appropriation for B-1, Printing and Binding, \$11.80; D-1, Office, \$2, County of Suffolk, Miscellaneous Expenses, Auditing Department, A-2, Temporary, \$10.20, to the appropriation for A-1, Permanent, \$24.

Respectfully yours,

CHARLES J. FOX,
City Auditor.

The above transfers were made by the City Auditor with the approval of the Mayor December 30, 1939.

CITY COUNCIL.

BOSTON, December 30, 1939.

CHARLES J. FOX,
City Auditor.

DEAR SIR,—For the reasons as below explained, will you kindly approve and forward to the Mayor the following request for transfer within the appropriations of the City Council:

From the appropriation for Available Sources, \$7.22, to the appropriation for A-2, Temporary Employees, \$7.22.

From Available Sources (Reserve Fund), \$711.13, to A-1, Permanent Employees, \$711.13.

To provide for pay roll for two temporary employees for the last five days of 1939.

Respectfully,

EDWARD J. LEARY,
City Messenger.

The above transfers were made by the City Auditor with the approval of the Mayor December 30, 1939.

CITY DOCUMENTS.

BOSTON, December 31, 1939.

CHARLES J. FOX,
City Auditor.

DEAR SIR,—For the reasons as below explained, will you kindly approve and forward to the Mayor the following request for transfer within the appropriations of the City Documents:

From the appropriation for Available Sources (Reserve Fund), \$1,161.71, to the appropriation for B-1, Printing and Binding, \$1,161.71.

The above transfer is necessary to complete payment for City Documents for the year.

Respectfully,

JOHN J. TWOMEY,
Assistant Superintendent.

The above transfers were made by the City Auditor with the approval of the Mayor December 30, 1939.

ELECTION DEPARTMENT.

BOSTON, December 30, 1939.

CHARLES J. FOX,
City Auditor.

DEAR SIR,—For the reasons as below explained, will you kindly approve and forward to the Mayor the following request for transfer within the appropriations of the Election Department:

From the appropriation for A-1, Permanent Employees, 1 Repair Technician at \$1,600 a year, \$846.15, to the appropriation for B-1, Printing and Binding, \$640; D-1, Office Supplies, \$206.15.

The balance in our A-1 group in the salary of the Repair Technician remains because Civil Service would not grant us authority to employ our Technician after June 22, 1939, while a full year's salary had been allowed in the budget.

The original B-1 estimate was reduced, and the appropriation allowed was not sufficient to enable us to pay for the Supplementary Voting Lists, despite the fact that in 1939 the Printing Department cut their price on this list to the lowest ever quoted.

We request this transfer to the D-1 Item to cover the cost of emergency printing for the City Election which was not anticipated in our 1939 budget estimates. (This printing, including placards, advising voters of a change in the penalties upon illegal voting and placards setting forth the questions appearing on the ballot.)

Respectfully,

WILLIAM A. MOTLEY, JR.,
Chairman.

The above transfers were made by the City Auditor with the approval of the Mayor December 30, 1939.

BOSTON, December 26, 1939.

CHARLES J. FOX,
City Auditor.

DEAR SIR,—For the reasons as below explained, will you kindly approve and forward to the Mayor the following

request for transfer within the appropriations of the Election Department:

From the appropriation for Available Funds (Hospital, Sanatorium), H Item, \$400, to the appropriation for H, W. P. A. Relief Projects, \$400.

\$2,000 was transferred from the H Item of our budget to the Library Department in accordance with an order of the City Council which was approved by the Mayor October 10, 1939.

We now find that an order placed for lumber and hardware is being held up in the auditor's office because of insufficient funds to meet the expenditure. We respectfully request that this transfer be made as soon as possible as this lumber is very much needed if our W. P. A. project is to be continued.

Respectfully,

WILLIAM A. MOTLEY, JR.,
Chairman.

The above transfers were made by the City Auditor with the approval of the Mayor December 28, 1939.

MAYOR'S OFFICE.

BOSTON, December 26, 1939.

CHARLES J. FOX,
City Auditor.

DEAR SIR,—For the reasons as below explained, will you kindly approve and forward to the Mayor the following request for transfer within the appropriations of the Mayor's Office:

From the appropriation for G, \$31.30,

to the appropriation for B-1, \$31.30.

From G, \$154.95, to B-14, \$154.95.

From G, \$182.50, to B-29, \$182.50.

From G, \$9.18, to C-17, \$9.18.

From G, \$707.09, to D-1, \$707.09.

Respectfully,

WILLIAM T. DOYLE,
Chief Clerk.

The above transfers were made by the City Auditor with the approval of the Mayor December 28, 1939.

PRINTING DEPARTMENT.

BOSTON, December 22, 1939.

CHARLES J. FOX,
City Auditor.

DEAR SIR,—For the reasons as below explained, will you kindly approve and forward to the Mayor the following request for transfer within the appropriations of the Printing Department:

From the appropriation for A-2, Temporary Employees, \$350; A-3, Overtime, \$200; A-1, Permanent Employees, 1 Telephone Operator and Clerk, \$1,600 a year, \$30.93; 1 Foreman, Job Composing Room, \$2,700 a year, \$2.50; 1 Apprentice, \$36 a week, \$200.44; 1 Caster Runner, \$33 a week, \$35.73; 1 Compositor, \$45 a week, \$286.47; 1 Compositor, \$42.40 a week, \$15.63; 28 Compositors, \$41.40 a week, \$325; 4 Copyholders, \$29 a week, \$56.48; 2 Copyholders, \$1,000 a year, \$137.07; 16 Key Board Operators, \$41.40 a week, \$134.47; 1 Monotype Caster Operator, \$41.40 a week, \$8.28; 1 Monotype Caster Operator, \$34 a week, \$13.17; 1 Proofreader, Head, \$47 a week, \$68; 5 Proofreaders, \$41.40 a week, \$77; 2 Apprentices, \$31 a week, \$61.62; 1 Chauffeur, \$39 a week, \$23.40; 1 Job Pressman, \$42 a week, \$60.87; 6 Cylinder Pressmen, \$42.60 a week, \$528.68; 6 Job Pressmen, \$39 a week, \$98.64, to the appropriation for B-1, Printing and Binding, \$3,098.38.

Respectfully,

JOHN J. TWOMEY,
Assistant Superintendent.

The above transfers were made by the City Auditor with the approval of the Mayor December 26, 1939.

PUBLIC WORKS DEPARTMENT (Ferry Service).

BOSTON, December 21, 1939.

CHARLES J. FOX,
City Auditor.

DEAR SIR,—For the reasons as below explained, will you kindly approve and forward to the Mayor the following request for transfer within the appropriations of the Public Works Department, Ferry Service:

From the appropriation for B-39, General Repairs, \$309.56, to the appropriation for A-1, Personal Service, Laborers, Janitors, etc., 7 at \$5 a day, \$308.33; C-9, Office, \$1.23.

To Item A-1, to make up deficit at end of year on account of previously transferring too much money from Laborers, Janitors, etc., to Oilers and Firemen.

To Item C-9, to take care of purchase order 24680 which is for a pair of scissors needed in the office for cutting treadle sheets.

Respectfully,

GEORGE G. HYLAND,
Commissioner.

The above transfers were made by the City Auditor with the approval of the Mayor December 28, 1939.

PUBLIC WORKS DEPARTMENT (Sewer Service).

BOSTON, December 21, 1939.

CHARLES J. FOX,
City Auditor.

DEAR SIR,—For the reasons as below explained, will you kindly approve and forward to the Mayor the following request for transfer within the appropriations of the Public Works Department, Sewer Service:

From the appropriation for B-14, Motor Vehicle Repairs and Care, \$600; B-39, General Plant, \$300; C-2, Machinery, \$900; D-3, Fuel, \$4,000; E-5, Sewer, \$2,200; D-11, Gas, Oil, Grease, \$1,000, to the appropriation for B-8, Light, Heat and Power, \$9,000.

To cover the November and December Edison bills. Deficit in this Item, B-8, caused by break down of one of the main pumps at the Calf Pasture, pumping station, Dorchester. Expenditures under Items B-14, B-39, C-2, D-3, E-5 and D-11 have been greatly curtailed this year to provide for necessary re-allocations and transfers.

Respectfully,

GEORGE G. HYLAND,
Commissioner.

The above transfers were made by the City Auditor with the approval of the Mayor December 28, 1939.

SUFFOLK COUNTY.

REGISTRY OF DEEDS.

BOSTON, January 4, 1940.

CHARLES J. FOX,
City Auditor.

DEAR SIR,—For the reasons as below explained, will you kindly approve and forward to the Mayor the following request for transfer within the appropriations of the Registry of Deeds:

From the appropriation for A-1, Regular Employees (Piece Work), \$50, to the appropriation for B-13, Communication, \$50.

To provide sufficient funds for telephone service for remainder of 1939.

The surplus in Piece Work Item is caused by volume of work being less than estimated in last month.

Respectfully,

W. T. A. FITZGERALD,
Register of Deeds.

The above transfer was made by the City Auditor with the approval of the Mayor January 8, 1940.

MEDICAL EXAMINER, SOUTHERN DIVISION.

BOSTON, December 31, 1939.

CHARLES J. FOX,
City Auditor.

DEAR SIR,—For the reasons as below explained, will you kindly approve and forward to the Mayor the following request for transfer within the appropriations of the Medical Examiner, Southern Division:

From the appropriation for B-13, Communication, \$0.84; B-35, Fees, etc., \$1; B-37, Photographic and Blueprinting, \$4.06; B-39, General Repairs, \$11.25; C-9, Office, \$2.35; C-12, Medical, Surgical Laboratory, \$42.50; D-1, Office, \$3.82; D-5, Medical, Surgical Laboratory, \$23.04; D-11, Gasoline, Oil and Grease, \$6.79; D-16, Miscellaneous, \$39.08; from Available Funds (Insanity Cases), B-35, Fees, Services of Venires, etc., \$41.35, to the appropriation for B-5, Express Charges, \$176.05.

This transfer is necessary to pay for removal of bodies.

Respectfully,

TIMOTHY LEARY,
Medical Examiner.

The above transfers were made by the City Auditor with the approval of the Mayor January 18, 1940.

ASSOCIATE MEDICAL EXAMINER,
SOUTHERN DIVISION.

BOSTON, October 18, 1939.

CHARLES J. FOX,
City Auditor.

DEAR SIR,—For the reasons as below explained, will you kindly approve and forward to the Mayor the following request for transfer within the appropriations of the Associate Medical Examiner, Southern Division:

From the appropriation for Available Sources (Probate Court), B-35, Fees, Services of Venires, \$125, to the appropriation for B-5, \$100; B-25, \$25.

The additional amount hereby requested has already been largely incurred in the necessary expenses incident to the service. The estimated expenses in my original budget would probably have been sufficient but the deduction made has been inadequate.

B-5, covers the necessary expense in the removal of dead bodies from streets, lodging houses, etc., and is something that of course cannot be avoided.

B-35, covers the witness fees under the law which required two adults to be present at each autopsy and that each be paid \$2 for such. I think that the amount above requested will probably be adequate until the end of the year.

Respectfully,

W. H. WATTERS,
Associate Medical Examiner.

The above transfers were made by the City Auditor with the approval of the Mayor December 28, 1939.

SOUTH BOSTON MUNICIPAL COURT.

BOSTON, December 21, 1939.

CHARLES J. FOX,
City Auditor.

DEAR SIR,—For the reasons as below explained, will you kindly approve and forward to the Mayor the following request for transfer within the appropriations of the Municipal Court, South Boston District:

From the appropriation for A-2, Temporary Employees, \$250, to the appropriations for B-4, Transportation of Persons, \$250.

Transportation of prisoners and probation officer expenses; conditions unforeseen at the time of filing of Budget.

Respectfully,

WILLIAM G. LYNCH,
Clerk.

The above transfers were made by the City Auditor with the approval of the Mayor December 28, 1939.

CIVIL SERVICE EXAMINATIONS.
(STATE AND CITY SERVICE.)

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence.

BUILDING INSPECTOR, DEPARTMENT OF
PUBLIC SAFETY, MARCH 30, 1940.

Last date for filing applications, Saturday, March 16, 1940, at 12 noon.

The entrance salary is \$2,040 a year; the maximum salary is \$2,640 a year.

Duties: To enforce the provisions of chapter 143 of the General Laws relating to the construction, maintenance and operation of public buildings, theaters, halls, churches, schools, places of public assembly, places of public resort, factories, hotels, lodging and apartment houses, and any building containing eight or more rooms above the second floor occupied by human beings. To enforce certain provisions of chapter 143 of the General Laws relating to unsafe buildings and their condemnation in cities and towns having no building inspector. To enforce the provisions of chapter 143 relating to inspection of elevators in cities and towns having no building inspector and the provisions of law relating to the operation of motion picture machines. To examine applicants for licenses to operate motion picture machines. To be subject to detail by the commissioner at his discretion for temporary duty in the Division of State Police. To perform such other related incidental or emergency duties as may be assigned.

Entrance Requirements: In accordance with Rule 8, Class 13 (c), applicants who have not reached their twenty-fifth birthday or have passed their fiftieth birthday will not be eligible to apply. A certificate of date of birth must be filed with the application unless one has been filed with a previous application.

Applicants must have not less than four years' experience in the inspection of materials and methods of building construction or in a skilled trade involving the practical application methods of building construction.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

CONSTRUCTION WORK.

The Mayor has approved the request of the Public Works Department for the following construction work:

A surface drain of 15-inch pipe, W. P. A. Project 665-14-2-1167, Work Project 20303, in private land (to be built in old taking), between Faneuil street and 90 feet northerly (to existing surface drain), in the Brighton district, at an estimated cost of \$1,404.

A surface drain of 12-inch and 15-inch pipe, W. P. A. Project 665-14-2-1167, Work Project 20303, in Faneuil street, between Sanderson place and 90 feet northwesterly, in the Brighton district, at an estimated cost of \$2,246.

A sanitary sewer of 10-inch pipe, a surface drain of 10-inch pipe and two catch-basins, W. P. A. Project 665-14-2-1167, Work Project 20303, in Euston road, between 180 feet westerly of Colonial road and 90 feet southwesterly, in the Brighton district, at an estimated cost of \$6,275.

A surface drain of 12-inch pipe and two catch-basins, W. P. A. Project 665-14-2-1167, Work Project 20303, in Sanderson place, between Faneuil street and end of place, in the Brighton district, at an estimated cost of \$6,275.

A surface drain of 10-inch pipe and two drop inlets, W. P. A. Project 665-14-2-1167, Work Project 20303, in Upcrest road, between Brooks street and Dunboy street, in the Brighton district, at an estimated cost of \$7,236.

CIVIL SERVICE EXAMINATIONS.
(STATE AND CITY SERVICE.)SCHOOL MATRON, BOSTON SCHOOL
DEPARTMENT, MARCH 30, 1940.

Last date for filing applications, Saturday, March 16, 1940, at 12 noon.

Salary: \$22 a week.

Duties: To have charge of the health rooms. To assist the school physicians in the annual physical examinations of pupils and at such other times as may be required. To annually weigh and measure pupils, and oftener for undernourished children. To render first aid treatment when necessary and care for ill pupils who go to the health room. To attend the physicians in daily clinics. To supervise locker and lunchrooms daily. To keep records of health room cases and of dismissals of pupils because of illness, and perform such other clerical work in connection with the health room as the head masters may request.

Entrance Requirements: Applicants who have not reached their thirtieth birthday or have passed their fiftieth birthday will not be eligible to apply. A certificate of date of birth must be filed with the application unless one has been filed with a previous application.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

NOTE.—Information concerning the results of this examination will not be available until at least sixty days after the examination has been held. If the eligible list is established in the meantime, all applicants will be notified.

CIVIL SERVICE EXAMINATIONS.
(STATE AND CITY SERVICE.)

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence.

INSPECTOR OF ANIMALS, WOBURN HEALTH
AND CHARITIES DEPARTMENT, MARCH
9, 1940.

Last date for filing applications, Saturday, February 24, 1940, at 12 noon.

This examination is open to residents of the state.

The salary is \$250 a year.

Duties: To inspect all barns where animals are housed, to see that animals found to have contagious and infectious diseases are quarantined, and to have general oversight of all animals within the limits of the city of Woburn.

Entrance Requirement: Applicants must be registered veterinarians.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

STENOGRAPHIC SERVICE.

FOR STATE AND CITIES AND TOWNS OUT-
SIDE OF BOSTON AND VICINITY,
MARCH 23, 1940.

Last date for filing applications, Saturday, March 9, 1940, at 12 noon.

FOR STATE, BOSTON, CITIES AND TOWNS
IN THE VICINITY OF BOSTON, APRIL 6,
1940.

Last date for filing applications, Saturday, March 23, 1940, at 12 noon.

This is the regular examination for the stenographic service of the State and of all cities and of such towns in the State as are classified under civil service. On March 23 the examination will be held in various centrally located cities. On April 6 the examination will be held in Boston, and all persons who reside within commuting distance will be notified for examination on this day.

Persons qualifying in the examination may have their names placed on the State list as well as the list for the city or town in which they reside.

The entrance salary for State service is \$900 a year; the maximum salary for State service is \$1,260 a year. The salaries for Boston and other cities and towns varies from \$12 to \$20 a week.

Subjects and Weights: Training and experience, 2; spelling, 2; arithmetic, 1; following written directions, 3; filing, 1; word knowledge, 1; stenography, 10; total, 20.

The dictation is given at the following rates of speed: 80, 100 and 120, the dictation at each rate of speed consisting of a letter of about 300 words in length. Each applicant may select any two of the three speed tests for transcription. The transcription is marked for both speed and accuracy. Applicants are required to obtain at least 70 per cent in accuracy of transcription of one speed test.

Applicants who have not reached their sixteenth birthday will not be eligible to apply.

Passing Requirements: Applicants must obtain at least 70 per cent in general average in order to become eligible.

Physical fitness to be determined by physical examination.

CITY CEMETERIES.

The Park Department has charge of twenty cemeteries, containing 212 acres, that are owned by the city. Mount Hope Cemetery is the largest. A number of these cemeteries are no longer available to the public for interments. In 1937 there were 2,075 interments in these cemeteries, or 77 more than in 1936. The interments in Mount Hope Cemetery in 1937 were 71.08 per cent of the total interments as against 74.57 per cent in 1936.

LAND-TAKING IN DORCHESTER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of Redwood street, Dorchester district, as a highway, from Centre street to Whitten street, bounded and described as follows:

A highway named Redwood street is hereby laid out, from Centre street to Whitten street, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

Northwesterly by Centre street, forty and 2-100 feet; northeasterly by the line of Redwood street, as hereby established, two hundred eighty-two and 45-100 feet; southeasterly by Whitten street, forty feet; and southwesterly by the line of Redwood street, as hereby established, two hundred eighty-one and 17-100 feet.

Trees or structures standing upon or affixed to the aforesaid land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on both sides of Redwood street will receive benefit or advantage beyond the general advantage to all real estate in said city from the improvement herein ordered; each of said lots to the amount herein-after respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Redwood Street, Dorchester, Assessment Plan, November 29, 1939, William J. Sullivan, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

LAND-TAKING IN WEST ROXBURY.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for a public improvement consisting of the laying out and construction of Atlantis street, West Roxbury district, as a highway, from Lasell street to Veterans of Foreign Wars Parkway, bounded and described as follows:

A highway named Atlantis street is hereby laid out, from Lasell street to Glenham street, and ordered constructed.

Said highway and the land, exclusive of trees or structures standing upon or affixed thereto, in which an easement for street purposes is hereby taken, is bounded and described as follows:

First Part.

Northeasterly by the line of Atlantis street as hereby established, four hundred forty-one and 67-100 feet; southeasterly by Lasell street, forty and 15-100 feet; southwesterly by the line of Atlantis street as hereby established, four hundred forty-one and 67-100 feet; and northwesterly by Glenham street, forty and 15-100 feet.

Second Part.

Northeasterly by the line of Atlantis street as hereby established, one hundred twenty feet; southeasterly by Glenham street, forty feet; southwesterly by the line of Atlantis street as hereby established, one hundred twenty feet; and northwesterly by Veterans of Foreign Wars Parkway, forty feet.

Trees or structures standing upon or affixed to the aforesaid land shall be removed therefrom within sixty days following a notice of the city's intention to enter upon said land for the purpose of constructing said improvement.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on both sides of Atlantis street will receive benefit or advantage beyond the general advantage to all real estate in said city from the improvement herein ordered; each of said lots to the amount herein-after respectively set against it; said lots and the supposed owners thereof being shown on a plan marked "City of Boston, Atlantis Street, West Roxbury. CINCINNATI'S NEW SPORTS FIELD.

Cincinnati's outstanding recreational event of the past year has been the opening of its 200-acre Airport Sports Field—an instantaneous success. Although far from completion and lacking in many necessary facilities, it is already paying its own way. *American City Magazine.*

CITY OF BOSTON.

POLICE DEPARTMENT.

PROPOSALS FOR SIGNAL CABLE.

The Police Department of the City of Boston invites proposals for furnishing and delivering signal cable. The bidder must use the form of proposal to be obtained at the Office of the Property Clerk, Room 105, 154 Berkeley street, Boston, and deposit with his bid, at the Office of the Police Commissioner, a properly certified check for \$200, payable to and to become the property of the Police Commissioner for the City of Boston if the proposal is not carried out. Proposals will be publicly opened and read on Friday, March 1, 1940, at 12 o'clock noon, at the Office of the Police Commissioner, 154 Berkeley street, Boston, Mass. The Police Commissioner reserves the right to accept or reject any or all proposals, or any part of a proposal, and to award the contract as he deems for the best interests of the Police Department of the City of Boston. Surety bond will be required of the successful bidder in an amount equivalent to 50 per cent of the estimated contract amount.

JOSEPH F. TIMILTY,
Police Commissioner.

(Feb. 24.)

NOTICE TO CONTRACTORS.

HELP ABSORB THE UNEMPLOYED.

Workers for all branches of industry or business can be secured at the Municipal Employment Bureau, 25 Church street, Boston. Tel. LIBerty 8607-08-09. STEPHEN J. HUGHES, Director.

Male and female help furnished on short notice with service that will satisfy any employer. Office, mechanical, factory, domestic, hotel, restaurant, hospital, skilled, and unskilled.

FREE SERVICE TO EMPLOYERS AND APPLICANTS.

SEWAGE TREATMENT PLANT CONSTRUCTION ON THE INCREASE.

Owing to the economic conditions prevailing during the past year, there was but a relatively small volume of sewage treatment plant construction. Within recent months, however, there has been a decided impetus to new construction of this type growing out of the Public Works Administration allotments. Nearly 700 cities have received allotments of funds from the P. W. A. for sewerage or sewage treatment, involving an aggregate expenditure of well over \$200,000,000.

Form 30.

NOTICE OF TAX TAKING.

THE COMMONWEALTH OF MASSACHUSETTS.

CITY OF BOSTON.

OFFICE OF THE COLLECTOR OF TAXES.

February 24, 1940.

TO THE OWNERS OF THE HEREINAFTER DESCRIBED PARCELS OF LAND SITUATED IN THE CITY OF BOSTON, IN THE COUNTY OF SUFFOLK, AND THE COMMONWEALTH OF MASSACHUSETTS, AND TO ALL OTHERS CONCERNED.

You are hereby notified that on Wednesday, the thirteenth day of March, 1940, at 9.30 o'clock a. m., pursuant to the provisions of General Laws (Ter. Ed.), chapter 60, section 53, and by virtue of the authority vested in me as Collector of Taxes, it is my intention to take for the City of Boston the following parcels of land for non-payment, after demand, of the taxes thereon as defined in General Laws, chapter 60, section 43, with interest and all necessary intervening charges,

or any unpaid balance of said taxes, unless the same shall have been paid before that date.

WARD SIX.

Ralph W. Redding Heirs or devisees (supposed present owner Boston Five Cents Savings Bank)—Land, with buildings thereon, on the southwesterly side of Congress street, numbered 347 and 351, making the westerly corner of and numbered 332 and 336 A street, extending to and making the northerly corner of a passageway, leading from A street and the southerly corner of a passageway, leading from Congress street and supposed to contain about 15,823 square feet.

Tax for 1935.....\$6,105 00
Paid on account.....2,105 00

Balance due.....\$4,000 00
Tax for 1936.....6,270 00
Tax for 1937.....6,385 50
Tax for 1938.....6,814 50

MERRITT THOMPSON,
Collector of Taxes for the City of Boston.

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING PIG LEAD TO THE PUBLIC WORKS DEPARTMENT, WATER DIVISION.

The Supply Department of the City of Boston invites proposals for furnishing pig lead to the Public Works Department, Water Division, as per specifications contained in proposals which may be obtained at the office of the Supply Department, Room 1001, City Hall Annex. The bidder must leave his proposal with a certified check for \$100, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. ENVELOPES CONTAINING BIDS TO BE SEALED AND PLAINLY MARKED "PROPOSAL FOR PIG LEAD." There will be a charge of twenty-five cents (\$0.25) for each blank proposal taken out. The bids will be publicly opened and read Monday, March 4, 1940, at 12 m., at Room 1001, City Hall Annex. The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

JOHN A. BREEN,
(Feb. 24.) Superintendent of Supplies.

CITY OF BOSTON.

DEPARTMENT OF SCHOOL BUILDINGS.

TO CONCRETE DEALERS.

The Superintendent of Construction of the Department of School Buildings of the City of Boston invites sealed proposals for furnishing ready-mixed concrete for the Department of School Buildings, when, if and as ordered during the year 1940, of the kind and quality as per specifications and giving bond of a surety company, satisfactory to the Superintendent of Construction therefor, in the sum of \$2,000. Only proposals obtained at the office of the Superintendent of Construction, 26 Norman street, Boston, Mass., signed by the bidder and left before 2 o'clock p. m. of Friday, March 1, 1940, at said office, with a certified check for \$200, payable to the City of Boston if the proposal is not carried out, will then and there be publicly opened and read. The proposal shall be made in duplicate, the one with the check to be submitted as indicated above, the other to be deposited with the City Auditor, City Hall, previous to the time named for opening proposals.

JAMES J. MAHAR,
(Feb. 24.) Superintendent of Construction.

TO PROTECT MINORS.

Buffalo is considering an ordinance, similar to the one in effect in New York City, for the protection of minors in theaters. It permits children, unaccompanied by adults, only in theaters licensed as to adequate sanitary and safety provisions, sets aside a certain section for them and requires the presence of a licensed matron.

CITY OF BOSTON.

BOSTON TRAFFIC COMMISSION.

CHANGES IN TRAFFIC REGULATIONS.

(Feb. 17-24.) WILLIAM P. HICKEY,
Commissioner.

PROPOSALS FOR FURNISHING LUMBER TO THE BOSTON CITY HOSPITAL.

The Supply Department of the City of Boston invites proposals for furnishing lumber to the Boston City Hospital, as per specifications contained in proposals which may be obtained at the office of the Supply Department, Room 1001, City Hall Annex. The bidder must leave his proposal with a certified check for \$100, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. ENVELOPES CONTAINING BIDS TO BE SEALED AND PLAINLY MARKED "PROPOSAL FOR LUMBER." There will be a charge of twenty-five cents (\$0.25) for each blank proposal taken out. The bids will be publicly opened and read Friday, March 1, 1940, at 12 m., at Room 1001, City Hall Annex. The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

JOHN A. BREEN,
(Feb. 24.) Superintendent of Supplies.

CITY OF BOSTON.

DEPARTMENT OF SCHOOL BUILDINGS.

TO LUMBER DEALERS.

The Superintendent of Construction of the Department of School Buildings of the City of Boston invites sealed proposals for furnishing and delivering maple flooring for the Department of School Buildings, for W. P. A. use, when, if and as ordered during 1940 of the kind and quality as per specifications and giving bond of a surety company, satisfactory to the Superintendent of Construction therefor, in the sum of \$2,000. Only proposals obtained at the office of the Superintendent of Construction, 26 Norman street, Boston, Mass., signed by the bidder and left before 2 o'clock p. m. of Friday, March 1, 1940, at said office, with a certified check for \$500, payable to the City of Boston if the proposal is not carried out, will then and there be publicly opened and read. The proposal shall be made in duplicate, the one with the check to be submitted as indicated above, the other to be deposited with the City Auditor, City Hall, previous to the time named for opening proposals.

JAMES J. MAHAR,
(Feb. 24.) Superintendent of Construction.

WEATHER IN BOSTON. STATISTICS FOR YEAR 1937.

The precipitation, amounting to 43.67 inches, was 3.53 inches above normal. Snowfall was 8.8 inches, or 34.7 inches below normal, 8.5 inches falling in January, March and December.

Maximum monthly precipitation was in April, or 5.34 inches; maximum rainfall in twenty-four consecutive hours, 3.36 inches on December 6-7; thunder storms on nineteen days, seventeen of these days being in May to August, inclusive; the first thunder shower came on May 7 and the last one on September 4. Snow fell on thirteen days, twelve being in January, March and December, Greatest snowfall in twenty-four hours, 2.2 inches on December 28. The last snow in spring occurred on April 23 and the first snow in autumn came on November 19. The first killing frost in autumn came on October 15. The longest period without precipitation was eleven days, February 23-March 5, the longest period with precipitation, seven days, March 15-21.

Sunshine, highest per cent for month in September, 69 per cent; lowest in January, 41 per cent. Number of clear days, 103; cloudy days, 152; partly cloudy, 110; days showing precipitation, 123; dense fog on 22 days, mostly in January, February, May, June and August; highest temperature, 99° on July 8; lowest, 10° on February 2; mean for winter months, 34°; for summer months, 71°; number of days 90° or above, 16; freezing, 32° or below, 105; zero or below, none; greatest monthly range of temperature, 51° in May; least monthly range, 34° in December; the highest mean temperature of three consecutive days was 82°, July 7-9; lowest mean temperature of three consecutive days, 21°, February 1-4.

Wind, highest velocity 48 miles per hour on October 20 from the south; average hourly velocity, 10.4; prevailing direction in summer months, southwest; in winter months, west; gales (*i. e.*, 32 miles per hour or over), 11, distributed over 7 months.

Barometric pressure (reduced to sea level): Mean, 30. inches; highest, 30.87 inches, January 25; lowest, 29.11 inches, February 14.

Humidity, highest per cent in August, 74 per cent; lowest, March, 58 per cent; mean for year, 67 per cent.

36,400 MOTOR DEATHS IN 1935.

According to the findings of the National Safety Council motor traffic deaths in 1935 totaled 36,400, compared with 1934's record of 36,000.

The only decrease was among school children up to fifteen years of age. Motor vehicle accidents to children have increased much less than those of adults since 1922, when safety education began on a national scale. October, November and December were the reddest months. Two-thirds of the accidents were in places under 10,000 population; more than 40 per cent of the victims pedestrians.

Thirteen states decreased traffic deaths 7 per cent or more: Delaware, Illinois, Kentucky, Massachusetts, Minnesota, Montana, North Dakota, Oregon, Rhode Island, Utah, Vermont, Wyoming and Washington.

UNITED STATES GROSS DEBT.

November 30, 1932, total gross debt of the United States was \$20,806,013,836, of which \$20,476,034,190 was interest-bearing. This is a reduction of \$6,120,667,458 from the peak of \$26,596,701,648 on August 31, 1919. The gross debt on June 30, 1931, was \$16,801,281,492.

OWNED AND RENTED HOMES IN UNITED STATES, NEW ENGLAND AND MASSACHUSETTS, 1930—ALSO BOSTON.

Total homes in UNITED STATES, 29,904,663, of which 14,002,074 or 46.8 per cent were owned, 15,319,817 or 51.2 per cent were rented, and 582,772 were of unknown tenure. Native white families, 20,968,803; foreign-born white families (the head of the family being a foreign-born white person), 5,736,491; Negro families, 2,803,756; other races, 395,613.

The native white families owned 10,255,682 homes and rented 10,314,500 homes; the foreign-born white families owned 2,968,707 homes and rented 2,690,300 homes; the Negro families owned 669,645 homes and rented 2,050,217 homes; the other races owned 108,040 homes and rented 264,800 homes.

Total homes in NEW ENGLAND, 1,981,499, of which 915,441 or 46.2 per cent were owned, 1,042,521 or 52.6 per cent were rented, and 23,537 were of unknown tenure. Native white families, 1,203,304; foreign-born white families, 753,231; Negro families, 22,864; other races, 2,100.

Total homes in MASSACHUSETTS, 1,021,160, of which 439,238 or 43.0 per cent were owned, 569,645 or 55.8 per cent were rented, and 12,277 were of unknown tenure. Native white families, 579,751 (306,978 or 30.06 per cent were native white of native parentage and 272,773 or 26.71 per cent were native white of foreign or mixed parentage); foreign-born white families, 427,385 or 41.85 per cent; Negro families, 12,637 or 1.24 per cent; other races, 1,387 or 0.14 per cent.

Total homes in BOSTON, 179,200, of which 45,986 or 25.66 per cent were owned, 130,140 or 72.62 per cent were rented and 3,074 were of tenure unknown. Divided by color and nativity of head of owner-families, 7,741 were native white of native parentage; 11,137 were native white of foreign or mixed parentage; 26,366 were foreign-born white; 726 were Negro and 16 were of other races.

Of the renter-families, 27,267 were native white of native parentage; 36,428 were native white of foreign or mixed parentage; 61,505 were foreign-born white; 4,431 were Negro, and 509 were of other races.

"RELIEF" DECLINING.

Two-thirds of the nation's relief expenditures in recent years has been centered in ten industrial states, the "Year Book's" section on Financing Relief and Recovery points out. Half the Federal Work Relief Funds and two-thirds of all available funds have been expended in the fifty largest cities, including about 25 per cent of the population. Industrial urban population is more vulnerable to unemployment. In addition, living costs are higher, requiring greater relief allotments, and the cost of giving employment to a city group is higher than in rural areas.

STATE REFERENDA RESULTS, 1936.

A question of public policy "Shall the Representative in the General Court from this district be instructed to vote in favor of amending the State Constitution for the purpose of limiting the amount of taxes, for all purposes, which may be legally levied against any real estate within the Commonwealth to a sum not exceeding \$25 for each one thousand dollars of assessed valuation?" was voted on by only a portion of the Representative Districts. In Boston, six districts did not vote on it.

The totals for the districts and parts of districts, including Boston districts, were 310,715 in favor; 113,594 against and 203,277 blanks. For Boston alone, the totals for the sixteen districts that voted were 114,184 in favor; 46,689 against and 79,827 blanks.

In Boston, there were three referenda on sales of alcoholic beverages.

First, "Shall licenses be granted in this city for the sale therein of all alcoholic beverages (whiskey, rum, gin, malt beverages, wines and all other alcoholic beverages)?" Totals, 190,353 in favor, 45,402 against and 84,732 blanks.

Second, "Shall licenses be granted in this city for the sale therein of wines and malt beverages (wines and beer, ale and all other malt beverages)?" Totals, 185,213 in favor, 40,164 against and 95,110 blanks.

Third, "Shall licenses be granted in this city for the sale therein of all alcoholic beverages in packages, so called, not to be drunk on the premises?" Totals, 187,877 in favor, 37,139 against and 95,471 blanks.

THE MUNICIPAL WATER-WORKS TREND.

In 1800 there was but one municipally-owned water-works plant in the United States. Now there are 7,853 municipally-owned installations, or 72.8 per cent of the entire number. In the United States there are ninety-four cities of over 100,000 population. All but eleven of these own their water works. Municipal plants serve 96.1 per cent of the population of the ninety-four cities, while private plants serve only 3.9 per cent.

BOSTON'S LIABILITY FOR METROPOLITAN DEBT, 1937.

Boston's liability for this contingent debt of the State (*i. e.*, in the form of annual assessments for sinking funds and interest) incurred for Metropolitan parks, sewers, water, etc., was \$28,559,995 (net) on July 1, 1937, or \$1,283,454 more than in 1936 and \$6,473,404 more than in 1927. It is divided thus: Water debt, \$25,314,274; Park debt, \$904,738; Sewer debt, \$1,639,878; Charles River Basin debt, \$701,105. The percentages paid by Boston in 1937 were 63.4515 on Water Debt; 48.6623 on most of the Park Debt; 36.25 on most of the Sewer debt, and on Charles River Basin debt the same as on Park debt.

Metropolitan assessments paid by Boston in 1937 amounted to \$4,752,277.22, of which 64.23 per cent was for debt requirements and 35.77 for maintenance. Water assessment, \$3,282,201 (usually paid from water revenue); park, \$786,974; sewer, \$470,545; Charles River Basin, etc., \$212,557.

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"
From Boston Centennial Poem by
NATHAN HASKEL DOLE.

MUNICIPAL CALENDAR.

Meeting of the City Council, Monday, March 4, at 2 p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways, the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in

public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquees, bay windows, coal holes and vaults.

TO THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

To Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables slaughter-houses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, the Airport, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made

to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

TO THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 907, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

TO THE STATISTICS DEPARTMENT, 73 City Hall, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

TO THE WIRE DIVISION OF THE FIRE DEPARTMENT, 60 Bristol street, for all information relative to the erection of poles, building of conduits, the installation of all overhead and underground construction and electrical apparatus, as well as for general information relative to the entire division. To Room 103, City Hall Annex, for permits for the installing of wires and electrical apparatus within buildings of the City of Boston, and for the payment of fees incident to the granting of the privileges above named, and which must be paid in advance.

TO THE BOARD OF ZONING ADJUSTMENT, 43 City Hall, relative to changes in the boundary lines of zoning districts of the City of Boston as established by chapter 488 of the Acts of 1924, and amendments thereto.

18,000 Square Feet 3-Inch by 6-Inch Selected Prime and Better Long-Leaf Yellow Pine, Suitable for Decking, Dressed on Four Sides, Lumber is to be Milled With a Calking Seam on Two Edges of the Top Face, and With a V-Bead on Two Edges of the Bottom Face, and is to be Thoroughly Air Dried, 5,000 Square Feet Shall be Delivered Six Weeks After Date of Contract and Total Delivery Shall be Completed Within Eight Weeks from Date of Contract, Lumber Shall be of the Following Lengths: 9,000 Feet B. M., 18 Feet; 6,000 Feet B. M., 16 Feet; 3,000 Feet B. M., 14 Feet, Per M. Square Feet.—George McQuesten Company, Incorporated, \$102.

Total.—George McQuesten Company, Incorporated, \$1,856.

Cash Discount.—George McQuesten Company, Incorporated, 2 per cent, 10th proximo.

Upon February 28 the Acting Mayor approved a contract with the Massachusetts Lime and Cement Company for furnishing approximately 9,000 barrels Portland cement for the city departments, as required, from February 2, 1940, to December 31, 1940, with the option of purchasing on the same terms and conditions extended to January 31, 1941, at a price of 7 cents over the published dealers' cost per barrel in the Boston switching area, at the time of shipment as established by the Portland cement manufacturer, same being \$2.50 a barrel on the day of the opening of the bids, less 4 per cent cash discount for payment in ten days. The approximate amount of the contract was \$23,130, less 4 per cent cash discount for payment in ten days. Bids, opened January 30, were as follows:

The Published Dealers' Cost Per Barrel in the Boston Switching Area, at the Time of Shipment, as Established by the Portland Cement Manufacturer, Plus the Following Price for Each Barrel of 380 Pounds Net, Delivered in Paper Bags and Accepted.—Portland Stone Ware Company, 13 cents; J. P. O'Connell Company, 7 cents; The Whittemore Company, 15 cents; Massachusetts Lime and Cement Company, 7 cents; William C. Norcross Company, 29 cents.

The Published Dealers' Cost Per Barrel in the Boston Switching Area, at the Time of Shipment, as Established by the Portland Cement Manufacturer, on the Day of the Opening of the Bids.—Portland Stone Ware Company, \$2.50; J. P. O'Connell Company, \$2.50; The Whittemore Company, \$2.50; Massachusetts Lime and Cement Company, \$2.50; William C. Norcross Company, \$2.50.

Price Per Barrel on Day of the Opening of Bids.—Portland Stone Ware Company, \$2.63; J. P. O'Connell Company, \$2.57; The Whittemore Company, \$2.65; Massachusetts Lime and Cement Company, \$2.57; William C. Norcross Company, \$2.79.

Approximate Total.—Portland Stone Ware Company, \$23,670; J. P. O'Connell Company, \$23,130; The Whittemore Company, \$23,850; Massachusetts Lime and Cement Company, \$23,130; William C. Norcross Company, \$25,110.

Cash Discount, Ten Days.—Portland Stone Ware Company, 10 cents a barrel; J. P. O'Connell Company, 10 cents a barrel; The Whittemore Company, 2 per cent; Massachusetts Lime and Cement Company, 4 per cent; William C. Norcross Company, 10 cents a barrel.

Approximate Net Total.—Portland Stone Ware Company, \$22,770; J. P. O'Connell Company, \$22,230; The Whittemore Company, \$23,373; Massachusetts Lime and Cement Company, \$22,048.80; William C. Norcross Company, \$24,210.

Upon February 28 the Acting Mayor approved a contract with the Sanymetal Products Company, Incorporated, for furnishing sixty-six metal dressing lockers, as per specifications, for the North Bennet Street Bath House, North End, Park Department, at a total lump sum price of \$2,297. Bids, opened February 8, were as follows:

W. P. A. Requisition No. 20, Project 20632.

66 Metal Dressing Lockers, Complete, Lockers Shall be 2 Feet 8 Inches Wide and 3 Feet 6 Inches in Depth, General Dimensions Are to be as Shown on Drawing Titled "Proposed Dressing Lockers, North Bennet Street Bath House, December 11, 1939," on File at Supply Department, as Per Specifications, Each.—The Sanymetal Products Company, Incorporated, see total; Flush Metal Partition Corporation, \$72, erection not included; each locker to have a 24-inch door and front panel; Standard panel-type construction with flush doors and hardware as described; alternate bid, \$67.50, if full swing doors are required, as shown on plan, instead of the 24-inch doors and front panels; Contract Sales, Incorporated, \$52; Henry Weis Manufacturing Company, Incorporated, see total; if bidder furnishes this material with all doors approximately 28 inches wide instead of 24 inches wide, omitting front panels, bidder will deduct the net sum of \$199.

Total.—The Sanymetal Products Company, Incorporated, \$2,297; Flush Metal Partition Corporation, \$4,752; alternate bid, \$4,455; Contract Sales, Incorporated, \$3,432; Henry Weis Manufacturing Company, Incorporated, \$2,566; \$2,367.

Cash Discount, Ten Days.—Flush Metal Partition Corporation, 2 per cent; alternate bid, 2 per cent; Contract Sales, Incorporated, 2 per cent.

Net Total.—The Sanymetal Products Company, Incorporated, \$2,297; Flush Metal Partition Corporation, \$4,656.96; alternate bid, \$4,365.90; Contract Sales, Incorporated, \$3,363.36; Henry Weis Manufacturing Company, Incorporated, \$2,566; \$2,367.

Upon February 28 the Acting Mayor approved contracts with lowest bidders as indicated for furnishing waste and wiping cloths for the city departments, as required, until December 31, 1940, with the privilege of purchasing on the same terms and conditions extended to February 1, 1941. The approximate totals of awards were as follows:

The Robert Bishop Manufacturing Company, \$1,045; Beacon Wiper Supply Company, \$746.85; A. Emerson Company, \$685.30. Total, \$2,477.15.

Bids, opened February 7, were as follows:

Approximate Amounts on All Items.

Machine Picked Cotton Waste.

3 300-Pound Bales, 900 Pounds, Per Pound.—A. Emerson Company, 7.7 cents*; Massasoit Manufacturing Corporation, 8.75 cents; The Robert Bishop Manufacturing Company, 8.75 cents.

20 200-Pound Bales, 4,000 Pounds Per Pound.—A. Emerson Company, 7.7 cents*; Massasoit Manufacturing Corporation, 8.75 cents; The Robert Bishop Manufacturing Company, 8.75 cents.

40 100-Pound Bales, 4,000 Pounds, Per Pound.—A. Emerson Company, 7.7 cents*; Massasoit Manufacturing Corporation, 8.75 cents; The Robert Bishop Manufacturing Company, 8.75 cents.

Approximate Total.—A. Emerson Company, \$685.30; Massasoit Manufacturing Corporation, \$778.75; The Robert Bishop Manufacturing Company, \$778.75.

Cash Discount, Ten Days.—A. Emerson Company, 1 per cent; Massasoit Manufacturing Corporation, 1 per cent; The Robert Bishop Manufacturing Company, 1 per cent.

Whole Cop Waste.

15 100-Pound Bales, 1,500 Pounds, Per Pound.—A. Emerson Company, 10 cents; Massasoit Manufacturing Corporation, 10.3 cents; The Robert Bishop Manufacturing Company, 9.5 cents.*

PUBLIC WORKS DEPARTMENT COMMISSIONER MAKES PLANS FOR GARBAGE COLLECTION DURING SNOW SEASON.

The following is an excerpt from a letter that Public Works Commissioner George G. Hyland has sent to all the contractors engaged in the collecting and removing of garbage and refuse in the various districts throughout the city:

"This is in reference to your contract for the collecting and removing of garbage and refuse.

"Due to the weather conditions and the accumulation of snow on the streets for the past two weeks, I realize that it has been impossible for you to maintain the regular system of collections that are in effect during normal times.

"I feel, however, that the conditions of the streets are such at the present time as to allow you to make a collection from all premises this week, even though you may find it necessary to augment your regular force by the hiring of additional trucks and personnel.

"I shall require that by the close of the work day on Sunday, March 3, a collection will have been made from all residences, stores, etc., in your district, for that period from Monday, February 26, up to and including said Sunday, March 3. In other words, the condition of your district must be such as to allow the regular route collections to start on Monday, March 4."

Residents of the city are requested to cooperate in this work for this week by placing their refuse barrels, if possible, on top of the bank of snow that is located in front of most residences throughout the city. This will greatly expedite the collection work and insure the collection of refuse material from all residences during the current week.

As stated in the above-mentioned communication to the contractors, the regular system of collections will start on next Monday.

For the additional information of the residents of the city in the event that they should wish to register a complaint about non-collections, the following list contains the names of the district foremen in charge of the various districts and their telephone numbers:

East Boston District—Thomas McDonald, foreman, telephone, E. B. 0418.

Charlestown District—James E. O'Mara, foreman, telephone, Chas. 0344.

Brighton District—Frank Nagle, foreman, telephone, Alg. 3130.

Jamaica Plain, Roslindale, and West Roxbury Districts—Augustus Kerrigan, foreman, telephone, Pkwy. 0760.

Dorchester District—John Kelly, foreman, telephone, Tal. 1528.

Hyde Park District—Frank Glennon, foreman, telephone, H. P. 0143.

TRAFFIC COMMISSION RULING.

Voted, That as urgently required by considerations of public safety and convenience, during the period of snow removal, estimated to be one (1) week, the following street is one way in the direction indicated, effective February 21, 1940:

Corbet Street, Dorchester.

From Norfolk street to Morton street.

FIRE DEPARTMENT ORDERS.

General Order No. 9.

I. CORNELIUS J. O'KEEFE.

It is with deep regret that the Fire Commissioner announces the death, on February 15, 1940, of Ladderman Cornelius J. O'Keefe of Ladder Company 5. Ladderman O'Keefe was appointed to the department on June 21, 1918.

The funeral was held from his late residence, 49 Pleasant street, Dorchester, at 8.15 a. m., Monday, February 19, 1940, followed by services at St. William's Church, Dorchester avenue, at 9 a. m.

The Chief of Department detailed the Military Drill Company to act as a funeral escort and the members of Ladder Company 5 were excused from duty in order to attend the funeral.

II. WALTER J. LEARY.

It is with deep regret that the Fire Commissioner announces the death, on February 19, 1940, of Hoseman Walter J. Leary of Engine Company 14. Hose-

man Leary was appointed to the department on October 4, 1918.

The funeral was held from 25 Bradbury avenue, Medford, at 8.30 a. m., Thursday, February 22, 1940, followed by services at St. James Church, Fells-way, at 9 a. m.

The Chief of Department detailed six members of the department to act as pall bearers.

III. INCOME TAX.

Report cards on income taxes are being distributed to the department today. These cards will be filled out by all those who received a salary of \$2,100 or more during the year ending December 31, 1939.

All that is necessary to fill in is the name and address in the space provided at the top of the card. The company to which the signer was attached on December 31, 1939, is to be placed in the upper right-hand corner of the card. No other information on the card is to be filled out. All cards are to be

returned to Headquarters, segregated by companies, on or before Saturday, March 2, 1940.

IV. A. D. T. ASSIGNMENTS.

The following signal numbers are to be added to running cards of the A. D. T. Company in this department:

Signal 48, Aeolian Skinner Organ Company, Incorporated, 197-215 Sydney street.

Signal 49, Aeolian Skinner Organ Company, Incorporated, 197-215 Sydney street.

Apparatus to respond to both signals, Engine 21, Ladder 20, District Chief 10. Nearest box is No. 3226.

Signal 56, Gofkauf's Stores, Incorporated, 105-111 Brookline avenue. Apparatus to respond, Engine 37, Ladder 26, District Chief 8. Nearest box is No. 2346.

V. G. A. C. ASSIGNMENTS.

The following signal number is to be added to running cards of the General Alarm Corporation in this department:

Signal 125, Hunt Rankin Leather Company, 106-112 Beach street. Wet System. Apparatus to respond, Engine 7, Ladder 17, District Chief 5. Nearest box is No. 1436.

VI. COMMENDATIONS.

Ladderman William M. Dundon of Ladder Company 10 is hereby commended for volunteering and donating blood in transfusion to the wife of Ladderman Daniel F. O'Connell of Ladder Company 30, at the Faulkner Hospital on February 13, 1940.

Hoseman Francis J. Murphy of Engine Company 31 is hereby commended for responding to and working at fire, Box 3167, February 16, 1940, while off duty.

Hoseman John F. Gilbrook of Engine Company 40 is hereby commended for responding to and working at fire, Box 6163, two alarms, on February 20, 1940, while off duty.

By order of Fire Commissioner
WILLIAM ARTHUR REILLY.

SAMUEL J. POPE,
Chief of Department.

POLICE DEPARTMENT ORDERS.

General Order No. 449.

A trial board consisting of Captains Mullen, Tiernan and Egan, having heard by reference a complaint made by Capt. Edward J. Keating, Division 4, against Alfred E. Johnson, patrolman, Division 4, for alleged violation of the Rules and Regulations of the Police Department, charging him with neglect of duty, has reported to the commissioner a finding of guilty as charged and recommends that the complaint be placed on file.

In accordance with which it is hereby ordered that the complaint against the said Patrolman Alfred E. Johnson be placed on file.

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

General Order No. 450.

A trial board consisting of Captains McKinnon, Tiernan and Egan, having heard by reference a complaint made by Capt. James T. Sheehan, Traffic Division,

against Martin J. Kelley, patrolman, Traffic Division, for alleged violation of the Rules and Regulations of the Police Department, charging him with conduct unbecoming an officer, has reported to the commissioner a finding of guilty as charged.

The commissioner accepts the finding and the recommendation of the Trial Board and hereby orders that the said Patrolman Martin J. Kelley be suspended from duty for a period of thirty days, effective as of 5.45 p. m., February 6, 1940, and at the expiration of said suspension he perform 315 hours' punishment duty.

General Laws, chapter 31, section 46C, requires approval of the Director of Civil Service before reinstatement.

Chapter 31.

"Section 46C. An officer or employee of the commonwealth or of a city or town who has become separated from the classified civil service through fault or delinquency of his own shall, within thirty days after the filing of a written request by the appointing officer, be entitled to a hearing before the director. Upon good cause shown the director may, subject to section forty-six G, authorize his reinstatement in the same position or in a position in the same class and grade as that formerly held by him."

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

General Order No. 451.

A trial board consisting of Captains Mullen, Tiernan and Egan, having heard by reference a complaint made by Thomas F. Casey, captain, Division 10, against James L. Dooley, patrolman, Division 10, charging him with conduct unbecoming an officer, reported to the commissioner a finding of guilty as charged. In accordance with which the said Patrolman James L. Dooley was on February 6, 1940, dismissed from the Police Department.

Due written notice of such dismissal with the reasons therefor was duly and specifically given in hand on February 6, 1940, to the said James L. Dooley.

On the eighth day of February, 1940, the said James L. Dooley requested in writing a public hearing as provided by law, and the Police Commissioner set down February 16, 1940, at 2.30 p. m., at the office of the Police Commissioner, as the time and place of said hearing (from which date said hearing was continued to February 21, 1940, at 2.30 p. m., at the office of the Police Commissioner), and duly notified the said James L. Dooley.

The said James L. Dooley was present at said time and place and was heard. Whereupon, after hearing, the commissioner found the said James L. Dooley guilty as charged. In view of the extenuating circumstances present in this case, together with the recommendation of his captain that James L. Dooley be given another opportunity, the commissioner remitted the order of dismissal, and hereby orders that the said James L. Dooley be reinstated and thereupon suspended from duty for a period of sixty days, effective as of January 26, 1940, at 5.45 o'clock p. m., and that at the expiration of the said period of sus-

pension the said Patrolman James L. Dooley perform 315 hours of punishment duty.

General Laws, chapter 31, section 46C, requires approval of the Director of Civil Service before reinstatement.

Chapter 31.

"Section 46C. An officer or employee of the commonwealth or of a city or town who has become separated from the classified civil service through fault or delinquency of his own shall, within thirty days after the filing of a written request by the appointing officer, be entitled to a hearing before the director. Upon good cause shown the director may, subject to section forty-six G, authorize his reinstatement in the same position or in a position in the same class and grade as that formerly held by him."

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

CONSTRUCTION WORK.

The Acting Mayor has approved the request of the Public Works Department for the following construction work:

A sanitary sewer of 12-inch pipe, a surface drain of 12-inch pipe and two catch-basins, W. P. A. Project 665-14-2-1167, Work Project 20303, in Codman Hill street, between Washington street and Codman park, in the Roxbury district, at an estimated cost of \$7,256.

A sanitary sewer of 12-inch pipe and two catch-basins, W. P. A. Project 665-14-2-1167, Work Project 20303, in Shetland street, between 70 feet south of Shirley street and 206 feet southwesterly, two catch-basins to be built 220 feet northeast of Norfolk avenue, in the Roxbury district, at an estimated cost of \$7,457.

A sanitary sewer of 10-inch pipe, a surface drain of 12-inch pipe, one catch-basin and one drop inlet, W. P. A. Project 665-14-2-1167, Work Project 20303, in Juniper terrace, between Washington street and 71 feet westerly, in the Roxbury district, at an estimated cost of \$4,863.

A surface drain of 12-inch, 15-inch, 18-inch and 21-inch pipe and eight catch-basins, W. P. A. Project 665-14-2-1167, Work Project 20303, in Osceola street and land of the Commonwealth, between River street and Neponset river, in the Hyde Park district, at an estimated cost of \$16,777.

A surface drain of 12-inch pipe and three catch-basins, W. P. A. Project 665-14-2-1167, Work Project 20303, in Poydras street, between Belnel road and 140 feet southwesterly, in the Hyde Park district, at an estimated cost of \$2,155.

A surface drain of 12-inch, 15-inch, 18-inch and 21-inch pipe and eight catch-basins, W. P. A. Project 665-14-2-1167, Work Project 20303, in Osceola street and land of the Commonwealth, between River street and Neponset river, in the Hyde Park district, at an estimated cost of \$16,777.

A surface drain of 12-inch, 15-inch, 18-inch, 21-inch and 24-inch pipe, seven catch-basins and three drop inlets, W. P. A. Project 665-14-2-1167, Work Project 20303, in Belnel road, between Osceola street and Poydras street, in the Hyde Park district, at an estimated cost of \$22,994.

A surface drain of 24-inch pipe, W. P. A. Project 665-14-2-1167, Work

Project 20303, in private land, between Belnel road and Neponset river, in the Hyde Park district, at an estimated cost of \$1,923.

A surface drain of 12-inch pipe and three catch-basins, W. P. A. Project 665-14-2-1167, Work Project 20303, in Hopewell road, between Belnel road and Osceola street, in the Hyde Park district, at an estimated cost of \$9,179.

A surface drain of 12-inch pipe and two catch-basins, W. P. A. Project, 665-14-2-1167, Work Project 20303, in Coronado road, between Belnel road and 212 feet southeasterly, in the Hyde Park district, at an estimated cost of \$3,287.

A surface drain of 12-inch pipe and two catch-basins, W. P. A. Project 665-14-2-1167, Work Project 20303, in Friendship road, between Belnel road and Osceola street, in the Hyde Park district, at an estimated cost of \$5,055.

CIVIL SERVICE EXAMINATIONS. (STATE AND CITY SERVICE.)

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence.

STENOGRAPHIC SERVICE.

FOR STATE AND CITIES AND TOWNS OUTSIDE OF BOSTON AND VICINITY, MARCH 23, 1940.

Last date for filing applications, Saturday, March 9, 1940, at 12 noon.

FOR STATE, BOSTON, CITIES AND TOWNS IN THE VICINITY OF BOSTON, APRIL 6, 1940.

Last date for filing applications, Saturday, March 23, 1940, at 12 noon.

This is the regular examination for the stenographic service of the State and of all cities and of such towns in the State as are classified under civil service. On March 23 the examination will be held in various centrally located cities. On April 6 the examination will be held in Boston, and all persons who reside within commuting distance will be notified for examination on this day.

Persons qualifying in the examination may have their names placed on the State list as well as the list for the city or town in which they reside.

The entrance salary for State service is \$900 a year; the maximum salary for State service is \$1,260 a year. The salaries for Boston and other cities and towns varies from \$12 to \$20 a week.

Subjects and Weights: Training and experience, 2; spelling, 2; arithmetic, 1; following written directions, 3; filing, 1; word knowledge, 1; stenography, 10; total, 20.

The dictation is given at the following rates of speed: 80, 100 and 120, the dictation at each rate of speed consisting of a letter of about 300 words in length. Each applicant may select any two of the three speed tests for transcription. The transcription is marked for both speed and accuracy. Applicants are required to obtain at least 70 per cent in accuracy of transcription of one speed test.

Applicants who have not reached their sixteenth birthday will not be eligible to apply.

Passing Requirements: Applicants must obtain at least 70 per cent in general average in order to become eligible.

Physical fitness to be determined by physical examination:

MASSACHUSETTS CIVIL SERVICE EXAMINATIONS.

INLAND MATE (INTERMITTENT), BOSTON INSTITUTIONS DEPARTMENT, APRIL 13, 1940.

Last date for filing applications, Saturday, March 30, 1940, at 12 noon.

Salary: \$2,000 a year.

Duties: To assign passengers to the space they may occupy on board the vessel. To direct and advise the passengers in case of any emergency. To enforce proper conduct among passengers and crew. To direct the activities of the deck crew. To inspect the labels of any packages, freight, or other cargo to see whether it can be legally transported, and supervise the stowage of same. To take charge of life preservers. To launch and handle life boats. To handle and operate fire apparatus. To perform related duties assigned by the captain.

Entrance Requirements: Applicants must possess a life boat certificate, and an inland mate's license for vessels of two hundred tons or over for or including the waters of Boston Harbor.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

NOTE.—Information concerning the results of this examination will not be available until at least sixty days after the examination has been held.

If the eligible list is established in the meantime, all applicants will be notified.

MEDICAL SOCIAL WORKER, BOSTON CITY HOSPITAL, APRIL 27, 1940.

Last date for filing applications, Saturday, April 13, 1940, at 12 noon.

This examination is open to both males and females.

Salary: \$1,200 a year.

Duties: To accurately determine the social eligibility of patients for admission to the Out-Patient Department, and to the wards of the Boston City Hospital. To assist in the transfer of chronic cases to other institutions for extended treatment. To interview applicants for admission. To evaluate the data obtained. To arrange a plan for the patient, *i. e.*, admission, future appointment, or reference elsewhere.

Entrance Requirement: Applicants must have one year's medical social case work in a hospital.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

NOTE.—Information concerning the results of this examination will not be available until at least sixty days after the examination has been held.

If the eligible list is established in the meantime, all applicants will be notified.

MALE ASSISTANT PHARMACIST, BOSTON CITY HOSPITAL, APRIL 27, 1940.

Last date for filing applications, Saturday, April 13, 1940, at 12 noon.

Salary: \$25 a week. (The hours are from 7.30 a. m. to 5 p. m. daily, with two afternoons off each week, and every other Sunday and holiday.)

Duties: Manufacturing U. S. P. and N. F. pharmaceutical preparations. Preparing laboratory reagents. Dispensing and compounding prescription work and formularies compiled by the hospital. Supervising the filling of the requisitions requested by the Medical Staff for the use of the patients; and the various details of the work of the department. To keep the records of the narcotics and alcohol used; and a constant check on the supplies needed in the pharmacy.

Entrance Requirement: Applicants must be registered pharmacists under the State Board of Registration in Pharmacy.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

NOTE.—Information concerning the results of this examination will not be available until at least sixty days after the examination has been held.

If the eligible list is established in the meantime, all applicants will be notified.

FELLOWSHIP STUDIES IN TRAFFIC CONTROL.

Fifteen graduate fellowships, each with a stipend of \$1,200-plus up to \$200 for travel and field investigation have been announced by the Bureau for Street Traffic Research of Harvard University. The regular annual tuition fee of \$400 will be deducted from the fellowships, which have been made available through a gift to the University by the Automobile Manufacturers' Association. The officers of instruction are Miller McClintock, Director of the Bureau, and Maxwell Halsey, Assistant Director. Each of two full courses in street and highway traffic control consists of three one-hour periods a week, and additional problems, assignments and field work.

POPULATION OF BOSTON, BY SEX, NATIONALITY, ETC., 1930.

Total population, 781,188 (383,454 males and 397,734 females); ratio of males to females, 96.4 to 100 as against 97.2 to 100 in 1920. Native white, 529,400 (260,419 males and 268,981 females) or 67.77 per cent; sex ratio, 96.8 to 100. Of the 529,400 native whites, 200,130, or 37.80 per cent, are of native parentage; 248,653, or 46.97 per cent, are of foreign parentage and 80,617, or 15.23 per cent, are of mixed parentage (*i. e.*, one half native). Foreign-born whites, 229,356 (111,261 males and 118,095 females) or 9.563 less than in 1920; sex ratio 94.2 to 100. The foreign-born whites are 29.36 per cent of total population. Negroes, 20,574 (10,223 males and 10,351 females) or 2.63 per cent of population; sex ratio, 98.8 to 100. The Negro population has increased 4,224 since 1920 and 4,993 since 1915. Other races, 1,858 (1,551 males and 307 females), or 0.24 per cent, comprise 1,595 Chinese, 69 Japanese, 43 Indian, 26 Mexican and 125 miscellaneous. Total foreign white stock, 478,009 (*viz.*, 229,356 plus 248,653) which is 61.10 per cent of all inhabitants.

PROCEEDINGS OF CITY COUNCIL.

Monday, February 19, 1940.

Regular meeting of the City Council in the Council Chamber, City Hall, at two p. m., President GALVIN in the chair and all the members present.

DISTRIBUTION OF SNOW BUTTONS BY CITY COUNCIL.

The following was received:

City of Boston,

Office of the Mayor, February 19, 1940.

To the City Council.

Gentlemen,—I transmit herewith letter from the Corporation Counsel concerning your order of January 15, 1940, relative to an opinion as to whether the giving out, to the members of the City Council, of buttons entitling the persons to whom they are distributed to employment by the Department of Public Works as snow shovelers, is consistent with the provisions of section 8 of the City Charter.

Respectfully,

MAURICE J. TOBIN, Mayor.

City of Boston,

Law Department, February 10, 1940.

Hon. Maurice J. Tobin,

Mayor of Boston.

Dear Mr. Mayor,—I have before me your letter of January 20, 1940, transmitting the following order of the City Council passed on January 15, 1940:

Ordered, That the Corporation Counsel, through his Honor the Mayor, be requested to give an opinion as to whether the giving out, to the members of the City Council, of buttons "entitling the persons to whom they are distributed to employment" by the Department of Public Works as snow shovelers, is consistent with the provisions of section 8 of the City Charter.

The words in quotations are the important words in the inquiry.

I find upon investigation that it has been at times the practice of the Public Works Department to employ snow shovelers for emergency employment by the use of snow buttons, so called, distributed in various ways, including the allotting of a specific number to each City Councillor. The issuance of a snow button under this practice is equivalent to employment and the holder of a button upon presentation of it at one of the city yards is put to work and later is paid upon presentation and surrender of the button to a representative of the Department of Public Works. Under these circumstances only one conclusion can be drawn and that is, that a councillor by distributing snow buttons is in fact participating on behalf of the city in the employment of labor. This is in direct conflict with section 8 of chapter 486 of the Acts of 1909, which reads as follows, so far as pertinent:

"Neither the city council, nor any member or committee, officer, or employee thereof shall, except as otherwise provided in this act, directly or indirectly on behalf of the city or of the county of Suffolk take part in the employment of labor, the making of contracts, the purchase of materials, supplies or real estate; nor in the construction, alteration, or repair of any public works, buildings, or other property; nor in the care, custody, and management of the same; nor in the conduct of the executive or administrative business of the city or county; nor in the appointment or removal of any municipal or county employee; nor in the expenditure of public money except such as may be necessary for the contingent and incidental expenses of the city council."

Furthermore, by section 6 of chapter 266 of the Acts of 1885 the executive heads of departments "shall in their respective departments make all necessary contracts for the employment of labor . . ." Therefore, even if a councillor purports to act in his individual or private capacity in distributing snow buttons, and assuming that the head of a department may properly delegate such authority to a person not employed in his department, it would seem that under these circumstances a councillor would be acting for and in behalf of the department head and so indirectly, at least, for and in behalf of the City of Boston in the conduct of the administrative business of the city, involving the expenditure of public money. From this point of view as well, therefore, a distribution of snow buttons under the circumstances outlined in this letter would also be a violation of the provisions of section 8, above quoted.

Very truly yours,

HENRY PARKMAN, JR.,
Corporation Counsel.

Placed on file.

APPOINTMENTS BY THE MAYOR.

The following appointments by the Mayor, subject to confirmation by the City Council, were received:

Weighter of Coal: Dominick DiNicola, 8 Bickford street, Jamaica Plain, Mass.

Constable for term of one year, beginning with first day of May, 1939, without power to serve

civil process and to serve without bond, *vice* Fred J. White, deceased: John Smyth, 28 Kempton street, Ward 10.

Severally laid over a week under the law.

ACCEPTANCE OF STOW ROAD, WARD 18.

The following was received:

City of Boston,

Office of the Mayor, February 19, 1940.

To the City Council.

Gentlemen,—I transmit herewith letter from the Chief Engineer of the Street Laying-Out Department relative to your order of January 15, 1940, concerning the accepting and laying out as a public highway of Stow road, Ward 18, under the W. P. A. plan of construction.

Respectfully,

MAURICE J. TOBIN, Mayor.

City of Boston,

Street Laying-Out Department,

January 26, 1940.

Mr. John A. Donoghue, Chairman, Board of Street Commissioners.

Dear Sir,—I return herewith communication from Mr. William T. Doyle, Chief Clerk, Mayor's Office, relative to Stow road in the Dorchester district.

Acting under authority of chapter 323 of the Acts of 1891 and acts in amendment thereto, the Board of Street Commissioners in July, 1913, granted to the owners of a large tract of vacant land authority to open Stow road and adjoining streets, the proposed lines and grades of said streets being satisfactory to the Sewer Department and all the other departments interested.

While the street lines have been followed, the grade agreed on with the Sewer Department as necessary to properly drain this area has, in many cases, been ignored. On Stow road, between Tiverton road and Doone avenue, five houses have been built, two of them substantially to the proposed grade, the three remaining houses being from two to three feet below grade. To make matters worse, garages have been built under three of these houses. The Sewer Department will not allow us to revise the grade to meet conditions as they now exist, declaring that in order to protect the city sewer there must be at least four feet covering.

The present owners of these houses claim to be innocent parties—that they assumed the houses were properly placed when they bought them; but if we build the street to the grade demanded by the Sewer Department, these owners will be in a position to claim heavy damages, even to the extent of demanding enough to raise the houses involved, which would cost at least \$2,000 per house. Two of these owners have signified, verbally, that they are willing to abandon all claim for damages against the city, if the street is constructed, but I understand they have refused to sign a release to that effect.

Such is the history of Stow road up to date and as long as the Sewer Department persists in demanding at least four feet of covering over its sewer (and I believe they are well within their rights) I do not feel at liberty to recommend that this street be laid out and constructed, as I fail to see just why the city should be called on, or expected to pay damages on houses which were built without regard to the approved and accepted grade, unless we first obtain damage releases suitable to the Law Department from the owners. This is especially true when there are so many streets yet to be constructed where the damages would be slight, if any.

Respectfully,

WILLIAM J. SULLIVAN, Chief Engineer.

Placed on file.

PATROLING OF SOUTH BOSTON BEACHES.

The following was received:

City of Boston,

Office of the Mayor, February 19, 1940.

To the City Council.

Gentlemen,—I transmit herewith letter from the Police Commissioner relative to your order of January 15, 1940, concerning the assignment of a detail of policemen in a cruising car to patrol the South Boston beaches between the hours of 12 and 1 and after school to prevent children from risking their lives on ice floes.

Respectfully,

MAURICE J. TOBIN, Mayor.

City of Boston,

Police Department,

Division No. 6,

January 24, 1940.

To the Superintendent.

Sir,—Relative to the order passed in Council requesting, through his Honor the Mayor, that the Police Commissioner assign a detail of policemen in cruising car to patrol the South Boston beaches between the hours of 12 and 1 and after school to prevent children from risking their lives on ice floes, I respectfully report that such a patrol has been maintained at all times when any hazard to the safety of children is present at the beaches.

This order in Council was undoubtedly entered immediately following the recent tragic occurrence

which resulted in the death of three children. The inference to be drawn is that there is an implied criticism that there was inadequate police protection there at the time of the tragedy. As a matter of fact, the crew of two cruising cars on that day made frequent trips onto the beach and on each occasion drove the boys off the ice. On one occasion while driving the children from the ice at Carson Beach Bath House the officers were jeered at by a group of loafers who were sunning themselves in front of the bath house, for their interference with the children's fun. Needless to say none of these latter were in evidence when the fun turned to tragedy.

There is danger ever present for children where there is any sized body of water, summer and winter, and of this danger the police of this division are fully aware and instructed accordingly to safeguard, as far as possible, the lives of the thoughtless youngsters. I know that their instructions were well carried out on the day of this distressing accident.

It is too much to hope for that the parents of children may now awaken to their responsibilities to the extent of keeping their children from unnecessary exposure to danger, and instill in them a respect for police efforts in their behalf.

Police will conform to the request made in this order in so far as this division is concerned.

Respectfully submitted,

JOSEPH MCKINNON,
Captain, Division 6.

Placed on file.

RECONSTRUCTION OF DILAPIDATED DOCKS AND WHARVES.

The following was received:

City of Boston,

Office of the Mayor, February 19, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the Boston Port Authority Vice Chairman relative to your order of January 29, 1940, concerning the presenting of plans to the authorities of the W. P. A. for the reconstruction of such dilapidated docks and wharves on the Boston waterfront as belong to the City of Boston, and to suggest to private owners the possibility of obtaining R. F. C. funds for that purpose.

Respectfully,

MAURICE J. TOBIN, Mayor.

City of Boston,

Boston Port Authority,

February 2, 1940.

Hon. Maurice J. Tobin,

Mayor of Boston.

Dear Mayor Tobin,—We are this morning in receipt of the following notice from your office:

"City Council order of January 29, 1940, concerning the formulating and presenting of plans to the authorities of the W. P. A. for the reconstruction of such dilapidated docks and wharves on the Boston waterfront as belong to the City of Boston, and to suggest to private owners the possibility of obtaining R. F. C. funds for that purpose."

The order itself reads as follows:

"Councilors M. H. Sullivan and Scannell.

Ordered, That the Boston Port Authority be requested, through his Honor the Mayor, to formulate and present plans to the authorities of W. P. A. for the reconstruction of such dilapidated docks and wharves on the Boston waterfront as belong to the City of Boston, and to suggest to private owners the possibility of obtaining R. F. C. funds for that purpose.

In City Council January 29, 1940. Passed.

Attest:

W. J. DOYLE,
City Clerk."

We are asked to give consideration and report to this order.

The piers owned by the City of Boston are ten in number, including the ferry slips, North End recreation pier and the garbage wharf in the Neponset river. The Boston Port Authority has no jurisdiction over any pier owned by the City of Boston, and it is our understanding that the ten piers in city ownership are under the supervision of the city departments concerned with their use. Also, the Boston Port Authority has no engineering staff, and is not equipped to prepare plans and specifications.

As you are aware, chapter 407 of the Acts of the Legislature, approved June 9, 1938, established a Division of Waterways in the State Department of Public Works, and provided a method for the development of waterfront facilities in Boston Harbor and elsewhere. Under this act the State Department of Public Works is authorized, under certain terms and conditions, to adopt a program of construction and reconstruction of piers and other waterfront facilities at any port of the Commonwealth. This provision of the act is what is known as "the comprehensive plan" provision, and under it the State Department of Public Works has already begun to formulate such a plan for this Port.

Yours very truly,

BOSTON PORT AUTHORITY,
RICHARD PARKHOUSE,
Vice Chairman.

Placed on file.

HOUSING UNIT IN WARD 8.

The following was received:

City of Boston,
Office of the Mayor, February 19, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the chairman of the Boston Housing Authority relative to your order of January 8, 1940, concerning the advisability of the erection of a Housing Unit in the Ward 8 district of Boston.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Boston Housing Authority,
February 10, 1940.

Mr. William T. Doyle,
Chief Clerk, Mayor's Office.
Dear Sir,—This will acknowledge receipt of your communication of January 15 concerning the City Council order of January 8, 1940.
"Ordered, That his Honor the Mayor request the Boston Housing Authority to consider the advisability of the erection of a Housing Unit in the Ward 8 district of Boston."

You are advised that this Authority will be pleased to give further study and consideration to the housing needs of Ward 8 in its continuing over-all study of the housing needs of the city.

Respectfully,
JOHN A. BREEN, Chairman.

Placed on file.

COMPETITIVE BIDDING, ARCHITECTURAL CONTRACTS, HOUSING PROJECTS.

The following was received:

City of Boston,
Office of the Mayor, February 19, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the chairman of the Boston Housing Authority relative to your order of January 15, 1940, concerning the adoption of a policy whereby all future architecture contracts will be awarded to the lowest competitive bidders, in view of the fact that rentals in housing projects are to some extent determined not only by operating expenses but also cost of construction.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Boston Housing Authority,
February 10, 1940.

William T. Doyle,
Chief Clerk, Mayor's Office.
Dear Mr. Doyle,—This will acknowledge receipt of your communication of January 20 concerning the City Council order of January 15, 1940.—
"That the Boston Housing Authority be requested, through his Honor the Mayor, to adopt a policy whereby all future architecture contracts will be awarded to the lowest competitive bidders, in view of the fact that rentals in housing projects are to some extent determined not only by operating expenses but also cost of construction."

You are respectfully advised that all architects chosen for commission by this Authority are chosen in a manner prescribed by the United States Housing Authority, at a fee schedule approved by that body and awarded the commission only on approval of the architects so chosen by the United States Housing Authority.

The method suggested is not one approved by either the United States Housing Authority or the American Institute of Architects, as architectural work does not by its nature lend itself to such procedure. Moreover, it does not conform to the requirements of the United States Housing Act, with respect to prevailing fees.

Respectfully,
JOHN A. BREEN, Chairman.

Placed on file.

ARCHITECTURAL FEES PAID BY HOUSING AUTHORITY.

The following was received:

City of Boston,
Office of the Mayor, February 19, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the chairman of the Boston Housing Authority relative to your order of December 30, 1939, concerning the question of architect fees already paid and agreed to be paid to architects awarded contracts by the Boston Housing Authority.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Boston Housing Authority,
February 12, 1940.

Mr. William T. Doyle,
Chief Clerk, Mayor's Office.
Dear Sir,—This will acknowledge receipt of your communication of January 9 concerning the City Council order of December 30, 1939.—
"That the Boston Housing Authority be advised, through his Honor the Mayor, that the City Council is patiently awaiting an answer from the Boston Housing Authority relative to the question of architect fees already paid and agreed

to be paid to architects awarded contracts by the Boston Housing Authority."

You are respectfully advised that the undersigned, as chairman of this Authority, appeared before the Executive Committee of the City Council and fully answered the request contained in the order. I pointed out at that time:

1. That all architects commissioned by this Authority were chosen by a method prescribed by the United States Housing Authority.

2. That all such architects were paid fees on a sliding scale schedule approved by the United States Housing Authority and the American Institute of Architects.

3. That in establishing such fees, the United States Housing Authority took cognizance of the requirements of the United States Housing Act of 1937, as amended, that "all architects, technical engineers, draftsmen, technicians . . . employed in the development" of a housing project should be paid the wages or fees prevailing in the locality where the project is undertaken (Section 16 (2)).

4. That all such fees were considerably less than the well-established 6 per cent architectural fee in use in private practice and on P. W. A. work.

5. That every architect so chosen had been approved by the United States Housing Authority.

Every requirement of the United States Housing Authority under the terms and conditions of its contract with this Authority has been observed.

Respectfully,
JOHN A. BREEN, Chairman.

Placed on file.

PREFERENCE TO BOSTON CITIZENS IN HOUSING PROJECTS.

The following was received:

City of Boston,
Office of the Mayor, February 19, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the chairman of the Boston Housing Authority relative to your order of January 29, 1940, concerning the arranging with the Federal Housing contractors to give preference in the employment of men to Boston residents, Boston Welfare and Soldiers' Relief recipients and Boston W. P. A. workers.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Boston Housing Authority,
February 10, 1940.

William T. Doyle,
Chief Clerk, Mayor's Office.
Dear Mr. Doyle,—This will acknowledge receipt of your communication of January 29, 1940, concerning the City Council order of that date:

"Ordered, That in justice to Boston's needy unemployed and to the taxpayers, the Boston Housing Authority be requested, through his Honor the Mayor, to arrange with the Federal Housing contractors to give preference in the employment of men to Boston residents, Boston Welfare and Soldiers' Relief recipients and Boston W. P. A. workers."

You are advised that every contract for general construction or demolition of this Authority contains the following provision:

"The Contractor and any sub-contractor shall give preference, in the employment of mechanics, teamsters, chauffeurs and laborers, first to citizens of the Commonwealth who have served in the army or navy of the United States in time of war and have been honorably discharged therefrom, or released from active duty therein and who are qualified to perform the work to which the employment relates; and, secondly, to citizens of the Commonwealth generally and, if they cannot be obtained in sufficient numbers, then to citizens of the United States and shall give preference to veterans and citizens who are residents of the City of Boston."

In addition, and at the request and in cooperation with the Overseers of the Public Welfare, the Authority has also requested all contractors to give every consideration in employment possible to relieve welfare burdens.

From this it can readily be seen that this Authority is fully cognizant of the employment needs of Boston residents.

Respectfully,
JOHN A. BREEN, Chairman.

Placed on file.

BOSTON ELEVATED SHELTERS.

The following was received:

City of Boston,
Office of the Mayor, February 19, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the Boston Elevated Railway President and General Manager, relative to your order of January 29, 1940, concerning the erection of shelters at the corner of La Grange and Centre streets, La Grange and Washington streets and at Weld and Centre streets.

Respectfully,
MAURICE J. TOBIN, Mayor.

Boston Elevated Railway,
February 6, 1940.

Mr. William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Sir,—In reply to your letter of January 31, with order of the City Council, requesting erection of shelters at the corner of La Grange and Centre streets, La Grange and Washington streets and at Weld and Centre streets, I would say that the matter of providing shelters at stopping places and transfer points on the system has been given careful consideration by the trustees, but in view of the expense involved, frequency of service, etc., they do not feel that shelters can be justified.

Very truly yours,
EDWARD DANA,
President and General Manager.

Placed on file.

BUTTONWOOD STREET AS ONE-WAY STREET.

The following was received:

City of Boston,
Office of the Mayor, February 19, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the Boston Traffic Commissioner relative to your order of November 20, 1939, concerning the making of Buttonwood street, Ward 13, one way between Crescent avenue and Columbia road.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Traffic Commission, February 1, 1940.
Hon. Maurice J. Tobin,
Mayor of Boston.

Dear Mr. Mayor,—I have the honor to acknowledge receipt of Council order dated November 20, 1939, which reads as follows:

"Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to make Buttonwood street, Ward 13, one way between Crescent avenue and Columbia road."

The establishment of a one-way rule in Buttonwood street, from Crescent avenue to Columbia road, would cause motorists living in Buttonwood street who desire to reach their homes from the South Boston section to detour a considerable distance and to make two left turns; one at Columbia road and Dorchester avenue and one at Crescent avenue and Dorchester avenue, both of which movements would be very hazardous.

It is our opinion, therefore, that unless a preponderant majority of the residents of Buttonwood street signify their agreement with this proposal by petitioning this commission no action should be taken on the request.

Respectfully yours,
WILLIAM P. HICKEY, Commissioner.

Placed on file.

TRAFFIC LIGHTS, HYDE PARK AVENUE.

The following was received:

City of Boston,
Office of the Mayor, February 19, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the Boston Traffic Commissioner relative to your order of January 15, 1940, concerning the advisability of installing traffic lights at Cummins Highway and Hyde Park avenue, an intersection where several serious accidents have occurred in recent months.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Traffic Commission, February 1, 1940.
Hon. Maurice J. Tobin,
Mayor of Boston.

Dear Mr. Mayor,—I have the honor to acknowledge receipt of Council order, dated January 15, 1940, which reads as follows:

"Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to make a study of the advisability of installing traffic lights at Cummins Highway and Hyde Park avenue, an intersection where several serious accidents have occurred in recent months."

There are no funds available at the present time to this commission for the installation of traffic lights. However, if and when funds are made available this intersection will be given immediate consideration.

Respectfully yours,
WILLIAM P. HICKEY, Commissioner.

Placed on file.

TRAFFIC LIGHTS, GALLIVAN BOULEVARD.

The following was received:

City of Boston,
Office of the Mayor, February 19, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the Boston Traffic Commissioner relative to your order of January 15, 1940, concerning the installation of traffic lights at the junction of Gallivan Boulevard and Washington street, Dorchester.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Traffic Commission, February 1, 1940.

Hon. Maurice J. Tobin,
Mayor of Boston.

Dear Mr. Mayor,—I have the honor to acknowledge receipt of Council order, dated January 15, 1940, which reads as follows:

"Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to conduct a survey with reference to installing traffic lights at the junction of Gallivan Boulevard and Washington street, Dorchester."

At the present time there are no funds available to this commission for the installation of traffic signals. If money becomes available this intersection will be given immediate consideration.

Respectfully yours,

WILLIAM P. HICKEY, Commissioner.

Placed on file.

"STOP" SIGN, WARD 20.

The following was received:

City of Boston,
Office of the Mayor, February 19, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the Boston Traffic Commissioner relative to your order of December 4, 1939, concerning the installation of a "Stop" sign at the corner of South and Centre streets, Ward 20.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Traffic Commission, February 1, 1940.
Hon. Maurice J. Tobin,
Mayor of Boston.

Dear Mr. Mayor,—I have the honor to acknowledge receipt of Council order dated December 4, 1939, which reads as follows:

"Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to install a "Stop" sign at the corner of South and Centre streets, Ward 20."

This location is comprised of the intersection of Centre street, Church street and South street.

We assume that the Council order intends the installation of "Stop" signs in South street, at Centre street, to govern South street traffic entering the intersection. Because of the peculiar layout of the intersection it would be necessary to erect such a sign at a point so far back of the desired stopping point that it could not be effective.

Accurate observations made by this department show that only about 30 per cent of motorists obey "Stop" signs. It is our opinion that the percentage which would obey a sign erected at this location would be much less and that a more dangerous condition than exists at present would be created, because Centre street traffic would assume that all traffic entering the area from South street would stop before entering.

This location is on a list where this commission has recommended the installation of automatic traffic signals when funds are made available for the purpose.

Respectfully yours,

WILLIAM P. HICKEY, Commissioner.

Placed on file.

ONE-WAY STREETS, WARD 2.

The following was received:

City of Boston,
Office of the Mayor, February 19, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the Boston Traffic Commissioner relative to your order of October 30, 1939, concerning the making of Austin and Chapman streets, Ward 2, one way from Lawrence street to Main street.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Traffic Commission, February 1, 1940.
Hon. Maurice J. Tobin,
Mayor of Boston.

Dear Mr. Mayor,—I have the honor to acknowledge receipt of Council order dated October 30, 1939, which reads as follows:

"Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to make Austin and Chapman streets, Ward 2, one way from Lawrence street to Main street."

We have delayed the submission of our report on this Council order in order to make extended field observations of traffic conditions in this section of Charlestown during the winter months.

Our survey and observations show that it would be impracticable to make Chapman street one way because of the congested traffic condition at Chapman street and Rutherford avenue, which would be further aggravated by forcing additional traffic into Chapman street, an inevitable result of the proposed rule.

We do not believe, therefore, that the two streets referred to in the Council order, namely, Austin street and Chapman street, should be made one-way streets.

Respectfully yours,

WILLIAM P. HICKEY, Commissioner.

Placed on file.

TRAFFIC SIGNALS, WARD 20.

The following was received:

City of Boston,
Office of the Mayor, February 19, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the Boston Traffic Commissioner relative to your order of January 15, 1940, concerning the installation of automatic traffic signals at the following locations in Ward 20: Centre street, in front of Holy Name Church; Centre street and La Grange street.

Respectfully,
MAURICE J. TOBIN, Mayor

City of Boston,
Traffic Commission, February 1, 1940.
Hon. Maurice J. Tobin,
Mayor of Boston.

Dear Mr. Mayor,—I have the honor to acknowledge receipt of Council order dated January 15, 1940, which reads as follows:

"Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to install automatic traffic signals at the following locations in Ward 20: Centre street, in front of Holy Name Church; Centre and La Grange streets."

There are no funds available at the present time for the installation of traffic lights. However, if funds become available these intersections will be given immediate consideration.

Respectfully yours,
WILLIAM P. HICKEY, Commissioner.

Placed on file.

TRAFFIC CONTROL SIGNALS, BLUE HILL AVENUE.

The following was received:

City of Boston,
Office of the Mayor, February 19, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the Boston Traffic Commissioner relative to your order of January 29, 1940, concerning the provision for the installation of automatic traffic control devices in conjunction with the proposed widening of Blue Hill avenue, from Seaver street to American Legion Highway, Ward 14.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Traffic Commission, February 12, 1940.
Hon. Maurice J. Tobin,
Mayor of Boston.

Dear Mr. Mayor,—I have the honor to acknowledge receipt of Council order dated January 29, 1940:

"Ordered, That the Traffic Commissioner and Commissioner of Public Works be requested, through his Honor the Mayor, to provide for the installation of automatic traffic control devices in conjunction with the proposed widening of Blue Hill avenue, from Seaver street to American Legion Highway, Ward 14."

During the street reconstruction in Blue Hill avenue, from American Legion Highway to Seaver street, on which work will be started in the spring, it is the intention of this commission to place underground conduit in the intersections of American Legion Highway and Blue Hill avenue and Blue Hill avenue and Glenway street, so that the necessary underground construction will be completed and ready for the installation of traffic signals at both these intersections when funds are made available for the purpose.

Respectfully yours,
WILLIAM P. HICKEY, Commissioner.

Placed on file.

REPLACING OF GAS LAMPS, WARD 13.

The following was received:

City of Boston,
Office of the Mayor, February 19, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the Public Works Commissioner relative to your order of January 15, 1940, concerning the replacing of all gas street lamps in Ward 13 with modern electric lights.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department,
January 29, 1940.

William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Mr. Doyle,—This is in reference to the following order that was passed in the City Council on January 15 of the current year:

"Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to replace all gas street lamps in Ward 13 with modern electric lights."

At the present time there are 23,227 street lights in the city, 9,383 of which are gas. To replace all

existing gas lamps with electric lights in such a manner as to improve the existing street lighting facilities, would necessitate an expenditure that the city is not in a position to assume at the present time.

The average street that is being lighted by gas is very often better lighted than are streets that are being lighted by electricity, due to the fact that gas lights are located on both sides of the street, whereas, in many cases, the electric lights are located only on one side, as the brackets are attached to carrying poles, which, ordinarily, are located only on one side. If it were deemed advisable to locate the electric lights on both sides of a street, the department would be required to pay for the installation of all additional poles, the cost of which varies from \$44.80 to \$54 each. To effect a program that would provide for the replacing of existing gas lamps by installing electric lights on both sides of the street would be prohibitive, in view of the cost.

I contemplate starting to replace in all sections of the city, existing gas lamps with electric lights, in locations where such a change will improve the street lighting facilities and where there will be no additional expense incurred by the city.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

REMOVAL OF COBBLESTONES, MASSACHUSETTS AVENUE.

The following was received:

City of Boston,
Office of the Mayor, February 19, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the Public Works Commissioner relative to your order of January 16, 1940, concerning the removal of the cobblestones on Massachusetts avenue, from the New York, New Haven & Hartford Railroad Bridge, south of Huntington avenue to Beacon street, and to have same resurfaced with smooth type asphalt pavement, said work to be done under the W. P. A. plan of construction; and, further, that this construction work be performed during hours which will not interfere with the normal course of business.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department,
January 29, 1940.

William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Mr. Doyle,—This is in reference to the following order that was passed in the City Council on January 15 of the current year:

"Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to arrange for the removal of the cobblestones on Massachusetts avenue, from the New York, New Haven & Hartford Railroad Bridge, south of Huntington avenue to Beacon street, and to have same resurfaced with smooth type asphalt pavement, said work to be done under the W. P. A. plan of construction; and be it further

"Ordered, That this construction work be performed during hours which will not interfere with the normal course of business."

The resurfacing work as required under the provisions of the above order will have to be done by the Boston Elevated Railway and this department, as the Boston Elevated Railway Company is responsible for the maintenance of the street surface between the street car rails. In view of this, it will be necessary to receive the cooperation of that company, in order that the entire granite block area may be resurfaced with bituminous concrete.

I have taken up this matter with officials of the Railway Company, and they have agreed to conduct a survey, in order to determine whether the existing street surface area, for which they are responsible, is in such a condition as to justify its resurfacing. I feel, however, that regardless of the condition of the surface of the existing granite blocks, traffic movement would be facilitated and the general condition of the street would be greatly improved if the existing granite block areas were resurfaced with bituminous concrete.

I shall keep in touch with the Elevated officials for the purpose of impressing them with the desirability of removing the existing granite blocks, in accordance with the provisions of the above order. I feel that they will agree to cooperate with the city in this matter, and, in view of this, a project for the resurfacing of that portion of the street that is under the jurisdiction of this department is being drafted and will be submitted to the W. P. A. authorities, for their approval, within the next few weeks, in order that the work may start some time in the spring of the current year.

Respectfully yours,

GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

UNDERPASS, BRIGHAM CIRCLE.

The following was received:

City of Boston,
Office of the Mayor, February 19, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the Public Works Commissioner relative to your order of January 29, 1940, concerning the advisability of constructing an underpass for vehicular traffic at Brigham Circle, Ward 10, from a point opposite Smith street to a point opposite Wait street.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department,
February 9, 1940.

William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Mr. Doyle,—This is in reference to the following order that was passed in the City Council on January 29 of the current year:

"Ordered, That the Commissioner of Public Works and Transit Commission be requested, through his Honor the Mayor, to consider the advisability of constructing an underpass for vehicular traffic at Brigham Circle, Ward 10, from a point opposite Smith street to a point opposite Wait street."

The presence of the existing street car line, in addition to the 80-foot width of street that exists on Huntington avenue from Fenwood road to Wait street precludes, at this time, giving any serious consideration to the construction of an underpass.

Even if that section of Huntington avenue which is now only 80 feet wide were widened to a width of 100 feet, which is the minimum width of street that is required to provide sufficient roadway width for a vehicular underpass, the construction of an underpass in the location as specified in the above order would create a hazardous condition to vehicular traffic unless the street cars were removed and bus lines substituted therefor.

If the street cars were allowed to remain, the vehicles upon entering and exiting from the ramps of the underpass would be required to cross, at an acute angle, the path of a street car that might be proceeding along that section of the street, adjacent to the entrance or to the exit of the ramps. It is acknowledged that this type of cross-traffic movement is one to be avoided, unless conditions are such as to make it impossible to do so. To construct an underpass, however, which would introduce this type of cross-traffic movement would be most impractical.

Respectfully yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

COLLECTION OF ASHES AND GARBAGE,
DISTRICT NO. 7.

The following was received:

City of Boston,
Office of the Mayor, February 19, 1940.
To the City Council.

Gentlemen,—I transmit herewith letter from the Public Works Commissioner relative to your order of January 15, 1940, concerning the purchase of at least four additional trucks for use by the Sanitary Division in District No. 7 in order that a more regular and better collection of ashes and garbage may be possible in that district.

Respectfully,
MAURICE J. TOBIN, Mayor.

City of Boston,
Public Works Department,
January 29, 1940.

William T. Doyle,
Chief Clerk, Mayor's Office.

Dear Mr. Doyle,—This is in reference to the following order that was passed in the City Council on January 15:

"Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to include in the budget for the Sanitary Division sufficient funds to allow for the purchase of at least four additional trucks for use by the Sanitary Division in District No. 7 in order that a more regular and better collection of ashes and garbage may be possible in that district."

A substantial appropriation for new equipment in the Sanitary Division has been included in the tentative 1940 budget. It is contemplated replacing trucks that are eight and ten years old and also purchasing a new mechanical street cleaning sweeper and one flusher. No consideration was given to purchasing four additional trucks to be used in Sanitary District 7, as, in my opinion, there is a sufficient number of trucks in that district at the present time to provide regular collections of refuse and garbage.

The collection of refuse and garbage in the Elm Hill district, which formerly was included in District 7, is being done under contract this year. The five trucks formerly used in the Elm Hill district have been transferred to other districts, although the men were allowed to remain in District 7. Under the circumstances, I see no reason why the regular collections cannot be maintained in the current year, without the necessity of adding four trucks.

I have discussed this matter with the local district foreman, and he has informed me that the collections are being made on schedule, and, in fact, have reached the point where there is no necessity of having the men work over five and a half days per week. In the event that any district foreman finds that he is unable to maintain a regular schedule for the collection of refuse and garbage, he has been given specific instructions to engage the services of contractors' trucks and men, in order to help him maintain the regular schedule of collections.

Every effort is being made to maintain regular collections of refuse and garbage, and the small amount of \$100, paid in 1939, to contractors for the hire of trucks and men, in connection with this work, is, in my opinion, ample evidence that the regular collections are being maintained in those districts where the work is being performed by city forces.

Respectfully yours,
GEORGE G. HYLAND,
Commissioner of Public Works.

Placed on file.

APPROPRIATION FOR CEMETERY
DIVISION.

The following was received:

City of Boston,
Office of the Mayor, February 19, 1940.
To the City Council.

Gentlemen,—In the preparation of the 1940 budget provision was made, as in 1939, that \$60,000 of the maintenance expenses of the Cemetery Division of the Park Department should be charged against income of the Cemetery Fund.

Before this income can be utilized it is necessary that an appropriation be made.

I accordingly submit herewith, in accordance with the provisions of chapter 117 of the Acts of 1913, an order providing for the appropriation from the income of the Cemetery Fund in the sum of \$60,000, the same to be utilized in meeting maintenance expenses of the Cemetery Division, and respectfully recommend adoption by your Honorable Body.

Respectfully,
MAURICE J. TOBIN, Mayor.

Ordered, That under the provisions of chapter 117, Acts of 1913, the sum of \$60,000 be, and hereby is, appropriated from the income of the Cemetery Fund, to be expended, under the direction of the Park Commissioner, for Cemetery Division, Maintenance and Improvement.

Referred to Executive Committee.

USE OF FIREMEN IN EMERGENCIES

The following was received:

City of Boston,
Fire Department, February 8, 1940.
Mr. Wilfred Doyle,
City Clerk.

Dear Mr. Doyle,—Upon the advice of his Honor the Mayor, I am forwarding to you a proposed amendment to chapter 15 of the Revised Ordinances of 1925, as submitted to us by the Law Department.

It is my idea in this instance to make possible the calling of the off-platoon to duty in the event of a hurricane or other major disaster in the city. At the present time the ordinance permits us to issue this call only in case of a conflagration.

Will you take care of this for us so that the City Council will make possible to completion of our program for action in case of a major emergency in the city.

Cordially yours,
WILLIAM ARTHUR REILLY,
Fire Commissioner.

Ordinances of 1940

Chapter 15 of the Revised Ordinances of 1925 is hereby amended by striking out section four and inserting in place thereof the following new section:

"SECTION 4. In case of a conflagration or extreme emergency involving a fire hazard, the officer or board having charge of the fire fighting force shall have full authority to summon and keep on duty any or all of the members of the fire fighting force while such conflagration or emergency continues."

Referred to the Committee on Ordinances.

JURISDICTION OVER SUFFOLK
COUNTY JAIL.

The following was received:

City of Boston,
Finance Commission,
February 7, 1940.

Hon. Leverett Saltonstall,
Governor of Massachusetts.

Your Excellency,—As an aftermath of the recent disclosures of conditions in Suffolk County Jail, a controversy has arisen between the Commissioner of Correction and certain officials of the City of Boston as to the extent of the responsibility which each of the numerous officials having some form of jurisdiction over the jail is required or permitted to exercise.

The Finance Commission believes that there is good reason for controversy, since it is extremely difficult, if not impossible, to analyze and reconcile the numerous statutory enactments relating to the subject. This statutory conflict has been used as an excuse by the officials involved for not undertaking the full measure of their several responsibilities. The Finance Commission believes that if any one of them had felt that he had the sole responsibility, he would have had little or no excuse for the neglect with which he has been charged. But the fact that so many officials have been given supervisory power has been used as an excuse by each for his failure to do his duty.

Introduction.

The growth of the County System in the Commonwealth and of the peculiar position in that system enjoyed by Suffolk County, must be understood in order to achieve a clear understanding of the network of conflicting provisions.

The English colonists who landed in Boston in 1630 left in England an integrated system of county government, consisting of a Lord Lieutenant appointed by the Crown, a sheriff, also appointed by the Crown, who was the chief executive agent of the courts and the conservator of the peace, justices of the peace appointed by the Crown, forming in each county a court of *vis prius* criminal jurisdiction, and acting as fiscal and administrative authority in county affairs, commissioners appointed by the county courts to assess taxes, and coroners.

There was no need for such organization in the new colony. But by 1639 county courts of inferior jurisdiction were established, with authority to name their own clerks and other officers, although it was not until 1643 that the four counties of Suffolk, Norfolk, Middlesex and Essex were created. In 1654 the counties were authorized to elect a county treasurer who should apportion and collect the county rates, and the next year the counties were required each to establish a House of Correction.

In 1668, County Commissioners were created, to be appointed by the General Court with the duty of assessing taxes.

The sheriff, meanwhile, who was originally called the "beadle" and, subsequently, the "marshal," had been gradually growing into the chief executive officer of the courts. In 1699 he was made the keeper of the county jail.

So it is clear that at the close of the colonial period (1690) a system of county government patterned on the English model, but adapted to the situation in the new world, had taken distinct form. Of all the present officials, only the auditor was missing. Even the Master of the House of Correction was named as such in 1646. As thus originally constituted, county government concerned itself with the care and housing of the courts, and with the jails and houses of correction, which were their necessary appendages. It was not until about a century ago that duties of county government in relation to highways began.

In the period since the establishment of the Commonwealth, Suffolk has been prone to receive different treatment from the rest of the Commonwealth in county matters. This is due to two important facts.

In 1822 the House of Correction in Boston was made the House of Correction for Suffolk County, under the control of the City Council of Boston, and thereafter its fortunes followed those of the City of Boston, entirely separate from those of the Suffolk Jail, which remained under control of the sheriff, a county official, and subject generally to the same control and regulation as all other county jails. Furthermore, in the same year, if not earlier, the City Council of Boston was authorized to levy taxes for the support of Suffolk County, so long as Chelsea continues not to be liable to taxation for any county purposes. In 1831 Chelsea, which then included both Revere and Winthrop, conveyed to Boston all its interest in county real estate and since then the City of Boston has defrayed the expenses of Suffolk County, owned the real estate of the county, and been vested with the rights and duties of County Commissioners.

Apart from minor changes, the management and control of the Suffolk Jail thus outlined remained comparatively unchanged until in 1879 commissioners of prisons were provided, with substantial duties and powers, who by permutations in 1916 and 1918 were succeeded by the present Commissioner of Correction.

Summarizing the foregoing, the following becomes apparent. In the 17th century the sheriff became the master of the jail and primarily responsible for its care and management. Likewise, in the 17th century, County Commissioners were created and vested with certain powers. In the 19th century the City of Boston became to all intents and purposes the County of Suffolk, creating a unique situation among the county governments of the Commonwealth and absorbed into itself the control of the Suffolk House of Correction, so that for more than a century the sheriff of Suffolk County, unlike the usual situation, has had no control over the House of Correction in his county. Finally, the authority of the Commissioner of Correction over Suffolk Jail is of comparatively recent origin.

Authority and Duties of Sheriff.

The control over the jails given to the sheriff appears in section 16 of chapter 126 of the General Laws as follows:

"The sheriff shall have custody and control of the jails in his county, and except in Suffolk County of the houses of correction therein, and of all pris-

oners committed thereto, and shall keep the same himself, or by his deputy as jailer, master or keeper, and shall be responsible for them. The jailer, master or keeper shall appoint subordinate assistants, employees and officers and shall be responsible for them."

The form of this statute gives the sheriff power to act as both sheriff and master of the jail or to separate the two functions, appointing a deputy to act as master. This is of importance since the Legislature has granted powers to and imposed liabilities upon the jailer as such, whether he be sheriff or deputy.

The sheriff as such has also the specific duty by statute to make reports to the Commissioner of Correction (chapter 127, section 10 as amended), to the Superior Court (chapter 126, section 12), and the power to remove any officer appointed by him to a position of trust and authority in a jail who is known to use intoxicating liquor to excess (chapter 127, section 14, as amended).

Authority and Duties of the Master of the Jail.

The master of the jail, as such, who as previously pointed out, may also be and in many cases is also the sheriff, has many specific statutory duties and powers in addition to the broad powers of control set up in section 16 of chapter 126. He has substantial clerical duties, chapter 127, sections 2, 3, 4, 5 (calendar), 8 (prison book), 9 (invoice book) and 28. Broadly speaking, these sections require that a complete record be kept of a prisoner and his property, and of the expenses of maintenance of the jail. The master is also required to give prisoners a complete physical examination (chapter 127, section 16), but the form in which the records of such examination shall be kept is to be prescribed by the State Board of Health, and the duty of keeping the records themselves is placed upon the Commissioner of Correction (chapter 127, section 17). The master must make and keep measurements of prisoners sentenced for larceny or felony under the Bertillon system (chapter 127, sections 23 and 28). By sections 22 and 35, 38, 87, 88 and 93 of chapter 127, and sections 25 and 33 of chapter 126, details of routine and certain rights of prisoners are specifically prescribed, and he must see that they are carried out and respected. He has certain limited powers in respect of prison industries (see, for example, section 51 of chapter 127), although the Commissioner of Correction, as will be hereafter shown, has the major grant of power in this regard.

Authority and Duties of the Commissioner of Correction.

To the commissioner is given by section 1 of chapter 124 the "general supervision" of the jails, and on him is imposed the duty of making "rules for the direction of the officers of such institutions in the performance of their duties, for the government, discipline and instruction of the convicts therein, for the custody and preservation of the property connected therewith, . . . for teaching prisoners who are committed to a jail or house of correction for six months or more to read and write, for securing proper exercise for unemployed sentenced prisoners in jails and houses of correction, and for securing medical examination and supervision of prisoners in jails and houses of correction punished by solitary confinement." These rules, to be sure, are subject to modification or annulment by the Governor and Council, to whom they must be submitted, but jailers "shall make no rules inconsistent with them."

To define the general supervisory power of the commissioner above set out, the General Court has in section 2 of chapter 124 required the commissioner to "keep informed as to the management and condition of all institutions under his supervision or control," and "to make frequent visits to such institutions" either personally or by one of his deputies and "to investigate the management, condition and discipline of the institutions and the treatment of the inmates, and the books of the said institutions shall be open for his examination."

He is further required by section 6 as amended to make an annual report "setting forth fully and in detail the actual condition on . . . December 31, of each jail."

In addition to the general inquisitorial and visitatorial powers above outlined, the commissioner is given a series of special powers and duties in respect of jails which are scattered here and there throughout the 169-odd sections of chapter 127 of the General Laws. For instance, he has a very considerable degree of control over the industries in the jail (chapter 127, sections 51, 52, 53, 55, 57, 59, 65 and 67); he may institute a system of physical training, including military drill, in any penal institution in the Commonwealth (chapter 127, section 19); he shall classify prisoners committed to jails (chapter 127, section 21); and he has broad and very detailed powers of removal which include removal to and from jails (chapter 127, sections 97-114).

The commissioner has also certain duties in relation to pardons (chapter 127, section 152, as amended) and to discharged prisoners (chapter 127, sections 158-161, and chapter 124, section 4).

Authority and Duties of the Officials of the City of Boston.

Any discussion of the authority and duties of the officials of the city must be divided into two parts: First, a discussion of what they are; and,

second, a discussion of who shall exercise them. For it is in this latter area that the greatest confusion arises.

The authorities and duties of County Commissioners, so far as they relate to jails, are as follows:

By section 1 of chapter 126 "the County Commissioners, shall be the inspectors of the prisons in their counties." The section provides that they shall twice in each year, at intervals of not exceeding eight months, themselves or by a committee of two of their members, visit all the prisons in their county, and fully examine into everything relative to the government, discipline and police thereof; and as soon as may be after each inspection, the committee shall make and subscribe a detailed report to the commissioners of the condition of each prison as to health, cleanliness and discipline at the time of inspection, the number of prisoners confined there within the preceding six months or since the last inspection, the causes of confinement, the number of prisoners usually confined in one room, the distinction, if any, usually observed in the treatment of the different classes of prisoners, the punishments inflicted, any evils or defects in the construction, discipline or management of such prisons, the names of prisoners who have been discharged or pardoned, or who have died or escaped, and any violation or neglect of law relative to such prisoners, with the causes, if known, of the violation or neglect."

It is obvious that the supervisory duties here described parallel closely the duties imposed on the Commissioner of Correction by sections 1 and 2 of chapter 124, except that the commissioner has no duty in regard to construction of the jail and that while his supervisory duties are constant, those of the County Commissioners are intermittent.

By section 2 of chapter 126, County Commissioners are given access to every department of the jail and to all books, accounts and papers, and also are given power to examine on oath any person relative to the affairs or management of the jail.

By sections 35 to 39 of chapter 126, the County Commissioners are permitted to purchase, subject to the approval of the Commissioner of Correction, a county industrial farm to be reclaimed by prisoners, to provide for the housing of prisoners thereon, and to require the sheriff to remove to said farm such prisoners as in the opinion of the commissioners can advantageously be employed thereon, to borrow money for the above purposes, and to levy taxes to repay the money so borrowed.

The duty of providing suitable court houses, jails, houses of correction and other public buildings necessary for the use of the county and its courts is laid on each county by section 3 of chapter 34 of the General Laws. For Suffolk County the duty is laid on Boston. By section 14 and subsequent sections of chapter 34, the County Commissioners are authorized to provide the foregoing buildings, and generally for the repair and enlargement thereof.

Furthermore, the County Commissioners have auditing duties. By section 1 of chapter 35 provision is made for a county treasurer and by subsequent sections his duties and powers are outlined. In section 11 he is forbidden to make payments, with certain exceptions, except upon order drawn and signed by a majority of the County Commissioners.

Furthermore, "the county commissioners may in their discretion and at the expense of the county provide moral and religious instruction for prisoners" in a county jail (chapter 127, section 93).

Finally, "the county commissioners may provide a prisoner released from prison with such amount of money as in their opinion can be wisely used to encourage his reformation" (chapter 127, section 164).

The question next arises as to which officials of the city are entitled to exercise these powers.

Section 4 as amended, of chapter 34, provides that "in Suffolk County the Mayor and City Council of Boston, the municipal council of Chelsea, and the city council of Revere, in their respective cities, and the selectmen of Winthrop in said town, shall, except as otherwise provided, have the powers and perform the duties of county commissioners." As the Suffolk Jail is in Boston, the references to the governing bodies of Chelsea, Revere and Winthrop need not be considered. However, the phrase "except as otherwise provided" introduces the question as to whether the City Council under the Charter Act of 1909 is not deprived of its share of a substantial number of these authorities and duties.

Section 6 of the Charter Act of 1885 provided that the executive powers of the board of aldermen as county commissioners should be vested in the Mayor. Furthermore, by section 12 of this charter the board of aldermen were prohibited from taking any part in "the employment of labor, the making of contracts, the purchase of materials or supplies, the construction, alteration or repair of any public works, buildings or other property, or the care, custody and management of the same, or in the conduct of any of the executive or administrative business of the city, or in the expenditure of public money, except such as may be necessary for the contingent and incidental expenses of the city council or of either branch thereof, nor, except as is otherwise provided in sections one and two, in the appointment or

removal of any officers or subordinates for whose appointment and removal provision is herein before made."

In *Hibbard v. County of Suffolk*, 163 Mass. 34, the Court was obliged to construe the two sections above quoted in an attempt to determine what powers had been transferred to the Mayor by section 6 and what had been retained by the aldermen. The Court decided that the powers of the County Commissioners could be properly divided into executive powers, and non-executive powers—or as it called them "judicial and legislative powers," and that while the executive powers had been transferred, all other powers had been retained by the aldermen. It was held that the language of section 12 above quoted was tantamount to an enumeration of the executive powers of which the aldermen were deprived, and that the two sections should be construed together to achieve the same end.

Although the present charter of Boston (chapter 486 of the Acts of 1909) contains as a successor to section 6 a far less clear delegation of executive powers to the Mayor (see section 5), the provisions of section 12 have been substantially incorporated in section 8, and in section 1 a grant of power made to the Mayor and City Council not substantially different from that contained in section 4 of chapter 34 of the General Laws, above quoted.

In practice, the division outlined in *Hibbard v. County of Suffolk* under the old charter, has been followed under the new, and the City Council has joined with the Mayor in appropriations for county activities in the manner prescribed for its participation in city appropriations and has by a committee of its members inspected the Suffolk Jail and made the report thereon required by section 1 of chapter 126. Why this inspection should be considered as "legislative" or "judicial" in character rather than "executive" is not made clear.

Authority and Duties of the Penal Institutions Commissioner.

The Penal Institutions Commissioner not only has control in his own right over the House of Correction at Deer Island, but also has a hand in the management of the jail. He is the only official entitled to issue permits to be at liberty from the jail (chapter 127, section 128) and to revoke the same and order the arrest of the prisoner (chapter 127, section 149). Similarly, he has the right to parole prisoners, except prisoners held upon sentences of the courts of the United States, from Suffolk Jail (chapter 127, section 141), and to revoke the parole (chapter 127, section 149). Power to discharge prisoners convicted of disorderly conduct or drunkenness and subject to the approval of the convicting court, of night-walkers if satisfied of the likelihood of reformation, is also lodged with the Penal Institutions Commissioner (chapter 127, sections 140 and 143).

Authority and Duties of the Auditor.

The auditor of the City of Boston also has certain powers over the management of the jail. By section 42 of chapter 35 he is made the auditor of Suffolk County. "No bill against said county shall be paid until audited and allowed by him." In addition, he is given by section 23 of chapter 486 of the Acts of 1909 (Charter Statute) the power to inspect and revise all accounts rendered to the County of Suffolk and to prescribe the form in which they shall be rendered and kept. He "may require any person presenting for settlement an account or claim against the county to make oath before him in such form as he may prescribe as to the accuracy of such account or claim." He also "may disallow and refuse to pay in whole or in part, any claim on the ground that it is fraudulent or unlawful, and in that case he shall file a written statement of his reasons for the refusal."

Authority and Duty of the Director of Accounts.

The Director of Accounts of the Commonwealth has also supervisory power in connection with Suffolk Jail but his powers are directed at the control of the County Treasurer, who in the case of Suffolk is the City Treasurer of Boston. By section 44 of chapter 35 he is required to examine the books, accounts and vouchers of the treasurer, make sure that the law is complied with in regard to contracts, and, finally, balance the accounts.

Conclusion.

Confusing as the foregoing summary of the conflicting powers and obligations of the various officials connected with Suffolk Jail may seem, it is comparatively simple compared with these provisions when scattered hither and thither through the General Laws of the Commonwealth and the Special Statutes relating to the City of Boston. The result of over 100 years of tinkering here and there with the law, they need revision, codification and clarification. Any analysis shows certain obvious defects.

The line drawn in the *Hibbard* case between executive and non-executive functions has left some shadowy jurisdiction over Suffolk Jail in the City Council of Boston, a jurisdiction so ill defined that the Council performs no functions whatever in relation to the jail except its occasional visitatorial pilgrimage and report thereon, a function which, in the opinion of the Finance Commission, smacks of executive rather than non-executive character.

In the second place, the city's supervisory functions—by whomsoever exercised—and those of the Commissioner of Correction overlap. For instance, the commissioner is given general supervision over the jail (chapter 124, section 1) and the books of the institution shall be open for his examination (section 2). But almost identical powers, namely, "fully to examine into everything relative to the government, discipline and police of the jail" (chapter 126, section 1), are given to the city officials in the transfer of the powers of County Commissioners generally so far as relates to supervision of county administration in Suffolk County. They likewise, but somewhat more specifically, are entitled to examine the books and accounts of the institution (section 2).

Similarly, there is overlapping and general confusion in regard to the supervision of the financial operations of the jail. Although the sheriff is primarily responsible, the Mayor as the statutory heir of the executive functions of County Commissioners has under section 11 of chapter 35 of the General Laws the duty of signing orders for the payment by the treasurer of the expenses for the jail, and the auditor must audit and allow all bills against the county before they are paid (chapter 35, section 42). In addition, there is an inquisitorial adjunct relating to the examination of accounts attached to the visitational power now exercised by the City Council (chapter 126, section 2), and a similar though less specific right likewise attached to the duty of supervision laid on the Commissioner of Correction (chapter 124, section 2). Close reading of these statutes does not clearly disclose the extent of the supervisory power laid upon any one of these three officials. Each has an indefinite responsibility and as a result "everybody's business is nobody's business."

The result has been most unfortunate.

In 1933 the Finance Commission disclosed in a published report addressed to the Mayor and Council all the types of mismanagement now disclosed by the Commissioner of Correction as existent at Charles Street Jail, except those relating to the handling of prisoners.

The Finance Commission stated:

"It was found that the purchasing methods employed are antiquated and are open to the possibility of abuse though no abuse was found. Purchases are made over the telephone without written order. Purchases are made without competition, and no effective use is made of the bulk purchasing power of the City Supply Department. As a result, the prices paid at the jail are higher than the prices paid by the City Supply Department."

"For instance, in coal purchases the jail paid \$6 per ton for bituminous coal, while the City Supply Department paid \$4.78, and \$12 per ton for anthracite, when the City Supply Department paid only \$10.34."

"The commission believes that money could be saved if the officials of the jail purchased meats, groceries, paints, varnishes, cleaners, hardware, fuel and other large items through the City Supply Department."

"The Finance Commission wishes also to point out a lack of proper records through which a sufficient check can be made of the administrative functioning of the jail, not only for purposes of examining the activities during a year then current, but also for historical purposes and for purposes of comparison. Except for an analysis according to the city budget classifications and a firm ledger kept in detail, there are very few records. Stock records made in the storeroom are destroyed weekly. No annual inventory or periodical listing of supplies and equipment is made. As previously stated, there is no written order for purchases. There is no book upon which receipt of goods can be entered. Weight slips are destroyed. In general, the commission believes that a more thorough system of bookkeeping and analysis of expense should be installed, and that machinery for an adequate inspection of purchases should be set up."

In its annual report to the Legislature in the year following the publication of the above mentioned report, the commission called attention to it and emphasized that nothing had been done in regard to its disclosures.

The Finance Commission recommends that an overhauling of these statutes be undertaken, and is submitting this report to you now in order that you may have ample time to consider it before the convening of the next session of the Legislature.

Respectfully submitted,

CHARLES M. STOREY, Chairman,
JAMES E. MAGUIRE,
DAVID LASKER,
JAMES H. FLANAGAN,
ELIAS F. SHAMON,

The Finance Commission.

Placed on file.

APPROVAL OF BONDS.

The bonds of William T. A. Fitzgerald, Register of Deeds, and Francis P. Butler, John J. Mahoney and John J. Attridge, assistant registers, were received and approved.

APPROVAL OF CONSTABLES' BONDS.

The constables' bonds, having been duly approved by the City Treasurer, of Charles Keane and John F. Goff, were received and approved.

MAYOR'S ABSENCE FROM CITY.

Notice was received from the Mayor of his intended absence from the city from February 8 to February 26.

Placed on file.

PETITIONS RECEIVED.

The following petitions were received and referred to the committees named, viz.:

Claims.

Alden's, Inc., for compensation for damage to car by city truck.

Sydney Barnstein, for compensation for damage to car by crane of Transit Department.

Nicholas John Battite, for compensation for damage to cab by city car.

Boston Society of Redemptorist Fathers, for compensation for damage to property at Parochial School, Smith street, Roxbury, caused by water being shut off.

Ralph Brogna, for compensation for injuries caused by an alleged defect at 28 Somerset street.

William H. Carroll, for compensation for damage to car by car of School Buildings Department.

Winifred Conroy, for compensation for loss of false teeth at City Hospital.

Frances K. Dinneen, for compensation for damage to car by employee of Public Works Department.

Thomas Flaherty, for compensation for injuries caused at Boston City Hospital.

Edward J. Hardin, for compensation for damage to car by city car.

C. W. Henderson, for compensation for damage to car by city truck.

Mrs. Etta M. Josephs, for compensation for injuries caused by an alleged defect at 95 South street.

William H. Leonard, for compensation for damage to car by car of Health Department.

James P. Leydon, for compensation for damage to car by Ladder 24 of Fire Department.

Rosina Matarazza, for compensation for injuries caused by an alleged defect at 71 Bennington street.

William H. McGinty, for compensation for damage to property at 241 Adams street, caused by firemen.

Edmund F. McKenna, to be reimbursed for judgment issued against him.

H. R. Morgan, for compensation for damage to car caused by an alleged defect in Theodore Parker road, West Roxbury.

Rev. Malachi J. Prendergast, for compensation for damage to car caused by an alleged defect in Centre street.

William F. Quinn, to be indemnified for expenses incurred in collision with car.

Ethel L. Ransbottom, for compensation for damage to car caused by an alleged defect in Melrose street and Broadway.

William J. Ronayne, for compensation for collapse of boiler by water being shut off.

Thomas J. Ryan, to be reimbursed for expenses incurred in digging for water pipe.

Frances Zahlaway, for compensation for damage to dress in Assessing Department.

Executive.

Petition of Annie M. McLaughlin, to be paid annuity on account of death of her husband, Joseph H. McLaughlin, late member of the Fire Department.

Petitions for children under fifteen years of age to appear at places of public amusement, viz.: Leo J. and Edith E. Kelleher, Aperia Plaza, February 22.

Edith E. and Leo J. Kelleher, Hotel Bradford, February 18.

Hazel Boone, Lee Auditorium, February 27.

Petition of Timothy J. Sullivan, to be retired under provisions of Laborers' Retirement Act.

BRANCH UNEMPLOYMENT OFFICE.

Coun. ENGLERT and LANGAN offered the following:

Ordered, That his Honor the Mayor confer with the proper state officials relative to keeping open the unemployment branch office in Minton Hall, Hyde Park avenue, Forest Hills.

Coun. ENGLERT—Mr. President, just a word in regard to that order. I have been informed that it is proposed to move the unemployment branch office now located at 4 Hyde Park avenue, Forest Hills, Minton Hall, to 11 Beacon street. I don't think it is a proper thing at this time to have the more than 1,200 people who are now enjoying the little compensation they are getting from the unemployment office, compelled to come down town to 11 Beacon street. It will mean that the 1,200 people who are now accommodated at this particular Forest Hills branch will have to spend 20 cents on carfare when they come in town to report once a week, and it will take practically half a day for them to do it. I certainly hope that the Mayor will confer with the proper state officials relative to keeping that particular branch office open in the interests of the poor people who will be put to that expense and trouble.

Coun. GOODE—Mr. President, I also would like to go on record as favoring that order. Many of my constituents will be affected by this proposed

movement. I am, therefore, heartily in favor of keeping that unemployment branch office in the present location at Forest Hills.

The order was passed under suspension of the rule.

INVESTIGATION OF ISSUANCE OF SNOW BUTTONS.

Coun. COFFEY offered the following:

Ordered, That the Boston Finance Commission be requested, through his Honor the Mayor, to investigate the issuance of buttons for snow work and the hiring of trucks incident to the removal of snow in the East Boston section.

Coun. COFFEY—Mr. President, the reason I ask for this investigation is because when I first became a member here I inquired about these buttons to put men at work on snow removal. I was informed at that time that an order was passed last year taking the button privilege away from the councilors and that the men hired would be hired at the city yards in the order in which they appeared. That was all right as far as I was concerned. So last Thursday morning, when the crowd appeared at my house for buttons, I had a sign on my door which read: "No Buttons. First come first served at the city yard." So I called up the city yard and asked them if they would take the first hundred in the order in which they came, and they told me that they would do so. The sign satisfied the crowd on Thursday, but on Friday Thomas Donoghue, a telephone employee, and Lou Brems, known as the City Greeter, but to us in East Boston known as the famous smutty story teller with the butterfly moustache—and who, by the way, never had a vote in Boston until he was taken off the W. P. A. and given the job he now holds—came into East Boston with hundreds of buttons and gave them out in bar rooms and on street corners. Bartenders were selling the buttons for a couple of dollars each, while hundreds of men with large families were waiting in line at the city yard for hours for a chance to work and earn a few dollars and finally had to turn away without getting that opportunity, not having obtained buttons from Lou Brems or Tom Donoghue, the telephone employee. I might add that half of those employed in East Boston on this work are aliens. So I would like to have the Finance Commission, Mr. President, investigate the issuance of these buttons for snow work and the hiring of trucks incident to the removal of snow in the East Boston section. And I would like to find out if Brems and Donoghue are getting a cut from those who are on the pay roll but who are not even showing up for work. I believe it is high time that there should be an investigation of this matter, when men cannot get work, apparently, unless a cut is given to those who hand out these buttons in bar rooms and on street corners. Personally, it seems to me that the whole thing stinks to heaven.

Coun. WICKES—Mr. President, I am in hearty accord with the councilor from East Boston in this matter. I went to the office of the Public Works Commissioner on Wednesday morning and asked if buttons were to be distributed. I was told absolutely that no buttons were to be distributed. Afterwards I heard that a great many buttons had been distributed in Dorchester, in my Ward 17. I called up the foreman in Ward 17 and asked him if that was true. He said he had received buttons and had given them out. I asked him where they could be obtained, and he said, "I don't know where the buttons are, I gave them out." I agree heartily, 100 per cent, with the councilor from East Boston in this matter.

Coun. HUTCHINSON—Mr. President, the morning after the storm I called up the Public Works Commissioner and the district foreman to see that the work was to be given out fairly, first come first served, and I understood that that was the way in which the matter was to be handled. I called up the foreman in my district and understood that it was to be done in that way. I learned, however, that different ones were picking workers out of the group, and not recognizing them as they came, first come first served. So I called up the Public Works Commissioner and asked him if he had given any such orders, and he said that he had not.

The order was passed under suspension of the rule.

EMPLOYMENT OF BOYS FOR SNOW SHOVELING.

Coun. WICKES offered the following:

Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to take immediate steps to reprimand those in his department who are responsible for engaging boys of high school age to do snow shoveling with the consequent result of depriving able-bodied men, who are of age, getting the work to which said men are entitled. Many of the men so deprived are married and fathers of families and distressingly in need of employment. Be it emphatically requested that the said commissioner take such steps as are necessary to insure the impossibility of such intolerable unfairness again occurring.

Coun. WICKES—Mr. President, I have in my possession the names of eight responsible men, voters of Ward 17, several of them married and fathers of families. This group of men came to me and complained of the outrageous treatment which

I am about to outline, and which resulted in my filing the order which has just been read. On Friday, February 16, at 7 a. m., these men presented themselves at the Public Works Department yard, District No. 9. They stood in line for several hours, awaiting work, and informed me that during that time they saw several boys of high school age, who arrived much later than the aforementioned men, selected from the line and told to report at various places throughout the district where they would be put to work. Meanwhile, these same men were left standing in line for hours, and then finally were dismissed without work. Such treatment of honest men seeking work is attributable either to incompetency in those charged with the distribution of jobs, or to deliberate discrimination and favoritism. After listening to the complaints of these eight men, I went with them on a tour of Ward 17 and discovered that there were many boys, ranging in age from thirteen to sixteen years, who had been engaged by some representative of the Public Works Department to shovel snow. I have the testimony of these eight witnesses to the statements I have just made, and if at any future time it is necessary that they personally testify I am sure that every one of the eight will be glad to do so. Mr. President, I want you and the gentlemen of this Honorable Body to know that in the present instance, and on all future occasions, should they arise, I shall leave no stone unturned to see that justice is done to every single constituent of Ward 17. Conditions such as I have mentioned must be remedied or, with the aid of the people in my ward, I will see that they are remedied. I earnestly request that my honorable colleagues give me their united support in this matter so that those responsible for such intolerable injustices may feel the full weight of the censure they have incurred, and so that they may be made aware of the liability of severe action being taken in the event of other such occurrences.

The order was passed under suspension of the rule.

SNOW REMOVALS.

Coun. WARD, FISH and LYONS offered the following:

Ordered, That members of the City Council supervise all future snow removals and work from city yards.

The order was ruled out of order by the President.

LEGAL OPINION ON DISTRIBUTION OF SNOW BUTTONS.

Coun. CAREY offered the following:

Ordered, That the Corporation Counsel be requested to inform the members of the Boston City Council under what authority snow buttons may be given to anyone who, in turn, may distribute them to others for employment as snow shovelers.

Coun. CAREY—Mr. President, the opinion sent to the City Council today by the Corporation Counsel quotes section 12 of chapter 266 of the Statutes of 1885, as follows:

"Neither the City Council nor either branch thereof, nor any member or committee thereof or of either branch thereof, shall directly or indirectly take part in the employment of labor, the making of contracts, the purchase of materials or supplies, and so forth.

I don't think it is necessary to quote the rest of the section. But there is one thing I would like to call to the attention of the Council, and that is that since that charter was written, the duties of the City Council have changed completely. Today, as it seems to me after an experience of three years in the Body, the sole duty of the City Council is to make contacts for the employment of labor, either public or private. This snow button matter is just one of the ways in which people seek work, and I notice in my district last week, to use the old saying, that practically every Tom, Dick and Harry except members of the Council had snow buttons. I would have liked to distribute buttons to men whom I knew sadly needed the work, but I accepted the word of the Public Works Commissioner that first come would be first served. Beginning Wednesday evening, at about nine o'clock, however, until last night, I was besieged at my home or near City Hall by no less than two thousand people looking for work on snow removal. So it seems to me either there should be a change in the charter to authorize the City Council to take part in the employment of labor, public or private, or the power should be given to some authority to handle it. The purpose of my order is that the Corporation Counsel may be requested to inform the members of the Body under what authority snow buttons may be given to anyone who, in turn, may distribute them to others for employment as snow shovelers. Certainly, it seems to me that if a member of the City Council has not that right no private individual should have it. In my district buttons were given to certain people no one of whom was a public office holder, and I can see no justice either to the Council or to those seeking employment in what we have seen taking place in this city in the last few days. Certainly, it seems to me it is very unjust to the Council not to have this provision of the charter given a little elasticity. I know that in my district I want to handle snow buttons.

I know the people there who need work and who need it badly. I know the family conditions of the men, their necessities, the troubles with which they have to deal day and night, the same as other members of the Council know the circumstances and the needs of their constituents. I feel that we should have a right to have something to say about putting those men at work shoveling snow for three or four days. One of our members has said that young fellows of sixteen or seventeen were shoveling snow. I see no harm in that, necessarily. A number of them have no father and no means of earning a few dollars. That may be the one means they have of earning a little during the school year, in that way providing funds for their graduation and getting a little money that may tide them over. But I do think it is time that this Council should find out from the Corporation Counsel by what authority snow buttons are given out by the Commissioner of Public Works to people who are not members of the City Council and who, in turn, may distribute them to others for employment as snow shovelers, while that privilege is denied to us.

Coun. WICKES—Mr. President, I don't want to have the impression go out that I am not in favor of boys shoveling snow, but I still feel that grown men of twenty-five or more, who have families to support, should be given the preference over high school boys.

Coun. CAREY—I think the high school boys were in the minority, but I believe there have been a few cases that should be looked into. No doubt there were some of those boys who got snow buttons that should not have; but I do sympathize with young boys of sixteen or seventeen, who may be going through high school, but who are trying to render some assistance to their families.

Coun. GOTTILIEB—Mr. President, there has been much discussion in this Body relative to the question of who has the right to give out buttons. If the City Council does not have that right, under a legislative act, I cannot see why people who are in the employ of the city or outside of the city employ, should have that right. I maintain, in the interest of fair play, and in order that there shall be no favoritism in behalf of certain men seeking work as against others, that no city official or city employee, no member of the Legislature or of the City Council, should have the right to favor his own, but that the solution is this, that there should not be any buttons issued. The Corporation Counsel has ruled that it is illegal for us as members of the City Council to have any hand in the matter, and I say that the buttons should not be issued by the Mayor's office, the Public Works Commissioner, or any other member of a city department. These men seeking work should go to the yards in their various districts and apply for work and be accepted, hired for the job, when they present themselves. Only in that way will citizens of Boston who need work obtain it in a proper way, not waiting for hours and not getting the work because nobody is interested in them, not being singled out and given a preference they do not deserve, but being placed on the first-come first-served basis.

The order was passed under suspension of the rule.

DISTRIBUTION OF SNOW SHOVELING JOBS.

Coun. CHASE offered the following:

Ordered, That his Honor the Mayor be requested to adopt a system whereby emergency snow shoveling jobs will be equitably distributed amongst the citizens of the twenty-two Boston wards.

Coun. CHASE—Mr. President, this "button, button, who's got the button" is a question that arises every year in this Body, and that apparently will arise after every snowstorm unless the Mayor works out a system whereby the citizens of the various twenty-two wards will have the right to secure work on the ground that they reside in certain wards and that the people in those wards are entitled to certain jobs. That is the only way in which this question can be properly settled. Apparently, the present system is such that it is quite possible that 3,000 men from one ward may be given jobs, whereas in the adjoining ward there may be only 200, and, naturally, the people living in the ward receiving the smaller number of jobs will go to their councilor and protest that "Councilor So-and-So is given ten jobs for every one job you are given." Obviously, the councilor thus spoken to will be excited and will go down and raise the dickens with the Public Works Commissioner and the Mayor. That sort of thing will probably continue to arise unless a better system for dealing with the problem is worked out by the Mayor. Therefore I have introduced this order.

The order was passed under suspension of the rule.

BUTTON SYSTEM IN SNOW REMOVAL.

Coun. TAYLOR offered the following:

Ordered, That his Honor the Mayor be requested to instruct the Public Works Commissioner to abolish the button system in giving employment to snow workers.

Coun. TAYLOR—Mr. President, two of the previous speakers have mentioned something that is very pertinent to this order. Since I have been

a member of the Council, each year we have had the same trouble and always have had a wrangle in the Council in regard to the giving out of snow buttons. Some of the members wanted the power and some did not. Some said that they did not want the responsibility,—not that the members wanted to shirk responsibility, but they felt that when fifty buttons were given to each member of the Council, the number was so small that they would be entirely unable to satisfy those coming and looking for work. They did not care to accept the responsibility of discriminating against certain men and favoring others. It appears to me that the button system has been continually abused. Some undeserving men get buttons, and others who are deserving do not. Certain ones get buttons and distribute them to their friends. In other words, discrimination and favoritism are apparently unavoidable. The button system should be abolished and some more equitable system should be worked out. If it is abolished, we will never be bothered again. At the same time, while we have been criticizing the distribution of buttons, nothing has been said about the trying conditions of the past few days in the City of Boston. We have had a 15-inch snowfall that has paralyzed the community. The Mayor went to Florida to get a little rest from city affairs, but conditions here were so bad that he was obliged to come back. I personally want to compliment the Mayor for doing what he has done under trying conditions. There are various discontented people in the City of Boston today clamoring for the heads of the City Council or of Mayor Tobin. They think that we are responsible for this unusual snowfall, and because the streets are not cleaned off in two or three hours they are ready to condemn the Mayor and the City Council, while we all know that today in this city, because of the unusually excellent work that has been done, there are few streets certainly in the downtown section of Boston that people are unable to get through. I have just been reading about New York City, the largest city in the country, and with more wealth than any other city, where they had only a 7-inch snowfall and all they were able to do was to clean the main streets and not the side streets. I think we should all congratulate the Mayor for the fine job he has done in the City of Boston.

Coun. LANGAN—Mr. President, I don't think there is a member of the Council who does not realize the predicament in which the Mayor found himself as a result of the snowstorm, and does not feel that he is entitled to great credit for the way in which he has met the emergency facing the city. We all realize the difficulties that had to be met, because of interference with city functions and with the unemployment conditions and other problems facing our city. The streets of the city were naturally congested, the Fire and Police Departments were faced with their problems, and the Public Works Commissioner was looking for snow shovelers to relieve the conditions with which we were confronted. We all recognize those facts, and we also know that by no possible means could the condition of those looking for work be entirely alleviated. We realize that probably five times as many were looking for snow shoveling jobs as could be accommodated. Every member of the Council wanted to be fair and I can honestly say that I feel that the Commissioner of Public Works wanted to be fair, and that the foremen in the city yards wanted to be fair. But quick action had to be taken and it was impossible to pick out the individuals who most needed the work. It was an emergency job and had to be done at once. There was no means at our disposal to pick out the most worthy cases in the different wards. No doubt in many cases certain men were taken when others needed the work more. But that has all gone by the board. I do think that in the future we should try to devise another system whereby in all fairness those most entitled to the work shall be in a position to receive it. I think every member recognized the herculean task confronting not only the City Council but the individual heads of departments who had to deal with this storm, and I suggest that the whole problem, under the circumstances, must be looked at from the broad point of view. We have to recognize that it was an extraordinary storm, and plan for the future when similar emergencies may arise.

Coun. SCANNELL—Mr. President, I heartily agree with my colleague from Ward 12 (Coun. Taylor) and the last speaker, that the Acting Mayor, the Mayor of Boston and the Public Works Commissioner should be publicly congratulated and commended for the fine work that they have done in the interest of the city. I know conditions in South Boston; I know that the people of my district were treated fairly and squarely. The storm covered a wide territory, and I dare say that no city in the East where snow removal was necessary has done a better job than has been done by the City of Boston. Therefore, I want to go on record with my colleagues as commending the Acting Mayor, the Mayor of Boston and the Public Works Commissioner for the fine work they have done in this emergency.

Coun. WARD—Mr. President, I would like to join in the sentiments expressed by the gentleman from Ward 12 (Coun. Taylor), the gentleman from Jamaica Plain (Coun. Langan) and the gentleman from South Boston (Coun. Scannell). I do not believe that some of the criticisms that have been made in certain organizations in the city are warranted, under the circumstances. Possibly some of the critics feel that they could have handled the

snow-form in a better manner. To them I would like to commend this little bit of poetry:

"It is easy to sit in the sunshine and talk to the man in the shade,
It is easy to float in a well-trimmed boat and point out the places to wade;
It is easy to tell the toiler how best he might carry his pack,
But no man can know the burden's weight until it has been on his back."

I commend that to some of these fraternal and taxpayers' organizations that meet in different halls in Boston, when they are critical of what the Mayor and the Commissioner of Public Works have been trying to do to relieve the storm conditions in our city.

Coun. COFFEY—Mr. President, I don't know whether the gentleman taking his seat is referring to the order I first put in today, but I want to say this, when councilors refer to the good job that has been done. A good job might have been done in some sections, but I know that in East Boston bad conditions still remain. Two of the streets over there, one an artery of the town, are still piled up with snow on one side. And, while I don't want to go on record as saying that I want buttons, I do object to the way in which the buttons have been given out. I was informed that it was a case of first come first served, but I found that representatives in my district each had fifty buttons, while I have not seen one. I want to know where they got their buttons. I called up Lou Brems and he denied that he was responsible for the giving out of buttons over there, but I know, as a matter of fact, that buttons were brought to East Boston and distributed in bar rooms and on street corners, and were sold by bartenders. I know that to be a fact. The order was passed under suspension of the rule.

FIRE HOUSE IN NORTH END.

Coun. RUSSO offered the following:
Ordered, That the Fire Commissioner be requested, through his Honor the Mayor, to formulate plans for the erection of a firehouse in the North End of Boston.

REOPENING OF HAYMARKET RELIEF STATION.

Coun. RUSSO and GALVIN offered the following:

Ordered, That the Hospital Trustees be requested, through his Honor the Mayor, to reopen the Relief Station at Haymarket square and maintain a first-aid station, with ambulance and all other necessary facilities, twenty-four hours per day, including Sundays.

Coun. RUSSO—Mr. President, my first order, for the erection of a fire house in the North End, is offered for the reason that the fire house on Salem street is inadequate, and does not have a proper exit in case of fire. That became particularly manifest after the last snowfall. Today the streets down there are all piled with snow, and there have been several fires in the vicinity, and the fire engines have been unable to get out without great difficulty. I feel that a new fire house should be built in that section of Boston, in a place where there will be adequate exits in case of fire. I realize the economic problems of the City of Boston, but I feel that when it comes to a question of saving human life economy should be out. I therefore hope this order will pass. On my second order, I wish to state that, while this is a time when economy is required, the necessity for the reopening of the Relief Station in Haymarket square is too great to be overlooked. That Relief Station has been closed for some time. There have been many requests, not only from the people of my district but from citizens outside, that the Relief Station should be reopened. I believe it is necessary to have a first-rate station there, because we have in that district men who work in the market section and who are engaged in other business where they are apt to be injured by machinery, who day in and day out are getting hurt and who require the services that can be obtained in relief stations. Through the reopening of the station there is no question that many lives will be saved. I hope, therefore, that his Honor the Mayor and the trustees of the City Hospital will realize that they have made a mistake that should be rectified, and will reopen the Relief Station in the North End of Boston.

The orders were passed under suspension of the rule.

FACILITIES AT GEORGE WRIGHT GOLF COURSE.

Coun. GOODE offered the following:
Ordered, That the Park Commissioner be requested, through his Honor the Mayor, to advertise the facilities and opportunities for winter sports and recreation at the George Wright Golf Course, by requesting the Chamber of Commerce, Boston Elevated Railway Company, Massachusetts Industrial Commission, sports writers of Boston newspapers and other agencies to give publicity to the free opportunities available to residents of Boston.

Coun. GOODE—Mr. President, now that the snow has brought to our mind so directly our facilities and opportunities for winter sports, I would like to extend, on behalf of the people of my ward, an invitation to everybody to come out to the George Wright Golf Course and avail themselves of its opportunities for winter sports and recreation. The Park Department has gone to additional expense to place the course in condition for winter sports, and there are facilities for skating, snowshoeing, skiing and tobogganing, an opportunity which all the residents of Boston who are interested in winter sports should avail themselves of. We trust, now that the chance is offered, all will take advantage of it. That is the reason why I have offered this order, requesting the Park Commissioner, through the Mayor, to advertise the facilities and opportunities of such winter sports and recreation at the George Wright Golf Course, requesting the Chamber of Commerce, the Boston Elevated Railway Company, the Massachusetts Industrial Commission, the sports writers of Boston newspapers, and other agencies to give publicity to the free opportunities available to residents of Boston.

The order was passed under suspension of the rule.

REPORT OF COMMITTEE ON RULES.

Coun. LANGAN, for the Committee on Rules, submitted the following:

Report on order (referred January 29) that position of telephone operator to Council be established at annual salary of \$1,600.

The report was accepted, and, on motion of Coun. D. F. SULLIVAN, the matter was referred to the Committee on Ordinances.

Coun. CAREY—Mr. President, I rise to a point of information. I would like to ask what effect the acceptance of the report of the Committee on Rules will have on the Committee on Ordinances.

President GALVIN—It will have no effect. It merely discharges the Committee on Rules.

BETTER BUS SERVICE, WARD 17.

Coun. WICKES offered the following:
Ordered, That his Honor the Mayor be requested to ask the President of the Boston Elevated Railway Company to run buses at more frequent intervals on the Norfolk street, the Fairmount and Morton street lines, due to the fact that a general dissatisfaction with present conditions on said lines is being manifested by the community of Ward 17 at large.

Passed under suspension of the rule.

EVACUATION DAY PARADE.

Coun. LINEHAN and SCANNELL offered the following:

Ordered, That the City Messenger be, and hereby is, authorized to rope off all streets along the route of the Evacuation Day parade on Saturday, March 16, the expense of same to be charged to the appropriation for City Council, Flags, Ropes and Stakes.

Ordered, That the Police Commissioner be requested, through his Honor the Mayor, to keep all vehicular traffic off the streets along the route of the Evacuation Day parade on March 16.

Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to inspect all streets included in the route of the Evacuation Day parade at the earliest possible opportunity in order that all holes may be filled and the streets cleaned prior to March 16.

Coun. LINEHAN—Mr. President, now that the fireworks that we had earlier in the session are over, I would like to take this opportunity to present a program of real fireworks for the week beginning March 10 and ending March 17. At the close of the week we celebrate, as you know, the Evacuation of Boston by the British, which is the great patriotic day over there in South Boston, which also includes good old St. Patrick's Day, March 17; and we propose this year to celebrate both historic days in real, good old fashion. Under the auspices of the South Boston Citizens Association, a series of pageants and historical exercises and celebrations have been arranged, commencing on March 10 with a pageant of Americanization, opening with a flag raising and being followed by appropriate historical exercises. For the big parade Mr. Edward McCormack, the brother of the Congressman, is to be chief marshal. It will undoubtedly be the best parade that was ever witnessed in the City of Boston, being participated in by many organizations and societies inside and outside of Boston. On the 10th we have scheduled graduation exercises, also, in the South Boston High School. The 11th is open. On March 12 we have a sports night at the Irish American building on Broadway; on the 13th an Irish night at the municipal building. On March 14 there will be a banquet at the Hotel Westminster. On March 15 we are going to offer something exceptional, a "Horribles" parade, starting at 9 p. m. at the Farragut statue and going along Broadway, with fireworks at the Columbus Stadium at 10.30. On March 16 there will be children's shows, at local theaters, at 9.30 a. m.,

and at 11 memorial exercises at Dorchester Heights. At 1 p. m. there will be a road race over the parade route; and at 2 p. m. we will have really the main event of the whole week, with the best parade that has probably ever been seen in this city, of which Edward McCormack, the brother of the Congressman, will be the chief marshal. Organizations and different clubs from all over the Commonwealth will participate. And, of course, we will have open houses all over South Boston. Therefore, my colleague from South Boston and myself extend to you all and to your friends and constituents an invitation to come over to South Boston and witness one of the most wonderful celebrations that has ever taken place in this city. On the 17th besides the usual celebration of the day, there will be church services and a military mass. I hope you and your friends and constituents will all attend.

The orders were passed under suspension of the rule.

START OF EVACUATION DAY PARADE IN WARD 13.

Coun. HUTCHINSON offered the following:
Ordered, That his Honor the Mayor request the Chief Marshal of the Evacuation Day parade to make arrangements to start same from some point in Ward 13.

Passed under suspension of the rule.

Coun. WARD in the chair.

TITLE HOLDERS TO PROPERTIES TAKEN BY HOUSING AUTHORITY.

Coun. CHASE offered the following:
Ordered, That the chairman of the Boston Housing Authority be requested, through his Honor the Mayor, to submit a list of the names and addresses of the title holders to properties taken by the Boston Housing Authority and also the dates that these former property owners acquired title.

Coun. CHASE—Mr. President, I have many reasons for offering that order, one being that I have in mind the fact that the site of the Federal Housing project in South Boston was originally bought by speculators for the purpose of erecting a dog track. But somehow or other it was sold to the Federal Government for a Federal Housing site. I have also in mind the fact that quite a number of people, including a member of the City Council, have charged that there, and in various sections where Federal housing is contemplated in Boston, a number of speculators have secured options on property. I believe, in connection with these housing projects, upon which we have been called upon in the past, the Council should be given all reasonable information, and I certainly feel, in view of the various charges I have heard from the public and from members of the Council, we are entitled to this information. I cannot conceive of land racketeers and speculators being given an opportunity to make money on a proposition sponsored supposedly for the poor of Boston. So I think it is about time that this Body should become alert and demand more facts and information about these so-called better housing projects. I trust that the Council will pass the order.

The order was referred to the Committee on Rules.

CUSTODY OF HEAD HOUSE, SOUTH BOSTON.

Coun. SCANNELL and LINEHAN offered the following:

Ordered, That the Corporation Counsel be requested, through his Honor the Mayor, to draft a bill, for presentation to the next Legislature, providing for the transfer of the custody of the Head House, South Boston, from the Park Department to the Institutions Department, for use as a convalescent home.

Coun. SCANNELL—Mr. President, over there in South Boston, on the beach, we have a building used primarily for a hot dog stand. It is a beautiful building, and I think those convalescing could use it to better advantage.

The order was passed under suspension of the rule.

OVERHEAD PEDESTRIAN RAMP.

Coun. LINEHAN offered the following:
Ordered, That the Commissioner of Public Works be requested, through his Honor the Mayor, to construct an overhead pedestrian ramp from the sidewalk on the Old Harbor Village side of Columbia road to the sidewalk of Columbus Park, the work to be done as a W. P. A. project.

Passed under suspension of the rule.

RECESS.

On motion of Coun. GALVIN, the Council voted at 3.12 p. m. to take a recess subject to the call of the Chair. The members reassembled at 4.15 p. m., and were called to order by Chairman Ward.

EXECUTIVE COMMITTEE REPORTS.

Coun. LANGAN, for the Executive Committee, submitted the following:

1. Report on petition of Timothy J. Sullivan (referred February 19) to be retired under provisions of Laborers' Retirement Act, recommending passage of accompanying order, viz.:

Ordered, That the Retirement Board for Laborers be hereby authorized and requested to retire, under the provisions of chapter 765 of the Acts of 1914, Timothy J. Sullivan, employed as teamster-laborer in the Sanitary Division of the Public Works Department, he having reached the age of sixty-nine and being physically incapacitated.

Report accepted; said order passed.

2. Report on petitions (referred today) for children under fifteen years of age to appear at places of public amusement, viz.:

Leo J. and Edith E. Kelleher, Aperion Plaza, February 22; Edith E. and Leo J. Kelleher, Hotel Bradford, February 18; Hazel Boone, Lee Auditorium, February 27,—recommending that leave be granted under usual conditions.

Report accepted; leave granted under usual conditions.

3. Report on message of Mayor and order (referred today) that \$60,000 be appropriated from income of Cemetery Fund to be expended under direction of Park Commissioner for Cemetery Division, Maintenance and Improvement—that same ought to pass.

Report accepted; said order passed, yeas 21, nays 0.

4. Report on order (referred today) that Boston Finance Commission be requested to investigate issuance of buttons for snow work and hiring of trucks incident to removal of snow in East Boston section—recommending passage of order in following new draft, viz.:

Ordered, That the Executive Committee of the City Council be requested to investigate the issuance of buttons for snow work and the hiring of trucks incident to the removal of snow.

Report accepted; order passed.

Later in the session Coun. COFFEY said:

Mr. President, I asked for an investigation in regard to the giving out of buttons and trucks being put at work in the East Boston section. I would like to know if it is possible for me to withdraw that order?

Chairman WARD—By unanimous consent the order may be withdrawn.

Coun. COFFEY—Mr. President, I ask unanimous consent to make a statement. The reason I am asking to have the order withdrawn is the fact that there is not going to be another meeting for two weeks, and, therefore, the matter could not come up for two weeks, when the usefulness of the order very likely might have passed. We are very likely shortly to have a snow storm similar to what we had last week, and unless this investigation can be had immediately, I see no sense in doing it. With another snow storm more than likely to come, we will find ourselves the next morning in the same position that we found ourselves in last week. That is my reason for withdrawing the order.

There being no objection the order was withdrawn.

5. Report on order (referred January 15) that Police Commissioner reconsider his order reducing number of taxicabs in operation each day, and also increase number of open stands—that same ought not to pass.

Report accepted; order rejected, yeas 8, nays 12:

Yeas—Coun. Carey, Coffey, Goode, Gottlieb, Kelly, Linehan, Shattuck, D. F. Sullivan—8.

Nays—Coun. Chase, Englert, Galvin, Hurley, Hutchinson, Langan, Lyons, Russo, Scannell, Taylor, Ward, Wickes—12.

6. Report on order (referred January 15) that the Finance Commission investigate costs and operating income and expenses of Boston Housing projects—that same ought not to pass.

Report accepted and the question came on the passage of the order.

Coun. CHASE—I suppose it is useless for me to argue the matter before this Body. You all know my argument in detail. But again I would like to reiterate that the Boston Finance Commission now has under investigation the Boston Elevated Railway, and, gentlemen, as I understand it, the reason the Boston Finance Commission is investigating this corporation is because they are endeavoring to find out whether or not the Elevated Trustees are carrying on the business of transportation in the most economical and businesslike manner. There is no allegation of graft or corruption. They are merely endeavoring to give the citizens of Boston the cheapest and most economical method of transportation and, Mr. President, by my request for an investigation of the costs and the administration of the Boston Housing Authority, I am merely asking for this investigation in order that the people, the supposedly poor people, will benefit. Mr. President, if the Boston Finance Commission should show to the citizens of Boston that the Housing Authority is not acting in the most economical manner, if the Finance Commission should investigate and show that there is favoritism going on in the selection of tenants, if the Boston Finance Commission should investigate and find out that there is favoritism in the awarding of contracts, if the Boston Finance Commission should find out that the Housing Authority is not acting in the most economical and businesslike manner, is there any

member of this Body who would deny that such information would be beneficial to the citizens of Boston or that the citizens of Boston would then be in a position to demand that the Housing Authority carry on their business the way any other corporation would carry it on? Mr. President, I say we as the city fathers of Boston have the right to request the Finance Commission to investigate better housing in general in Boston.

Coun. LINEHAN—Will the gentleman yield?

Coun. CHASE—I am sorry, no, not at this point. I say, Mr. President, that the Boston Housing Authority never has given to the City Council an intelligent accounting of its affairs. Every other municipal department in the City of Boston has its books of accounts in the City Auditor's office, but not the Boston Housing Authority. Why all the secrecy concerning that authority? Why not give the citizens of Boston the information they are entitled to? The Boston Housing Authority is no special corporation. It is a public body. It is sponsored with public funds. It is in operation because of the taxes from the people and, Mr. President, the people are entitled to the information that I seek. I hope that this Body will see fit to pass the order.

Coun. TAYLOR—I had hoped that all the discussion had ended in the executive session without the necessity of repetition, but since the councilor from the Back Bay has seen fit to make these remarks on the floor of the Council, I cannot resist repeating a few of my remarks made in executive session. As I stated there, the moneys spent on Federal housing are spent by the Federal Government. We know that they have great investigating bodies. If there was anything wrong in the Boston Housing Authority, they would have investigated it. The esteemed gentleman from the Back Bay (Coun. Chase) repeatedly, time and time again, has got on the floor of this Council voting and talking against housing, desiring at all times to deprive those needy persons who have never had an opportunity to live, who have lived in homes without toilets, who have lived in homes without heat, of such opportunities. Here the Federal Government is giving them the opportunity to live like human beings, and this gentleman from the Back Bay, who perhaps never knew a poor day, wants to deprive those people from receiving this from the Federal Government. He stands upon the floor of the Council and asks for an investigation,—an investigation of what? Why not investigate every department in the city and the state for the same reasons that he gives? Does he give us one concrete piece of evidence that would indicate that the Boston Housing Authority is not doing the right thing? No. Reading between the lines, his only reason is to besmirch the name of the Boston Housing Authority, to try to show the people that something is wrong. I say to you and the councilor from the Back Bay (Coun. Chase), you show me one piece of evidence, and I will be 100 per cent with you. You know you cannot do it, but that your only purpose is to create a smell which perhaps might injure housing in Boston, because you know that the Federal Government still has money to give to Boston and you want to deprive those people of it. I say no member of this Council is going to be a party to that, and I ask that this order be rejected.

Coun. LINEHAN—Mr. President, as I said in the executive session, I personally, with a great many other councilors here, am highly in favor of housing, and why shouldn't I be? I have one site already and another one with buildings being built in my ward. Now, I personally have met many of the people who have gone into Old Harbor Village and have checked up their income. I don't say every one, but I have checked the income of many, and I find in these people in the low income group, which group you call the people who receive \$16 to \$25 a week, or even up to \$30. All types of statistics all over the country compiled by the Department of Commerce, or wherever you get them, will show \$1,000 to \$1,500 is in the low income group, and in almost every case in the Old Harbor Village, with a few exceptions, you find there are very few with over \$30 a week income. Now, coming down to the investigation, the councilor from the Back Bay cites the Boston Elevated. Personally, I cannot see how he can compare them. The Boston Housing Authority has been in existence a couple or three years, I am not quite sure which. They have not had time to really get going and compile any statistics, but the Boston Elevated has been going on for years, a couple of decades, probably fifty years—I don't know how many—but in the case of the Boston Elevated you have a yearly deficit of over \$2,000,000 which almost every citizen in my district and in your district wants an accounting for. They believe there is something inefficiently done in the Boston Elevated. Now, in my district there are many people who do not get the benefit of the housing projects. But while personally they may not get the benefits, in their hearts they get the benefit, and they appreciate what is being done. I say that because I am thinking of the former Councilor Norton from Hyde Park who, time after time in this Council, before I was a member, got up on his feet, even when he saw by a plebiscite that his district was supposed to be against housing, and time after time fought in favor of housing, and what happened to him in the last election? He was overwhelmingly returned the victor, and particularly in his own ward. Doesn't that show what the people really think of housing? Wasn't that some manifestation of what they thought of

it when they sent Councilor Norton into the School Committee by an overwhelming vote after they knew he was positively for housing? I have already said in the other room that I am for honest housing, and I certainly respect the men who are on the Housing Authority. They would not have been appointed and been approved by this Council if they had not proven over the years that they were decent, honest and clean citizens of our city. So I ask the councilor from the Back Bay (Coun. Chase), I ask him again to present one iota of evidence to show there is something wrong going on in the Boston Housing Authority, and if he can show me one specific tangible piece of evidence I will vote for the order, but until he can show me that evidence, I will vote against it every opportunity I get. I am glad to see it brought out in the open so we can voice our views and opinions. The report was accepted.

The order was rejected, the vote on its passage being yeas 6, nays 14:

Yeas—Coun. Carey, Chase, Coffey, Kelly, Shattuck, Wickes—6.

Nays—Coun. Englert, Fish, Galvin, Goode, Gottlieb, Hurley, Hutchinson, Langan, Linehan, Russo, Scannell, D. F. Sullivan, Taylor, Ward—14.

Later in the session Coun. CAREY said:

Mr. President, I would ask unanimous consent to say a few words.

Coun. CAREY was given unanimous consent.

Coun. CAREY—We acted here this afternoon on the order of Councilor Chase asking for a Finance Commission investigation of the administration and operating expenses of the Boston Housing Authority. For the purpose of the record, I wish to say that I have the utmost confidence in the members of the Boston Housing Authority. They are all honorable men. I think that they have done and are doing a good job. I feel they can stand on their own feet. I feel personally that they would perhaps welcome an investigation by the Finance Commission. Inasmuch as the matter was brought into this chamber, I felt I should go along with it, and at this time I would like to make reference to the remarks of the councilor from Ward 7 (Coun. Linehan) in which he referred to the stand taken by ex-Councilor Norton and his glorious victory on November 7. Nevertheless, I would like to inform the councilor and the other members of this Body that Clement A. Norton always stood for investigations. He welcomed them and thought they were a good thing. Feeling as I do, that the Boston Housing Authority members can stand on their own feet and they have done a good job, I felt that the investigation might be a good thing, and for that reason I voted for it.

SOLDIERS' RELIEF.

Coun. ENGLERT, for the Committee on Soldiers' Relief, submitted report recommending passage of order for payment of aid to soldiers and sailors and their families in the City of Boston for the month of February.

Report accepted; said order passed.

FORECAST OF 1940 TAX RATE.

Coun. SULLIVAN and SHATTUCK offered the following:

Ordered, That his Honor the Mayor be requested to furnish the Committee on Appropriations with a forecast of the tax rate for 1940 and of the revenue to be derived therefrom, with itemized estimates of revenue from sources other than real estate and personal property, and of the amount by which it is proposed to supplement revenue from taxes and departmental receipts by loans, in the event that the pending budget is adopted as recommended and that subsequent provision is made for snow removal and for the probable additional appropriations needed for Dependent Aid, Mothers' Aid, Old Age Assistance, and Soldiers' Relief, and in the event that school appropriations are no larger than in 1939.

Passed under suspension of the rule.

THE NEXT MEETING.

Coun. TAYLOR moved that when the Council adjourn it be to meet on Monday, March 4, at 2 p. m.

Coun. COFFEY—I don't think, in the event we are going to have another large snowstorm, that we should postpone our next meeting for two weeks, and I hope that order will not be passed. We may be in here again next week with the same difficulty we find ourselves in today, and I hope we won't adjourn this meeting for two weeks.

The motion was carried.

ORDINANCE RE SUNDAY SPORTS

Coun. GALVIN offered the following:

An Ordinance Concerning Sunday Sports.

Be it ordained, etc.

Section 1. Chapter one of the Ordinances of 1929, concerning professional outdoor sports on the Lord's Day, as amended by chapter one of the

Ordinances of 1931 and chapters one and two of the Ordinances of 1935, is hereby further amended in section one by inserting after the word "games" in the third line of said section the words "or indoor hockey or indoor basketball games."

Section 2. Said chapter one of the Ordinances of 1929, as amended by chapter one of the Ordinances of 1931 and chapters one and two of the Ordinances of 1935, is hereby further amended in clause four of section one thereof by inserting after the word "games" at the end of the third line thereof the words, "or indoor hockey or indoor basketball games."

Section 3. Said chapter one of the Ordinances of 1929, as amended by chapter one of the Ordinances of 1931 and chapters one and two of the Ordinances of 1935 is hereby further amended in clause six of section one thereof by inserting after the word "field" in the second line thereof the words "or building or other structure."

Referred to the Committee on Ordinances.

RESCISSION OF TAXICAB ORDER.

Coun. LYONS and LANGAN offered the following:

Ordered, That the Police Commissioner be requested, through his Honor the Mayor, to amend his recent ruling with reference to the operation of taxicabs so that no individual operating less than five cabs in the suburbs of Boston will be obliged to keep a cab off the streets one day a week.

Coun. LYONS—Mr. President, last month we had the Police Commissioner in here with the leading taxicab companies relative to his new stagger system. At that time I asked the Police Commissioner what would happen to the individual cab owner, or the man who owns one or two cabs in the City of Boston. He claimed that it would step on their toes just the same as it would hinder the leading taxicab organizations, the large organizations here in Boston. Now this was all brought about by him, working as he felt in the interest of the City of Boston to relieve the congestion that is now existent. I can readily understand why the commissioner might act as he did in downtown Boston, where there are the large companies, operating in the vicinity of 300 cabs, and the I. T. O. A. which operates about 240 cabs. But when we come to the suburbs of Boston there is a different situation. Out in my section,—speaking for it, and I think every councilor here who represents a suburb will corroborate me,—I say that the individual who has two cabs or three cabs has to let one of those cabs lie off a week. Now business isn't so great in the suburban areas anyway, that they can well afford to do this. I don't think his order is right. It should be amended to read "except the suburbs of Boston." I can heartily agree with the Police Commissioner where he has eliminated so many cabs in downtown Boston, because the congestion here in the small, narrow streets is very grave and great. Then there have been numerous men come to me who live in my district who have contracts just for their own cabs, themselves, to operate here in Boston, to take care of paymasters and to take care of insurance companies. If they have to lay off their cabs one day a week, they will lose between \$10 and \$12 a day. They do not cruise around the streets picking up odds and ends to make a dollar. They have a permanent job. I don't think his order really does justice to those people, and I hope this Council here will pass this order.

Coun. SHATTUCK—Mr. President, we have already passed a general order on the subject applying to the city as a whole, asking the Police Commissioner to reconsider his ruling. This is an order asking him to do it only for a particular part of the city. I think it is inconsistent with the order we have already passed, and therefore I am opposed to it.

Coun. LYONS—Wasn't that, Mr. Clerk, pertaining to the amendment of the original order of the Police Commissioner?

(The order is read by the clerk.)

Coun. LYONS—Mr. Councilor, would you yield for a question? You say that the order you refer to was acted on two weeks ago?

Coun. SHATTUCK—Mr. President, I was in error, I think, as to its passage. I move that in this order we strike out the words "in the suburbs of Boston."

Coun. HURLEY—Mr. President, I think that the Police Commissioner explained his stand very squarely and honestly when he stated he had given the I. T. O. A. the privilege at that time of defining fleet owners of four cabs or less, but they didn't want that. They didn't want to have the man with one cab or two or four cabs operating seven days a week. I am also opposed to the councilor's order in this respect. Being an ex-taxicab driver and knowing the habits and policies of the cab drivers, although they may live in West Roxbury and operate from West Roxbury, yet at the busy traffic times in Boston, they all head to the center of the city and they do block and congest the city. We hear a good deal of talk about the tax rate. I think the greatest cause of increased taxation and no business in Boston is the congestion in Boston. I think that 50 per cent of the congestion of traffic in Boston is due entirely to cruising cab drivers, who move along the streets at three miles an hour blocking traffic. These cruising cab drivers are not cab drivers who are located at public stands in Boston. They are the cab drivers from Roslindale and West Rox-

bury, Roxbury, Dorchester and the suburbs, who come into Boston at busy times of the day looking for business. I think the order should not pass.

The order was referred to the Executive Committee.

UNEMPLOYMENT COMPENSATION BRANCH OFFICE, ROXBURY.

Coun. DANIEL F. SULLIVAN, CAREY and HURLEY offered the following:

Ordered, That his Honor the Mayor confer with the proper state officials relative to keeping open the Unemployment Compensation Branch office on Warren street, Roxbury.

Passed under suspension of the rule.

REPORT OF COMMITTEE ON LICENSES.

Coun. FISH, for the Committee on Licenses, submitted the following report on petitions for driveway openings:

Petition of City of Boston at 30 Alford street, Ward 2 (referred January 29)—recommending that leave be granted.

Petition of Kenmore Realty Corporation at Ipswich street (referred February 5)—recommending that leave be granted.

Petition of Esther Rubin at 655-665 Commonwealth avenue, Ward 5 (referred February 5)—recommending that leave be granted.

Reports accepted; petitions severally granted.

ACCEPTANCE OF BOYLSTON PLACE.

Coun. ENGLERT offered the following:

Ordered, That the Board of Street Commissioners be requested, through his Honor the Mayor, to accept and lay out as a public highway Boylston place, Ward 11.

Passed under suspension of the rule.

Adjourned, on motion of Coun. HURLEY, at 5:01 p. m., to meet on Monday, March 4, 1940, at 2 p. m.

CIVIL SERVICE EXAMINATIONS. (STATE SERVICE.)

NOTE.—Applicants are advised to file applications early. In event of a tie on the eligible list, the applicant who filed his application first will be given precedence. The list established as a result of these examinations will be used to fill all vacancies in these classifications in the various State departments.

INDUSTRIAL THERAPIST, DEPARTMENT OF MENTAL HEALTH, MARCH 30, 1940

Last date for filing applications, Saturday, March 16, 1940, at 12 noon.

The entrance salary, with maintenance, is \$840 a year; the maximum salary, with maintenance, is \$1,140 a year.

The present vacancy is at the Westboro State Hospital.

Duties: Under supervision to teach patients in a State Hospital furniture making, repairing and finishing, and other related work as required.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

PHYSIOTHERAPIST, DEPARTMENT OF MENTAL HEALTH, MARCH 30, 1940.

Last date for filing applications, Saturday, March 16, 1940, at 12 noon.

The entrance salary, with maintenance, is \$1,080 a year; the maximum salary, with maintenance, is \$1,320 a year.

At the present time, there are two vacancies—one at the Taunton State Hospital and one at the Worcester State Hospital.

Duties: Under immediate supervision, to administer treatment in one or more or all the various branches of physio-

therapy, including remedial exercise, massage, hydrotherapy, electrotherapy and mechanotherapy, X-ray or other heat or light producing apparatus; to note and report upon the condition of patients under treatment and to perform related work as required.

Entrance Requirement: Applicants must have one year of full-time, paid, satisfactory experience as a physiotherapist.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

SUPERVISOR OF MACHINERY, METRO- POLITAN DISTRICT COMMISSION, MARCH 30, 1940.

Last date for filing applications, Saturday, March 16, 1940, at 12 noon.

The entrance salary is \$2,940 a year; the maximum salary is \$3,480 a year.

Duties: General supervision over the operation, repair, maintenance, assignments and transfers of all internal combustion equipment and apparatus in all divisions of the commission. General supervision over such stationary equipment as laundry machinery, heating and plumbing, garage equipment, pumps, compressors, irrigation systems, electrical apparatus, etc. The preparation of specifications for procurement of automotive equipment of all classifications, the study of the relative desirability of equipment on which bids are submitted and the writing of recommendations on the award of contracts for the purchase of such equipment. Supervision over a system of cost accounting and performance records for all pleasure cars, trucks, tractors, road rollers, power shovels, power lawn mowers, spraying machines, air compressors, power graders and other road machinery, golf course equipment, motor sweepers, patrol wagons, ambulances, catch-basin cleaners, etc. Supervision over the selection, procurement and operation of snow-removal equipment, inspection of privately owned snow-removal equipment to determine suitability, and preparation and negotiation of contracts for the rental of such equipment. Supervision over all inspections required by state or local laws and ordinances for motor-driven equipment, boiler inspections, air-receiver inspection, etc., and the responsibility for a strict compliance to all such regulations. Assignment to other miscellaneous duties of a related nature to the foregoing as they may arise from time to time.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: At least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

THE NOISE NUISANCE.

That city officials are serious about eliminating noise is noted from studies of new anti-noise ordinances enacted by a growing number of municipalities listed in the "United States Municipal News," bulletin of the American Municipal Association and the United States Conference of Mayors. Among the more important of these cities are Philadelphia, Gary, Ind., Louisville, New York and Boston.

CITY DEPARTMENTS GET INSTRUCTIONS IN COURTEOUS SERVICE TO PUBLIC.

The Municipal Survey Committee, through the office of the Mayor, urged the following procedure in City Departments in meeting the public:
BOSTON, February 19, 1940.

DEAR _____
Your attention is directed to General Instructions No. 1 accompanying circular letter No. 10, dated April 6, 1938, and relating to Handling of Office and Telephone Contacts and of Correspondence.
"It should be remembered that the public is entitled to and expects courteous, friendly treatment."
". . . the surest ways to a friendly and appreciative public are competence and courtesy. To do our work well must be our first objective; to do it in a pleasing and friendly way must be our second."
"Under no circumstances is it ever justifiable for the employee to speak discourteously, or in an unfriendly or sarcastic manner."
"The heart of good government is to treat all citizens exactly alike with every citizen able to obtain the maximum benefit that may come to any, simply by following the normal procedure for doing business with the City."
These are only some excerpts from the original letter.
It is our suggestion that the original letter, a copy of which is inclosed here-

with, should be reviewed in its entirety with your department and it should be ascertained that the instructions contained therein are continued in effect.

Very truly yours,
LEO T. FOSTER, *Director.*
FREDERICK MONCEWICZ,
Assistant Director.

It is expected that the inclosed Circular 10 will be reviewed by responsible supervisors with all persons under their immediate direction, and General Instructions Number 1 with all those having business contacts with the public, by reading them aloud and then calling for any questions or discussion that may properly follow.

It is further expected that the supervisor of each group shall obtain the signature of each member of his group on a form similar to that shown below, indicating that such employee has heard or read Circular 10 and General Instructions Number 1. This roll should be retained in the files of the supervisor for future reference.

Department heads will report to this office by March 15, 1940, on this form, the name and signature of every supervisor or administrative officer who has complied with this request.

Name of Department. _____
Signature of Department Head. _____

Name of Supervisor.	Division or Section.	Administrative or Supervisory Capacity.	My Signature Herewith Means That I Have Complied With the Above Request on General Instructions Number 1.

CIVIL SERVICE EXAMINATIONS. (STATE AND CITY SERVICE.)

SCHOOL MATRON, BOSTON SCHOOL DEPARTMENT, MARCH 30, 1940.

Last date for filing applications, Saturday, March 16, 1940, at 12 noon.
Salary: \$22 a week.

Duties: To have charge of the health rooms. To assist the school physicians in the annual physical examinations of pupils and at such other times as may be required. To annually weigh and measure pupils, and oftener for undernourished children. To render first aid treatment when necessary and care for ill pupils who go to the health room. To attend the physicians in daily clinics. To supervise locker and lunchrooms daily. To keep records of health room cases and of dismissals of pupils because of illness, and perform such other clerical work in connection with the health room as the head masters may request.

Entrance Requirements: Applicants who have not reached their thirtieth birthday or have passed their fiftieth birthday will not be eligible to apply. A certificate of date of birth must be filed with the application unless one has been filed with a previous application.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject of the examination in order to become eligible.

Physical fitness to be determined by physical examination.

NOTE.—Information concerning the results of this examination will not be available until at least sixty days after the examination has been held. If the eligible list is established in the meantime, all applicants will be notified.

CITY OF BOSTON.
SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING GROCERIES, CANNED GOODS, ETC.

The Supply Department of the City of Boston invites proposals for furnishing groceries, canned goods, etc., as per specifications contained in proposals which may be obtained at the office of the Supply Department, Room 1001, City Hall Annex. The bidder must leave his proposal with a certified check for \$300, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. ENVELOPES CONTAINING BIDS TO BE SEALED AND PLAINLY MARKED "PROPOSAL FOR GROCERIES, CANNED GOODS, ETC." There will be a charge of twenty-five cents (\$0.25) for each blank proposal taken out. The bids will be publicly opened and read Wednesday, March 13, 1940, at 12 m., at Room 1001, City Hall Annex. The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

JOHN A. BREEN,
(March 2.) *Superintendent of Supplies.*

NOTICE TO CONTRACTORS.

HELP ABSORB THE UNEMPLOYED.

Workers for all branches of industry or business can be secured at the Municipal Employment Bureau, 25 Church street, Boston. Tel. LIBerty 8607-08-09.
STEPHEN J. HUGHES, *Director.*

FREE SERVICE TO EMPLOYERS AND APPLICANTS.

THE SCHOOL COMMITTEE OF THE CITY OF BOSTON.

ADMINISTRATION BUILDING, 15 BEACON STREET,
OFFICE OF THE BUSINESS MANAGER.

PROPOSALS FOR FURNISHING PENCILS, PENS, PENHOLDERS, CHALK, INK, NOTEBOOK COVERS AND OTHER ITEMS FOR THE BOSTON PUBLIC SCHOOLS.

The School Committee of the City of Boston invites bids for furnishing and delivering at the Supply Room of the School Committee, 440 Brookline avenue, Boston, pencils, pens, penholders, chalk, ink, notebook covers and other items as per schedule. Proposal forms, for which a charge is made, are obtainable at the office of the Business Manager of the School Committee, 15 Beacon street, tenth floor. Envelopes containing proposals must be sealed and plainly marked "Proposal for Pencils, Pens, Penholders, Chalk, Ink, Notebook Covers and Other Items." The bid must be in duplicate. One copy signed by the bidder and accompanied by a certified check for \$50, payable to the City of Boston, must be left at the office of the Business Manager on or before 12 o'clock m. on Monday, March 18, 1940. Copies filed with the Business Manager will be publicly opened and read at 12 o'clock m. of the day stated. The other copy, also signed by the bidder, must be filed with the City Auditor, City Hall, Boston, Mass., previous to the time named for the opening of the bids. The School Committee reserves the right to reject any or all bids and to accept the bid or bids which it deems best for the interests of the city. The successful bidder will be required to furnish a bond for not less than 50 per cent of the amount of the contract.

ALEXANDER M. SULLIVAN,
Business Manager of the School Committee.
(March 2.)

CITY OF BOSTON.
SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING 45 PER CENT TO 55 PER CENT ASPHALTIC ROAD OIL TO THE PUBLIC WORKS DEPARTMENT.

The Supply Department of the City of Boston invites proposals for furnishing 45 per cent to 55 per cent asphaltic road oil to the Public Works Department, as per specifications contained in proposals which may be obtained at the office of the Supply Department, Room 1001, City Hall Annex. The bidder must leave his proposal with a certified check for \$200, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. ENVELOPES CONTAINING BIDS TO BE SEALED AND PLAINLY MARKED "PROPOSAL FOR ASPHALTIC ROAD OIL." There will be a charge of twenty-five cents (\$0.25) for each blank proposal taken out. The bids will be publicly opened and read Monday, March 11, 1940, at 12 m., at Room 1001, City Hall Annex. The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

JOHN A. BREEN,
(March 2.) *Superintendent of Supplies.*

LAND-TAKING IN HYDE PARK.

The Mayor has approved the order of the Board of Street Commissioners for the taking for sewerage works the lands, rights and easements hereinafter described. Said lands are shown on a plan marked "City of Boston, Plan No. 1231, Sewerage Works, Belnel Road, Coronado Road, Friendship Road, Hopewell Road, Hyde Park, January 2, 1940, William J. Sullivan, Chief Engineer, Street Laying-Out Department," deposited in the office of the Public Works Department of said city, and said lands, rights and easements and said works to be constructed are as follows:

The right and easement is taken to lay and maintain sewerage works in the following described lands, exclusive of any interest in trees, buildings or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city; trees, buildings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within sixty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston formerly Hyde Park and are bounded as follows:

Coronado Road.

A parcel of land, owners unknown, being part of the private way known as Coronado road, bounded:

Northerly by the line of Coronado road, as it now exists, two hundred seventy-two and 42-100 feet; northwesterly by the same, fifteen and 71-100 feet on a curve of 10-foot radius; easterly by Osceola street, eighty-four feet; southwesterly by the line of Coronado road, fifteen and 71-100 feet on a curve of 10-foot radius; southerly by the line of Coronado road, three hundred six and 89-100 feet; southeasterly by the line of Coronado road, eleven and 81-100 feet, westerly by the line of Belnel road, ninety and 80-100 feet and northeasterly by the line of Coronado road, thirteen and 60-100 feet.

The sewerage works to be constructed are as follows:

There is to be constructed 212 linear feet of 12-inch pipe surface drain and two catch-basins.

No betterments are to be assessed for the making of the aforesaid improvement.

Friendship Road.

A parcel of land, owners unknown, being part of the private way known as Friendship road, bounded:

Northerly by the line of Coronado road, as it now exists, three hundred eighty-three and 30-100 feet; northwesterly by the same, fifteen and 71-100 feet on a curve of 10-foot radius; easterly by Osceola street, eighty-four feet; southwestwesterly by the line of Friendship road, fifteen and 71-100 feet on a curve of 10-foot radius; southerly by the line of Friendship road, four hundred twenty-six and 29-100 feet; southeasterly by the line of Friendship road, ten and 98-100 feet; westerly by Belnel road, ninety-four and 36 100 feet and northeasterly by the line of Friendship road, twenty and 44-100 feet.

The sewerage works to be constructed are as follows:

There is to be constructed 326 linear feet of 12-inch pipe surface drain and two catch-basins.

No betterments are to be assessed for the making of the aforesaid improvement.

Hopewell Road.

A parcel of land, owners unknown, being part of the private way known as Hopewell road, bounded:

Northerly by the line of Hopewell road as it now exists, five hundred eighteen and 40-100 feet; northwesterly by the same line, fifteen and 71-100 feet on a curve of 10-foot radius; easterly by Osceola street, eighty-four feet; southwesterly by the line of Hopewell road fifteen and 71-100 feet on a curve of 10-foot radius; southerly by the same, five hundred forty-three and 16-100 feet; southeasterly again by the same fifteen and 14-100 feet; westerly by Belnel road ninety-two and 51-100 feet and northeasterly by the line of Hopewell road twenty and 44-100 feet.

The sewerage works to be constructed are as follows:

There is to be constructed 592 linear feet of 12-inch pipe surface drain and three catch-basins.

No betterments are to be assessed for the making of the aforesaid improvement.

Belnel Road.

A parcel of land, owners unknown, being part of the private way known as Belnel road, bounded:

Northerly by Poydras street, eighty-one and 78-100 feet; southeasterly by the line of Belnel road as it now exists, thirty-two and 87-100 feet; easterly by the same by four measurements, four hundred seventy and 64-100 feet; three hundred thirty-three and 16-100 feet; one hundred twenty and 39-100 feet and one hundred nine and 92-100 feet; northerly again by the said line of Belnel road, seventy-three and 61-100 feet; northwesterly by the said line of Belnel road, four hundred eighty-seven feet; again northwesterly by the said line of Belnel road fifteen and 71-100 feet on a curve of 10-foot radius; easterly by Osceola street, sixty feet; southeasterly by the line of Belnel road, fifteen and 71-100 feet on curve of 10-foot radius; again southeasterly by the said line of Belnel road, four hundred eighty-seven feet; southerly by the said line of Belnel road, one hundred thirty-one and 28-100 feet; westerly by the said line of Belnel road, by four measurements, one hundred nine and 92-100 feet; one hundred forty-four and 47-100 feet; three hundred thirty-one and 49-100 feet; four hundred fifty-three and 3-100 feet and southwesterly by the said line of Belnel road, twenty-one and 97-100 feet.

The sewerage works to be constructed are as follows:

In Belnel road, 1,598 linear feet of D.S. 12-inch, 15-inch, 18-inch, 21-inch and 24-inch pipe surface drain, eight catch-basins and two drop-inlets.

No betterments are to be assessed for the making of the aforesaid improvement.

The Commissioner of Public Works is hereby designated to build the above sewerage works.

Ordered, That this Board determines that no person sustains damages in his estate by the taking of an easement for sewerage purposes in Belnel road, Coronado road, Friendship road and Hopewell road, Hyde Park district, under the order of the Board of February 15, 1940, and awards no damages therefor.

WIRE INSTALLATION PERMITS ISSUED FOR THE WEEK ENDING FEBRUARY 24.—Concluded.

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 32.

SATURDAY, MARCH 9, 1940.

No. 10

CITY HONORS MEMORY OF VICTIMS OF BOSTON MASSACRE -- ACTING MAYOR GALVIN PLACES WREATHS AT STATE STREET, GRANARY BURYING GROUND AND MONUMENT ON COMMON, WHERE, ALSO, HE DELIVERS ADDRESS PLEDGING ANEW DETERMINATION OF PEOPLE OF AMERICA TO DEFEND THIS LAND AGAINST ANY AND EVERY ENCROACHMENT OF DESPOTIC DOCTRINE THAT MIGHT BE ATTEMPTED BY ALIEN AND FOREIGN INFLUENCES SEEKING TO CRUSH THE INDIVIDUAL URGE TO FREEDOM, LIFE OR THE PURSUIT OF HAPPINESS.

The following is the address of Hon. William J. Galvin, Acting Mayor of Boston, on Tuesday, March 5, at the monument erected to the memory of the victims of the Boston Massacre on Boston Common.

We are met to show, again, our respect for the men of Boston who gave their lives 170 years ago tonight in a remarkable, a most extraordinary way.

The pages of history still preserve the very words of the cry that rang through the streets of the old town on that night.

The shout was raised: "Town-born, turn out! The Redcoats are going to kill us!" And from the soldiers came the threat: "Damn you, we will walk a lane through you all!"

Plainly, an hour of crisis had come. For seventeen months, two regiments of British regulars, sometimes four regiments, had been quartered in Boston, not in the barracks on Castle Island where they belonged, but next door to the people's homes, stores and offices.

The soldiers were here for a purpose odious to nearly all of our citizens. King George had sent his troops to over-awe our people by a show of force, to break their spirit, and induce them to accept a system of taxation which the Colonists considered grossly unjust.

Justice of Cause.

Under the leadership of Samuel Adams, the outraged citizens of Boston were determined that they would not be the first to use violence. They would not demand the high justice of their cause by asking, of their own volition, that the issue be tried out according to the law of the jungle. They had faith in Right above Might, and that faith they did not hold cheap.

If the controversy must fall to a lower plane, the Colonists of Massachusetts Bay insisted their adversaries should be the ones to drag the contest down, and place it on the level of a conflict of force against force, of brute against brute.

This example of self-restraint, of devotion to the spirit of law and order—given by the townspeople of Boston even while burdened, through seventeen long months, by a particular law which they considered cruelly unjust—was one of the most inspiring victories of a high and wise civil spirit that has ever occurred since time began.

But that achievement, in 1770, was bought at the price of a heavy strain on the nerves and the general welfare of our people. By the night of March 5 the time had come for new tactics to make that victory good. The festering wrong must be brought to a head!

How were the British officers to be shown how deadly serious the people were? Who would stand up and taunt the British troops so boldly that their conduct would prove them equally willing to face either the risk of musket fire or the actual death-dealing stroke of powder and ball?

Well, in Boston at that time many men were ready to face both the risk and its possible consequence. But there was none who stepped more bravely forth than Crispus Attucks, and with him Samuel Gray. They were leaders in the crowd's defiance to the Redcoats near the Old State House on the night of the massacre.

Attucks especially, more than six feet tall, embodied the courage of the Negro race noted for bravery, and possibly he stemmed also from the Indian race famous for fortitude, played the part of a leader. He had escaped from one condition of slavery and he did not propose to accept a new bondage!

Crispus Attucks knew that the people of Boston must stand up, independent, for their sense of right even if the stand cost his life. Other men in the cast, the young boys, knew as much on their own account. The Redcoats opened fire, and five lives were snuffed out.

Issue Drawn.

The die had been cast, the issue drawn. It is almost a miracle that general slaughter did not follow at once, with musket fire both by people and troops. But the quick, intelligent work of Lieutenant-Governor Hutchinson, with the help of patriot leaders, secured postponement of the final test until next day.

Then, how powerfully did the thunder of the town meeting's demand ring through the streets! "Both regiments or none!" All of the troops must immediately leave the town or the people would not yield.

This position they took, regardless of the odds they faced. Artillery had been so placed that a British command could have put cannon balls through the Townhouse. The civilian populace seemed no match for the regiments of King George, well trained and equipped, led by experienced officers. Yet the demand of the people prevailed. The right for which they stood was so mightily proclaimed that the group, intimidated at the end of those seventeen months, were not the men, women and children of Boston but the officers of the Crown and all their soldiery.

(Continued on page 211.)

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"
From Boston Centennial Poem by

NATHAN HASKEL DOLE.

MUNICIPAL CALENDAR.

Meeting of the City Council, Monday, March 11, at 2 p. m.

Meetings of the Transit Department are held on Monday and Thursday of each week at 11 a. m.

MUNICIPAL SERVICE.

Complaints, inquiries or suggestions regarding the work of municipal departments should be made in writing to the officials directly in charge. The failure of such official to make reply within a reasonable length of time should be brought to the attention of the Mayor. Communications should be directed as follows:

TO THE BOARD OF STREET COMMISSIONERS, Room 401, City Hall Annex, for information relative to the laying out, relocation, widening and the discontinuance of highways, the taking of real property for municipal purposes; the assessments of betterments for streets and sewers; the plotting of undeveloped area for streets and the opening of private ways; the granting of licenses for the storage or sale of merchandise in

public streets; the making of specific repairs in public streets; the naming of public streets; the planting and removal of trees in public ways; the issuing of licenses for the storage of gasoline, oil, and other inflammable substances or explosive compounds; the use of the public ways for any permanent or temporary obstruction or projection in, under or over the same, including the location of conduits, poles and posts for telephone, telegraph, street railway or illuminating purposes, signs, marquis, bay windows, coal holes and vaults.

TO THE BOSTON TRAFFIC COMMISSION, 134 North street, for information relative to regulation of vehicular street traffic on all or any streets, ways, highways, roads and parkways under the control of the City of Boston, the issuing of all permits in connection therewith.

TO THE COMMISSIONER OF PUBLIC WORKS, Room 511, City Hall Annex, for information as to the watering, cleaning, lighting and repairing of streets, the construction and care of sewers and catch-basins, the operation of the ferries, the maintenance of bridges and drawbridges and the removal of ashes and offal.

To Room 604, City Hall Annex, for information relative to the supplying or metering of water and the water charges of the city.

TO THE HEALTH DEPARTMENT, Room 1107, City Hall Annex, for information relative to the inspection of milk, vinegar, meat, fish and vegetables, the issuance of permits for stables slaughterhouses, etc., smoke nuisances, the existence of contagious diseases, of public health nuisances.

TO THE BOARD OF PARK COMMISSIONERS, 33 Beacon street, for information as to the care of the Common, Public Garden, Franklin Park, Franklin Field, Commonwealth avenue, Back Bay Fens, Marine Park, the Airport, and the small parks and playgrounds in general throughout the city, and as to the extermination of gypsy moths and the charges made for such service. Application may be made

to this department for information regarding the public baths and gymnasiums maintained by the city, and with regard to municipal indoor concerts and band concerts, also information relative to Mt. Hope, Evergreen, Fairview and other public cemeteries owned by the City of Boston.

TO THE SCHOOL COMMITTEE, 15 Beacon street, for information relative to the operation of the schools of the city.

TO THE DEPARTMENT OF SCHOOL BUILDINGS, 11 Beacon street, for information as to the construction and repair of school buildings.

TO THE BOARD OF EXAMINERS, Room 907, City Hall Annex, for information regarding the licensing of persons having charge or control of the work of construction, alteration, removal or tearing down buildings.

TO THE STATISTICS DEPARTMENT, 73 City Hall, for historical, geographical, political and population facts about Boston; the personnel and accomplishments of present and past municipal administrations; and such similar information as may be found concerning other American municipalities in its Municipal Officials' Reference Library.

ANNIVERSARY BOSTON MASSACRE.

(Continued from page 209.)

And so, 170 years ago, the Redcoats marched out of Boston. True, they later returned, but not for long. The morning light of another March 5—I speak of 1776—showed the flag of the patriots flying from Dorchester Heights, which General Washington had fortified during the night, and then it was only a matter of days before the British were forced to withdraw from Boston forever.

BONDAGE CAST OFF.

Is it any wonder that John Adams said of the Boston Massacre, in the words on this memorial bronze: "On that Night the Foundation of American Independence was laid"?

Those early Bostonians so mightily stood for their rights that the wrongful designs of a distant power came to naught. The foreign cause failed, even though supported by all the force of a country then the strongest military and naval station on earth.

Boston's bondage was cast off. America became free. That broken chain held in the right hand of the heroic figure now rising above me tells the whole story. Before the links of that chain were shattered, they formed a totality, an instrument of enslavement. And now there are states and leaders in Europe who cry anew the praises of dictatorial government. "Totalitarian," they call it.

Well, it is a "totality," sure enough. In some countries of the Old World today, you can be cast into prison for life for anything you have done, for anything you failed to do and for anything you have not done.

We want no such totality here. We want no such refettering of the rights of man long since set free, no such denial of the justice due to each individual, who should be protected, not crushed, by the State.

Five brave men died in the Boston Massacre, but from their deaths Liberty sprang to life. We honor the names of those men and the sacrifices which they made. We pledge ourselves anew to defend, against every encroachment of despotic doctrine, the American principle of the equality of all men before the law, regardless of race, regardless of creed, and without limitation by any accident of birth whatsoever.

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of the city employees have been made during the week ending Thursday, March 7:

HOSPITAL DEPARTMENT.

The following special nurses have been employed at \$4.50 a day:

Eva Aisenberg, 1 day; Helen Anderson, Dora Barretto, 3 days; Ann Barry, Leona Bertrand, 2 days; Sara Bowers, ½ day; Gladys Brown, 4 days; Katherine Connolly, 2 days; Catherine Cunningham, 1 day; Alice Daugherty, 6½ days; Mary Doherty, 7 days; Julia Driscoll, Mary Dyas, Leocadia Gaidulis, Gladys Goulet, Helen Grimley, 1 day; Lillian Hahn, 2 days; Frances Harris, 1½ days; Elizabeth Healey, Etta Liberty, 1 day; Mary B. McAuley, Eleanor McCarthy, 5 days; Mary McSweeney, 1 day; Alma Nobile, 6 days; Ina Nulty, 1 day; Helen Paul, 7 days; Winfield Piper, 3 days; Harry Plenty, 1 day; Mildred

Pratt, 2 days; Frances Slanger, 2½ days; Verna Snow, Doris Sutherland, 7 days; Alice Travers, 1 day; Catherine Trombley, 5 days; Mary Turner, 4 days; Rose Walker, 2½ days; Florence Wenham, Mildred Wilkins, 2 days; Mary H. Doyle, Emma Errara, Elizabeth Diamond, Daphne Parks, 1 day.

The following special nurses have been employed at \$4.50 a day:

Stacia Andrews, Gladys Brown, 1 day; Louise Burns, Loretta DuBois, 2 days; Ruth Davis, 1 day; Elizabeth Diamond, 3 days; Jayne Dignan, 1 day; Mary Doherty, 7 days; Ann Ferriara, 2 days; Leocadia Gaidulis, 1 day; Flora Hamilton, Ethel Lobacz, 2 days; Mary B. McAuley, 4 days; Evelyn Mason, Ann Morasky, 1 day; Alma Nobile, 7 days; Jayne O'Neil, 1 day; Daphne Parks, 2 days; Helen Paul, 7 days; Catherine Pennington, Winfield Piper, Harry Plenty, Mildred Pratt, 2 days; Agnes Randall, 3 days; Rachael St. Pierre, Frances Slanger, 1 day; Verna Snow, Doris Sutherland, 5 days; Ethel Tracey, 3 days; Alice Travers, 3½ days; Mary Turner, 6 days; Mildred Wilkins, 1 day; Margaret Keegan, 1½ days.

OVERSEERS OF THE PUBLIC WELFARE.

Approval has been given for the continued provisional temporary employment of the following persons as junior social workers, for a period of one month from February 23, at \$1,000 a year:

Annette Ames, Eleanor L. Barry, Marguerite Daly, Margaret E. Doherty, Katharine Kilroy, Ida F. Kramer, Marion Leonard, Lucille Lynch, Helen Mooney, Frank J. Duret, Jr., Vincent R. Esposito, Francis X. Lyons, Joseph W. McGarry, Joseph J. O'Brien, Richard J. Sullivan, Bartholomew A. Trent.

PUBLIC WORKS DEPARTMENT.

Approval has been given for the employment of twenty-four emergency chauffeurs on snow removal at 75 cents an hour, for from ¼ of a day to 2½ days, from February 17. These men operated heavy-duty snowplows loaned to us by the State Department of Public Works, with the understanding that we would pay the wages of the operators.

The Mayor has approved the following appointments:

ASSESSING DEPARTMENT.

Eugene F. Goud, temporary street clerk, \$4 a day.

INSTITUTIONS DEPARTMENT.

Helen A. Murphy, staff nurse, temporary, \$960 a year and maintenance at Long Island Hospital.

Arthur E. Flynn, watchman, \$600 a year and maintenance at Long Island.

OVERSEERS OF THE PUBLIC WELFARE.

Evelyn F. Andrews, temporary clerk-typist, \$900 a year.

Irene Augustas, temporary clerk-typist, \$900 a year.

Marie A. Barry, temporary clerk-typist, \$900 a year.

Mary J. Barry, temporary clerk-typist, \$900 a year.

Marion E. Beedle, temporary clerk-typist, \$900 a year.

Barbara C. Coyne, temporary clerk-typist, \$900 a year.

Constance E. Doucet, temporary clerk-typist, \$900 a year.

Veronica Haley, temporary clerk-typist, \$900 a year.

Madeline A. Kramer, temporary clerk-typist, \$900 a year.

Evelyn Lief, temporary clerk-typist, \$900 a year.

Alice Liner, temporary clerk-typist, \$900 a year.

Josephine C. Lorina, temporary clerk-typist, \$900 a year.

Agnes E. Moran, temporary clerk-typist, \$900 a year.

Lillian O'Brien, temporary clerk-typist, \$900 a year.

Helen C. Ring, temporary clerk-typist, \$900 a year.

Rebecca Rosenthal, temporary clerk-typist, \$900 a year.

Anna L. Baronie, permanent intermittent junior social worker, \$1,300 a year.

Beatrice L. Kinnear, permanent intermittent junior social worker, \$1,300 a year.

Sylvia M. Pupkin, permanent intermittent junior social worker, \$1,300 a year.

Harriet A. Beardsley, permanent intermittent junior social worker, \$1,300 a year.

Anne Whelan, permanent intermittent junior social worker, \$1,300 a year.

Margaret H. Sullivan, permanent intermittent junior social worker, \$1,300 a year.

Celia Covenor, permanent intermittent junior social worker, \$1,300 a year.

Ruth S. Gennis, permanent intermittent junior social worker, \$1,300 a year.

Grace S. Cassidy, permanent intermittent junior social worker, \$1,300 a year.

Mary O'Keefe, permanent intermittent junior social worker, \$1,300 a year.

Margaret N. Doyle, permanent intermittent junior social worker, \$1,300 a year.

Ruth R. Gilman, permanent intermittent junior social worker, \$1,300 a year.

Anna J. Cunningham, permanent intermittent junior social worker, \$1,300 a year.

Helen E. Fadden, permanent intermittent junior social worker, \$1,300 a year.

Mary E. Dillon, permanent intermittent junior social worker, \$1,300 a year.

Martha A. Grinnell, permanent intermittent junior social worker, \$1,300 a year.

Dorothy C. McGowan, permanent intermittent junior social worker, \$1,300 a year.

Grace S. Hogan, permanent intermittent junior social worker, \$1,300 a year.

Mary V. Silsbee, permanent intermittent junior social worker, \$1,300 a year.

Kathleen M. Reilly, permanent intermittent junior social worker, \$1,300 a year.

Honora M. O'Neil, permanent intermittent junior social worker, \$1,300 a year.

Edith Mezikofsky, permanent intermittent junior social worker, \$1,300 a year.

Mary O. Greene, permanent intermittent junior social worker, \$1,300 a year.

Elizabeth M. O'Leary, permanent intermittent junior social worker, \$1,300 a year.

Idah C. Salzman, permanent intermittent junior social worker, \$1,300 a year.

Marie V. Crowley, permanent intermittent junior social worker, \$1,300 a year.

Helen A. Curley, permanent intermittent junior social worker, \$1,300 a year.

M. Goldeth Myers, permanent intermittent junior social worker, \$1,300 a year.

Mary C. McManus, permanent intermittent junior social worker, \$1,300 a year.

Mary Murphy, permanent intermittent junior social worker, \$1,300 a year.

Mary E. Murphy, aid and settlement agent, \$1,000 a year.

Catherine A. Kelly, aid and settlement agent, \$1,000 a year.

Eleanor A. Shea, aid and settlement agent, \$1,000 a year.

Mary E. Ambrose, aid and settlement agent, \$1,000 a year.

Helen M. Healey, aid and settlement agent, \$1,000 a year.

William A. Kelly, aid and settlement agent, \$1,000 a year.

Elizabeth Finn, aid and settlement agent, \$1,000 a year.

Doris M. Connaughton, aid and settlement agent, \$1,000 a year.

Anna T. McNeerney, aid and settlement agent, \$1,000 a year.

Louise C. Parisi, aid and settlement agent, \$1,000 a year.

Gertrude F. Anderson, aid and settlement agent, \$1,000 a year.

William E. Stock, aid and settlement agent, \$1,000 a year.

Francis J. Anglin, aid and settlement agent, \$1,000 a year.

Emily M. Collins, aid and settlement agent, \$1,000 a year.

Estelle Malaguti, aid and settlement agent, \$1,000 a year.

Walter Weir, Jr., aid and settlement agent, \$1,000 a year.

Frederick W. Paylor, aid and settlement agent, \$1,000 a year.

Harold W. Costello, aid and settlement agent, \$1,000 a year.

Francis W. Curran, aid and settlement agent, \$1,000 a year.

John M. Sheehan, aid and settlement agent, \$1,000 a year.

Edna B. Smith, aid and settlement agent, \$1,000 a year.

Nathan Learner, aid and settlement agent, \$1,000 a year.

John F. Wilson, aid and settlement agent, \$1,000 a year.

Richard J. Minihan, aid and settlement agent, \$1,000 a year.

Henry S. Ryan, aid and settlement agent, \$1,000 a year.

James T. Fleming, aid and settlement agent, \$1,000 a year.

Rosemary V. King, aid and settlement agent, \$1,000 a year.

Robert J. Murphy, aid and settlement agent, \$1,000 a year.

Julius Rommell, aid and settlement agent, \$1,000 a year.

Vincent J. Shanley, aid and settlement agent, \$1,000 a year.

Herbert T. Cannon, aid and settlement agent, \$1,000 a year.

May Spiegel, aid and settlement agent, \$1,000 a year.

Francis H. Mulkerron, aid and settlement agent, \$1,000 a year.

Lester B. Sheehan, aid and settlement agent, \$1,000 a year.

Matthew Moriarty, aid and settlement agent, \$1,000 a year.

Samuel Segal, aid and settlement agent, \$1,000 a year.

Charles F. West, aid and settlement agent, \$1,000 a year.

John G. Cullen, aid and settlement agent, \$1,000 a year.

Nathan Foster, aid and settlement agent, \$1,000 a year.

Edward Reil, aid and settlement agent, \$1,000 a year.

Albert J. Courtney, aid and settlement agent, \$1,000 a year.

Leland T. Dimond, aid and settlement agent, \$1,000 a year.

George J. Ryan, aid and settlement agent, \$1,000 a year.

Evelyn H. Shenfield, aid and settlement agent, \$1,000 a year.

Regina Shine, aid and settlement agent, \$1,000 a year.

Daniel O. Steele, aid and settlement agent, \$1,000 a year.

Alice Ericson, aid and settlement agent, \$1,000 a year.

Margaret M. Conroy, aid and settlement agent, \$1,000 a year.

Muriel Doran, aid and settlement agent, \$1,000 a year.

Delores A. O'Connor, aid and settlement agent, \$1,000 a year.

Marilyn Cobrain, aid and settlement agent, \$1,000 a year.

Ruth R. Peterkofsky, aid and settlement agent, \$1,000 a year.

Dorothea S. Pedersen, aid and settlement agent, \$1,000 a year.

Walter H. Roat, aid and settlement agent, \$1,000 a year.

OVERTIME ALLOWED.

The heads of the various departments whose employees have received payment for overtime state in connection therewith that if any laborer has been allowed to work more than eight hours per day it has been only in case of emergency under the law.

Park Department.

For the week ending Tuesday, February 27:

Anthony Angelosanto, John J. Banks, golf course workers, 1 day, \$5 each; Joseph F. Bradley, laborer, 9½ days, \$52.25; Louis A. Bird, garage floorman, 13 days, \$78; John Brennan, gardener-laborer, 2 days, \$10; Patrick J. Burke, gardener, 2 days, \$11; James Brennan, laundryman, 1 day, \$5; Frederick V. Brown, gardener, 2 days, \$11; John F. Barry, gardener-laborer, 2 days, \$11; Patrick Brennan, gardener-laborer, 2 days, \$10; Willard E. Barnett, electrician-operator, 2 days, \$12; Patrick J. Burns, gardener-laborer, 1 day, \$5; James D. Carroll, Patrick M. Connington, gardener-laborers, 10½ days, \$51.88 each; John J. Connelly, gardener-laborer, 9½ days, \$49.38; Bernard J. Casey, gardener-laborer, 9½ days, \$52.25; Neal P. Carney, tractorman, 13 days, \$71.50; William E. Collins, battery and ignition man, 11 days, \$66; Louis F. Corbett, scytheman, 10 days, \$50; Thomas Clarke, gardener-laborer, 9 days, \$45; Thomas J. Costello, gardener, 10 days, \$55; John F. Coyne, Michael Crowley, golf course workers, 1 day, \$5 each; James J. Coughlin, gardener, 2 days, \$11; Albert Caggiano, Edward A. Cummings, gardener-laborers, 2 days, \$10 each; Joseph H. Collins, gardener, 1 day, \$5.50; George E. Coffin, acro mechanic, 12½ days,

\$61.88; James J. Connolly, John J. Connolly, 3d, gardener-laborers, 2 days, \$10; each; William Cullinan, laborer, 2 days, \$10; Michael Connolly, scytheman, 1 day, \$5; Martin J. Connolly, Patrick J. Coggins, gardener-laborers, 1 day, \$5 each; John Carley, gardener, 1 day, \$5.50; John J. Connolly, parkkeeper, 1 day, \$5.50; James T. Doherty, truck chauffeur, 10½ days, \$57.06; Elmer A. Delano, teamster, 6½ days, \$32.50; William F. Donahue, gasoline engine operator, 9 days, \$54; Edward J. Duggan, gardener-laborer, 5 days, \$25; John Dunning, auto washer, 3 days, \$15; Jeremiah Donovan, scytheman, 7 days, \$35; John Dillon, gardener-laborer, 2 days, \$10; Augustus P. Devaney, gardener-laborer, 1 day, \$5; Thomas Dooley, gardener, 2 days, \$11; Patrick J. Doherty, laborer, 1 day, \$5; Harris W. Dauphinee, acro mechanic, 5½ days, \$29.38; John Elliott, gardener-laborer, 7 days, \$35; Laurence Fitzgerald, John Flynn, Michael F. Fay, gardener-laborers, 2 days, \$10 each; John Fitzpatrick, Joseph G. Ferullo, teamsters, 1 day, \$5 each; Martin F. Fahey, gardener-laborer, 2 days, \$10; Raymond Farrell, tree climber, 2 days, \$10; Andrew F. Foley, laborer, 1 day, \$5; Laurence Fallon, gardener-laborer, 1 day, \$5; Frederick L. Folan, laborer, 2 days, \$11; John Flahive, gardener-laborer, 2 days, \$10; Michael Farrell, tree climber, 10 days, \$55; John P. Gettings, gardener-laborer, 12 days, \$60; John W. Goode, gardener-laborer, 9½ days, \$47.50; Russell L. Grant, John Gehm, laborers, 2 days, \$10 each; Charles F. Guiney, laborer, 10 days, \$50; William P. Graham, truck chauffeur, 11½ days, \$63.25; Dominick Guierriro, tractor operator, 4½ days, \$23.75; Charles A. Glenn, gardener-laborer, 2 days, \$10; Patrick J. Goode, Daniel Grant, gardener-laborers, 1 day, \$5 each; John Griffin, gardener, 1 day, \$5; James Gaffey, laborer, 1 day, \$5; Patrick J. Hurley, scytheman, 2 days, \$10; John F. Hurley, gardener-laborer, 2 days, \$10; Clyde B. Harvey, electrician-operator, 4 days, \$24; Harold R. Holm, traffic signal operator, 5½ days, \$25.63; George A. Hughes, laborer, 2 days, \$10; John A. Hammond, gardener, 1 day, \$6; Henry L. Higgins, gardener-laborer, 11½ days, \$57.50; Joseph T. Harrington, laborer, 6 days, \$30; John Hanscome, tree climber, 10 days, \$50; Barnabas Jennings, gardener-laborer, 1 day, \$2.06; Jeffrey J. Keating, electrician-operator, 2½ days, \$13.50; John Keeley, Thomas J. Kelley, gardener-laborers, 2 days, \$10 each; Edward J. Keane, scytheman, 1 day, \$5; Patrick J. Kelley, laborer, 1 day, \$5; Michael Lynch, chauffeur, 10½ days, \$57.06; Albert Libby, chauffeur, 2 days, \$10.50; Patrick Lavin, gardener-laborer, 1 day, \$5; Michael F. Lynch, parkkeeper, 2 days, \$11; Luigi Lanzillo, tree climber, 2 days, \$10; Patrick Leonard, gardener, 1 day, \$5.50; Henry P. McCoy, gardener, 9 days, \$49.50; Patrick J. McCaffrey, tree climber, 1 day, \$5; Thomas E. McNulty, laborer, 2 days, \$10; John McDevitt, gardener-laborer, 2 days, \$10; Coleman McDonough, James McLaughlin, Michael J. McKenna, gardener-laborers, 1 day, \$5 each; John F. McCarty, gardener-laborer, 10 days, \$50; Hubord McKiernan, gardener-laborer, 10½ days, \$51.88; Patrick J. McDermott, machinist, 9 days, \$54; Peter J. McGuire, scytheman, 1 day, \$5; Daniel J. McCarthy, blacksmith, 10 days, \$60; Herbert A. Mathis, laborer, 9 days,

BUILDING PERMITS ISSUED FOR THE WEEK ENDING MARCH 6.

\$49.50; Patrick F. Mulvey, gardener-laborer, 3 days, \$15; John D. Murphy, gardener-laborer, 2 days, \$10; James J. Murphy, gardener, 2 days, \$11; John Matchett, laborer, 1 day, \$5; Michael J. Mullane, gardener-laborer, 7 days, \$35; James Mullen, golf course worker, 1 day, \$5; Martin Mannion, gardener-laborer, 11½ days, \$57.50; Francis N. Maxwell, gardener, 8 days, \$40; Thomas F. Mullens, machinist, 8 days, \$48; Arthur Mayo, chauffeur, 1 day, \$5; William Mullen, chauffeur, 4 days, \$21; James Maney, chauffeur, 9 days, \$45; William P. Murray, chauffeur, 10½ days, \$52.50; Felix Marchesi, chauffeur, 1 day, \$5.25; Louis Miano, Generoso Matarrazzo, laborers, 2 days, \$10 each; Raffaele Mirra, William Murphy, golf course workers, 1 day, \$5 each; John Murino, temporary laborer, 7½ days, \$36.88; James G. Norton, laborer, 2 days, \$10; John Newton, temporary laborer, 1 day, \$5; John P. Nagle, chauffeur, 9½ days, \$49.88; Thomas H. Nicholson, scytheman, 6½ days, \$35.75; Tony Nusidelli, laborer, 5½ days, \$26.88; Hugh F. O'Brien, tractorman, 12 days, \$66; Edward B. O'Connor, gardener-laborer, 2 days, \$10; Thomas F. O'Malley, gardener-laborer, 1 day, \$5; John Prior, gardener-laborer, 2 days, \$10; Albert W. Page, gardener-laborer, 1 day, \$5.50; Joseph Paterson, moth destroyer, 1 day, \$5; Nicolo Pace, tractor operator, 9½ days, \$47.50; James J. Roche, teamster, 2 days, \$10; Charles Richards, carpenter, 6 days, \$36; Paul R. Rouiliard, emergency electrician, 13½ days, \$81.75; Eugene Sweeney, gardener-laborer, 2 days, \$10; James Sullivan, gardener-laborer, 6½ days, \$32.50; John Sheridan, Patrick J. Scully, gardener-laborers, 1 day, \$5 each; Harry P. Sheehan, chauffeur, 11½ days, \$57.50; Arthur P. Sullivan, golf course worker, 8½ days, \$41.25; Walter E. Shaughnessy, teamster, 9½ days, \$47.50; Thomas Sullivan, gardener-laborer, 4 days, \$24; George H. Sullivan, machinist, 9½ days, \$52.25; Cornelius J. Sullivan, blacksmith, 8 days, \$48; John I. Toland, laborer, 1 day, \$5; Francis J. Turner, Harry Turner, gardener-laborers, 2 days, \$10 each; Michael F. Tighe, scytheman, 3 days, \$15; Walter F. Varley, gasoline engine operator, 2 days, \$11; Charles J. Woods, tree climber, 1 day, \$5; Thomas J. Wall, chauffeur, 10½ days, \$51.88; David C. Walsh, teamster, 4 days, \$20; Daniel Walraven, gardener, 10 days, \$55; Martin F. Walsh, gardener, 10½ days, \$63. Park total, \$3,749.86.

Park Department (Cemetery Division).

For the week ending Tuesday, February 27:

Arthur Brogren, golf course worker, 3½ days, \$18.75; Thomas F. Connell, laborer, 4½ days, \$23.13; Patrick Caulfield, laborer, 1½ days, \$6.25; Dennis E. Diggins, laborer, 1 day, \$5; Patrick King, laborer, 1½ days, \$6.25; Louis Kimpinsky, laborer, 2½ days, \$11.25; Hugh McDonough, monument repairer, 3½ days, \$21.31; William Peterson, laborer, 3½ days, \$18.75; Peter Sullivan, laborer, 1 day, \$5; Fred Scanlan, laborer, 1 day, \$5.25. Cemetery total, \$120.94.

Total, \$3,870.80.

Park Department (East Boston Airport).

SCHOOL COMMITTEE.

The School Committee has approved proposals for furnishing milk, cream and ice cream for Boston public school cafeterias. Bids, opened Monday, November 27, were received from the following concerns:

Borden Company, John J. Corkery, Deerfoot Farms Company, William B. Driscoll & Co., General Ice Cream Corporation, H. P. Hood & Sons, Incorporated, Shawsheen Dairy, Incorporated, United Farmers' Co-operative Creamery Association, Incorporated, White Brothers Milk Company, Incorporated, Whiting Milk Company.

Awards were made to the lowest responsible bidders and contracts executed as follows:

Patrick F. Gavin Cafeteria, February 27, 1940, Deerfoot Farms Company, milk and cream, \$773.10.

Jeremiah E. Burke Cafeteria and Patrick T. Campbell Cafeteria, January 2, 1940, H. P. Hood & Sons, Incorporated, milk and cream, \$3,076.38.

Roslindale High and Annex Cafeterias and James P. Timilty Cafeteria, December 28, 1939, Whiting Milk Company, milk and cream, \$2,885.75.

All cafeterias, January 2, 1940, H. P. Hood & Sons, Incorporated, ice cream, \$8,490.

WITHOUT ADVERTISING.

On January 26 the Mayor approved the following request from the Public Works Department:

Boston, January 17, 1940.

To His Honor the Mayor.

In connection with the work of snow removal by the Public Works Department following the storm of December 30, 1939, it was necessary to obtain certain equipment from outside firms and individuals to assist the department. We were obliged to hire snow loaders, sand spreaders and trucks for plowing and removing snow. The bills of John Deveney & Co. will exceed \$1,000.

Authority is respectfully requested to pay the bills incurred on the emergency snow removal without the issuing of service orders.

Authority is also respectfully requested for the payment of the John Deveney & Co. bills which will exceed \$1,000.

Respectfully,

GEORGE G. HYLAND,
Commissioner of Public Works.

TRAFFIC COMMISSION RULING.

Voted, That as urgently required by considerations of public safety and convenience, during the period of sewerage construction, estimated to be sixty (60) days, vehicles are excluded from the following street, effective March 1, 1940:

Hillock Street, West Roxbury.

From Beryl street to Orange street.

MASSACHUSETTS CIVIL SERVICE EXAMINATIONS.

INLAND MATE (INTERMITTENT), BOSTON INSTITUTIONS DEPARTMENT, APRIL 13, 1940.

Last date for filing applications, Saturday, March 30, 1940, at 12 noon.

Salary: \$2,000 a year.

Duties: To assign passengers to the space they may occupy on board the vessel. To direct and advise the passengers in case of any emergency. To enforce proper conduct among passengers and crew. To direct the activities of the deck crew. To inspect the labels of any packages, freight, or other cargo to see whether it can be legally transported, and supervise the stowage of same. To take charge of life preservers. To launch and handle life boats. To handle and operate fire apparatus. To perform related duties assigned by the captain.

Entrance Requirements: Applicants must possess a life boat certificate, and an inland mate's license for vessels of two hundred tons or over for or including the waters of Boston Harbor.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

NOTE.—Information concerning the results of this examination will not be available until at least sixty days after the examination has been held.

If the eligible list is established in the meantime, all applicants will be notified.

MEDICAL SOCIAL WORKER, BOSTON CITY HOSPITAL, APRIL 27, 1940.

Last date for filing applications, Saturday, April 13, 1940, at 12 noon.

This examination is open to both males and females.

Salary: \$1,200 a year.

Duties: To accurately determine the social eligibility of patients for admission to the Out-Patient Department, and to the wards of the Boston City Hospital. To assist in the transfer of chronic cases to other institutions for extended treatment. To interview applicants for admission. To evaluate the data obtained. To arrange a plan for the patient, *i. e.*, admission, future appointment, or reference elsewhere.

Entrance Requirement: Applicants must have one year's medical social case work in a hospital.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

NOTE.—Information concerning the results of this examination will not be available until at least sixty days after the examination has been held.

If the eligible list is established in the meantime, all applicants will be notified.

MALE ASSISTANT PHARMACIST, BOSTON CITY HOSPITAL, APRIL 27, 1940.

Physical fitness to be determined by physical examination.

NOTE.—Information concerning the results of this examination will not be available until at least sixty days after the examination has been held.

If the eligible list is established in the meantime, all applicants will be notified.

POLICE DEPARTMENT ORDERS.

General Order No. 452.

A trial board consisting of Captains McKinnon, Tiernan and Egan, having heard by reference a complaint against Patrolman Charles R. Scofield of Division 7, charging him with conduct unbecoming an officer, has reported to the commissioner a finding of guilty as charged. In accordance with which the said Patrolman Charles R. Scofield was on February 23, 1940, at 5.45 o'clock p. m., dismissed from the Police Department.

Due written notice of such dismissal with the reasons therefor was duly and specifically given in hand on February 23, 1940, to the said Charles R. Scofield.

The Superintendent of Police will promulgate this order.

JOSEPH F. TIMILTY,
Police Commissioner.

CORRECTION.

In the compilation of Number of Officials and Employees, compiled by the Auditing Department, published in the *City Record* of March 2, 1940, the number listed against the Park Department on January 1, 1940, is shown as 637. This number should read 567, or 70 less than listed. This correction will make the total of City Employees read 19,727 and the grand total 20,855.

CHARLES J. FOX,
City Auditor.

SNOW REMOVAL EMERGENCY DECLARED.

In order to give Boston citizens relief from the effects of the Valentine Day snowstorm, Mayor Tobin, on February 16, issued the following declaration:

BOSTON, February 16, 1940.

GEORGE G. HYLAND, *Esquire*,
Commissioner of Public Works.

DEAR MR. HYLAND,—I, Maurice J. Tobin, Mayor of the City of Boston, do declare that in my opinion the present snowstorm and blizzard constitutes an extreme emergency involving the health and safety of the people and their property and requires immediate action to effect the prompt removal of snow in the City of Boston.

The facts constituting the emergency are that the excessive fall of snow has made many of the streets impassable for fire apparatus and for the passage of other vehicles engaged in the delivery of foodstuffs and medicine and other articles essential for the daily use of the citizens and therefore delay in the removal of snow resulting from this snowstorm and blizzard will constitute a fire hazard and will effect hardship to the citizens.

Accordingly, you are instructed to take such steps in the employment of labor and equipment as are essential in your opinion to effect the prompt removal of snow in the City of Boston to meet this extreme emergency.

Very truly yours,

MAURICE J. TOBIN, *Mayor.*

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING CLOTH FOR CITY DEPARTMENTS (INCLUDING TOWELING FOR PARK DEPARTMENT).

The Supply Department of the City of Boston invites proposals for furnishing cloth for city departments (including towelings for Park Department), as per specifications contained in proposals which may be obtained at the office of the Supply Department, Room 1001, City Hall Annex. The bidder must leave his proposal with a certified check for \$200, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. ENVELOPES CONTAINING BIDS TO BE SEALED AND PLAINLY MARKED "PROPOSAL FOR CLOTH, ETC." There will be a charge of twenty-five cents (\$0.25) for each blank proposal taken out. The bids will be publicly opened and read Monday, March 18, 1940, at 12 m., at Room 1001, City Hall Annex. The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

JOHN A. BREEN,
Superintendent of Supplies.
(March 9.)
